This is with reference to our earlier letter No. 31.1/Sectt/C dated May 08, 2023. The remedial measures to address the technical fault at FFBL Power Company Limited (FPCL) power plant are continuing and every effort is being made to restore supply from FPCL as soon as possible. In the meantime, FPCL continues to fulfil its obligations to supply FFBL with steam required for its operations.

Furthermore, as previously mentioned, FFBL's Urea and DAP plants are operating normally and power requirements are being met through FFBL's own gas turbines.

You are requested to disseminate the information to the members / TRE Certificate Holders of the Exchange, please.
