DIRECTORS' REPORT

On behalf of the Board, I am pleased to present financial results for the first quarter ended December 31, 2023

| Operational Highlights | December 2023 | December 2022 |
|----------------------------|---------------|---------------|
| Crushing - M. Tons | 475,923 | 335,080 |
| Sucrose Recovery | 10.38% | 10.17% |
| Sugar Production-M.Tons | 47,655 | 32,458 |
| Molasses production-M.Tons | 19,692 | 14,048 |

| Financial Highlights | December 2023 | December 2022 |
|----------------------|-----------------|-------------------|
| | (Rupees in Thou | isand except EPS) |
| Turnover | 1,946,541 | 2,321,903 |
| Sales tax | 294,026 | 283,272 |
| Gross Profit | 453,566 | 102,116 |
| Finance Cost | 83,575 | 66,018 |
| Profit before tax | 505,816 | 317,056 |
| Net Profit after tax | 474,121 | 289,363 |
| Earnings per share | 6.33 | 3.86 |

Crushing campaign 23-24 started earlier than last year which explains why the production for the period is more than the previous year. However as we have previously stated the first quarter's results do not accurately reflect the ongoing campaign as we still don't have clarity on total production and thus cost of production.

Following factors were primarily responsible for our 1st Quarter results:

- Turnover showed improvement compared to same quarter of last year largely due to carryover sugar. Bulk of opening inventory was sold during the quarter thus contributing to better gross margin.
- Sucrose recovery was 10.38% compared to 10.17% of the same period last year.
- Molasses prices have been 20% higher than the previous year due to strong demand for molasses for exports as well as ethanol production.
- Company's realized / unrealised capital gain from the equity portfolio amounted to Rs. 353.40 million as compared to a loss of Rs. 32.72 million in the same period last year.
- Dividend income from equity investments improved to Rs.18.70 million as compared to Rs. 16.28 million last year.

- Finance costs increased because of more crushing than last year as well as an
 increase in sugarcane rate which resulted increase in seasonal borrowings.
 KIBOR, during this period have also been at its peak.
- Share of profit from Unicol Limited reduced drastically. This was primarily due to a reduction in ethanol prices as well as repair / maintenance expenses and finance cost of long term loan of the sugar Divison.

SEASON 2023-2024

Season 2023-24 began with a 700,000 Tons carryover stock in the country. The minimum support price was increased to Rs.425 per 40 kgs from Rs.302 per 40 kgs showing an increase of 41%.

As an industry the price increase was welcomed to allow sugarcane to compete with other crop prices. However the price announced in Punjab and KP was Rs. 400 per 40 kgs which was 33% higher than last year. The difference of Rs.25 per 40 kgs in the same country puts the Sind industry at a natural disadvantage.

Our cane survey suggested a 15-20 percent decline in the total area under cultivation in our planted region. This was primarily due to lower sugarcane plantation due to the devastating flood of 2022. However the farm yields have been very good and much of this acreage decline has been compensated by that.

Sugarcane harvesting and pricing commenced smoothly. However, the market has become aggressive and sugarcane prices started soaring in the middle of the crushing season. Prices for sugarcane presently are Rs. 500 to Rs. 525 per 40 kgs in our operational region.

With sugarcane prices 50-60 percent higher than the previous season sugar prices would also need to increase in line to pass through the cost of high sugarcane payments made to the farmer. It will however be difficult to pass through all of it since financial costs are also extremely high and sugarcane is paid promptly within a week while sugar has to be distributed monthly till the start of the next crushing season.

As a mill, we anticipate a similar crushing as we did in the last year. This will enable us to cover our fixed expenses. In addition, improvement in by-products pricing and volume should help to boost the bottom line. However, as previously mentioned, sugar prices will have a significant impact on financial results and it is important that they are maintained with increases in sugarcane prices.

We also have witnessed very good cane plantations in September/October 2023. Thus In season 2024–2025, increased plantation in February and September 2023 is anticipated to yield a bumper crop. Additionally, this would create an opportunity for export potential which would remain very lucrative since sugar in Pakistan trades at a discount to international prices. It would also allow sugarcane and thus sugar prices to remain manageable which is also important for the industry and our country.

UNICOL LIMITED

The Company's profitability decreased to Rs. 32 million during the period from Rs. 1.05 Billion for same period last year. This decline is attributable to the reduction of selling prices on the global market as well as significant repair and maintenance

expenses at the sugar division and financing expenses stemming from the long-term loan taken out to purchase the sugar mill. With time both these expenses shall reduce.

We anticipate that both ethanol and sugar operations will operate optimally in the coming season. However lower margins on ethanol this year as well as first year Operations at the sugar Divison will mean margins will remain subdued.

The Company is working to ensure that supplies of molasses are procured for the year at reasonable prices. But a precise understanding of profitability can only be anticipated with the passage of time.

FUTURE OUTLOOK

As plantation has shown a rising trend, we are expecting an improved output during the season 2024–25. In addition, our investments in the farm sector to sow quality cane seed is also expected to bring results. We are motivating our farmers to improve the plantation by providing them seed and fertilizer inputs on interest free loans. We sincerely look forward for a better crop next year. Even though our sucrose recovery was not as per our expectations, Mehran's production should increase due to greater contribution from early maturing varieties and the procurement of sugarcane in close proximity to the mills, which reduces cut to crush time.

Unicol Limited will strive to remain robust and capitalise on its new acquisition.

Since we make regular cane payments during the 90–100 days crushing period, the interest rate scenario is concerning. Sales of sugar are distributed throughout the year, though, and financial costs were high both last year and this year. We hope that the anticipated lower rates do follow through in the second half of the year as this would help reduce the cost of production of sugar.

We will have a better idea of our profitability for the year in the upcoming quarters, but as of this report's writing, our crushing in January seems to be proceeding as planned, and we expect to meet our sugar production goals. As was previously mentioned, the government announced a favorable policy for sugarcane; however, in order to achieve price equilibrium for both sugar and sugarcane, an improved sugar market is now essential.

We remain cautiously optimistic for the year ahead.

For and on behalf of the Board of Directors

Ahmed Ebrahia

ہے کہ ہم اگلے سال بہتر فصل حاصل کر سکیں گے۔ ہماری سکروزریکوری اس سال، ہماری توقع سے کم ہے تاہم ہمیں امید ہے کہ ہماری پیداوار بہتر ہوگی جس کی وجہ ہماری جلد تیار ہونے والی فصل کی کرشنگ اور اپنے قریبی علاقوں سے خریداری ہے جس کی وجہ سے گئے کی کٹائی اور کرشنگ کا دورانیہ کم ہو جاتا ہے۔

اُمید ہے کہ یو نیکول بہتر نتائج کے لئے کوششیں جاری رکھے گا اور نئی حاصل کی گئی شوگر مل سے اپنے منافع کو بہتر کرے گا۔

چونکہ ہم گئے کی او نیگی سیزن کے 100-90 دنوں کے اندر کرتے ہیں جبکہ چینی کی فروخت پورے سال جاری رہتی ہے جس کی وجہ سے ہمیں بینکوں سے قرضہ حاصل کرنا پڑتا ہے جس پر بھاری سود کی ادائیگی کی جاتی ہے۔ ہمیں امید ہے کہ اس سال کی دوسر می ششاہی میں سود کی شرح میں کی واقع ہونا شروع ہوجائے گی جس سے امید ہے کہ چینی کی پیداواری لاگت میں کی واقع ہوگی۔

آنے والی سہ ماہی میں ہم اپنے سالانہ منافع پر کوئی رائے قائم کر سکیں گے تاہم ہماری اب تک کی کرشنگ ہماری توقعات کے مطابق ہے جس سے امید ہے کہ ہم اپنا پیداواری ہدف حاصل کر لیس گے۔ جیسا کہ پہلے بھی ہم نے کہا ہے کہ حکومت کی جانب سے گئے کے کاشٹکاروں کے لئے ایک اچھی پالیسی دی گئی ہے تاہم گئے کی قیمت اور چینی کی قیمتوں میں توازن پیدا کرنے کے لئے چینی کی قیمتوں میں اضافہ ناگزیر ہے۔

ہم اس سال مزید بہتری کے لئے پر امید ہیں۔

از طرف بورڈ آف ڈائر یکٹر ز

<u>سمه طلطه</u> محرد حسین باشم دُائر یکشر احداراتيم باشم ديف الزيتيم باشم

کراچی-27 جنوری 2024

پچھلے سال کی نسبت اس سال گئے کی ٪50 سے ٪60 اضافی لاگت کو چینی کی قیمتوں میں اضافہ سے پورا ہونا چاہیے جو کہ بہت مشکل ہے خاص طور پر مالیاتی اخراجات کو چینی کی قیمتوں میں شامل کرناجو کہ بہت زیادہ ہیں جس کی وجہ گئے کی فوری ادائیگی (قرضوں سے) ہے جبکہ چینی کی فروخت پورے سال جاری رہتی ہے۔

بطور صنعت ہم تو تع رکھتے ہیں کہ اس سیز ن کے کرشنگ کے اعداد وشار کم و بیش پچھلے سیز ن کی کرشنگ کے اعداد وشار کے مطابق ہیں رہیں گے، کرشنگ کے اعداد وشار کے مطابق ہیں رہیں گے، کرشنگ کے اہداف کا حصول، پیداوری لاگت میں ہونے والے بھاری اضافے کو ایڈ جسٹ کرنے میں مدد گار ہو گااس کے علاوہ بگاس اور مولیسس کے جم میں اضافہ اور ان کی بہتر قیت بھی اس کمی کو پوراکرنے کا باعث ثابت ہو گ تاہم، جیسا کہ پہلے ذکر کیا گیا، چینی کی قیمتوں کا مالیاتی نتائج پر نمایاں اثر پڑے گا اور صنعت کے منافع بخش رہنے کے لئے سے ضروری ہے کہ گئے کی قیمت میں بھی گئے کی قیمت کے تناسب سے ضروری ہے کہ گئے کی قیمت کی تناسب سے اضافہ کیا ہو۔

ستجر اوراکتوبر 2023 میں گئے کی کاشت کے رقبہ میں بہت اچھااضافہ دیکھنے میں آیا ہے جبکہ توقع ہے کہ فروری اور مارچ 2024 میں بھی گئے کی فصل میں دلچین کو ہر قرار رکھنے میں میں بھی گئے کی فصل میں دلچین کو ہر قرار رکھنے میں معاون ثابت ہوگی، اس تمام صور تحال کو مد نظر رکھتے ہوئے ہم سیزن 25-2024 کے لئے ایک بمپر فصل کی توقع کر سکتے ہیں مزید ہراں اس طرح کی فصل کے حصول سے چینی کی پیداوار میں اضافہ ہو گا اور بیاضافہ بر آمدات کے مواقع فراہم کرے گا جو کہ ملک اور چینی کی صنعت کے لئے منافع بخش ثابت ہو گا کیونکہ چینی کی بین الا قوامی مارکیٹ میں قیت، مقامی مارکیٹ کے مقال ہے میں ایس جبی کی بیراواری لاگت کی ادائیگی میں مقال کے ایک مراک کے ایک درماد لہ حاصل ہونے والی رقم نہ صرف چینی کی بیماری پیداواری لاگت کی ادائیگی میں مقال کے لئے زرماد لہ حاصل کرنے کا بھی بہتر بن ذریعہ ثابت ہو گی۔

يونی کول

اس مدت میں کمپنی کے منافع میں کمی واقع ہوئی اور میہ 32 ملین روپے رہا۔ جبکہ پچھلے سال اسی مدت کے دوران 1.05 بلین روپے تھا۔ اس کمی کی وجہ عالمی منڈی میں ایستھنول کی قیمتوں میں کمی کے ساتھ ساتھ شوگر ڈویژن میں مرمت اور دیکھ بھال کے اخراجات اور نئی شوگر ملز کی خریداری کے لیے حاصل کئے گئے طویل مدتی قرض کے مالیاتی اخراجات (سود) ہیں۔ وقت کے ساتھ یہ دونوں اخراجات بتدریج کم ہوتے رہیں گے۔ کمپنی ترجیحی بنیادوں پر یہ کوشش کر رہی ہے کہ پورے سال کی مولیسس کی ضروریات کو مناسب قیت پر خریداری کرلی جائے تاہم منافع کا اندازہ وقت گزرنے کے ساتھ لگایاجا سکتا ہے۔

مستقبل كامنظرنامه

جیسا کہ گئے کی کاشت میں اضافہ دیکھا گیاہے، ہمیں امید ہے کہ 25-2024 ایک بہتر سال ہو گا، کاشٹکار پر ہماری سرمایہ کاری سے بھی نتائج میں بہتری متوقع ہے۔ ہم اینے کاشٹکار کو نیج اور کھاد کے لئے بلاسود قرضہ فراہم کررہے ہیں جس سے ہمیں امید

- مولیسس کی قیمت میں اس سال ب²0 اضافہ ریکارڈ کیا گیا جس کی وجہ مولیسس کے بر آمد کنندگان کی طرف سے مانگ میں اضافہ اور اس طرح اینتھنول بنانے والی کمپنیوں کی جانب سے بھی اس کی مانگ میں اضافہ ہوا۔
- سمپنی کو حصص کی خرید و فروخت کی مدییں اس سه ماہی میں ادراک شدہ اور غیر حاصل شدہ 353.40 ملین روپے کا مجموعی منافع ہوا جبکہ گذشتہ سال اسی مدت میں 32.72 ملین روپے نقصان ہوا تھا۔
- حصص پر کمپنیوں کی جانب سے تقسیم کئے گئے منافع میں خاطر خواہ اضافہ ہوا، اور یہ 18.70 ملین روپے رہاجو کہ
 چھلے سال 16.28 ملین روپے تھا۔
- مالیاتی اخراجات میں اضافہ ہواجس کی وجہ پچھلے سال کی اسی مدت میں کے مقابلے میں زیادہ کرشنگ اور گئے کی قیمتوں میں اضافہ کی وجہ سے زیادہ قرضہ حاصل کرناہے، شرح سود بھی اس وقت اپنی انتہا پر ہے۔
- یونیکول کی جانب سے موصول ہونے والے منافع میں بہت زیادہ کمی واقع ہوئی جس کی بنیادی وجہ ایتھنول کی قیمتوں میں کمی، نئی خریدی گئی شو گر ملز کی مر مت اور بحالی (Maintenance) کے اخراجات اور اس کی خرید اری کیلئے لئے گئے قرضوں پر بھاری شرح سود کی ادائیگی ہے۔

سيزن 24-2023

ملک میں سیزن 24-2023کا آغاز پچھلے سال کے 700,000 ٹن چینی کے ذخیرے کے ساتھ ہوا۔ حکومت سندھ نے گئے کی کم از کم امدادی قیمت 302روپے فی 40کلو گرام سے بڑھاکر 425روپے فی 40کلو گرام کر دی، بیاضافہ 41 فیصد ہے۔

اس بھاری اضافے کا بھی ہم نے بطور صنعت خوشد لی سے خیر مقدم کیا تا کہ گئے کی فصل دوسری فصلوں کے مقابلے میں کاشتکار کے لئے پر کشش رہے تاہم پنجاب اور کے پی کے حکومتوں نے گئے کی کم از کم امدادی قیمت 400روپے فی 40 کلو گرام کر دی ایک ہی ملک میں 25روپے فی 40 کلو گرام کے نمایاں فرق کی وجہ سے سندھ کی ملوں کی لاگت مقابلتاً زیادہ ہوئی۔

سیز ن سے پہلے گئے گئے سروے کے مطابق گئے کی کاشت میں پچھلے سیز ن کے مقابلے میں 15 سے 20 فیصد کمی ریکارڈ کی گئی جس کی بنیادی وجہ 2022کا تباہ کن سیاب تھا تاہم بہتر فی ایکڑ پیداوار نے اس کمی کو بہت حد تک یوراکر دیا۔

سیزن کا آغاز گئے کی مناسب مقدار میں فراہمی اور حکومت سندھ کی جانب سے طے کر دہ قیمت 425روپے فی 40 کلو گرام کے ساتھ ہوا، تاہم کرشنگ سیزن کے وسط میں ہی گئے کی قیمت تیزی سے بڑھنے لگی جس کے باعث ملوں کے در میان مسابقت کا ربحان پید ابوااور گئے کی قیمتوں بہت زیادہ اضافہ ہو گیا، تادم تحریر دستیاب گئے کی قیمتیں 500 سے 525روپے فی 40 کلو گرام کے در میان ہیں جن میں مزید اضافے کے امکان کورد نہیں کیاجا سکتا۔

ڈائر یکٹر زربورٹ

31 دسمبر 2023 کوختم ہونے والی پہلی سہ ماہی کے مالی نتائج اور ان پر تبصر ہ پیش خدمت ہے۔

سیزن 24-2023 پچھلے سیزن کے مقابلے میں جلد شروع ہوا، جس کی وجہ سے اس مدت کی پیداوار پچھلے سال کی اسی مدت سے پچھے زیادہ ہے ، جیسا کہ پہلے بھی بیان کر چکے ہیں کہ پہلی سہ ماہی کے نتائج سے مجموعی نتائج کا درست اندازہ نہیں لگایا جا سکتا کیونکہ مجموعی پیداوار اور اس کی لاگت ابھی واضح نہیں ہے۔

بنیادی عوامل جو اِن نتائج کا سبب ہیں۔

- پچھلے سال کے چینی کے ذخائر کی اس سہ ماہی میں فروخت کی وجہ سے بنیادی منافع کی شرح میں اضافہ ریکارڈ کیا گیا۔
 - سکروزر یکوری ۱۵.38رئی جو که پچھلے سال ۱0.17 تھی

CONDENSED NOTES TO THE INTERIM FINANCIAL STATEMENTS

for the period ended December 31, 2023 (Un-Audited)

1. THE COMPANY AND ITS OPERATIONS

Mehran Sugar Mills Limited (the Company) was incorporated in Pakistan as a public limited company in December 1965 under the repealed Companies Act, 1913. The shares of the company are quoted on Pakistan Stock Exchange Limited. The Company is principally engaged in the manufacturing and sale of sugar and its by-products.

2. BASIS OF PREPARATION

2.1 STATEMENT OF COMPLIANCE

These condensed interim financial statements have been prepared with the accounting and reporting standards as applicable in Pakistan for financial reporting. The accounting and reporting standards as applicable in Pakistan comprise of International Financial Reporting Standards (IFRS) issued by International Accounting Standard Board (IASB) as notified under Companies Act, 2017 (the Act) and, provisions of and directives issued under the Act. Where the provisions of and directives issued under the Act differ from the IFRS standards, the provisions of and directives issued under the Act have been followed.

2.2 ACCOUNTING CONVENTION

These condensed interim financial statements have been prepared under the historical cost convention except for short-term investments which are carried at fair value, investment in associates calculated using equity method of accounting, biological assets carried at fair value less costs to sell and staff gratuity carried at present value of defined benefit obligation and market committee fee payable recorded at present value.

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted in the preparation of these condensed interim financial statements are consistent with those followed in the preparation of the Company's annual financial statements for the year ended September 30, 2023.
