## Directors" Review

On behalf of the Board of Directors, we are pleased to present the performance review of your Company together with the un-audited financial statements for the period ended December 31, 2022.

## Operations and Sales Review

The Company produced 117,836 metric tons during the period under review (July December 2022) as compared to 127,073 metric tons for the corresponding period of last year.

The Company sold 117,034 metric tons during the period under review (July - December 2022) as compared to 121,524 metric tons for the corresponding period of last year.

In terms of value, the net sales of the Company for the period under review (July December 2022) recorded at Rs. 24,925 million as compared to Rs.17,915 million for the corresponding period of last year.

## Financial Performance

The Company posted a gross profit of Rs. 1,724 million for the period under review (July - December 2022) as compared to Rs. 2,297 million for the corresponding period of last year. The decline in gross profit margin for the period under review was on the backdrop of elevated raw material and fuel prices coupled with upward movement of the exchange rate resulting in a significant increase in the cost of production which could only be recouped partially through necessary adjustments in selling prices in line with market conditions.

The net operating profit for the period under review (July - December 2022) was recorded at Rs. 1,247 million as compared to Rs. 1,791 million for the corresponding period of last year.

Finance cost for the period under review (July - December 2022) stood at Rs. 978 million as compared to Rs. 259 million for the corresponding period of last year. The increase in finance cost was the combined impact of higher effective interest rates and working capital needs.

After taking into account financial charges, profit before tax for the period was Rs. 269 million as compared to Rs. 1,532 million in the corresponding period of last year.

Accordingly, net profit for the period under review was Rs. 191 million as compared to Rs. 1,083 million for the corresponding period of last year.

## Earnings Per Share

The basic earnings per share is reported at Re. 0.85 as compared to Rs. 4.85 for the corresponding period of last year.

During the period, shareholders approved the issuance of 20,288,532 bonus shares being the $10 \%$ bonus issue declared by the Board of Directors for the year ended June 30, 2022. Accordingly, the weighted average number of shares for the current and corresponding periods includes the impact of bonus shares for the calculation of EPS as per the requirement of International Financial Reporting Standards.

## Directors' Review

There is no dilution effect on the earnings per share for the period under review and the corresponding period of last year.

## Balancing, Modernization \& Replacement (BMR) and Digitization

As on the balance sheet date, Your Company has fully utilized SBP's Temporary Economic Refinance (TERF) loan facility availed through the different banks for the up-gradation of Paper \& Board Machines, Cogeneration Plants and auxiliaries relating thereto. A few BMR projects were completed during the period and work on most of the remaining projects will be completed by the end of this year. Furthermore, work on upsizing of the GRID station is nearing completion and hopefully, an extended load of 16MW will be available for use in the last quarter of the ongoing year. Moreover, significant progress has been made toward the digitization of machine processes in collaboration with foreign consultants.

## Corporate Social Responsibility (CSR)

The Company's different CSR initiatives for the welfare of the surrounding communities continued during the period. The Company has collaborated with reputable NGOs to extend schooling facilities in the vicinity of the Mills and has also adopted a school in the far-flung areas of Kashmir. Moreover, Company has also distributed food hampers in flood-affected areas in collaboration with the local administration.

## Near Term Outlook

The continuous rise in key input costs has already been putting pressure on product margins, and with consequential adjustments in products' pricing, the market for quality products has already started contracting, thus making it challenging to operate the Mills at the optimal capacity. The recent State Bank measures to manage the Current Account Deficit will make the situation harder for the Company, like any other industrial unit of the Country, for securing the supply of essential raw materials.

Management is closely monitoring these developments and modifying its strategy to ensure continuous operations for the longest possible time with available raw materials in hand and incoming shipments against letters of credit already established. The objective is to ensure an uninterrupted supply of packaging materials to its valued customers including most of the FMCGs, Pharmaceuticals, Food, Confectionery, Biscuits, Tea, and numerous Household Items serving the daily needs of the Masses. All necessary price adjustments are being made to recover the increases in the cost of production.

## Acknowledgments

The Directors wish to acknowledge the devotion of the employees of all cadres and are appreciative of their dedication and commitment. They also extend heartfelt appreciation to the Company's suppliers, customers and bankers for their continued confidence and support.

## Independent Auditor's Report on Review of

Condensed Interim Financial Statements to the Members

## Introduction

We have reviewed the accompanying condensed interim statement of financial position of CENTURY PAPER \& BOARD MILLS LIMITED ("the Company") as at December 31, 2022 and the related condensed interim statement of profit or loss, condensed interim statement of comprehensive income, condensed interim statement of cash flows, condensed interim statement of changes in equity and notes to the condensed interim financial statements for the half year ended December 31, 2022 (here-in-after referred as the "interim financial statements"). Management is responsible for the preparation and presentation of this interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial statements. Our responsibility is to express a conclusion on this interim financial statements based on our review.

## Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements is not prepared, in all material respects, in accordance with approved accounting and reporting standards as applicable in Pakistan for interim financial reporting.

The figures for the quarters ended December 31, 2022 and December 31, 2021 in the condensed interim statement of profit or loss and condensed interim statement of comprehensive income have not been reviewed and we do not express a conclusion on them.

## 4. SUMMARIES OF SIGNIFICANT ACCOUNTING POLICIES AND CHANGES THEREIN

The accounting policies adopted and methods of computation followed in the preparation of these condensed interim financial statements are same as those for the preceding annual financial statements for the year ended June 30, 2022.
4.1 Initial application of standards, amendments or an interpretation to existing standards
a) Standards, amendments and interpretations to accounting standards that are effective in the current period

Certain standards, amendments and interpretations to approved accounting standards are effective for accounting periods beginning on January 01, 2022, but are considered not to be relevant or to have any significant effect on the Company's operations (although they may affect the accounting for future transactions and events) and are, therefore, not detailed in these condensed interim financial statements.
b) Standards, amendments and interpretations to existing standards that are not yet effective and have not been early adopted by the Company
There are certain standards, amendments to the accounting standards and interpretations that are mandatory for the Company's accounting periods beginning on or after January 01, 2023, but are considered not to be relevant or to have any significant effect on the Company's operations and are, therefore, not detailed in these condensed interim financial statements.
5. ESTIMATES AND JUDGMENTS

The preparation of condensed interim financial statements requires management to make certain judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. The significant judgments made by management in applying the Company's accounting policies and key sources of estimation of uncertainty are the same as those that were applied to the financial statements for the year ended June 30, 2022.
6. TAXATION

The provisions for taxation for the half year and quarter ended December 31, 2022, have been made using the best estimated effective tax rate applicable to expected total annual earnings. Amounts accrued for income tax expense in one interim period may have to be adjusted in a subsequent interim period of that financial year if the estimate of the annual income tax rate changes.
