REPORT OF THE DIRECTOR OF THE MANAGEMENT COMPANY FOR THE YEAR ENDED JUNE 30, 2023

Dear Investor,

On behalf of the Board of Directors, I am pleased to present **Alhamra Islamic Income Fund** accounts review for the year ended June 30, 2023.

ECONOMY AND MONEY MARKET REVIEW

The fiscal year 2023 (FY23) remained a difficult year for Pakistan as it faced multiple macroeconomic challenges. The 2022 monsoon floods caused significant damage to infrastructure, crops, and livestock, as well as loss of precious lives. The global commodity prices and currency devaluation ushered a wave of inflation never seen since 1974, leading to all time high interest rates. The IMF program remained elusive throughout the latter half of fiscal year which became extremely challenging for the government facing both political and economic difficulties.

The country's external position remained precarious with SBP's foreign exchange reserves declining to USD 4.5 billion as of 30 Jun 23 (mere import cover of 3 weeks) compared to USD 9.8 billion at the start of the fiscal year. Albeit with some delay and reluctance, the government took several politically unpopular steps such as raising energy tariffs, letting PKR depreciate, slapping additional taxes and raising interest rates as per IMF's demands. However, IMF's Staff Level Agreement (SLA) of IMF 9th review eluded throughout the year as the IMF and government were unable to reach a consensus. The delay in the IMF program led to a slowdown in foreign flows from bilateral and multilateral partners leading to erosion in reserves. As a result, the currency remained under severe pressure, with dollar appreciating by 40% in FY23 to close at 286.0 near to its all-time high level.

The country posted a current account deficit (CAD) of USD 2.9 billion in first eleven months of the fiscal year 2023 (11MFY23) declining by 81% YoY compared to a deficit of USD 15.2 billion in the corresponding period last year. Narrowing trade deficit was the major contributor towards improving CAD as a 12.2% decrease in exports coupled with a 23.9% drop in imports led to a 33.8% contraction in the trade deficit. The government kept a lid on imports through administrative measures by imposing import quotas on selective imports. However, these steps led to an increase in smuggling activity which diverted remittances towards grey channels. Furthermore, the tight leash on imports caused shortages across various industries impacted overall economic growth.

Headline inflation represented by CPI averaged 29.0% during FY23 compared to 12.1% in the corresponding period last year. Higher food prices coupled with rising electricity, gas and petroleum prices were the major contributors towards the jump in CPI. The inflationary pressures were broad based, which is depicted by core inflation increasing to 21.2% compared to 12.3% at the end of last fiscal year. SBP has increased interest rates by 1.0% to 22% in an emergent MPS in Jun-23 to push the real interest rate in positive territory on a forward-looking basis and anchor inflation expectations.

The country's provisional GDP growth clocked at 0.29% in FY23 with Agricultural and Services sector increasing by 1.6% and 0.9%, respectively, while industrial sector witnessed a drop of 2.9%. Historic high interest rates coupled with import restrictions were the major culprits behind the fall in industrial output. On the fiscal side, FBR tax collection increased by 16.4% in FY23 to PKR 7,154 billion compared to PKR 6,149 billion in the same period last year but missed the target by PKR 486 billion.

Secondary markets yields increased in FY23 on account of monetary tightening and bout of inflationary pressures post a massive currency devaluation. The 3,6 and 12 Month T-Bills yield increased by 767, 772 and 763 basis points (bps) respectively while 3,5 and 10 Years Bond yields rose by 602, 315 and 240bps respectively during FY23.

FUND PERFORMANCE

During the period under review, the fund generated a year-to-date return of 15.56% as against its benchmark return of 6.05%. The fund was 35.8% invested in Cash and 24.5% in Sukuk. The Net Assets of the Fund as at June 30, 2023 stood at Rs. 4,275 million as compared to Rs. 4,783 million as at June 30, 2022 registering a decrease of 10.62%. The Net Asset Value (NAV) per unit as at June 30, 2023 was Rs. 102.9884 as compared to opening NAV of Rs. 102.1635 per unit as at June 30, 2022 registering an increase of Rs. 0.8249 per unit.

ECONOMY & MARKET – FUTURE OUTLOOK

International Monetary Fund (IMF) and Pakistan have struck a staff-level agreement for the provision of USD 3 billion in bailout funds under a stand-by arrangement (SBA). The program is set to span nine

REPORT OF THE DIRECTOR OF THE MANAGEMENT COMPANY FOR THE YEAR ENDED JUNE 30, 2023

months, and the IMF board approval of the SBA will unlock an immediate disbursement of USD 1.2bn, with the remaining USD 1.8bn scheduled after reviews in Nov-23 and Feb-24.

The new program comes at a critical time when Pakistan is grappling with a severe balance of payments crisis. The successful resumption of the IMF program will help Pakistan to unlock funding from bilateral and multilateral sources helping in rebuilding foreign exchange reserves. Saudi Arabia and UAE have already pledged USD 2bn and USD 1bn respectively which were contingent on the resumption of IMF program, out of which USD 2 billion from KSA has already been received in July 2023. China is also expected to provide USD 2.0 billion with the Chinese commercial banks providing additional USD 1.5 billion. In addition, the IMF program will also help Pakistan to access concessionary financing from World Bank and other multilateral agencies. This has averted the risk of near term default and we expect currency to remain stable in the near term.

We expect Average FY24 inflation to ease to 19.3% compared to 29.0% in FY23 as the base effect will come into play. Inflation is expected to follow a downward trajectory and the buildup of forex reserves during the period may allow a monetary easing cycle in the quarter ending Dec-23. We expect a cumulative easing of around 6% in the next 12 months, however, its pace and timing would be determined by trend in FX reserves.

From the capital market perspective particularly equities, the market is trading at cheap valuations. Market cap to GDP ratio has declined to 7.5%, a discount of 62% from its historical average of 19.7%. Similarly, Earning Yield minus Risk Free Rate is close to 6.0%, compared to the historical average of 2.7% signifying a deep discount at which the market is trading. The resolution of challenges on external account will help to unlock market potential. We believe a micro view of sectors and stocks will remain important and investment selection should focus on companies which trade at a deep discount to their intrinsic value. The market is currently trading at PER of 4.7x, while offering a dividend yield of 11.8%.

For debt holders, we expect Money Market Funds to continue to seamlessly mirror policy rates throughout the year. We would continue to monitor the data points and capitalize on opportunities to add government bonds in Income Funds at attractive rates to benefit from the expected monetary easing in the medium term.

MUTUAL FUND INDUSTRY REVIEW

The Net Assets of the open end mutual funds industry increased by about 28.9% during FY23 to PKR 1,564 billion. Total money market funds grew by about 34.4% since June 2022. Within the money market sphere, conventional funds showed a growth of 6.1% to PKR 473 billion while Islamic funds increased by 90.4% to PKR 429 billion. In addition, the total fixed Income funds increased by about 23.7% since June 2022 to PKR 369 billion. Equity and related funds declined by 27% to PKR 168 billion as concern over macroeconomic factors kept investors at bay.

In terms of the segment share, Money Market funds were the leader with a share of around 57.7%, followed by Income funds with 23.6% and Equity and Equity related funds having a share of 10.7% as at the end of FY23.

MUTUAL FUND INDUSTRY OUTLOOK

The current interest rates would encourage higher flows in the money market funds as they are ideal for investors with a short term horizon and low risk profile. However, external concerns have eased post agreement with IMF and the long term investors may look to add equity exposure at these highly attractive levels. Our operations remained seamless and given our competitive edge in digital access and online customer experience, we are prepared to get benefits of the growing number of investors available online.

The fund is managed by MCB-Arif Habib Savings & Investments Limited which is the subsidiary of MCB Bank Limited. میوچل فنڈ صنعت کی مستقبل کا منظر

سود کی موجودہ شرحوں سے Money مارکیٹ فنڈز میں زیادہ آمد و رفت کی حوصلہ افزائی ہوگی کیونکہ یہ مختصر المیعاد سرمایہ کاروں کے لیے موزوں ترین ہیں جو خطرے کی کم سطح پر رہنا چاہتے ہیں۔ تاہم آئی ایم ایف معاہدے کے بعد خارجی خدشات کم ہو گئے ہیں اور طویل المیعاد سرمایہ کاران بے حد پُرکشش سطحوں پر ایکوٹی میں مزید پیسہ لگانا چاہیں گے۔ ہمارے آپریشنز بلا رکاوٹ جاری رہے، اور ڈیجیٹل رسائی اور آن لائن سہولیات میں بھرپور سرمایہ کاری کے نتیجے میں ہمیں جو سبقت حاصل ہے اس کی بدولت ہم آن لائن دستیاب سرمایہ کاروں کی بڑھتی ہوئی تعداد سے استفادہ کرنے کے لیے تیار ہیں۔

فنڈ کا انتظام ایم سی بی عارف حبیب سیونگز اینڈ انویسٹمنٹس لمیٹڈ (ایم سی بی-اے ایچ) نے سنبھالا ہوا ہے جو ایم سی بی بینک لمیٹڈ (ایم سی بی) کی سبڈری ہے۔ 18 اپریل 2023ء کو ایم سی بی نے عارف حبیب کارپوریشن لمیٹڈ (اے ایچ سی ایل) سے 21,664,167 (30.09 فیصد) حصص خرید لیے جس کے نتیجے میں حصص یافتگی 36,957,768 (51.33 فیصد) سے بڑھ کر 58,620,935 (81.42 فیصد) ہو گئی اور اے ایچ سی ایل اب ایم سی بی-اے ایچ میں حصص کا حامل نہیں۔

چنانچہ کمپنی کے ارکان نے غیر معمولی عمومی اجلاس (ای او جی ایم) مورخہ 07 جولائی 2023ء میں خصوصی قرارداد کے ذریعے فیصلہ کیا ہے کہ کمپنی کا نام ایم سی بی عارف حبیب سیونگز اینڈ انویسٹمنٹس لمیٹڈ سے تبدیل کر کے ایم سی بی انویسٹمنٹ مینجمنٹ لمیٹڈ کر دیا جائے، اور تبدیلیء نام کی رسمی درخواست سیکورٹیز اینڈ ایکسچینج کمیشن آف پاکستان (ایس ای سی پی) کو منظوری کے لیے بھیج دی گئی ہے۔

کے حصول میں بھی مدد ملے گی۔ اس سے مستقبل قریب میں ڈیفالٹ کا خطرہ ٹل گیا ہے، اور ہمیں اُمید ہے کہ قریب المیعاد میں روپے کی قدر مستحکم رہے گی۔

مالی سال 2024ء کی اوسط مہنگائی میں مالی سال 2023ء میں 29.0 فیصد کے مقابلے میں 19.3 فیصد کمی متوقع ہے کیونکہ base effect اپنا کردار ادا کرے گا۔ مہنگائی میں بتدریج کمی متوقع ہے، اور دورانِ مدت زرمبادلہ کے ذخائر میں اضافے کی بدولت دسمبر 2023ء کو ختم ہونے والی سہ ماہی میں مالیاتی تسہیل کی گردش ممکن ہو سکتی ہے۔ مجموعی طور پر اگلے بارہ ماہ میں تقریباً 6 فیصد تسہیل متوقع ہے، تاہم اس کی رفتار اور اس کے وقت کا انحصار زرمبادلہ کے ذخائر کے رجحان پر ہوگا۔

کیپٹل مارکیٹ، خصوصاً ایکویٹیز، کے نقطہ نظر سے مارکیٹ میں سستی valuations پر کاروبار ہو رہا ہے۔ مارکیٹ cap کا جی ڈی پی کے ساتھ تناسب کم ہو کر 7.5 فیصد ہو گیا ہے جو اس کے قدیم اوسط 19.7 فیصد سے 62 فیصد کمی ہے۔ اسی طرح Earning Yield (آمدنی کی پیداوار) میں سے Risk Free Rate (خطرے سے محفوظ شرح) منہا کرنے پر تقریباً 6.0 فیصد بنتا ہے، اور قدیم اوسط 2.7 فیصد سے موازنہ کرنے پر اس بھرپور کمی کا پتہ چلتا ہے جس پر مارکیٹ میں تجارت ہو رہی ہے۔ خارجی اکاؤنٹ کے مسائل حل کرنے سے مارکیٹ کی استعداد سے فائدہ اٹھانے میں مدد ملے گی۔ ہم سمجھتے ہیں کہ اسٹاک اور شعبہ جات کا مجموعی تناظر اہم رہے گا اور سرمایہ کاری کے انتخاب کے لیے اُن کمپنیز پر توجہ مرکوز کی جانی چاہیے جو اپنی اندرونی قدر میں بھرپور کمی پر تجارت کرتی ہیں۔ موجودہ طور پر مارکیٹ میں 4.7x کے PER پر تجارت ہو رہی ہے جبکہ ڈیویڈنڈ کی سطح 11.8 فیصد پر ہے۔

حاملین قرض کے لیے ہم توقع کرتے ہیں کہ بازار زر کے فنڈ سال بھر بلا رکاوٹ پالیسی شرحوں کی عکاسی جاری رکھیں گے۔ ہم ڈیٹا پوائنٹس کی نگرانی اور پُرکشش شرحوں پر اگرم فنڈز میں حکومتی بانڈز شامل کرنے کے مواقع سے استفادہ جاری رکھیں گے تاکہ درمیانی مدت میں متوقع مالیاتی تسہیل سے فائدہ اٹھایا جاسکے۔

بورڈ آف ڈائریکٹرز کی جانب سے الحراء اسلامک انکم فنڈ کے اکاؤنٹس کا جائزہ برائے سال مُختتم 30 جون 2023ء پیش خدمت ہے۔

معیشت اور بازار زر کا جائزہ

مالی سال 2023ء پاکستان کے لیے مشکل سال تھا کیونکہ متعدد مجموعی معاشی مسائل درپیش رہے۔ 2022ء کے مون سون سیلابوں نے بنیادی ساخت، فصلوں اور موسیقیوں کو بہت نقصان پہنچایا اور قیمتی جانیں بھی ضائع ہوئیں۔ عالمی سطح پر ایشیاء کی قیمتوں میں اضافے اور کرنسی کی قدر میں کمی کے باعث مہنگائی کی ایسی لہر آئی جو 1974ء کے بعد سب سے بڑی تھی اور اس کے نتیجے میں سوڈ کی شرحیں بلند ترین سطح پر پہنچ گئیں۔ آئی ایم ایف پروگرام کا آغاز مالی سال کے نصف آخر کے دوران غیر یقینی رہا جس کے باعث سیاسی اور معاشی مسائل سے دوچار حکومت کے لیے سنگین مشکلات پیدا ہو گئیں۔

ملک کی خارجی صورتحال غیر یقینی رہی کیونکہ ایس بی پی کے زرمبادلہ کے ذخائر کم ہو کر 30 جون 2023ء کو 4.5 بلین ڈالر رہ گئے (جو صرف 3 ہفتوں کا درآمداتی cover ہے) جبکہ مالی سال کے آغاز میں 9.8 بلین ڈالر تھے۔

حکومت نے متعدد سیاسی ناپسندیدہ اقدامات اٹھائے، اگرچہ کچھ تاخیر اور ہچکچاہٹ کے ساتھ، مثلاً بجلی اور گیس کی قیمتوں میں اضافہ کیا، روپے کی قدر میں کمی ہونے دی، اضافی ٹیکس عائد کیے اور سوڈ کی شرحوں کو آئی ایم ایف کے مطالبات کے مطابق بڑھا دیا۔ تاہم آئی ایم ایف کے نوں (9th) جائزے کا اسٹاف لیول اگرینٹ (SLA) سال بھر غیر یقینی رہا کیونکہ آئی ایم ایف اور حکومت کے درمیان اتفاق نہیں ہو سکا۔ آئی ایم ایف پروگرام میں تاخیر کے باعث باہمی اور کثیرالجہتی شراکت داروں سے غیر ملکی آمد و رفت میں سُستی آئی جس کے باعث ذخائر کم ہوئے۔ اس کے نتیجے میں روپیہ سنگین دباؤ کا شکار رہا اور مالی سال 2023ء میں ڈالر کی قدر 40 فیصد بڑھ کر 286.0 روپے ہو گئی جو اس کی بلند ترین سطح کے قریب ہے۔

ملک کا کرنٹ اکاؤنٹ خسارہ (CAD) مالی سال 2023ء کے پہلے گیارہ ماہ میں 2.9 بلین ڈالر تھا، جبکہ گزشتہ سال مماثل مدت میں 15.2 بلین ڈالر تھا، یعنی 81 فیصد سال در سال (YoY) کمی ہوئی۔ CAD میں کمی کی سب سے بڑی وجہ کاروباری خسارے میں کمی ہے۔ برآمدات میں 12.2 فیصد کمی اور درآمدات میں 23.9 فیصد کمی کی بدولت کاروباری خسارے میں 33.8 فیصد کمی ہوئی۔ حکومت نے منتخب درآمدات پر درآمداتی کوٹے عائد کر کے انتظامی اقدامات کے ذریعے درآمدات کو قابو میں رکھا۔ تاہم ان اقدامات سے غیر قانونی درآمدات (اسمگلنگ) میں اضافہ ہوا جس کے باعث ترسیلات زر مشتبہ ذرائع کی طرف مائل ہو گئیں۔ علاوہ ازیں، درآمدات پر مضبوط لگام کے نتیجے میں متعدد صنعتوں میں کمی واقع ہوئی اور مجموعی معاشی ترقی متاثر ہوئی۔

ہیڈ لائن مہنگائی، جس کی ترجمانی CPI یعنی صارفین کی قیمت کے انڈیکس سے ہوتی ہے، کا اوسط مالی سال 2023ء کے دوران 29.0 فیصد تھا جبکہ گزشتہ سال مماثل مدت میں 12.1 فیصد تھا۔ ایشیائے خورد و نوش کی قیمتوں میں اضافے کے ساتھ ساتھ بجلی، گیس اور پٹرول کی بڑھتی ہوئی قیمتیں CPI میں اضافے کے عوامل رہے۔ مہنگائی کے دباؤ وسیع پیمانے پر محیط تھے جس کا اظہار بنیادی مہنگائی میں 21.2 فیصد کمی سطح تک اضافے سے ہوا جو گزشتہ مالی سال کے اختتام پر 12.3 فیصد تھا۔ ایس بی پی نے جون 2023ء کی تازہ ترین MPS

Opinion

We have audited the financial statements of **Alhamra Islamic Income Fund** (the Fund), which comprise the statement of assets and liabilities as at June 30, 2023, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund and MCB Arif Habib Savings and Investments Limited (the Fund Manager) in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted by the Institute of Chartered Accountants of Pakistan together with the ethical requirements that are relevant to our audit of the financial statements in Pakistan, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

Management Company is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management Company and Board of Director of the Management Company for the Financial Statements

Management Company is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as the Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

INDEPENDENT AUDITOR'S REPORT TO THE UNIT HOLDERS

Yousuf Adil
Chartered Accountants

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Management Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management Company.
- Conclude on the appropriateness of Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Hena Sadiq.

2.4 Critical accounting estimates and judgements

The preparation of the financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgements and assumptions that affect the reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in the application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and underlying assumptions are reviewed on an ongoing basis.

The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- Classification and measurement of financial assets (notes 3.1 and 5)
- Impairment of financial assets (note 3.1.1.3)
- Taxation (notes 3.4 and 16)
- Classification and measurement of financial liabilities (note 3.1.2.1)
- Contingencies and commitments (note 12)

Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

2.5 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for certain investments which are stated at fair value.

2.6 Functional and presentation currency

Items included in these financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupees which is the Fund's functional and presentation currency. Amounts presented in the financial statements have been rounded off to the nearest thousand rupees, unless otherwise stated.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods in these financial statements.

3.1 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised in the Fund's statement of assets and liabilities when the Fund becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the income statement.

3.1.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2023

3.1.1.1 Classification and measurement of financial assets

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the entity's business model for managing them.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. For purposes of subsequent measurement, financial assets are classified in following categories:

Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in the income statement when the asset is derecognised, modified or impaired.

Financial assets at fair value through other comprehensive income (debt instruments)

For debt instruments at fair value through other comprehensive income (OCI), profit income, foreign exchange revaluation and impairment losses or reversals are recognised in the income statement and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is reclassified to the income statement.

Financial assets at fair value through profit or loss (debt instruments)

Debt instruments that do not meet the amortised cost criteria or the fair value through other comprehensive income criteria are classified as at fair value through profit or loss. In addition, debt instruments that meet either the amortised cost criteria or the fair value through other comprehensive income criteria may be designated as at fair value through profit or loss upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency (so called 'accounting mismatch') that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

The Fund elected to classify all of the equity investments at fair value through profit or loss on initial recognition.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2023

3.1.1.2 Fair value measurement principles

The fair value of financial instruments is determined as follows:

Basis of valuation of government debt securities:

The government debt securities not listed on a stock exchange and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV / PKISRV rates) which are based on the remaining tenor of the securities.

Basis of valuation of debt securities:

The fair value of debt securities (other than government securities) is based on the value determined and announced by Mutual Funds association of Pakistan (MUFAP) in accordance with the criteria laid down in Circular No. 1 of 2009 and Circular No. 33 of 2012 issued by Securities and Exchange Commission of Pakistan (SECP). In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The aforementioned circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

The Fund applies discretion on the effective yield as per the allowable limits in the above mentioned Circulars after the taking into account aspects such as Liquidity Risk, Sector Specific Risk and Issuer Class Risk.

The allowable limits for rated securities for duration upto 2 years is +200/-100 bps and over 2 years is +150/-50 bps. For unrated securities the allowable limits +50 bps.

3.1.1.3 Impairment of financial assets

Management Company assesses at each reporting date whether there is objective evidence that the Fund's financial assets or a group of financial assets are impaired. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognised whenever the carrying value of an asset exceeds its recoverable amount.

SECP / Commission through its letter no. SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 has deferred the applicability of the impairment requirements of IFRS 9 for debt securities on mutual funds. Therefore, the Fund will not be subject to the impairment provisions of IFRS 9.

For financial assets other than debt securities measured at amortised cost, IFRS 9 requires recognition of impairment based on expected credit loss (ECL) model. Under IFRS 9, the Fund is required to measure loss allowance equal to an amount equal to lifetime ECL or 12 months ECL based on credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Management Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Fund's historical experience and informed credit assessment and including forward-looking information.

However, majority of the assets of the Fund exposed to credit risk pertain to counter parties which have high credit rating or where credit risk has not been increased since initial recognition. Therefore, management believes that the impact of ECL would be very minimal and hence, the same has not been accounted for in these financial statements.

3.1.1.4 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Fund's statement of assets and liabilities) when:

- the rights to receive cash flows from the asset have expired; or
- the Fund has transferred its rights to receive cash flows from the asset and substantially all the risks and rewards of the asset;

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2023

3.1.2 Financial liabilities

3.1.2.1 Classification and measurement of financial liabilities

All financial liabilities are measured subsequently at amortised cost using the effective interest method or at fair value through profit or loss.

Financial liabilities are measured at amortised cost, unless they are required to be measured at fair value through profit or loss (such as instruments held for trading or derivatives) or the Fund has opted to measure them at fair value through profit or loss.

3.1.2.2 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the income statement.

3.1.3 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

3.2 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value.

3.3 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.4 Taxation

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

3.5 Dividend distribution and appropriations

Dividend distributions and appropriations are recorded in the period in which these are approved by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders.

Distributions declared subsequent to the year end / reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2023

3.6 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load and any provision for duties and charges, if applicable. The sales load is payable to investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, and charges on redemption, if applicable.

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

3.8 Revenue recognition

- Gain or loss on sale of investment is accounted for in the income statement in the period in which it arises.
- Unrealised gain / loss arising on revaluation of investments classified as 'at fair value through profit or loss' is included in the income statement in the period in which it arises.
- Income / profit from investments in sukuks, government securities, certificate of musharka, bai mujjal and commercial paper is recognised on a time proportionate basis using effective interest rate method.
- Profit on bank balances is recognised on a time proportionate basis using bank's approved rates.
- Dividend income is recognised when the right to receive the dividend is established.

3.9 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company, Trustee fee and annual fee of the SECP are recognised in the income statement on an accrual basis.

3.10 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2023

11.1 Federal Excise Duty and related tax payable

The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) with effect from June 13, 2013. As the asset management services rendered by the Management Company of the Fund were already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund, the Management Company was of the view that further levy of FED was not justified.

On September 4, 2013, a Constitutional Petition was filed in the Honorable Sindh High Court (SHC) jointly by various asset management companies, together with their representative Collective Investment Schemes through their trustees, challenging the levy of FED.

On July 16, 2016, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, the provision for FED made prior to this period has been maintained by the Fund which at June 30, 2023 aggregates to Rs. 11.667 million (2022: Rs. 11.667 million). Had the provision for FED not been recorded in the financial statements of the Fund, the net assets value of the Fund as at June 30, 2023 would have been higher by Re. 0.281 per unit (June 30, 2022: Re. 0.249 per unit).

12. CONTINGENCIES & COMMITMENTS

12.1 Contingencies

As reported in the annual audited financial statements of the Fund for the year ended June 30, 2022, on December 17, 2020, the Federal Board of Revenue (FBR) issued an Order u/s 122 (5A) of the Income Tax Ordinance (ITO), 2001 for the Tax Year 2018 thereby raising a net tax demand of Rs. 41 million. The Management Company on behalf of the Fund filed appeal before Commissioner Inland Revenue –Appeals (CIRA) and has also obtained stay order from the Sindh High Court against the tax demanded by Commissioner in Assessment Order.

On February 24, 2022, Appellate Order was passed by CIRA whereby the Assessment Order issued by ACIR has been remanded back by CIRA. Since then no notice/ Order has yet been issued from FBR.

12.2 Commitments

There were no commitments outstanding as at June 30, 2023 and June 30, 2022.

16. TAXATION

The Fund's income is exempt from income tax as per clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income available for distribution for the year as reduced by capital gains whether realised or unrealised is distributed amongst the unit holders by way of cash dividend. Furthermore, as per regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulation, 2008, the Fund is required to distribute 90% of the net accounting income available for distribution other than capital gains to the unit holders in cash. The Fund is also exempt from the provision of Section 113 (minimum tax) under Clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. 18. FAIR VALUE OF FINANCIAL INSTRUMENTS

IFRS 13 - 'Fair Value Measurement' establishes a single source of guidance under IFRS for all fair value measurements and disclosures about fair value measurement where such measurements are required as permitted by other IFRSs. It defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the close of trading i.e. period end date. The estimated fair value of all other financial assets and financial liabilities is considered not significantly different from book value as these are short term in nature.

The following table shows financial instruments recognised at fair value, based on:

- Level 1:** quoted prices in active markets for identical assets or liabilities;
- Level 2:** those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- Level 3:** those with inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The following table show the carrying amount and fair values of financial assets and financial liabilities including the levels in the fair value hierarchy.

19. FINANCIAL RISK MANAGEMENT

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2023

19.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices.

Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Board and the regulations laid down by the SECP, the NBFC Regulations and the NBFC Rules.

Market risk comprises three types of risk: currency risk, profit rate risk and price risk.

19.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. At present, the Fund is not exposed to currency risk as all the transactions are carried out in Pakistan Rupees.

19.1.2 Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2023, the Fund is exposed to such risk on its balances held with banks, government securities and sukuk certificates. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

As of June 30, details of Fund's profit bearing financial instruments were as follows:

	Note	June 30, 2023 ----- (Rupees in '000) -----	June 30, 2022 -----
Variable rate instruments (financial asset)			
Balances with banks	4	1,502,321	1,834,486

a) Sensitivity analysis for variable rate instruments

As at June 30, 2023, the Fund holds KIBOR based sukuks certificates, Government Ijara Sukuk and profit based balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase/decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher/lower by Rs 31.261 million (2022: Rs 48.06 million).

b) Sensitivity analysis for fixed rate instruments

As at June 30, 2023, the Fund holds Term Deposit Receipt which are fixed rate instruments, however these do not expose the Fund to fair value profit rate risk. In case of 100 basis points increase / decrease in rates announced by the Financial Market Association of Pakistan (FMAP) on June 30, 2023, the net income for the year and net assets would be lower / higher by Rs. 5.55 million (2022: Rs. 2.52 million).

The composition of the Fund's investments may change over time. Accordingly, the sensitivity analysis prepared as at June 30, 2023 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

- Pakistan Income Fund
- Alhamra Wada Fund Plan VII
- Alhamra Islamic Money Market Fund

20.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. Since the Fund is not allowed to invest in equity securities, hence it is not exposed to equity price risk.

20.2 Credit risk

Credit risk represents the risk of loss if counterparties fail to perform as contracted. The Fund is exposed to counter party credit risks on investment in sukuk certificates, term deposit receipt, profit receivables, other receivables, security deposit and balances with banks. The credit risk for Fund is limited because the counterparties are financial institutions with reasonably high credit ratings.

The Fund has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. This information is supplied by independent rating agencies, where available, and if not available, the Fund uses other publicly available financial information and its own trading records to rate its major customers. The Fund's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

Credit risk from balances with banks and financial institutions is managed in accordance with the Fund's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are approved by the Board of Directors. The limits are set to minimise the concentration of risk and therefore mitigate financial loss through potential counterparty failure.

The Fund's maximum exposure to credit risk is the carrying amounts of following financial assets.

	June 30, 2023		June 30, 2022	
	Balance as per statement of assets and liabilities	Maximum exposure	Balance as per statement of assets and liabilities	Maximum exposure

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2023

Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investments in Government securities of Rs. 560 million (2022: 980 million) including profit receivable on such government securities of Rs. 41.65 million (2022: 16.41 million) is not exposed to credit risk.

The analysis below summarizes the credit rating quality of the Fund's financial assets as at June 30, 2023.

Above ratings are on the basis of available ratings assigned by PACRA and VIS Credit Rating Company Limited (Formally JCR-VIS Credit Rating Company Limited) as of June 30, 2023.

Security deposits

Deposits are placed with Central Depository Company of Pakistan Limited (CDC) and National Clearing Company of Pakistan Limited (NCCPL) for the purpose of effecting transaction and settlement of listed securities. It is expected that all deposits with CDC will be clearly identified as being assets of the Fund, hence management believes that the Fund is not materially exposed to a credit risk with respect to such deposits.

Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit-worthy counterparties thereby mitigating any significant concentration of credit risk.

Settlement risk

The Fund's activities may give rise to risk at the time of settlement of transactions. Settlement risk is the risk of loss due to the failure of counter party to honour its obligations to deliver cash, securities or other assets as contractually agreed. Credit risk relating to unsettled transactions in securities is considered to be minimal as the Fund uses brokers with high creditworthiness and the transactions are settled or paid for only upon delivery using central clearing system.

20.3 Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting its obligations arising from its financial liabilities that are settled by delivering cash or other financial assets or that such obligations will have to be settled in a manner disadvantageous to the Funds. Liquidity risk also arises because of the possibility that the Fund could be required to pay its liabilities earlier than expected. The Fund is exposed to cash redemptions of its units on a regular basis. Units are redeemable at the holder's option based on the Fund's applicable redemption price calculated in accordance with the Fund's constitutive documents and guidelines laid down by the SECP.

Units of the Fund are redeemable on demand at the holder's option, however, the Fund does not anticipate significant redemption of units.
