## **Statement under Section 134(3) of the Companies Act, 2017**

This statement sets out the material facts concerning the Special Business to be transacted at the Annual General Meeting of the Company to be held on October 28, 2024.

### **Agenda Item No. 4 – Grant of Short-Term Loan / Short Term Advance / Running Finance to Baluchistan Glass Limited**

Tariq Glass Industries Limited (the "Company" or "TGL") is a holder of 50% shares of MMM Holding (Private) Limited ("MMM"), [a holding company of Baluchistan Glass Limited, a listed company ("BGL") (MMM owns 84.34% of the issued and outstanding ordinary shares of BGL)]. TGL has also acquired joint management control of MMM and BGL on December 7, 2023.

Baluchistan Glass Limited (BGL) was incorporated in Pakistan as a public limited company in 1980 under the repealed Companies Act, 1913 (now the Companies Act, 2017). Its shares are listed on the Pakistan Stock Exchange. The Company is engaged in manufacturing and sale of tableware glass, pharma glass packaging, glass bottles, container-ware glass and plastic shells.

Although BGL's units were operational in the past, however its production units closed one after another and was completely closed since May-2022. The new board members and CEO as nominee of TGL has been appointed in BGL since December 7, 2023. By the Grace of Allah Almighty one of the BGL's plant (Unit-1) situated at Hub, Baluchistan has been successfully revived by the new management, the furnace of which was fired on May 15, 2024 and subsequently commercialized on June 04, 2024. Moreover, after revitalization of BGL's Unit-1, its production capacity has been increased from 60 tons per day to 110 tons per day. This move brings about several summarized financial benefits:

**1. Manufacturing / Fuel Cost Advantage:**

Fuel cost is a critical component in glass manufacturing (approximately 40% - 45% of the total cost of goods). BGL benefits from the availability of Sui Gas at comparatively lower rates in Baluchistan compared to the high-priced RLNG tariff in Punjab. The fuel cost advantage translates to a drop of 25% - 28% when comparing gas rates between TGL in Sheikhpura (Punjab) and BGL in Hub (Baluchistan).

**2. New Segment for TGL – Pharma Glass Packaging & Glass Containers:**

- Under new management, BGL is manufacturing pharma glass packaging for the pharmaceutical industry, glass containers & bottles for the food & beverage industry and tableware glass for household.
- Infrastructure and operational facilities (e.g., Gas connection, electricity, molds, machinery, refractory, compressors, generators, etc.) for this purpose are already available on-site.

**3. Freight Cost Advantages:**

- Due to the location of the Hub (Baluchistan) Plant, significant freight costs would be saved for the Southern Region.
- Export costs would be reduced due to easier transportation to Karachi Ports.
- Less travel also results in less breakage of glass, considering its fragile nature.

To ensure the operational readiness and efficiency of BGL's Unit-1, as well as the overall stabilization and future growth of the Company, the Board of Directors has recommended that the members approve the renewal of a short-term advance facility for an additional 12 months. No disbursement has been made under this facility to date. Therefore, to support BGL's working capital needs, TGL will renew the limit to provide a short-term loan / advance or running finance facility of up to PKR 1,000,000,000 on a rollover / renewable basis annually. This loan will bear mark-up at TGL's average borrowing cost + 1% or 3MK + 1.50%, whichever is higher.

**Note:**

**1. Average borrowing cost of TGL will be derived as under:**

Average of "KIBOR for the relevant period" + "the Bank Spread". Where the existing KIBOR for various facilities of TGL is on 1 Month, 3 Month and 6 Month basis and the bank spread is ranging from 0.05% to 0.50%. The Company's average borrowing cost as on June 30, 2024 from banks / financial institutions for short-term and long-term loans / financing stands at 21.57% and 6.14%, respectively.

**Declaration:**

In pursuance of Regulation 3(3) of the Companies (Investment in Associated Companies or Associated Undertakings) Regulations 2017 under S.R.O No. 1240(1)/2017 dated 06 December 2017, the directors have certified that they have carried out their necessary due diligence for the proposed investments before recommending it to members for approval and that the financial health of Baluchistan Glass Limited is such that it has the ability to repay the aforesaid facility as well as the markup to be paid to the Company as per agreement. The signed recommendations of the due diligence report shall be made available to the members at the general meeting along with latest annual audited and latest interim financial statements.

**Special Resolution:**

**Agenda Item No. 4 – Grant of Short-Term Loan / Advance / Running Finance to Baluchistan Glass Limited**
