SELECTED NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD ENDED 30 SEPTEMBER 2023

1. THE COMPANY AND ITS OPERATIONS

1.1 At-Tahur Limited ("the Company") is a public limited Company incorporated in Pakistan on 16 March 2007 under the Companies Ordinance, 1984 (Now Companies Act, 2017). The Company was incorporated as a private limited Company and subsequently converted into a public limited Company with effect from 28 September 2015. On 23 July 2018, the Company was formally listed on Pakistan Stock Exchange Limited. The principal activity of the Company is to run dairy farm for the production and processing of milk and dairy products. The registered office of the Company is situated at 182-Abu Bakar Block, New Garden Town, Lahore.

2. BASIS OF PREPARATION

- **2.1** These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:
 - International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
 - Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 These condensed interim financial statements do not include all the information and disclosures required in annual financial statements and should be read in conjunction with the annual audited financial statements of the Company for the year ended 30 June 2019. These condensed interim financial statements are unaudited, however, have been subjected to limited scope review by the auditors and are being submitted to the shareholders as required by the Listed Companies (Code of Corporate Governance) Regulations, 2019 and Section 237 of the Companies Act, 2017.

3. ACCOUNTING POLICIES

The accounting policies and methods of computations adopted for the preparation of these condensed interim financial statements are the same as applied in the preparation of the preceding annual audited published financial statements of the Company for the year ended 30 June 2023.

3.1 CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of these condensed interim financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

During preparation of these condensed interim financial statements, the significant judgments made by the management in applying the Company's accounting policies and the key sources of estimation and uncertainty were the same as those that applied in the preceding annual audited published financial statements of the Company for the year ended 30 June 2023.

During the period, the Company produced approximately 5,630,503 (30 September 2022: 5,638,741) gross litres of milk from these biological assets. As at 30 September 2023, the Company also held 11 (30 June 2023: 22) immature male calves.
- 7.3 The valuation of dairy livestock as at 30 June 2023, has been carried out by independent valuers. In this regard, the valuers examined the physical condition of the livestock, assessed the key assumptions and estimates and relied on the representations made by the Company as at 30 June 2023. Further, in the absence of an active market of the Company's dairy livestock in Pakistan, market and replacement values of similar livestock from active markets in Europe and Australia, have been used as basis of valuation by the independent valuers. The cost of transportation to Pakistan is also considered.

10. RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL INSTRUMENTS

(i) Fair value hierarchy

Certain financial assets and financial liabilities are not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts. Judgements and estimates are made in determining the fair values of the financial instruments that are recognised and measured at fair value in these financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company classify its financial instruments which are required to be grouped into these levels. These levels are explained as under:

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives, trading and available-for-sale securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

11. RECOGNIZED FAIR VALUE MEASUREMENTS - NON-FINANCIAL ASSETS

(i) Fair value hierarchy

Judgements and estimates are made for non-financial assets that are recognized and measured at fair value in these financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its non-financial assets into the following three levels.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the period. Further, there was no transfer in and out of level 3 measurements.

(ii) Valuation techniques used to determine level 2 fair values

The fair value of these assets is determined by independent valuers. Fair value of biological assets has been determined using a replacement cost approach, whereby, current cost of similar dairy cattle in the international market has been adjusted for transportation costs to arrive at fair value.

Valuation processes

The Company engages external, independent valuers to determine the fair value of the Company's biological assets at the end of every year. As at 30 June 2023, the fair value of the biological assets was determined by M/s Profarm Pakistan (Private) Limited and M/s Andersen Consulting (Private) Limited.

Changes in fair values are analysed between the chief financial officer and the valuers. As part of this discussion the team presents a report that explains the reason for the fair value movements.
