SUB: MATERIAL INFORMATION

Dear Sir,

In accordance with the provisions of Section 96 of the Securities Act 2015 and Section 5.6.1 of the PSX Rule Book, we hereby inform you that on May 14th, 2023, an article titled "Pakistan to Export Boiled Meat to China" was published on <https://augaf.com/pakistan-to-export-boiled-meat-to-china/>. In the article, it was mentioned that three processing plants, Fauji, Tata, and Green, had been approved by the concerned Chinese authorities. The article also stated that the said plants had a good reputation and capacity.

We would like to issue a correction to the above-mentioned information. In fact, three companies have been proposed by the Ministry of National Food Security and Research to the Chinese ministry Tata, Fauji, and The Organic Meat Company Limited.

The article writer's research reflected the in-correct picture of the under-approval companies for the subject matter by the concerned Chinese authorities. Therefore, it is necessary to update the TRE certificate holders and the investors about the correction in the above-mentioned in-correct information.

We are distressed for any confusion that this may have caused and would like to assure our stakeholders that we remain committed to providing accurate and up-to-date information at all times.

You may inform the TRE Certificate Holders of the Exchange accordingly.

Yours sincerely,

For **The Organic Meat Company Limited**
