**Subject: Interloop Becomes Pakistan's First Large-Scale Enterprise with Approved Science Based Targets**

Dear Sir,

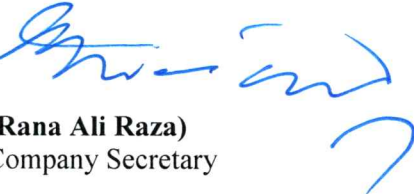

We are pleased to inform you that Interloop Limited has become Pakistan's 1<sup>st</sup> Large-Scale Enterprise with Approved Science Based Targets. The Science Based Targets initiative (SBTi) is a collaboration between the Carbon Disclosure Project (CDP), the United Nations Global Compact (UNGC), the World Resources Institute (WRI) and the World Wide Fund for Nature (WWF). SBTi provides a framework for companies to set science-based targets that align with the goals of the Paris Agreement, enabling them to take meaningful action against climate change.

To deliver on our commitment, we have significantly ramped up our investment in clean energy and are already working with our value chain partners to decarbonize the industry and these targets are based on the latest climate science and cover the full set of its emissions: Scope 1, 2 & 3. This comes in light of Interloop's mission to reduce its environmental impact and move towards lower emissions. More information in this regard can be found on our website:

<https://www.interloop-pk.com/2023/06/09/interloop-becomes-pakistans-1st-large-scale-enterprise-with-approved-science-based-targets/>

You may inform the TRE Certificate Holders of the Exchange accordingly.

Yours Sincerely,

  
(Rana Ali Raza)  
Company Secretary
