# FUTURE OUTLOOK

# FUTURE OUTLOOK

- The economy of Pakistan has already been facing tough challenges of current account deficit, surging inflation, political instability, high international fuel and commodity prices and increasing trade deficit etc. Moreover, severe damages are underway due to unprecedented floods. It is expected that the financial year 2023 would be a tough year due to the magnitude of economic and other challenges;
- The management is putting its efforts to explore new areas of potential. In this regard, appliances business segments have much potential. So, the focus of the management is to improve/expand appliances business segment.
