# INDEPENDENT AUDITORS' REVIEW REPORT

# To the Unit holders of Meezan Islamic Income Fund

# **Report on Review of Interim Financial Statements**

### Introduction

We have reviewed the accompanying condensed interim Statement of Assets and Liabilities of Meezan Islamic Income Fund (the Fund) as at 31 December 2022, and the related condensed interim Income Statement, condensed interim Statement of Comprehensive Income, condensed interim Statement of Movement in Unit Holders' Fund and condensed interim Cash Flow Statement, and notes to the financial statements for the six-month period then ended (here-in-after referred to as the "interim financial statements"). Management Company is responsible for the preparation and presentation of this interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these financial statements based on our review. The figures of the condensed interim income statement and condensed interim statement of comprehensive income for the quarters ended 31 December 2022 and 31 December 2021 have not been subject to limited scope review by the external auditors as we are only required to review the cumulative figures for the six-months period ended 31 December 2022.

### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

### Other matter

The condensed interim financial statements for the half year ended 31 December 2021 and the annual financial statements for the year ended 30 June 2022 of the Fund were reviewed and audited respectively by another firm of Chartered Accountants, whose review report dated 26 February 2022 and audit report dated 21 September 2022 expressed an unmodified conclusion and an unmodified opinion respectively, on the aforementioned financial statements.

The engagement partner on the review resulting in this independent auditors' review report is Shaikh Ahmed Salman.

#### 11. TOTAL EXPENSE RATIO

The annualised total expense ratio (TER) of the Fund as at December 31, 2022 based on current period results is - 1.24% (December 31, 2021: 1.19%) which includes 0.10% (December 31, 2021: 0.10%) representing government levies on the Fund such as Sales Taxes, Federal Excise Duties, annual fee to the SECP etc. This ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an 'Income Scheme'.

#### 12. TAXATION

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the Management Company intends to distribute at least 90% of the Fund's accounting income for the year ending June 30, 2023 as reduced by capital gains (whether realised or unrealised) to its unit holders, therefore no provision for taxation has been made in these condensed interim financial statements.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

#### 13. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

#### 13.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at December 31, 2022 and June 30, 2022, the Fund held the following financial instruments measured at fair value:

|   |         | As at Decemi          | ber 31, 2022        |                            |

### Introduction

We have reviewed the accompanying condensed interim Statement of Assets and Liabilities of Meezan Sovereign Fund (the Fund) as at 31 December 2022, and the related condensed interim Income Statement, condensed interim Statement of Comprehensive Income, condensed interim Statement of Movement in Unit Holders' Fund and condensed interim Cash Flow Statement, and notes to the financial statements for the six-month period then ended (here-in-after referred to as the "interim financial statements"). Management Company is responsible for the preparation and presentation of this interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these financial statements based on our review. The figures of the condensed interim income statement and condensed interim statement of comprehensive income for the quarters ended 31 December 2022 and 31 December 2021 have not been subject to limited scope review by the external auditors as we are only required to review the cumulative figures for the six-months period ended 31 December 2022.

### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

## 11. TOTAL EXPENSE RATIO

The annualised total expense ratio (TER) of the Fund based on the current period results is 1.16% (December 31, 2021: 1.13%) which includes 0.09% (December 31, 2021: 0.09%) representing levies such as Sales tax, annual fee to the SECP etc. The ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an income scheme.

## 12. TAXATION

The Fund's income is exempt from income tax as per clause (99) of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Furthermore, as per regulation 63 of the NBFC Regulations, the Fund is required to distribute 90 percent of the net accounting income other than capital gains to the unitholders. The Fund has not recorded any tax liability in respect of income relating to the current period as the Management Company intends to distribute at least 90 percent of the Fund's accounting income for the year ending June 30, 2023 as reduced by capital gains (whether realised or unrealised) to its unitholders.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

## 13. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradeable in an open market are revalued at market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

## 13.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: Fair value measurements using quoted price (unadjusted) in an active market for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurement using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at December 31, 2022 and June 30, 2022, the Fund held the following financial instruments measured at fair value:

## Introduction

We have reviewed the accompanying condensed interim Statement of Assets and Liabilities of Meezan Daily Income Fund (the Fund) as at 31 December 2022, and the related condensed interim Income Statement, condensed interim Statement of Comprehensive Income, condensed interim Statement of Movement in Unit Holders' Fund and condensed interim Cash Flow Statement, and notes to the financial statements for the six-month period then ended (here-in-after referred to as the "interim financial statements"). Management Company is responsible for the preparation and presentation of this interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these financial statements based on our review. The figures of the condensed interim income statement and condensed interim statement of comprehensive income for the quarters ended 31 December 2022 and 31 December 2021 have not been subject to limited scope review by the external auditors as we are only required to review the cumulative figures for the six-months period ended 31 December 2022.

## Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

## 3 BASIS OF PREPARATION

#### 3.1 Statement of compliance

These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- 4.2 The preparation of the condensed interim financial statements in conformity with accounting and reporting standards as applicable in Pakistan requires management to make estimates, assumptions and use judgments that affect the application of policies and reported amounts of assets, liabilities, income and expenses. ## 14 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

#### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at December 31, 2022 and June 30, 2022, the Fund held the following financial instruments measured at fair value:
