REVIEW OF OPERATIONS:

Due to worst ever crises being witnessed in the textile industry, sales of the Company dropped by 14.83% as compared to the preceding period. While on the other hand, gross profit of Company in terms of amount almost recorded at the same level whereas gross profit ratio stood to 10.61% as compared to 9.12% registered in the preceding period. Despite challenging circumstances, increase of GP ratio endorses the acumen & competence of the management. Profit after taxation witnessed decrease of 38.94% which in terms of sales to profit ratio tantamount to 3.81% in current year as compared to 5.31% registered in the preceding period. Decrease of profit after taxation is mainly attributable to increase of financial cost by 108.81% caused by high interest rate and increase of administrative & other operating expenses by 20.23% & 29.13% respectively mainly caused by inflation. Profitability further squeezed due to recording of deferred tax expense by Rs. 20.8 million in the current period.

FUTURE OUTLOOK

Textile industry has been passing through toughest period in the history of Pakistan. On one hand, there has been observed economic recession in the international market thus lowering the demand of textile products while on the other hand severe political & economic crises has been observed in the country. Foreign exchange reserve of the country has been dropped to the lowest level. Due to scarcity of foreign exchange, imports have been strongly discouraged & regulated by the banks/SBP resultantly industry has been facing problem for import of raw materials & spare

parts. Pak Rupees has been significantly depreciated against US dollar which is currently floating at parity of PKR 265/USD. Rate of inflation has been observed at more than 27.6% in the country. SBP has significantly increased interest rate to 17% p.a. in order to lessen inflation in the country. In order to get release trench from IMF, the government has abolished various subsidies & rebates resultantly subsidized tariff of electricity & gas for textile industry has withdrawn by the government. In consonance to agreement with IMF, prices of fuel has been significantly increased in the country despite lowering of price in the international market. In addition therewith, crop of cotton has already substantially effected due to recent devastating flood in the country. Due to lowering of demand, shortage & higher rate of raw material, higher rates of fuel & power as well as higher interest rate, textile sector in the country has undergone into huge losses. Textile units have either reduced production capacity or shut downs operations which is causing great unemployment for the textile workers. It is expected that current crises may continue for next 06 to 09 months.

In the wake of existing situation, management of your company acted proactively and successfully commissioned solar system having rated capacity of 988.9 KWP on January 27, 2022. Now the Company has intention to increase capacity of solar system by further 01 MW. For the purpose of financing the project, negotiation with banks is under process of finalization.

Besides increasing trend of raw material prices & other input costs, your directors are determined to improve sales, reduce costs of doing business and maintain high profitability.

We hope all of your directors' sincerely efforts towards the reduction in business cost; will result in increase in shareholder's wealth and stakeholder's interest in your Company.

ACKNOWLEDGMENT

Your Directors place on record their deep appreciation for the efforts made by the workers and staff of the Company for their deep devotion to work.

Your Directors would also like to express their thanks to the Shareholders and Financial Institutions for their support and assistance.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Ahmad Hassan Textile Mills Limited Report on review of interim Financial Statements

Introduction

We have reviewed the accompanying condensed interim statement of financial position of **Ahmad Hassan Textile Mills Limited** (the Company) as at December 31, 2022 and the related condensed interim statement of comprehensive income, condensed interim statement of changes in equity, condensed interim statement of cash flows, and notes to the condensed interim financial statements for the six-month period then ended (here-in-after referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of these condensed interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these financial statements based on our review.

The figures of the condensed interim statement of profit or loss and condensed interim statement of comprehensive income for the three-month period ended December 31, 2022 have not been reviewed, as we are required to review only the cumulative figures for the six months period ended December 31, 2022.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements are not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Other Matter Paragraph

The condensed interim financial statements of Company for the period ended December 30, 2021 were reviewed by another firm of Chartered Accountants who vide their report dated February 26, 2022 expressed an unmodified conclusion thereon.

The engagement partner on the audit resulting in this independent auditor's report is Rana M. Usman Khan.

11. FAIR VALUE MEASUREMENTS

IFRS 13 requires fair value measurement disclosures using following three level fair value hierarchy that reflects the significance of the inputs used in measuring fair value of financial instruments.

Information about fair value hierarchy and asset classified under the hierarchy are as follows.

- Level 1; Quoted prices (unadjusted) in active market for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. drive from prices).
- Level 3: Inputs for asset or liability that are not based on observable market data (unobservable inputs).

11.1 Fair value of property, plant and equipment

The Company follows the revaluation model for its free hold land, building on free hold land, plant and machinery. The fair value measurement as at March 17, 2022 was performed by K.G Traders (Private) Limited, independent valuer not related to the Company. K.G Traders (Private) Limited is on panel of Pakistan Banks Association as 'Any Amount' asset valuator. It is also on the panel of State Bank of Pakistan and possesses appropriate qualification and recent experience in the fair value measurements in the relevant locations. The fair value of theses assets was determined using the comparable price method after performing detailed enquiries and verification from various estate agents, brokers and builders keeping in view the location of the property/project, condition, size, utilization, and other relevant factors. In estimating the fair value of free hold land, building on free hold land, plant and machinery the highest and best use of these assets is their current
