- Syed Shahid Ali is the sponsor Director & major shareholder of Treet Corporation Limited
- He is the CEO of Treet Corporation Limited since 1995
- The composition of the Board is as follows:

The total number of Directors are **Seven** according to following classification

Category	Name of Directors
Independent Director	i. Ms. Sidra F. Sheikh ii. Dr. Haroon Latif Khan
Executive Directors	i. Mr. Syed Sheharyar Ali ii. Mr. Syed Shahid Ali
Non-Executive Directors	i. Mr. Imran Azim ii. Mr. Munir Karim Bana iii. Dr. Salman Faridi

Male Director	06
Female Director	01

A collection of grooming products arranged on a dark, textured surface. The items include a black comb, a shaving brush with a dark handle and light-colored bristles, a safety razor with a black handle and a silver head, a small bottle of shaving cream, a larger bottle of shaving cream, a small bottle of aftershave, a small jar of shaving cream, and a small container of shaving cream. The products are arranged in a circular pattern, with the shaving brush and safety razor being the central focus. The background is a dark, textured surface, possibly stone or concrete.

Treet Corporation Limited

We have highest market share of blades & razors in Pakistan and exporting to 45+ countries across the globe in 6 continents.

Domestic Market Share

We have highest market share, with 80% share of blades & 60% share of razors in Pakistan.

Export Presence

We are exporting to 45+ countries across the globe in 6 continents

Production Capacity

Our plants have the capacity to produce 2.23 Billion units (Blades + Razors) per year

Shaving Foam

Treet is set to introduce a new line – “Treet shaving foam”.

Batteries

100% Maintenance Free Battery Range

MF Battery Range: 28 Ah to 100 Ah

Deep Cycle Battery Range

EB Battery Range: 80 Ah to 220 Ah

Heavy Automotive Battery Range

Range: 85 Ah to 190 Ah

Car Batteries – Sealed “100% Maintenance Free” Battery

New Expanded Grid Plate of Punch Type

- Improves corrosion resistance
- Ensures longer life at high temperatures.
 - Minimizes self discharge
 - Improves cold cranking.
- Makes grid dimensions uniform and maximizes electrical flow.

Microfiber and Special Tissue

- Non woven fabric of polyester is applied in order to strongly support the activity material on the grid
- Improves the starting power and ensures greater life cycle

Pasted Cured Plates

- Strong pasting of activity materials to prevent internal short circuit.
- Enhances anti-vibration.

Envelope Separator for Low Electrical Resistance

- Enhances Starting Power
- Prevents Short Circuits on Plates
- Improves Vibration Durability

Various models are available from 28Ah to 100Ah for several vehicles from 650cc to 4,000cc

Storage Batteries for Solar Systems & UPS – Specialized Deep Cycle Battery

- Several models available ranging from amperage 80Ah ~ 220Ah
- Specially designed for Solar Systems and UPS. Deep discharge rate of Deep Cycle Technology battery gives the longest backup time and lasts longer than ordinary batteries
- These specialized batteries come with 1 year Free Replacement warranty and is best suited for UPS/Solar Systems in homes, offices and industries.

Treet Group

The history of Ali Group dates back to pre-independence days, when the highly dynamic personality of **Sir Syed Maratib Ali** envisioned the importance of trade and industry in the sub-continent. He expanded his agricultural business into trading and industrial partnerships. Soon after the independence of Pakistan in 1947, business activities were further developed as an industrial conglomerate now known as Treet Group and its associated companies.

TREET GROUP

Plan 2023-24

01

Deleveraging the Group

- Reprofilng to Short term Debt in to long term Rs. 1.5mn
- TCL has strategically planned to reduce its excessive short-term debt in order to create more fiscal space on its balance sheet.
- As per our Debt retirement plan, raising capital through right issue is in process, which is expected to be completed by January 2024.

02

LAUNCH OF NEW PRODUCTS – TCL

TREET is going to launch two new product this year.

- Shaving Foam
- Twin Blade Rubberize handle Razor

03

FURTHER CAPACITY ENHANCEMENT – HYGIENE RAZOR - TCL

- After enhancement of the hygiene razor capacity by 16% during FY 2022. Further capacity is also being evaluated considering the high demand of Hygiene razors.
- Installation of Solar system

LAUNCH OF NEW VARIANT – TREET BATTERY LIMITED

04

We are planning to launch a 70 AH open top backup battery to cater the requirement of smaller backup systems. Our target market for this battery will be areas of Sindh, KPK and Baluchistan with weak electricity infrastructure.

05

CAPACITY ENHANCEMENT – RENACON

New production facility of Renacon at FEDMIC is underway, completion is expected in FY 2024. This production facility will enhance the production capacity from 2.4 million to 17.4 million sessions. Estimated cost to complete the project is 1,043 million.
