DIRECTORS' REVIEW REPORT

The Board of Directors of Worldcall Telecom Limited ("Worldcall" or the "Company") is pleased to present its review report along with condensed interim standalone and consolidated financial information for the half year ended June 30, 2022.

Economic Overview

With all the changes happening here and there in sociopolitical hemisphere, hoping that economy remains unhinged seems a far cry and dangerously unrealistic. With Ishaq Dar, PML-Ns main man back as the economic premier, stable economic/ fiscal policies are anticipated to be silver lining to the clouds. Although my statements seem siding with the power and favoring those on helm over the others, but let it be clarified; not to be the case. It is advocated based on the pattern proven to be principally successful in this part of the hemisphere i.e. consistency of individuals at the top tier and subsequently consistency in devising, implementing and ensuring persistent adherence to policy/ (ies) including but not limited to sociopolitical and economic/ fiscal ones. Over the evolution of mankind from lawlessness to colonization to urban development led by laying out rules and policies, consistency in policies and coherence of thinking has only been evident/ ensured through like-minded individuals succeeding predecessors; an augmented version of consistency; it may be called. Thus drawing precedence from fiction merged into facts stated herein; this change in command restoring the former finance premier back to where he most likely belongs may turn around economic fortunes of the nation; contrary to common belief amongst the masses.

Financial Overview

Standalone Financial Statements

Summary of financial results for the half year ended June 30, 2022 are as follows:

Particulars	Half Year June 30, 2022	Half Year June 30, 2021
	Rs. in million	
Revenue - net	1,039	1,320
Direct Cost (excluding depreciation and Amortization)	(693)	(976)
Other Income	(83)	178
EBITDA	36	318
Depreciation and Amortization	(547)	(566)
Finance Cost	(186)	(152)
Profit/(Loss) after tax	(703)	(424)

During the period under review, the Company closed its financial results reporting Rs 703 million approx. loss after tax. The company's revenue from its core segments and streams under development has sustained in comparison to the corresponding figure. Bare line item analysis of selective P&L suggests that other income has had negative impact this time around when compared with the corresponding period last year. Marginal increase in finance cost is attributable to systematic periodic increase in KIBOR and is an industry/ national norm. Overall changes in technological realm of the globe with radical transformations making it insurmountable for IT/ Communication enterprises to stay afloat and keep abreast may primarily be held accountable for figurative elaboration pasted but again it is aligned with industry specifically and nation generally. But working capital is generated like clockwork and investments in lucrative promising ideas/ potentially viable startups paints an altogether varying picture altogether, wherein upwards parabolic development curve of the group is a sight to behold.

Consolidated Financial Statements

Condensed interim consolidated financial statements comprise the financial results of WorldCall Telecom Limited (Parent Company) consolidated with Route 1 Digital (Private) Limited (Subsidiary Company). Route 1 Digital is a private limited Company incorporated in Pakistan on December 21, 2016 under the repealed Companies Ordinance, 1984 (now the Companies Act, 2017). ڈائریکٹرز کی جائزہ رپورٹ

ورلڈکال ٹیلی کام لمیٹڈ کے بورڈ آف ڈائریکٹرز ("ورلڈکال" یا" کمپنی") کو 30 جون 2022 کو ختم ہونے والے نصف سال کے لیے اپنی جائزہ رپورٹ کے ساتھ عبوری اور مستحکم مالی بیانات کی معلومات پیش کرنے پر خوش ہیں۔

معاشی جائزہ

موجودہ حال میں سیاسی صورتِ حال کے پیشِ نظر معیشت بلاشبعہ بہت خطرناک حدتک غیر یقینی معاشی بحران سے دوچار ہے۔ پی ایم ایل۔این کے اہم رُکن اسحاق ڈار کی واپسی سے، مستحکم اقتصادی/ مالیاتی پالیسیوں میں استحکام کی توقع کی جارہی ہے۔گو کہ بیانات کا ساتھ دینے والے اور دوسروں پر حکمرانی کرنے والوں کی حمایت کرتے نظر آتے ہیں، لیکن یہ بات واضح ہے کہ اس سلسلے میں بنیادی طور پر کامیاب ثابت ہونے کی بنیاد پر اس کی وکالت کی جاتی ہے۔اعلی درجے کے افراد کی مستقل مزاجی اور اس کے نتیجے میں پالیسی کی مستقل پابندی کو یقینی بنانے، نافذ کرنے اور یقینی بنانے میں مستقل مزاجی بشمول سماجی سیاسی اور ان تک محدود نہیں رہتی۔ بنی نوع انسان کے ارتقاء میں لاقانونیت سے نوآبادیات تک شہری ترقی تک جس کی قیادت قواعد وضوابط اور پالیسیاں ترتیب دے کر کی گئی، پالیسیوں میں مستقل مزاجی اور سوچ کی ہم آہنگی صرف ہم خیال افراد کے ذریعے ہی یقینی ہوئی ہے۔عوامی رائے کے برخلاف کمانڈ میں اس تبدیلی سے سابق وزیرخزانہ کو واپس اس جگہ پر بحال کرنے کا امکان ہے۔جس سے ملک کی قسمت بدل سکتی ہے۔

مالیاتی جائزہ - اسٹینڈ اکیلے مالی بیانات

30 جون 2022 کو ختم ہونے والے ششماہی کے مالی نتائج کا خلاصہ حسب ذیل ہے:

زیر جائزہ مدت کے دوران، کمپنی نے تقریباً 703 ملین روپے کی اطلاع دیتے ہوئے اپنے مالیاتی نتائج کو بند کیا۔ٹیکس کے بعد نقصان کمپنی کی آمدنی اس کے بنیادی حصوں اور ترقی کے تحت جاری اسٹریمز سے متعلقہ اعداد وشمار کے مقابلے میں برقرار ہے۔سلیکٹیو پی اینڈ ایل کا بیئر لائن آئٹم تجزیہ بتاتا ہے کہ گزشتہ سال کی اسی مدت کے مقابلے میں اس بار دیگر آمدنی پر منفی اثر پڑا ہے۔ مالیاتی لاگت میں معمولی اضافہ KIBOR میں متواتر اضافے سے منسوب ہے اور یہ ایک صنعت/قومی معمول ہے۔ دنیا کے تکنیکی دائرے میں بنیادی تبدیلیوں کے ساتھ مجموعی طور پر تبدیلیاں آئی ٹی/کمیونیکیشن انٹرپرائزز کے لیے ناقابل تسخیر بناتی ہیں کہ وہ چلتے رہیں اور برابر رہیں۔لیکن ورکنگ کیپٹل گھڑی کے کام کی طرح پیدا ہوتا ہے اور منافع بخش امید افزا آئیڈیاز/ممکنہ طور پر قابل عمل اسٹارٹ اپس میں سرمایہ کاری ایک مکمل طور پر مختلف تصویر پیش کرتی ہے، جس میں گروپ کا اوپر کی طرف پیرابولک ڈیولپمنٹ دیکھنے کوملتا ہے۔

مجموعی مالیاتی بیانات

مجموعی مستحکم مالی بیانات روٹ 1 ڈیجیٹل (پرائیویٹ) لمیٹڈ (سبسیڈری کمپنی) کے ساتھ مل کر ورلڈکال ٹیلی کام لمیٹڈ (پیرنٹ کمپنی) کے مالی نتائج پر مشتمل ہیں۔ روٹ 1 ڈیجیٹل ایک پرائیویٹ لمیٹڈ کمپنی ہے جسے پاکستان میں 21 دسمبر 2016 کو منسوخ شدہ کمپنیز آرڈیننس، 1984 (اب کمپنیز ایکٹ، 2017) کے تحت شامل کیا گیا تھا۔ بنیادی کاروبار تمام ٹرانسپورٹ خدمات کا کاروبار کرنا، موٹر گاڑیوں کی نقل وحمل کو کسی دوسرے یا دوسرے کے ساتھ بانٹنا، اور انفارمیشن ٹیکنالوجی، سافٹ ویئر کی ترقی اور اس سے متعلق تمام سرگرمیوں کے شعبے میں مشاورت کرنا ہے۔ گروپ نے یہ ذیلی ادارہ 31 دسمبر 2018 کو ختم ہونے والے سال کے دوران حاصل کیا جس کے لیے 20 اپریل 2018 کو کنٹرول حاصل کیا گیا۔

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF WORLDCALL TELECOM LIMITED ON REVIEW OF INTERIM FINANCIAL STATEMENTS

Introduction

We have reviewed the accompanying condensed interim statement of financial position of WorldCall Telecom Limited as at June 30, 2022 and the related condensed interim statement of profit or loss, condensed interim statement of comprehensive income, condensed interim statement of changes in equity, and condensed interim statement of cash flows, and notes to the condensed interim financial statements for the six-months period then ended (here-in-after referred to as the “interim financial statements”).

Management is responsible for the preparation and presentation of these interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these interim financial statements based on our review.

The figures of the condensed interim statement of profit or loss and condensed interim statement of comprehensive income for the quarter ended June 30, 2022 and 2021 have not been reviewed, as we are required to review only the cumulative figures for the six months ended June 30, 2022.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements are not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Emphasis of Matter

Without qualifying our Conclusion, we draw attention to:

i) note 2.7, in the annexed condensed interim financial statements (un-audited), which States that the Company has incurred a loss after taxation of Rs. 703.466 million during the period ended June 30, 2022. As at June 30, 2022, the accumulated loss of the Company stands at Rs. 14,588.783 million and its current liabilities exceed its current assets by Rs. 6,295.613 million. These conditions, along with the other factors like declining revenue and contingencies and commitments as mentioned in note 13, to the condensed interim financial statements (un-audited) indicate the existence of material uncertainties that cast significant doubt about the Company's ability to continue as a going concern and therefore, it may be unable to realize its assets and discharge its liabilities in the normal course of business.

ii) note 17 to the accompanying financials, wherein the company recognize deferred tax asset of Rs. 2,375.035 million, the realization of which would depend on generation of sufficient profits in the future as projected by the management.

Financial statements for the year ended December 31, 2021 were audited by another firm of Chartered Accountants, who therefore expressed unqualified opinion on those financial statements.

The engagement on the review resulting in this independent auditor's review report is Mr. Muhammad Safder.

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and

- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.3 These condensed interim financial statements are unaudited.

2.4 These condensed interim financial statements (un-audited) do not include all of the information required for annual financial statements and should be read in conjunction with the annual financial statements for the year ended December 31, 2021. Selected explanatory notes are included to explain events and transactions that are significant to understanding of the changes in the Company's financial statements since the last financial statements.

2.5 These condensed interim financial statements (un-audited) should be read in conjunction with annual audited financial statements for the year ended December 31, 2021. Comparative statement of financial position is extracted from annual audited financial statements for the year ended December 31, 2021 whereas comparative statement of profit or loss, comparative statement of comprehensive income, comparative statement of changes in equity and comparative statement of cash flows are extracted from unaudited condensed interim financial statements for the half year ended June 30, 2021.

2.6 These condensed interim (un-audited) financial statements are presented in Pak Rupees, which is the Company's functional and presentational currency. All the figures have been rounded off to the nearest thousand of rupees, unless otherwise stated.

2.7 Going concern assumption

2.7.1 The Company has incurred a loss after taxation of Rs. 703.466 million during the period ended June 30, 2022 (June 2021: Rs. 423.771 million) which includes the impact of write back of liabilities for nil (June 30, 2021: Rs. 94.817 million). As at June 30, 2022, the accumulated loss of the Company stands at Rs. 14,588.783 million (December 31, 2021: Rs. 14,023.097 million) and its current liabilities exceed its current assets by Rs. 6,295.613 million (December 31, 2021: Rs. 6,323.663 million). These conditions, along with the other factors like declining revenue and contingencies and commitments as mentioned in note 13, indicate the existence of material uncertainties that cast significant doubt about the Company's ability to continue as a going concern and therefore, it may be unable to realize its assets and discharge its liabilities in the normal course of business.

The Company's management has carried out an assessment of going concern status of the Company and believes that preparation of these financial statements on going concern assumption is appropriate. The management has placed reliance on the following factors:

2.7.2 Net Liabilities Position - Risk Mitigation

As mentioned above, there is a net current liability position of approximately Rs. 6.296 billion as on the reporting date, which has the following major components:

Description	Note	Rs in million
Short term Borrowings	2.7.2.1	422
Pakistan Telecommunication Authority (PTA)	2.7.2.2	2,345
Claims of Parties Challenged	2.7.2.3	957
Continuing business partners	2.7.2.4	439
Provision for taxation	2.7.2.5	354
		4,517

The management believes that certain balances included in the above amounts do not represent immediately payable liabilities as detailed below:

2.7.2.1 The management of the Company is in negotiation with banks for restructuring of its running finance facilities amounting Rs. 345.50 Million and is confident that these will be rolled over on favorable terms with no immediate cash outflow. Moreover, it also include funds obtained from sponsor / related parties to the tune of Rs. 76.50 Million.

2.7.2.2 Liabilities towards PTA as incorporated in these financial statements stand at approximately Rs. 2.342 billion which are not immediately payable owing to non-fulfillment of certain conditions relating to the demand of such amounts. These conditions relate to the industry circumstances and Court Orders.

2.7.2.3 This amount represents the amounts owed to certain parties whose claims have been challenged by the Company in various judicial forums for the breach and non-performance of their contractual obligations. Based on the merits of Company's position, the management believes that such amounts may not be immediately payable under the circumstances.

2.7.2.4 The amount payable to creditors amounting Rs. 439 million represents routine trade credits extended by regular parties and these balances are of revolving nature. Thus, no immediate net cash outlay would be required.

2.7.2.5 The Company does not anticipate cash outlays on account of Provision for Taxation, since it has sufficient brought forward losses.

2.7.3 Continued Support from a Majority Shareholder

The Company's majority shareholder, Worldcall Services (Private) Limited (WSL) has given assurance to provide continued cash flow support to the Company through its letter to the Company's Board of Directors.

Note 3
SIGNIFICANT ACCOUNTING POLICIES

3.1 The Company's accounting and financial risk management policies and methods of computation adopted in the preparation of these condensed interim (un-audited) financial statements are the same as those applied in the preparation of preceding annual financial statements of the Company for the year ended December 31, 2021.

3.2 Certain standards, amendments and interpretations to approved accounting standards are effective for accounting periods beginning on January 1, 2022, but are considered not to be relevant or to have any significant effect on the Company's operations (although they may affect the accounting for future transactions and events) and are, therefore, not detailed in these condensed interim financial statements.

Note 4
SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of condensed interim (un-audited) financial statements in conformity with approved accounting and reporting standards requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expense. The estimates, associated assumptions and judgments are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which forms the basis of making the judgement about carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. In preparing these condensed interim (un-audited) financial statements, the significant judgements made by the management in applying accounting policies and the key source of estimation were the same as those that were applied to the financial statements for the year ended December 31, 2021.

Note 13
CONTINGENCIES AND COMMITMENTS

Contingencies

There is no significant change in the status of contingencies from the preceding annual financial statements of the Company for the year ended December 31, 2021 except following:

13.1 The Company acquired Indefeasible Right to Use ("IRU") of media and related Operations and Maintenance Services ("O&M") from one of the Company's suppliers through an agreement entered in August 2011. An agreement between the parties was reached in April 2015 for the payment against O&M services whereby it was decided that monthly payments in respect of O&M will be made by the Company and other deliverables under IRU agreement shall be mutually agreed by June 30, 2016. However, the supplier illegally and violating the terms for the Agreement, disconnected its services to the Company and filed a Civil Suit before the Sindh High Court in October 2016 for recovery of dues amounting to USD 7.03 million equivalent to Rs. 1.09 billion along with mark up @ 15% amounting to USD 1.58 million equivalent to Rs. 245.453 million, allegedly due under the stated agreement. The subject suit is pending adjudication.

The management believes that supplier's claim is invalid since it relates to the un-utilized future period and for the media which has never been provisioned as required under the Agreement and the supplier is/was under contractual obligation to provide (media) to the Company. That, a net sum of USD 2.977 million is due and payable by Supplier to the Company, in respect of reimbursement and refund obligation under and pursuant to the IRU Contract. The net sum is calculated on the basis of actual utilization of the capacity calculated on pro rata basis hence the Company was/is entitled to and Supplier was/is liable to refund USD 2.977 million within 90 days of the termination of the IRU instead of claiming USD 7.03 million. The subject media / services have never been provisioned therefore the Supplier is not entitled to claim any amount for media or services. As the Company holds an indefeasible right to use the supplier's media for the contract duration of 15 years, early and unilateral termination of services by supplier, amounts to a breach.

Under these circumstances, the Company under the express contractual rights have claimed the amounts pertaining to (i) media which has yet not been delivered, and (ii) un-utilized future period on a prorata basis, as required under the terms and conditions of the Agreement. Moreover, the Supplier is also liable to make payments to the Company on account of different services received from the Company. The Company has filed an application before SHC in January 2017 under section 34 of the Arbitration Act, 1940 to refer the matter to Arbitrator as per the dispute resolution mechanism provided in the agreement dated 2011.

During 2019, the supplier has signed an MoU with the Company undertaking to withdraw all legal cases which has completed in August 2022 and both parties have withdrawn their respective cases.

Note 2
BASIS OF PREPARATION

2.1 These condensed interim financial statements are the separate condensed financial statements of the Group in which investment in subsidiary is stated at cost. Condensed consolidated interim financial statements are prepared separately.

2.2 These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and

- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.3 These condensed interim financial statements are unaudited.

2.4 These condensed interim financial statements (un-audited) do not include all of the information required for annual financial statements and should be read in conjunction with the annual financial statements for the year ended December 31, 2021. Selected explanatory notes are included to explain events and transactions that are significant to understanding of the changes in the Group's financial statements since the last financial statements.

2.5 These condensed interim financial statements (un-audited) should be read in conjunction with annual audited financial statements for the year ended December 31, 2021. Comparative statement of financial position is extracted from annual audited financial statements for the year ended December 31, 2021 whereas comparative statement of profit or loss, comparative statement of comprehensive income, comparative statement of changes in equity and comparative statement of cash flows are extracted from unaudited condensed interim financial statements for the half year ended June 30, 2021.

2.6 These condensed interim (un-audited) financial statements are presented in Pak Rupees, which is the Group's functional and presentational currency. All the figures have been rounded off to the nearest thousand of rupees, unless otherwise stated.

2.7 Going concern assumption

2.7.1 The Group has incurred a loss after taxation of Rs. 706.264 million during the period ended June 30, 2022 (June 2021: Rs. 428.151illion) which includes the impact of write back of liabilities for nil (June 30, 2021: Rs. 94.817 million). As at June 30, 2022, the accumulated loss of the Group stands at Rs. 14,610.371 million (December 31, 2021: Rs. 14,041.887 million) and its current liabilities exceed its current assets by Rs. 6,318.865 million (December 31, 2021: Rs. 6,344.401 million). These conditions, along with the other factors like declining revenue and contingencies and commitments as mentioned in note 13, indicate the existence of material uncertainties that cast significant doubt about the Group's ability to continue as a going concern and therefore, it may be unable to realize its assets and discharge its liabilities in the normal course of business.

The Group's management has carried out an assessment of going concern status of the Group and believes that preparation of these financial statements on going concern assumption is appropriate. The management has placed reliance on the following factors:

2.7.2 Net Liabilities Position - Risk Mitigation

As mentioned above, there is a net current liability position of approximately Rs. 6.319 billion as on the reporting date, which has the following major components:

Description	**Note**	**Rs in million**
Short term Borrowings	2.7.2.1	422
Pakistan Telecommunication Authority (PTA)	2.7.2.2	2,345
Claims of Parties Challenged	2.7.2.3	957
Continuing business partners	2.7.2.4	439
Provision for taxation	2.7.2.5	354
		4,517

The management believes that certain balances included in the above amounts do not represent immediately payable liabilities as detailed below:

2.7.2.1 The management of the Group is in negotiation with banks for restructuring of its running finance facilities amounting Rs. 345.50 Million and is confident that these will be rolled over on favorable terms with no immediate cash outflow. Moreover, it also include funds obtained from sponsor / related parties to the tune of Rs. 76.50 Million.

2.7.2.2 Liabilities towards PTA as incorporated in these financial statements stand at approximately Rs. 2.345 billion which are not immediately payable owing to non-fulfillment of certain conditions relating to the demand of such amounts. These conditions relate to the industry circumstances and Court Orders.

2.7.2.3 This amount represents the amounts owed to certain parties whose claims have been challenged by the Group in various judicial forums for the breach and non-performance of their contractual obligations. Based on the merits of Group's position, the management believes that such amounts may not be immediately payable under the circumstances.

2.7.2.4 The amount payable to creditors amounting Rs. 439 million represents routine trade credits extended by regular parties and these balances are of revolving nature. Thus, no immediate net cash outlay would be required.

2.7.2.5 The Group does not anticipate cash outlays on account of Provision for Taxation, since it has sufficient brought forward losses.

2.7.3 Continued Support from a Majority Shareholder

The Group's majority shareholder, Worldcall Services (Private) Limited (WSL) has given assurance to provide continued cash flow support to the Group through its letter to the Group's Board of Directors.

Note 3
SIGNIFICANT ACCOUNTING POLICIES

3.1 The Group's accounting and financial risk management policies and methods of computation adopted in the preparation of these condensed interim (un-audited) financial statements are the same as those applied in the preparation of preceding annual financial statements of the Group for the year ended December 31, 2021.

3.2 Certain standards, amendments and interpretations to approved accounting standards are effective for accounting periods beginning on January 1, 2022, but are considered not to be relevant or to have any significant effect on the Group's operations (although they may affect the accounting for future transactions and events) and are, therefore, not detailed in these condensed interim financial statements.

Note 4

SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of condensed interim (un-audited) financial statements in conformity with approved accounting and reporting standards requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expense. The estimates, associated assumptions and judgments are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which forms the basis of making the judgement about carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. In preparing these condensed interim (un-audited) financial statements, the significant judgements made by the management in applying accounting policies and the key source of estimation were the same as those that were applied to the financial statements for the year ended December 31, 2021.

Term finance certificates (TFCs) have a face value of Rs. 5,000 per certificate. These TFCs carry mark up at the rate of six months average KIBOR plus 1.0% per annum (2021: six month average KIBOR plus 1.0% per annum), payable quarterly. The mark up rate charged during the period on the outstanding balance ranged from 8.76% to 13.02% (2021: 8.30% to 8.84%) per annum.
IGI Holding Limited (previously IGI Investment Bank Limited) is the Trustee (herein referred to as the Trustee) under the Trust Deed.

The liability of these TFCs has been rescheduled in December 2012 and then on April 03, 2015. During the year 2018, third rescheduling of these TFCs was successfully executed through signing of the Third Supplemental Trust Deed between the Trustees and the Group.

In accordance with the 3rd Supplemental Trust Deed executed during the year 2018, the outstanding principal is repayable by way of quarterly staggered installments with downward revision in markup of 0.60% i.e. revised markup of six months average KIBOR + 1%. The outstanding markup payable as at the date of restructuring and up to December 20, 2018 is agreed to be deferred and shall be paid from March 20, 2021 in quarterly installments. 50% of the markup accrued for the period between December 20, 2018 to December 20, 2020 shall be paid on regular quarterly basis commencing from March 20, 2019 and the remaining 50% shall be deferred and paid from March 20, 2021. Markup deferred has been measured at present value. Under the revised term sheet, these TFCs are due to mature on September 20, 2026.

The other main terms included appointment of one representative as a nominee director nominated by the Trustee which has been complied with. Further, 175 million sponsor's shares are pledged for investors which will be released with quarterly scheduled principal repayments proportionately starting from June 2019. The pledged shares have not been released in proportion to the payments made during the year.

The Group has not paid due quarterly installments of June 2019 to June 2022 amounting Rs. 390.00 million. In case of failure to make due payments by the Group, Trustee can instruct the security agent to enforce the letter of pledge and sell the quantum of the pledged shares to generate the amount required for the settlement of the outstanding redemption amount.

Last year due to non-payment of due instalments, Trustee enforced the letter of pledge and called 128.2 million shares from sponsors account out of which 13.6 million shares were sold for the amount of Rs. 45.9 million (Rs. 27.9 million settled against principal and Rs. 17.9 million against accrued mark-up) during the year. After sale remaining number of shares held by trustees and pledged are 161.3 million shares. This Year in January 2022 Trustee has sold 24.63 million shares for the amount of Rs. 56.26 million (Rs. 36.47 million settled against principal and Rs. 19.79 million against accrued mark-up) and in February 2022 Trustee has sold further 25.75 million shares for the amount of Rs. 57.36 million (Rs. 34.82 million settled against principal and Rs. 22.54 million against accrued mark-up) to recover o/s installments of June 2019, September 2019 and Dec 2019.

These TFCs are secured against first pari passu charge over the Group's present and future fixed assets including equipment, plant and machinery, fixtures excluding land and building with 25% margin in addition to all rights, benefits, claims and interests procured by the Group under:

a) LDI and WLL license issued by PTA to the Group; and

However, in some contracts, it is customary for lease contracts to provide escalation in lease payments after specified period of time. These neither contain any variable lease payments nor any lease incentives. The Group is not committed to any lease not yet commenced at the reporting date.

Lease terms, and the remaining lease terms at the date of initial application, vary. Remaining lease term of existing lease contracts for which lease liability is booked ranges from 2 to 15 years.

Note 13

CONTINGENCIES AND COMMITMENTS

Contingencies

There is no significant change in the status of contingencies from the preceding annual financial statements of the Group for the year ended December 31, 2021 except following:

13.1 The Group acquired Indefeasible Right to Use ("IRU") of media and related Operations and Maintenance Services ("O&M") from one of the Group's suppliers through an agreement entered in August 2011. An agreement between the parties was reached in April 2015 for the payment against O&M services whereby it was decided that monthly payments in respect of O&M will be made by the Group and other deliverables under IRU agreement shall be mutually agreed by June 30, 2016. However, the supplier illegally and violating the terms for the Agreement, disconnected its services to the Group and filed a Civil Suit before the Sindh High Court in October 2016 for recovery of dues amounting to USD 7.03 million equivalent to Rs. 1.09 billion along with mark up @ 15% amounting to USD 1.58 million equivalent to Rs. 245.453 million, allegedly due under the stated agreement. The subject suit is pending adjudication.

The management believes that supplier's claim is invalid since it relates to the un-utilized future period and for the media which has never been provisioned as required under the Agreement and the supplier is/was under contractual obligation to provide (media) to the Group. That, a net sum of USD 2.977 million is due and payable by Supplier to the Group, in respect of reimbursement and refund obligation under and pursuant to the IRU Contract. The net sum is calculated on the basis of actual utilization of the capacity calculated on pro rata basis hence the Group was/is entitled to and Supplier was/is liable to refund USD 2.977 million within 90 days of the termination of the IRU instead of claiming USD 7.03 million. The subject media / services have never been provisioned therefore the Supplier is not entitled to claim any amount for media or services. As the Group holds an indefeasible right to use the supplier's media for the contract duration of 15 years, early and unilateral termination of services by supplier, amounts to a breach.

Under these circumstances, the Group under the express contractual rights have claimed the amounts pertaining to (i) media which has yet not been delivered, and (ii) un-utilized future period on a prorata basis, as required under the terms and conditions of the Agreement. Moreover, the Supplier is also liable to make payments to the Group on account of different services received from the Group. The Group has filed an application before SHC in January 2017 under section 34 of the Arbitration Act, 1940 to refer the matter to Arbitrator as per the dispute resolution mechanism provided in the agreement dated 2011.

During 2019, the supplier has signed an MoU with the Group undertaking to withdraw all legal cases which has completed in August 2022 and both parties have withdrawn their respective cases.

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs) (level 3).
