Muhammad Bilal Ahmed

Mohammad Shamoon Chaudry

Hussain Dawood Chairman

Mr. Hussain Dawood is a philanthropist and investor who serves as the Chairman of Dawood Hercules Corporation and Engro Corporation. He has played an instrumental role in instituting high standards of corporate governance and a values-driven culture; core to his style of governance is a passionate belief in perpetuating a strong value system that focuses on Character and Good Manners (CGM). Based on these, the enterprise he stewards focuses intensely on investing in the growth potential of its people, which includes development of leadership based on Character, and competency in upskilling and reskilling.

To institutionalise these initiatives, he chairs the Boards of the Karachi Education Initiative (KEI) and the Karachi School of Business & Leadership (KSBL) which strives to develop Leaders with Character who could inspire social change. Philanthropic activities extend to The Dawood Foundation (TDF) and Engro Foundation which have supported and established several educational projects, including the TDF MagnifiScience Center, the Mariam Dawood School for Visual Arts at the Beaconhouse University, and the Lahore University of Management Sciences.

Mr. Hussain Dawood is a member of the World Economic Forum and is a recipient of the Ufficiale Ordine al Merito della Repubblica Italiana (Order of Merit of the Italian Republic) Award. He is an MBA from the Kellogg School of Management, Northwestern University, USA and is a graduate in Metallurgy from Sheffield University, UK.

Abdul Samad Dawood

Mr. Abdul Samad Dawood is the Vice Chairman of the Board of Dawood Hercules Corporation: a key investment company of the Dawood Group that deploys capital in money markets and public equities, and the holding company of Engro Corporation. From 2018-2021, he served as Vice Chairman of the Board of Engro Corp, and now chairs its Board Finance and Investments Committee (BFIC).

Mr. Abdul Samad Dawood's experience of management and governance spans over 20 years with a special interest in mergers and acquisitions. He has led M&A deals of over US\$4 billion, including Dawood Hercules Corporation's acquisition of HUBCO from National Power International Holdings B.V. in 2012 and the sale of DH Fertilizers to Fatima Fertilizer Company Ltd in 2015. He was also given the responsibility to lead the merger of Engro Foods (a subsidiary of Engro Corporation) into global dairy giant Royal FrieslandCampina N.V. based on the convergence of their values, goals, and abilities to address Pakistan's nutritional challenges; he has since served as the Chair of the Board of FrieslandCampina Engro Pakistan. These efforts are a culmination of the values advocated by the Chairman, Mr. Hussain Dawood, who believes a strong code of values builds the foundation for effective problem-solving and human prosperity.

Mr. Abdul Samad Dawood is also an active director on the Board of Pakistan Business Council (PBC), a pan-industry advocacy group that promotes easing of barriers to enable Pakistani businesses to compete in regional and global arenas. His corporate governance journey spans various sectors in line with his interests; he is the Chairman of Cyan and a Director on the Boards of Dawood Hercules Corporation, Engro Corporation, FrieslandCampina Engro Pakistan, The Dawood Foundation, Khaadi Corporation (Pvt), KSBL, Karachi Education Initiative, Dawood Corporation (Pvt), Dawood Investments (Pvt), Dawood Lawrencepur, Reon Energy (Pvt), PBC, and Endeavour Pakistan. He has previously served as Chief Executive Officer for DH Corp and Cyan, and is an active member of the Young Presidents Organization.

Mr. Abdul Samad Dawood also has a keen interest in music and plays the piano and guitar. He is a graduate in Economics from University College London, UK and a certified director of corporate governance from the Pakistan Institute of Corporate Governance.

Ms. Sabrina Dawood is Vice Chair of the Board of Trustees of The Dawood Foundation (TDF). The Dawood family established TDF in 1961 as a part of its efforts to give back to society through the development of communities with education; to this day, it remains the key philanthropic vehicle of the Group.

Sabrina has a passionate belief in building interactive and inclusive spaces for learning. As a result of her efforts, Dawood Public School (founded in 1983), an institution for primary and secondary education for girls in Karachi, has built a culture that fosters diversity, tolerance, inclusion, and character, while providing education to over 2,500 female students. Sabrina has also led the development of TDF Ghar, a restoration of the 1930s home of Hajiani Hanifa Bai (mother of Group founder Ahmed Dawood) and converted it into a safe space for youth engagement in a manner that preserves Karachi's heritage and culture. More recently, she has spearheaded the setup of TDF MagnifiScience Center, a first-of-its-kind science museum which promotes science literacy and critical thinking through experiential learning. Since its opening in 2021, TDF MagnifiScience Center has attracted hundreds of thousands of visitors and has received praise from prominent members of society including the President of Pakistan, the diplomatic missions of Spain and France, various government officials, actors, and journalists. These efforts are a culmination of the values advocated by Group Chairman, Hussain Dawood, who believes a strong code of values builds the foundation for effective problem-solving and human prosperity.

Sabrina also has a rich corporate governance journey; in addition to The Dawood Foundation and Dawood Hercules Corporation, she is a Director on the Boards of Dawood Lawrencepur, Engro Corporation, Cyan, Karachi Education Initiative, and Hajiani Hanifabai Memorial Society. She is also a Trustee of Engro Foundation, the philanthropic vehicle for Engro Corporation. She has a Master's degree in Medical Anthropology from University College London, and a Bachelor's degree in Anthropology and Law from London School of Economics.

Shahzada Dawood

Dawood Hercules Corporation pays tribute to a remarkable leader, Shahzada Dawood, who served as a Director on the Board of Dawood Hercules for 27 years and led the of our enterprise. This attitude shaped the organization as Vice Chairman from 2018 to companies he led, reinforcing their ability to 2021. Shahzada played a key role in building

a future-focus at the organization through his passionate focus on problem-solving and driving the human development journey tackle complex issues.

Shahzada participated in building a resilient enterprise by driving out-of-the-box thinking to solve problems.

During his 27 years on the Board, he made several contributions that aided the organizational problem-solving effort and encouraged colleagues to think beyond conventional limits. Indeed, as a result of this effort, the Group focused its attention on building out reputable technology and renewable ventures like EmpiricAl and Reon Energy. These companies enabled us to bring new partners into our fold, further expanding our ability to collaborate with companies which share the same values. His foresight also introduced transformative opportunities to our Group: he championed membership with the World Economic Forum,

and fostered connections with international platforms such as the Milken Institute, Virgin Unite, Wall Street Journal, and Partners Group.

Shahzada's passion for human development inspired him to initiate Learning Circles across the enterprise, which provided opportunities to all our colleagues to learn about global developments and organizational successes from experts. His zeal to democratise knowledge gave us direct access to influential speakers like Bill Gates (Gates Foundation), Bob Sternfels (McKinsey), Reuben Jayasinghe (Amazon), and many others. In his memory, this learning initiative has been renamed to Shahzada Dawood Learning Circles (SDLC).

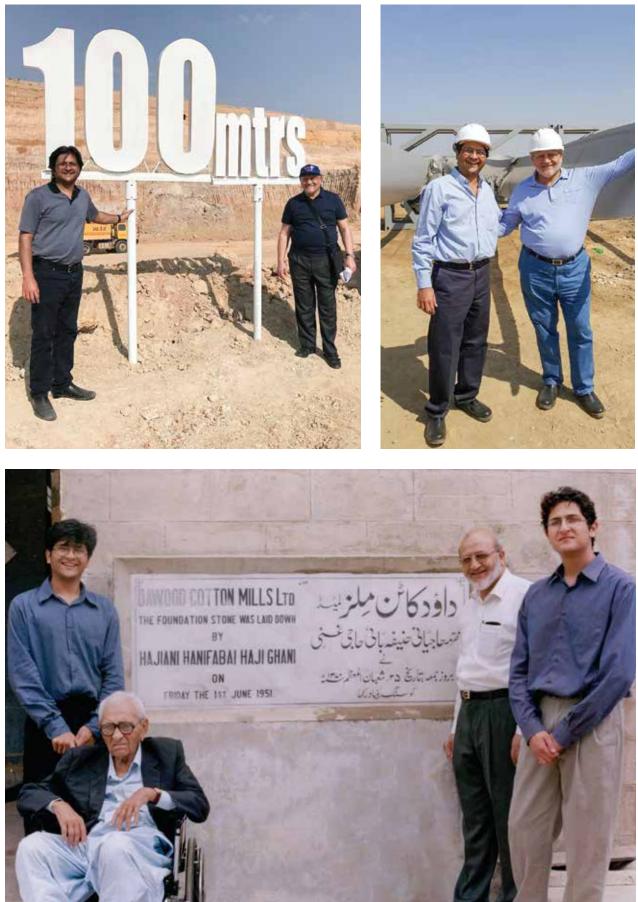

These organizational efforts were an extension of his curious and adventurous personality. We vow to celebrate him and the incredible life he lived with his son, Suleman Dawood, and pray for Allah's mercy on these two dearly missed individuals.

3. Withholding Tax on Dividend

In compliance with Section 150 read with Division I of Part III of the First Schedule of the Income Tax Ordinance, 2001 withholding tax on dividend income will be deducted for 'filer' and 'non-filer' shareholders at 15% and 30% respectively. A 'filer' is a taxpayer whose name appears in the Active Taxpayers List (ATL) issued by the FBR from time to time and a 'non-filer' is a person other than a filer. To enable the Company to withhold tax at 15% for filers, all shareholders are advised to ensure that their names appear in the latest available ATL on FBR website,

otherwise tax on their cash dividend will be deducted at 30% for non-filers. Withholding tax exemption from the dividend income shall only be allowed if a copy of valid tax exemption certificate is made available to the Share Registrar, M/s, FAMCO Share Registration Services (Private) Limited, of the Company by the first day of book closure.

According to the FBR, withholding tax in case of joint accounts will be determined separately based on the 'Filer/ Non-Filer' status of the principal shareholder as well as the status of the joint holder(s) based on their shareholding proportions. Members that hold shares with joint shareholders are requested to provide the shareholding proportions of the principal shareholder and the joint holder(s) in respect of shares held by them to our Share Registrar, M/s, FAMCO Share Registration Services (Private) Limited, in writing, In case the required information is not provided to our Registrar it will be assumed that the shares are held in equal proportion by the principal shareholder and the joint holder(s).

4. Zakat Declaration

The members are requested to submit their Zakat Declarations to the Share Registrar in order to claim exemption from deduction of Zakat.

5. Unclaimed Dividend

Shareholders, who by any reason, could not claim their dividends/shares, if any, are advised to contact our Share Registrar, FAMCO Share Registration Services (Private) Limited, 8-F, near Hotel Faran, Block-6, P.E.C.H.S, Shahrah-e-Faisal, Karachi, to collect / enquire about their unclaimed dividend/shares, if any.

In compliance with Section 244 of the Companies Act, 2017, after having completed the stipulated procedure. all such dividend outstanding for a period of 3 years or more from the date due and payable shall be deposited to the Federal Government in case of unclaimed dividend and in case of shares, shall be delivered to the SECP.

6. Transmission of Annual Accounts, Notices of Meetings, Auditor's Report and Directors' Report through CD. DVD or USB:

The shareholders of the Company have accorded approval in general meeting for transmission of annual reports including annual audited accounts, notices of annual general meetings and other information contained therein of the Company through CD or DVD or USB instead of transmitting the same in hard copies.

Please note that from this year we are sending Annual Reports / Notice of AGM through emails to those shareholders whose email addresses are available with the Company and rest shareholders will be dispatched Annual Report on CDs and printed Notice of AGM and Proxy form through post.

The shareholders who wish to receive hard copy of the aforesaid documents may send to the Company Secretary / Share Registrar, the Standard Request Form provided in the annual report and also available on the website of the Company and the Company will supply hard copies of the aforesaid document to the shareholders on demand, free of cost, within one week of such demand. The shareholders who intend to receive the annual report including the notice of meeting through e-mail are requested to provide their written consent on the Standard Request Form provided in the annual report and also available on the Company's website: www.dawoodhercules.com.

7. Deposit of Physical Shares into CDC Accounts

CHAIRMAN'S AND VICE CHAIRMAN'S REVIEW 2023

CHAIRMAN'S AND VICE CHAIRMAN'S REVIEW 2023

Dear Shareholders,

On behalf of the Board of Directors, it is our privilege to present to you the Annual Report of Dawood Hercules Corporation Limited for the year ended 31st December 2023.

We would like to begin by thanking you all for your compassionate support to us in 2023 as we went (and continue) through a protracted period of grief, mourning the loss of Shahzada Dawood and his son, Suleman. Shahzada had an indelible impact on Dawood Hercules Corporation, having served as a Director on the Board from 1996, and as the Company's Vice Chairman from 2018 to 2021. Though the pain of his loss will always be felt, we vow to celebrate his life and contributions, especially as we take Dawood Hercules Corporation forward. In doing this, we look forward to your continued and invaluable support.

2023 was a challenging year on many counts. We saw continued contractions, conflicts, and challenges; from geopolitical tensions to monetary tightening and regional economic crises, worldwide growth was impacted, symptomatic of a continuing breakage of US-brokered stability that the world had been so accustomed to for decades. Pakistan faced more extreme struggles, with high inflation, currency devaluation, and dwindling reserves leading to economic turmoil in the first half of the year which wiped out purchasing power and savings. Though some welcome relief came in the second half of the year in the form of negotiations with the IMF and better policy measures, our path to recovery hinges on vital structural reforms which may cause continued turbulence in the short-term.

Sustained challenges have reinforced the need for organizational resilience in such a landscape. We must strengthen ourselves with the necessary skills to be resilient in a time of volatility to generate sustainable performance over the long-term. And a blueprint for this exists across the globe – all of the greatest companies in the world have built themselves to greatness by effectively discharging two key functions over the long-term: capital allocation and human development. Doing these two things – accurately assessing the value of businesses and investing in people who run such businesses – has proven transformative for the fate of companies. And this is a lesson that Dawood Hercules Corporation intends to apply with greater vigour as it discharges its organizational mandate.

Our decisions to optimize risk and returns are based on sincere evaluations of investment opportunities available to us. And though this has always been the approach, the difference lies in the depth with which we apply this thought. We began this journey in 2023, adopting a deeper lens to capital allocation which prioritizes sectoral and business fundamentals which then informs our asset allocation approach. Based on a belief in its business model, Engro Corporation remained the Company's largest investment – indeed, our ownership percentage of the asset increased slightly as a result of share buybacks conducted by Engro. Aside from this investment, we built our exposure in banking, oil and gas exploration, and technology companies after conducting thorough analyses about these businesses and their potential. Our teams conducted thorough analyses into these public equities, taking care to understand key business drivers and risks, the quality of management teams, and resilience of businesses. We believe it is better to hold large positions in assets we believe in rather than diversify our holdings for short-term stock trading. Indeed, we will guard ourselves against the latter, as this behaviour is rarely aligned with long-term gains.

In 2023, the efficacy of our capital allocation strategy was put to the test and we are pleased to report that it not only weathered the storm but also yielded favorable outcomes, reinforcing our confidence in its effectiveness. This is especially important in light of the fact that we manage the capital of thousands of shareholders who put their trust in us. Performance of this kind allows us to reciprocate this sacred trust while building the success of our organization and we will continue down this journey in the years to come. This revitalized approach is underpinned by the framework of Character and Good Manners (CGM) that is the bedrock of our Group's human development philosophy. The five values that form this framework – Truthfulness, Trustworthiness, Humility, Integrity, and Striving in times of Hardship – are core to the manner in which we will implement our capital allocation strategy. We will always speak the truth, not only about our investment successes but also our mistakes and, crucially, how we will learn from those experiences. This will enable us to build trustworthiness as capital allocators, a team that conducts decision-making with humility and integrity, even in times of hardship. Great companies are built on the back of these values; when people commit to decision-making and growth through the lens of CGM, it is our conviction that organizations perform better.

In these efforts, the Company has been thoroughly guided by its Board of Directors and we would like to take this opportunity to thank them for their focus on investment stewardship. They have enabled the management teams to improve their approach to capital allocation that has resulted in a good performance in a challenging year. We would also like to appreciate our CEO, Mohammad Shamoon Chaudry, for his leadership of key transactions for the Group while managing the affairs of the organization very well.

Furthermore, the consistent support of our people, customers, partners, service providers, the Government and regulators is also most appreciated, especially our shareholders who continue to place their trust in us to steward their capital. The past year has reinforced the need for anti-fragile investment strategies and we are committed to building on what has already been achieved by participating in better investments and partnerships to realize our vision of being a leading wealth creator in value-driven businesses. In doing so, we hope to enable prosperity for everyone connected to our ecosystem and chart a course towards a more resilient world.

Hussain Dawood Chairman **Abdul Samad Dawood** Vice Chairman

DIRECTOR'S REPORT

The Directors of Dawood Hercules Corporation Limited (the Company) are pleased to present the Annual Report and audited financial statements for the year ended December 31, 2023.

Change in the Way We Do Things

This Report strives to communicate the performance of the Company in the wider context of its environment and typically follows a standard format. From this year on, the Directors Report of Dawood Hercules Corporation will have a modified approach in line with the framework of Character and Good Manners that our Chairman, Mr. Hussain Dawood, advocates so passionately. We believe we owe it to our shareholders to help them understand the story of our investment portfolio and why we are excited about each asset in it. We make these investments based on sincere assessments of the best use of capital – often we get this right, and occasionally we do not. Our efforts, however, reflect an earnest commitment to shareholders who place their trust in us to steward their savings. We believe this fresh approach to reporting on the Company's performance will help our shareholders have a better understanding of our portfolio and increase their trust in us as we strive to deliver a performance that meets their expectations.

The Environment in Which We Operated

2023 proved to be a challenging year for the world. Global growth slowed to 3% because of pressures from geopolitical tensions and economic challenges, including the heaviest monetary tightening the world has seen in over two decades, an acute banking crisis in the US, and property tensions in China. High interest rates have, however, contributed to mitigating global inflation which has also been eased from energy disruptions that resulted from the Russia-Ukraine War.

2023 proved to be a challenging year for Pakistan as well, particularly the first half. High inflation swept the country, driven by devaluation of the PKR and increased energy prices. Local currency remained under intense pressure because of dwindling foreign currency reserves. Sovereign default forecasts skyrocketed; panic struck markets; and delays in negotiating an IMF bailout package added fuel to this frenzied fear. These factors had a devastating impact, with inflation wiping off the savings and purchasing power of the general public and drying up consumer demand and flows to fresh investments. In response to these pressures, the SBP increased interest rates by 600 basis points to 22% which slowed economic output. The latter half of the year brought some relief, after the successful negotiation of a USD 3 billion Stand-By Arrangement (SBA) with the IMF which alleviated sovereign default concerns. Additionally, a smooth transition to a caretaker government ensured continuation of essential structural reforms and monitoring of IMF benchmarks.

Notably, the decision to increase gas prices mitigated circular debt buildup in the gas sector, demonstrating a commitment to sustainable financial management. This is a courageous step in addressing a long-standing issue; however, enabling the market to determine gas prices independently remains crucial for long-term success. Administrative efforts to control the informal currency market also stabilized the exchange rate, leading to a significant decrease in inflationary pressures. With CPI inflation dropping from 38% in June 2023 to 23% by February 2024, expectations of interest rate reductions have emerged, potentially restoring investor confidence.

Our Portfolio

The Company has a portfolio of investments that we believe is well-organized to weather the economic context we operate in. The largest investment of the Company is in Engro Corporation.

Engro Corporation

Engro Corporation is a portfolio manager of industrial assets and presents a good balance of stable-yield and growth businesses. Among its underlying companies, the largest asset for Engro is its fertilizer business which provides urea and other value-added fertilizers to Pakistani farmers to improve their yields. In a country with a population of 240 million that is projected to grow to 400 million by 2050 (Source: UNFPA), fertilizer is a vital input for food security. This growth in mouths to feed will be a priority for all stakeholders for which the fertilizer business is considered an economic essential. Demand remains strong even during economic downtimes, which was seen in 2023 as the business was able to deliver record sales on strong margins.

In the fertilizer sector, the Government's decision to increase gas prices for Sui-Northern-based fertilizer plants effectively captures 60% of fertilizer production. While this will likely cause some short-term turbulence, it is expected that the rest of the industry will follow suit, which is not only positive for the industry but the country as well. Eliminating the gas subsidy for fertilizer manufacturing and moving towards a direct subsidy system for small farmers is a critical step in opening up the market for reforms and making the market more locally and globally competitive.

Similarly, Engro Corp's terminal businesses, Engro Vopak Terminal and Engro Elengy, are also economic essentials, providing critical gas supply and essential chemicals for the country to run its industries. In 2023, the businesses generated strong, dollarized cashflows, withstanding the challenge of devaluation that affected many other sectors. Both businesses are also low on leverage which provided a buffer against increased interest rates.

Engro's other key businesses, were relatively more affected by on-ground economic realities, which we will go over in turn.

Pakistan's challenging macro environment led to a slowdown in construction activity which reduced the demand for PVC, a key product of Engro Polymer and Chemicals. Furthermore, a decline in core delta margins coupled with rising energy costs indicates that Engro Polymer will likely face pressure in the foreseeable future. To address this, the company is focused on driving cost efficiencies, identifying new applications of PVC that could be introduced in Pakistan, and studying alternate sources of energy that could efficiently substitute for gas which currently powers the whole facility.

FrieslandCampina Engro Pakistan has also faced the brunt of economic hardship. High inflation has diminished the purchasing power of consumers, which has been a challenge for processed dairy in particular as customers have been forced into making difficult choices for their families. In Pakistan, loose, unprocessed milk dominates the dairy market, accounting for approximately 90% of total consumption. The real opportunity for FCEPL lies in category conversion from loose milk to processed dairy but the fact that loose milk is at a significantly cheaper price point, coupled with the consumer perception that it is better than processed milk, poses a formidable challenge to processed dairy players. For this reason, educating consumers on the benefits of processed dairy as well as providing suitable products to nourish families will need continued focus from the company. Conversion represents a 10x opportunity for growth, but this will be a multi-year commitment given prevailing consumer perception that is based on experience, rather than evidence. We are excited to have a partner like Royal FrieslandCampina on Board that has experience of this conversion in other markets.

Engro Enfrashare has also not been immune to market realities. For this company, data usage growth will be integral as more and more Pakistanis come online on the back of continued investment by MNOs (Mobile Network Operators). The management teams of Engro Corporation must be credited for their

61

stewardship of the telecommunication infrastructure vertical that has resulted in Engro Enfrashare becoming the market leader in the tower-sharing space, with 3,952 sites maintaining a tenancy ratio of 1.21x. However, the debt-heavy capital structure of the company meant that it was severely impacted by interest rate hikes and more could have been done to protect the company from these adverse movements in the policy rate. This will impact the company in the short term but the outlook of the business is net positive as Engro Enfrashare is positioned to capitalize on anticipated sector growth, driven by increased data usage and the localization of smartphone assembly.

This only leaves Engro's power businesses among its subsidiaries. It is well-recognized that the power sector grapples with a chronic and systemic issue of circular debt and that despite recent government interventions successfully addressing circular debt in the gas sector, the power sector remains burdened by escalating financial challenges. Coupled with a subdued growth in power resulting from weakened economic conditions, the circular debt in the power sector continues to accumulate, impeding the government's ability to settle dues with power producers in a timely manner. We, therefore, endorse the decision of the Board of Engro Corp to divest from three major energy entities—EPQL, EPTL, and SECMC. This move will unlock the invested capital in these businesses, facilitating redirection towards more lucrative opportunities that can contribute to enhanced shareholder value.

Engro Corp also strategically utilized excess capital through a share buyback during a market downturn, optimizing shareholder value. This resulted in a heightened effective holding of approximately 40% in Engro Corp.

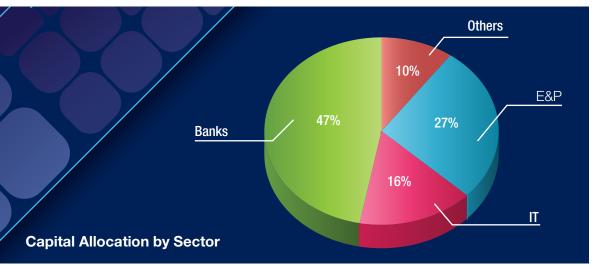

Overall, Engro's business portfolio offers a well-rounded exposure to diverse sectors of the economy, equipped to navigate robust and challenging economic conditions. From a shareholder's perspective, the Company's investment in Engro Corporation has provided a total return of 280.6% over the past 10 years, outperforming the KSE-100 return of 146.9% over the same period. Investing in Engro Corp has proven to be one of the Company's most sound investment decisions, serving as a substantial source of cashflows and sustained growth.

Non-Engro Portfolio

The remaining investments of the Company have been aligned to match the economic conditions at play. With rising inflation and expectations of high interest rates, the banking sector was expected to be the largest beneficiary of monetary tightening. The portfolio investments of DH Corp were, therefore, significantly geared towards this sector - a move that paid off during the year. Of particular note are UBL and Meezan Bank. UBL has adopted an investor-friendly capital allocation policy that returns profits to shareholders. For the most part, it has maintained a cautious approach to lending, and is focused on growing its (more-profitable) Islamic-banking side of the business while implementing efficiency measures to optimize its costs and capital. Meezan Bank, on the other hand, has demonstrated enviable growth over past several years. As it continues pursuing these growth ambitions, it is also optimizing its deposit mix to make it more efficient. Meezan Bank maintains a very strong capital base to deploy its deposits in non-government lending in the future to maintain and enhance its profitability. We would like to take this opportunity to make a note of the exceptional performance of the Meezan Bank management team which has navigated economic ups and downs to deliver growth and increasing returns to shareholders. That said, we are cognizant of the fact that the sector may attract incremental taxation; however, despite these potential challenges, we continue to be long on the sector. Our investment in these two banks, at the end of the year, is to the tune of PKR 3.7 billion, and the return generated on this investment during the period has been PKR 3.8 billion.

In addition to banking, we have also strategically positioned ourselves with significant holdings in prominent Oil & Gas Exploration companies, specifically OGDCL, PPL, and Mari Petroleum. There is no doubt that Pakistan's economic prosperity hinges on sustained and impactful reforms within the energy sector – we are encouraged by the government's efforts to address circular debt buildup in the gas sector and believe that OGDCL and PPL will be the largest beneficiaries of this positive change. Urgent investments in the exploration of domestic fossil fuel reserves are imperative, and all three companies are well-equipped to meet this need. Furthermore, the fact that OGDCL and PPL are fully funded with equity, with huge cash reserves, indicates a great opportunity to drive efficiency through better financial management. The variance between the intrinsic value and market price of these companies has reinforced our decision to retain these investments in our portfolio. Our investment in OGDCL, PPL, and Mari Petroleum, at the end of the year, is to the tune of PKR 2.2 billion, and the return generated on this investment during the period has been PKR 410 million.

We have also allocated a substantial portion of our portfolio to Systems Limited, a company that has consistently showcased its proficiency in executing international IT projects by harnessing the potential of Pakistan's skilled workforce. Over time, Systems has expanded its global reach and implemented an effective system to utilize its Pakistani operations for servicing clients worldwide. Beyond its evident growth trajectory, the company offers a safeguard against PKR devaluation, given that a significant portion of its revenues is denominated in US dollars. We have invested PKR 0.8 billion in Systems Limited; at this time, it is too early to share a return contribution to the portfolio.

In terms of capital allocation, the Company unwound a leverage-based investment strategy that had been in place since September 2021. This decision was taken because of a discomfort with the level or risk factored into this strategy and the unwinding was conducted during the 2nd and 3rd quarters of 2023, resulting in an overall positive return. The ex-Engro portfolio, in particular, delivered an impressive total return of 66.8% in 2023, outperforming the benchmark KSE-100 index return of 54.5%, thereby demonstrating a remarkable alpha over the target return. Had the company not gone ahead with deleveraging its portfolio, it would have ended up earning approximately PKR 2 billion over and above what it earned (equivalent to ~30% portfolio return). However, we were uncomfortable with the level of risk assumed in this strategy and, ultimately, are satisfied with the outcome.

It is a matter of concern that increasing taxes on dividends has had an impact on shareholder returns. This issue has been taken up by the Pakistan Business Council and its members at various platforms and we look forward to positive developments from these efforts.

A holistic snapshot of our capital allocation efforts has been shared below. Since 2018, Dawood Hercules Corporation's equity portfolio has generated a return of 82.6% compared to the KSE-100's return of 68.5%, which is an alpha of 14.1% over the index.

Financial Report

Financial Performance

The Company's consolidated revenue grew by 35%, from PKR 356,643 million during 2022 to PKR 482,489 million. Consolidated PAT before accounting impact due to remeasurement of thermal energy assets stood at PKR 66,315 million (PAT attributable to shareholders: PKR 13,636 million) compared to PKR 42,920 million (PAT attributable to shareholders: PKR 5,866 million) in 2022.

However, after incorporating the accounting impact due to remeasurement of thermal energy assets, the consolidated PAT for 2023 was PKR 36,365 million – down by 15%, while PAT attributable to the shareholders increased to PKR 8,322 million from PKR 5,866 million in 2022, mainly due to unrealized gain on equities portfolio.

On a standalone basis, return on investments stood at PKR 14,788 million as compared to PKR 6,222 million in 2022, primarily due to significantly higher dividend income and unrealized capital gain due to improved market performance. Further, the PAT for 2023 was PKR 10,350 million against PAT of PKR 3,692 million for the same period in the last year.

Earnings Per Share

The unconsolidated earnings per share for the year 2023 were PKR 21.50 as compared to PKR 7.67 for the year 2022. Consolidated earnings per share for the year were PKR 17.29 (2022: PKR 12.19).

Auditors

The present auditors, A.F. Ferguson & Co., Chartered Accountants are retiring at the conclusion of the forthcoming annual general meeting and are offering themselves for reappointment. The Audit Committee has recommended the re-appointment of A.F. Ferguson & Co., Chartered Accountants as auditors of DH Corp for the year ending 31 December 2024, and the Board has endorsed this recommendation.

Shares Traded, Average Prices and PSX

During the year 38 million shares of DH Corp were traded on the PSX. The average price of DH Corp's share based on the daily closing rate was PKR 105.11, while the 52 weeks low-high during 2023 was PKR 91.81 – 135.40 per share, respectively.

Pattern of Shareholding

The pattern of shareholding of DH Corp as at 31 December 2023, together with other necessary information, is available at the end of this report along with the proxy form.

Market Capitalization and Book Value

At the close of the year, the market capitalization of DH Corp was PKR 51,806 million (2022: PKR 45,482 million) with a market value of PKR 107.64 per share (2022: PKR 94.50) and the breakup value of PKR 59.37 per share (2022: PKR 55.86 per share).

Appropriation

The total dividend attributable to the year is PKR 18.00 per share (180%) paid during the year.

Entity Rating

During 2023, PACRA reaffirmed the short-term and long-term credit rating of DH Corp in its annual review.

These credit ratings reflect the entities' financial and management strength as well as favourable credit standing and are a testament to our strong balance sheet and robust performance with consistent dividend payouts.

Provident and Gratuity Funds

The funded retirement benefits of the employees of DH Corp are audited once a year and are adequately covered by appropriate investments. The value of the investments of the provident fund as per the unaudited accounts aggregated to PKR 1.5 million (2022: PKR 10.5 million).

Fair value of the assets of the funded defined benefit gratuity plan was PKR 13.95 million at 31 December 2023 (2022: PKR 9.56 million).

Corporate Governance

DH Corp remains committed to the high standards of corporate governance, conducting its business in line with the best practices of the Code of Corporate Governance and the Listing Regulations of the PSX, which specify the roles and responsibilities of the Board of Directors and DH Corp's management. For further details, please refer to the Statement of Compliance with Listed Companies (Code of Corporate Governance) Regulations 2017.

Risk Management

DH Corp's activities expose it to a variety of financial risks: market risk (including interest rate risk, currency risk and price risk), credit risk and liquidity risk. DH Corp's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance.

Hence risk management policies are established to address the risks faced by DH Corp, to set appropriate risk limits and controls, and to monitor adherence to limits. Risk management policies and systems are reviewed regularly keeping the market conditions and activities in perspective.

EMPLOYEE ENGAGEMENT

Material Changes due to Subsequent Events

No material changes or commitments affecting our financial position have occurred between the end of the financial year and the date of this report.

Future Outlook

We expect sustained economic pressure in the near-term, which will likely lead to continuation of inflationary impacts, relatively high interest rates, and high taxation. We recognize the efforts of the Government in resolving these difficulties but it is important to urge that challenges be resolved in the right manner with the right mindset which rebuilds investor confidence in Pakistan. To this end, long-term structural reforms that reshape our economy are crucial. While some of these may come through conditions of our IMF package, there is a role the State can play in proactively moving towards a better economic landscape, especially by widening the tax net and discouraging capital flight to unproductive sectors. We look forward to playing our role in such advocacy on these macro challenges.

Acknowledgement

The Board expresses its gratitude to all shareholders for their confidence and support. We would like to thank all stakeholders, including but not limited to financial institutions for their support and cooperation and assure them of our commitment to look after their respective interests.

We would like to thank the management and employees for their sincere contributions towards the growth and prosperity of DH Corp.

STATEMENT OF COMPLIANCE WITH LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) **REGULATIONS**, 2019

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Dawood Hercules Corporation Limited

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Dawood Hercules Corporation Limited for the year ended December 31, 2023 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended December 31, 2023.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Dawood Hercules Corporation Limited

Report on the Audit of the Unconsolidated Financial Statements

Opinion

We have audited the annexed unconsolidated financial statements of Dawood Hercules Corporation Limited (the Company), which comprise the unconsolidated statement of financial position as at December 31, 2023, and the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity, the unconsolidated statement of cash flows for the year then ended, and notes to the unconsolidated financial statements, including material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at December 31, 2023 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current period. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the Key audit matter:

S. No. Key audit matter

(i) Return on investments – net

(Refer note 20 to the unconsolidated financial statements)

Returnoninvestment comprises dividend income, interest income and gain / loss on the Company's investments. Dividend income is the most significant component of the Company's revenue for the year which drives some of the Company's key performance indicators including earnings per share.

Given the significance of the amount in the overall context of the annexed unconsolidated financial statements and the fact that there is presumed risk of misstatement that the return on investments may not be recognised in the correct accounting period in the unconsolidated financial statements, this remained our focus area throughout the audit, hence a key audit matter.

Information Other than the Unconsolidated and Consolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the unconsolidated and consolidated financial statements and our auditor's report thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Unconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

A·F·FERGUSON&CO.

How the matter was addressed in our audit

Our audit procedures included the following:

- Obtained an understanding of the process and key internal controls relating to recognition of return on investments.
- Agreed, on a sample basis, the Company's entitlement for the dividend income to an independent source and agreed receipts to the bank statements.
- Tested cut-off relating to the dividend income using independent data source and subsequent collections by the Company.

A.F.FERGUSON&CO.

In preparing the unconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are • appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates • and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including • the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Reguirements

Based on our audit, we further report that in our opinion:

- 2017);
- the Company's business; and
- Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditor's report is Khurshid Hasan.

- 1.2 ECL. Accordingly, the Company is deemed to be the Holding Company of ECL.
- 1.3 losses, if any.

2. MATERIAL ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these unconsolidated financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated.

2.1 Basis of preparation

These unconsolidated financial statements have been prepared under the historical cost convention unless otherwise stated.

2.2 Statement of compliance

- Pakistan comprise of:
 - Standards Board (IASB) as notified under the Companies Act, 2017 (the Act); and
 - Provisions of and directives issued under the Act.

Where provisions of and directives issued under the Act differ from the IFRSs, the provisions of and directives issued under the Act have been followed.

financial statements are disclosed in note 3.

Dawood Hercules Corporation Limited (the Company) was incorporated in Pakistan on April 17, 1968 as a public limited company under the Companies Act, 1913 (now the Companies Act, 2017) and its shares are quoted on the Pakistan Stock Exchange (PSX). The principal activity of the Company is to manage investments including in its subsidiaries and associated companies. The registered office of the Company is situated at Dawood Center, M.T. Khan Road, Karachi and a

Based on the concept of 'control' as stipulated in the International Financial Reporting Standard (IFRS) - 10 'Consolidated Financial Statements', the Company continues to conclude that although the Company has less than 50% voting rights in Engro Corporation Limited (ECL), yet, based on the absolute size of the Company's shareholding, the relative size of other shareholdings and the number of representation on ECL's Board of Directors, the Company has the ability to exercise control over

These unconsolidated financial statements are the separate financial statements of the Company in which investments in subsidiaries have been accounted for at cost less accumulated impairment

For the year ended December 31, 2023

2.2.3 Standards, interpretations and amendments to accounting and reporting standards.

a) Amendments to accounting and reporting standards that became effective during the year

There were certain amendments that became applicable for the Company during the year but are not considered to be relevant or did not have any significant effect on the Company's operations and have, therefore, not been disclosed in these financial statements except as mentioned below:

The Company has disclosed material accounting policies in these financial statements in line with the amendments to 'IAS-1 - Presentation of Financial Statements'.

b) Standards and amendments to accounting and reporting standards that are not yet effective and not early adopted by the Company

There are certain new standards and amendments to the accounting and reporting standards that will be mandatory for the Company's annual accounting periods beginning on or after January 1, 2024. However, these amendments will not have any significant effect on the financial reporting of the Company and, therefore, have not been disclosed in these financial statements.

Property and equipment 2.3

These are stated at historical cost less accumulated depreciation and accumulated impairment losses, if any except for leasehold land which is stated at cost. Historical cost includes expenditure that is directly attributable to the acquisition of assets.

Assets having cost exceeding the minimum threshold as determined by the management are capitalised. All other costs are charged to profit or loss in the year in which such are incurred.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised.

All repairs and maintenance are charged to profit or loss during the financial period in which such costs are incurred. Major renewals and improvements, if any, are capitalised in accordance with IAS 16 'Property, Plant and Equipment' and depreciated in a manner that best represents the consumption pattern.

Disposal of assets is recognised when significant risks and rewards incidental to ownership have been transferred to the buyer. Gains and losses on disposal are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss for the year.

Depreciation is charged to statement of profit or loss applying the straight line method so as to write off the historical cost of the assets over their estimated useful lives at the rates stated in note 4 to these unconsolidated financial statements. Depreciation on additions is charged from the following month in which the asset is available for use and on disposals up to the month the asset is no longer in use. The assets' residual values and useful lives are reviewed annually, and adjusted, if material.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED **FINANCIAL STATEMENTS**

For the year ended December 31, 2023

Investment properties 2.4

Investment properties, principally comprising of land and buildings, are held for long term rental yields / capital appreciation. The investment property of the Company comprises of land and building and is valued using the cost method i.e. at cost less any accumulated depreciation and impairment losses, if any.

Cost includes expenditure that is directly attributable to the acquisition of the investment property. The cost of self-constructed investment property includes the cost of materials and direct labour, any other costs directly attributable to bringing the investment property to a working condition for their intended use and capitalized borrowing costs, if any.

Depreciation is charged to statement of profit or loss applying the straight line method so as to write off the historical cost of the assets over their estimated useful lives at the rates stated in note 6 to these unconsolidated financial statements. Depreciation on additions is charged from the following month in which the asset is available for use and on disposals up to the month the asset is no longer in use. The assets' residual values and useful lives are reviewed annually, and adjusted, if material.

The residual values and useful lives of investment properties are reviewed at each reporting date and adjusted, if appropriate.

The Company assesses at each reporting date whether there is any indication that an investment property may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amounts, assets are written down to their recoverable amounts and the resulting impairment loss is recognised in statement of profit or loss. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Where an impairment loss is recognised, the depreciation charge is adjusted in the future periods to allocate the asset's revised carrying amount over its estimated useful life.

The gain or loss on disposal of investment property, represented by the difference between the sale proceeds and the carrying amount of the asset is recognised as income or expense in the statement of profit or loss.

2.5 Investment in subsidiary

Subsidiary is an entity over which the Company has the power to govern the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Company controls another entity. Further, while evaluating control, the Company also considers whether:

- it has power over the investee entity;

Investment in subsidiary is classified as long-term investments and stated at cost less accumulated impairment losses, if any.

- it has exposure, rights, to variable returns from its involvement with the investee entity; and

- it has ability to use its power over the investee entity to affect the amount of the Company's returns.

For the year ended December 31, 2023

2.6 Financial assets and liabilities

2.6.1 Financial assets

The Company classifies its financial assets in the following categories:

a) Amortized cost

Assets that are held for collection of contractual cash flows, where those cash flows represent solely payments of principal and interest, are measured at amortised cost. Interest income from these financial assets, impairment losses, foreign exchange gains and losses, and gain or loss arising on derecognition are recognised directly in statement of profit or loss.

b) Fair value through other comprehensive income

Financial assets at fair value through other comprehensive income are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Fair value through profit or loss

Assets that do not meet the criteria for amortised cost or fair value through other comprehensive income or assets that are designated at fair value through profit or loss using fair value option, are measured at fair value through profit or loss. A gain or loss on debt instrument that is subsequently measured at fair value through profit or loss is recognized in profit or loss in the year in which it arises.

Financial assets are initially measured at cost, which is the fair value of the consideration given and received respectively. These financial assets and liabilities are subsequently remeasured to fair value, amortised cost or cost as the case may be. Any gain or loss on the recognition and de-recognition of the financial assets and liabilities is included in the profit or loss for the period in which it arises.

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investment in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognised in profit or loss as other income when the Company's right to receive payments is established.

All purchases and sales of financial assets are recognised on the trade date which is the date on which the Company commits to purchase or sell the financial asset.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in statement of profit or loss.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all the risks and rewards of ownership.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

For the year ended December 31, 2023

2.6.2 Financial liabilities

Financial liabilities are recognised at the time when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities at amortised cost are initially measured at fair value less transaction costs. Financial liabilities at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in statement of profit or loss.

Financial liabilities, other than those at fair value through profit or loss, are subsequently measured at amortised cost using the effective yield method.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange and modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in the statement of profit or loss.

2.6.3 Impairment

a) Financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its financial assets. The Company applies general approach in calculating expected credit losses. It is based on difference between the contractual cashflows due in accordance with the contract and all the cashflows that the Company expects to receive discounted at the approximation of the original effective interest rate. The expected cashflows will include cash flows from sale of collateral held or other credit enhancements that are integral to the contractual terms.

Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics.

The Company recognises in profit or loss, as an impairment loss (or reversal of impairment), the amount of expected credit losses (or reversal of impairment) that is required to adjust the loss allowance at the reporting date. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

b) Non-Financial assets

The carrying amounts of non-financial assets are assessed at each reporting date to ascertain whether there is any indication of impairment. If such an indication exists, the asset's recoverable amount is estimated to determine the extent of impairment loss, if any. An impairment loss is recognised as an expense in the statement of profit or loss.

The recoverable amount is the higher of an asset's fair value less cost of disposal and value-in-use. Value-in-use is ascertained through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risks specific to the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (i.e. cash generating units).

An impairment loss is reversed if there is a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

For the year ended December 31, 2023

2.7 Cash and cash equivalents

Cash and cash equivalents are stated at cost. For the purpose of statement of cash flows, cash and cash equivalents comprise cash in hand, balances with banks in current and savings account, other short-term highly liquid investments with original maturities of three months or less.

2.8 Staff retirement benefits

2.8.1 Defined benefit plans

The Company operates defined benefit plans i.e. funded gratuity schemes for all its permanent employees who have completed minimum service of prescribed period.

Actuarial valuation for funded gratuity scheme is carried out every year using the projected unit credit method. Remeasurements (actuarial gains / losses) in respect of defined benefit plan are recognised in unconsolidated statement of other comprehensive income.

Provisions 2.9

Provisions are recognised in the statement of financial position when the Company has a legal or constructive obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. However, provisions are reviewed at each reporting date and adjusted to reflect current best estimate.

2.10 **Dividend and appropriation to reserves**

Dividend and appropriation to reserves are recognized in the financial statements in the period in which these are approved.

2.11 Income tax

The tax expense for the year comprises current and deferred tax. Tax is recognised in the profit or loss, except to the extent that it relates to items recognised in OCI or directly in equity. In which case, the tax is also recognised in OCI or directly in equity.

- Current

Provision for current taxation is the amount computed on taxable income at the current rates of taxation or alternative corporate tax computed on accounting income or minimum tax on turnover, whichever is higher, and taxes paid / payable on final tax basis, after taking into account tax credits available, if any. The charge for the current tax also includes adjustments where necessary, relating to prior years which arise from the assessments made / finalised during the year.

- Deferred

Deferred tax is recognised using the balance sheet liability method, providing for all temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets and liabilities are measured at the tax rate that are expected to apply in the year when the asset is utilised or the liability is settled, based on the tax rates that have been enacted or substantially enacted at the reporting date.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

For the year ended December 31, 2023

Deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

2.12 Contingent liabilities

Contingent liabilities are disclosed when:

- control of the Company; or
- obligation cannot be measured reliably.

2.13 Revenue recognition

- the date of book closure of the investee company declaring the dividend.
- principal amounts and the applicable rates of return.
- interest yield method.
- are disposed of.

2.14 Functional and presentation currency

These unconsolidated financial statements are presented in Pakistan Rupee, which is the Company's functional and presentation currency.

SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS 3.

The preparation of these unconsolidated financial statements in conformity with accounting and reporting standards requires the use of certain significant accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances. In the process of applying the Company's accounting policies, the management has made the following estimates and judgements which are significant to these unconsolidated financial statements:

- there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the

- there is a present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the

Dividend income is recognised when the Company's right to receive dividend is established, i.e. on

Returns on bank deposits are accrued on a time proportion basis by reference to the outstanding

Income on Market Treasury Bills and Term Deposit Receipts (TDRs) is accrued using the effective

Gains and losses arising on disposal of investments are included in income in the year in which these

- Unrealised gains and losses arising on revaluation of securities classified as 'fair value through profit or loss' are included in the statement of profit or loss in the period in which these arise respectively.

For the year ended December 31, 2023

3.1 Property and equipment and investment properties

The Company reviews the appropriateness of the rates of depreciation, useful lives and residual values used for recording the depreciation / amortization on an annual basis. Further, if required based on any indication for impairment, an estimate of recoverable amount of assets is made for possible impairment.

3.2 Staff retirement benefits

The present value of these obligations depends on a number of factors that are determined on actuarial basis using a number of assumptions. Changes in the assumptions will impact the carrying amount of the obligation. The present values of the obligation and the underlying assumptions are disclosed in note 15 to these unconsolidated financial statements.

Current and deferred income taxes 33

In making the estimates for income taxes payable by the Company, management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Company measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty. Management considers current income tax law and the decisions of appellate authorities on certain cases issued in the past. Where the final tax outcome is different from the amounts that were initially recorded, such differences will impact the income tax provision in the period in which such final outcome is determined. Deferred taxes are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

3.4 Impairment of investment in subsidiary

In making an estimate of impairment, the management considers on a annual basis whether an indication of impairment exists. In case an indication exists, the recoverable amount of investment is calculated.

3.5 Contingencies and provisions

Significant estimates and judgements are being used by the management in case of contingencies and provisions relating to legal and taxation matters being contested at various forums based on applicable laws and the decisions / judgements.

3.6 Fair value of investments

The Company determines fair value of its investments (classified at fair value through profit or loss) by using quotations from active market and conditions and information about the financial instruments. These estimates are subjective in nature and involve some uncertainties and matters of judgment.

start commercial operations in year 2014.

However, due to certain issues it has not been able to start the commercial operations of the project till date. Further, due to financial and liquidity issues, it has not been able to service its outstanding loans and working capital requirements.

The Company disposed of part of its shareholding i.e. 19.86%, in e2eBE during the year 2015. However, the said disposal was not recorded by e2eBE in its register of members. The Company informed the Securities and Exchange Commission of Pakistan (the SECP) in this respect through its letters dated May 12, 2016 and January 22, 2018.

In view of the pending registration of the transfer of shares in the name of the transferee, during the year ended December 31, 2020, the Company on the basis of legal advice, entered into an agreement dated May 8, 2020 with the transferee whereby it was agreed to reverse the original share sale-purchase transaction in a manner that the disposed 19.86% shares shall revert to the Company as if those were never sold to the transferee. Accordingly, the sales proceeds amounting to Rs 2 million received by the Company against the disposal of 19.86% shares in e2eBE were returned to the transferee. In this regard, the Company has through its letter dated April 10, 2020 withdrew the matter lodged with the SECP against e2eBE related to its failure to transfer 19.86% shares in the name of the transferee. Further, an intimation to this effect has been made to e2eBE through the Company's letter dated May 15, 2020.

Further, the Company has assessed the carrying amount of its investment in e2eBE in accordance with the requirements of the applicable accounting standard and the investment has been fully impaired as the possibility of commencement of operations of e2eBE is considered remote.

Defined benefit plan - Funded gratuity

15.1 - 15.17 **5,103** 6,151

- **15.1** As stated in note 2.8.1, the Company operates a defined benefit plan i.e. an approved funded gratuity scheme for all of its permanent employees subject to attainment of minimum service of prescribed period. The latest actuarial valuation was carried out as at December 31, 2023.
- **15.2** The Company faces the following risks on account of the defined benefit plan:

Final salary risk - The risk that the final salary at the time of cessation of service is greater than what the Company has assumed. Since the benefit is calculated on the final salary, the benefit amount would also increase proportionately.

Asset volatility - Investments are subject to adverse fluctuations as a result of change in the market price.

Discount rate fluctuation - The plan liabilities are calculated using a discount rate set with reference to corporate bond yields. A decrease in corporate bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the plan assets.

Investment risks - The risk of the investment underperforming and not being sufficient to meet the liabilities. This risk is mitigated by closely monitoring the performance of investment.

Risk of insufficiency of assets - This is managed by making regular contribution to the Fund as advised by the actuary.

15.3 The projected unit credit method using the following significant assumptions was used for this valuation:

	2023	2022
	Per annu	ım
 Discount rate used for year end obligation 	15.50%	14.50%
- Expected rate of increase in salary levels	14.50%	13.50%

15.4 Mortality rate

The rates assumed were based on the SLIC 2001-2005 with 1 year setback mortality table.

15.13 Expected benefits to be paid to the funded gratuity for the year ending December 31, 2024 is Rs 2.374 million (2023: Rs 2.309 million).

15.14 The weighted average duration of the defined benefit obligation is 6 years.

15.15 The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is set out below:

Present value of defined benefit obligation based on

	Change in assumptions	Increase (I	Decrease Rupees in '000)
Discount rate	1%	(18,047)	20,156

	Weighted average duration (years)	6	6

15.17 The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the staff retirement gratuity recognised within the statement of financial position.

19. CONTINGENCIES AND COMMITMENTS

19.1 Contingencies

19.1.1 The Company had pledged 15.131 million shares of ECL with Meezan Bank Limited (as agent) in favour of Fatima Fertilizer Company Limited (FFCL) as disclosed in note 8.1.2 to these unconsolidated financial statements as collateral against guarantee given in favour of DH Fertilizer Limited (DHFL) - ex subsidiary (now FFCL) against potential tax liabilities, WPPF liabilities and WWF liabilities in respect of periods ending on or prior to June 30, 2015. These pledged shares were to be released upon completion of two years from the filing date of Income Tax Return for the year ended December 31, 2015, i.e. September 30, 2016, in case no demand / notice is received from respective authorities.

During the year ended December 31, 2018 out of 15.131 million shares of ECL, 4.639 million shares were released upon expiration of the period stated in the agreement relating to the WPPF liabilities.

The Company had also issued a corporate guarantee which will remain in full force and effective for five years and will be released on the date on which the above tax liabilities are finally settled / disposed of or withdrawn.

19.1.2 During the year ended December 31, 2017, the Company's ex-subsidiary was served with an order dated May 2, 2017 from the Additional Commissioner of Inland Revenue (CIR) - Federal Board of Revenue under Section 122(5A) of the Income Tax Ordinance, 2001 to amend the original assessment for the Tax Year 2016 being prejudicial to the revenue of the Federal Government and raised additional demand of Rs 3.380.65 million.

The issues mainly related to the levy of tax on sale of 'Bubber Sher' brand to wholly owned subsidiary. Bubber Sher (Private) Limited, taxation of capital gain on sale of shares of ECL and HUBCO to the Company and levy of super tax on the income claimed to be exempt from tax. The ex-subsidiary being aggrieved with the order filed an appeal with the Commissioner Inland Revenue Appeals (CIRA) and CIRA in its order dated August 7, 2017 decided the matter in favour of the ex-subsidiary. The Deputy CIR served the ex-subsidiary with an appeal effect order on January 11, 2018, under which the tax liability (primarily on account of Alternate Corporate Tax) was worked out to be Rs 1,051.140 million.

Additionally, the CIR filed an appeal with the Appellate Tribunal Inland Revenue (ATIR) against the order passed by CIRA, which is currently pending. The ex-subsidiary, on the basis of advice of its tax consultant, filed an appeal with CIRA on February 12, 2018, considering the demand to be still prejudicial to its interests. CIRA in its order dated April 26, 2018 decided the matter against the ex-subsidiary. The ex-subsidiary has filed an appeal with the ATIR on May 9, 2018, against the order passed by CIRA and for grant of stay in respect thereof. The appeal against the order of CIRA is still pending. Meanwhile, the ex-subsidiary has also obtained stay from the Lahore High Court against the recovery of demand. The tax advisor of the ex-subsidiary is of the view that the appeal effect order passed on January 11, 2018 and the subsequent order of CIRA dated April 26, 2018, are either based on a misinterpretation of the provisions of law or are in violation of the directions given by CIRA in its order dated August 7, 2017. Based on these views, the management of the Company is confident that the matter will eventually be decided in favour of the ex-subsidiary. Hence, no provision has been recorded in this respect in these unconsolidated financial statements.

19.1.3 During the year ended December 31, 2017, the Company received a show cause notice dated May 11. 2017 from the CIR – Federal Board of Revenue under Section 122(9) of the Income Tax Ordinance, 2001 in respect of Tax Year 2016. In the notice, the CIR expressed intention to reject exemption of intercorporate dividend amounting to Rs 18,008.795 million, to make an addition to capital gain amounting to Rs 615.101 million and also to impose a super tax liability amounting to Rs 666.963 million. The Company being aggrieved, filed a Constitutional Petition before the High Court of Sindh against the proposal to reject the exemption claimed on intercorporate dividend. Further, a Constitutional Petition was filed with the High Court of Sindh against the levy of super tax. The High Court of Sindh issued stay orders in respect of the aforementioned matters with the instructions to the taxation authorities to not finalise the proceedings until the cases were disposed off.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED **FINANCIAL STATEMENTS**

For the year ended December 31, 2023

On September 11, 2020, CIR issued an order, where he agreed with the management contention with respect to capital gain. On Intercorporate dividend decision was kept on hold due to pending decision of High Court, whereas Super Tax was charged u/s 4B @ 3% on dividend income amounting to PKR 666.9mn. Company filed an appeal with the CIRA.

CIRA issued an order on December 13, 2021, wherein CIRA accepted management's contention with regard to super tax on intercorporate dividend. Accordingly, CIRA has directed CIR to adjust the order to the extent of Rs 547 million on account of super tax on intercorporate dividend.

During the year on January 31, 2023, High Court of Sindh disposed of the petition by directing the Company to respond to the department against the show cause notice initially issued, within 60 days from the date of Court order. The department was directed to pass an order after hearing the Company in accordance with the law. Both the Company and department have to follow the tax appeals' procedure with respect to the above mentioned notice. Accordingly, the Company submitted its response to the department against the showcause notice initially issued, however the department has not yet passed an Order as directed by the High Court of Sindh.

The management and the tax consultant of the Company believe that there are meritorious grounds available to defend the foregoing demand. Consequently, no provision has been recorded in these unconsolidated financial statements.

CIRA issued an order on December 31, 2021, wherein CIRA ordered that profit on debt / interest income should be classified as 'income from other sources' rather than 'Income from business'. However, CIRA accepted management's contention with respect to apportionment of administrative expenses and finance cost to profit on debt and have directed the ADCIR to reassess the apportionment accordingly. The Company on a prudent basis has recorded a provision amounting to Rs 109 million in these unconsolidated financial statements.

19.1.5 During the year ended December 31, 2021, the Company received an income tax demand dated March 31, 2021 the Company and should be treated as 'income from business'.

On April 21, 2021, an appeal was filed by the Company before the CIRA on which the CIRA issued an order on September 20, 2023, wherein CIRA ordered that profit on debt / interest income should be classified as 'income from other sources' rather than 'income from business'. However, CIRA accepted management's contention with respect to apportionment of administrative expenses and finance cost to profit on debt and have directed the ADCIR to reassess the apportionment accordingly. The Company on the advice of tax consultant filed an appeal with the Appellate Tribunal Inland Revenue on November 15, 2023 and is expecting a favourable outcome of the appeal. Hence, no provision has been recorded in these unconsolidated financial statements.

19.1.4 During the year ended December 31, 2020, the Company received an income tax demand dated June 18, 2020 amounting to Rs 201.196 million in relation to the Tax Year 2019. Out of such demand, an amount of Rs 92 million seems an apparent error for which a rectification application has been submitted to the tax authorities and order against the same was issued on December 16, 2020 by the authorities in favour of the Company granting complete credit of Rs 92 million. The remaining demand of Rs 109.196 million was made to the Company as the taxation authorities are of the view that the Company's interest income does not meet the criteria of the 'income from business' and should be treated as 'income from other sources'. As a result of which the common expenses incurred by the Company cannot be allocated to 'income from other sources' resulting in increased tax liability. However, the Company is of the view that the earning interest / money market income is one of the principal revenue streams of the Company and should be treated as 'income from business'. An appeal has been filed by the Company before the Commissioner Inland Revenue (Appeals), the decision of which is pending to date.

amounting to Rs 159.66 million in relation to the Tax Year 2020. Out of such demand, an amount of Rs 15.9 million has been paid in protest to obtain the stay order till the decision of appeal by the Commissioner (Appeals). The taxation authorities are of the view that the Company's interest income does not meet the criteria of the 'income from business' and should be treated as 'income from other sources'. As a result, the common expenses incurred by the Company cannot be allocated to 'income from other sources' resulting in increased tax liability. However, the Company is of the view that the earning interest / money market income is one of the principal revenue streams of

19.1.6 During the year the Company received an income tax demand dated February 28, 2023 in relation to the Tax Year 2022. The Company received a notice from ACIR wherein ACIR stated that the Company's interest income does not meet the criteria of the 'income from business' and should be treated as 'income from other sources'. As a

result, the common expenses incurred by the Company cannot be allocated to 'income from other sources' resulting in increased tax liability. However, the Company is of the view that earning interest / money market income is one of the principal revenue streams of the Company and should be treated as 'income from business'.

On November 07, 2023, ACIR issued an order wherein Company's contention with respect to profit on debt was disregarded. The Company based on the advice of its tax consultant filed an appeal with CIRA. On January 5, 2024, CIRA issued an order stating that profit on debt / interest income should be classified as 'income from other sources' rather than 'income from business'. However, CIRA accepted management's contention with respect to apportionment of administrative expenses and finance cost to profit on debt and have directed the ADCIR to reassess the apportionment accordingly. The Company on the advice of tax consultant filed an appeal with the Appellate Tribunal Inland Revenue on January 18, 2024 and is expecting a favourable outcome of the appeal. Hence, no provision has been recorded in these unconsolidated financial statements.

19.1.7 The Company has filed its annual tax return for the Tax Year 2023 within the due date i.e., September 30, 2023. However, with respect to super tax applicable under section 4C of the Income Tax Ordinance 2001, the Company has filed a petition before the Islamabad High Court on the grounds that tax on income falling under the Final Tax Regime is deducted at the time of receipt of income and is deemed full and final, therefore, no further tax should be applicable on such income. Stay order was granted by the Islamabad High Court. The department filed an appeal with the Supreme Court against the stay order. The case had been heard and decision is reserved.

The Company has on a prudent basis recorded a provision for super tax in these unconsolidated financial statements.

FINANCIAL RISK MANAGEMENT 31.

31.1 The Company's activities expose it to a variety of financial risks: market risk (including interest rate risk, currency risk and price risk), credit risk and liquidity risk. The Company's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

The Board has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board is also responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor adherence to limits. Risk management policies and systems are reviewed regularly to react to change in market conditions and the Company's activities.

Risks measured and managed by the Company are explained below:

31.2 Market risk

Market risk is the risk that the value of financial instruments may fluctuate as a result of changes in market interest rates or the market prices of instruments due to change in credit rating of the issuers or the instruments, changes in market sentiments, speculative activities, supply and demand of instruments and liquidity in the market. The Company manages the market risk by monitoring exposure on financial instruments and by following internal risk management policies.

Market risk comprises of three types of risks: interest rate risk, currency risk and other price risk.

31.2.1 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows from a financial instrument will fluctuate due to changes in market interest rates.

- Fair value risk - Presently, fair value risk to the Company arises from 'balances with banks' and TDRs which are based on fixed interest rates. As at December 31, 2023, the impact of increase / decrease in fixed interest rates by 100 basis points would not have a material impact on the profit after tax of the Company.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

For the year ended December 31, 2023

taxation for the year then ended would have no effect.

31.2.2 Currency risk

Currency risk arises mainly where receivables and payables exist due to transactions entered into in foreign currencies. The Company does not have any significant foreign currency exposures.

31.2.3 Price risk

Price risk is the risk that the fair value of or future cash flows from a financial instrument will fluctuate due to changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. As at December 31, 2023, the Company did not have any significant financial assets exposed to price risk.

31.3 Credit risk and its concentration

Credit risk represents the accounting loss that would be recognised at the reporting date if counter parties fail completely to perform as contracted.

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each of the parties. To manage exposure to credit risk, management reviews credit ratings, total deposit worthiness and maturities of the investments made, past experience and other factors.

Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their abilities to meet contractual obligations to be similarly affected by the changes in economic, political or other conditions.

The maximum exposure to credit risk at the reporting date is set out below:

Advances and deposits Other receivables Bank balances Short-term investments

The credit quality of the Company's balances with banks and short term investments aggregating Rs 50.799 million (2022: Rs 26.601 million) can be assessed with reference to the fact that the minimum credit rating of the banks with which such financial assets are placed is 'A', which denotes obligations supported by a strong capacity for timely repayment.

As at December 31, 2023, the Company had government backed investments amounting to Rs Nil (2022: Rs 1,899.434 million) on which there is no credit risk.

The Company believes that it is not exposed to major concentration of credit risk.

- Future cash flow risk - Presently, there is no future cash flow risk to the Company since no item is based on floating interest rates (i.e. KIBOR based). As at December 31, 2023, had there been increase / decrease of 50 basis points in KIBOR with all other variables held constant, profit after

31.4 Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulties in meeting obligations associated with financial liabilities. The Company's approach to manage liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its financial liabilities when due. Accordingly, the Company maintains sufficient cash and also ensures availability of funding through credit facilities.

The analysis below summarises the Company's financial liabilities (based on contractual undiscounted cash flows) into relevant maturity group on the remaining period as at the reporting date:

31.5 Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences may arise between the carrying value and the fair value estimates.

The Company classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements.

Fair value hierarchy

The table below analyses financial instruments carried at fair value by valuation method. The different levels have been defined as follows:

- quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- inputs for the asset or liability that are not based on observable market data (level 3).

The level in the fair value hierarchy within which the fair value measurement of a financial instrument is categorised in its entirety shall be determined on the basis of the lowest level input that is significant to the fair value measurement of that financial instrument.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

For the year ended December 31, 2023

Financial assets 'at fair value through profit or loss'

- Quoted shares
- Mutual funds units
- Government securities Treasury Bills (T-Bills)

31.5.1 Valuation techniques used in determination of fair values within level 1 and level 2.

Mutual funds units

The fair value of Company's investment in mutual funds units is determined using the prices / rates available on Mutual Funds Association of Pakistan (MUFAP).

Quoted shares

The fair value of the Company's short term investments carried at fair value as disclosed in note 10 is based on quoted price of shares at the PSX.

The estimated fair value of other financial instruments is considered not significantly different from the book value due to the underlying short term / current nature.

- value measurements, and no transfers into and out of level 3 fair value measurements.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Dawood Hercules Corporation Limited

Opinion

We have audited the annexed consolidated financial statements of Dawood Hercules Corporation Limited (the Holding Company) and its subsidiaries (together 'the Group'), which comprise the consolidated statement of financial position as at December 31, 2023, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at December 31, 2023, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

S. No. Key audit matter

(1) Sale of thermal assets

(Refernotes 2.1, 5.1.1 and 8.6 to the consolidated financial statements)

In view of the Group's decision to dispose its thermal portfolio, management performed an impairment assessment to determine whether the carrying amount of its thermal assets, individually considered as a cash generating unit, exceeded its recoverable amount in line with the requirements of International Accounting Standard 36 - 'Impairment of Assets'. The fair value measurement was based on multiple bids from market participants which was corroborated using management's internal model which involved estimation of future cash flows of thermal assets and determination of recoverable amount using assumptions and estimates. As a result of the assessment, management has recognised an impairment of Rs 29,950.111 million against the carrying value of thermal assets.

As impairment assessment required management's use of significant judgement in estimating recoverable amount with material impact on the consolidated financial statements, we considered this as a key audit matter.

(2) Income tax and sales tax provisions and contingencies

(Refer notes 34.1.2.1, 34.1.2.3, 34.1.3.1 to 34.1.3.3, 34.1.3.7, 34.1.3.8, 34.1.4.2, 34.1.6 and 43 to the consolidated financial statements)

The Group has recognised provisions and has disclosed contingent liabilities in respect of certain income tax and sales tax matters which are pending adjudication before various appellate and legal forums.

Provisions and contingencies require management of the Group to make judgements and estimates in relation to the interpretation of

A·F·FERGUSON&CO.

How the matter was addressed in our audit

Our audit procedures, amongst others, included the following:

- considered indicators requiring management to carry out impairment assessment;
- obtained understanding of the management's process of assessment, including methodology used to estimate recoverable amount;
- evaluated reasonableness of key information, assumptions and estimates used by management to determine recoverable amount. For this purpose, we involved our internal expert, where required; and
- assessed the adequacy of disclosures made in the consolidated financial statements in accordance with the applicable accounting and reporting standards.

Our audit procedures, amongst others, included the following:

- obtained and examined details of the documentation relating to pending tax matters and discussed the same with the management;
- circularised confirmations to the external legal and tax advisors for their views on matters being handled by them;
- involved internal tax professionals to assess management's conclusions on tax matters and evaluated the consistency of such conclusions with the views of management and external legal and tax advisors;

laws, statutory rules, regulations, and the probability of outcome and financial impact, if any, on the Group for recognition and measurement of any provision and disclosure in respect of such provisions and contingencies.

Due to the significance of the amounts involved, inherent uncertainties with respect to the outcome of these matters, legal forums at which these are currently pending and use of significant judgements and estimates to assess the same including related financial impacts, which may change over time as new facts emerge and matters progress, we have considered income tax and sales tax provisions and contingencies involving the Group as a key audit matter.

(3) Receivables from Central Power Purchasing Agency (Guarantee) Limited (CPPA-G)

(Refer notes 16 and 18 to the consolidated financial statements)

The Group under the Power Purchase Agreement (PPA) sells available capacity and electrical output to CPPA-G. As at December 31, 2023, the Group has following receivables from CPPA-G:

- Trade debts amounting to Rs 66,985.143 million which include overdue debts of Rs 46,463.764 million;
- Delayed payment charges amounting to Rs 18,514.398 million which include overdue receivables of Rs 14,630.961 million; and
- Reimbursable costs amounting to Rs 4,993.689 million.

The above balances relate to subsidiary companiesEngroPowergenThar(Private)Limited (EPTL) and Engro Powergen Qadirpur Limited (EPQL).

Due to delays in recovery, the subsidiary companies have financed their operations through short financing arrangements and by

A.F.FERGUSON&CO.

- checked correspondence with the relevant authorities including judgments or orders passed by the competent authorities in relation to the issues volved or matters which have similarities with the issues involved;
- checked the mathematical accuracy of the calculations underlying the provisions; and
- assessed the adequacy of the related disclosures made in the consolidated financial statements in accordance with the applicable accounting and reporting standards

Our audit procedures, amongst others, included the followina:

- assessed whether revenue and related receivables have been recognised in accordance with the applicable accounting policies;
- tested whether invoices raised during the year were in accordance with the requirements of PPA:
- circularised confirmation of receivable balance from CPPA-G:
- checked receipts from CPPA-G with bank statements:
- made inquiries from the management and inspected minutes of the meetings of the Board of Directors and Board Audit Committee to ascertain actions taken by them for the recoverability of outstanding amounts;
- inspected terms of the Agreement and discussed the same with the management:
- checkedImplementationAgreementandassessed whether receivables are secured against guarantee from the Government of Pakistan and whether any impairment is required to be recognised there against:

delaying the settlement of trade and other payables.

In view of the significant delays in settlement of receivables, materiality of the amount involved, and the consequential impact of the delay in settlement on liquidity and operations of the subsidiary companies, we have considered this to be an area of higher assessed risk and a key audit matter.

Information Other than the Unconsolidated and Consolidated Financial Statements and Auditor's **Reports Thereon**

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the unconsolidated and consolidated financial statements and our auditor's reports thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan and Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

A.F.FERGUSON&CO.

- assessed the availability of finance with EPQL and EPTL to fund their business operations through committed credit lines obtained from various financial institutions: and
- assessed the adequacy of the related disclosures in the consolidated financial statements in accordance with the applicable accounting and reporting standards.

Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to

A-F-FERGUSON&CO.

fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion. forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates • and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities ٠ within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Khurshid Hasan.

Engro Corporation Limited (ECL), is a public listed company incorporated in Pakistan and its shares are quoted on Pakistan Stock Exchange Limited. The principal activity of ECL, is to manage investments in its subsidiary companies, associated companies and joint venture, which are engaged in fertilizers, PVC resin manufacturing and marketing, food, energy, LNG terminals, telecommunications infrastructure and chemical terminal and storage businesses.

During the year, ECL's request for cancellation of shares through buy-back of 39,536,762 shares was approved by the Central Depository Company of Pakistan Limited which increased the percentage of holding of the Company from 37.22% to 39.97%.

"As notified to PSX on September 28, 2023 and October 31, 2023, ECL has entered into discussions with the buyer, Liberty Power Tech Limited for execution of the scheme of arrangement by way of a strategic equity partnership for disposal of its thermal assets portfolio (part of power and mining segment) held through its wholly owned subsidiary Engro Energy Limited, comprising of Engro Powergen Qadirpur Limited, Engro Powergen Thar (Private) Limited and Sindh Engro Coal Mining Company Limited. This requires ECL to assess whether the carrying amount of the thermal assets, individually considered as Cash Generating Units, exceeds its recoverable amount in line with the requirements of International Accounting Standard 36 - "Impairment of Assets". Accordingly, the ECL has determined that the recoverable amount is lower than the carrying amount of said assets. Resultantly, an adjustment on account of impairment of Rs 29,950.311 million has been recorded in the carrying value of thermal assets (notes 5.1.1 and 8.6) in these consolidated financial statements.

Subsequent to the year end, ECL is now evaluating the proposed divestment of its thermal asset portfolio through a share sale. "

SECP vide SRO 986 (I) / 2019 dated September 2, 2019, has granted specific exemptions to Independent Power Producers from applicability of IFRS 9, IFRS 16 and IAS 21, which have been availed by ECL while preparing consolidated financial statements since the applicability of such exemptions. Had ECL not availed such exemptions, financial results and financial position of the thermal assets may have been different from their current position, including the amount recognised as adjustment to the carrying value of thermal assets.

Furthermore, as at the reporting date, the proposed divestment does not meet the classification criteria of International Financial Reporting Standard 5 - "Non-Current Assets Held for Sale and Discontinued Operations". Accordingly, assets and liabilities of thermal assets portfolio have not been classified as Held for Sale in these consolidated financial statements.

It is established with the primary objective of analyzing potential opportunities in power sector, undertake supply and service related contracts and manage Independent Power Projects (IPPs).

2.1.10 Engro Vopak Terminal Limited

Engro Vopak Terminal Limited (EVTL), a 50% share joint venture of ECL and Vopak Terminal Qasim B.V. is a public unlisted company incorporated in Pakistan on November 7, 1995. In 1996, EVTL was granted, for a period of 30 years, the exclusive concession, right and license to design, finance, insure, construct, test, commission, complete, operate, manage and maintain an Integrated Liquid Chemical Terminal and Storage Farm at the South Western Zone of Port Qasim on Build, Operate and Transfer (BOT) basis. Negotiations between EVTL and PQA are underway for extending the IA for another 30 vears.

2.1.11 FrieslandCampina Engro Pakistan Limited

FrieslandCampina Engro Pakistan Limited (FCEPL), is a public listed company, incorporated in Pakistan on April 26, 2005. FCEPL is a subsidiary of FrieslandCampina Pakistan Holdings B.V., which is a subsidiary of Zuivelcooperatie FrieslandCampina UA (the Ultimate Parent Company of FCEPL).

The principal activity of FCEPL is to manufacture, process and sell dairy based products and frozen desserts. FCEPL also owns and operates dairy farms.

3. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

3.1 Basis of preparation

These consolidated financial statements have been prepared under the historical cost convention as modified by remeasurement of certain financial assets and liabilities, including derivative financial instruments, at fair value and recognition of certain staff retirement and other service benefits at present value.

These consolidated financial statements are presented in Pakistan Rupee, which is the Group's functional currency. Amounts presented in these consolidated financial statements have been rounded off to the nearest thousand, unless otherwise stated.

3.2 Statement of compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

Standards Board (IASB) as notified under the Companies Act, 2017 (the Act); and

- International Financial Reporting Standards (IFRSs) issued by the International Accounting

For the year ended December 31, 2023

- Provisions of and directives issued under the Act.

Where provisions of and directives issued under the Act differ from the IFRSs, the provisions of and directives issued under the Act have been followed.

3.2.2 The preparation of consolidated financial statements in conformity with the above requirements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving high degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in note 4.

3.2.3 Standards, interpretations and amendments to accounting and reporting standards.

a) Amendments to accounting and reporting standards that became effective during the year

There were certain amendments that became applicable for the Company during the year but are not considered to be relevant or did not have any significant effect on the Company's operations and have, therefore, not been disclosed in these consolidated financial statements except as mentioned below:

The Company has disclosed material accounting policies in these consolidated financial statements in line with the amendments to 'IAS-1 - Presentation of Financial Statements'.

b) Standards and amendments to accounting and reporting standards that are not yet effective and have not been early adopted by the Group

There are certain new standards and amendments to the accounting and reporting standards that will be mandatory for the Group's annual accounting period beginning on or after January 1, 2024. However, these amendments will not have any significant effect on the financial reporting of the Group and, therefore, have not been disclosed in these consolidated financial statements.

3.2.4 Basis of consolidation

i) Subsidiaries

Subsidiaries are all entities over which the Group has the power to govern the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity. Further, the Group also considers whether:

- it has power to direct the relevant activities of the subsidiaries; -
- it is exposed to variable returns from the subsidiaries; and
- decision making power allows the Group to affect its variable returns from the subsidiaries.

Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-recognised from the date the control ceases. These consolidated financial statements include Dawood Hercules Corporation Limited (the Holding Company) and all companies in which it directly or indirectly controls, beneficially owns or holds more than 50% of the voting securities or otherwise has power to elect and appoint more than 50% of its directors (the subsidiaries).

For the year ended December 31, 2023

The Group uses the acquisition method of accounting to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities assumed (including contingent liabilities) in a business combination are measured initially at their fair values at the acquisition date. On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is re-measured to fair value at the acquisition date; any gains or losses arising from such re-measurement are recognised in the consolidated statement of profit or loss.

Goodwill is initially measured as the excess of the aggregate of the consideration transferred and the amount of non-controlling interest over the fair value of the net identifiable assets acquired and liabilities assumed. If this is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised in the consolidated statement of profit or loss.

Inter-company transactions, balances, income and expenses on transactions between group companies are eliminated. Profits and losses (unrealised) are also eliminated. Accounting policies of the subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

ii) Transactions with non-controlling interests

The Group treats transactions with non-controlling interests that do not result in loss of control as transactions with equity owners of the Group. The difference between fair value of any consideration paid / received and the relevant share acquired / disposed off of the carrying value of net assets of the subsidiary is recorded in equity. Gains or losses to non-controlling interests are also recorded in equity.

iii) Disposal of subsidiaries

When the Group ceases to have control or significant influence, any retained interest in the entity is remeasured to its fair value, with the change in carrying amount recognised in the consolidated statement of profit or loss. The fair value is the initial carrying amount for the purposes of subsequent accounting for the retained interest as an associate, joint venture or financial asset depending on the level of influence retained. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed off the related assets or liabilities. This may mean that amounts previously recognised in consolidated statement of other comprehensive income are reclassified to consolidated statement of profit or loss.

of the Holding Company and its subsidiary company.

3.2.5 These consolidated financial statements have been prepared on the basis of audited financial statements

For the year ended December 31, 2023

3.3 Property, plant and equipment

3.3.1 Owned assets

These are stated at historical cost less accumulated depreciation and impairment losses, if any, except for free-hold land and capital work in progress which are stated at cost less impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items including borrowing costs. The cost of self constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the asset to a working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment. Capital work in progress includes expenditure incurred and advances made in respect of operating fixed assets in the course of their erection, installation and acquisition.

Where major components of an item of property, plant and equipment have different useful lives, they are accounted for as separate items of property, plant and equipment.

Assets having cost exceeding the minimum threshold as determined by the management are capitalised. All other costs are charged to consolidated statement of profit or loss in the year in which such are incurred.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the consolidated statement of profit or loss during the financial year in which they are incurred.

Disposal of asset is recognised when significant risks and rewards incidental to ownership have been transferred to buyers. Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised within 'other operating expenses / income' in the consolidated statement of profit or loss in the financial year of disposal.

Depreciation is charged to the consolidated statement of profit or loss using the straight line method, except for catalyst whose depreciation is charged on the basis of number of production days, whereby the cost of an operating asset less its estimated residual value is written off over its estimated useful life. Depreciation on addition is charged from the month following the month in which the asset is available for use and on disposals upto the preceding month of disposal.

The Group reviews and adjusts (if required) the appropriateness of the rate of depreciation, useful life and residual value used in the calculation of depreciation on a regular basis.

3.3.2 Dredging expenditure

Dredging expenditure is categorized into capital dredging and major maintenance dredging. Capital dredging is expenditure, which creates new harbour and deepens or extends the basin in front of jetty in order to allow access to larger ships. This expenditure is capitalized and is being depreciated over a period of 30 years.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended December 31, 2023

Major maintenance dredging is expenditure incurred to restore the depth to its previous condition. The management estimates that maintenance dredging has an average service potential of 5 years. Maintenance dredging is regarded as a separate component and is capitalized and depreciated over a period of 5 years on straight line basis.

3.4 Capital spares

Spare parts and servicing equipment are classified as property, plant and equipment rather than stores, spares and loose tools when they meet the definition of property, plant and equipment. These are valued at weighted average cost less impairment except for items in transit which are stated at invoice value plus other charges paid thereon till the reporting date. Upon utilization, the capital spares and servicing equipment are depreciated over their useful life, or the remaining life of principal asset, whichever is lower.

3.5 Intangible assets

a) Computer software and licenses

Costs associated with developing and maintaining computer software programmes are recognised as an expense when incurred. However, costs that are directly attributable to identifiable software and have probable economic benefits exceeding the cost beyond one year, are recognised as an intangible asset. Direct costs include the purchase cost of software (license fee) and related overhead cost.

Following initial recognition, computer software and licenses are carried at cost less accumulated amortisation and impairment losses, if any.

Expenditure which enhances or extends the performance of computer software beyond its original specification and useful life is recognised as a capital improvement and added to the original cost of the software.

Computer software and license cost treated as intangible assets are amortised from the date the software is available for use on a straight-line basis over their respective useful lives, ranging from 4 years to 10 years.

The amortisation on additions, if any, is charged from the month following the month in which is asset is available for use and on disposals upto month of disposal.

b) Rights for future gas utilization

Rights for future gas utilization represents premium paid to the Government of Pakistan for allocation of 100 MMCFD natural gas for a period of 20 years for EFert's Enven plant network. The rights are being amortised from the date of commercial production on a straight-line basis over the remaining allocation period.

3.6 Investments in Joint Arrangements and Associates

Joint arrangements are arrangements in which the Group has contractually agreed sharing of control, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

For the year ended December 31, 2023

Joint arrangements are classified as joint operations or joint ventures depending upon the rights and obligations arising from the joint arrangement. The Group classifies a joint arrangement as joint operation when the Group has the rights to the assets, and obligations for the liabilities, relating to the arrangement. The Group classifies a joint arrangement as a joint venture when it has the rights to the net assets of the arrangement.

Investment in joint venture/ associates is accounted for using the equity method of accounting. Under the equity method, the investment is initially recognised at cost and the carrying amount is increased or decreased to recognise the investor's share of profit or loss of the investee after the date of acquisition. The Group's investment in joint venture / associates includes goodwill identified on acquisition. The Group determines at each reporting date whether there is any objective evidence that the investment in joint venture / associate is impaired. If this is the case, the Group calculates the impairment loss as the difference between the recoverable amount of joint venture / associates and its carrying value and recognises the loss in the consolidated statement of profit or loss.

In respect of an interest in a joint operation, the Group recognises its assets, including its share of any assets held jointly; its liabilities, including its share of any liabilities incurred jointly; its revenue, including its share of the output arising from the joint operation; its expenses, including its share of any expenses incurred jointly.

3.7 Financial instruments

3.7.1 Financial assets

Classification, initial recognition and measurement

a) Amortised cost

Assets that are held for collection of contractual cash flows where those cash flow represents solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets, impairment losses, foreign exchange gains and losses, and gain or loss arising on derecognition are recognised directly in consolidated statement of profit or loss.

b) Fair value through other comprehensive income

Financial assets at fair value through other comprehensive income are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Fair value through profit or loss

Assets that do not meet the criteria for amortised cost or fair value through other comprehensive income or assets that are designated at fair value through profit or loss using fair value option, are measured at fair value through profit or loss. A gain or loss on debt instrument that is subsequently measured at fair value through profit or loss is recognised in profit or loss in the year in which it arises.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended December 31, 2023

Financial assets are initially measured at cost, which is the fair value of the consideration given and received respectively. These financial assets and liabilities are subsequently remeasured to fair value, amortised cost or cost as the case may be. Any gain or loss on the recognition and de-recognition of the financial assets and liabilities is included in the profit or loss for the period in which it arises.

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investment in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognised in consolidated statement of profit or loss as other income when the Group's right to receive payments is established.

All purchases and sales of financial assets are recognised on the trade date which is the date on which the Company commits to purchase or sell the financial asset.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in statement of profit or loss.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all the risks and rewards of ownership. On derecognition of a financial asset, in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss or other comprehensive income, as the case may be.

3.7.2 Financial liabilities

Financial liabilities are recognised at the time when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities at amortised cost are initially measured at fair value less transaction costs. Financial liabilities at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in consolidated statement of profit or loss.

Financial liabilities, other than those at fair value through profit or loss, are subsequently measured at amortised cost using the effective yield method.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange and modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in consolidated statement of profit or loss.

The Group has applied the amendments to IFRS 9, IAS 39, IFRS 4, IFRS 7 and IFRS 16 that address the issues arising during the reform of benchmark interest rates including the replacement of one benchmark with an alternative one. Applying the practical expedient, introduced in the amendments when the benchmark affecting the Group's loan is replaced, the adjustments to the contractual cashflows will be reflected as an adjustment to the effective interest rate. Therefore, the replacement of the loan's benchmark interest rate does not result in immediate gain or loss recorded in profit or loss, which may have been required if the practical expedient was not available or adopted.

For the year ended December 31, 2023

3.7.3 Offsetting

Financial assets and liabilities are offset and the net amount is reported in the consolidated statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle either on a net basis, or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

3.7.4 Impairment

a) Financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its debt instruments carried at amortised cost and at fair value through other comprehensive income. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade debts, the Group applies the simplified approach permitted by IFRS 9 - 'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables except for debts due from the Government of Pakistan (GoP) as a consequence of circular debt which were initially exempted from the application of Expected Credit Loss (ECL) model under IFRS 9 by the Securities and Exchange Commission of Pakistan (SECP) vide S.R.O 985(I) / 2019 dated September 2, 2019 for a limited period of three years till June 30, 2021. On September 13, 2021, October 24, 2022 and January 20, 2023, the SECP further extended the aforementioned exemption till June 30, 2022, June 30, 2023 and December 31, 2024, respectively.

Accordingly, amounts due from the GoP are assessed in accordance with the provisions of IAS 39 at each reporting date to determine whether there is any objective evidence that one or more events have had a negative effect on the estimated future cash flows of these receivables.

For financial assets other than due from GoP, lifetime ECL is recognised when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial asset at an amount equal to twelve months ECL, under IFRS 9.

The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial assets. The Group measures ECL on financial assets in a way that reflects:

- a) an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- b) the time value of money; and
- c) reasonableness and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The amount of provision is charged to the consolidated statement of profit or loss. Financial assets considered irrecoverable are written-off.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended December 31, 2023

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information as described above. As for the exposure for financial assets, this is represented by the assets' gross carrying amount at the reporting date.

A default on a financial asset is considered when the counterparty fails to make contractual payments within 90 days of when they fall due.

Financial assets are written off when there are no reasonable expectation of recovery. Where loans or receivables have been written off, the Group continues to engage in enforcement activity to attempt to recover the balance due. Where recoveries are made, these are recognised in the consolidated statement of profit or loss.

b) Non-Financial assets

The carrying amounts of non-financial assets are assessed at each reporting date to ascertain whether there is any indication of impairment. If such an indication exists, the asset's recoverable amount is estimated to determine the extent of impairment loss, if any. An impairment loss is recognised as an expense in profit or loss.

The recoverable amount is the higher of an asset's fair value less cost of disposal and value-in-use. Value-in-use is ascertained through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risk specific to the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (i.e. cash generating units).

An impairment loss is reversed if there is a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognised.

Hedging relationships

3.8 Cash flow hedge

Cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with all, or a component of, a recognised asset or liability (such as all or some future interest payments on variable-rate debt) or a highly probable forecast transaction, and could affect profit or loss.

For the year ended December 31, 2023

The Group accounts for cash flow hedging relationships as follows:

- (a) the separate component of equity associated with the hedged item (cash flow hedge reserve) is adjusted to the lower of the following (in absolute amounts):
 - (i) the cumulative gain or loss on the hedging instrument from inception of the hedge; and
 - (ii) the cumulative change in fair value (present value) of the hedged item (i.e. the present value of the cumulative change in the hedged expected future cash flows) from inception of the hedge.
- (b) the portion of the gain or loss on the hedging instrument that is determined to be an effective hedge [i.e. the portion that is offset by the change in the cash flow hedge reserve calculated in accordance with (a)] is recognised in other comprehensive income.
- (c) any remaining gain or loss on the hedging instrument [or any gain or loss required to balance the change in the cash flow hedge reserve calculated in accordance with (a)] is hedge ineffectiveness that is recognised in profit or loss.
- (d) the amount that has been accumulated in the cash flow hedge reserve in accordance with (a) is accounted for as follows:
 - (i) if a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability, or a hedged forecast transaction for a non-financial asset or a non-financial liability becomes a firm commitment for which fair value hedge accounting is applied, the Group removes that amount from the cash flow hedge reserve and includes it directly in the initial cost or other carrying amount of the asset or the liability.
 - (ii) for cash flow hedges other than those covered by (i), that amount is reclassified from the cash flow hedge reserve to profit or loss as a reclassification adjustment in the same period or periods during which the hedged expected future cash flows affect profit or loss.
 - (iii) however, if that amount is a loss and the Group expects that all or a portion of that loss will not be recovered in one or more future periods, it immediately reclassifies the amount that is not expected to be recovered into profit or loss as a reclassification adjustment.

3.9 Stores, spares and loose tools

These are valued at weighted average cost except for items in transit which are stated at invoice value plus other charges paid thereon till the reporting date. For items which are slow moving and / or identified as surplus to the Group's requirements, adequate provision is made for any excess book value over estimated realizable value. The Group reviews the carrying amount of stores and spares on a regular basis and provision is made for obsolescence, if any.

3.10 Stock-in-trade

These are valued at the lower of cost and net realizable value. Cost is determined using weighted average method except for raw material, and certain purchased products in transit which are stated at cost (invoice value) plus other charges incurred thereon till the reporting date. Cost in relation to finished goods includes applicable purchase cost and manufacturing expenses. The cost of work in process includes material and proportionate conversion costs.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended December 31, 2023

Net realizable value signifies the estimated selling price in the ordinary course of business less all estimated costs of completion and costs necessarily to be incurred in order to make the sales. Provision is made for slow moving and obsolete stocks, where considered necessary.

3.11 Trade debts, contract assets and other receivables

Trade debts and other receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, in which case they are recognised at fair value plus directly attributable transaction costs, if any. The Group holds trade debts and other receivables with the objective to collect contractual cash flows and, therefore, measures them subsequently at amortised cost using effective interest rate method. Provision for impairment is recognised based on the policy stated in note 3.7.4.

Exchange gains and losses arising on translation of receivables in foreign currency are added to their respective carrying amounts.

A contract asset is recognised for the Group's right to consideration in exchange for goods or services that it has transferred to a customer. If the Group performs its obligation by transferring goods or services to a customer before the customer pays consideration or before payment is due, the Group presents the amount as a contract asset, excluding any amounts presented as a receivable.

3.12 Cash and cash equivalents

Cash and cash equivalents in the consolidated statement of cash flows includes cash in hand and in transit, cheques in hand, balances with banks on current, deposit and saving account, other short-term highly liquid investments with original maturities of three months or less and short-term borrowings other than term finance. Bank overdrafts are shown within short term borrowings in current liabilities in the consolidated statement of financial position.

3.13 Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently carried at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in consolidated statement of profit or loss over the period of the borrowings using the effective interest method.

Borrowings are removed from the consolidated statement of financial position when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in the consolidated statement of profit or loss as other income or finance costs.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Exchange gains and losses arising in respect of borrowings in foreign currency are added to the carrying amount of the borrowing.

For the year ended December 31, 2023

3.14 Leasing activities as a lessee

Lease liabilities and right-of-use assets

At inception of a contract, the Group assesses whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions.

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option or not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated).

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease, or if that rate cannot be readily determined, the Group's incremental borrowing rate.

Lease payments include fixed payments less any lease incentives received, variable lease payments that are based on an index or a rate which are initially measured using the index or a rate as at the commencement date, amounts expected to be payable by the Group under residual value guarantees, the exercise price of a purchase option, if any, and if the Group is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option, less any lease incentives receivable. The extension and termination options are incorporated in determination of lease term only when the Group is reasonably certain to exercise these options.

The lease liability is subsequently measured at amortised cost using the effective interest rate method. It is remeasured when there is a change in future lease payments arising from a change in fixed lease payments or an index or rate, change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option. The corresponding adjustment is made to the carrying amount of the right-to-use asset, and is recorded in the consolidated statement of profit or loss if the carrying amount of right-to-use asset has been reduced to zero.

A change in scope of a lease, or the consideration for a lease, that was not part of the original terms and conditions of the lease is accounted for as a lease modification. The lease modification is accounted for as a separate lease if modification increases the scope of lease by adding the right to use one or more underlying assets and the consideration for lease increases by an amount that is commensurate with the stand-alone price for the increase in scope adjusted to reflect the circumstances of the particular contracts, if any. When the lease modification is not accounted for as a separate lease, the lease liability is remeasured and corresponding adjustment is made to right-of-use asset.

The right-of-use asset is initially measured based on the initial measurement of lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to be incurred to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received. The right-of-use asset is depreciated on a straight line method over the lease term as this method most closely reflects the expected pattern of consumption of future economic benefits. The right-of-use asset is reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended December 31, 2023

The Group has elected to apply the practical expedient not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The lease payments associated with these leases is recognised as an expense on a straight line basis over the lease term.

3.15 Leasing activities as a lessor

The Group enters into lease arrangements with respect to ETPL's LNG infrastructure for receipt, storage and regasification of LNG. Further, Enfrashare is party to an agreement that conveys the right to use energy equipment.

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Group is an intermediate lessor, it accounts for the head lease and the sublease as two separate contracts. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Group's net investment outstanding in respect of the leases.

When a contract includes lease and non-lease components, the Group applies IFRS 15 to allocate the consideration under the contract to each component.

3.16 Trade and other payables

Trade and other payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method.

These are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liability.

Exchange gains and losses arising in respect of liabilities in foreign currency are deducted from / added to the carrying amount of the respective liabilities.

3.17 **Deferred income**

Amount received on account of operating lease rental income for ETPL's terminal is recognised as deferred income where not earned and credited to the consolidated statement of profit or loss in the relevant period of provision of services for recognition of rentals on straight line basis.

For the year ended December 31, 2023

3.18 Contract liabilities

A contract liability is recognised for the Group's obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration, or the Group has a right to an amount of consideration that is unconditional (i.e. a receivable), before the Group transfers a good or service to the customer, the Group shall present the contract as a contract liability when the payment is made or the payment is due (whichever is earlier).

3.19 Provisions and contingent liabilities

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not recognised for future operating losses. Provisions are reviewed at each reporting date and adjusted to reflect current best estimate.

A contingent liability is disclosed when the Group has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Group; or the Group has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of obligation cannot be measured with sufficient reliability.

3.20 Share based payment transaction

Cash-settled share-based payments to employees are measured at the fair value of the liability. The fair value determined of the cash-settled share-based payments is recognised as an employee compensation expense on a straight-line basis over the vesting period. Until the liability is settled, the fair value of the liability is remeasured at the end of each reporting period and at the date of settlement, with all changes in fair value recognised in the consolidated statement of profit or loss for the year.

3.21 Income tax

The tax expense for the year comprises current and deferred tax. Tax expense is recognised in the consolidated profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity, in which case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

- Current

Provision for current taxation is based on the taxable income for the year calculated on the basis of the tax laws enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred -

Deferred tax is recognised using the balance sheet liability method, providing for all temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax assets and liabilities are measured at the tax rate that are expected to apply in the year when the asset is utilised or the liability is settled, based on the tax rates that have been enacted or substantially enacted at the reporting date.

For the year ended December 31, 2023

Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

3.22 Retirement and other service benefits

3.22.1 Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than the defined contribution plan. The Group's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in return for their service in current and prior periods; that benefit is discounted to determine its present value. The calculation is performed annually by a qualified actuary using the Projected Unit Credit method.

Remeasurements (actuarial gains / losses) in respect of defined benefit plan are recognised in other comprehensive income.

Contributions require assumptions to be made of future outcomes which mainly include increase in remuneration, expected long-term return on plan assets and the discount rate used to convert future cash flows to current values. Calculations are sensitive to changes in the underlying assumptions.

The Group operates defined benefit funded gratuity schemes for its management employees and non-management employees.

The Group also operates defined benefit funded pension scheme for EFert's management employees; the pension scheme provides life time pension to retired employees or to their spouses. Contributions are made annually to these funds on the basis of actuarial recommendations. The pension scheme has been curtailed and effective from July 1, 2005, no new members are inducted in this scheme. Actuarial gains on curtailment are recognised immediately once the certainty of recovery is established.

In June 2011, the Group gave a one time irrevocable option to selected members of Management Permanent Employees' (MPT) Defined Benefit Gratuity Fund and Defined Contribution Pension Fund to join a new MPT Employee's Defined Contribution Gratuity Fund (the Fund), a defined contribution plan. The present value, as at June 30, 2011, of the defined benefit obligation of those employees, who accepted this offer, were transferred to this Fund. Furthermore, from July 2011 onwards, the monthly contributions to Defined Contribution Pension Fund of such employees were discontinued.

3.22.2 Defined contribution plans

A defined contribution plan is a post - employment benefit plan under which a Group pays fixed contribution into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in the profit or loss when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

For the year ended December 31, 2023

The Group operates:

- defined contribution provident funds for its permanent employees. Monthly contributions are made both by the Group and employees to the fund at the rate at the rate of 10% of basic salary;
- defined contribution pension funds for the benefit of management employees. Monthly contributions are made by the Group to the fund at the rate ranging from 12.5% to 13.75% of basic salary; and
- defined contribution gratuity funds for the benefit of management employees. Monthly contributions are made by the Group to the fund at the rate of 8.33% of basic salary.

3.22.3 Employee's compensated absences

The Group accounts for compensated absences on the basis of unavailed leave balance of each employee at the end of the year.

3.22.4 Other benefits - Service Incentive Plan

Provision is made under a service incentive plan for certain category of experienced employees to continue in the Group's employment. The provision is made on the basis of management's estimates of incentives to be paid to employees on fulfillment of criteria given in the incentive plan.

3.23 **Revenue** / income recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the amount of revenue can be measured reliably. Revenue is measured at fair value of the consideration received or receivable. Revenue is recognised on the following basis:

- The Group recognizes revenue from sale of goods (including urea, chemicals, rice and other related products) at a point in time, as or when performance obligations are satisfied by transferring the control of product to customer. Control, depending on contractual terms, is considered to be transferred either when the product is directly uplifted by the customer from the Group's premises or when it is delivered by the Group at customer premises, in case of local sales. For export sales, the control is transferred when the product is shipped on board and its insurance risk is borne by the customer.
- Revenue from contracts and long-term service agreements is recognised when or as performance obligations are satisfied by transferring control of promised services to a customer, and control either transfers over time or at a point in time. Where, revenue over the time is recognised based on the percentage of completion method, the stage of completion is assessed by milestones which ascertain the completion of the proportion of contract work or the performance of services provided in the agreement.
- Dividend income is recognised when the Group's right to receive dividend is established, i.e. on the date of book closure of the investee company declaring the dividend.
- Returns on bank deposits are accrued on a time proportion basis by reference to the outstanding principal amounts and the applicable rates of return.

NOTES TO AND FORMING PART OF THE CONSOLIDATED **FINANCIAL STATEMENTS**

For the year ended December 31, 2023

- (TDRs) is accrued using the effective interest rate method.
- they arises.

Capacity and Energy revenue is recognised based on the rates determined under the mechanism laid down in the respective Power Purchase Agreements (PPAs).

- the following basis:

 - Operations and maintenance revenue over time.

The revenue from above services is recognised using the output method, when the Group has a right to consideration for an amount that corresponds directly with the value of the Group's performance obligation completed to date and the right to invoice is established.

- Income on Market Treasury Bills, Pakistan Investment Bonds (PIBs) and Term Deposit Receipts

Gains and losses arising on sale of investments are included in consolidated statement of profit or loss or consolidated statement of other comprehensive income (as applicable) in the year in which

Unrealised gains and losses arising on revaluation of securities classified as 'fair value through profit or loss' are included in the statement of profit or loss in the period in which these arise respectively.

Revenue from supply of electricity to Central Power Purchasing Agency (Guarantee) Limited (CPPA-G), the sole customer of Engro Powergen Qadirpur Limited (EPQL) and Engro Powergen Thar (Private) Limited (EPTL), is recognised when the following performance obligations are satisfied:

Capacity revenue is recognised based on the capacity made available to CPPA-G; and

Energy revenue is recognised based on the Net Electrical Output (NEO) delivered to CPPA-G.

Delayed payment charges on overdue trade receivables are recognised on an accrual basis.

Revenue from re-gasification and transportation of Liquefied Natural Gas (LNG) to Sui Southern Gas Company Limited (SSGCL) under LNG operations and Services Agreement (LSA) is recognised on

Utilization revenue on the basis of Re-gasified LNG throughput to SSGCL over time.

Revenue from tower infrastructure provisioning is recognised on straight line basis over the non-cancellable agreement period, regardless of whether the payments from customers are received, in equal monthly amounts during the contract term. The Group considers all fixed elements of the relevant contractual escalation provisions in calculating the straight-line revenue. Revenue for cancellable agreements are recorded at the amounts invoiced to the customers, as per the agreement. The corresponding asset related to the straight-line revenue adjustments is recorded in long term loans, advances, deposits and other receivables in the consolidated statement of financial position.

Revenue from operations and maintenance services for telecommunication infrastructure is recognised when services are rendered as the performance obligations are generally met over time as customer simultaneously receives and consumes benefits of services as and when the services are performed by the Group. The Group generally uses output method to measure progress towards satisfying a performance obligation. The Group recognises revenue at the amount of the Group's right to invoice as per the agreements with the customers if the Group's right to invoice the customers is based on the value of services transferred and the amount invoiced represents the value transferred to the customers.

For the year ended December 31, 2023

- Deferred incentive revenue is recognised based on the present value of discount provided by the Group in its bundled contracts with the customers. The unwinding of discount on deferred incentive revenue is recognised as finance cost in the profit or loss. Subsequent amortisation of deferred incentive revenue is credited to revenue on a systematic basis .
- Revenue from energy support services is recognised by the Group on the basis of pass through billing as the Group does not consider that it controls the specific services before their delivery to customers. Accordingly, the Group recognises revenue arising from pass through billings on net basis.
- Revenue from providing other services (including transportation / logistics services to industrial consumers) is recognised in the accounting period in which the services are rendered, either at a point in time or over time depending on whether the nature of services allows the customer to receive and use the benefits simultaneously.

The payment term varies from 15 to 180 days depending on the credit worthiness of the Group's customers.

3.24 Borrowing costs

Borrowing costs are recognised as an expense in the period in which they are incurred except where such costs are directly attributable to the acquisition, construction or production of a qualifying asset, in which case, such costs are capitalized as part of the cost of that asset. Borrowing costs include exchange differences arising on foreign currency borrowings to the extent these are regarded as an adjustment to borrowing costs and net gain / loss on the settlement of derivatives hedging instruments. Further, exchange differences arising on foreign currency borrowings of EEL are capitalised to the cost of the related property, plant and equipment. All other borrowing costs are charged to the consolidated statement of profit or loss.

3.25 **Government grant**

Government grant is recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income in the consolidated statement of profit or loss on a systematic basis over the periods that the related costs, for which it is intended to compensate are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful lives of the related asset.

Government grant includes any benefit earned on account of a government loan obtained at below market rate of interest. The loan is recognised and measured in accordance with IFRS 9 "Financial Instruments". The benefit of the below-market rate of interest shall be measured as the difference between the initial carrying value of the loan determined in accordance with IFRS 9 and the proceeds received.

Government grant that has been awarded for the purpose of giving immediate financial support to the Group is recognised in the consolidated statement of profit or loss of the period in which the Group qualifies to receive it.

NOTES TO AND FORMING PART OF THE CONSOLIDATED **FINANCIAL STATEMENTS**

For the year ended December 31, 2023

3.26 Earnings per share

The Group presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Holding Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

3.27 Dividend and appropriation to reserves

Dividends and appropriations to reserves are recognised in the period in which these are approved.

3.28 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors of the Group that makes strategic decisions.

3.29 Foreign currency transactions and translation

- loss and property, plant and equipment as explained in note 5.3.
- translated into the presentation currency as follows:
 - the closing rate at the date of that consolidated statement of financial position;
 - transactions): and
 - all resulting exchange differences are recognised as a separate component of equity.

SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS 4.

The preparation of these consolidated financial statements in conformity with approved accounting and reporting standards requires the use of certain significant accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances. In the process of applying the Group accounting policies, the managment has made following estimates and judgements which are significant to the consolidated financial statement:

3.29.1 Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the consolidated statement of profit or

a) Property, plant and equipment and intangible assets

The Group annually reviews appropriateness of the method of depreciation and amortisation, useful life and residual value used in the calculation of depreciation and amortisation on an annual basis. Further, where applicable, an estimate of the recoverable amount of asset is made for possible impairment on an annual basis. These calculations require the use of estimates. Any change in these estimates in the future, might affect the carrying amount of the respective item of property and equipment and intangible assets, with a corresponding effect on the depreciation, amortisation charge, and impairment.

In case of acquisition of group of assets and liabilities, the Group allocates the purchase consideration to individual assets and liabilities on basis of the relative fair value at the date of purchase. For determination of fair value, the Group takes into account its principle ability to generate economic benefits by either using the asset in its highest and best use or by selling it to another customer. Estimation of highest and best use is made on basis of estimated net cash in flows associated with the assets or group of assets. The consideration for selling it to another customer is based on the fair market value after adjusting the impacts of obsolescence.

b) Investments at fair value through profit or loss / other comprehensive income

The Group determines fair value of certain investments by using quotations from active market and conditions and information about the financial instruments. These estimates are subjective in nature and involve some uncertainties and matters of judgment.

c) Stock-in-trade

The Group regularly reviews the net realizable value of stock-in-trade to assess any diminution in the respective carrying values. Net realizable value is determined with reference to estimated selling price less estimated expenditure to make the sales.

Consumption of processed rice of EEAPL is recorded based on the estimates of the level of moisture content, whereas unprocessed rice paddy continues to be recorded at the moisture level initially determined at the time of procurement, until processed.

d) Provision for retirement and other service benefits obligations

The present value of these obligations depend on a number of factors that are determined on actuarial basis using a number of assumptions. Further, contributions determination requires assumptions to be made for future outcomes which mainly include increase in remuneration, expected long-term return on plan assets and the discount rate used to convert future cash flows to current values. Any changes in these assumptions will impact the carrying amount of these obligations. The underlying assumptions are disclosed in note 47.

e) Income taxes

In making the estimates for current income taxes payable by the Group, the management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Group measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

of the resolution of the uncertainty. Management considers current income tax law and the decisions of appellate authorities on certain cases issued in the past. Where the final tax outcome is different from the amounts that were initially recorded, such differences will impact the income tax provision in the period in which such final outcome is determined. Deferred taxes are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

f) Impairment of investment in subsidiaries, associates, joint ventures and non-financial assets

In making estimates of future cash flows from investments in joint venture and associates, the management considers future dividend stream and an estimate of the terminal value of these investments, which are subject to change. In assessing carrying value of non-financial assets, the Group estimates the recoverable amount, using fair value less cost to sell or value in use, whichever is higher. In making these estimates, the Group makes judgement with respect to future cashflows, exchange rate indexation (where applicable) and discount rates (notes 5.1.1 and 8.6).

g) Impairment of financial assets

The Group uses external credit ratings to determine default rates for trade debts and net investment in lease from customer and balances with banks to calculate expected credit losses. The amount of expected credit losses is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of the customer's actual default in future.

h) Provision for slow-moving stores and spares

The Group regularly reviews the provision for slow moving stores and spares to assess the consumption of stores and spares, thereby ensuring that slow moving items are provided for.

i) Contingencies and provisions

Significant estimates and judgements are being used by the management in accounting for contingencies and provisions relating to legal and taxation matters being contested at various forums based on applicable laws and the decisions / judgements.

j) Tariff adjustment determination

As per the mechanism laid out in National Electric Power Regulatory Authority's (NEPRA) decision dated June 15, 2022, EPTL seeks adjustment for fuel price, cost of power purchase, operation and maintenance cost and unrecovered cost including non-recoverable dues written-off. EPTL's monthly / quarterly / annual submissions of tariff adjustment are approved / determined by NEPRA on a time to time basis, resulting in provisional amounts being recognised by the Group based on its judgement and interpretation of NEPRA decision, till the determination from NEPRA is received.

k) Right-of-use asset and corresponding lease liability

IFRS 16 requires the Group to assess the lease term as the non-cancelable lease term in line with the lease contract together with the period for which the Group has extension options which the Group is reasonably certain to exercise and the periods for which the Group has termination options for which the Group is not reasonably certain to exercise those termination options.

For the year ended December 31, 2023

The rate used on transition to discount future lease payments represents the Group's incremental borrowing rate.

With specific reference to Engro Elengy Terminal Private Limited's arrangement under Time Charter Party and LNG operations and Services Agreement (LSA), significant estimates further included:

Classification of lease

The classification of lease of terminal required use of estimates of cash flows during the contract period, margins, residual values and allocation of amounts under daily capacity charges to lease and non-lease components and determine minimum lease payments at the inception of lease from terminal and sublease of right-of-use asset. As a result the lease of terminal has been determined as an operating lease as significant risk and rewards relating to the same remain with the EETPL at the end of the lease term, taking into account the useful life and fair value of terminal assets, minimum lease payments, residual value and the assessment that customer is not likely to exercise purchase option.

Discount rate

The rate used on transition to discount future lease payments under TCP represent EETPL's incremental borrowing rate. The rate has been estimated using LIBOR rates available in the lease currency and adjusted to reflect the underlying lease term based on observable inputs.

I) Provision for decommissioning costs

The timing of recognition of provision for decommissioning requires the application of judgement of existing facts and circumstances, which can be subject to change. In determining the present value of the provision for decommissioning, assumptions and estimates are made in relation to discount rates, the expected cost to decommission and remove the equipment from the site and the expected timing of those costs.

m) Revenue recognition

Revenue on long-term service agreements / construction contracts is recognised based on the percentage of completion method. The Group reviews the appropriateness of the stage of completion through milestones / cost incurred which ascertain the completion of a proportion of the contract work or the performance of services provided.

n) Share based payment transaction

The fair value of share-based compensation expense arising from the Long-term Incentive Plan (LTIP) is estimated using an appropriate option pricing model. It is recognised as expense from the date of grant over the vesting period with a corresponding increase in liability. Market conditions upon which vesting is conditioned, are taken into account when estimating the fair value at measurement date. Vesting conditions, other than market conditions, are not taken into account when estimating the fair value at the measurement date, instead, these are taken into account by adjusting the number of instruments included in the measurement of the transaction amount.

For the year ended December 31, 2023

5.1.1 As more fully disclosed in note 2.1 to these consolidated financial statements, an adjustment of Rs 25,265.025 million has been recorded in the carrying value of thermal assets, as follows:

	2023
	(Rupees in '000)
EPTL (ECL's Subsidiary)	20,438,743
EPQL (ECL's Subsidiary)	4,826,282
	25,265,025

~~~~

The recoverable amount of the assets of EPTL and EPQL after above adjustments aggregated to Rs 43,413.174 million and Rs 9,840.325 million, respectively. The recoverable amount of thermal assets was based on fair value less cost of disposal. The fair value measurement (Level 3) was determined based on multiple bids received from market participants, which were further corroborated using the management internal model based on discounted cashflow approach. The model was prepared using following key inputs / assumptions.

## **Discount rate**

The discount rates applied to the cashflow projections of the CGUs range from 22% to 23% which have been calculated using Capital Asset Pricing Model. The discount rates reflect the current market assessment of the rates of return required for the business and the specific risks of each CGU.

## Exchange rate

The exchange rate devaluation considered at the rate of 9% per annum. This is based on management forecast using historic trends and outlook from market experts.

## Collection from customers

The expected recovery trend is based on past recovery trends from customers in the industry and management's expectations for the future.

For the year ended December 31, 2023

This represents goodwill (which pertains to fertilizer business), arising on acquisition of control of ECL, 7.3 mainly on account of expected synergies, efficient business management, high standards of policies, compliances with relevant regulatory framework, integrity, experience and other strength of the work force and management. Goodwill represents excess of the fair value of the previously held equity interest over the proportionate share acquired in identifiable net assets at the date when the control was deemed to be acquired in year 2005. For impairment testing, the recoverable amount of the proportionate share in the said fertilizer business has been determined based on fair value less cost of disposal. The management has used the 'Market Approach' to determine the fair value less cost of disposal. Based on the valuation, no impairment was considered necessary to be recorded.

However, the said disposal was not recorded by e2eBE in its register of members. The Holding Company informed the Securities and Exchange Commission of Pakistan (the SECP) in this respect through its letters dated May 12, 2016 and January 22, 2018.

In view of the pending registration of the transfer of shares in the name of the transferee, during the year ended 2020, the Holding Company, on the basis of legal advice, has entered into an agreement dated May 8, 2020 with the transferee whereby it was agreed to reverse the original share sale-purchase transaction in a manner that the disposed 19.86% shares shall revert to the Holding Company as if those were never sold to the transferee. Accordingly, the sales proceeds amounting to Rs 2 million received by the Holding Company against the disposal of 19.86% shares in e2eBE were returned to the transferee. In this regard, the Holding Company has through its letter dated April 10, 2020 withdrew the matter lodged with the SECP against e2eBE related to its failure to transfer 19.86% shares in the name of the transferee. Further, an intimation to this effect has been made to e2eBE through the Holding Company's letter dated May 15, 2020.

The comparison between quoted fair value and carrying amount of listed associate is given below:

For the year ended December 31, 2023

Further, the Holding Company has assessed the carrying amount of its investment in e2eBE in accordance with the requirements of the applicable accounting standards and the investment has been fully impaired as the possibility of commencement of operations of e2eBE is considered remote.

- 9.2 As at December 31, 2023, unutilised tax losses of ECL including brought forward depreciation amounts to Rs 1,606.813 million (2022: Rs 3,948.996 million) which will be adjusted against the taxable income of ensuing years. However, as majority portion of ECL's income is subject to final tax regime, deferred tax asset has not been recognised on these losses in these consolidated financial statements.
- 9.3 This includes an amount of Rs 7.631.070 million (2022: Rs 6.457.059 million) relating to disallowance of GIDC provision by the income tax department on account of non-payment.
- 9.4 Net deferred tax asset amounting to Rs 134.222 million (2022: Rs 413.345 million) has not been recognised by Enfrashare related to business losses aggregating to Rs 2,330.641 million (2022: Rs 2,168.056 million), unused tax depreciation aggregating to Rs 8,723.570 million (2022: Rs 6,702.231 million) and taxable temporary differences aggregating to Rs 10,710.053 million (2022: Rs 4,065.635 million) as it is not certain that taxable future profits will be available against which these can be utilised. Unused tax depreciation losses can be carried forward for an infinite period of time.

For the year ended December 31, 2023

- recoveries.
- temporary import of plant, machinery and equipment.

Further, since EETPL's profits and gains are exempt from income tax for 5 years from the date of commercial operations, EETPL is also entitled to exemption from collection of advance income tax. The Customs Authorities were not in agreement with EETPL's views on the same and to treat import of FSRU for 15 years as a temporary import. EETPL in response filed a suit before the SHC which through its order dated June 29, 2015 had restrained Customs Authorities from the collection of custom duty and advance income tax.

The Court, in judgement passed on May 26, 2016, held EETPL liable to custom duty and remanded the matter related to advance income tax to Customs Authorities with directions. EETPL, in response to the aforementioned judgement and demand raised by Customs Authorities, has paid an amount of Rs 1,325.103 million in respect of custom duty. On the basis of prudence, Rs 1,297.737 million is being amortised over the term of 15 years.

13.5 In 2014, Engro Elengy Terminal (Private) Limited (EETPL) entered into LNG Operations and Services Agreement (LSA) with Sui Southern Gas Company Limited (SSGCL). As per the terms of the LSA, EETPL was required to construct / build a pipeline (SSGCL Branch Pipeline) and transfer it to SSGCL upon commissioning of the LNG Project and recover the cost of construction through recovery of capacity charges to be billed to SSGCL over the term of LSA. EETPL constructed and transferred the SSGCL Branch Pipeline to SSGCL on March 29, 2015, for which the Certificate of Acceptance has been received from SSGCL. The receivable represents construction costs incurred in this respect, net of

13.6 On June 19, 2015, EETPL received a notice from Model Customs Collectorate (the 'Custom Authorities') seeking information on import of FSRU and contending that the import attracts all leviable duties and taxes i.e. custom duty and advance income tax. EETPL was of the view that the FSRU had been classified as plant, machinery and equipment vide SRO 337(I)/2015 dated April 22, 2015 and accordingly, along with sales tax, custom duty is also exempt under SRO 678(I)/2004 dated August 7, 2004, read with condition (vii) relating to clause 2(a), being of the nature of import-cum-export or

For the year ended December 31, 2023

18.1 In 2015, the Government of Pakistan (GoP) had notified payment of subsidy on sold product at the rate of Rs 0.5 million per 50 kg bag of Di-Ammonia Phosphate (DAP), Rs 0.217 million per 50 kg bag of Nitrophos (N) and Nitrogen, Phosphorous and Potassium (NPK) fertilizers (based on phosphorous content). This subsidy scheme was effective till May 27, 2016.

In 2016, another subsidy scheme was announced by the GoP effective June 25, 2016 whereby subsidy was payable on sold product at the rate of Rs 0.156 million per 50 kg bag of Urea, Rs 0.3 million per 50 kg bag of DAP and for Nitrophos 22:20 & 18:18 grade (based on phosphorus content) and NPK fertilizers (based on phosphorus content).

In 2017, another subsidy scheme was announced by the GoP, effective July 01, 2017. Under the new subsidy scheme, aforementioned rates were replaced with Rs 0.1 million per 50 kg bag for Urea only. This subsidy scheme was effective till June 30, 2018. In line with the notification issued for the said scheme, Ministry of National Food Security and Research has appointed third party auditors for verification of subsidy claims which is underway. ~~~~ . . . .

#### 22. ASSETS CLASSIFIED AS HELD FOR SALE

Certain assets have been classified as held for sale due to the decision of the directors of EFert to sell its existing E-Logistics business (previously classified under vehicles in operating assets - note 5.1). There are several interested buyers and EFert is in the process of finalization of deal. Efert's management is committed in its plan to sell this business and expects the sale to be completed within 12 months from the reporting date. Therefore, the assets have been classified at lower of their carrying amount and fair value less cost to sell as recognised under IFRS 5 - Non-current Assets Held for Sale and Discontinued Operations.

## 24. MAINTENANCE RESERVE

**24.1** In accordance with the Power Purchase Agreement (PPA), EPQL is required to establish and maintain a separate reserve fund (the Fund) with a depository institution for payment of major maintenance expenses. Any interest income resulting from the depository arrangements of the Fund is to remain in the Fund to the extent of any shortfall from the contractual limit.

Under the PPA, 1/24th of the annual operating and maintenance budget of the power plant less fuel expenses is required to be deposited into the Fund on each capacity payment date until such reserve equals to nine such deposits. After the second agreement year and thereafter, the Fund may be re-established at such other level that EPQL and CPPA-G mutually agree.

In 2012 EPQL, due to uncertain cash flows resulting from delayed payments by CPPA-G has, as per flexibility available under the PPA, reduced the amount deposited in a schedule bank, which has been invested in Treasury Bills having a face value of Rs 50 million (2022: Rs 49.321 million) as at December 31, 2023. Till such time the amount is deposited again to the required level, EPQL has unutilized short term financing available to meet any unexpected maintenance requirement that may arise in the foreseeable future.

During the year, an amount of Rs 496.644 million (2022: Rs Nil), being owners' share, has been transferred from unappropriated profit to the fund because the operations and maintenance regime of the plant involves expenditure on equipment and overhaul of the power plant on certain intervals that are based on plant operations. An amount covering these cost calculated based on factored fired hours has been appropriated to maintenance reserve.

  - in respect of service fee charged to it for an initial period of three years from the respective site commencement date. The related discount was provided against the discounted cash consideration under the asset sale and purchase agreements. Present value of the discount amounted to Rs 696 million. The said amount has been recognised as part of the total consideration against assets acquired under the asset sale and purchase agreements and a corresponding deferred incentive revenue has been recognised in this respect which is amortised over a three years period from the site commencement date on the basis of monthly service fee accrued under the agreement.
  - against total amount of consideration to be charged to the customers for provision of energy solutions and energy management services. Present value of the discount amounted to Rs 475 million. The said amount has been recognised as part of the total consideration against assets acquired under the asset sale and purchase agreements and a corresponding deferred incentive revenue has been recognised in this respect which is amortised over a period of four and a half years from the date after six months of the project completion date.
- 28.2 This represents deferred rental income derived from net capacity payments under LNG Operations and Services Agreement (LSA) in respect of LNG Terminal classified as an operating lease component which is being amortised over the terms of LSA.

29.1 The Honorable Supreme Court of Pakistan (SCP) through its judgment dated August 13, 2020 (Judgment) declared that the levy imposed under the Gas Infrastructure Development Cess (GIDC) Act, 2015 (the Act) is valid and in accordance with the provisions of the Constitution of Pakistan 1973 (the Constitution). The SCP in its Judgment stated that the Government has already collected Rs 295 million and this amount combined with the outstanding amount would be in the vicinity of Rs 700 million. The SCP, therefore,

It restrained the Federal Government from charging further GIDC until such time that the GIDC already collected and accrued (but not yet collected), is expended on projects listed under the Act;

As all industrial and commercial entities which consume gas for their business activities pass on the burden to their customers, therefore, GIDC that has become due up to July 31, 2020, and has not been recovered so far, shall be recovered by the gas companies responsible under the Act to recover from their consumers in twenty-four equal monthly installments, without the component of Late

For the year ended December 31, 2023

- In case, no work is carried out on the gas infrastructure pipelines in the manner and / or time specified in the Judgment, the purpose of levying GIDC shall be deemed to have been frustrated and the Act would become completely in-operational and considered dead for all intents and purposes.

Pursuant to the Judgement, the gas suppliers began invoicing the GIDC instalments for recovery with effect from August 01, 2020.

Aggrieved by the Judgment, EFert and EPCL filed review petitions before the SCP on various grounds, which were dismissed by the SCP on November 02, 2020, (Review Decision). However, the Review Decision noted that the Government of Pakistan is agreeable to recover the unpaid arrears in 48 monthly installments instead of 24 monthly installments provided the time period for the projects was extended to 12 months from 6 months; and (ii) upheld the validity of Section 8(2) of the Act. The SCP protected the rights of the Industrial Sector (excluding Fertilizer Fuel Stock) to approach the appropriate for enforcement of the exemption provided under the proviso to Section 8(2) of the 2015 Act.

Subsequent to the Review Decision, EFert filed a rectification application before the SCP seeking a clarification regarding the increase in number of installments.

EPCL and EFert have also filed suits before the High Court of Sindh (SHC) against collection of GIDC on the grounds that factual determination of the GIDC passed-on to the customers is to be carried out. The SHC granted interim stay to EPCL and EFert restraining the impleaded gas companies from taking coercive action against EPCL and EFert for non-payment of GIDC installments till the finalization of the matter.

Further, against the GIDC instalment invoice received from Sui Northern Gas Pipelines Limited (SNGPL) to EFert on concessionary gas supplied under the fixed price Gas Sale and Purchase Agreement dated April 11, 2007 (GSPA), EFert approached the SHC to challenge this imposition. EFert has obtained a stay order in its favour and the SHC has restrained SNGPL from taking any coercive action against EFert on collecting GIDC on feed stock gas supplied under the GSPA. EFert's management has made an assessment (as confirmed by the legal advisor) that there are reasonable chances of a favourable outcome in relation to the legal proceedings filed against SNGPL for feed gas supplied under the GSPA. Hence no provision on account of GIDC has been recorded in respect of feed gas received under the GSPA.

The Institute of Chartered Accountants of Pakistan (ICAP) released financial reporting guidance on the "Accounting of GIDC" via Circular No. 1/2021 dated January 19, 2021 (the Circular) which discusses key accounting considerations for gas consumer companies. Keeping in view the financial reporting guidance of ICAP and giving due consideration to the latest available information and the expected timing of the settlement (i.e. in monthly installment rather than lump sum amount), the Group has remeasured its previously undiscounted provision at its present value using the risk free rate to incorporate the effect of the time value of money arising from the expected settlement based on an instalment plan and accordingly, recognised remeasurement gain amounting to Rs 2,904.978 million in 2020 which has been fully unwinded as at the year end.

- 29.2 During the year, EPCL has reassesed its obligation in respect of recognition of provision of default surcharge on GIDC, in consultation with its external legal counsel. The legal counsel of EPCL is of the view that EPCL has reasonable grounds to contest the applicability of default surcharge, as there is a stay order in place given by the SHC and there was no mens rea on EPCL's part. Accordingly, EPCL has reversed provision of default surcharge recognised till December 31, 2022 during the current year.
- **29.3** In 2017, EPCL had filed suits in the SHC, against the increase in tariff of natural gas sold to industries and captive power plants notified by Oil and Gas Regularity Authority (OGRA) vide SRO no.(1)/2016 dated December 30, 2016, whereby EPCL cited the increase as illegal and unconstitutional. The SHC granted an interim order in favour of EPCL which is still operational. However, EPCL has recognised a provision of Rs 517.392 million for the period from December 2017 to September 2018.
- Represents provision recognised as an abundant caution and based on a prudence basis for certain 29.4 cases being contested by EEL and claims against EPQL. This also includes provision related to investment in SEL.

EFert and EPCL filed a petition against the judgment before the Honorable Supreme Court of Pakistan (SCP) challenging the SHC judgement. In September 2021, the SCP suspended the Judgement of SHC along with the recovery of Cess. In this regard, EFert has submitted a formal response to the gas supplier. Without prejudice to the foregoing and any admission of liability, the Group has on prudent basis recorded a provision amounting to Rs 2,380.450 million (2022: Rs 2,380.450 million) in these consolidated financial statements.

This also includes deposits amounting to Rs 1,020.733 million (2022: Rs 7.400 million) which are fully utilized in business in accordance with the requirements of written agreements and in terms of section 217 of the Act.
- 30.9 This includes an amount of Rs 928.998 million (2022: Rs 928.998 million) equal to 51% of the sales tax receivable of FrieslandCampina Engro Pakistan Limited (FCEPL), an associated company, recognised in the financial years 2012 to 2016, which the Holding Company is required to pay, under the Share Purchase Agreement (SPA) with FrieslandCampina Pakistan Holding B.V. (FCP), if the same is not recovered by FCEPL within six years after it is recognised. Accordingly, on prudence basis, the Holding Company has recognised its liability under the SPA equivalent to 51% of the sales tax receivable pertaining to FCEPL being sales tax short recovered.

#### CONTINGENCIES AND COMMITMENTS 34.

#### 34.1 Contingencies

## 34.1.1 The Holding Company

- The Holding Company had pledged 15.131 million shares of ECL with Meezan Bank Limited (as agent) in favour of Fatima Fertilizer Company Limited (FFCL) as collateral against guarantee given in favour of DH Fertilizer Limited (DHFL) - ex subsidiary (now FFCL) against potential tax liabilities, WPPF liabilities and WWF liabilities in respect of periods ending on or prior to June 30, 2015. These pledged shares are to be released upon completion of two years from the filing date of Income Tax Return for the year ended December 31, 2015, i.e. September 30, 2016, in case no demand / notice is received from respective authorities.

During the year ended December 31, 2018 out of 15,131 million shares of ECL, 4,639 million shares were released upon expiration of the period stated in the agreement relating to the WPPF liabilities.

The Holding Company had also issued a corporate guarantee which will remain in full force and effective for five years and will be released on the date on which the above tax liabilities are finally settled / disposed of or withdrawn.

## 34.1.2 Engro Corporation Limited

34.1.2.1 In accordance with section 4C 'Super tax on high earning persons' introduced in the Income Tax Ordinance, 2001 (the Ordinance) through the Finance Act, 2022, a super tax at ten percent has been imposed on the specified sectors (including the fertilizer and chemical sector) in case the income exceeds Rs 300 million for the year ended December 31, 2021 (tax year 2022) while for other sectors super tax was levied at four percent. ECL filed a petition against the imposition of super tax before the Sindh High Court (SHC) where through an interim order, relief was granted conditional on submission of equivalent bank guarantees. The SHC in its judgement dated December 22, 2022, declared that "the super tax levy shall only be applicable from the tax year 2023" and the imposition of higher rate on the specified sectors as discriminatory.

The SHC decision was challenged by FBR in the SCP, where vide an interim order, the SCP directed the Nazir of SHC to encash the bank guarantees furnished by taxpayers up to the extent of four percent.

ECL has recorded provision of super tax for the year ended December 31, 2021 (tax year 2022), at the rate of four percent in these consolidated financial statements on account of prudence and, based on professional advice, considers that the chances of additional super tax levy of six percent for TY 2022 amounting to Rs 2,738.141 million are remote. Therefore, no provision is recorded thereagainst in these consolidated financial statements.

34.1.2.2 In the year 2017, FCEPL received an order from the Competition Commission of Pakistan (CCP), imposing a penalty of Rs 62.293 million in respect of FCEPL's marketing activities relating to one of its products. FCEPL has filed an appeal against the aforementioned order. As per the terms of the Share Purchase Agreement with FrieslandCampina Pakistan Holding B.V. (FCP), ECL is required to reimburse 51% of the amount together with all reasonable cost and expenses to FCP in case any such penalty materialises. ECL, based on the opinion of the legal advisor, is confident of a favourable outcome of the appeal, and accordingly, no provision has been recognised in these consolidated financial statements in this respect.

## 34.1.3 Engro Fertilizers Limited and its subsidiary company

issued by FBR. As such, EFert received audit selection notices for all these years.

In respect of income tax audits, the tax department completed the audits and issued amendment orders for all tax years creating an aggregate demand of Rs 18,566,262 million. Disallowances raised in the orders mainly included credit entries in bank statements treated as revenue / suppressed sales, inadmissibility of expenses, proration of expenses to exempt income and chargeability of WWF and Super Tax on the revised taxable income. EFert had filed an appeal before the Commissioner Inland Revenue (Appeals) CIR(A) against all amendment orders.

In 2022, the decision of the CIR(A) was received for all these years where legal objections interalia taken up on the selection / conduct of audit in this manner were upheld. In these orders, favorable decisions were made on majority of the matters, certain issues were remanded back for verification while

34.1.2.3 In the year 2016, ECL entered into a Share Purchase Agreement (SPA) with FCP for the sale of 47.1% of the total issued shares of FCEPL. In accordance with the terms of the SPA, ECL is required to pay to FCP, an amount equivalent to 47.1% of any tax liability (as defined in the SPA) together with all reasonable costs and expenses incurred, in case any tax contingency materialises ECL, based on the opinion of FCEPL's tax and legal advisors, is confident of favourable outcomes in respect of various tax matters being contested by FCEPL, and accordingly no provision has been recognised in these

34.1.2.4 On March 28, 2022, and as supplemented from time-to-time Allied Bank Limited and Faysal Bank Limited have committed to provide Payment Service Reserve Account (PSRA) SBLCs amounting to US Dollars 23.316 million and Rs 1,029.044 million respectively on behalf of EEL, a wholly owned subsidiary, for its PSRA commitments related to EPTL in favour of their project lenders These SBLCs are secured by pledging 66,000.000, 103,500,000, 56,000,000 and 53,000,000 shares of EFert, EPCL, FCEPL and

Standby Letters of Credit (Equity SBLC) have been provided by EEL, a wholly owned subsidiary, through National Bank of Pakistan amounting to US Dollars 2.606 million (2022: US Dollars 5.660 million) for its equity commitments related to SECMC, its associated company in favour of the Intercreditor Agent (Habib Bank Limited) and the Project Company (i.e. SECMC). Equity SBLC will expire on earlier of (i) October 31, 2024; or (ii) fulfilment of sponsor obligations under Sponsor

Standby Letter of Credit (Put Option SBLC) has been provided by EEL, a wholly owned subsidiary company, through Allied Bank Limited amounting to US Dollars 21.070 million (2022: US Dollars 21.070 million) in favour of the Put Option Fronting Bank (Habib Bank Limited). The Put Option SBLC has been furnished to meet sponsor obligations under Sponsor Support Agreement (Put Option SSA) and expires on earlier of (i) January 31, 2029; or (ii) fulfilment of sponsor obligations pursuant to Put Option SSA. This guarantee was secured by pledging ECL's shares of EFert and FCEPL of

34.1.2.6 EETPL has issued SBLCs amounting to US Dollars 22.500 million (2022: US Dollars 22.500 million). This has been secured by pledging ECL's shares of EFert and EPCL of quantities 66,000,000 and

34.1.3.1 In 2021, the income tax department [i.e. Large Taxpayers Unit (LTU)] initiated income tax audits of EFert u/s 177 of the Ordinance for the Tax Year (TY) 2015, 2016, 2018 and 2020 and sales tax audits u/s 25 of the Sales Tax Act, 1990 for TY 2017, 2018 and 2019 in accordance with the sectoral audit directive

For the year ended December 31, 2023

inadmissibility of certain expenses and disallowance of WPPF were maintained, aggregating to Rs 581.898 million. EFert has filed an appeal before Appellate Tribunal Inland Revenue (ATIR) against the unfavorable decisions of CIR(A) which is currently pending.

Subsequently, the tax department issued appeal effect orders based on favorable CIR(A)'s decision, where tax department again decided some of the remanded back issues against EFert resulting in tax liability of Rs 194.148 million. Appeal before CIR(A) had been filed against these appeal effect orders. During the year, CIR(A)'s order on aforesaid appeal has been received in favour of EFert.

In respect of sales tax audits, in 2021, the tax department only issued a Show Cause Notice (SCN) for TY 2017. EFert filed Constitutional Petitions before the SHC challenging the SCN issued for TY 2017 as well as the audit selection notices for TY 2017, 2018 and 2019. On December 13, 2021, the SHC granted ad-interim orders in favour of EFert for all three tax years.

EFert's management considers, based on the legal / tax advisor's opinion, that it has reasonable grounds to defend the case and therefore will not be exposed to any additional liability in this respect.

34.1.3.2 In 2022, in respect of TY 2018, EFert received an order from the Assistant Commissioner Inland Revenue (ACIR) restricting brought forward losses having a tax impact of Rs 580.910 million. This disallowance has been made in the assessment orders relating to prior years which are pending in appeals. Certain errors have been made in relation to allowance of credits which are being taken up in rectification.

Efert's management considers, based on the tax advisor's opinion, that it has reasonable grounds to defend the case and therefore will not be exposed to any additional liability in this respect.

- 34.1.3.3 In 2015, EFert received a sales tax order from the tax department for the tax periods January 01, 2013 to December 31, 2013 pertaining to discharge of output tax liability, on assumed production of urea amounting to Rs 402.875 million and on the presumption that output tax liability is not being discharged by EFert on advances received from dealers amounting to Rs 1,844.075 million. EFert filed an appeal thereagainst with the CIR(A) which decided the matters in favour of EFert. The department thereafter challenged the decision of the CIR(A) with the ATIR, which is pending to be heard. No provision has been made by the Group in this respect in these consolidated financial statements.
- 34.1.3.4 EFert filed a constitutional petition in the SHC against the Ministry of Petroleum and Natural Resources (MPNR), Ministry of Industries and Production (MIP) and SNGPL for continuous supply of 100 mmscfd gas per day to EFert's new plant (Enven) and to prohibit from suspending, discontinuing or curtailing the aforementioned supply. Through its order dated October 18, 2011, the SHC ordered that SNGPL should supply 100 mmscfd gas per day to EFert's new plant. However, five petitions have been filed in the SCP against the aforementioned order of the SHC by SNGPL, MPNR, Agritech Limited, Pak Arab Fertilizers and Kohinoor Mills Limited alongwith twenty one other companies (mainly engaged in textile business). The aforementioned petitions are pending for further hearing. EFert's management, as confirmed by the legal advisor, considers the chances of these petitions being allowed to be low.

Further, EFert upon continual curtailment of gas after the aforementioned decision of the SHC has filed an application in respect of Contempt of Court under Article 199 & 204 of the Constitution of Pakistan. EFert, in the aforementioned application has submitted that SNGPL and MPNR have failed to restore full supply of gas to EFert's plant despite the judgment of the SHC in EFert's favor. A show cause notice has also been issued against MPNR and SNGPL dated December 31, 2011 by the SHC. The application is pending for hearing and no orders have yet been passed in this regard.

34.1.3.5 In 2013, EFert, along with other fertilizer companies, received a show cause notice from the CCP for initiating action under the Competition Act, 2010 (2010 Act) in relation to alleged unreasonable increase

## NOTES TO AND FORMING PART OF THE **CONSOLIDATED FINANCIAL STATEMENTS**

For the year ended December 31, 2023

in fertilizer prices. EFert has responded in detail that factors resulting in such increase were mainly due to imposition of infrastructure cess, sales tax and gas curtailment. The CCP issued an order in March 2013, whereby it held that EFert has a dominant position in the urea market and that it has abused the same by unreasonable increases in urea prices during the period December 2010 to December 2011. The CCP also held another major fertilizer company to be responsible for abusing its dominant position. Moreover, the CCP imposed a penalty of Rs 3,140 million and Rs 5,500 million on EFert and the other fertilizer company, respectively. An appeal has been filed before the Competition Appellate Tribunal (CAT) and a writ has been filed in the SHC wherein stay has been granted in favour of EFert restraining CCP and Federation of Pakistan (i.e. Respondents) from taking any coercive action.

In case of the other fertilizer company, the CAT has transferred the case back to the CCP for reassessment. EFert has also challenged the composition of the CAT before the SHC and has secured an interim order in its favour whereby the CAT is restrained from passing any final order against EFert during the pendency of the petition. EFert's management believes that the chances of ultimate success are strong and, hence, no provision has been made in this respect in these consolidated financial statements.

- allowed to be low.
- been made in this respect in these consolidated financial statements.
- appeal before the CIR(A) in respect of this order, which is pending to be heard.

EFert's management considers, based on the tax advisor's opinion, that it has reasonable grounds to defend the case and therefore will not be exposed to any additional liability in this respect.

34.1.3.6 All Pakistan Textile Processing Mills Association (APTMA), Agritech Limited (Agritech), Shan Dying & Printing Industries (Private) Limited and twenty seven others have each contended, through separate proceedings filed before the Lahore High Court that the supply to EFert's new plant is premised on the output from Qadirpur gas field exceeding 500 mmscfd by 100 mmscfd and, therefore, the Gas Sale and Purchase Agreement (GSA) dated April 11, 2007 between EFert and SNGPL be declared void ab initio because the output of Qadirpur gas field has infact decreased. Agritech has additionally alleged discrimination in that it is receiving less gas than the other fertilizer companies on the SNGPL system. EFert has outrightly rejected these contentions, and is of the view that it has a strong case for the reasons that (i) 100 mmscfd gas has been allocated to EFert through a transparent international competitive bidding process held by the Government of Pakistan, and upon payment of valuable license fee; (ii) GSA guarantees uninterrupted supply of gas to EFert's new plant, with right to first 100 mmcfd gas production from the Qadirpur gas field; and (iii) both EFert and the Qadirpur gas field are located in Sindh. Also neither the gas allocation by the Government of Pakistan nor the GSA predicates the gas supply from Qadirpur gas field producing 100 mmscfd over 500 mmscfd. No orders have been passed in this regard and the petition has also been adjourned sine die given that similar matter is pending in the SCP. However, EFert's management, as confirmed by the legal advisor, considers chances of petitions being

34.1.3.7 In 2018, the tax department [i.e. Large Taxpayers Unit (LTU)] issued an order for the period June 2016 to July 2017 with a demand of Rs 1,006 million mainly on account of further sales tax to be charged on fertilizers sales to unregistered persons. EFert filed an appeal before the CIR(A) who disposed off the appeal in favour of the tax department. Thereafter, EFert filed an appeal before the ATIR, and it also decided the same in favour of the tax department. EFert challenged the ATIR Order, to the extent of its ruling in relation to exemption from further sales tax, before the SHC by filing Sales Tax Reference Application. On October 11, 2021, the SHC granted an ad-interim order restraining the tax department from taking coercive action against EFert in respect of the recovery of the impugned demand. EFert's management believes that the chances of ultimate success are strong and, hence, no provision has

34.1.3.8 During the year, EFert received an amendment order in respect of TY 2021, creating disallowances having a tax impact of Rs 916.584 million. The disallowances mainly pertain to disallowance of provision for WPPF and on account of disallowance of minimum tax on opening stock-in-trade. EFert has filed an

## 34.1.4 Elengy Terminal Pakistan Limited and its subsidiary company

34.1.4.1 The Sindh Finance Act, 1994, prescribed the imposition of an infrastructure fee at the rate of 0.5% of the C&F value of all goods entering or leaving the province of Sindh via sea or air. The law for infrastructure fee thereafter was last amended through the Sindh Finance Act, 2014 according to which infrastructure fee will range from 0.9% to 0.95% of the total value of goods as assessed by the Custom Authorities plus one paisa per kilometer against various slab of net weight of goods.

On July 11, 2014, EETPL filed a petition against the aforementioned levy before HCS where it is currently pending. Earlier, HCS through an interim order on November 11, 2014 on petitions filed by others, directed companies to clear the goods on paying 50% of the amount of levy and furnishing bank guarantee / security for the balance amount.

On June 4, 2021, the HCS through its judgement upheld the Sindh Development and Maintenance of Infrastructure Cess Act, 2017 ("the Cess") promulgated retrospectively with effect from July 01, 1994 as valid and declaring it within the competence of provincial legislature. However, EETPL has paid 50% of the above levied cess and has provided bank guarantee amounting to Rs 19 million (2022: Rs 17 million) in favour of the Custom Authorities to comply with interim orders of the Court dated November 14, 2014 for the above levied cess. EETPL has filed a petition against the judgement dated June 04, 2021 before SCP challenging the judgement dated June 04, 2021 before SCP. The SCP in its interim order dated September 01, 2021 decided till further orders, operations of the impugned judgement of the HCS dated June 04, 2021 and the recovery of the levy shall remain suspended and that EETPL will continue to comply with the interim order of HCS dated November 14, 2014. EETPL, based on the merits of the case and as per the opinion of its legal advisor, EETPL expects a favourable outcome on the matter and accordingly no provision has been made on remaining 50% of the levy in these consolidated financial statements.

34.1.4.2 As detailed in note 13.6, EETPL in connection with the import of Floating Storage and Regasification Unit (FSRU) received a demand from Customs Authority amounting to Rs 1,530.494 million contending that the import of FSRU attracts payment of advance income tax. EETPL is of the view that the EETPL's profits and gains were exempt from income tax for 5 years from the date of commercial operations. EETPL in response to the above demand filed an appeal based on which the Chief Commissioner Inland Revenue (CCIR) through its order dated August 22, 2016 remanded the case back to the concerned commissioner, which again rejected the request for exemption against which EETPL filed an appeal before CCIR. In 2020, CCIR decided appeal against EETPL vide order dated July 24, 2020 against which EETPL filed an appeal before the HCS on August 6, 2020 and has obtained stay in this regard. EETPL based on the merits of the case and as per the opinion of its legal advisor, expects a favorable outcome on the matter and accordingly, no provision has been made in this respect in these consolidated financial statements.

## 34.1.5 Engro Energy Limited and its subsidiary companies

On February 11, 2021, EPQL and CPPA signed Master Agreement, wherein it was agreed that the dispute related to alleged savings will be resolved through arbitration. In accordance with the Master Agreement, EPQL and GoP signed the Arbitration Submission Agreement (ASA) on June 15, 2022. Subsequently, the arbitrators have been appointed as per ASA. EPQL's management believes that there are strong grounds that the matter will ultimately be decided in favour of EPQL.

## 34.1.6 Engro Eximp Agriproducts (Private) Limited (EEAP)

34.1.6.1 In 2017, the tax department had raised a demand of sales tax of Rs 250 million not charging sales tax on rice husk / rice bran for the tax year 2015. There was an error in the order as the department had treated all the by-products falling under the category of rice bran or rice hull / husk; though in reality the

proportion of these two products among by-products is comparatively low while rice bran was admittedly exempt during that period. As the value of rice husk was wrongly taken, the CIR(A) has vacated the order and demand but upheld the legal position regarding charging of sales tax on rice husk. EEAP has gone in appeal as it is of the view that the department is not treating husk correctly. Currently, the matter is pending before the Appellate Tribunal and based on the opinion of its tax consultant, EEAP's management is confident of a favorable outcome of the appeal, and, accordingly sales tax recoverable has not been reduced by the effect of aforementioned order.

accordingly no provision is recorded in these consolidated financial statements.

- 34.1.8 Details relating to tax contingencies and other tax related matters are disclosed in note 43.

## 34.2 Commitments

Details of commitments as at December 31, 2023 entered by the Group are as follows:

34.1.6.2 The Assistant Commissioner Inland Revenue (ACIR) raised a demand of Rs 250 million for tax year 2020 dated March 30, 2023, through passing order under section 161(1A) of the Ordinance. The ACIR applied straight rate of withholding taxes and alleged short deduction on the entire expenditure. EEAPL filed an appeal against the said order which was remanded back by the Commissioner Appeals vide order dated May 16, 2023. The remand back proceeding has not been initiated to date. The management of EEAPL based on the advice of the legal counsel believes that there are strong grounds to defend this matter,

34.1.7.1 Details of material contingencies which might affect share of profit from associated undertakings and

34.1.7.2 FCEPL has provided bank guarantees to the Government of Sindh, amounting to Rs 403.387 million (2022: Rs 323.386 million) in relation to Sindh Infrastructure Development Cess (SIDC). In 2021, SCP through its order dated September 1, 2021 has directed that till further orders, operation of the impugned judgement of the SHC dated June 4, 2021 which validated SIDC and its recovery shall remain suspended. SCP's order further stated that the petitioners (including FCEPL) shall keep the bank guarantees already submitted with the Government of Sindh and shall furnish fresh bank guarantees equivalent to 100% of the amount of SIDC against release of all future consignments of

34.1.7.3 During the year, Customs Department issued various orders alleging that FCEPL has misdeclared Harmonized System (HS) code on certain raw materials imported and therefore, required to pay additional duties and taxes creating demand of Rs 420.834 million. FCEPL being aggreived with the said demands has filed appeals before Collector of Customs, which are pending adjudication. FCEPL has issued bank guarantees amounting to Rs 50.731 million for provisional release of raw

## NOTES TO AND FORMING PART OF THE **CONSOLIDATED FINANCIAL STATEMENTS**

For the year ended December 31, 2023

Appellate Tribunal - NEPRA on July 13, 2022 in accordance with the applicable legislation.

Further, EPTL had obtained a stay order from SHC against the above Tariff Decision till the finalisation of EPTL's appeal before the Appellate Tribunal - NEPRA. Accordingly, the Tariff Decision dated June 15, 2022 also stands suspended.

In light of the aforementioned appeal filed and favorable advice from EPTL's legal counsel, EPTL's management had assessed that it has strong legal grounds against certain disallowances made by NEPRA in the Tariff Decision and the Group has continued to recognise revenue in these consolidated financial statements in accordance with its interpretation of the relevant tariff provisions.

However, there were certain adjustments disallowed in the Tariff Decision which are applicable on the EPTL post COD and the Group had recognised its impact in the consolidated financial statements for the year ended December 31, 2022 amounting to Rs 2,338.389 million which pertains to prior periods i.e. from July 10, 2019 till December 31, 2021. Resultantly, the Group has also recognised contract liability in respect of these disallowances of Rs 610.321 million as at December 31, 2023.

35.3 This includes revenue from services rendered by EETPL which comprises of:

Operating lease rental income Revenue from O&M services Finance income on sublease Revenue from utilisation / regasification services

35.4 All revenue earned by the Group is Shariah compli

35.2.1 On June 15, 2022, National Electric Power Regulatory Authority (NEPRA) decided upon the Commercial Operations Date (COD) Adjustment Tariff (Tariff Decision), forming the basis on which future indexations in the EPTL's tariff are to be made and the revenue is to be recognised with effect from the COD. EPTL believes that the aforementioned Tariff Decision is principally not in accordance with EPTL's Upfront Tariff issued by NEPRA dated March 13, 2015, and being aggrieved from the Tariff Decision, EPTL had filed an appeal before the

## Details of significant income tax matters are as follows:

## 43.1 The Holding Company

43.1.1 During the year ended December 31, 2017, the Holding Company's ex-subsidiary was served with an order dated May 2, 2017 from the Additional Commissioner of Inland Revenue (CIR) - Federal Board of Revenue under Section 122(5A) of the Income Tax Ordinance, 2001 to amend the original assessment for the Tax Year 2016 being prejudicial to the revenue of the Federal Government and raised additional demand of Rs 3,380.65 million.

The issues mainly related to the levy of tax on sale of 'Bubber Sher' brand to wholly owned subsidiary, Bubber Sher (Private) Limited, taxation of capital gain on sale of shares of ECL and HUBCO to the Holding Company and levy of super tax on the income claimed to be exempt from tax. The ex-subsidiary being aggrieved with the order filed an appeal with the Commissioner Inland Revenue Appeals (CIRA) and CIRA in its order dated August 7, 2017 decided the matter in favour of the ex-subsidiary. The Deputy CIR served the ex-subsidiary with an appeal effect order on January 11, 2018, under which the tax liability (primarily on account of Alternate Corporate Tax) was worked out to be Rs 1,051.140 million.

Additionally, the CIR filed an appeal with the Appellate Tribunal Inland Revenue (ATIR) against the order passed by CIRA, which is currently pending. The ex-subsidiary, on the basis of advice of its tax consultant, filed an appeal with CIRA on February 12, 2018, considering the demand to be still prejudicial to its interests. CIRA in its order dated April 26, 2018 decided the matter against the ex-subsidiary. The ex-subsidiary has filed an appeal with the ATIR on May 9, 2018, against the order passed by CIRA and

for grant of stay in respect thereof. The appeal against the order of CIRA is still pending. Meanwhile, the ex-subsidiary has also obtained stay from the Lahore High Court against the recovery of demand. The tax advisor of the ex-subsidiary is of the view that the appeal effect order passed on January 11, 2018 and the subsequent order of CIRA dated April 26, 2018, are either based on a misinterpretation of the provisions of law or are in violation of the directions given by CIRA in its order dated August 7, 2017. Based on these views, the management of Holding Company is confident that the matter will eventually be decided in favour of the ex-subsidiary. Hence, no provision has been recorded in this respect in these consolidated financial statements.

**43.1.2** During the year ended December 31, 2017, the Holding Company received a show cause notice dated authorities to not finalise the proceedings until the cases were disposed off.

On September 11, 2020, CIR issued an order, where he agreed with the management contention with respect to capital gain. On Intercorporate dividend decision was kept on hold due to pending decision of High Court, whereas Super Tax was charged u/s 4B @ 3% on dividend income amounting to PKR 666.9mn. Company filed an appeal with the CIRA.

CIRA issued an order on December 13, 2021, wherein CIRA accepted management's contention with regard to super tax on intercorporate dividend. Accordingly, CIRA has directed CIR to adjust the order to the extent of Rs 547 million on account of super tax on intercorporate dividend.

During the year on January 31, 2023, High Court of Sindh disposed of the petition by directing the Holding Company to respond to the department against the show cause notice initially issued, within 60 days from the date of Court order. The department was directed to pass an order after hearing the Company in accordance with the law. Both the Holding Company and department have to follow the tax appeals' procedure with respect to the above mentioned notice. Accordingly, the Holding Company submitted its response to the department against the showcause notice initially issued, however the department has not yet passed an Order as directed by the High Court of Sindh.

The management and the tax consultant of the Holding Company believe that there are meritorious grounds available to defend the foregoing demand. Consequently, no provision has been recorded in these consolidated financial statements.

Inland Revenue (Appeals), the decision of which is pending to date.

CIRA issued an order on December 31, 2021, wherein CIRA ordered that profit on debt / interest income

May 11, 2017 from the CIR - Federal Board of Revenue under Section 122(9) of the Income Tax Ordinance, 2001 in respect of Tax Year 2016. In the notice, the CIR expressed intention to reject exemption of intercorporate dividend amounting to Rs 18,008.795 million, to make an addition to capital gain amounting to Rs 615.101 million and also to impose a super tax liability amounting to Rs 666.963 million. The Holding Company being aggrieved, filed a Constitutional Petition before the High Court of Sindh against the proposal to reject the exemption claimed on intercorporate dividend. Further, a Constitutional Petition was filed with the High Court of Sindh against the levy of super tax. The High Court of Sindh issued stay orders in respect of the aforementioned matters with the instructions to the taxation

43.1.3 During the year ended December 31, 2020, the Holding Company received an income tax demand dated June 18, 2020 amounting to Rs 201.196 million in relation to the Tax Year 2019. Out of such demand, an amount of Rs 92 million seems an apparent error for which a rectification application has been submitted to the tax authorities and order against the same was issued on December 16, 2020 by the authorities in favour of the Holding Company granting complete credit of Rs 92 million. The remaining demand of Rs 109.196 million was made to the Holding Company as the taxation authorities are of the view that the Holding Company's interest income does not meet the criteria of the 'income from business' and should be treated as 'income from other sources'. As a result of which the common expenses incurred by the Holding Company cannot be allocated to 'income from other sources' resulting in increased tax liability. However, the Holding Company is of the view that the earning interest / money market income is one of the principal revenue streams of the Holding Company and should be treated as 'income from business'. An appeal has been filed by the Holding Company before the Commissioner

should be classified as 'income from other sources' rather than 'Income from business'. However, CIRA accepted management's contention with respect to apportionment of administrative expenses and finance cost to profit on debt and have directed the ADCIR to reassess the apportionment accordingly. The Holding Company on a prudent basis has recorded a provision amounting to Rs 109 million in these consolidated financial statements.

43.1.4 During the year ended December 31, 2021, the Holding Company received an income tax demand dated March 31, 2021 amounting to Rs 159.66 million in relation to the Tax Year 2020. Out of such demand, an amount of Rs 15.9 million has been paid in protest to obtain the stay order till the decision of appeal by the Commissioner (Appeals). The taxation authorities are of the view that the Holding Company's interest income does not meet the criteria of the 'income from business' and should be treated as 'income from other sources'. As a result, the common expenses incurred by the Holding Company cannot be allocated to 'income from other sources' resulting in increased tax liability. However, the Holding Company is of the view that the earning interest / money market income is one of the principal revenue streams of the Holding ompany and should be treated as 'income from business.

On April 21, 2021, an appeal was filed by the Company before the CIRA on which the CIRA issued an order on September 20, 2023, wherein CIRA ordered that profit on debt / interest income should be classified as 'income from other sources' rather than 'income from business'. However, CIRA accepted management's contention with respect to apportionment of administrative expenses and finance cost to profit on debt and have directed the ADCIR to reassess the apportionment accordingly. The Holding Company on the advice of tax consultant filed an appeal with the Appellate Tribunal Inland Revenue on November 15, 2023 and is expecting a favourable outcome of the appeal. Hence, no provision has been recorded in these consolidated financial statements.

**43.1.5** During the year the Company received an income tax demand dated February 28, 2023 in relation to the Tax Year 2022. The Company received a notice from ACIR wherein ACIR stated that the Company's interest income does not meet the criteria of the 'income from business' and should be treated as 'income from other sources'. As a result, the common expenses incurred by the Company cannot be allocated to 'income from other sources' resulting in increased tax liability. However, the Company is of the view that earning interest / money market income is one of the principal revenue streams of the Company and should be treated as 'income from business'.

On November 07, 2023, ACIR issued an order wherein Holding Company's contention with respect to profit on debt was disregarded. The Holding Company based on the advice of its tax consultant filed an appeal with CIRA. On January 5, 2024, CIRA issued an order stating that profit on debt / interest income should be classified as 'income from other sources' rather than 'income from business'. However, CIRA accepted management's contention with respect to apportionment of administrative expenses and finance cost to profit on debt and have directed the ADCIR to reassess the apportionment accordingly. The Holding Company on the advice of tax consultant filed an appeal with the Appellate Tribunal Inland Revenue on January 18, 2024 and is expecting a favourable outcome of the appeal. Hence, no provision has been recorded in these consolidated financial statements.

43.1.6 The Holding Company has filed its annual tax return for the Tax Year 2023 within the due date i.e., September 30, 2023. However, with respect to super tax applicable under section 4C of the Income Tax Ordinance 2001, the Holding Company has filed a petition before the Islamabad High Court on the grounds that tax on income falling under the Final Tax Regime is deducted at the time of receipt of income and is deemed full and final, therefore, no further tax should be applicable on such income. Stay order was granted by the Islamabad High Court. The department filed an appeal with the Supreme Court against the stay order. The case had been heard and decision is reserved.

The Holding Company has on a prudent basis recorded a provision for super tax in these consolidated financial statements.

During the year, the SCP issued an interim order dated February 16, 2023 in respect of the petitions filed by the tax department against the SHC judgement dated December 22, 2022 in which the levy of super tax under section 4C inserted through Finance Act, 2022 was decided in favor of the petitioners. The SCP in its interim order, while accepting the tax department's petition, gave directions to the Nazir of the SHC to encash bank guarantees submitted by all petitioners including the Group to the extent of 4% of super tax liability.

9.057.159 million.

Moreover, the ECL along with its subsidiary companies has filed a petition before Islamabad High Court (IHC) against retrospective increase in rate of Super tax under section 4C of the Ordinance through the Finance Act, 2023 as well as application of section 4C of the Ordinance to income that falls under the purview of final tax under other provisions of the Ordinance. The IHC has granted an interim stay against the recovery of super tax in excess of rates prescribed before the amendment through Finance Act, 2023 and on incomes subject to final tax under other provisions of the Ordinance.

43.2.1 Through Finance Act, 2022, levy of 'Super tax on high earning persons' under section 4C of the Income Tax Ordinance, 2001 (the Ordinance) was introduced. The levy was applicable at the rate of four percent on income exceeding Rs 300 million for the year ended December 31, 2021 (tax year

**43.2.2** Section 4C 'Super tax on high earning persons' of the Ordinance introduced through the Finance Act. 2022 has been further amended through the Finance Act, 2023, whereby super tax rate has been increased to ten percent where the income exceeds Rs 500 million. This is retrospectively applicable from tax year 2023 onwards. Accordingly, the Group has increased the super tax provision to 10% (previously recognised at 4%, based on the rate applicable at December 31, 2022) which has resulted in additional provision of Rs 4,106.686 million for prior tax year 2023. Further, this also includes super tax provision recognised at 10% for tax year 2024, amounting to Rs

43.2.3 The current year charge includes the impact of higher deferred tax expense at the rate of 39% (including 10% super tax) being the new rate substantively enacted at the balance sheet date and is expected to apply to the periods when the asset is realized or the liability is settled. 43.2.4.1 During the year, in respect of tax year 2022, the Assistant Commissioner Inland Revenue (ACIR) has issued an amended order under section 4C of the Ordinance and has raised a demand of Rs 251.746 million mainly due to non-consideration of taxable loss while computing the 'income' for the purpose of super tax. ECL filed an appeal before the CIR(A), who has maintained the said demand. ECL has filed an appeal with ATIR against the order of the CIR(A). ECL, based on the advice of its tax consultant, is confident that the matter will ultimately be decided in its favor, hence, no provision

43.2.4.2 In 2020, the ACIR through order dated December 22, 2020 amended the return for the tax year 2017 by creating tax demand of Rs 4,335.176 million mainly on account of tax levied on undistributed profits under section 5A and Super Tax under section 4B. ECL had obtained stay from SHC against the levy of tax on undistributed profits, therefore the said demand was not recoverable by the tax department. In April 2021, the SHC disposed of the appeal against the levy of tax under section 5A as ultra vires to the Constitution. During the year, the ACIR passed the order dated

December 30, 2022 rectifying the earlier order in relation to the levy of tax on undistributed profits. Thereafter, the demand of Rs 4,335.176 million was reduced and refundable of Rs 392.231 million was determined. As normal recourse, ECL filed an appeal against the order of ACIR before the CIR(A) which has been heard on January 31, 2023 and is reserved for order.

During the year, the ACIR initiated proceedings and further amended the order for tax year 2017 to raise demand of Rs 19,687.430 million mainly on account of tax levied on capital gains on disposal of shares of listed subsidiaries of Rs 14,388.250 million (including super tax) and tax on undistributed profits under section 5A of the Ordinance of Rs 4,727.408 million.

Subsequently, following the submission of a rectification application by ECL, the ACIR has deleted the demand of Rs 4,727.408 million, in accordance with the judgement of SHC dated April 2, 2021, which declared the imposition of levy on undistributed profits under section 5A as ultra vires to the Constitution.

Moreover, as normal recourse, ECL has contested this matter in the appeal filed before the CIR(A) which upheld the decision of ACIR. Being aggrieved of the decision of CIR(A), ECL has filed an appeal before the ATIR. ECL, based on the advice of its tax consultant, is confident that the matter will ultimately be decided in its favor, hence, no provision has been made in this respect.

43.2.4.3 In 2020, the income tax department, in respect of the tax year 2014, amended the return by creating tax demand of Rs 401.240 million whereby the ACIR has levied tax on capital gains on disposal of shares of listed subsidiary, apportioned expenses against dividend income, disallowed the classification of 'Interest Income' as "Income from Business" as well as not allowing the adjustment of brought forward capital losses and brought forward minimum tax paid under section 113(2)(c) of the Ordinance. As a normal recourse, ECL filed an appeal against the order of ACIR before the CIR(A). In 2022, Appellate order has been framed by CIR(A) and favorable decision was made in respect of taxation of capital gains on disposal of shares of listed subsidiary whereas other matters have been remanded back to the ACIR for reconsideration. The tax department has filed an appeal on these matters before the ATIR.

During the year, ECL has received an appeal effect order dated June 26, 2023. The ACIR has given effect to the findings of the Appellate Order of the CIR(A) dated December 30, 2022, by deleting the tax levied on capital gains on disposal of shares of listed subsidiary whereas favourable effect has also been given to other matters remanded back pertaining to allocation of expenses, classification of interest income and certain ancillary calculation errors.

The Group based on the advice of its tax consultant, is confident that these matters will be decided in favour of ECL.

43.2.4.4 During 2017, the income tax department in respect of the tax year 2015, determined an additional income tax liability of Rs 128.400 million, whereby, the ACIR - Audit has levied tax on inter-corporate dividends, Super Tax including on exempt income, the effects of classification of 'Interest Income' as "Income from Other Sources" as well as not allowing the adjustment of the minimum tax paid under section 113(2)(c) of the Ordinance. In the year 2019, the CIR(A) vide order dated May 6, 2019 has maintained the matter relating to taxation of intercorporate dividend. Super Tax under section 4B, the classification of the interest income and carry forward of minimum tax for adjustment whereas the rectificatory matters including the levy of Super Tax on exempt income was remanded back. ECL has preferred an appeal before ATIR on all issues adjudicated against it. ECL, based on the advice of its tax consultant, is confident that these matters will be decided in favour of ECL. However, on prudence, the Group has recorded provision against Super Tax.

  - favour as "Income from Business".

In 2022, Appellate Order has been framed by the CIR(A) wherein the levy of Super Tax under section 4B of the Ordinance has been maintained. An appeal has been filed before the ATIR which is pending.

In addition to the above, the ACIR issued a further amendment order dated November 24, 2020 for the same tax year and determined additional income tax liability of Rs 21.808 million on account of capital gain tax on debt securities. The same has been discharged by the Holding Company.

the assessing officers for denovo proceedings, thereby accepting ECL's contention.

In 2014, the income tax department in respect of tax year 2012, amended the assessment and raised an additional demand of Rs 250.773 million on similar grounds as above. ECL filed an appeal against the said order with CIR(A), who based on ATIR's order for tax year 2011, has remanded back the order to assessing officers for denovo proceedings.

During 2015, in respect of pending tax assessments for tax year 2011 and tax year 2012, ECL received notices of demand amounting to Rs 105.955 million and Rs 250.773 million, respectively, whereby the Deputy / Additional Commissioner Inland Revenue - Audit again disallowed allocation of expenses against interest income and apportioned expenses against dividend income and capital gains.

ECL filed appeals thereagainst before the CIR(A) and also obtained stays from the SHC from initiating any recovery proceedings in respect of both tax years. During 2016, in respect of both tax years, the CIR(A) accepted ECL's plea and annulled the order passed by the DCIR. In response, the DCIR filed appeals before the ATIR for

43.2.4.5 In 2017, the ACIR through order dated June 13, 2017 amended the return for the tax year 2016 creating tax demand of Rs 1,573.876 million mainly on account of tax levied on inter-corporate dividend, Super Tax including on exempt income and disallowance on account of allocation of expenses to dividend and capital gains including minimum tax paid under section 113 of the Ordinance. The CIR(A) while disposing off ECL's appeal maintained the order of ACIR with respect to certain issues which were further contested before the ATIR. During 2019, the ATIR in its order dated July 31, 2019 has annulled the order of ACIR and validated the exemption on intercorporate dividend as well as the non-applicability of Super Tax on such exempt income whereas the issues relating to the levy of Super Tax under section 4B and the carry forward of minimum tax have been linked to the pending decisions of the SHC (where the matter is separately being contested by ECL) and the carry forward under section 113(2)(c) has been linked to the decision of the SCP in the case of another taxpayer.

Against the order dated June 13, 2017, ECL had filed an application for rectification. The ACIR through rectified order dated August 29, 2017 reduced the demand to Rs 1,084.733 million. Through the said order, the ACIR accepted ECL's contention relating to various matters except the issue of allocation of expenses to capital gains. ECL contested this matter in appeal before the CIR(A) who has maintained the order of ACIR through order dated

In 2020, ECL received appeal effect order dated November 20, 2020 issued by the ACIR giving effect to the findings of appellate orders of CIR(A) and ATIR by deleting the tax levied on inter-corporate dividends and Super Tax on exempt income which resulted in revised demand of Rs 149.257 million. Moreover, the issue of classification of income from interest on bank deposits and from subordinated loans has been decided in ECL's

43.2.4.6 In 2013, the income tax department, in respect of the tax year 2011, determined additional income tax liability of Rs 218.790 million and raised a demand of Rs 139.575 million whereby DCIR - Audit disallowed allocation of expenses against interest income and apportioned expenses against dividend income and capital gains. ECL filed an appeal with the CIR(A) who maintained the apportionment of expenses against dividend income and capital gains but allowed the allocation of administrative expenses against interest income, thereby reducing the income tax liability to Rs 184.191 million and revised the demand to Rs 104.976 million. ECL paid Rs 53.250 million there against and simultaneously filed an appeal against the CIR(A) decision with ATIR which granted a stay to ECL. During 2014, the ATIR issued an order whereby the aforementioned appeal was remanded back to

rectification of the orders passed by the CIR(A) for both tax years, which were subsequently dismissed. In 2017, ECL reversed excess provision of Rs 168.896 million in respect of tax years 2011 and 2012 consequent to denovo proceedings after which the amended orders were passed in respect of the aforementioned tax years, wherein, the Commissioner has maintained the classification of income from interest on bank deposits and from subordinated loans as "income from other sources". In response, ECL filed an appeal challenging this contention before the CIR(A). In January 2019, the CIR(A) passed the appellate orders for both the years and has again remanded the matter to the assessing officer for denovo proceedings.

During 2020, ECL received appeal effect orders both dated June 29, 2020 along with notices of demand amounting to Rs 75.308 million and Rs 112.681 million, respectively, whereby the Deputy / Additional Commissioner Inland Revenue - Audit has again maintained the classification of income from interest on bank deposits and from subordinated loans as "Income from Other Sources". During the year, Appellate order was framed by CIR(A) and favorable decision was made in respect of classification of interest income as "Income from Business" and allocation of expenses to dividend income and capital gains. The income tax department, in response thereagainst, had filed an appeal with ATIR, which is still pending.

During the year, ECL has received appeal effect orders both dated June 27, 2023 pertaining to tax years 2011 and 2012. Through these orders, the ACIR has given effect to the findings of the combined Appellate Order of the CIR(A) dated December 30, 2021.

ECL, based on the advice of its tax consultant, is confident that these matters will be decided in favour of ECL.

## 43.3 Engro Fertilizers Limited (EFert) and its subsidiary companies

- 43.3.1 In 2015, the income tax department amended the assessment filed by EFert for tax year 2014. EFert filed an appeal before the CIR(A) against the disallowances, which mainly pertained to exchange gain and loss, loss on derivatives and losses purchased from EEAPL, under section 59B of the Ordinance resulting in demand of Rs 1,231.201 million (additions to taxable income of Rs 3,191.963 million). In addition, the tax department raised demand for the Alternative Corporate Tax (ACT) through the same order, for which EFert specifically obtained a stay order. The matter was heard by the CIR(A) and favorable decision was made in respect of exchange gain and loss and acceptance of tax refunds of prior years, whilst other additions made by the tax department in respect of ACT, loss on derivatives and group relief under section 59B were maintained in the order. EFert has filed an appeal against the order of CIR(A) before the Income Tax Appellate Tribunal (ITAT) which is pending to be heard.
- 43.3.2 In 2014, the income tax department amended the assessment filed by EFert for tax years 2010 and 2011. EFert filed appeals thereagainst before the ATIR against the said disallowances, which through its decision provided relief in respect of certain items and confirmed certain disallowances in favor of the tax department. The said disallowances included the charge in respect of exchange gain and loss incurred for tax year 2010 and tax year 2011, and loss on derivative for tax year 2011 raising a demand in respect of these years in aggregate of Rs 1,075.466 million. EFert had challenged the said decision before the SHC. In the year 2020, the matter was heard, and was reserved for judgement. The Group maintains adequate provision in these consolidated financial statements and is confident of an ultimate favorable outcome on these amendments.
- 43.3.3 In 2020, the income tax department amended the assessment filed by EFert for tax year 2019. EFert filed an appeal before the CIR(A) against the disallowances, which mainly pertained to proration of expenses to exempt / FTR incomes, tax credit on investment in plant and machinery, disallowance of deductible allowances for WWF / WPPF resulting in demand of Rs 1.145.227 million (additions to taxable income of Rs 3,305.905 million). In addition, the tax department raised demand for Super tax amounting to Rs 476.629 million.

In 2022, the appeal was heard by CIR(A) and favorable decision was passed mainly pertaining to proration of expenses to exempt income, tax credit on investment in plant and machinery, and For the year ended December 31, 2023

disallowance of deductible allowances for WWF and WPPF, hence, reducing the aggregate demand to Rs 294.586 million. EFert has filed appeal before ATIR against the unfavorable decision of CIR(A).

Subsequently, the tax department has passed appeal effect order based on favourable CIR(A)'s decision and has maintained disallowance on deductible allowance for WPPF having tax impact of Rs 269.435 million. Appeal before CIR(A) has been filed against this matter.

The Group maintains adequate provision in these consolidated financial statements and is confident of an ultimate favorable outcome on this amendment.

tax department filed appeals against CIR(A)'s order before ATIR.

Through order dated February 26, 2020, ATIR decided the amendment orders for TY 2015 and 2016 mainly in favor of EFert, except for certain disallowances including provisions on other receivables, retirement benefits and disallowance of loss on fair valuation of embedded derivative which were maintained or remanded back to the tax department for verification. On June 01, 2020, the tax department filed reference application before SHC for questions of law arising out of the ATIR order.

which was challenged before the SHC as well.

Pursuant to the SHC Judgement, the tax department passed orders to EFert for TY 2015 to 2019 in relation to recovery of Super Tax aggregating to Rs 2,110.491 million. EFert filed appeals against the orders before CIR(A).

On November 26, 2020, the SCP granted leave to appeal and passed an interim order restraining the Respondents from taking any coercive action against the Petitioner taxpayers (including EFert) subject to them depositing 50% of the impugned outstanding tax amount. EFert has till date paid super tax amounting to Rs 1,573.528 million against the relevant tax years. Adequate provision for the remaining amount related to Super Tax for the respective tax years is being maintained in these consolidated financial statements.

**43.3.4** In 2019, the income tax department amended the assessment filed by EFert for the tax years 2015, 2016 and 2017. EFert filed appeals before CIR(A) for disallowances made in the orders which mainly included proration of expenses to exempt / FTR incomes, exchange loss disallowances, loss on derivatives and losses purchased from EEAP under section 59B of the Ordinance, resulting in cumulative demand of Rs 1,980.698 million (cumulative addition of Rs 16,173.826 million to taxable income) for these tax years Subsequently, CIR(A) passed an order for tax years 2015, 2016 and 2017 maintaining most of the additions made by taxation officer in the amendment order, whilst allowing deletion of expenses on allocation basis to exempt income and claim of exchange losses on realised basis. EFert, as well as the

**43.3.5** During the year, EFert received an order from the ACIR disallowing amortization on intangibles amounting to Rs 293.480 million for tax year 2017, having a tax impact of Rs 90.978 million. Further, the order incorporated other amendments, thereby creating a demand of Rs 494.108 million. EFert has filed an

**43.3.6** In 2018, EFert received recovery notice from the Federal Board of Revenue for payment of Super Tax, in accordance with Section 4B of the Ordinance for TY 2018. EFert filed a Constitutional Petition before the SHC challenging the notice as well as the vires of Section 4B of the Ordinance. An interim order was granted in favour of EFert. On July 21, 2020, SHC held that of Section 4B was intra vires the Constitution (SHC Judgment). Thereafter, EFert filed a Civil Petition for Leave to Appeal (CPLA) before the SCP challenging the SHC Judgment. The CPLA was filed by EFert only in relation to TY 2018 i.e. the year

43.3.7 During the year, EFert received an order from the DCIR, in respect of tax year 2022, amending the Group return filed along with its subsidiary company to make disallowances having a tax impact of Rs 1,383.076 million. These mainly pertain to disallowance of provisions made for Sindh Infrastructure Cess accruals and trade debts invoking the provisions of Section 34(3) of the Ordinance amortisation on right to use brand and loss allowance on subsidy under Section 20 of the Ordinance and Workers' Profits Participation Fund (WPPF). The DCIR has also concluded that the provision for GIDC is considered as taxable income for the purposes of determination of Super Tax under Section 4C of the Ordinance. The DCIR has also disallowed refund adjustment amounting to Rs 1,859.844 million. Further, the order also incorporates the enhanced amount of levy of Super Tax under Section 4C of the Ordinance, thereby creating a total demand of Rs 3,718.104 million. EFert has filed an appeal before the CIR(A) against this order.

The Group maintains adequate provision in these consolidated financial statements and is confident of an ultimate favorable outcome on this amendment.

43.3.8 As a result of demerger in the year 2009, all pending tax issues of the then ECL, Engro Chemical Pakistan Limited had been transferred to EFert. Major issues pending before the tax authorities are described below:

In previous years, the taxation department had filed reference applications in the SHC against the below-mentioned ATIR's decisions in EFert's favor. No hearing has been conducted to-date. The reference application includes the following matters:

- Group Relief (Financial years 2006 to 2008): Rs 1,500.847 million.
- Inter-Corporate Dividend (Financial years 2007 and 2008): Rs 336.5 million.
- G.P. Apportionment (Financial years 1995 to 2002): Rs 653 million.

The Group maintains adequate provision has been maintained in these consolidated financial statements and the Group is confident of an ultimate favorable outcome on these cases.

## 43.4 Engro Polymer and Chemicals Limited (EPCL) and its subsidiary companies

43.4.1 Through the notice dated January 20, 2020, ACIR raised issues inter alia with respect to the adjustment of carried forward minimum taxes from the tax liability of Tax Year 2019 and required EPCL to pay Rs 552.331 million being the amount short paid with the return. EPCL filed a Constitutional Petition in the SHC challenging the notice, which through order dated February 4, 2020, dismissed the case based on the decision of the SHC in respect of another company.

However, SHC directed the department to refrain from passing the order on the bases of the aforesaid notice for a period of thirty days which was then extended for further thirty days to enable EPCL to approach the SCP. EPCL has filed Civil Petition for Leave to Appeal against SHC order in SCP, which was heard on March 18, 2020 and an interim stay has been granted to EPCL subject to the submission of Bank Guarantee equivalent to the order amount, which has been duly submitted by EPCL. EPCL based on the advice of its legal advisor, is confident of a favorable decision. Accordingly, no provision is recognised in these consolidated financial statements.

43.4.2 Through the Finance Act 2015, section 4B of the Ordinance was inserted which levied super tax at specified rates on income for the tax year 2015. This levy was subject to the threshold of taxable income of Rs 500 million. The levy was extended uptil tax year 2020 vide subsequent Finance Acts. Through Finance Supplementary Act, 2019, the levy of super tax has amended the rate of super tax to 0% from tax year 2020 and onwards for companies other than banking companies. On August 01, 2018, EPCL filed petition against the levy of super tax in the SHC and based on the opinion of its legal advisor, EPCL has made a provision for full amount of Super tax of Rs 328 million. During the year ended December 31, 2022,

super tax was declared intra vires by SHC and has been declared a tax rightly introduced through Finance Act and vacated all the stays filed in this respect. Consequently, EPCL received various notices from tax authorities for recovery of super tax for the tax years 2017 to 2019. EPCL filed appeal against the said notices with CIR(A) whereby the action of Officer has been confirmed by CIR(A) for tax years 2017 to 2019. EPCL filed an appeal before Appellate Tribunal against the decision of CIR(A) which is pending adjudication.

In the meanwhile, EPCL also filed petition in SCP against the order of SHC, which is pending adjudication. In November 2020, the SCP conditionally granted stay subject to deposit of 50% of super tax demand.

executives of Rs 20.599 million and not considering net loss.

In 2013, the ATIR issued an order whereby the aforementioned appeal was disposed of by accepting EPCL's position except for additions on account of SED provision of Rs 36.687 million and imputed interest on loans to employees and executives to the extent of Rs 17.430 million, which were maintained. EPCL filed a reference with SHC against the additions maintained by ATIR. Likewise, the tax department has also filed reference with SHC against the order passed by the ATIR in favour of EPCL. The Group, based on the advice of EPCL's tax consultants, is confident that the ultimate outcome of the aforementioned matters would be favorable and, accordingly, has not recognised the effects for the same in these consolidated financial statements.

43.5.1 EETPL's tax exemption period ended on March 28, 2020. In the post exemption period, EETPL applied

**43.4.3** DCIR through his order dated November 30, 2010 raised a tax demand of Rs 163.206 million for the tax year 2009. The demand arose as a result of disallowance of finance cost of Rs 457.282 million, additions to income of trading liabilities of Rs 21.859 million under section 34(5) of the Ordinance, disallowance of provision for retirement benefits of Rs 14.239 million, disallowance of provision against Special Excise Duty (SED) refundable of Rs 36.687 million, addition of imputed interest on loans to employees and

43.4.4 During the year, the income tax department amended the assessment filed by EPCL for tax year 2019. EPCL preferred an appeal thereagainst before the CIR(A) against the disallowances, which mainly pertains to the adjustment of minimum tax carried forward resulting in excess demand of Rs 532.754 million, EPCL has paid demand of Rs 200 million under protest. However, as EPCL based on the advice of its tax consultant expects a favourable outcome, accordingly, no provision has been recognised in

**43.4.5** During the year, income tax department finalized the monitoring proceedings for tax years 2018 to 2022 against EPCL and raised demand amounting to Rs 316.851 million on account of alleged non-withholding of taxes on payments made to various parties. The tax demand has been paid by EPCL under protest and has preferred an appeal before the CIR(A) to contest the aforementioned monitoring proceedings. EPCL, based on the advice form its tax consultant expects a favourable outcome in this respect and hence, no provision has been recognised in these consolidated financial statements.

**43.4.6** During the year, the income tax department amended the assessment filed by EPCL for tax year 2020. The DCIR has allowed the tax credit claimed under section 65B to the extent of 5% and hence, the Group has recognised tax credit amounting to Rs 157.500 million in these consolidated financial statements to the extent of credit allowed. EPCL has preferred an appeal before the CIR(A) against the

for issuance of nil deduction certificate on the premise that its income from terminal services falls under clause 42 of Part IV of Second Schedule of the Ordinance. However, the Commissioner rejected the EETPL's request. Thereafter, EETPL filed Revision Application with the Chief Commissioner Inland Revenue, who maintained the action of the Commissioner. EETPL in consultation with the lawyer filed Constitution Petition before the SHC and through the interim orders SHC has directed SSGCL not to withhold tax on payments made to EETPL, however, this is subject to submission of Bank Guarantee (BG) of equal amount with the Nazir of SHC. EETPL in compliance with the SHC directions is submitting BG and, based on assessment, has recognised the current tax charge based on the withholding tax deductible considering this as a minimum tax liability of EETPL as per the applicable provisions of the Ordinance.

## 43.6 Engro Energy Limited (EEL) and its subsidiary companies

- 43.6.1 In 2021, the ACIR under section 122 (5A) of the Ordinance, amended the tax return for the tax year 2020 vide order dated September 28, 2021 (Rectified Order November 8, 2021) and made certain additions and disallowances that primarily pertains to profit on debt on account of loans from ECL claimed as a deduction and receipts on account of project management services to be taxed under Normal Tax Regime (NTR) / Minimum Tax Regime (MTR). EEL filed an appeal dated October 26, 2021 before the CIR(A), which was decided via order dated August 8, 2023, where certain issues were decided in favour of EEL.
- **43.6.2** EPTL's income tax return for tax year 2020 has been amended under section 122(5) of the Ordinance. The ACIR has issued order dated August 30, 2021, under which other income has been taxed which was partially treated by EPTL as exempt business income while the remaining was set-off against business losses. This has resulted in a tax demand of Rs 190.963 million. Based on the advice of its tax advisor, EPTL has filed an appeal before CIR(A) dated September 8, 2021, for which hearing was held on December 29, 2022 and is reserved for order. EPTL based on the advice of its tax advisor, is confident that chances of ultimate success are good, hence, no provision has been made in this respect in these consolidated financial statements.
- 43.6.3 In 2020, the ACIR under section 122 (5A), amended the tax return for the tax year 2017 vide order dated November 30, 2020 and made certain additions and disallowances that primarily pertains to apportionment of administrative expenses against profit on debt and receipts on account of project management services to be taxed under Normal Tax Regime (NTR) / Minimum Tax Regime (MTR). EEL has filed an appeal before CIR(A) dated December 28, 2020, which was heard on December 31, 2021 and is pending adjudication.
- 43.6.4 EEL's income tax return for the tax year 2016 was selected for audit under section 214C of the Ordinance. The DCIR after conducting audit made certain additions and disallowances, and hence, amended the return filed by EEL vide order dated November 2, 2018, framed under section 122(1)/(5) of the Ordinance. These additions primarily relate to treating reimbursement from subsidiary as services, additions on account of apportionment of administrative expenses and receipts on account of the project management services to be taxed under normal tax regime / minimum tax regime and resulted in tax demand of Rs 80.888 million. EEL being aggrieved filed an appeal before the CIR(A). EEL also approached the SHC for stay against recovery of demand which was duly granted till the adjudication of appeal by the CIR(A).

ATIR annulled the order of DCIR and CIR(A) and the return position was reinstated vide appeal effect order October 25, 2022. Appeal has been filed before the CIR(A) against the Order dated June 28, 2022 under section 4B of the Ordinance for the tax year 2016.

In 2019, EEL received an order from CIR(A) in which certain issues were remanded back to the DCIR while the other issues were decided in favor of tax authorities. EEL filed an appeal before the ATIR on the For the year ended December 31, 2023

Accordingly, no provision has been made in respect of the aforementioned demand in these consolidated financial statements.

## **Associated Company and Joint Venture**

## 43.7 FrieslandCampina Engro Pakistan Limited (FCEPL)

Following is the position of FCEPL's open tax assessments:

43.6.5 The Assistant Commissioner Inland Revenue (ACIR) through separate show cause notices dated December 11, 2017 and December 12, 2017, issued in respect of tax years 2012, 2013, 2015 and 2016, raised an issue with respect to the inter-corporate dividend claimed as exempt. EEL challenged these notices before the SHC which has restrained the tax authorities from taking any coercive action including passing an order on the basis of the said notices. In addition, the ACIR also showed an intention to levy super tax on dividend income for tax years 2015 and 2016, against which an order dated June 28, 2022, has been issued for tax year 2016 whereby a demand of Rs 23 million has been raised by the DCIR. Being aggrieved, EEL has filed an appeal before the CIR(A) against the said order of June 28, 2022, for which no hearing has been fixed yet. EEL's management believes that the ultimate outcome will be in its favor, accordingly, no provision has been made in this respect in these consolidated

43.6.6 EEL's income tax return for the tax year 2014 was selected for audit under section 214C of the Ordinance. The DCIR after conducting the audit made certain additions and disallowances, and, hence amended the return filed by EEL vide order dated January 12, 2017, framed under section 122(1)/(5) of the Ordinance and raised a tax demand of Rs 268.584 million. EEL being aggrieved filed an appeal before CIR(A). EEL also approached the SHC for a stay against recovery of said demand which was duly

43.7.1 The DCIR issued show cause notices for sales tax on tea whitener and dairy drink product i.e. 'Tarang' and 'Omung' respectively for the year 2013 on October 17, 2017 and for years 2014, 2015 and 2016 on March 9, 2018, aggregating to Rs 14,886.500 million, challenging the exemption / zero rating on these products. Against the show cause notices, FCEPL had filed Constitutional Petitions before the SHC for vear 2013 on October 25, 2017 and for years 2014, 2015 and 2016 on March 15, 2018, and had obtained an interim injunction against adverse action by tax authorities on the same day. The SHC through its order dated November 18, 2020 has upheld FCEPL's view with respect to 'Tarang' in view of the decision of the Classification Committee (CC) obtained by FCEPL on February 11, 2019. With respect to 'Omung' the SHC suspended the notice, advising that the FBR may refer the matter to the CC, for a decision afresh; and till such time no action can be taken against FCEPL. The amount of show cause notices pertaining to 'Omung' aggregate to Rs 1,480.841 million. In case the CC (for Omung) decides against FCEPL. FCEPL can avail all legal remedies available to it. FCEPL filed an appeal against this decision with respect to Omung in the SCP. Further, FBR also challenged the order dated November 18, 2020 in the SCP. Subsequent to year end, SCP disposed-off cross appeals filed against the SHC order dated November 18, 2020. SCP has allowed FCEPL's appeals and has set aside the notices related to Omung, whereas SCP dismissed the appeals of tax department against 'Tarang'. Accordingly,

For the year ended December 31, 2023

show cause notices issued to FCEPL have been completely quashed.

On March 15, 2022, the CC issued ruling, effective prospectively, on tea whiteners including 'Tarang'. CC therein reviewed its previous rulings and decided the matter against the taxpayers. On October 28, 2022, the Lahore High Court (LHC) passed an order setting aside the ruling dated March 15, 2022 and remanded back the case to the Collector of Customs to re-adjudicate the matter as per the procedure prescribed under the law. Pursuant to the order of the LHC if any classification ruling is issued, the same would be applicable prospectively from the date of the final decision by the Collector of Customs. Some dairy companies have further challenged LHC order in SCP on the ground that LHC direction to Collector of Customs to re-adjudicate the matter afresh is void and illegal.

Following the directions of LHC, on April 04, 2023, the Customs department confirmed the earlier ruling of the CC pertaining to Tea Whiteners dated March 15, 2022 against the taxpayers. Being aggrieved, the ruling dated April 04, 2023 was again challenged in LHC on the grounds that proper opportunity of being heard was not provided to petitioners. Later by, LHC converted these appeals into representations before the FBR and directed the FBR to decide the same within 15 days. FBR vide order dated September 20, 2023 has upheld the CC ruling. However, various companies have challenged the FBR order in LHC which has suspended FBR's order and directed that previous ruling shall continue to apply in meantime. Hence, no provision has been recognised prior to the date of the aforementioned latest Classification decision.

- 43.7.2 On January 29, 2009, DCIR reduced tax loss from Rs 1,224.964 million to Rs 1,106.493 million for the tax year 2007. Being aggrieved with the impugned order, FCEPL has filed appeal before the CIR(A) on March 11, 2009, which is pending for adjudication. However, FCEPL, based on the opinion of its tax consultant, is confident of a favorable outcome of the appeal, and hence no provision has been recognised in these consolidated financial statements.
- 43.7.3 FCEPL in accordance with section 59B 'Group Relief' of the Ordinance had surrendered to ECL, its tax losses amounting to Rs 4,288.134 million out of the total tax losses of Rs 4,485.498 million for the financial years ended December 31, 2006, 2007 and 2008 (i.e. tax years 2007, 2008 and 2009) for cash consideration aggregating to Rs 1,500.847 million, being equivalent to tax benefit / effect thereof.

FCEPL had been designated as part of the Group of ECL by the Securities and Exchange Commission of Pakistan (SECP) through its letter dated February 26, 2010. Such designation was mandatory for availing Group tax relief under section 59B of the Ordinance and a requirement under the Group Companies Registration Regulations, 2008 notified by the SECP on December 31, 2008.

The ATIR, in respect of surrender of aforementioned tax losses by the FCEPL to ECL for the financial years ended December 31, 2006 and 2007, decided the appeals on July 1, 2010 in favor of ECL, whereby, allowing the surrender of tax losses by FCEPL to ECL. The tax authority has filed reference application dated October 23, 2010 there against before the SHC, which is under the process of hearings. On May 20, 2013, ATIR also decided similar appeal filed by ECL for the year ended December 31, 2008 in favor of ECL, FCEPL based on the merits of the case expects a favorable outcome of the matter.

#### **RETIREMENT BENEFITS** 47.

#### 47.1 Defined benefit plans

The Group offers a defined post-employment gratuity benefit to permanent management and non-management employees. In addition, until June 30, 2005, EFert offered a defined post-employment pension benefit to management employees in service which has been discontinued and the plan now only covers a handful of retired pensioners.

The gratuity and pension funds are governed under the Trusts Act, 1882, Trust Deed and Rules of the funds, the Act, the Ordinance and the Income Tax Rules, 2002.

Responsibility for governance of plan, including investment decisions and contribution schedule lie with Board of Trustees of the Fund.

The Group faces the following risks on account of defined benefit plans:

Final salary risk - The risk that the final salary at the time of cessation of service is greater than what the Group has assumed. Since the benefit is calculated on the final salary, the benefit amount would also increase proportionately.

Asset volatility - Most assets are invested in risk free investments of 3, 5 or 10 year Special Savings Certificates, Regular Income Certificates, Defence Savings Certificates or Government Bonds. However, investments in equity instruments is subject to adverse fluctuations as a result of change in the market price.

```
partially offset by an increase in the value of the current plans' bond holdings.
```

**Investment risks** - The risk of the investment underperforming and not being sufficient to meet the liabilities. This risk is mitigated by closely monitoring the performance of investment.

Risk of insufficiency of assets - This is managed by making regular contribution to the Fund as advised by the actuary.

In addition to above, the pension fund exposes the Group to Longevity Risk i.e. the pensioners survive longer than expected.

### 47.1.1 Valuation results

The latest actuarial valuation of the defined benefit plans was carried out as at December 31, 2023 for the Group, using the Projected Unit Credit Method. Details of the defined benefit plans are as follows:

**Discount rate fluctuation -** The plan liabilities are calculated using a discount rate set with reference to corporate bond yields. A decrease in corporate bond yields will increase plan liabilities, although this will be

#### FINANCIAL RISK MANAGEMENT 51.

## 51.1 Financial risk factors

The Group's activities expose it to a variety of financial risks: market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on having cost efficient funding as well as to manage financial risk to minimize earnings volatility and provide maximum return to shareholders.

The Board has overall responsibility for the establishment and oversight of the Group's risk management framework. The Board is also responsible for developing and monitoring the Group's risk management policies.

#### Risk managed and measured by the Group are explained below:

### a) Market risk

Market risk is the risk that the value of financial instruments may fluctuate as a result of changes in market interest rates or the market prices of instruments due to change in credit rating of the issuers or the instruments, changes in market sentiments, speculative activities, supply and demand of instruments and liquidity in the market. The Holding Company manages the market risk by monitoring exposure on financial instruments and by following internal risk management policies.

Market risk comprises of three types of risks: currency risk, interest rate risk and other price risk.

## i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

This exists due to the Group's exposure resulting from outstanding import payments, foreign commercial transactions, foreign currency loan liabilities, related interest payments and foreign currency bank accounts. A foreign exchange risk management policy has been developed and approved by the management. The policy allows the Group to take currency exposure for limited periods within predefined limits while open exposures are rigorously monitored. The Group ensures to the extent possible that it has options available to manage exposure, either through forward contracts, options, interest rate swaps or prepayments, etc. subject to the prevailing foreign exchange regulations.

As at December 31, 2023, if the foreign exchange rate had weakened / strengthened by 1% against Pakistani Rupee with all other variables held constant, consolidated post tax profit for the year would have been lower / higher by Rs 134.363 million (2022: Rs 59.820 million).

# NOTES TO AND FORMING PART OF THE **CONSOLIDATED FINANCIAL STATEMENTS**

For the year ended December 31, 2023

## ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's interest rate risk arises from short and long-term borrowings and short term and long term investments. These are benchmarked to variable rates which expose the Group to cash flow interest rate risk.

Fair value risk - Presently, fair value risk to the Group arises from 'balances with banks' and T-bills which are based on fixed interest rates. As at December 31, 2023, the impact of increase / decrease in fixed interest rates by 100 basis points would not have a material impact on the profit after tax of the Group.

Future cash flow risk - Presently, future cash flow risk to the Group arises from long-term financings and short-term investments (PIBs and TDRs) which are based on floating interest rates. As at December 31, 2023, if interest rates had been 1% higher / lower with all other variables held constant, consolidated post tax profit for the year would have been lower / higher by Rs 805.412 million (2022: Rs 778.452 million), mainly as a result of interest rate exposure on variable rate borrowings.

The Group analyses its interest rate exposure on a regular basis by monitoring interest rate trends to determine whether to enter into hedging alternatives.

## iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from currency risk or interest rate risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors effecting all similar financial instruments traded in the market. The Group is exposed to price risk on its equity and mutual fund investments.

As at December 31, 2023, if net asset value had been 1% higher / lower with all other variables held constant, consolidated post tax profit for the year would have been higher / lower by Rs 251.594 million (2022: Rs 11.747 million).

## b) Credit risk

Credit risk represents the risk of financial loss being caused if counter party fails to discharge an obligation.

Credit risk arises from deposits with banks and financial institutions, trade debts, loans, advances, deposits, bank guarantees and other receivables. The credit risk on liquid funds is limited because the counter parties are banks with a reasonably high credit rating or mutual funds, which in turn are deposited in banks and government securities. The Group maintains internal policy to place funds with commercial banks and mutual funds of asset management companies having a minimum short term credit rating and management quality rating of A1 and AM3, respectively. However, the Group maintains operational balances with certain banks of lower rating for the purpose of effective collection of bank guarantees and to cater to loan disbursements.

The Group's fertilizer segment is exposed to concentration of credit risk on its trade debts by virtue of all its customers being agri-based businesses in Pakistan. However, this risk is mitigated by applying individual credit limits and by securing a majority of trade debts against bank guarantees.

The Group's power segment is not exposed to any credit risk on its trade debts as these are secured by sovereign guarantee from the Government of Pakistan.

The Group's polymer / chemical segment is not materially exposed to credit risk on trade debts as unsecured credit is provided to selected parties with no default in recent history and a major part is secured by bank quarantees.

For the year ended December 31, 2023

The Group's terminal segment is not materially exposed to credit risk on trade debts, other receivables and lease receivables from SSGC considering history, no default has been made by the customer and payments are received on a timely basis.

The Group's connectivity and telecom segment is not materially exposed to credit risk on balances with banks and financial institutions, deposits, trade debts and other receivables.

The Group monitors the credit quality of its financial assets with reference to historical performance of such assets and available external credit ratings. The carrying values of financial assets which are neither past due nor impaired are as under: 2023 2022

The credit quality of receivables can be assessed with reference to their historical performance with no or negligible defaults in recent history. Investments in Pakistan Investment Bonds and Treasury Bills are government guaranteed. The credit quality of the Group's bank balances and short term investments can be assessed with reference to external credit ratings as follows:

## c) Liquidity risk

Liquidity risk represents the risk that the Group will encounter difficulties in meeting obligations associated with financial liabilities.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding through an adequate amount of committed credit facilities. Due to dynamic nature of the business, the Group maintains flexibility in funding by maintaining committed credit lines available.

The Group's liquidity management involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

The table below analyses the Group's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to contractual maturity dates. The amounts disclosed in the table are the contractual undiscounted cash flows.

For the year ended December 31, 2023

The Group manages its capital structure and makes adjustments to it in the light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders or issue new shares.

The management seeks to maintain a balance between higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position.

The regulatory regime in which the Group's power segment operates renders the value of the equity to a bond given the guaranteed IRR of 15% with an indexation allowed under the PPA for changes in US \$ / PKR exchange rate.

The Group's strategy is to ensure compliance with agreements executed with financial institutions so that the total long term borrowings to equity ratio does not exceed the lender covenants. The proportion of borrowing to equity at year end was: 2023 2022

The Group finances its operations through equity, borrowings and management of working capital with a view to maintaining an appropriate mix between various sources of finance to minimise risk.

#### 53. FAIR VALUE ESTIMATION

The carrying value of all financial assets and liabilities reflected in the financial statements approximate their fair values. The table below analyses financial instruments carried at fair value by valuation method. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1); -
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2); and
- Inputs for the asset or liability that are not based on observable market data (level 3).

# NOTES TO AND FORMING PART OF THE **CONSOLIDATED FINANCIAL STATEMENTS**

For the year ended December 31, 2023

#### 60. SEASONALITY

The Group's fertilizer business is subject to seasonal fluctuations as a result of two different farming seasons viz, Rabi (from October to March) and Kharif (from April to September). On an average, fertilizer sales are more tilted towards Rabi season. The Group manages seasonality in the business through appropriate inventory management.

The Group's agri business is subject to seasonal fluctuation as majority of paddy / unprocessed rice is procured during the last guarter of the year which is the harvesting period for all rice varieties grown in Pakistan. However, rice is sold evenly throughout the year. The Group manages seasonality in the business through appropriate inventory management.

#### 61. **INTEREST IN JOINT ARRANGEMENTS**

In 2022, EFert, Fauji Fertilizer Company Limited (Fauji) and Fatima Fertilizer Company Limited (FATIMA) (collectively the Fertilizer Manufacturers) entered into a Framework Agreement dated November 30, 2022 (the Agreement) for Gas Pressure Enhancement Facilities (PEF) project. Under the Agreement, the Fertilizer Manufacturers have decided to jointly develop and install pressure enhancement facilities at Mari Petroleum Company Limited's (MPCL's) delivery node to sustain the current level of pressure of gas supply from HRL reservoir of MPCL.

All decisions with respect to the development and operations of PEF would be made only with unanimous consent of the Fertilizer Manufacturers. Accordingly, PEF arrangement would be classified as a 'Joint Arrangement' in accordance with IFRS 11 - Joint Arrangements. Further, PEF would not be established through a separate legal entity and consists of an asset i.e. PEF facility which will be jointly owned and operated by the Fertilizer Manufacturers, hence, the joint arrangement for establishment and operations of PEF has been classified as a 'Joint Operation' in these consolidated financial statements. Current cost sharing percentages in PEF of EFert, Fauji and FATIMA are 33.9%, 47.7% and 18.4%, respectively. The Group has continued to recognize its share of jointly held asset in these consolidated financial statements.

Annual Report 2023 267

اپنے سرمائے کا ایک قابل ذکر حصہ ہم نے سسٹر کمیٹٹر میں بھی لگار کھا ہے۔ بیدہ کمپنی ہے جو پاکستانی ہنر مندوں کی مہارتوں کوکا م میں لاتے ہوئے عالمی آئی ٹی پر وجیٹوں کی تعمیل میں اپنی قابلیت کا اظہار سلسل کرتی آرہی ہے۔ گزشتہ برسوں میں سسٹر کمیٹٹر نے عالمی مارکیٹ میں اپنی موجود گی کودسعت دی ہے اور ایسا مئو ترسٹ ما فذکیا ہے جس کے ذریعے پاکستان میں رہتے ہوئے دنیا بھر کے کلائنٹ کو خدمات فراہم کر سکتی ہے۔ ترقی کے آسمان پر اونچا اڑنے کے ساتھ سکتھی پی کان کی تر کسٹ ما فذکیا ہے بی کے ذریعے پاکستان میں رہتے ہوئے دنیا بھر کے کلائنٹ کو خدمات فراہم کر سکتی ہے۔ ترقی کے آسمان پر اونچا اڑنے کے ساتھ ساتھ میکونی پاکستانی کرنسی کی قدر میں کی یا بیشی کے اثر ات سے بھی محفوظ ہے کیونکہ اس کی زیادہ تر آمدنی امریکی ڈالر میں ہوتی ہے۔ سٹر کمیٹر میں ہم نے 0.8 ملین روپے کی سرمایہ کاری کی جاور ہے اور ایس پورٹ فولیو میں اس جانب سے آمدنی کا حصول ابھی قبل از وفت ہے۔

سرمائے کی تخصیص کی بات کریں تو تمپنی نے بیری بنیا دوالی سرمایی کاری حکمت عملی نافذ کی ہے جو تمبر 2021 سے موجود دخصی اسکے نفاذ کا فیصلہ اس حکمت عملی میں موجود خطروں کے تناسب کے پیش نظر کیا گیا اور اس کا نفاذ 2023 کی دوسری اور تیسری سہ ماہی میں عمل میں آیا جس کے نتیج میں مجموعی طور اثر ات مثبت رہے۔ اینگر و کے علاوہ خاص طور سے دیگر پورٹ فولیو نے 2023 میں %66.8 کی متاثر کن آمد نی فراہم کی جو اس مدت کے دور ان KSE-100 انڈیکس کی %54.5 سے زیادہ تھی اور اس طرح الفا ریٹرن دی۔ کمپنی اگر پورٹ فولیو نے 2023 میں %66.8 کی متاثر کن آمد نی فراہم کی جو اس مدت کے دور ان KSE-100 انڈیکس کی %54.5 سے زیادہ تھی اور اس طرح الفا ریٹرن دی۔ کمپنی اگر پورٹ فولیو کی ہیری حکمت عملی واپس نہ لیتی تو زیر جائزہ سال کے دور ان جو آمد نی حاصل ہوئی اس سے لگ بھگ 2010 رو پر حاصل شدہ آمد نی کا «300) زیادہ آمد نی حاصل کر سی تھی ہے ملی میں در پیش خطرات کی جانب سے فکر مند متھا ور حاصل شدہ ندائی ہے میں میں باقی رہ جاتا ہے اینگروکا بجلی بنانے کا کاروبار۔ یہ بات اظہر من اشمس ہے کہ بجلی کے سیکٹر کو سرکلرڈ یبٹ کے دیرینا اینو کا سامنا ہے اور گیس سیکٹر کے سرکلرڈ یبٹ پر قابو پانے کی حکومت کی حالیہ کوششوں کے باوجود بجلی کا سیکٹر بدستور بڑھتے ہوئے مالیاتی چیلنجوں کا سامنا کررہا ہے۔ کمز ور مالیاتی صورت حال کے نتیجے میں بجلی کی پیدا دار کم ہونے کے سبب بجلی سے سیکٹر میں سرکلرڈ یبٹ بدستور بڑھر ہا ہے اور بجلی پیدا کرنے والے پرائیویٹ اداروں کو بروقت ادائی کی ک سبب بجلی سے سیکٹر میں سرکلرڈ یبٹ بدستور بڑھر ہا ہے اور بجلی پیدا کرنے والے پرائیویٹ اداروں کو بروقت ادائی کی کے صد کی صلاحت کو کمز ورکررہا ہے۔ یہی وجہ ہے کہ ہم تین بڑے اداروں ..... PTL ، EPQL اور SECMC میں سے سرمایہ زکالنے کے اینگر وکار پوریشن کے بورڈ کے فیصلے کی تو ثیق کرتے ہیں۔ اس اقدام سے ان کاروباروں میں پی ساہوا ہمارا سرمایہ واپس مل جائے گا جسیہم مزید منافع بخش مواقع پر کام میں لاسکیں گے جس سے ہمارے اور کی قدر میں اضافہ ہوگا۔

اینگردکار پوریشن نے مارکیٹ میں مندی کے وقت اضافی سرما بیٹیئر واپس خریدنے پرلگایا تھا جس سے شیئر ہولڈروں کی قدر بڑھی تھی۔اس سرمایہ کاری کے نتیج میں اینگرو کار پوریشن میں ہماری ہولڈنگ کا تناسب تقریباً%40 تک چنچ گیا تھا۔

مجموع طور سے اینگروکا کاروباری پورٹ فولیو معیشت کے متنوع سیکٹروں میں سرما یہ کاری کی راہیں کھولتا ہے اور مشکلات سے بھر پورا قتصادی ماحول میں پوری قوت سے آگ بڑھنے کی بھر پور صلاحیت رکھتا ہے۔ شیئر ہولڈروں کے نقطہ نگاہ سے دیکھا جائے تو اینگر دکار پوریشن میں کمپنی کی سرما یہ کاری سے گزشتہ 10 برسوں میں %280.6 کی آمدنی حاصل ہوئی ہے جواس مدت کے دوران KSE-100 انڈیکس کی %146.9 کی آمدنی سے لگ بھگ دو گنا ہے۔ اینگروکار پوریشن میں سرما فیصلہ ثابت ہوا ہے جونفتدی سے صول کا ایک ٹھوس ذریعہ ہونے کے ساتھ ساتھ محتکم ترقی کا دسیا ہو ہی جاتے۔

گیس اور کیمیکز بلانغطل فراہم کررہے ہیں۔2023 ان کاروباروں نے مضبوط طور سے ڈالر فراہم کئے اور کٹی سیکٹروں کو درمیش روپے کی قدر میں کمی کے اثرات سے محفوظ رہے۔ بیدونوں کا روبارزیادہ بیرم نہیں رکھتے جس کے سبب انہیں بڑھی ہوئی شرح سود سے بھی تحفظ ملا۔

اینگرو کے دیگرا ہم کاروبارز مینی اقتصادی حقائق سے متاثر ہوئے جن کا ذکر آئندہ سطور میں آئے گا۔

پاکستان کے مشکلات سے بھر پورمیکروماحول نے ملک میں تعمیراتی سرگرمیوں میں کمی آئی جس سے اینگرو پولیمر اینڈ کیمیکز کی ایک اہم صناع، پی وی سی کی طلب میں بھی کمی واقع ہوئی۔ مزید بیہ کہ اہم بچتوں میں کمی کے ساتھ ایندھن کی قیتوں میں اضافہ اشارہ ہیں کہ اینگرو پولیمر کو قابل فہم خاطر کمپنی اپنی توجہ اہلیتیں بڑھا کر اخراجات میں کمی لانے، پی وی سی کے استعال کے ایسے نئے طریقے ڈھونڈ ناجو پاکستان میں متعارف کروائے جاسکیں ، اور توانائی کے نیٹ پی جات کا مطالعہ جو گیس کافعم البدل ہو جو فی الوقت تما متنصبات کے لئے ایندھن ہے۔

Friesland Campina اینگرو پاکستان کوبھی اقتصادی مشکلات کا سامنا کرنا پڑا ہے۔ مہنگائی اس قدر ہے کہ صارف کی قوت خرید ختم ہو کررہ گئی ہے جو خاص طور سے تیار ڈری مصنوعات کی فروخت کیلئے سب سے بڑا مسئلہ رہی کیونکہ گا ہوں کیلئے اپنے بچوں کیلئے انتخاب مشکل تر ہو گیا ہے۔ پاکستان میں کھلی ہوئی ڈری مصنوعات حاوی ہیں جن کا مارکیٹ میں حصد تقریباً، 90% ہے۔ FCEPL کو تفقیق معنی میں موقع تب طح گا جب لوگ کھلا دود ھرچھوڑ کر تیار شدہ ڈری استعمال کر نے لگیں گے کین مشکل یہ ہے کہ ایک تو کھلا دود ھافی کم قیمت ہے اور دوسر لوگ سیجھتے ہیں کہ کھلا دود ھرچھوڑ کر تیار شدہ ڈری استعمال کر نے لگی شنگل یہ ہے کہ ایک تو کھلا دود ھافی کم قیمت ہے اور دوسر لوگ سیجھتے ہیں کہ کھلا دود ھرچھوڑ کر تیار شدہ ڈری استعمال کر نے لگیں ہے۔ اس باعث صارفین کو پیک شدہ ڈری مصنوعات کے فوا کہ سمجھانے کے ساتھ ساتھ بھر پورغذائیت والی موزوں مصنوعات پر کمپنی کوسلسل توجہ دینے کی ضرورت ہے۔ عوام کی ترجیح بر لنے کی صورت میں کمپنی کیلئے ترقی کے مواقع میں دس گنا اضافہ ہو گالیکن بیا کی صبر آزما مشق ہے، جس میں گئی برس صرف ہو سکھ ہوں کہ توں کی مصنوعات کے فوا کہ سی مور ہوں ہو کہ ہوں کہ کہ میں تی مشکل ہے۔ ہو جو ہات ملک میں تیار شدہ ڈری مصنوعات کیلئے شدید خطرہ ہو اس باعث صارفین کو پیک شدہ ڈری مصنوعات کے فوا کہ سمجھانے کے ساتھ سی پر وغذائیت والی موزوں مصنوعات پر کمپنی کو سلسل توجہ دینے کی ضرورت ہے۔ سی جن میں کٹی بر صرف ہوں کی کیلئے ترقی کے مواقع میں دس گنا اضافہ ہو گالیکن بیا کی صبر آزما مشق ہے، جس میں گئی برس صرف ہو سکتے ہیں کو کی طرور کی موسوسی ہو تیں ہو کھ ہیں اس قدم مراخی ہے جو شہادتوں سے نہیں بلکہ تر جی جی ہی ہے۔ ہمیں خوش ہے کہ ہمار اشرا کت داسموں میں تی بر میں ہو کہ جی میں ای

تر یٹروں کی جانب سے مسلسل سرمایہ کاری کی بدولت زیادہ سے زیادہ کی ہے۔ اس کمپنی کیلئے ڈیٹا کے استعال میں بڑھوتی لازمی ہوگی کیونکہ موبائل نیٹ ورک آپریٹروں کی جانب سے مسلسل سرمایہ کاری کی بدولت زیادہ سے زیادہ پاکستانی اب آن لائن آ رہے ہیں۔ ٹیلی کمیونی کیشن انفرا اسٹر کچر کوافتی سمت میں پھیلانے پر اینگرو کار پوریشن کی مینجنٹ ٹیموں کی تعریف کی جانی چاہئے کہ ان کی جدو جہد کی بدولت اینگر وانفرا شیئر ٹا ورشیئر نگ اسپیس کے ممن میں مارکیٹ لیٹر رین گئی ہے اور 1.21 کی کار پوریشن کی مینجنٹ ٹیموں کی تعریف کی جانی چاہئے کہ ان کی جدو جہد کی بدولت اینگر وانفرا شیئر ٹا ورشیئر نگ اسپیس کے ممن میں مارکیٹ لیڈرین گئی ہے اور 1.21 کی کر ایہ داری شرح پر 3,952 ٹا ور سائٹوں کا انتظام کرر ہی ہے۔ تا ہم کمپنی کے بھاری قرضوں پر مینی سرمایہ کاری کی دھانے کا مطلب ہے کہ بیشر حسوب پڑھوتی سے بری طرح متاثر ہے اور پالیسی ریٹس ناموافن ہونے کی سب کمپنی کو پہنچنے والے نقصان سے بچانے کے لئے کچھاور بھی کیا جا سکتا تھا۔ کمپنی پر اس کا ارتظام کرر ہی ہے۔ تا ہم کمپنی کے بھاری قرضوں پر مینی سرمایہ کاری کی ڈھانے کا مطلب ہے کہ بیشرح سود میں بڑھوتی سے بری ایر داری شرح پر 3,952 ٹا ور سائٹوں کا انتظام کرر ہی ہے۔ تا ہم کمپنی کے بھاری قرضوں پڑی سرمایہ کاری کی ڈھانے کے اسپی سر ایوں کی خوان ہے میں بڑھوتی سے بری ایر داری شرح ہوں رہا ہی میں موافن ہونے کی سب کمپنی کو پہنچنے والے نقصان سے بچانے کے لئے کچھاور بھی کیا جا سکتا تھا۔ کمپنی پر اس کا ارتقلیل مدت میں پڑے گا اسی ای کار وبار کا متاق میں میں میں میون ایوں میں سے کہ کیٹر کی متوقع ترتی سے فائدہ الٹی میں پڑی لیے کی بڑے گی اسکار ہوتا ہے۔ رفتار میں ستی آئی۔سال کی دوسری ششماہی میں اس وقت کچھریلیف ملا جب آئی ایم ایف کے ساتھ مذاکرات کا میاب ہوئے اور اسٹینڈ بائی آرینجمنٹ (SBA) کی صورت میں 3 ملین ڈالر ملے جس سے ملک کے ڈیفالٹ ہونے کی تشاویش میں کسی قدر کمی آئی۔ مزید یہ کہ نگراں حکومت کواقتذار کی پرامن طریقے سے منتقل نے ڈھانچہ جاتی اصلاحات جاری رکھنے اور آئی ایم ایف کے بینچ مارک کی مانیٹرنگ میں مزید ختی لانے کا موقع فراہم کیا۔

یہ بات قابل ذکر ہے کہ گیس کی قیمتیں بڑھانے کے فیصلے نے اس سیکٹر میں سرکلرڈ یبٹ بڑھنے سے روکنے میں مدددی جس سے ایک مستقل مالیاتی انتظام کی ترویج کے لئے حکومت کی سنجید گی ظاہر ہوتی ہے۔ یہ جرات مندانہ اقد ام ایک دیرینا ایثو کے حل کی جانب ایک سنجیدہ اقد ام ہے تا ہم گیس کی قیمتوں کو آزادانہ طور سے مارکیٹ کو منعین کرنے کے قابل بنانا طویل مدتی کا میابی کے لئے سب سے زیادہ اہم ہے۔ بیضا بطہ کرنسی مارکیٹ پر قابو پانے کی حکومتی کارروائیوں نے شرح مباد لہ کو شخصین دی جسے سے افراط زر کے دباؤ میں کمی لانے میں مدد ملی مرہ کی ایک ہوں 2023 میں %38 سے کم ہو کر فروری 2024 میں کم ہو کر ہے تک آگی جس سے امید ہے کہ مستقبل میں شرح سود میں کمی آئے گی اور سرمایہ کار کا اعتماد ہو کار

**ہماراپورٹ فولیو** ہم یقین رکھتے ہیں کہ کمپنی کا سرمایہ کاری پورٹ فولیو ہمارے اقتصادی ماحول کے گرم وسرد سہارنے کی پوری صلاحت رکھتا ہے۔کمپنی کا سب سے زیادہ سرمایہ اینگرو کارپوریشن میں لگایا گیاہے۔

اینگروکار پوریش صنعتی اثاثہ جات کا پورٹ فولیونتظم ہے اور متحکم پیداواردینے والے بڑھتے ہوئے کاروباروں کے مابین اچھا توازن پیش کرتا ہے۔ اس کے زیرا نظام کمپنیوں میں اینگروکا سب سے بڑا اثاثہ اس کا فرٹیلائز رکا کا کاروبار ہے جو پا کستانی کا شت کاروں کو یوریا اور دیگر ویلیوایڈ ڈ فرٹیلائز رز فراہم کرتی ہے تا کہ وہ فصلوں ک پیداوار بڑھا سکیل۔ 240 ملین آبادی والے ملک میں جس کے 2050 تک 400 ملین تک پہنچنے کا تخمینہ لگایا گیا ہے ( ذریعہ: 240 ) خوراک کے حصول میں فرٹیلائز رہنیا دی اہمیت کی حامل ہے۔ کھانے والوں کی تعداد میں بیداضافہ تمام تر اسٹیک ہولڈروں کی تر بچی دریکی وی معیشت کی مندی کے دنوں میں بھی کم نہیں ہوتی جیسا کہ 2023 میں دیکھا گیا جب اس کا روبار نے اچھی بچتوں کے ساتھ ہوز

ز برنظرر یورٹ کمپنی کی کارکردگی اپنے ماحول کے دسیع تر تناظر میں پیش کرنے کی کوشش کرتی ہے تاہم اس کا انداز معیاری رکھا گیا ہے۔ رواں سال سے داؤد ہرکولیس کار پوریشن کی ڈائر یکٹرز ریورٹ میں تھوڑا سابدلا و محسوس ہوگا جو'' کرداراورا چھےاخلاق'' کے اس فریم ورک کے عین مطابق ہوگا۔ ہمارے چیئر مین چیئر مین جناب حسین داؤد، کرداراورا پچھاخلاق پرانتہائی زوردیتے ہیں۔ ہم سمجھتے ہیں کہا بین شیئر ہولڈروں کو پی سمجھنے میں مدددینا ہماری ذمہ داری ہے کہ ہماراانوسٹمنٹ پورٹ فولیو کیسے کام کرتا ہےادرہم کیوںاپنے ہرایک اثاثے کوانفرادی اہمیت دیتے ہیں۔ ہرسرمایہ کاری سرمائے کے بہترین استعال کے انتہائی خلوص اور نیک نیتی پرمبنی تخمینوں کی بنیاد پر کی جاتی ہے۔ بیشتر اوقات پر تخمینے درست ہوتے ہیں بھی بھی چڑک بھی ہوجاتی ہے۔لیکن ہماری جدوجہد میں کوئی کمی نہیں آتی کیوں کہ ہم اپنے ان شیئر ہولڈروں سے وفا داری کے عہد سے بند ھے ہوئے میں جنہوں نے اپنی بچتیں سنجالنے کی ذمہداری سونی ہےاورہم پر جمروسہ کرتے ہیں۔ ہمیں یفین ہے کہ کمپنی کی کارکردگی کےاظہار کا یہ بدلا ہوا طریقہ ہمارے شیئر ہولڈروں کے ہمارے یورٹ فولیوکو بہتر طور سے بیچھنے میں کارگر ثابت ہوگا اور ہم یران کے بھروے میں اضافہ ہوگا کیونکہ ہم ان کی توقعات پر یورا اتر نے کی بھر پورجد وجہد کرتے ہیں۔

ماحول جس میں ہم کام کرتے ہیں

2023 یوری دنیا کے لئے مشکلات کا سال ثابت ہوا ہے۔جیو لیٹ کل تنازعات اورا قتصادی چیلنجوں کے سبب عالمی پیدادار میں %3 تک گھٹ گئی، ایسی سخت زر ّ ی یابندیاں عائد کی گئیں جوگز شتہ بیس برسوں میں نہیں لگائی گئتھیں،امریکہ میں بینکاری کا بحران پیدا ہوا،اور چین میں برابر ٹی کا دباؤ پیدا ہوا۔ تاہم بلند تر شرح سود نے عالمی مہنگائی میں کسی حد تک کمی لانے میں مد ددی جس میں روس بوکرین جنگ کے باعث توانا ئی کےخلل کی دچہ سے بھی کچھ کمی آئی تھی۔

2023 یا کستان کے لئے بھی،خصوصاً پہلی ششھاہی میں مشکلات سے جمر پورر ہا۔ یا کستانی روپے کی قدر میں کمی اورا یندھن کی قیمتوں میں اضافے کے نتیج میں روز افزوں مہنگائی نے ملک کواپنی لپیٹ میں لئے رکھا۔غیرمکلی زرمبادلہ کے ذخائر میں مسلسل کمی کے سبب یا کستانی روپے پرشدید دباؤ برقرار رہا۔ ملک کے ڈیفالٹ ہوجانے کی باتیں ہوتی رہیںجس سے مارکیٹوں میں بےچینی پھیلی؛ آئی ایم ایف کے بیل آؤٹ پیکیچ کے لئے مذاکرات میں بار بار کے تعلطل نے ان خدشات کوتقویت بخشی ۔ان عناصر نے تباہ کن اثرات مرتب کئے اور مہنگائی کے آسان سے باتیں کرنے کے سبب نہ صرف ہیر کہ عوام کی بچتیں اور قوت خِرید ہوامیں اڑ گئے بلکہ صارفین کی طلب میں کمی واقع ہوئی اور تازہ سرمابیڈ وب گیا۔ جواب میں اسٹیٹ بینک آف یا کستان نے شرح سود میں 600bps کا اضافہ کرتے ہوئے اسے 22% تک پہنچایا جس سے اقتصادی پیداوار کی
