DIRECTORS' REPORT

The directors of your Company are pleased to present the condensed interim financial statements of the Company for the half year ended 31 March 2024.

Financial and Operational Performance:

Sugarcane procurement price was sky high without corresponding increase in sugar selling price. Business environments were such that the Company was compelled to crush sugarcane with heavy losses. Sugarcane support price was increased to Rs. 400 per 40 kg as notified by the Panjab Government. However, farmer was not ready to supply sugarcane at this rate and mills were compelled to buy sugarcane at prices even beyond Rs. 500 per 40 kg. Due to non-availability of sugarcane at feasible prices, the crushing campaign was closed on 12 February 2024 at Bhone Division and on 23 February 2024 in Jhang Division, as such the crushing season lasted only 91 days. In spite of very challenging situation, your Company managed to crush 778,454 MT of sugarcane as compared to 1,019,181 MT of sugarcane in the corresponding period.

This was a big challenge because the sugar price was never fixed rather adversely controlled by Government by taking various measures. Sugarcane was procured at considerably higher price resulting tough competition among the mills. Our Biofuel business had also suffered due to lower demand in international market and non-availability of molasses at feasible prices. Our textile business has also suffered due to overall situation in the yarn market as the difficult business environments continued in the textile business, therefore, the plant could not be operated during this period.

The Company incurred gross loss of Rs. 1,076 million as compared to gross profit of Rs. 384.38 million during corresponding period last year. Loss from operations was Rs. 1,369.21 million compared to profit from operations of Rs. 102.64 million during corresponding period last year. Company incurred loss before tax of Rs. 1,404.42 million and after-tax loss of Rs. 1,798.12 million as compared to after tax profit of Rs. 211.69 million in the corresponding period of last year. The Company accounted for its share of profit in equity accounted investment in Shakarganj Food Products Limited amounting to Rs. 61.99 million as compared to profit of Rs. 180 million in the corresponding period.

Business Segments:

Sugar Division:

Sugar Division revenue net of tax for the first half of Fiscal 2024 was Rs. 7,494 million and inter-segment sale of this division was Rs. 356 million as against net sales revenue of Rs. 7,691 million and inter-segment sale of Rs. 1,388 million during corresponding period of last year. The Sugar Division crushed 778,454 MT (HYFY23: 1,019,181 MT) of sugarcane to produce 72,213 MT (HYFY23: 104,540 MT) of sugar at an average recovery rate of 9.29 percent (HYFY23: 10.26 percent). Average recovery was reduced due to quality of sugarcane available during the season.

The gross loss margin remained 10.70% during the current period compared to gross profit of 2.60% during the corresponding period of last year. The bottom-line resulted in loss before tax of Rs. 1,065.13 million as compared to profit before tax of Rs. 76.02 million for the corresponding period last year.

Biofuel Division:

Net sales revenue of Biofuel Division during the period amounted to Rs. 523 million with inter segment sale of Rs. 5 million as compared to net sales revenue of Rs. 1,266 million with inter segment sale of Rs. 32 million during the corresponding period. There was gross loss for the period of Rs. 203 million as compared to gross profit of Rs. 181.67 million in corresponding period last year. Due to reasons mentioned above, the bottom-line resulted in loss before tax of Rs. 237.67 million as compared to profit before tax of Rs. 93.92 million for the corresponding period last year. The production of this division was 2.23 million litres (HYFY23: 9.93 million litres).

Textile Division:

During the period under review due to no operations there was no production in Textile Division as the same was case in previous period.

Unconsolidated Financial Position

Balance sheet footing stood at Rs. 19,215.52 million as of 31 March 2024 compared to Rs 19,023.52 million on 30 September 2023. Total shareholders' fund decreased to Rs. 8,286.31 million from Rs. 10,171.60 million as at 30 September 2023. Break-up value per share was Rs. 66.29.

Consolidated Financial Performance

On a consolidated basis, operating loss before other income, finance costs and taxation amounted to Rs. 1,086.56 million (HYFY23: operating profit Rs. 806.55 million). Consolidated loss after tax for the Group for the period was Rs. 1,729.40 million as compared to profit after tax of Rs. 374.81 million in HYFY23.

During period under review, profit after tax of Shakarganj Food Products Limited - the subsidiary company, amounted to Rs. 118.33 million (HYFY23: profit after tax Rs. 343.58 million). We are hopeful, with the rise in demands, for further improvements in the performance of the group as a whole in the remaining part of fiscal year.

On a Group basis, the consolidated balance sheet footing stood at Rs. 27,881.56 million, compared to Rs. 27,396.47 million as at 30 September 2023. Total equity decreased to Rs. 10,060.75 million from Rs. 11,856.47 million as at 30 September 2023.

Financial Review

Shakarganj Limited has been included in Defaulters List by Pakistan Stock Exchange, because its current liabilities have exceeded its current assets by Rs. 4,356.89 million. However the Company remains committed to improve its liquidity scenario. Various steps have been planned to overcome the liquidity crunch as details given in Note 1.2 to the condensed interim financial statements attached herewith. All out efforts are being made to improve the production and profitability of the Company through efficiency, effectiveness, and reducing production cost. The management considers that the measures explained would result in availability of adequate financial resources for the Company to sustain the continuity of its business for the foreseeable future and thus maintain its going concern status. However, as mentioned above, the business environments were such that the Company was compelled to crush sugarcane with heavy losses which factor affect the progress seriously. But still the management of the Company determined to take chance wherever opportunities were available in future.

Future Outlook:

Future outlook of our distilleries operations is always depending on continuous availability of good quality molasses. However, due to short season, raw material for our biofuel operations was not available at feasible price. Operations at Biofuel Division are not expected with limited availability of molasses. Difficult business environments in the textile business due to high cost of raw material, the operations could not be started yet. As mentioned in our last annual report, management is taking steps to overcome the liquidity crunch and we are hopeful that the Company would continue its operations. In spite of all the challenges, we remain committed to navigating through the challenging times.

Finally, we would like to thank all stakeholders for their patronage and look forward to their continued support.

Independent Auditor's Review Report

To the members of Shakarganj Limited Report on review of Unconsolidated Condensed Interim Financial Statements

Introduction

We have reviewed the accompanying unconsolidated condensed interim statement of financial position of Messrs. Shakarganj Limited (the "Company") as at 31 March 2024, and the related unconsolidated condensed interim statement of profit or loss, unconsolidated condensed interim statement of comprehensive income, unconsolidated condensed interim statement of changes in equity and unconsolidated condensed interim statement of cash flows, and notes to the unconsolidated condensed interim financial statements for the six months period then ended (here-in-after referred to as the "unconsolidated condensed interim financial statements"). Management is responsible for the preparation and presentation of these unconsolidated condensed interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these unconsolidated condensed interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*." A review of condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Adverse Conclusion

The Company has again sustained loss after taxation for the half year ended 31 March 2024 amounting to Rs. 1,798.115 million, which took the accumulated loss to Rs. 4,347.316 million at the reporting date along with adverse current ratio at that date. Further, the textile segment of the Company remained closed during the whole period as well as the previous year. The Company has also overdue statutory obligations. The disposal of certain assets are held up due to court cases, while the company needs funds for the upgradation of plant & machinery of textile and sugar divisions at Jhang. There is no written commitment from the directors / shareholders of the company to finance its above said obligations / working capital requirements.

All these situations indicates that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern, which has not been appropriately resolved, assessed and disclosed in these financial statements.

Adverse Conclusion

Our review indicates that because of the significance of the matter as described in the Basis for Adverse Opinion section of our report, these unconsolidated condensed interim financial statements are not prepared, in all material respects, in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Other Matters

The figures of the unconsolidated condensed interim statement of profit or loss and unconsolidated condensed interim statement of comprehensive income for the quarter ended 31 March 2024 have not been reviewed and we do not express a conclusion on them.

The unconsolidated condensed interim financial statements for the half year ended 31 March 2023 and unconsolidated financial statements of the Company for the year ended 30 September 2023 were reviewed and audited respectively by another firm of chartered accountants who expressed an adverse opinion on the unconsolidated financial statements for the year ended 30 September 2023 dated 15 February 2024.

The engagement partner on the review resulting in this independent review report is Shabir Ahmad, FCA.

SELECTED NOTES TO THE UNCONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS

For The Half Year Ended 31 March 2024 (Un-Audited)

1 THE COMPANY AND ITS OPERATIONS

1.1 Shakarganj Limited (“the Company”) is a public limited company incorporated in Pakistan under the repealed Companies Act, 1913 (now the Companies Act, 2017). The shares of the Company are listed on Pakistan Stock Exchange Limited. The Company is principally engaged in the business of production, purchase and sale of sugar, biofuel, yarn and by-products. Its registered office is situated at E-Floor, IT Tower, 73-E/1, Hali Road, Gulberg-III, Lahore, whereas its mill / plant is situated at Jhang and Bhone.

1.2 Going concern assumption

The Company has incurred a huge loss after taxation of Rs. 1,798.115 million (2023: Profit after tax Rs. 211.691 million) and its accumulated losses stood at Rs. 4,347.316 million (2023: Rs. 2,839.278 million) along with adverse current ratio as at 31 March 2024. Moreover, the Company has certain overdue statutory obligations. Furthermore Textile segment of the Company remained closed during the whole period. Certain shareholders of the Company have applied to Sindh High Court, Karachi and Lahore High Court, Lahore and obtained stay on 29 November 2021 and 25 February 2022 respectively from the respective courts regarding the approval of disposal of certain agricultural land of the Company. These factors indicate the existence of material uncertainty which may cast significant doubt about the Company’s ability to continue as a going concern and, therefore, that it may be unable to realize its assets and discharge its liabilities in the normal course of business. However, these unconsolidated condensed interim financial statements have been prepared on going concern basis due to following reasons:

- The Company is making arrangement to sell its agriculture land having market value of Rs. 755.550 million. For this purpose, approval of share holders has already been obtained in Annual General Meeting of the company held on 28 February 2022 subject to the orders of Lahore High Court, Lahore and Sindh High Court, Karachi along with no objection certificates from lenders. The proceeds thereof will be utilized by the company to pay to sugarcane growers and to settle other liabilities of the company as well as upgradation of plant & machinery of textile and sugar divisions at Jhang.
- The management of the Company has firmed up a turnaround plan based on disposal of the Bhone Unit of the Company which includes Sugar and Biofuel divisions. Book value of freehold land, building and plant and machinery as at 30 September 2023 is Rs. 7.64 billion. Price discovery by the management for the whole Bhone Unit of the Company including related licenses / rights when built in the future plan results in debt free business, surplus funds and profits for the Company. The management has planned to seek required approvals for roll out of the turnaround plan before the end of financial year 30 September 2024.
- The Company is in the process of installing the falling film evaporators. Falling film evaporators are alternative to Robert type evaporators and help to improve the optimization of the evaporator’s station and energy efficiency of the plant. The percentage of steam’s usage will be reduced by 9%. It would increase the recovery ratio accordingly.
- The Company remains committed to its best efforts to improve liquidity position. The financial projections of the Company show improvements in cash generation and profits.

The management considers that the measures as explained above would result in availability of adequate financial resources for the Company to sustain the continuity of its business for the foreseeable future and thus maintain its going concern status. Accordingly, these financial statements have been prepared on a going concern basis which assumes that the Company will continue to operate its business, realize its assets, and discharge its liabilities, in the normal course of business.

2 STATEMENT OF COMPLAINE

These unconsolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017, Islamic Financial Standards (IFAS) issued by the Institute of Chartered Accountancy of Pakistan as referred under the Companies Act, 2017, and provisions of and directives issued under the Companies Act, 2017. Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34 or IFAS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

These unconsolidated condensed interim financial statements are unaudited. However, the cumulative figures for the half year ended 31 March 2024 presented in these unconsolidated condensed interim financial statements have been subjected to limited scope review by the auditors of the Company, as required under section 237 of the Companies Act, 2017.

These unconsolidated condensed interim financial statements do not include all the information and disclosures required in the annual audited financial statements, and should be read in conjunction with the Company's annual audited financial statements for the year ended 30 September 2023. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company's financial position and performance since the last annual financial statements.

3 BASIS OF MEASUREMENT

3.1 Accounting convention

These unconsolidated condensed interim financial statements have been prepared following accrual basis of accounting except for unconsolidated condensed interim statement of cash flows. These unconsolidated condensed interim financial statements have been prepared under the historical cost convention without any adjustments for the effect of inflation or current values, except for the following material items in the unconsolidated condensed interim statement of financial position:

- Inventories which are valued at lower of weighted / moving average cost or Net Realizable Value (NRV) in accordance with IAS 2;
- Freehold land, buildings on freehold land and plant and machinery which stands at revalued amount in accordance with IAS 16; and
- Certain financial instruments which are carried at their fair value in accordance with IFRS 9.

3.2 Functional and presentation currency

These unconsolidated condensed interim financial statements are presented in Pakistani Rupee (Rs.) which is the Company's functional and presentation currency. All financial information presented in Pakistan Rupees has been rounded to nearest rupee, unless otherwise indicated.

3.3 Critical accounting estimates, judgments and assumptions

The preparation of these unconsolidated condensed interim financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

During the preparation of these unconsolidated condensed interim financial statements, the significant judgments made by the management in applying the Company's accounting policies and the key sources of estimation and uncertainty are the same as those that were applied to audited annual financial statements of the Company for the year ended 30 September 2023.

4 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies and the methods of computation adopted in the preparation of these unconsolidated condensed interim financial statements are same as those applied in the preparation of the annual audited financial statements for the year ended 30 September 2023.

4.1 Change in accounting standards, interpretations and amendments to published approved accounting and reporting standards

(a) New standards, interpretations and amendments to published approved accounting and reporting standards which are effective during the half year ended 31 March 2024 and are relevant:

The amendments that were mandatory for the half year ended 31 March 2024 are considered not to be relevant for the Company's financial reporting process and hence have not been disclosed here.

The Company adopted the narrow-scope amendments to the International Accounting Standard (IAS) 1, Presentation of Financial Statements which have been effective for annual reporting periods beginning on or after 01 January 2023. Although the amendments did not result in any changes to accounting policy themselves, they will impact the accounting policy information disclosed in the annual financial statements.

The amendments aim to make accounting policy disclosures more informative by replacing the requirement to disclose 'significant accounting policies' with 'material accounting policy information'. The amendments also provide guidance under what circumstance, the accounting policy information is likely to be considered material and therefore requiring disclosure.

(b) Standards and amendments to approved accounting and reporting standards that are not yet effective

There are new standards and certain amendments and interpretation to the accounting and reporting standards that will be mandatory for the Company's annual accounting periods beginning on or after 01 April 2024. However, these standard, amendments and interpretation will not have any significant impact on the financial reporting of the Company and, therefore, have not been disclosed in these unconsolidated condensed interim financial statements.

5 SEASONALITY OF OPERATIONS

Due to the seasonal availability of sugarcane, operating results are expected to fluctuate in the second half of the year. The crushing season generally starts from November and lasts till April each year.

20. FINANCIAL RISK MANAGEMENT

20.1 Financial risk factors

The Company's financial risk management objectives and policies are consistent with those disclosed in the preceding audited annual published financial statements of the Company for the year ended 30 September 2023.

20.2 Fair values of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the company is a going concern and there is no intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

IFRS 13 'Fair Value Measurement' requires the company to classify fair value measurements and fair value hierarchy that reflects the significance of the inputs used in making the measurements of fair value hierarchy has the following levels:

- Level 1 -** Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 -** Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (that is, derived from prices).
- Level 3 -** Inputs for the asset or liability that are not based on observable market data (that is, unadjusted) inputs.

Transfer between levels of the fair value hierarchy are recognized at the end of the reporting period during which the changes have occurred.

During the year, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurement.

The Company has not disclosed the fair values of the financial assets and financial liabilities because their carrying amounts are reasonable approximation of fair values, except fair value of equity instruments.

SELECTED NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS

For the Half Year Ended 31 March 2024 (Un-Audited)

1 THE GROUP AND ITS OPERATIONS

The Group consists of Shakarganj Limited (the Holding Company) and its Subsidiary Company, Shakarganj Food Products Limited. Brief profiles of the Holding Company and its Subsidiary Company are as follows:

1.1 Shakarganj Limited

Shakarganj Limited (the Holding company SML) is a public limited company incorporated on 20 September 1967 in Pakistan under the Companies Act, 1913 (Now Companies Act, 2017) and is listed on Pakistan Stock Exchange Limited. It is principally engaged in manufacture, purchase and sale of sugar, biofuel and yarn. SML has its principal manufacturing facilities at Jhang and satellite manufacturing facilities at Bhone. The registered office of SML is situated at E-Floor, IT Tower, 73-E/1, Hali Road, Gulberg-III, Lahore

1.2 The Holding Company has incurred a huge loss after taxation of Rs. 1,798.115 million (2023: Profit after tax Rs. 211.691 million) and its accumulated losses stood at Rs. 4,347.316 million (2023: Rs. 2,839.278 million) along with current ratio as at 31 March 2024. Moreover, the Holding Company has certain overdue statutory obligations. Furthermore Textile segment of the Holding Company remained closed during the whole period. Certain shareholders of the Holding Company have applied to Sindh High Court, Karachi and Lahore High Court, Lahore and obtained stay on 29 November 2021 and 25 February 2022 respectively from the respective courts regarding the approval of disposal of certain agricultural land of the Holding Company. These factors indicate the existence of material uncertainty which may cast significant doubt about the Holding Company's ability to continue as a going concern and, therefore, that it may be unable to realize its assets and discharge its liabilities in the normal course of business. However, these consolidated condensed interim financial statements have been prepared on going concern basis due to following reasons:

- The Holding Company is making arrangement to sell its agriculture land having market value of Rs. 755.550 million. For this purpose, approval of share holders has already been obtained in Annual General Meeting of the Holding company held on 28 February 2022 subject to the orders of Lahore High Court, Lahore and Sindh High Court, Karachi along with no objection certificates from lenders. The proceeds thereof will be utilized by the Holding company to pay to sugarcane growers and to settle other liabilities of the Holding company as well as upgradation of plant & machinery of textile and sugar divisions at Jhang.
- The management of the Holding Company has firmed up a turnaround plan based on disposal of the Bhone Unit of the Holding Company which includes Sugar and Biofuel divisions. Book value of freehold land, building and plant and machinery as at 30 September 2023 is Rs. 7.64 billion. Price discovery by the management for the whole Bhone Unit of the Holding Company including related licenses / rights when built in the future plan results in debt free business, surplus funds and profits for the Holding Company. The management has planned to seek required approvals for roll out of the turnaround plan before the end of financial year 30 September 2024.

- The Holding Company is in the process of installing the falling film evaporator at principal unit, as well as at satellite unit too. Falling film evaporators are alternative to Robert type evaporators and helps to improve the optimization of the evaporator's station and energy efficiency of the plant. The percentage of steam's usage will be reduced by 9%. It would also increase the recovery ratio accordingly.
- The Holding Company remains committed to its best efforts to improve liquidity portion. The financial projections of the Holding Company show improvements in cash generation and profits.

The management and the Board considers that the measures as explained above would result in availability of adequate financial resources for the Holding Company to sustain the continuity of its business for the foreseeable future and thus maintain its going concern status. Accordingly, these financial statements have been prepared on a going concern basis which assumes that the Holding Company will continue to operate its business, realize its assets, and discharge its liabilities, in the normal course of business.

1.3 Shakarganj Food Products Limited

Shakarganj Food Products Limited (SFPL) was incorporated in Pakistan initially as a private limited company on 03 April 2001 under the Companies Ordinance, 1984 (Now Companies Act, 2017). Its name was later changed from A.M. Fruit Products (Private) Limited to Shakarganj Food Products Limited along with change of its status from private limited to public limited on 03 January 2006. The principal activity of the SFPL is manufacturing, processing and sale of food products (dairy, fruit pulps and concentrate juices). The registered office of SFPL is situated at E-Floor, IT Tower, 73-E/1, Hali Road, Gulberg-III, Lahore.

However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company's financial position and performance since the last annual financial statements.

3 BASIS OF MEASUREMENT

3.1 Accounting convention

These consolidated condensed interim financial statements have been prepared following accrual basis of accounting except for consolidated condensed interim statement of cash flows. These consolidated condensed interim financial statements have been prepared under the historical cost convention without any adjustments for the effect of inflation or current values, except for the following material items in the consolidated condensed interim statement of financial position:

- Inventories which are valued at lower of weighted / moving average cost or Net Realizable Value (NRV) in accordance with IAS 2;
- Freehold land, buildings on freehold land and plant and machinery which stands at revalued amount in accordance with IAS 16; and
- Certain financial instruments which are carried at their fair value in accordance with IFRS 9.

3.2 Functional and presentation currency

These consolidated condensed interim financial statements are presented in Pakistani Rupee (Rs.) which is the Group's functional and presentation currency. All financial information presented in Pakistan Rupees has been rounded to nearest rupee, unless otherwise indicated.

3.3 Critical accounting estimates, judgments and assumptions

The preparation of these consolidated condensed interim financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Group's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

During preparation of these consolidated condensed interim financial statements, the significant judgments made by the management in applying the Group's accounting policies and the key sources of estimation and uncertainty were the same as those that applied in the preceding audited annual financial statements of the Group for the year ended 30 September 2023.

4 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies and the methods of computation adopted in the preparation of these consolidated condensed interim financial statements are same as those applied in the preparation of the annual audited financial statements for the year ended 30 September 2023.

4.1 Change in accounting standards, interpretations and amendments to published approved accounting and reporting standards

(a) New standards, interpretations and amendments to published approved accounting and reporting standards which are effective during the half year ended 31 March 2024 and are relevant:

The amendments that were mandatory for the half year ended 31 March 2024 are considered not to be relevant for the Company's financial reporting process and hence have not been disclosed here.

The Company adopted the narrow-scope amendments to the International Accounting Standard (IAS) 1, Presentation of Financial Statements which have been effective for annual reporting periods beginning on or after 01 January 2023. Although the amendments did not result in any changes to accounting policy themselves, they will impact the accounting policy information disclosed in the annual financial statements.

The amendments aim to make accounting policy disclosures more informative by replacing the requirement to disclose 'significant accounting policies' with 'material accounting policy information'. The amendments also provide guidance under what circumstance, the accounting policy information is likely to be considered material and therefore requiring disclosure.

(b) Standards and amendments to approved accounting and reporting standards that are not yet effective

There are new standards and certain amendments and interpretation to the accounting and reporting standards that will be mandatory for the Company's annual accounting periods beginning on or after 01 April 2024. However, these standard, amendments and interpretation will not have any significant impact on the financial reporting of the Company and, therefore, have not been disclosed in these unconsolidated condensed interim financial statements.

5 SEASONALITY OF OPERATIONS

مالیاتی جائزہ

شکر گنج لمیٹڈ کو پاکستان اسٹاک ایکسچینج کی جانب سے ڈیفالٹرز لسٹ میں شامل کیا گیا ہے کیونکہ اس کے کرنٹ واجبات اس کے کرنٹ اثاثوں سے 4,356.89 ملین روپے زیادہ ہیں۔ تاہم کمپنی اپنے لیکویڈیٹی منظر نامے کو بہتر بنانے کے لئے پرعزم ہے۔ لیکویڈیٹی بحران پر قابو پانے کے لئے مختلف اقدامات کی منصوبہ بندی کی گئی ہے جیسا کہ منسلک شدہ عبوری مالی بیانات کے نوٹ 1.2 میں تفصیلات دی گئی ہیں۔ کارکردگی، تاثر اور پیداواری لاگت کو کم کرنے کے ذریعے کمپنی کی پیداوار اور منافع کو بہتر بنانے کے لئے ہر ممکن کوشش کی جارہی ہے۔ انتظامیہ کا خیال ہے کہ بیان کردہ اقدامات کے نتیجے میں کمپنی کو مستقبل قریب میں اپنے کاروبار کے تسلسل کو برقرار رکھنے کے لئے مناسب مالی وسائل کی دستیابی ہوگی اور اس طرح اس کی گونگ کنسرن کی حیثیت برقرار رہے گی۔ تاہم، جیسا کہ اوپر ذکر کیا گیا ہے، کاروباری ماحول ایسا تھا کہ کمپنی کو بھاری نقصانات کے ساتھ گئے کو کرش کرنے پر مجبور ہونا پڑا جس کا عنصر پیش رفت کو شدید متاثر کرتا ہے۔ لیکن پھر بھی کمپنی کی انتظامیہ نے مستقبل میں جہاں بھی مواقع دستیاب ہوں موقع لینے کا عزم کیا۔

مستقبل کا نقطہ نظر:

ہمارے ڈسٹریبٹرز کے آپریشنز کا مستقبل کا نقطہ نظر ہمیشہ اچھے معیار کے مولا سز کی مسلسل دستیابی پر منحصر ہے۔ تاہم، مختصر موسم کی وجہ سے، ہمارے بائیو فیول آپریشنز کے لئے خام مال قابل عمل قیمت پر دستیاب نہیں تھا۔ بائیو فیول ڈویژن میں آپریشنز کی توقع نہیں ہے کیونکہ مولا سز کی دستیابی محدود ہے۔ ٹیکسٹائل کے کاروبار میں مشکل کاروباری ماحول 'خام مال کی قیمت زیادہ ہونے کی وجہ سے ابھی تک آپریشن شروع نہیں کیا جا سکا۔ جیسا کہ ہماری پچھلی سالانہ رپورٹ میں ذکر کیا گیا ہے، انتظامیہ لیکویڈیٹی کی کمی پر قابو پانے کے لئے اقدامات کر رہی ہے اور ہمیں امید ہے کہ کمپنی اپنا آپریشن جاری رکھے گی۔ تمام چیلنجوں کے باوجود، ہم چیلنجنگ وقت سے گزرنے کے لئے پرعزم ہیں۔

آخر میں، ہم تمام اسٹیک ہولڈرز کی سرپرستی کے لئے ان کا شکریہ ادا کرنا چاہتے ہیں اور ان کی مسلسل حمایت کے منتظر ہیں۔

ڈائریکٹرز رپورٹ

آپ کی کمپنی کے ڈائریکٹرز 31 مارچ 2024ء کو ختم ہونے والی ششماہی کے لئے کمپنی کی غیر آڈٹ شدہ کنڈینسڈ عبوری مالیاتی معلومات بخوشی پیش کر رہے ہیں۔

مالی اور آپریشنل کارکردگی:

چینی کی فروخت کی قیمت میں اضافے کے بغیر گنے کی خریداری کی قیمت آسمان کو چھو رہی تھی۔ کاروباری ماحول ایسا تھا کہ کمپنی بھاری نقصان کے ساتھ گنے کو کرش کرنے پر مجبور تھی۔ پنجاب حکومت کی جانب سے جاری کردہ نوٹیفیکیشن کے مطابق گنے کی امدادی قیمت بڑھا کر 400 روپے فی 40 کلوگرام کر دی گئی تھی۔ تاہم کسان اس نرخ پر گنے کی فراہمی کے لیے تیار نہیں تھے اور ملیں 500 روپے فی 40 کلوگرام سے بھی زیادہ قیمت پر گنا خریدنے پر مجبور تھیں۔ قابل عمل نرخوں پر گنے کی عدم دستیابی کی وجہ سے 12 فروری 2024 کو بھون ڈویژن اور 23 فروری 2024 کو جھنگ ڈویژن میں کرشنگ مہم بند کر دی گئی تھی۔ اس طرح کرشنگ بیزنس صرف 91 دن تک جاری رہا۔ انتہائی مشکل صورتحال کے باوجود آپ کی کمپنی پچھلے سال اسی عرصے میں 1,019,181 میٹرک ٹن گنے کے مقابلے میں 778,454 میٹرک ٹن گنے کو کچلنے میں کامیاب رہی۔

یہ ایک بڑا چیلنج تھا کیونکہ چینی کی قیمت کبھی طے نہیں کی گئی تھی بلکہ حکومت نے مختلف اقدامات کر کے اس پر منفی کنٹرول کیا۔ گنے کی خریداری کافی زیادہ قیمت پر کی گئی جس کے نتیجے میں ملوں کے درمیان سخت مقابلہ ہوا۔ ہمارے بائیو فیول کے کاروبار کو بین الاقوامی مارکیٹ میں کم طلب اور ممکنہ قیمتوں پر مولاسز کی عدم دستیابی کی وجہ سے بھی نقصان پہنچا۔ یارن مارکیٹ کی مجموعی صورتحال کی وجہ سے ہمارا نیکسٹائل کا کاروبار بھی متاثر ہوا ہے کیونکہ نیکسٹائل کے کاروبار میں مشکل کاروباری ماحول جاری رہا۔ لہذا اس عرصے کے دوران پلانٹ نہیں چل سکا۔

کمپنی نے پچھلے سال اسی عرصے میں 384.38 ملین روپے کے مجموعی منافع کے مقابلے میں 1,076 ملین روپے کا مجموعی نقصان کیا۔ پچھلے سال آپریشن سے حاصل ہونے والے 102.64 ملین روپے منافع کے مقابلے میں 1,369.21 ملین روپے نقصان رہا۔ کمپنی نے گزشتہ سال کے اسی عرصے میں 211.69 ملین روپے کے بعد از نیکس منافع کے مقابلے میں 1,404.42 ملین روپے کا قبل از نیکس نقصان اور 1,798.12 ملین روپے کا بعد از نیکس نقصان کیا۔ کمپنی نے شکر گنج فوڈ پروڈکٹس لمیٹڈ اپنی ایکویٹی اکاؤنٹ انویسٹمنٹ میں پچھلے سال کے اسی عرصے کے 180 ملین روپے منافع کے مقابلے میں 61.99 ملین روپے کا منافع ریکارڈ کیا ہے۔

کاروباری شعبہ جات: شوگر ڈویژن

مالی سال 2024 کے پہلے نصف میں شوگر ڈویژن کی آمدنی پچھلے سال کی خالص فروخت 7,691 ملین روپے اور انٹرسیکٹ فروخت 1,388 ملین روپے کے مقابلے میں 7,494 ملین روپے اور انٹرسیکٹ فروخت 356 ملین روپے رہی۔ شوگر ڈویژن نے 778,454 میٹرک ٹن (HY23: 1,019,181MT) گنا کرش کر کے 9.29 فی صد (10.26 فی صد: HY23) کی اوسط سے 72,213 میٹرک ٹن (HY23: 140,540MT) چینی پیدا کی۔

مجموعی نقصان کا مارجن گزشتہ سال کی اسی مدت کے 2.60 فی صد کے مجموعی منافع کے مقابلے میں موجودہ مدت کے دوران 10.70 فی صد رہا۔ بوٹم لائن کا نتیجہ گزشتہ سال کی اسی مدت کے لیے 76.02 ملین روپے منافع کے مقابلے میں 1,065.13 ملین روپے قبل از نیکس نقصان رہا۔

بائیو فیول ڈویژن:

اس عرصے کے دوران بائیو فیول ڈویژن کی خالص فروخت آمدنی پچھلے سال کی خالص فروخت 1,266 ملین روپے کے ساتھ اور انٹرسیکٹ فروخت 32 ملین روپے کے مقابلے میں 523 ملین روپے کے اور انٹرسیکٹ فروخت 5 ملین روپے رہی۔ اس مدت کا مجموعی نقصان پچھلے سال کے 181.67 ملین روپے منافع کے مقابلے میں 203 ملین روپے رہا۔ بوٹم لائن پچھلے سال کے اسی عرصے میں نیکس سے پہلے 93.92 ملین روپے منافع کے مقابلے میں نیکس سے پہلے 237.67 ملین روپے کا نقصان ہوا۔ اس ڈویژن کی پیداوار 2.23 ملین لیٹرز (9.93 ملین لیٹرز: HY23) تھی۔
