#### Item No. 6

To grant approval for increase in fee to the Chairman / Non-Executive Directors/Independent Directors for attending the Board and Board Committees / Special Committees meetings. In term of Section 170 of the Companies Act, 2017 and as per Para 2(i)of Regulation G-14 of the Corporate Governance Regulatory Framework of the State Bank of Pakistan, the bank may pay a reasonable and appropriate remuneration to the Non-executive Directors and Chairman for attending the Board and/or Committee meetings. The scale of remuneration to be paid to the non-Executive Directors and Chairman for attending the Board and / or Committee meetings shall be approved by the Shareholders on a pre or post facto basis in the Annual General Meeting (AGM).

Previously, on the recommendation of the Board, the shareholders in its 32nd AGM held on March 30, 2023, had approved an increase in Directors' fee for attending Board and Committee/Special Committee meetings to Rs.100,000/- (net of taxes).

Since the workload of Directors has increased manifolds after the introduction of the Code of Corporate Governance and other regulatory frameworks which require their time and efforts. Therefore, the Board was of the opinion that the Non-Executive Directors and Chairman need to be compensated accordingly.

After due consideration, the Board of Directors in its 182nd meeting held on October 27, 2023 recommended increase in Directors' fee for attending Board/Board Committee/Board Special Committee's meeting to Rs.200,000/- (net of taxes) and Rs.250,000/- for the Chairman (net of taxes).

In terms of Para 2(i) of Regulation G-14 of the Corporate Governance Regulatory Framework of the State Bank of Pakistan, Post-facto approval of the shareholders of the Bank is sought for the above mentioned increase in fee.

The following resolution is therefore, being proposed to be passed as an Ordinary Resolution by the shareholders:

"RESOLVED that the Board hereby approves an increase in Directors' fees for attending Board, Committee, and Special Committee meetings at PKR 200,000 (net of taxes) for Directors and 250,000 for the Chairman (net of taxes) and recommends the same for post-facto approval by the shareholders at the Annual General Meeting."

#### Item No. 7

To consider and, if thought fit, to pass following Resolutions as Ordinary Resolutions, with or without amendments, modifications and/or alterations, to approve circulation of the annual balance sheet and profit and loss account, auditor's report and directors' report, etc. ("annual audited financial statements") to its members through QR enabled code and web link as recommended by the Board of Directors of the Bank of Khyber.

SECP, vide its notification No. SRO 389(I)/2023 dated March 21, 2023, have allowed the listed companies to circulate the annual balance sheet and profit and loss account, auditor's report and directors' report, etc. ("annual audited financial statements") to its members through QR enabled code and web link to its members, subject to approval of shareholders in the general meeting. This facility will help all members, wherever they are located, to get an access to the financial statements of the Bank. Secondly, it will also reduce unnecessary expenditure for making CDs etc. Besides, it was noted that most new computers do not have CD ROM as well, which was causing problems for many members.

Considering technological advancements and old technology becoming obsolete, the circulation of annual audited financial statements through CD/DVD/USB will be discontinued. However, the Bank will supply the hard copies of the annual audited financial statements to the shareholders on demand, free of cost, within one week of such demand. If deemed fit, following resolutions may be passed, as Ordinary Resolutions, with or without modifications.

- i. RESOLVED THAT Management is authorized to circulate/send the annual audited financial statements of the Bank of Khyber to the shareholders, through QR enabled code and web link, subject to the requirements of Notification No. S.R.O. 389(1)/2023 of Securities & Exchange Commission of Pakistan dated 21st March 2023 instead of CD/DVD/ USB.
- ii. FURTHER RESOLVED THAT notice of general meeting be dispatched to members, as per the requirement of the Companies Act, 2017, on their registered address, containing the QR code and the web link address to view and download the annual audited financial statements together with the reports and documents required to be annexed hereto under the Act.
- iii. FURTHER RESOLVED THAT the Bank shall provide hard copy of all the future annual audited financial statements to those members only who request in writing to receive hard copies.

# **Chairman's Review**

# On behalf of the Board of Directors, I am pleased to present the Annual Report of the Bank of Khyber for the year ended December 31, 2023.

The year 2023 was marked by global economic challenges, including slow growth, inflationary pressures, and geopolitical tensions. In Pakistan, the economic landscape was further complicated by political uncertainty, tight monetary policies, and elevated inflation rates, exacerbated by global economic conditions.

Despite these challenges, the Bank of Khyber remained steadfast in its commitment to delivering innovative and value-added financial products and services in both Conventional and Islamic banking sectors. Our focus remained on enhancing digital banking capabilities, empowering customers to conduct banking transactions conveniently through mobile and online platforms.

Furthermore, the Bank continued its efforts towards fulfilling its social responsibility by supporting various initiatives aimed at promoting sports, youth development, and aiding underprivileged segments of society. Our Squash Talent Hunt Program, designed to identify and nurture young squash players, has been instrumental in providing coaching, dietary support, and sponsorships for tournaments. Additionally, we have extended our support to a promising young tennis player, facilitating his participation in tournaments.

As Directors, we recognize the significance of sound governance in ensuring the efficient operation of the Bank. We are committed to upholding ethical and professional standards, adhering to applicable laws and regulations, and providing effective oversight to management.

To this end, the Board has established subcommittees to oversee key areas such as risk management, audit, information technology, and human resources. These committees play a crucial role in aligning the Bank's strategic objectives with operational practices, thereby enhancing transparency and accountability.

Looking ahead, despite the prevailing challenges, we remain steadfast in our commitment to achieving new milestones and serving our customers with excellence. We will continue to prioritize customer needs, innovate our products and services, and strive for operational excellence.

I extend my sincere gratitude to our customers and shareholders for their trust and support, to the State Bank and regulatory authorities for their guidance, and to our dedicated employees for their hard work and dedication.

On behalf of the Board of Directors, we look forward to a promising future filled with growth and prosperity.

Syed Imtiaz Hussain Shah Chairman

#### **Economic Review**

During the year domestic economy faced severe challenges coupled with political instability, high international fuel & commodity prices, and bludgeoning trade deficit exerted immense pressure on foreign exchange reserves resulting in significant depreciation of PKR against USD which in turn contributed towards high inflation. Delay in reaching an agreement with the IMF for release of the next tranche resulted in major uncertainty about Pakistan's ability to meet its foreign financial obligations.

Apart from the above, the year 2023 remained volatile for the country, with persistent inflationary pressures, driven by factors such as rising food and energy prices, currency depreciation, supply chain disruption, and structural inefficiencies, High inflation eroded purchasing power, particularly low-income households. The economy has struggled with a fiscal deficit where government expenditures exceeded revenue which led to reliance on borrowing, both domestically and externally contributing to growing debt levels.

In the backdrop of this scenario, the Bank of Khyber remained committed to its role of a progressive bank by providing customers with innovative and value-added financial products and services in Conventional and Islamic banking.

#### **Performance Review**

Under the challenging and competitive operating environment owing to the delicate economic activities, the Bank sustained its focus towards a long-term multi-pronged strategy, driven towards continuous augmentation of innovative technologybased service offerings to customers through enhancing digital platforms, strengthening risk management, and optimizing operating efficiencies.

The Bank in these hard times has managed to demonstrate healthy financial performance however, the fragile economic conditions, and subdued business activities resulted in impaired repayment capacity of certain businesses and obligors which in turn, deteriorated the infection ratio. In order to control the portfolio infection, management has put in place strong risk management policies and procedures and making strenuous recovery efforts against NPLs.

The Bank's profit before tax was recorded at Rs. 6,702 million against Rs. 920 million in the previous year thereby registered significant growth of 629%. Profit after tax for the same year stood at Rs. 3,481 million against Rs. 455 million last year which translates into earnings per share of Rs. 3.16 against Rs. 0.41 in 2022.

With a sizeable increase, the net mark-up / interest income during FY-2023 stood at Rs. 13,893 million as compared to Rs. 7,149 million in the corresponding year. Non-markup / interest income increased due to increase in foreign exchange income and stood at Rs. 2,109 million as compared to Rs. 1,385 million in the previous year.

At the year-end, total deposits stood at Rs. 289,292 million in comparison with Rs. 248,906 million as of December 31, 2022. Investments have been re-profiled and stood at Rs. 223,348 million as compared to Rs. 173,669 million as of December 31, 2022.

The asset base of the Bank increased as compared to the previous year amount of Rs. 344,984 million and stood at Rs. 383,186 million as of December 31, 2023.

#### **Risk Management Framework**

The Bank emphasizes maintaining high-risk management standards to ensure that the risks being faced by the Bank are properly identified, assessed and appropriate mitigation tools are adopted keeping in view their nature, degree and concentration. Since an effective risk management framework demands the active involvement of Board of Directors (BoD) and senior management in the formulation and oversight of risk management process, a robust governance structure exists at the Board and Management levels which provide strategic direction. The BoD has approved overall business strategies and policies including those related to managing and taking risks. BoD also ensures that senior management is fully capable of managing activities that they undertake during course of business.

The Board has formed a specialized Board's Risk Management Committee ("BRMC") to oversee the risk management activities. The BRMC held regular meetings as per the given mandate and thoroughly reviewed primary risks including, inter-alia, Credit, Market, Liquidity and Operational. In addition, the BRMC also took stock of other material items such as follow up and management of non-performing accounts, interest rate environment, and afforded guidance in the management of risk assets portfolio vis-à-vis capital. At the senior management level, the Bank has dedicated committees which include the Head Office Credit Committees, Management Risk Committee (MRC) and Assets Liability Committee ("ALCO"). These committees discharge their responsibilities in accordance with their respective terms of reference.

Risk Management structure at the Bank has been founded in line with regulatory requirements and in line with industry best practices. The structure fundamentally ensures independence of risk from business functions to avoid conflict of interest and fosters better control environment. While the branches initiate business propositions for financing or investment and FI limits, the relevant support officials at the Head Office, conducts detailed analysis of these proposals before they are forwarded to Credit Risk Management Department for consideration. Credit Risk Management Department takes into account various factors such as borrowers' business dynamics, financial position, industry outlook and guality of collateral for evaluation and form the basis of onward recommendation to the approving authority. Under credit risk management policy, adequate procedures and limits are defined for ensuring that risk remains within the boundaries set by the BoD.

Market, Liquidity, Operational, Environmental, and Country risks are being looked after by the Enterprise Risk Management Division (ERMD). A proper reporting framework has been put in place for timely reporting of various market and liquidity risks to ALCO members. ERMD is also responsible for updating the Market Risk Management (MRM) Framework encompassing Asset Liability Management, Interest Rate Risk in Banking and Trading Book coupled with Treasury Investments and Equity portfolio monitoring against defined Risk tolerance limits.

There is also a well-defined reporting framework that has been put in place for reporting of Operational Risk. ERMD conducts Risk Control Self-Assessment (RCSA) workshops which assess documented process flows of various banking transactions taking place in day-to-day functioning of the Bank for inherent and residual risks. An Automated solution/ software for Operational loss incident reporting is in place and can be accessed by every employee of the Bank for reporting of control breaches leading to losses. Operational Loss Data also helps the Bank in taking corrective measures for various control lapses identified in it. Due to ever increasing importance of environmental hazards and their related impact on the overall ecosystem, the environmental risk management desk is working to minimize effluents, emissions, wastes, resource depletion, etc., arising out of its own activities or that of its customers in line with SBP requirements. The bank has also developed a robust environmental risk management system including but not limited to environmental risk avoidance list, categorization of environmental risks of different industries, environmental due diligence checklists and environmental risk covenants.

The Bank continues to closely monitor market developments – especially the interest rate environment, volatility of FX rates, and appropriately realigned business strategy to control downside on the bank's balance sheet. In this regard the Training Division of HRD Group has arranged various trainings in Training Center of the bank and nominated sizable number of staff members for trainings arranged by NIBAF and other Islamic banking training Organization. However, SB is of the view that a comprehensive Islamic banking training plan may be developed for each year to enhance the knowledge of related staff and ensure compliance of SBP instructions in this regard. The SCD also conducted sessions, Group discussions with IBBs during visits for Shariah Compliance Reviews/Inspections.
- » The level of awareness, capacity and sensitization of the staff, and the management for Shariah Compliance remained very satisfactory.

### Conclusion

Based on the well-structured Shariah Compliance framework, ongoing monitoring, periodic audits & regular Review, and continuous improvement to adapt to changes in Shariah principles & regulatory requirements and comprehensive policies/guidelines for Shariah compliance issued by IBG-BOK, we are of the opinion that a robust mechanism is in place to ensure Shariah compliance in overall operations of IBG in the Bank of Khyber.

اسلامی بینکاری نے گزشتہ برسوں میں عالمی مالیاتی انڈسٹری میں معتد بہ تناسب کے ساتھ نمایاں ترقی کی ہے۔ اس کی ترقی میں کئی عوامل کارفرما ہوتے ہیں جو اسلامی مالیاتی خدمات کی بڑھتی ہوئی طلب اور اسلامی مالیاتی اداروں کی اپنی خدمات میں توسیع کی حکمت عملی کی عکاسی کرتی ہیں.مملکت خداداسلامی جمہوریہ پاکستان میں بھی اسلامی بینکاری تیزی سے ترقی کی طرف رو بہ سفر ہے اور مجموعی بینکاری میں اس کا حصہ روزافزوں ترقی کررہاہے۔ اسٹیٹ بینک آف پاکستان اسلامی بینکاری اور فنانسنگ کے فروغ کی حوصلہ افزائی کررہا ہے، اور شرعی اصولوں سے ہم آہنگ مالیاتی پراڈکٹس اور خدمات کی ترقی کے لئے جاری کردہ پالیسیوں اور قواعد و ضوابط پر عمل درآمد کو یقینی بنانے کے لئے کوشاں ہے۔

بینک آف خیبر کا اسلامی بینکاری گروپ (آئی بی جی) ) ملک بھر میں اپنی (123) مخصوص اسلامی بینکاری برانچوں(آئی بی بیز)، (08) اسلامی بینکاری کی ذیلی شاخوں (sub IBB branches) اور (07) بوتھوں کے ذریعے اسلامی بینکاری پراڈکٹس اور خدمات کا ایک وسیع سلسلہ پیش کرتا ہے جہاں صارفین اسلامی اصولوں کے مطابق خدمات تک رسائی حاصل کرسکتے ہیں۔ یہ برانچیں شریعت کی تعمیل کو یقینی بنانے کے لئے روایتی بینکاری آپریشنز سےبالکل مختلف خدمات سرانجام دیتی ہیں ۔ ان خدمات میں شرکت اور قرض کی بنیادوں پر ڈپازٹس کا حصول اور شرعی اصولوں کے موافق دیگر مالیاتی سہولیات شامل ہیں۔

#### سال 2023 کی اسلامک بینکنگ گروپ (آئی بی جی) سرگرمیوں پر شریعہ بورڈ کی رائے

سٹیٹ بینک آف پاکستان کی طرف سے اسلامی بینکاری کے لئے جاری کردہ شریعہ گورننس فریم ورک کے مطابق، اگرچہ بورڈ آف ڈائریکٹرز اور ایگزیکٹیو مینجمنٹ(اعلیٰ انتظامیہ) اس بات کو یقینی بنانے کے پابند اورذمہ دار ہیں کہ اسلامک بینکنگ گروپ (آئی بی جی) کے آپریشنز ایسے منظم طریقے سے سرانجام دئیے جائیں کہ ان میں ہمیشہ شرعی اصولوں کی تعمیل اور نفاذ یقینی ہو، البتہ ہم (شریعہ بورڈ )اسی شریعہ گورننس فریم ورک کے تحت پابند ہیں کہ اسلامک بینکنگ گروپ (آئی بی جی) کے اندر ڈیپازٹس سے لے کر سرمایہ کاری تک اسلامی بینکاری کے سارے معاملات سے متعلق اور نفع و نقصان کی تقسیم کے نظام کی شریعہ کمپلائنس اور بینک کے اندر شریعہ کمپلائنس کے ماحول پر ایک رپورٹ پیش کریں. اس مقصد

1. شریعہ بورڈ کو پیش کردہ اسلامک بینکنگ گروپ (آئی بی جی) کے تمام شرعی امور پر غور و خوض، فیصلہ اورمنظوری کے لئے 2023 ۔۔۔۔ہ میں 5 اجلاس منعقد کیے گئے۔

- اس سال اسلامک بینکنگ گروپ (آئی بی جی) کی جانب سے پیش کردہ تمام پروسیجر مینوئلز، پروڈکٹ پروگرامز/ اسٹرکچرز، پروسیس فلوز، متعلقہ معاہدوں، مارکیٹنگ اشتہارات اور بروشرز کا جائزہ لیا گیا اور ان پر شرعی کلیئرنس دی گئی۔
- 3. شریعہ کمپلائنس ریویو اور شریعہ آڈٹ کے سالانہ پلانز دونوں کی منظوری دی گئی تاکہ اس سال کے دوران اسلامک بینکنگ گروپ (آئی بی جی) کی سرگرمیوں کے معتد بہ حصے کے شرعی آڈٹ / جائزے کو یقینی بنایا جاسکے۔
- 4. اندرونی شریعہ آڈٹ، بیرونی شریعہ آڈٹ اور سال رواں میں پیش کی جانے والی شرعی کمپلائنس ریویو رپورٹوں سے متعلق تمام شرعی امور پر مناسب کارروائی کے متعلق احکامات صادر کئے ۔
- 5. اسلامک بینکنگ گروپ (آئی بی جی) کے تمام فنانسنگ کیسز کی شرعی کلیئرنس اور ریزیڈنٹ شریعہ بورڈ ممبر کی نگرانی میں شریعہ کمپلائنس ڈویژن کی جانب سے فراہم کردہ ٹرانزیکشنز کے شرعی طریقہ کار کی توثیق کی۔
- 6. اس کے علاوہ اسلامک بینکنگ گروپ (آئی بی جی) کی ماہانہ آمدنی اور اخراجات کے کھاتیں اور پول مینجمنٹ سرگرمیوں کے اکثر حصے کا بھی جائزہ لیا گیا اور بینک کی انتظامیہ کی طرف سے پیش کردہ تمام اُمور پر شرعی اُصولوں کو مدِّ نظر رکھ کر جواب دیا گیا۔
- 7. سال کے دوران بینک کے ٹریننگ ڈویژن کی جانب سے منعقد کی جانے والی مختلف اسلامی بینکاری ٹریننگز اور سیمینارزمیں بھی حصہ لیا تاکہ اسلامک بینکنگ گروپ (آئی بی جی) کے عملے کی استعداد کار میں اضافہ کیا جاسکے اور انہیں خلاف شرع عقود و عوامل کے خطرات اور اسلامک بینکنگ گروپ (آئی بی جی) کی ساکھ اور کاروبار پر اس کے ممکنہ مضمرات سے مکمل طور پر آگاہ کیا جاسکے۔
- 8. سٹاف ٹریننگز کے علاوہ بینک کے کھاتہ داروں تاجر برادری، نیزعام لوگوں کے لئے منعقد کیے گئے بہت سے اسلامی بینکاری عوامی آگاہی پروگراموں میں حصہ لیا ہے تاکہ یہ اعتماد فراہم کیا جاسکے کہ اسلامک بینکنگ گروپ (آئی بی جی) کو تجربہ کار اور مہارت یافتہ افراد کا تعاون حاصل ہے۔

لہذا، مندرجہ بالا سرگرمیوں کی بنیاد پر، ہمارا خیال ہے کہ:

- ا. اسلامک بینکنگ گروپ (آئی بی جی) نے اسٹیٹ بینک آف پاکستان کے اسلامک بینکنگ ڈیپارٹمنٹ اور بینک کے شریعہ بورڈ کی جانب سے جاری کردہ ہدایات، قواعد و ضوابط، ہدایات اور احکامات کی تعمیل کی ہے اور 31 دسمبر 2023 کو ختم ہونے والے مالی سال کے دوران بینک کی جانب سے کئے گئےعقود اورمعاملات شرعی قواعد و ضوابط کے مطابق ہیں۔
- 2. اسلامک بینکنگ گروپ (آئی بی جی) کے پاس اپنے مجموعی آپریشنز میں شریعت کی تعمیل کو یقینی بنانے کے لئے ایک جامع نظام اور طریقہ کارموجود ہے۔ یہ طریقہ کار آزاد شریعہ بورڈ، شریعہ کمپلائنس ڈویژن،شریعہ ریسرچ و ریویوڈیپارٹمنٹ، انٹرنل شریعہ آڈٹ اینڈ شریعہ ریویو ڈپارٹمنٹس، کل وقتی شریعہ بورڈ ممبر پر مشتمل ہے۔ اسٹیٹ بینک کے شریعہ گورننس فریم ورک کے مطابق اسلامی بینکاری کے عملے کے لئے باقاعدہ اندرون بینک اور بیرونی تربیت کی سہولتیں بھی موجود ہیں۔
- 3. بینک میں نفع اور نقصان کی تقسیم اور پول مینجمنٹ کا ایک جامع نظام موجود ہے۔ زیر تبصرہ سال میں منافع کی تقسیم کا طریقہ کار، فنڈز کی تقسیم، آمدنی اور اخراجات، ویٹیجز اور بینک کے اسلامک بینکنگ گروپ (آئی بی جی) کے دیگر امور اسلامی قواعد و ضوابط کے مطابق شریعہ بورڈ کی طرف سے منظور کردہ اصولوں کے مطابق ہیں.
- 4. 4. بینک کی آمدنی کے تمام ذرائع شریعت کے مطابق ہیں اور کوئی بھی آمدنی جو شرعی لحاظ سےممنوعہ راستے یا ذرائع سے حاصل کی گئی ہے اسے خیراتی اکاؤنٹ میں منتقل کردیا گیا ہے جو بینک کی منظور شدہ چیریٹی پالیسی کے مطابق تقسیم کی جائے گی۔

اسلامی بینکاری کے عملے کی ایک بڑی تعداد کو نامزد کیا ہے۔ تاہم، شریعہ بورڈ کا خیال ہے کہ متعلقہ عملے کے علم و فہم میں مزید اضافہ کرنے اور اس سلسلے میں اسٹیٹ بینک کی ہدایات پر عمل درآمد کو یقینی بنانے کے لئے ہر سال کے لئے ایک جامع اسلامی بینکاری ٹریننگ پلان تیار کیا جانا چاہیے ۔ شریعہ کمپلاٹنس ڈویژن نے شریعہ کمپلاٹنس ریویوز/انسپکشنز کے دوروں کے دوران اسلامی بینکاری برانچوں کے ساتھ ٹریننگ سیشنز، اجتماعی گفتگو کا بھی انعقاد کیا ہے۔

- 6. عملے کی آگاہی، استعداد اور معاملات کی نزاکت اور حساسیت کا ادراک اور شریعت کی تعمیل کے لئے تگ و دو بہت تسلی بخش رہی ہے۔
  - شریعہ بورڈ کو اپنے فرائض کو موثر انداز میں نبھانے کے لئے مناسب وسائل فراہم کئے گئے ہیں۔

خلاصہ کلام:

شریعہ کمپلائنس اور شریعہ کمپلائنس فریم ورک، مسلسل نگرانی، وقفے وقفے سے آڈٹ اور باقاعدگی سے ریویو و نظرثانی کی بنیاد پر ، نیز شرعی اُصولوں اور ریگولیٹری تقاضوں کے نتیجے میں ہونے والی ترامیم کو اپنانے اور شریعہ کمپلائنس کے لیے جامع پالیسیوں/رہنما اُصولوں کے اجراء کی بنیاد پر ہماری رائے ہے کہ بینک آف خیبر میں اسلامک بینکنگ گروپ (آئی بی جی) کے پاس اپنے آپریشنز میں شریعہ کمپلائنس کو یقینی بنانے کے لیے ایک مضبوط اور فعال نظام موجود ہے۔

اللہ سبحانہ و تعالیٰ ہمیں اپنے پسندیدہ کاموں کی انجام دہی کے لئے بہترین توفیق سے نوازے، ہمیں دنیا و آخرت میں سرخ روئی عطا کرے اور ہماری غلطیوں کو معاف فرمائے۔

« اور ہم نے وہی بات کہی جو ہمارے علم میں آئی ہے ، اور غیب کی نگہبانی تو ہمارے بس میں نہیں تھی۔» (سورہ یوسف، آیت 81)

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of The Bank of Khyber (the Bank) for the year ended December 31, 2023 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Bank. Our responsibility is to review whether the Statement of Compliance reflects the status of the Bank's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Bank's personnel and review of various documents prepared by the Bank to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Bank's corporate governance procedures and risks.

The Regulations require the Bank to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Bank's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Bank for the year ended December 31, 2023.

Further, we highlight the content of para no. 2 (b) and 2 (c) in respect of directors appointed by the Government of Khyber Pakhtunkhwa.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matter**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and the Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, the requirements of Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The Board of directors is responsible for overseeing the Bank's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and
  perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide
  a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting
  from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### A·F·FERGUSON&CO.

We also provide to the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

- 1. Based on our audit, we further report that in our opinion:
  - a) proper books of account have been kept by the Bank as required by the Companies Act, 2017 (XIX of 2017) and the returns referred above from the branches have been found adequate for the purpose of our audit;
  - b) the statement of financial position, the profit and loss account, the statement of comprehensive income, statement of changes in equity and cash flow statement together with the notes thereon have been drawn up in conformity with the Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
  - c) investments made, expenditure incurred and guarantees extended during the year were in accordance with the objects and powers of the Bank and the transactions of the Bank which have come to our notice have been within the powers of the Bank; and

The engagement partner on the audit resulting in this independent auditor's report is M. Imtiaz Aslam.

### 3.4 Standards, interpretations of and amendments to published approved accounting standards that are effective in the current year

There are certain amendments to existing accounting and reporting standards that have become applicable to the Bank for accounting periods beginning on or after January 1, 2023. These are considered either not to be relevant or do not have any significant impact on these financial statements, except as disclosed below:

#### IAS 1 and IFRS Practice Statement 2 - Disclosure of Accounting Policies (Amendments)

The amendments to IAS 1 and IFRS Practice Statement 2 Making Materiality Judgements provide guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments have had an impact on the Bank's disclosures of accounting policies, but not on the measurement, recognition or presentation of any items in the Bank's financial statements.

### 3.5 Standards, interpretations of and amendments to published approved accounting standards that are not yet effective

The following other standards, interpretations of and amendments to approved accounting standards are effective for accounting periods beginning on or after January 1, 2024:

| Standards, interpretations and amendments                       | Effective date<br>(annual periods<br>beginning on or<br>after) |
|---|--|
| IAS 1 - Classification of Liabilities as Current or Non-current |  |
| and Non-current liabilities with Covenants (Amendments)         | January 1, 2024  |

| IAS 21 - Lack of Exchangeability (Amendments)                   | January 1, 2025  |

For the year ended December 31, 2023

The Bank expects that the adoption of the above standards, interpretations or amendments will have no material effect on the Bank's financial statements, except for IFRS 9 - Financial Instruments.

SBP vide BPRD circular no. 2 of 2023 dated February 9, 2023 has specified the new reporting format for financial statements of Banking Companies. The new format has revised disclosure requirements and will become applicable for the financial statements of the Bank for the quarter ending March 31, 2024.

Other than the aforementioned standards, interpretations and amendments, International Accounting Standards Board (IASB) has also issued the following standards and interpretations, which have not been notified locally by Securities and Exchange Commission of Pakistan (SECP) as at December 31, 2023.

### IFRS - 9 Financial Instruments

As directed by SBP via BPRD Circular no. 3 of 2022, IFRS 9 Financial Instruments was effective for periods beginning on or after January 1, 2023 for banks having asset size of more than Rs. 500 billion as at December 31, 2021 and from January 1, 2024 for all the other Banks. SBP via same circular had finalized the instructions on IFRS 9 (Application Instructions) for ensuring smooth and consistent implementation of the standard in the Banks. Moreover, during the year, SBP via BPRD Circular Letter no. 7 dated April 13, 2023 extended the effective date of implementation of IFRS 9 for all banks to January 1, 2024. Accordingly, effective date of implementation for the Bank is January 1, 2024.

As of December 31, 2023, the management of the Bank has performed an impact assessment of IFRS 9 taking into account the SBP's IFRS 9 application instructions. The assessment is based on available information and may be subject to changes arising from further reasonable and supportable information at the time of finalizing the impact for initial application of IFRS 9.

An overview of the IFRS 9 requirements that are expected to have significant impact are discussed below along with the additional requirements introduced by the SBP:

#### Governance, ownership and responsibilities

The Bank has adopted a governance framework requiring the Risk, Finance, Operations and IT functions to effectively work together to ensure input from all business lines. IFRS 9 requires robust credit risk models that can predict Probability of Default (PD), Loss Given Default (LGD) and Exposure at Default (EAD). The Bank will appropriately involve other stakeholders and follow the implementation instructions for ensuring effective and efficient framework for IFRS 9 within the Bank.

Moreover, as stipulated in the Application Instructions, Internal Audit will carry out periodic review of IFRS 9 methodology and impacts calculated by the management.

#### **Classification and measurement**

The classification and measurement of financial assets will depend on how these are managed (the entity's business model) and their contractual cash flow characteristics. Financial assets that do not meet the sole payment of Principal and Interest (SPPI) criteria are measured at fair value through profit or loss regardless of the business model in which they are held. The Bank's business model in which financial assets are held will determine whether the financial assets are measured at amortised cost, fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVPL). The classification of equity instruments is generally measured as FVPL unless the Bank elects for FVOCI at initial recognition. The Bank has analyzed the estimated impact of IFRS 9 on its financial assets as follows:

For the year ended December 31, 2023

#### **Equity securities**

The Bank expects to continue measuring at fair value all financial assets currently held at fair value.

Depending upon the business model for listed equity shares, the Bank will apply either of the following options at the time of initial adoption of IFRS-9:

To present fair value in OCI, and, therefore, the application of IFRS 9 will not have a significant impact on adoption. However, in accordance with the IFRS 9 requirements, fair value gain or losses recognised in OCI will not be recycled to profit and loss account on derecognition of these securities.

Equity shares currently held as available-for-sale (AFS) with gains and losses recorded in OCI for which FVOCI election will not be made, will, instead, be measured at fair value through profit or loss, which may increase volatility in recorded profit or loss for future periods. The AFS reserve related to those securities which is currently presented as accumulated OCI, will be reclassified to retained earning, however, there will be no impact on over all equity with respect to such classification.

Unquoted equity securities are required to be measured at fair value under IFRS 9. Currently, the Bank is assessing the methods to determine the fair value of these securities.

#### **Debt securities and Loans and advances**

Debt securities currently classified as AFS and those passing SPPI test, are measured at FVOCI under IFRS 9. Debt securities currently classified as HTM and those passing SPPI test are measured at amortized costs under IFRS 9. However, the final classifications will depend upon the composition of the portfolio and its evaluation at the time of initial adoption in light of the Bank's business model.

Cashflows of certain debt instruments classified in AFS and / or HTM categories, which are not expected to give rise to cash flows representing solely payments of principal and interest (SPPI) and accordingly, these would be measured at fair value through profit and loss.

#### Impairment

The impairment requirements apply to financial assets measured at amortised cost and FVOCI (other than equity instruments), lease receivables, and certain loan commitments and financial guarantee contracts. At initial recognition, an impairment allowance (or provision in the case of commitments and guarantees) is required for expected credit losses ('ECL') resulting from default events that are possible within the next 12 months ('12-month ECL'). In the event of a significant increase in credit risk, an allowance (or provision) is required for ECL resulting from all possible default events over the expected life of the financial instrument ('lifetime ECL'). Financial assets where 12-month ECL is recognised are in 'stage 1'; financial assets that are considered to have experienced a significant increase in credit risk (SICR) are in 'stage 2'; and financial assets for which there is objective evidence of impairment, so are considered to be in default or otherwise credit impaired, are in 'stage 3'.

The assessment of credit risk and the estimation of ECL are required to be unbiased and probability-weighted, and should incorporate all available information which is relevant to the assessment including information about past events, current conditions and reasonable and supportable forecasts of economic conditions at the reporting date. In addition, the estimation of ECL should take into account the time value of money.

Based on the requirement of IFRS 9 and SBP's IFRS 9 application instructions, the Bank has performed an ECL assessment taking into account the key elements such as assessment of SICR, Probability of Default (PD), Loss Given Default (LGD) and Exposure at Default (EAD). These elements are described below:

- PD: The probability that a counterparty will default, calibrated over the 12 months from the reporting date (stage 1) or over the lifetime of the product (stage 2) and incorporating forward looking information.

For the year ended December 31, 2023

- LGD: It is an estimate of magnitude of loss sustained on any facility upon default by a customer. It is expressed as a percentage of the exposure outstanding on the date of classification of an obligor. It is the difference between contractual cash flows due and those that the Bank expects to receive, including from any form of collateral.

- EAD: the expected balance sheet exposure at the time of default, incorporating expectations on drawdowns, amortisation, pre-payments and forward-looking information where relevant.

For calculating ECL, the Bank classify its financial assets under three following categories:

a) Stage 1: Performing Assets: Financial assets where there has not been a SICR since initial recognition, the Bank shall recognize an allowance based on the 12-month ECL.

b) Stage 2: Under-Performing Assets: Financial assets where there has been a SICR since initial recognition, but they are not credit impaired, the Bank shall recognize an allowance for the lifetime ECL for all exposures categorized in this stage based on the actual maturity profile.

c) Stage 3: Non-Performing Assets: Financial assets which have objective evidence of impairment at the reporting date. The Bank shall recognize ECL on these financial assets using the higher off approach, which means that lifetime ECL computed under IFRS 9 is compared with regulatory provision required as per PRs issued by SBP and higher of the two is maintained.

As required by the Application Instructions, financial assets may be reclassified out of stage 3 if they meet the requirements of Prudential Regulations (PR) issued by SBP. Financial assets in stage 2 may be reclassified to stage 1 if the conditions that led to a SICR no longer apply.

#### Significant increase in credit risk (SICR)

A SICR is assessed in the context of an increase in the risk of a default occurring over the life of the financial instrument when compared to that expected at the time of initial recognition. It is not assessed in the context of an increase in the ECL. The Bank uses a number of qualitative and quantitative measures in assessing SICR. Quantitative measures relate to deterioration of Obligor Risk Ratings (ORR) or where principal and / or interest payments are 60 days or more past due. Qualitative factors include unavailability of financial information, pending litigations, cross-product default, rescheduling and restructuring etc.

Based on the level of increase in credit risk, the Bank shall calculate 12 month ECL for assets which did not have a SICR i.e., Stage 1 or a lifetime expected loss for the life of the asset (for assets which demonstrated a SICR) i.e., Stage 2.

At every reporting date, the Bank shall assess whether there has been a SICR since the initial recognition of the asset. If there is a SICR, the asset must be assigned to the appropriate stage of credit impairment (Stage 2 or 3).

Under the SBP's instructions, credit exposure (in local currency) guaranteed by the Government and Government Securities are exempted from the application of ECL Framework. Moreover, until implementation of IFRS 9 has stabilized, Stage 1 and stage 2 provisions would be made as per IFRS 9 ECL and stage 3 provision would be made considering higher of IFRS 9 ECL or provision computed under existing PRs' requirements.

#### **Presentation and disclosure**

Adoption of IFRS 9 would also expand disclosure requirements and changes in presentation. These are expected to change the nature and extent of Bank's disclosure about its financial instruments particularly in the year of adoption of the IFRS 9.

For the year ended December 31, 2023

The State Bank of Pakistan has issued a revised format for financial statements of the Banks vide BPRD Circular No. 2 of 2023 dated February 9, 2023 to include the presentation and disclosures on adoption of IFRS 9 as applicable in Pakistan.

#### Loan / financing related fee

Loan origination / commitment fees that are regarded as compensation to the lender for an ongoing involvement with the acquisition of a Financial instrument would be recognized over the life of the related loan. However, if the commitment expires without the lender making the loan, the fee would be recognised as revenue as earned.

#### Impact of adoption of IFRS 9

The Bank will adopt IFRS 9 in its entirety effective January 1, 2024 with modified retrospective approach for restatement. Its actual impact on the Bank's financial statements will be dependent on the portfolio composition as well as economic, accounting and classification selections and judgements that the Bank will make upon adoption of IFRS-9. Nevertheless, the Bank has performed a preliminary assessment of the potential impact of IFRS 9 based on its statement of financial position as at December 31, 2023.

#### **Classification and measurement**

Based on the Bank's assessment, major impact of IFRS 9 requirements are expected to be on the classification and measurement of 'Advances' and 'Investments'.

#### Impairment

The total estimated impact (net of tax) of IFRS 9 as of December 31, 2023 is reduction in equity by approximately Rs 2.21 billion.

#### Impact on regulatory capital

In order to mitigate the impact of expected credit loss (ECL) models on capital of the Banks, SBP has determined that it may be appropriate for the Financial Institutions to introduce a transitional arrangement for the impact on regulatory capital from the application of ECL accounting. Annexure B of the application instructions issued by SBP have detailed the transitional arrangement.

The transitional arrangement are applicable only to provisions for stage 1 and 2 financial assets and will apply to CET1 capital over the "transition period" of five years. Accordingly, after taking the benefit of transitional arrangement, estimated impact of IFRS 9 on the Bank's CAR as of December 31, 2023 is a reduction by 222 bps.

#### 4 BASIS OF MEASUREMENT

These financial statements have been prepared under the historical cost convention except that certain class of fixed assets and non-banking assets acquired in satisfaction of claims are stated at revalued amounts and certain investments and derivative financial instruments are stated at fair value and the recognition of certain employees benefits, lease liabilities and corresponding right of use assets at present value, as disclosed in their respective notes.

For the year ended December 31, 2023

#### 5 CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with the approved accounting and reporting standards requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods, if the revision affects both current and future periods.

The areas where various assumptions and estimates are significant to the Bank's financial statements or where judgment was exercised in application of accounting policies are as follows:

#### 5.1 Classification of investments

In classifying investments the Bank follows the guidance provided in SBP circulars:

Investments classified as 'held for trading', are securities which are acquired with an intention to trade by taking advantage of short term market / interest rate movements and are to be sold within 90 days of acquisition.

Investments classified as 'held to maturity' are non-derivative financial assets with fixed or determinable payments and fixed maturity. In making this judgment, the Bank evaluates its intention and ability to hold such investment to maturity.

The investments other than those in associates which are not classified as 'held for trading' or 'held to maturity' are classified as 'available for sale'.

#### 5.2 Impairment of available-for-sale equity investments

The Bank determines that "available-for-sale" equity investments are impaired when there has been a significant or prolonged decline in the fair value below its cost. This determination of what is significant or prolong requires management to exercise judgment. In making this judgment, the Bank evaluates among other factors, the volatility in share price. In addition, impairment may be appropriate when there is evidence of deterioration in the financial health of the investee, industry and sector performance, changes in technology and operational/ financing cash flows.

#### 5.3 Provision against advances

The Bank reviews its loan portfolio including Islamic financing and related assets to assess the amount of non-performing advances and Islamic financing and provision required there-against on regular basis. While assessing this requirement various factors including the delinquency in the account, financial position of the borrower, the forced sale value of securities and requirements of the Prudential Regulations are considered. The Bank also maintains a statutory general provision against it's portfolio of consumer and microenterprise loans in accordance with the Prudential Regulations.

#### 5.4 Income taxes

In making estimates for current income taxes payable by the Bank, the management considers the current income tax laws and the decisions of appellate authorities on certain issues in the past. There are certain matters where the Bank's view differs with the view taken by the income tax authorities and such amounts are either recognised as a provision or shown as a contingent liability based on probability of outflow assessment. Regarding deferred tax assets, estimates of the Bank's future taxable profits and expected reversal of deductible temporary differences are taken into account.

For the year ended December 31, 2023

#### 5.5 Depreciation, amortization and revaluation of fixed assets

In making estimates of the depreciation / amortization, management uses method which reflects the pattern in which economic benefits are expected to be consumed by the Bank. The method applied is reviewed at each financial year end and if there is a change in the expected pattern of consumption of the future economic benefits embodied in the assets, the method is changed to reflect the change in pattern.

Further, the Bank estimates the revalued amount of leasehold land on a regular basis. The estimates are based on valuations carried out by independent professional valuer under the current market conditions.

#### 5.6 Defined benefit plan

The liability of the defined benefit plan (gratuity) is determined using actuarial advice using the Projected Unit Credit Method. The actuarial valuation involves making assumptions about discount rates, expected rates of returns on assets and future salary increases, which have been disclosed in note 35. Actuarial assumptions are entity's best estimates of the variables that will determine the ultimate cost of providing post-employment benefits. Changes in these assumptions in future years may affect the liability / asset under the plan in those years. The latest actuarial valuation was carried out on December 31, 2023.

#### 5.7 Valuation of Right-of-Use assets and lease liability

#### 5.7.1 Estimating the incremental borrowing rate

The Bank cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate ('IBR') to measure lease liabilities. The IBR is the rate of interest that the Bank would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment.

#### 5.7.2 Determination of the lease term for lease contracts with renewal and termination options

The Bank determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain that termination option will not be exercised.

The Bank has several lease contracts that include extension and termination options. The Bank applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Bank reassesses the lease term if there is a significant event or change in circumstances that is within its control that affects its ability to exercise or not to exercise the option to renew or to terminate the lease.

#### 5.8 Non-banking assets acquired in satisfaction of claims

The Bank estimates the revalued amounts of non-banking assets acquired in satisfaction of claims on a regular basis. The estimates are based on expected legal enforceability, ease of realization and valuations carried out by an independent valuation expert under the market conditions.

#### 5.9 Fair value hierarchy of assets and liabilities

The fair value of the assets and liabilities is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Bank categorizes fair value measurements within the following fair value hierarchy:

For the year ended December 31, 2023

#### a) Level 1

These are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Bank can access at the measurement date.

#### b) Level 2

These are inputs other than quoted prices included within Level 1 that are observable for asset or liability, either directly or indirectly.

#### c) Level 3

These are input for the assets or liabilities that are not based on observable market data (unobservable Inputs).

#### 6 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policy information set out below have been applied consistently to all periods presented in these financial statements.

#### 6.1 Cash and cash equivalents

Cash and cash equivalents are carried at cost. For the purpose of the cash flow statement, cash and cash equivalents comprise cash and bank balances with treasury and other banks that are highly liquid and readily convertible to known amounts of cash and subject to an insignificant risk of changes in value.

#### 6.2 Lendings to / borrowings from financial institutions (reverse repo / repo)

The Bank enters into transactions of borrowing (re-purchase) from and lending (reverse re-purchase) to financial institutions, at contracted rates for a specified period of time. These are recorded as under:

#### (a) Sale under repurchase agreements

Securities sold with a simultaneous commitment to repurchase at a specified future date (repos) continue to be recognized in the statement of financial position and are measured in accordance with accounting policies for investment and counterparty liability is included in borrowings from financial institutions. The difference between sale and repurchase price is treated as mark-up/return/interest expense and accrued over the term of the repo agreement.

#### (b) Purchase under resale agreements

Securities purchased with a corresponding commitment to resell at a specified future date (reverse repos) are not recognized in the statement of financial position, instead amounts paid under these agreements are included in lending's to financial institutions. The difference between purchase and resale price is treated as mark-up / return / interest income and accrued over the term of the reverse repo agreement.

#### (c) Other lendings

Other lendings include term lendings and unsecured lendings to financial institutions. These are stated net of provision. Mark-up / interest income on such lending is recorded on time proportion basis using effective interest rate method except mark-up on impaired / delinquent lendings, which are recognized on receipt basis.

#### (d) Other borrowings

Other borrowings including borrowings from SBP are recorded at proceeds received. Mark-up expense on such borrowings is charged to the profit and loss account on time proportion basis.

For the year ended December 31, 2023

#### (e) Bai Muajjal

Bai Muajjal transactions with SBP and other financial institutions are classified under lendings. In Bai Muajjal, the Bank sells Shari'ah compliant instruments on credit to other financial institutions. The credit price is agreed at the time of sale and such proceeds are received at the end of the credit period.

#### 6.3 Investments

#### 6.3.1 Classification

The Bank classifies its investments as follows:

#### 6.3.1.1 Held-for-trading

These are securities which are either acquired for generating a profit from short-term fluctuations in market prices, interest rate movements and dealer's margin or are securities included in a portfolio in which a pattern of short-term profit making exists.

#### 6.3.1.2 Held-to-maturity

These are securities with fixed or determinable payments and fixed maturity in respect of which the Bank has the positive intent and ability to hold to maturity.

In Bai Muajjal, the Bank sells Sukuk on credit to Government of Pakistan. The credit price is agreed at the time of sale and such proceeds are received at the end of the credit period.

#### 6.3.1.3 Available-for-sale

These are investments that do not fall under the "held for trading" or "held to maturity" categories.

#### 6.3.1.4 Associates

An associate is an entity over which the Bank has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

Under the equity method, the investment in an associate is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Bank's share of net assets of the associate since the acquisition date.

The statement of profit or loss reflects the Bank's share of the results of operations of the associate. Any change in Other Comprehensive Income (OCI) of those investees is presented as part of the Bank's OCI. In addition, when there has been a change recognised directly in the equity of the associate, the Bank recognises its share of any changes, when applicable, in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Bank and the associate are eliminated to the extent of the interest in the associate.

After application of the equity method, the Bank determines whether it is necessary to recognise an impairment loss on its investment in its associate. At each reporting date, the Bank determines whether there is objective evidence that the investment in the associate is impaired. If there is such evidence, the Bank calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value, and then recognises the loss within 'Share of profit of associate' in the profit and loss account.

#### 6.3.2 Regular way contracts

All purchases and sales of investments that require delivery within the timeframe established by regulation or market convention are recognized at trade date, which is the date at which the Bank commits to purchase or sell the investments.

#### 6.3.3 Initial measurement

Investments other than those categorized as "held for trading" are initially recognized at fair value, which includes transaction costs associated with investments. Investments classified as "held for trading" are initially recognized at fair value and transaction costs are expensed in the profit and loss account.

#### 6.3.4 Subsequent measurement

#### 6.3.4.1 Held-for-trading

These are measured at subsequent reporting dates at fair value. Gains and losses on re-measurement are included in the profit and loss account. The unrealised gain / (loss) arising on remeasurement of quoted securities which are classified as held for trading is taken to the profit and loss account.

#### 6.3.4.2 Held-to-maturity

These are measured at amortized cost using the effective interest rate method, less any impairment loss recognized to reflect irrecoverable amounts.

#### 6.3.4.3 Available-for-sale

Quoted-securities classified as available-for-sale investments are measured at subsequent reporting dates at fair value. Surplus / (deficit) arising on revaluation of quoted securities which are classified as 'available for sale', is included in the statement of comprehensive income and is shown in the statement of financial position as part of equity. The surplus / (deficit) arising on these securities is taken to the profit and loss account when actually realised upon disposal or in case of impairment of securities.

Premium or discount on debt securities classified as available for sale and held to maturity is amortised using effective interest method and taken to the profit and loss account.

Unquoted equity securities are valued at the lower of cost or break-up value. A decline in the carrying value is charged to the profit and loss account. The break-up value of these equity securities is calculated with reference to the net assets of the investee company as per the latest available audited financial statements. Investments in other unquoted securities are valued at cost less impairment losses.

#### 6.3.5 Impairment

Provision for diminution in the value of securities is made after considering impairment, if any, in their value and charged to profit and loss account. Impairment is recognized when there is an objective evidence of significant or prolonged decline in the value of such securities. Provision for impairment against debt securities is made as per the aging criteria prescribed by the Prudential Regulations of SBP.

#### 6.4 Advances

**6.4.1** Advances (including Islamic financings) are stated net of specific and general provisions. Specific and general provision against advances is determined on the basis of Prudential Regulations and other directives issued by the SBP and charged to the profit and loss account. Advances are written-off when there are no realistic prospects of recovery.

For the year ended December 31, 2023

#### 6.4.2 Murabaha

Funds disbursed for purchase of goods are recorded as 'Advance for Murabaha'. On culmination of Murabaha, i.e. sale of goods to customers, Murabaha financings are recorded at the deferred sale price net of profit. Goods that have been purchased but remained unsold are recorded as inventories. Profit is recorded at the time of sale of goods under Murabaha as deferred income and is included in the amount of Murabaha financings. Profit is taken to the profit and loss account over the period of the Murabaha.

#### 6.4.3 Ijarah financings

ljarah financings executed on or before December 31, 2008 have been accounted for under finance method, thereafter all ljarah financings are accounted for under IFAS 2.

- (a) Under Finance method, the present value of minimum Ijarah payments have been recognized and shown under financings. The unearned income, i.e. the excess of aggregate Ijarah rentals over the cost of the asset and documentation charges under Ijarah facility is deferred and then amortized over the term of the Ijarah, so as to produce a constant rate of return on net investment in the Ijarah. Gains / losses on termination of Ijarah contracts are recognized as income on a receipt basis. Income on Ijarah is recognized from the date of delivery of the respective assets to the Mustajir (lessee).
- (b) Under IFAS 2 method, assets underlying Ijarah financing have been carried at cost less accumulated depreciation and impairment losses, if any, and are shown under financing. Rentals accrued from Ijarah financings net of depreciation charged are taken to profit and loss account. Depreciation on Ijarah assets is charged by applying the straight line method over the Ijarah period which is from the date of delivery of respective assets to Mustajir up to the date of maturity / termination of Ijarah agreement.

#### 6.4.4 Diminishing Musharakah

Diminishing Musharakah represents an asset in joint ownership, whereby a partner promises to buy the equity share of the other partner until the title to the equity is totally transferred to him. The partner using the asset pays the proportionate rental of such asset to the other partner (the Bank). Profit on Diminishing Musharakah financing is recognized on accrual basis.

#### 6.4.5 Salam

Salam is a sale transaction where the seller undertakes to supply some specific goods / commodities to the buyer at a future date against an advance price fully paid on spot. In Salam Bank financing, the Bank purchases some specific goods / commodities from its customers to be delivered within an agreed time. The goods are then sold and the amount hence financed is received back by the Bank.

#### 6.4.6 Receivables against lease finance where Bank is a lessor (other than ljarah)

Leases where the Bank transfers substantially all the risks and rewards incidental to ownership of an asset to the lessee are classified as finance leases. A receivable is recognised at an amount equal to the present value of the lease payments including any guaranteed residual value.

#### 6.4.7 Istisna

In Istisna financing, the Bank places an order to client (seller / manufacturer) to manufacture and deliver specific goods / commodities at an agreed price. The goods are then sold and the amount hence financed is received back to the Bank.

For the year ended December 31, 2023

#### 6.4.8 Inventories

The Bank values its inventories at the lower of cost or net realizable value. Cost of inventories represents the actual purchase made by the Bank / customers as an agent on behalf of the Bank for subsequent sale. The net realizable value is the estimated selling price in the ordinary course of business less the estimated cost necessary to make the sale.

#### 6.4.9 Provision against advances

Provision for non-performing advances is based on a time-based criteria that involves ensuring that all non-performing advances are classified in accordance with the ageing criteria specified in the Prudential Regulations of SBP. In addition to this a subjective evaluation of the credit worthiness of borrower is performed to determine classification of advances. The Bank regularly reviews its loan portfolio to assess amount of non-performing loans and determine provision required there against. While assessing this requirement various factors including the past dues, delinquency in the account, financial position and future business / financial plan of the borrower, value of collateral held and requirements of Prudential Regulations of SBP are considered. The Bank is allowed to consider the effect of Forced Sale Value of collaterals in determining the amount of provision.

The amount of general provision against domestic consumer and SME advances is determined in accordance with the relevant / Prudential Regulations and SBP directives.

Advances are written-off when there are no realistic prospects of recovery.

#### 6.5 Fixed assets and depreciation

#### 6.5.1 Capital-work-in progress

Capital-work-in progress is stated at cost less accumulated impairment losses, if any. These are transferred to fixed assets as and when the assets are available for use.

#### 6.5.2 Property and equipment (owned and leased)

Property and equipment, except land, which is not depreciated, are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of fixed assets. Leasehold land is carried at revalued amount while freehold land carried at cost less accumulated impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Bank and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the profit and loss account when incurred.

Depreciation on fixed assets is charged to income over the useful life of the asset on a systematic basis by using the straight line method at the rates stated in note 12.2. Depreciation charge commences from the month when the asset is available for use and continues till the month the asset is discontinued either through disposal or retirement.

Revaluation of leasehold land is carried out with sufficient regularity to ensure that the carrying amount of the land does not differ materially from the fair value. Any revaluation increase in the carrying amount of land is recognized in other comprehensive income and presented as a separate component of equity as "surplus on revaluation of fixed assets", except to the extent that it reverses a revaluation decrease /

For the year ended December 31, 2023

deficit for the same asset previously recognized in profit and loss account, in which case the increase is first recognized in profit and loss account to the extent of the decrease previously charged. Any decreases that reverse previous increases of the same asset are first recognized in other comprehensive income to the extent of the remaining surplus attributable to the asset. All other decreases are charged to profit and loss account. The revaluation reserve is not available for distribution to the Bank's shareholders.

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date. Gains and losses on disposal of fixed assets are included in the profit and loss account, except that the related surplus on revaluation of fixed assets (net of deferred tax) is directly transferred to unappropriated profit.

#### 6.5.3 Intangible assets

Intangible assets having finite useful life are stated at cost less accumulated amortization and impairment losses, if any. Intangible assets are being amortized using the straight-line method over their useful lives as stated in note 13.2. Amortization is charged from the month of acquisition and up to the month of deletion. The useful lives and amortization method are reviewed and adjusted, if appropriate, at each reporting date. Costs associated with maintaining computer software are recognized as an expense when incurred.

#### 6.6 Leases

The Bank assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

#### Bank as a lessee

The Bank applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Bank recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

#### **Right-of-use assets**

The Bank recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the lease term.

The right-of-use assets are presented within note 12 fixed assets and are subject to impairment in line with the Bank's policy as described in note 6.8 Impairment of non-financial assets.

#### Lease liabilities

At the commencement date of the lease, the Bank recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (less any lease incentives receivable), variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Bank and payments of penalties for terminating the lease, if the lease term reflects exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

For the year ended December 31, 2023

#### 6.7 Non-banking assets acquired in satisfaction of claims

Non-banking assets acquired in satisfaction of claims are initially measured at settlement amount and upon revaluation, are carried at revalued amounts less accumulated depreciation and impairment, if any. The useful lives and depreciation method are reviewed annually and adjusted, if appropriate. These assets are revalued as per SBP's requirement by independent professionally qualified valuers to ensure that their net carrying value does not differ materially from their fair value. A surplus arising on revaluation of assets is credited to the 'surplus on revaluation of Non-banking assets acquired in satisfaction of claims' in surplus / deficit on revaluation of asset account and any deficit arising on revaluation is taken to profit and loss account directly as an impairment. A subsequent increase in the market value of an impaired asset is reversed through the profit and loss account up to the extent of impairment and thereafter credited to surplus on revaluation of that asset account. Legal fees, transfer costs and direct costs of acquiring title of assets is charged to profit and loss account and not capitalized.

Depreciation on assets acquired in satisfaction of claims is charged to the profit and loss account on the same basis as depreciation charged on the Bank's owned fixed assets.

If the recognition of such assets results in a reduction of non-performing loan, such reductions and the corresponding reductions in the provisions held against non-performing loans are disclosed separately.

These assets are generally intended for sale. Gain and loss realized on sale of such assets are disclosed separately from gains or losses realized on the sale of fixed assets. Surplus on revaluation, net of deferred tax, realized on disposal of these assets is transferred directly to the unappropriated profit. If such an asset is subsequently used by the Bank for its own operations, the asset is transferred to fixed assets.

#### 6.8 Impairment of non-financial assets

The carrying amounts of the Bank's non-financial assets, other than deferred tax asset, are reviewed at each reporting date for impairment whenever events or changes in circumstances indicate that the carrying amounts of the assets may not be recoverable. If such indication exists, and where the carrying value exceeds the estimated recoverable amount, assets are written down to their recoverable amount. The resulting impairment loss is taken to the profit and loss account except for the impairment loss on revalued assets, which is adjusted against the related revaluation surplus to the extent that the impairment loss does not exceed the surplus on revaluation of that asset.

#### 6.9 Taxation

Income tax expense comprises of current and deferred tax. Income tax expense is recognized in the profit and loss account except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity.

#### 6.9.1 Current

For the year ended December 31, 2023

#### 6.9.2 Deferred

Deferred tax is calculated at the tax rates that are expected to apply to the periods when the differences are expected to reverse, based on tax rates that have been enacted or substantively enacted at the reporting date.

Deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the assets can be utilized. Deferred tax asset is reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax, if any, on revaluation of fixed asset and investments is recognized as an adjustment to surplus / (deficit) arising on revaluation in accordance with the requirements of IAS-12 "Income Taxes".

The carrying amount of deferred income tax assets are reviewed at each statement of financial position date and reduced to the extent that it is no longer probable that sufficient taxable profit or taxable temporary differences will be available to allow all or part of the deferred income tax asset to be utilised.

In making the estimates for current and deferred taxes, the management looks at the income tax law and the decisions of appellate authorities on certain issues in the past. There are certain matters where the Bank's view differs with the view taken by the income tax department and such amounts are shown as contingent liability unless the probability of outflow is remote.

#### 6.10 Provision for claims under guarantees and off balance sheet obligations

Provision for guarantees, claims and other off balance sheet obligations are made when the Bank has legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of amount can be made. The Bank has lease contracts for real estate that are used in its operations including branches and other offices. Leases generally have an average lease term of 5 years. The Bank's obligations correspond to the lessor's title to the leased assets. Generally, the Bank is restricted from assigning and subleasing the lease assets. As a practical expedient, management does not separate lease and non-lease components, wherever applicable. The lease obligations during the year have been discounted at rates ranging between 15.22% to 22.37% (2022: 11.75% to 15.44%) per annum; being the relevant incremental borrowing rate of the Bank.

**35.1.8.1** Plan assets are mostly contained in the form of cash and cash equivalents so there is no significant risk associated with it. However, investments in shares / mutual funds may be adversely affected by movement in equity and interest rate markets.

### 35.1.9 Sensitivity analysis

The sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied, as applied when calculating the gratuity liability recognized within the statement of financial position. The increase / (decrease) in the present value of defined benefit obligations as a result of change in each assumption is summarised below:

### 35.1.13 Funding policy

Contributions to the Fund are made on the basis of actuarial recommendation. The Bank expects to adjust / recover net surplus of Rs. 206.19 million within next two years. Accordingly, the assets of the fund are available for refund to the Bank and effect of asset ceiling is insignificant to the financial statements.

### 35.1.14 Risks associated with Defined Benefit Plans

### Asset volatility

The risk arises due to inclusion of the risky assets in the gratuity fund portfolio, inflation and interest rate volatility.

### **Discount rate fluctuation**

The plan liabilities are calculated using a discount rate set with reference to market yield on government bonds. A decrease in discount rate will increase the plan liabilities. However, this will be partially offset by an increase in the value of asset plan bond holdings in case of funded plans.

### Salary increase risk

The gratuity scheme is also linked with final salary. The risk arises when the actual increases in salary are higher than expectation and impacts the liability accordingly.

For the year ended December 31, 2023

### **Investment risks**

The risk arises when the actual performance of the investments is lower than expectation and thus creating a shortfall in the funding objectives. The risk is mitigated by closely monitoring the performance of investment. The investment in shares/ mutual funds is subject to adverse fluctuation as a result of change in prices.

### Withdrawal risk

The risk of actual withdrawals varying with the actuarial assumptions can impose a risk to the benefit obligation. The movement of the liability can go either way.

### 35.2 DEFINED CONTRIBUTION PLAN - EMPLOYEES' PROVIDENT FUND

General description of the Fund is disclosed in note 6.11.2 to these financial statements. The number of employees covered under the scheme are 2,069 (2022: 1,931). During the year, the Bank has contributed Rs. 115.80 million (2022: Rs. 102.03 million) to the Fund.

During 2023, Pakistan witnessed significant economic headwinds. rising inflation, increasing fuel prices, depleting foreign exchange reserves, massive devaluation of the Pakistani rupee, political instability, increasing interest rates, and high budget deficit made the year more challenging. In this backdrop, Fitch, Moody's and S&P Global lowered the country's sovereign credit rating. Additionally, international commodity prices also remained elevated through the year. The headline inflation increased significantly touching a multi-year high i.e. 38% in April-2023 and gradually reduced to 29.66% in December 2023. During he year, SBP increased the benchmark interest rate by a cumulative 500 bps to 22%. This steep increase was aimed at reducing aggregate demand in the economy and also to counter high inflation. This led to a steep uptick in domestic food prices. 42.1.7

All such instruments and transactions are exposed to general and specific market movements. The Bank's Market Risk Management structure consists of BRMC for Board oversight, Management Risk Committee (MRC) and Asset and Liabilities Committee (ALCO) at the senior management level and dedicated Market and Liquidity Risk Management Department reporting directly to Head Enterprise Risk Management Division. Enterprise Risk Management Division is responsible for policy formulation, procedures development, controlling of market risks ncluding monitoring of exposures against limits and assessment of risk in new businesses. Market risk authority, including both approval of market risk limits and approval of market risks is vested in BRMC and ALCO. The Bank seeks to mitigate market risk by employing strategies that correlate price, rate and spread movements of its earning assets, liabilities and trading activities. Various broad limits are set and recommended by ALCO to BRMC approval for proper management of Market risk. ERMD has developed a dedicated Financial Institutions (FIs) model for inter-bank lines setting to different financial institutions. The intra-day positions are managed by treasury division through Vanagement Action Trigger (MAT) / Dealers limits. Stress testing is carried out for both banking and trading books as per SBP guidelines.

### Notes to the Financial Statements For the year ended December 31, 2023

### 42.2.2 Foreign exchange risk

Foreign exchange risk / currency risk is defined as risk of loss to earnings and capital arising from adverse movements in currency exchange rates. The Bank undertakes currency risk mostly or supports its trade services and maintains overall foreign exchange risk positions to the extent of statutory foreign exchange exposure limit prescribed by SBP. Exposure limits such as counterparty, gap currency-wise net open position, portfolio-wise management action triggers, dealer and product limits are also in place in accordance with the Bank's approved policies to limit risk and concentration to the acceptable tolerance levels. ALCO is regularly informed through reports issued on regular frequencies for required monitoring. Hedging strategies and mark-to-market valuations are used to mitigate exchange risk resulting from open positions, where required.

### 42.2.3 Equity position risk

this the risk of loss to earning or capital as a result from unfavourable fluctuations in prices of shares in which the Bank carries long and / or short positions, in its trading book.

Asset and Liability Committee (ALCO) is responsible for making investment decisions in the capital market and setting limits in line of BRMC approved criteria and market risk management policy approved by Board of Director (BoD). Portfolio, sector and scrip wise limits are assigned by the ALCO to safeguard against concentration risk and these limits are reviewed and revised periodically along with results of different stress tests. The treasury division ensures compliance of concentration limits set by ALCO. Limit breaches if any are promptly reported to ALCO/BRMC for information and ratification.

### 43 ENVIRONMENT AND SOCIAL RISK MANAGEMENT / GREEN BANKING

The primary goal of Green Banking is to enhance the resilience of the bank against environmental risks and fulfill its duty to safeguard the environment, fostering a transition towards a resource efficient and climate resilient economy. The financial sector's social responsibility has undergone substantial evolution, gaining increased importance over the last few decades. To meet these evolving social obligations, BOK has undertaken various initiatives with a focus on environmental preservation and energy conservation. To achieve this, the bank is dedicated to promoting the idea of minimizing its own environmental impact, cultivating a paperless culture, reducing carbon emissions, and actively encouraging tree plantation.

Being a socially responsible Bank, we are keen to provide our input in reduction of emissions, increase in awareness through environment friendly practices and reducing our own carbon footprint through establishment of Solar powered ATMs. To reduce its own impact the Bank has converted its thirteen branches totally to renewable energy system i.e. on solar system.
