Directors' Review

The Directors are pleased to announce the results of the Company for the half year ended December 31, 2023.

OPERATIONAL & FINANCIAL REVIEW

Production and sales figures for the half year ended December 31, 2023 are as follows:

	<u>July-Dec.</u> <u>2023</u>	Tons	<u>July -Dec.</u> 2022
Clinker Production	1,235,869	1013	853,319
Cement Production	681,700		736,363
Cement Dispatches - Local - Export	644,860 36,824		661,023 77,326
	681,684	Ĺ	738,349
Clinker Dispatches - Export	528,834		88,822
Total Dispatches	1,210,518	=	827,171
Clinker Capacity Utilization	86%		59%

Industry Review

The year 2023-24 started on a promising note, however, during the 2 QY 2023-24, the local sales was affected owing to unstable economic and political conditions in the country. During the 2nd quarter, the local sales declined by 12% as compared to 2nd Quarter of last year and as a result the half year ended December 31, 2023 witnessed a meager growth of only 1% as compared to same period last year.

Because of lower local dispatches, the cement industry shifted towards low priced export sales of both cement and clinker in order to achieve a decent capacity utilization. As a result export sales in volumetric terms increased by 110% as compared to corresponding period in volumetric terms.

Sales Review

Local cement sales remained stagnant during the first half of the year due to uncertain political conditions and higher interest rates which resulted in diversification of investment from real estate sector to interest based instruments. Accordingly, local dispatches declined by 2% as compared to last year.

The Company was, however, able to export around 565,658 M tons which is higher by 240% as compared to same period last year. This was mainly due to availability of surplus capacity which led the Company to penetrate in the regional markets despite having a lower net retention but still yielding positive contribution margins. As a result the Company achieved 86% capacity utilization.

Financial Review

The net sales revenue of the Company increased by Rs 4.3 billion (41%) over corresponding period. Even though the overall dispatches increased by 46% as compared to same period last year, the overall net retention (both cement & clinker) reduced by Rs 448 per ton (4%) primarily due to higher volumetric share of exports in overall sales volume which increased to around 47% as compared to 20% in same period last year.

During the period under review production cost per ton has decreased by Rs. 195 per ton (2%) as the global coal prices showed some weaknesses and it helped the Company in reduction of its fuel cost. However, said reduction was completely offset by massive increase in power tariff and other inflationary increases in raw materials, transportation and other ancillary costs.

The continuous increase in production cost was partially passed on to local market consumers by way of price increase and accordingly net retention of cement in local market increased by 14% as compared to average net retention achieved in last fiscal year. However, the prices in the international market remained under pressure due to stiff competition from other players of Pakistan, Indonesia and Vietnam. Accordingly, the prices of clinker and cement in regional markets remained under pressure. The management prudently restricted the export sales of both cement and clinker to only those customers in export markets who were able to match the minimum threshold of prices set by the Company to achieve a decent contribution margin.

Accordingly the gross margins reduced to 19% from 20%, and operating margins reduced to 7% from 11% as compared to same period last year.

Divestment in Subsidiary

As reported earlier, the Company has successfully executed the process of transfer of first lot of 9,000,000 shares of its subsidiary Company in Basra, Iraq. The share transfer was completed on July 27, 2023 and revised Memorandum of Association has been duly endorsed by the Registrar of Joint Stock Companies, in Baghdad, Iraq.

As a result of this transfer, the Company no longer holds controlling interest in Saqr Al Keetan Basra, Iraq and hence the remaining shareholding i.e. 9,000,000 shares have been reported under the head "Investment held for divestment" in associated Company.

The Company has now recognized a sum of Rs. 2,197 million in the financial statements of the 1HY 2023-24 on account of divestment which represents exchange difference, non-competition fee and consideration against loss of control as referred in the note 12 and 19 of the accounts. Consequently, the net profit after tax has been reported at Rs. 2,040 million.

PROGRESS ON PROJECT

Line-IV Project

Cold commissioning of line IV has commenced and management anticipates that the plant would be ready for commercial production any time during first Quarter of 2024.

DIRECTORS' VIEW ON AUDITORS' QUALIFICATION

The Board of Directors have reviewed the qualified conclusion as reported by the auditors in their review report and considers it important to share the following clarification with its shareholders in respect of the classification of gain on Company's balance investment in its associated company M/s. Saqr AI Keetan (SAK) for Cement Production Company Limited. The Board has carefully reviewed the status of the share Sale & Purchase Agreement which is to be implemented in multiple tranches. Only one tranche has taken place yet and the other two are likely to be closed towards the end of 2024. The major portion of the gain thus far is due to devaluation of PKR against US\$ and considering the volatile economic and financial condition of Pakistan particularly the exchange rate. The Board considers it prudent that the unrealized gain on remaining divestment proceeds in SAK must be recognized under the head of other comprehensive income instead of Statement of Profit or Loss. The Board is of the considered view that only upon completion of share transfer in accordance with the share Sale & Purchase Agreement dated May 26, 2023 & applicable laws of Islamic Republic of Iraq and the receipt of entire divestment proceeds in Pakistan, the actual gain shall be recognized in Statement of Profit or Loss in the relevant periods. This is in line with the practice adopted by the Company in its annual accounts for the year ended June 30, 2023.

04 Attock Cement Pakistan Limited

FUTURE OUTLOOK

It seems that political uncertainty shall remain for the time being and it would continue to impact the markets and investments climate at least in the medium term. The country's economic stability is contingent upon its ability to secure the new IMF program as the current stand by program would expire in March, 2024. The immediate challenge for the new Government will be conclusion of new program as soon as possible so that economic uncertainty is cleared and both the economic managers of the country and Pakistan's corporate sectors have the clear idea about the future course of actions.

The growth of cement sector largely depends upon the interest rates. If the Central Bank continues to observe tight monetary policy then investment in local real estate sector shall remain subdued and as a result the desired levels of volumetric growth in cement dispatches may not be achieved. Besides this, the heavy burden of both direct and indirect taxes on the sector and continuous rise in power tariff would keep the margins under check in next 1-2 quarters.

Your Management is assessing the situation regularly and adopting the measures to keep the rising costs under control through initiating cost saving projects and adopting austerity measures in day to day operations.

ACKNOWLEDGMENT

The Company deeply acknowledges and recognizes the efforts put in by both the management and non-management staff and offers its sincere thanks for their continuous support. The Company also recognizes the cooperation that it has been constantly receiving from both Federal and Provincial Governments, local administration, law enforcing agencies, regulatory bodies, customers, bankers and suppliers.

On behalf of the Board

BABAR BASHIR NAWAZ Chief Executive

INDEPENDENT AUDITOR'S REVIEW REPORT

TO THE MEMBERS OF ATTOCK CEMENT PAKISTAN LIMITED REPORT ON REVIEW OF INTERIM FINANCIAL STATEMENTS

Introduction

We have reviewed the accompanying condensed interim statement of financial position of Attock Cement Pakistan Limited (the Company) as at December 31, 2023 and the related condensed interim statement of profit or loss and other comprehensive income, condensed interim statement of changes in equity, condensed interim statement of cash flows, and notes to the condensed interim financial statements for the half year then ended (here-in-after referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of these interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these interim financial statements based on our review.

The figures of the condensed interim statement of profit or loss and other comprehensive income for the quarters ended December 31, 2023 and 2022 have not been reviewed, as we are required to review only the cumulative figures for the half year ended December 31, 2023.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As disclosed in note 12 to the condensed interim financial statements, the Company has recognised investment in its associated company arising out of loss of control of the subsidiary at fair value as required by the applicable accounting and reporting standards in Pakistan. The resulting gain on disposal of subsidiary is recognized partially in profit or loss and the remaining in other comprehensive income. Had the gain on disposal of subsidiary been recognised entirely in the statement of profit or loss as required by the applicable accounting standards, the gain on disposal of subsidiary and resulting tax charge for the half year ended would have been higher by Rs. 2,134.56 million and Rs. 832.48 million respectively. Accordingly, profit after tax for the half year ended December 31, 2023 would have been higher by Rs. 1,302.08 million and other comprehensive income would be lower by the same amount. Consequently, Company's earnings per share for the half year then ended would have been higher by Rs. 9,47.

Qualified Conclusion

Based on our review, with the exception of the effect on the condensed interim financial statements of the matter described in the preceding paragraph, nothing has come to our attention that causes us to believe that the accompanying interim financial statements are not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

The engagement partner on the review resulting in this independent auditor's report is Syed Muhammad Hasnain.

Selected notes to and forming part of the condensed Interim Financial Statements

For the half year ended December 31, 2023 - Unaudited

1. THE COMPANY AND ITS OPERATIONS

1.1 The Company was incorporated in Pakistan on October 14, 1981 as a public limited company and is listed on Pakistan Stock Exchange. Its main business activity is manufacturing and sale of cement. The registered office of the Company is at D-70, Block-4, Kehkashan-5, Clifton, Karachi. The Company's cement manufacturing plant is located in Tehsil Hub, District Lasbella, Balochistan. The Company also has a representative / liaison office in Dubai, UAE, to explore business opportunities in the growing markets of Middle East and Africa.

The Company is a subsidiary of Pharaon Investment Group Limited Holding S.A.L., Lebanon.

1.2 As mentioned in note 12, the Company does not hold majority shares in Saqr Al Keetan for Cement Production Company Limited, Basra, Iraq, therefore, Consolidated Financial Statements have not been prepared in accordance with the accounting and reporting standards as applicable in Pakistan.

2. BASIS OF PREPARATION

These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017,
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

These condensed interim financial statements do not include all the information required for full financial statements and should be read in conjunction with the annual audited financial statements for the year ended June 30, 2023.

2.1 Changes in accounting standards, interpretations and pronouncements

a) Standards and amendments to approved accounting and reporting standards that are effective

There are certain amendments and interpretations to the accounting and reporting standards which are mandatory for the Company's annual accounting period which began on July 1, 2023. However, these do not have any significant impact on the Company's financial reporting.

b) Standards and amendments to approved accounting and reporting standards that are not yet effective

There are certain amendments and interpretations to the accounting and reporting standards that will be mandatory for the Company's annual accounting periods beginning on or after July 1, 2024. However, these will not have any impact on the Company's financial reporting and, therefore, have not been disclosed in these condensed interim financial statements.

14 Attock Cement Pakistan Limited

3. ACCOUNTING POLICIES

The accounting policies adopted in the preparation of these condensed interim financial statements are the same as those applied in the preparation of the annual audited financial statements of the Company for the year ended June 30, 2023.

4. ACCOUNTING ESTIMATES, JUDGEMENTS AND FINANCIAL RISK MANAGEMENT

The preparation of these condensed interim financial statements requires management to make estimates, assumptions and use judgements that affect the application of policies and reported amounts of assets and liabilities and income and expenses. Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including reasonable expectations of future events. Revisions to accounting estimates are recognised prospectively commencing from the period of revision.

Judgements and estimates made by the management in the preparation of these condensed interim financial statements are the same as those that were applied to financial statements as at and for the year ended June 30, 2023.

The Company's financial risk management objectives and policies are consistent with those disclosed in the financial statements as at and for the year ended June 30, 2023.

12.	INVESTMENT - HELD FOR SALE - DIVESTMENT	December 31, 2023 (Rupees	Audited June 30, 2023 5 '000)
	Investment in subsidiary - note 12.1 Investment in associate - note 12.2	3,297,762 3,297,762	1,823,001 - 1,823,001

12.1 The Company entered into a Share Purchase Agreement (SPA) dated May 26, 2023 for the divestment of its entire shareholding of 18,000,000 shares in subsidiary SAKCPCL (60% owned) to Mr. Abdul Lateef Mohsin Al Geetan and M/s. Lamassu Babylon General Trading (Buyers) at a total consideration of US\$ 23.4 million. The divestment of the entire shareholding of 18 million shares is agreed to occur in three tranches, details of which are specified in note 14 to the unconsolidated audited financial statements for the year ended June 30, 2023.

During the period, the transfer of shares against first tranche (30% shareholding) was completed with the Registrar office in Baghdad, Iraq on July 27, 2023 on which date revised Memorandum of Association along with revised shareholding certificate of SAKCPCL were issued.

The partial disposal (30% shareholding) of subsidiary has resulted in loss of control and, accordingly, the remaining investment is measured at fair value on the date of loss of control and the gain related to the fair value of associate has been recognized in other comprehensive income (note 21).

12.2 This represents 30% investment in SAKCPCL which is classified as held for sale as the management has made effective arrangement to dispose the associate within twelve months.

26. FAIR VALUE OF THE FINANCIAL INSTURMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique.

As at December 31, 2023, the estimated fair value of all financial assets and financial liabilities are approximate to their carrying values, as the items are either short term in nature or periodically repriced, except for short term investments which are carried at level 2 of fair value hierarchy.

The Company classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

24 Attock Cement Pakistan Limited

a) Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).

- b) Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- c) Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

There were no transfers between level 1, 2 or 3 of the fair value hierarchy during the period.

The table below analyses financial instruments carried at fair value by valuation method.

	Level 1	Level 2	Level 3 s in '000	Total
As at December 31, 2023				
Investments - fair value through profit or loss		1,001,457	-	1,001,457
As at June 30, 2023				
Investments - fair value through profit or loss		1,804,815		1,804,815

27. NON-ADJUSTING EVENTS AFTER REPORTING DATE

The Board of Directors of the Company in their meeting held on February 5, 2024 have declared an interim cash dividend of Rs. 2.50 (December 31, 2022: Rs. Nil) per share for the year ending June 30, 2024 amounting to Rs. 344 million (December 31, 2022: Rs. Nil). These condensed interim financial statements do not include the effect of above interim dividend which will be accounted for in the subsequent period.

28. DATE OF AUTHORISATION FOR ISSUE

These condensed interim financial statements were approved and authorised for issue by the Board of Directors of the Company on February 5, 2024.
