27 more contract dengue virus in 24 hours

Staff Reporter

As many as 27 more dengue cases were reported in Rawalpindi during the last 24 hours, raising the tally of confirmed cases to 1,992 in the district.

District Coordinator Epidemics Prevention and Control (DCEPC), Dr Sajjad Mehmood, Tuesday said that, among the new cases, ten of each case had arrived from Potohar town urban and Municipal Corporation Rawalpindi area, five from Chaklala Cantonment and one from Gujjar Khan area.

He said 101 patients were admitted to district hospitals of which 72 were confirmed cases while 1,919 positive patients were discharged after treatment.

DrSajjad informed that the district administration had registered 37 FIRs, issued tickets to 11, sealed one premise, and a fine of Rs 200,500 was imposed against the violations of dengue SOPs during the last 24 hours.

During indoor surveillance, in the previous 24 hours, the teams checked 16,759 houses and found larvae in 547 homes. Similarly, he added that while checking 6,352 places, the teams found larvae at 93 sites during outdoor surveillance.

He added that district health facilities had allocated 228 beds for dealing with the dengue patients while three admitted patients were in critical condition.

Backlog of unprinted passports reaches 600,000 in Islamabad office

Staff Reporter

The backlog of unprinted passports has reached 600,000 in an Islamabad passport office as the printing of urgent and normal passports has come to a halt due to the unavailability of the lamination paper which is yet to be imported despite the assurance of the interior ministry.

The urgent passports, that are available within a week, could not be printed for two months due to the lack of the lamination paper.

People who intend to perform Umrah have also been faced with difficulties due to the passport backlog.

Those who intend to go abroad on work visas and the students going abroad for study have also been faced with difficulties due to the passport backlog.

The interior ministry had assured to start the printing of passports on Monday last.

The interior minister had also asked the passport director general to resolve the issue immediately.

Informed sources have said that the purchase of the lamination paper has been completed, and it is yet to come to Pakistan.

The printing of passports will start within 24 hours of receiving the lamination paper.

The sources have also said that the passport office is likely to receive the lamination paper within the next 48 hours

OIC urged to take strong stance on Israel's bombardment of Palestine

Staff Reporter

Pakistan Ulema Council Chairman Hafiz Muhammad Tahir Mahmood Ashrafi on Tuesday said it was almost 10th day that Israel was continuously doing bombardment on Palestine and particularly on Gaza causing causalities of innocent people of all ranks including women, children and civilians.

Talking to media persons, he said due to inhuman policies of Israel, the Palestinian people were suffering from shortage of food, water, medicines and other necessities of life adding that trucks carrying relief goods were queuing at the border of Egypt but, Israel was not giving permission to enter them in the territory. Ashrafi urged the Organization of Islamic Cooperation (OIC) to take a solid stance on the issue of Palestine in its meeting scheduled to be held on Wednesday.

He said Pakistan's Foreign Affairs Minister Ambassador Jalil Abbas Jillani was leaving for OIC's meeting expressing hope that he would make significant development on this issue. He said the Muslim world should not be silent spectator anymore and devise an effective strategic plan to deal with this long-standing issue with collective efforts in letter and spirit on permanent basis.

He said the entire Muslim Ummah was united under the leadership of Kingdom of Saudi Arabia as it the centric point of all faithful around the world and moreover, it was at the helm of affairs of the OIC.

Ashrafi lamented that in the United Nations Security Council, the resolution presented by Russia could not be passed as it aimed to stop the war between Palestine and Israel on the humanitarian grounds.

He said it was a good omen that Russia and China were standing by the stance of Muslim countries on the issue of Palestine. He further said the United States (US) President Joe Biden was making an extraordinary wartime visit to Israel this week as he sought to demonstrate staunch support for the country. Beside other Muslim leadership, he appreciated the Saudi Crown Prince Mohammad bin Salman for demanding to stop the Israel's aggression on Palestine in his recent meeting with US Secretary of State Antony Blinken.

PTI chairman's cell in Adiala Jail 'extended'

Staff Reporter

The cell of incarcerated Pakistan Tehreek-e-Insaf (PTI) chairman Imran Khan was extended in Adiala Jail. The PTI chairman requested the special court judge about the extension in his jail cell in Adiala Jail during the last hearing of the case.

The jail cell of the PTI chairman has been 'extended' to almost 60 feet from 35 feet on the orders of the special court judge Abu Alhasnat, who is hearing cipher case against the former prime minister in the prison.

In today's hearing former chairman Imran Khan and former foreign minister Shah MahmoodQureshi were to be indicted but the judge deferred their indictment for a week.

During today's hearing, the copies of challan in the case were given to the suspects of the cipher case.

The former prime minister made two more requests from the judge in today's hearing including for homemade food and a cycle for workouts, the sources said. Judge Hasnat reportedly said the provision of food in jail is the responsibility of jail authorities while he issued a provision of the cycle to the former prime minister as per jail manual.

Afghan education delegation visits IIUI

Staff Reporter

An official Afghan delegation headed by Dr. Nazar Muhammad Irfan, Director of Foreign Affairs and Scholarships, Ministry of Higher Education, Afghanistan, visited International Islamic University (IIU) on Tuesday where it discussed bilateral cooperation in education and also met with Afghan students.

The delegation also included Dr. Rafiullah Ata, Chancellor of Afghan International Islamic University (AIIU), Abdul Hai Kaiwaan, Dean of Engineering Faculty AIIU, Nisar Ahmed Zahid Dean of Agriculture Faculty AIIU who was accompanied by Jehanzeb, Project Director HEC and Waqar Khan, Project Manager, HEC, said a press release.

The delegation was given a detailed briefing about the IIUI's profile, vision and future goals by Director Academics and Examination Prof. Dr. Muhammad Khan.

On this occasion, possibilities of the joint faculty exchange and research programs were discussed. It was agreed that ways to exchange experiences and training-related projects shall be deliberated.

On the occasion, Dr Nazar Muhammad Irfan said that education is the top priority of the Afghan government and it is working day and night to improve higher education.

He said the Afghan government is eager to welcome capable faculty members who can help in building recently established departments in various fields of education.

Dr. Rafiullah Atta, Chancellor of AIIU said, the visit is aimed at building institutional linkages with the leading Pakistani universities and IIUI has a very noble name across the Muslim world as most of the IIUI Afghan graduates are on the key posts in Afghanistan.

The delegates opined that collaboration with IIUI will help in broadening the exposure of Afghan students.

Unregulated industrially produced Trans-fats in dietary contribute to Pakistan's burgeoning health crisis

Staff Reporter

For ensuring good health and quality life, it is important to follow healthy practices. One of the contributors to unhealthy lifestyle is the use of Trans-fatty acids (iTFAs), which is commonly found in most brands of banaspati ghee, cooking oils, bakery shortenings, bakery ware, processed foods, and several types of snacks such as chocolates, ice-creams, biscuits, etc. This has long been a silent contributor to Pakistan's burgeoning health crisis. The TRANSFORM Pakistan coalition believes that stricter regulations on industrially produced trans-fatty acids (iTFAs) content in food products can play a pivotal role in saving lives and enhancing the overall health of the Pakistani nation.

According to recent data an estimated $2640 million was expended on diabetes management only in 2021 in Pakistan. Similarly, if iTFAs are not effectively regulated with other policy actions like reduction in the consumption of sugar and salt in the diet, 62 million Pakistanis are projected to be living with diabetes by 2045. According to the World Health Organization (WHO), high iTFA intake is linked to the huge burden of cardiovascular and other non-communicable diseases (NCDs) in Pakistan. Alarmingly, Pakistan is among the top countries with the highest iTFA-induced mortality rates.

On this World Food Day, the TRANSFORM Pakistan coalition, comprising the Pakistan Youth Change Advocates (PYCA), Center for Peace and Development Initiatives (CPDI), Ministry of National Health Services Regulations and Coordination (MoNHSRC), Global Health Advocacy Incubator (GHA), Heart File, and other partners, came together to spotlight the regulation of industrially produced trans-fatty acids (iTFAs) in dietary sources.

"Recent years have seen some welcome progress. For instance, in 2023, the Pakistan Quality and Standards Control Authority (PSQCA) has placed a mandatory limit of 2 per cent on some major food items including banaspati ghee. However, many food sources still remain uncovered and that is where the challenge lies," stated Afshar Iqbal, spokesperson for PYCA.

The TRANSFORM Pakistan coalition is calling upon the PSQCA and food authorities to take swift action in setting limits of iTFAs to no more than 2 percent in all foods across Pakistan. They highlight the successful implementation of similar policies in other countries, such as Denmark, where iTFAs were virtually reduced from food products, resulting in a significant decline in heart diseases.

Mr. Mukhtar Ahmed, Executive Director of CPDI, stated, "We believe that transparency in labeling, monitoring, and public awareness

Pakistan's top literary awards to be Announced tomorrow

Staff Reporter

The Pakistan Academy of Letters (PAL) will announce the country's top literary awards, the "Life Time Achievement Awards-2021" and the "National Literary Awards for 2021," on Thursday.

The "Life Time Achievement Award" is the country's most prestigious literary award, and is conferred upon a writer for their lifelong literary services. The award comes with a cash prize of Rs 1 million.

The award is decided by a panel of eminent and respected writers and intellectuals from across the country.

The "National Literary Awards for 2021" will also be announced at the ceremony, and are given to the best books published in Urdu, Sindhi, Pashto, Punjabi, Balochi, Seraiki, Brahvi, Hindko, and English during the year 2021. The award for each category is Rs 200,000.

The PAL awards are considered to be the highest honor in Pakistani literature, and are eagerly awaited by writers and readers alike.

The announcement of the awards is a major event in the Pakistani literary calendar, and is often accompanied by much fanfare and excitement.

یورپی یونین سزائے موت کے خلاف کیوں؟

یورپی یونین کا خیال ہے کہ سزائے موت زندگی کے ناقابل تنسیخ حق کی خلاف ورزی ہے

سزائے موت کے خاتمے کی تحریک 125 رکن ممالک تک پہنچنے سے زور پکڑ گئی ہے

انسانی تاریخ میں ابتداء سے ہی سزا اور جزا کا تصور چلا آرہا ہے اور اس تصور کو تمام دنیا کے تمام ادوار اور تمام قوموں میں ایک مسلمہ حیثیت حاصل رہی ہے۔ 20ویں صدی کے اختتام تک سزائے موت تقریباً تمام دنیا میں دی جاتی تھی اور اس سزا کو معاشرے میں امن وامان کے قیام اور قانون کی حکمرانی کے لیے بنیادی کلیدی اہمیت کا حامل سمجھا جاتا رہا ہے لیکن اس کے بعد انسانی سوچ میں ایک تبدیلی آئی ہے اور اب 21ویں صدی میں بہت سارے ممالک یہ سوچ اختیار کر رہے ہیں کہ سزائے موت سے دور رہا جائے ان کا خیال یہ ہے کہ یہ ایک ماضی کی نشانی ہے جس کو ختم ہو جانا چاہیے اور موجودہ دنیا میں سزائے موت کی کوئی جگہ نہیں ہے۔

یورپی یونین کا موقف ہے کہ سزائے موت زندگی کے ناقابل تنسیخ حق کی خلاف ورزی کرتی ہے اور انسانی وقار سے مطابقت نہیں رکھتی۔ سزائے موت جرم کی روک تھام کے لیے موثر ثابت نہیں ہوتی اور انصاف کی کسی بھی قسم کی لغزش کو ناقابل واپسی بناتی ہے۔ بہرحال اسلامی لحاظ سے سزائے موت کو شرعی حیثیت حاصل ہے اور قرآن اور حدیث کے مطابق کئی جرائم ایسے ہیں جن کی سزا اسلامی قوانین کے تحت موت ہی رکھی گئی ہے۔

پر کام کر رہی ہے۔ دی Unfathomable [illegible] کے قتل کی ورچوئل زندگی دکھاتا ہے جو اپنے خاندان کے 8 افراد کو قتل کرنے کے الزام میں سزائے موت کا سامنا کر رہا ہے۔ مہمانوں میں یورپی یونین کے ممالک کے سفیروں اور سفارت کاروں کی ایک کثیر تعداد بھی تھی [illegible] نے پاکستان میں سزائے موت کے خاتمے کی حمایت کے عزم کا اعادہ کیا۔
