1 Corporate and general information

Media Times Limited ("the Company") was incorporated in Pakistan on 26 June 2001 as a private limited company and was converted into public limited company on 06 March 2007. The Company is listed on Pakistan Stock Exchange. The registered office of the Company is located at 2nd Floor Pace Shopping Mall, Fortress Stadium Lahore Cantt. Lahore. The Company has regional offices in Karachi & Islamabad. The Company is primarily involved in printing and publishing daily English and Urdu news papers in the name of "Daily Times" and "AajKal" respectively.

2 Events and conditions related to going concern

The Company has incurred a net loss of Rs. 67.6 million during the period ended December 31, 2022 and, as of date, the Company's current liabilities exceed its current assets by Rs. 808.8 million. The Company's equity has eroded and the accumulated losses exceed the share capital and share premium by Rs. 1011.3 million at December 31, 2022. "Zaiqa" and "Business Plus" channels of the Company remained non-operational throughout the year. The channels remained non-operational. The Company has also defaulted in payments of its loan and lease liabilities as mentioned in notes 14 to these financial statements. There is a material uncertainty related to these events which may cast significant doubt on the Company's ability to continue as a going concern and, therefore, the Company may be unable to realize its assets and discharge its liabilities in the normal course of business. The Company's sponsors are negotiating with Faysal Bank Limited for settlement of short term borrowings from their own sources. The Company has relaunched its Urdu Newspaper "Daily Aaj Kal" and is planning to launch further products in print and social media sectors. Further, the Company is planning to launch a Web TV with the brand name of Daily Times and to relaunch "Zaiqa" channel with improved content and distribution all over Pakistan. The management of the Company is confident that the above actions and steps shall enable the Company to attract revenue streams that will result in improved liquidity. Further the Company's promoters have offered full support to the Company to meet any working capital needs.

15.1 The Company obtained running finance facility, of Rs. 50 million, from Faysal Bank Limited under mark-up arrangements for working capital requirement. The said facility expired on 28 January 2012 and the Company had not paid the principal and markup on due date. Accordingly Faysal Bank Limited filed a suit against the Company for recovery of Rs. 69.30 million at Lahore High Court which was fully recorded in annual audited financial statements for the year ended 30 June 2017. During the year 2015, the case was decided against the Company as the Lahore High Court through its order dated 20 November 2015 directed that an amount of Rs. 54.16 million along with the cost of fund as contemplated by section 3 of the Financial Institutions (Recovery of Finances) Ordinance 2001 is to be paid by the Company through sale of the hypothecated goods and assets of the Company, the attachment and auction of the other assets of the Company and any other mode which the court deems appropriate. The Company being aggrieved filed regular first appeal dated 09 March 2016 in Honorable Lahore High Court.

The Company re-negotiated with Faysal Bank Limited and the loan was rescheduled into a long term loan. As per restructuring terms and conditions, the outstanding principal of Rs. 50 million and related markup of Rs. 8 million were repayable in 24 unequal quarterly installments started from 31 December 2017 and the remaining overdue markup of Rs. 11 million already recorded by the Company was waived off by Faysal Bank Limited. The principal amount of outstanding loan of Rs. 50 million carried mark up at three month KIBOR or cost of fund of Faysal Bank Limited, whichever is lower, which was payable quarterly in arrears and the overdue markup of Rs. 8 million was interest free.

As per the settlement agreement with Faysal Bank Limited, the Company was required to pay installments of principal of Rs. 50 million and accrued markup of Rs. 8 million as per the repayment schedule and provide fresh security in the form of registered exclusive mortgage over 9 shops located at Pace Pakistan, 96-B/I, Gulberg II, Lahore. However subsequent to the restructuring, the Company could not pay all due installments relating to principal and accrued markup on due dates and even within the grace period of 90 days as allowed by Faysal Bank Limited and remained unable to provide fresh security as described earlier. Accordingly the Company has recorded the entire amount of liability to Faysal Bank Limited and classified the same as current liability. This non-compliance was considered an event of default and as a consequence of default the Company was bound to make immediate payment of the entire outstanding amount with up to date markup along with additional amount aggregating to Rs. 64.41 million. Accordingly, the outstanding principal amount of Rs. 48 million was classified as short term borrowing and total markup of Rs. 64.41 million was classified as accrued markup. Further Company was required to pay markup at the rate of 3MK+ 2%. During the period, the Company recognized further interest expense of Rs. 4.2 million in respect of this loan.

This rescheduled loan is secured by way of exclusive charge over all present and future, current assets of Rs. 80 million and future fixed assets of Rs. 50 million, respectively.

16 Contingencies and commitments

- 16.1 There is no significant change in the status of contingencies as highlighted in note 22 to the Company's annual financial statements for the year ended 30 June 2022.
 - 16.2 There are no commitments as at 31 December 2022.

Fair values of financial instruments 21

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

prices used for financial assets held by the Company is current bid price. A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service or regulatory agency and those prices represent actual and regularly occurring market transactions on an arm's length basis. The fair value of financial assets and liabilities traded in active markets i.e. listed equity shares are based on the quoted market prices at the close of trading on the period end date. The quoted market

IFRS 13, Fair Value Measurements' requires the Company to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date (level 1). Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly (level 2).
 - ï
 - Unobservable inputs for the asset or liability (level 3). 1

The Company has not disclosed the fair values of these financial assets and liabilities as these are for short term or reprice over short term. Therefore, their carrying amounts are reasonable approximation of fair value.

23 Segment reporting

23.1 Reportable segments

The Company has the following two strategic divisions, which are its reportable segments. These divisions offer different products and services and are managed separately because they require different technology and marketing strategies.

The following summary describes the operations of each reportable segment.

| Reportable segments | Operation |
|---------------------|--|
| Print media | It comprises "Daily Times" and "AajKal" being the Daily English and Urdu newspapers respectively printed from Lahore, Karachi and Islamabad. |
| Electronic media | It comprises of "Business Plus" and "Zaiqa" Channels. Both the channels are international scale satellite TV channels. As Described in Note 2, in its 20th AGM, the Company resolved to form two wholly owned subsidiary Companies and sell its licenses from Business Plus and Zaiqa to those Companies. In last year, codal formalities for incorporating the said Companies were completed. In last year, the Company has acquired both of the newly incorporated companies and transferred its licenses. |

The management reviews internal management reports of each division.

23.2 Information regarding the Company's reportable segments is presented below:

Information related to each reportable segment is set out below. Segment operating profit or loss as included in internal management reports reviewed by the Company's top management is used to measure performance because management believes that such information is the most relevant in evaluating the result of the respective segments relative to other entities that operate in the same industries.

14.1 The Company obtained running finance facility, of Rs. 50 million, from Faysal Bank Limited under mark-up arrangements for working capital requirement. The said facility expired on 28 January 2012 and the Company had not paid the principal and markup on due date. Accordingly Faysal Bank Limited filed a suit against the Company for recovery of Rs. 69.30 million at Lahore High Court which was fully recorded in annual audited financial statements for the year ended 30 June 2017. During the year 2015, the case was decided against the Company as the Lahore High Court through its order dated 20 November 2015 directed that an amount of Rs. 54.16 million along with the cost of fund as contemplated by section 3 of the Financial Institutions (Recovery of Finances) Ordinance 2001 is to be paid by the Company through sale of the hypothecated goods and assets of the Company, the attachment and auction of the other assets of the Company and any other mode which the court deems appropriate. The Company being aggrieved filed regular first appeal dated 09 March 2016 in Honorable Lahore High Court.

The Company re-negotiated with Faysal Bank Limited and the loan was rescheduled into a long term loan. As per restructuring terms and conditions, the outstanding principal of Rs. 50 million and related markup of Rs. 8 million were repayable in 24 unequal quarterly installments started from 31 December 2017 and the remaining overdue markup of Rs. 11 million already recorded by the Company was waived off by Faysal Bank Limited. The principal amount of outstanding loan of Rs. 50 million carried mark up at three month KIBOR or cost of fund of Faysal Bank Limited, whichever is lower, which was payable quarterly in arrears and the overdue markup of Rs. 8 million was interest free.

As per the settlement agreement with Faysal Bank Limited, the Company was required to pay installments of principal of Rs. 50 million and accrued markup of Rs. 8 million as per the repayment schedule and provide fresh security in the form of registered exclusive mortgage over 9 shops located at Pace Pakistan, 96-B/I, Gulberg II, Lahore. However subsequent to the restructuring, the Company could not pay all due installments relating to principal and accrued markup on due dates and even within the grace period of 90 days as allowed by Faysal Bank Limited and remained unable to provide fresh security as described earlier. Accordingly the Company has recorded the entire amount of liability to Faysal Bank Limited and classified the same as current liability. This non-compliance was considered an event of default and as a consequence of default the Company was bound to make immediate payment of the entire outstanding amount with up to date markup along with additional amount aggregating to Rs. 64.41 million. Accordingly, the outstanding principal amount of Rs. 48 million was classified as short term borrowing and total markup of Rs. 64.41 million was classified as accrued markup. Further Company was required to pay markup at the rate of 3MK+ 2%. During the period, the Company recognized further interest expense of Rs. 4.2 million in respect of this loan.

This rescheduled loan is secured by way of exclusive charge over all present and future, current assets of Rs. 80 million and future fixed assets of Rs. 50 million, respectively.

15 Contingencies and commitments

- 15.1 There is no significant change in the status of contingencies as highlighted in note 21 to the Company's annual financial statements for the year ended 30 June 2022.
- 15.2 There are no commitments as at 31 December 2022.

22 Segment reporting

22.1 Reportable segments

The Group Company has the following two strategic divisions, which are its reportable segments. These divisions offer different products and services and are managed separately because they require different technology and marketing strategies.

The following summary describes the operations of each reportable segment.

| Reportable segments | Operation |
|---------------------|--|
| Print media | It comprises "Daily Times" and "AajKal" being the Daily English and Urdu newspapers respectively printed from Lahore, Karachi and Islamabad. |
| Electronic media | It comprises of "Business Plus" and "Zaiqa" Channels. Both the channels are international scale satellite TV channels. As Described in Note 2, in its 20th AGM, the Company resolved to form two wholly owned subsidiary Companies and sell its licenses from Business Plus and Zaiqa to those Companies. In last year, codal formalities for incorporating the said Companies were completed. In last year, the Company has acquired both of the newly incorporated companies and transferred its licenses. |

The management reviews internal management reports of each division.

22.2 Information regarding the Company's reportable segments is presented below:

Information related to each reportable segment is set out below. Segment operating profit or loss as included in internal management reports reviewed by the Company's top management is used to measure performance because management believes that such information is the most relevant in evaluating the result of the respective segments relative to other entities that operate in the same industries.
