DIRECTORS' REPORT

The Directors of the Company presented before the shareholders the 75th Annual Report along with audited Financial Statements of the Company for the year ended June 30, 2024.

During the period under review, the Company continued its business of renting the premises of the Company and earned gross revenue of Rs. 85.654 million as compared to gross revenue of Rs. 78.277 million in the preceding year. The Company earned profit after taxation of Rs. 38.720 million as compared to 43.564 million with an EPS of Rs. 1.28 in comparison to Rs. 1.44 in the corresponding period last year. The said decrease is due to reversal of deferred tax.

The management is continuously evaluating viable business propositions, which may have positive impact on the Company's financials. We are hopeful that in the coming years, the Company will be able to commence more lucrative business in addition to renting the premises. The business (renting) of the company have not any impact on the environment and there is no trend and factor affect the future development, performance and position of the company business.

The company is almost debt free except sponsor's loan which doesn't have financial burden on the Company's profitability as it is interest free and it is not payable on demand but payable at the discretion of the Company. The Company's assets are sufficient to meet all its obligations and therefore no doubt about its ability to continue as a going concern.

The Directors of the company do not recommend any cash dividend/bonus shares to the shareholders as the Company have huge accumulated losses and the Management wants to strengthen the wealth of the Company. We will confident the payouts in future, Insha'Allah.

The Board of Directors has approved a formal policy for remuneration of Executive and Non-executive Directors, as recommended by the Human Resource and Remuneration Committee. As per policy, the Company will not pay any remuneration to directors except fees for attending the meetings of the Board and its committees.

We are pleased to inform you that as a member of business community, we are in touch with social bodies and authorities to find ways and means to help them in their social programs and projects.

A system of sound internal control is established and prevailing in the Company. The system of internal control is designed in a manner to ensure achievement of Company's business objectives and operational efficiency, reliable financial reporting and compliance with various statutory laws.

ڈائر یکٹرزر بورٹ:

کمپنی کے ڈائر کیٹرزنے (75th) پیچھتر واں سالاندرپورٹ ہمراہ آ ڈٹشدہ حسابات مالی سال مختم 30 جون، 2024 شئیر ہولڈرز کے سامنے پیش کیے۔
زیر نظر مدت کے دوران کمپنی نے اپنا احاطہ کرایہ پر دینے کا کاروبار جاری رکھا اور مجموعی طور پر 85.654 ملین رپوینیو کایا جبکہ گزشتہ برس مجموعی رپوینیو 78.277 ملین تھا۔ کمپنی نے ٹیکس کی کوئی کے بعد اور کی محمد ملین منافع کمایا جبکہ گزشتہ برس منافع کمایا جبکہ کرایہ پر دینے کے علاوہ مزید منافع بخش مسلسل قابلی عمل کاروباری تجاویز کا جائزہ لے رہی ہے جن کا کمپنی کے مالی حالات پر شبت اثر ہوسکتا ہے۔ ہم پُر امید ہیں کہ تندہ سالوں میں کمپنی اپنا احاطہ کرایہ پر دینے کے علاوہ مزید منافع بخش میں مستقبا کی تھا ہے۔ میں مستقبا کی تھا ہوں میں مستقبا کی تھا ہے۔ میں مستقبا کی تھا ہوں کا میں کہ تھا کہ تھا ہے۔ میں مستقبا کی تھا ہے۔ میں کہنی کر دین کے دین کے دین کا میں مستقبا کی تھا ہے۔ میں مستقبا کی تھا ہے۔ میں کہنی کر دین کا کہ میں کہنی کر دین کا کہ دین کا کہ دین کا کہ دین کا کہ دین کے دائر کا کر دین کر کہ کر دین کر دین کا کہ دین کر کر دین کر

مینجنٹ مسلسل قابلِعمل کاروباری تجاویز کا جائزہ لے رہی ہے جن کا کمپنی کے مالی حالات پر شبت اثر ہوسکتا ہے۔ ہم پُرامید ہیں کہ آئندہ سالوں میں کمپنی اپنااحاطہ کرایہ پر دینے کے علاوہ مزید منافع بخش کاروبارشروع کرنے کے قابل ہوجائے گی۔ کمپنی کے کاروبار (کرائے پر دینا) کی وجہ ہے ماحول پر کوئی براثر نہیں پڑر ہااور کمپنی کے کاروبار کی مستقبل کی ترقی ، کارکردگی اور اپوزیشن پر کوئی رجمان اور عضر متاثر نہیں ہورہا۔

کمپنی کے ذمہ ماسوائے سپانسرز سے لیے گئے اُدھار (جس کا کمپنی کے مالی حالات پرکوئی اثر نہیں ہے کیونکہ بیسود سے پاک ہے اور بیہ طالبہ پر قابلِ واپسی نہیں ہے کیئی کی صوابد ید پر قابلِ ادا کیگئی ہے) کے علاوہ تقریباً کوئی واجب الا دا قرض نہیں ہے۔ کمپنی کے اثاثہ جات کمپنی کی تمام تر ذمہ داریاں پوری کرنے کے لیے کافی ہیں، الہٰذا کمپنی کے (Going Concern) ہونے پرکوئی شک نہیں۔ کمپنی کے ڈائر یکٹر زشیئر ہولڈرز کو کسی بھی نفذ ڈیویڈ ٹر کونس شیئرز کی سفارش نہیں کرتے ہیں کیونکہ کمپنی کو بہت زیادہ جمع شدہ نقصان ہے اور انتظامیہ کمپنی کی دولت کومضبوط کرنا چاہتی ہے۔ ہم مستقبل ہیں ادائیکیوں براعتماد کرس گے، انشاء اللہ۔

ہیومن ریسورس اینڈ ریمونریشن کمیٹی کی سفارش کےمطابق بورڈ آف ڈائر میٹرز نے ایگز میٹواورنان ایگز میٹیوڈائر میٹرز کےمعاوضے کے لیےایک باضابطہ پالیسی کی منظوری و بے دی ہے۔ پالیسی کےمطابق، سمپنی ڈائر میٹرزکو بورڈ اوراس کی کمیٹیوں کےاجلاسوں میں شرکت کے لیےفیس کےعلاوہ کوئی معاوضہ ادائہیں کرےگی۔

ہمیں آپ کو بی بتاتے ہوئے خوثی ہورہی ہے کہ کاروباری برادری کے ایک رکن کے طور پر ،ہم ہاجی ادارول اور حکام کے ساتھ را بطے میں ہیں تا کہ ان کے ساجی پروگراموں اور منصوبوں میں ان کی مدد کرنے کے طریقے اور ذرائع تلاش کریں۔

کمپنی میں مضبوط اندرونی کنٹرول کا ایک نظام قائم اور غالب ہے۔اندرونی کنٹرول کا نظام کمپنی کے کاروباری مقاصد کے حصول اور آپیشنل کارکردگی ، قابل اعتاد مالیاتی رپورٹنگ اور مختلف قانونی قوانین کی تغییل کویقینی بنانے کے لیے ڈیزائن کیا گیا ہے۔

CHAIRMAN'S REVIEW

For the year ended June 30, 2024

It gives me great pleasure to present the Annual Report for the year ended June 30. 2024, to our valued members and stakeholders and to apprise them of the overall performance and effectiveness of the Board.

The Board of Directors of Kohinoor Industries Limited is performing its duties in accordance with law and in the best interest of the Company and its shareholders as required under the Code of Corporate Governance, an annual evaluation of the Board of Directors of the Company is carried out. The purpose of this evaluation is to ensure that the Board's overall performance and effectiveness is measured and benchmarked against expectations in the context of objectives set for the Company.

For the financial year ended June 30, 2024, the Board's overall performance and effectiveness has been assessed as satisfactory. This is based on an evaluation of integral components, including vision, mission and values; engagement in strategic planning; formulation of policies; monitoring the organization's business activities; monitor financial resource management.

I am grateful to our shareholders who show their trust by investing in us and our customers who recognize us as their business partner. I am also appreciative of the many contributions of my fellow Board members and their dedication to the success of the Company. We remain committed to maintaining this trust in years to come with stellar financial performance.

CHAIRMAN OF THE BOARD

M. NASEEM SAIGOL

Chairman

September 30, 2024

چيئر مين جائزه رپورك:

يرائيسال30 جون، 2024

میں 30 جون، 2024 کوختم ہونے والے سال کی سالانہ رپورٹ اپنے قابلِ قدر ممبران اور اسٹیک ہولڈرز کے سامنے پیش کرنے اور بورڈ کی مجموعی کارکردگی اور تا ثیرہے آگاہ کرنے میں بڑی خوشی محسوس کررہا ہوں۔

کو وِنورانڈسٹر برِلیمیٹڈ کے بورڈ آف ڈائر یکٹرزاپنے فرائض قانون کے مطابق انجام دےرہے ہیں اورکوڈ آف کارپوریٹ گورننس کے تحت کمپنی اوراس کے شیئر ہولڈرز کے بہترین مفادمیں کمپنی کے بورڈ آف ڈائر یکٹرز کا سالا نہ جائزہ لیا جاتا ہے۔اس شخیص کا مقصد پیقینی بنانا ہے کہ بورڈ کی مجموعی کارکردگی اور تا ثیرکو کمپنی کے لیے طے شدہ مقاصد کے تناظر میں تو قعات کے خلاف پیائش اور بینچ مارک کیا جائے۔

30 جون، 2024 کوختم ہونے والے مالی سال کے لیے، بورڈ کی مجموعی کارکردگی اور تا خیر کا انداز ہ اطمینان بخش رہا ہے۔ بیلاز می اجزاء کی شخیص پرمپنی ہے بشمول وژن، مثن اور اقد ار، اسٹر پیمجل منصوبہ بندی میں مشغولیت، پالیسیوں کی تشکیل، کمپنی کی کاروباری سرگرمیوں کی نگرانی ، مالی وسائل کے انتظام کی مگرانی۔ گرانی۔

میں ، ہمارے شیئر ہولڈرز کاشکر گزار ہوں جوہم میں سرمایہ کاری کر کے اور اپنے صارفین کو جوہمیں اپنے برنس پارٹنر کے طور پر ، اپنے اعتاد کا اظہار کرتے ہیں۔ میں اپنے ساتھی بورڈ ممبرز کی خدمات اور کمپنی کی کامیا بی کے لیے ان کی گئن کا بھی شکر گزار ہوں۔ہم شاندار مالی کارکردگی کے ساتھ آنے والے سالوں میں اس اعتاد کو برقر ارر کھنے کے لیے پُرعزم ہیں۔

ایمنیم سهگل چیئر مین **30 ستمبر 2024**

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of KOHINOOR INDUSTRIES LIMITED

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 ['the Regulations'] prepared by the Board of Directors of **KOHINOOR INDUSTRIES LIMITED** ['the Company'] for the year ended **30 June 2024** in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended **30 June 2023**.

RAHMAN SARFARAZ RAHIM IQBAL RAFIQ Chartered Accountants Lahore | 30 September 2024

UDIN: CR202410704CfOtvuEQF

INDEPENDENT AUDITOR'S REPORT

To the members of KOHINOOR INDUSTRIES LIMITED Report on the Audit of the Financial Statements

Opinion

We have audited the annexed financial statements of **KOHINOOR INDUSTRIES LIMITED** ['the Company'], which comprise the statement of financial position as at **30 June 2024**, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2024 and of the profit, other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ['ISAs'] as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan ['the Code'] and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. We have determined that there are no key audit matters to report.

Information other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of user taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
 error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
 sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement
 resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,
 intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based
 on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may
 cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material
 uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the
 financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based
 on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may
 cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is ALI RAZA JAFFERY.

Director Chief Financial Officer Chief Executive

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

1 LEGAL STATUS AND OPERATIONS

Kohinoor Industrues Limited ['the Company'] was incorporated Pakistan under the repealed Companies Ordinance, 1984 (now Companies Act, 2017) on 31 August 1948. The Company is a Public Limited Company listed on Pakistan Stock Exchange Limited. The Companywas initially engaged in manufacture and sale of yarn. However, the Board of Directors of the Companyin its meetingheld on 30 April 2008 decided to close the business as due to increase in prices of raw material and other inputs without increase in yarn sales prices in the local and international market, the operations of the textile unit had become uneconomical and huge losses were expected to arise if the business was carried on. Subsequently, the Company amended its memorandum of association to include in its objects, leasing out of its land and buildings under operating lease arrangements, as and when considered fit.

1.1 Location of business units

Registered Office	17 Aziz Avenue, Canal Bank, Gulberg V, Lahore, Pakistan
Properties leased out	Collage Road, Madina Town, Faisalabad, Pakistan

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards ['IFRS']issued by the International Accounting Standards Board ['IASB'] as notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards ['IFAS'] issued by Institute of Chartered Accountants of Pakistan as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the CompaniesAct, 2017 differ from the IFRSand IFAS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Basis of measurement

These financial statements have been prepared on the historical cost basis except for the following items, which are measured on an alternative basis as at the reporting date.

Items	Measurement basis
Financial instruments	Fair value/Amortized cost
Investment property	Fair value
Employee retirement benefits	Present value

2.3 Critical accounting judgements and key sources of estimation uncertainty

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions and judgments are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which forms the basis of makingjudgments about carrying values of assets and liabilities that are not readily apparent from other sources. Subsequently, actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

2.3.1 Critical accounting judgements

Judgments made by management in the application of accounting and reporting standards that have significant effect on the financial statements and estimates with a risk of material adjustment in subsequent years are as follows:

(a) Business model assessment (see note 38.1)

The Company classifies its financial assets on the basis of the Company's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset. The Company determines the business model at a level that reflects how financial assets are managed to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed. The Company monitors financial assets measured at amortized cost or fair value that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoringis part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets. No such changes were required during the year.

(b) Significant increase in credit risk (see note 39.1.1)

As explained in note 39.1.1, expected credit losses ['ECL'] are measured, based on the Company's risk grading framework, as an allowance equal to 12-month/lifetime ECL for 'performing' assets, or lifetime ECL for assets categorized as 'doubtful' or 'in default'. An asset is categorized as 'doubtful' when its credit risk has increased significantly since initial recognition. IFRS 9 does not define what constitutes a significant increase in credit risk. In assessing whether the credit risk of an asset has significantly increased the Company takes into account qualitative and quantitative reasonable and supportable forward-looking information.

2.3.2 Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the reporting date that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are as follows:

(a) Calculation of impairment allowance for expected credit losses on financial assets (see note 39.1.3)

The Companyrecognizes a loss allowance for expected credit losses on financial assets carried at amortized cost on date of initial recognition. The amount of expected credit losses is updated on each reporting date to reflect the changes in credit risk since initial recognition of the respective financial asset. Estimating expected credit losses and changes there in requires taking into account qualitative and quantitative forward looking information. When measuring expected credit losses on financial assets the Companyuses reasonable and supportable forward looking information as well as historical data to calculate the difference between the contractual cash flows due and those that the Company would expect to receive, taking into account cash flows from collateral and integral credit enhancements, if any. Probability of default constitutes a key input in measuring expected credit losses. Probability of default is an estimate of the likelihood of default over a given time horizon, the calculation of which includes historical data, assumptions and expectations of future conditions. If the ECL rates on financial assets carried at amortized cost were higher (lower) by 10%, the loss allowance on those assets would have been higher (lower) by Rs. 1.001 million(30-Jun-23: Rs. 1.822 million).

(b) Present value of defined benefit obligation (see note 11)

The determination of the Company's defined benefit obligation depends on certain assumptions, which include selection of the discount rate, average rate of increase in salaries and mortality rates. The discount rate is set by reference to market yields at the end of the reporting period on government bonds as there is no deep market for high quality corporate bonds in Pakistan. Average rate of increase in salary are based on market expectations, inflation and historical trends. Mortality rates are based upon SLIC(2001-05)mortality table. These assumptions are considered to be a key source of estimation uncertainty as relatively small changes in the assumptions used may have a significant effect on the Company's financial statements within the next year.

Present value of the Company's defined benefit obligation has been determined by an independent actuary, Nauman Associates, and is stated in the statement of financial position at Rs. 3.571 million (30-Jun-23: Rs. 2.515 million).

An analysis of sensitivity for each actuarial assumption used to determine the present value of defined benefit obligation as at the reporting date showing how the defined benefit obligation would have been affected by changes in relevant actuarial assumption that were reasonably possible at that date is as follows:

	30-Jun-24		30-Jun-23	
	Change	Defined	Change	Defined
	in actuarial	benefit	in actuarial	benefit
	assumption	obligation	assumption	obligation
		Rupees		Rupees
Discount rate	+ 1%	3,365,428	+ 1%	2,365,450
	- 1%	3,807,007	- 1%	2,684,778
Expected rates of increase in salary	+ 1%	3,810,195	+ 1%	2,687,019
	- 1%	3,359,128	- 1%	2,360,967

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Furthermore, in presenting the above sensitivity analysis, the present value of defined benefit obligation as at the reporting date has been calculated using projected unit credit method, which is the same as that applied in calculating the defined benefit obligation to be recognized in these financial statements.

(c) Fair value of investment property (see note 17.1).

Fair value of investment property has been determined by reference to local market values taking into account prevailing fair market prices under the position and circumstances present on the date of valuation and current market scenario for properties of similar nature in the immediate neighbourhood and adjoining areas. Land is valued using market comparable approach that reflects recent transaction prices for similar properties. Significant inputs include estimated purchase price, including non-refundable purchase taxes and other costs directly attributable to the acquisition. Building is valued using cost approach that reflects the cost to the market participants to construct assets of comparable utility and age, adjusted for obsolescence and depreciation. Significant inputs include estimated construction costs and other ancillary expenditure.

A 5% increase in estimated purchase price of land, including non-refundable purchase taxes and other costs directly attributable to the acquisition of land or in estimated construction cost of buildings and other ancillary expenditure would result in a significant increase in fair value of land and building by Rs. 38.6 million (30-Jun-23: Rs. 37.876 million) and Rs. 6.47 million (30-Jun-23: Rs. 6.168 million) respectively.

2.4 Functional currency

These financial statements have been prepared in PakRupees which is the Company's functional currency. The amounts reported in these financial statements have been rounded to the nearest Rupees unless specified otherwise.

2.5 Date of authorization for issue

These financial statements were authorized for issue on 30 September 2024 by the Board of Directors of the Company.

3 NEW AND REVISED STANDARDS, INTERPRETATIONS AND AMENDMENTS EFFECTIVE DURING THE YEAR.

The following new and revised standards, interpretations and amendments are effective in the current period but are either not relevant to the Companyor their application does not have any material impact on the interim financial statements of the Company other than presentation and disclosures, except as stated otherwise.

3.1 Disclosure of Accounting Policies (Amendments to IAS 1 - Presentation of Financial Statements and IFRS Practice Statement 2 - Making Materiality Judgements)

The amendments require that an entity discloses its material accounting policies, instead of its significant accounting policies. Further amendments explain how an entity can identify a material accounting policy. Examples of when an accounting policy is likely to be material are added. To support the amendment, the Board has also developed guidance and examples to explain and demonstrate the application of the 'four-step materiality process' described in IFRS Practice Statement 2.

Effective date

The amendmentsreplace the definition of a change in accounting estimates with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The amendments clarify that a change in accounting estimate that results from new information or new developments is not the correction of an error.

3.3 International Tax Reform — Pillar Two Model Rules (Amendments to IAS 12 - Income Taxes)

The amendments align the standard's requirements with similar amendments to IAS 12 Income Taxes issued in May 2023

3.4 Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12)

The amendments clarify that the initial recognition exemption does not apply to transactions in which equal amounts of deductible and taxable temporary differences arise on initial recognition.

4 NEW AND REVISED STANDARDS, INTERPRETATIONS AND AMENDMENTS NOT YET EFFECTIVE.

The following standards, interpretations and amendments are in issue which are not effective as at the reporting date and have not been early adopted by the Company.

	(annual periods beginning on or after)
IFRS S1 - General Requirements for Disclosure of Sustainability-related Financial Information	01 January 2024
IFRS S2 - Climate-related Disclosures	01 January 2024
Classification of Liabilities as Current or Non-Current (Amendments to IAS 1 - Presentation of Financial Statements).	01 January 2024
Lease Liability in a Sale and Leaseback (Amendments to IFRS 16 - Leases)	01 January 2024
Non-current Liabilities with Covenants (Amendments to IAS 1 - Presentation of Financial Statements)	01 January 2024
Supplier Finance Arrangements (Amendments to IAS 7 - Statement of Cash Flows and IFRS 7 - Financial Instruments : Disclosures)	01 January 2024
IFRS 17 - Insurance Contracts	01 January 2026

Other than afore-mentioned standards, interpretations and amendments, IASB has also issued IFRS1 - First Time Adoption of International Financial Reporting Standards which has not been notified by the Securities and Exchange Commissionof Pakistan.

The Companyintends to adopt these new and revised standards, interpretations and amendments on their effective dates, subject to, where required, notification by Securities and Exchange Commission of Pakistan under section 225 of the Companies Act, 2017 regarding their adoption. The management anticipates that the adoption of the above standards, amendments and interpretations in future periods, will not have a material impact on the Company's financial statements other than in presentation/disclosures.

5 CHANGE IN ACCOUNTING POLICY

The Institute of Chartered Accountants of Pakistan vide Circular 07 of 2024 dated 15 May 2024 has issued Application Guidance on Accounting fo MinimumTaxes and Final Taxes ['the Application Guidance'] under IAS 12, IAS 37 and IFRIC21. The Application Guidance provides guidance on accounting of minimumand final taxes, charged under various provision of the Income Tax Ordinance, 2001 ['the Ordinance'] and provides appropriate approaches to account for minimumtaxes and final taxes in compliance with the requirements of under the requirements of relevant accounting and reporting standards.

The Application guidance addresses scenarios where an entity is subject to non-tax/levy regime whereby taxes under Ordinance are levied on turnover or other basis and are not based on taxable profits. The Application Guidance provides that since minimumtaxes and final taxes are computed on basis other than taxable profits, these fall under the definition of levy within the scope of IFRIC21/IAS 37 and thus shall be recognized as 'levies' against the previous practice of recognition as 'current tax' under IAS 12.

In order to implement the Application Guidance, the Company has changed its accounting policy for 'income taxes', following the requirements of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors in respect of restatements arising as a result thereof. Following the change in accounting policy:

- Any component of taxes assessed under the Ordinance which are computed on basis other than taxable profits are recognized as 'levies' while taxes based on taxable profits continue to be recognized as 'current tax'.
- Previously recognized/unrecognized deferred taxes have been reassessed and necessary adjustments have been made to align with the effective rate of current tax under the new accounting policy.
- Assets/liabilities related to levies and previously included in current tax assets/liabilities have been reclassified.

The amount of adjustment [increase/(decrease)] for each financial statement line item affected and on earnings per share of the Company is as follows:

	30-Jun-24	30-Jun-23
	Rupees	Rupees
Income tax payable	(2,341,098)	-
Statutory levis payable	2,341,098	-
Advance income tax	(2,341,097)	-
Prepaid statutory levies	2,341,097	-
Provision for current taxation	(2,341,098)	-
Provision for statutory levies	2,341,098	-
Earnings per share	-	-

6 MATERIAL ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

6.1 Financial instruments

6.1.1 Recognition

A financial instrument is recognized when the Company becomes a party to the contractual provisions of the instrument.

6.1.2 Classification

The Company classifies its financial assets on the basis of the Company's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset. Financialliabilities are classified in accordance with the substance of contractual provisions. The Company determines the classification of its financial instruments at initial recognition as follows:

(a) Financial assets at amortized cost

These are financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cashflows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(b) Financial assets at fair value through other comprehensive income

These are:

- (i) financial assets held within a business model whose objective is achieved by both collecting contractual cashflows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding; and
- (ii) investments in equity instruments, that are not held for trading nor contingent consideration recognized by the Company as acquirer in a business combination, for which the Company makes an irrevocable election at initial recognition to present changes in fair value on subsequent measurement in other comprehensive income.

(c) Financial assets at fair value through profit or loss

These are financial assets which have not been classified as 'financial assets at amortized cost' or as 'financial assets at fair value through other comprehensive income', are mandatorily measured at fair value through profit or loss or for which the Company makes an irrevocable election at initial recognition to designate as 'financial asset at fair value through profit or loss' if doing so eliminates or significantly reduces a measurement or recognition inconsistency.

(d) Financial liabilities at amortized cost

These are financial liabilities which are not derivates, financial guarantee contracts, commitments to provide loans at below-market interest rate, contingent consideration payable to an acquirer in a business combination or financial liabilities that arise when transfer of a financial asset does not qualify for derecognition.

(e) Financial liabilities at fair value through profit or loss

These are financial liabilities which have not been classified as 'financial liabilities at amortized cost' or for which the Company makes an irrevocable election at initial recognition to designate as 'financial liabilities at fair value through profit or loss' if doing so eliminates or significantly reduces a measurement or recognition inconsistency.

6.1.3 Measurement

The particular measurement methods adopted are disclosed in individual policy statements associated with each financial instrument.

6.1.4 Derecognition

A financial asset is derecognized when the Company's contractual rights to the cash flows from the financial assets expire or when the Companytransfers the financial asset to another party without retaining control of substantially all risks and rewards of the financial asset. A financial liability is derecognized when the Company's obligations specified in the contract expire or a discharged or cancelled.

6.1.5 Off-setting

A financial asset and financial liability is offset and the net amount reported in the statement of financial position if the Company has legally enforceable right to set-off the recognized amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

6.2 Ordinary share capital

Ordinary share capital is recognized as equity. Transaction costs directly attributable to the issue of ordinary shares are recognized as deduction from equity.

6.3 Loans and borrowings

Loans and borrowings, except for loan from directors and sponsors which are repayable at the Company's discretion and are not payable on demand, are classified as 'financial liabilities at amortized cost'. On initial recognition, these are measured at cost, being fair value at the date the liability is incurred, less attributable transaction costs. Subsequent to initial recognition, these are measured at amortized cost with any difference between cost and value at maturity recognized in the profit or loss over the period of the borrowings on an effective interest basis.

Loan from directors and sponsors which are repayable at the Company's discretion and are not payable on demandare stated in the statement of financial position at cost and presented as equity in accordance with guidance provided in Technical Release 32 'Accounting Directors' Loan' issued by the Institute of Chartered Accountants of Pakistan.

6.4 Trade and other payables

6.4.1 Financial liabilities

These are classified as 'financial liabilities at amortized cost'. On initial recognition, these are measured at fair value at the date the liability is incurred, less attributable transaction costs. Subsequent to initial recognition, these are measured at amortized cost using the effective interest method, with interest recognized in profit or loss.

6.4.2 Non-financial liabilities

These, both on initial recognition and subsequently, are measured at cost.

6.5 Provisions and contingencies

Provisions are recognized when the Company has a legal and constructive obligation as a result of past events and it is probable that outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. The amount recognized as provision is the best estimate of the consideration required to settle the present obligation at the reporting date, taking into account the risk and uncertainties surrounding the obligation. Where a provision is measured using cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows. Where outflow of resources embodying economic benefits is not probable, or where a reliable estimate of the amount of obligation cannot be made, a contingent liability is disclosed, unless the possibility of outflow is remote.

6.6 Property and equipment

Property and equipment assets held for use in the production or supply of goods or services or for administrative purposes, are stated in the statement of financial position at their cost less accumulated depreciation and accumulated

Assets in the course of construction for production, supply or administrative purposes, or for purposes not yet determined, are carried at cost, less any recognized impairment loss. Cost includes the cost of material, labour and appropriate overheads directly relating to the construction, erection and installation of the asset and, for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policy. Depreciation of these assets, determined on the same basis as other assets of the same class, commences when the assets are ready for their intended use.

Depreciation is recognized in profit or loss, using rates specified in note 15, so as to write off the cost of assets (other than freehold land and assets under construction) over their useful lives, using the reducing balance method. Depreciation commences from the month in which the item is ready for intended use and is discontinued from the month in which the asset is disposed or classified as held for disposal.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

A property and equipmentasset is derecognized upon disposal or when no future economic benefits are expected to arise from its continued use. The gain or loss arising on the disposal or retirement of such assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

6.7 Investment property

Investment property, which is property held to earn rentals and/or for capital appreciation (including property under construction for such purposes), is measured initially at cost, including transaction costs. Cost includes the cost of material, labour and appropriate overheads directly relating to the construction of the property and, for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policy. Subsequent to initial recognition, investment property is measured at fair value. Gains or losses arising from changes in the fair value of investment property are included in profit or loss in the period in which they arise.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

6.8 Investment in associates

Investments in associates are accounted for using the equity method of accounting. Under the equity method, an investment in an associate is recognized initially in the statement of financial position at cost and adjusted thereafter to recognize the Company's share of the profit or loss and other comprehensive income of the associate, dividends received and impairment losses, if any. When the Company's share of losses of an associate exceeds the Company's interest in that associate (which includes any long-term interests that, in substance, form part of the Company's net investment in the associate), the Company discontinues recognizing its share of further losses. Additional losses are recognized only to the extent that the Company has incurred legal or constructive obligations or made payments on behalf of the associate.

6.9 Receivables

6.9.1 Financial assets

These are classified as 'financial assets at amortized cost'. On initial recognition, these are measured at fair value at the date of transaction, plus attributable transaction costs. Subsequent to initial recognition, these are measured at amortized cost using the effective interest method, with interest recognized in profit or loss.

6.9.2 Non-financial assets

These, both on initial recognition and subsequently, are measured at cost.

6.10 Investments in mutual funds and equity securities

Investments in mutual funds and equity securities are mandorily classified as 'financial assets at fair value thorugh profit or loss'. On initial recognition, these are measured at fair value on the date of acquisition. Subsequent to initial recognition, these are measured at fair value. Cumulative gains and losses from changes in fair value recognized in profit or loss. Dividend income is recognized in profit or loss when right to receive payment is established.

6.11 Cash and cash equivalents

Cash and cash equivalents for the purpose of cash flow statement comprise cash in hand and cash at banks. Interest income on cash and cash equivalents is recognized using effective interest method.

6.12 Leases as 'lessor'

The Company enters into operating lease agreements as a lessor with respect to its investment property. Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

6.13 Employee benefits

6.13.1 Short-term employee benefits

The Company recognizes the undiscounted amount of short term employee benefits to be paid in exchange for services rendered by employees as a liability after deducting amount already paid and as an expense in profit or loss unless it is included in the cost of inventories or property, plant and equipment as permitted or required by the approved accounting and reporting standards as applicable in Pakistan. If the amount paid exceeds the undiscounted amount of benefits, the excess is recognized as an asset to the extent that the prepayment would lead to a reduction in future payments or cash refund.

6.13.2 Post-employment benefits

The Company operates an unfunded gratuity scheme (defined benefit plan) for all its employees who have completed the minimum qualifying service period. Liability is adjusted on each reporting date to cover the obligation and the adjustment is charged to income statement with the exception of remeasurements which are recognized in other comprehensive income. The amount recognized on statement of financial position represents the present value of defined benefit obligation.

6.14 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying asset is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognized in profit or loss as incurred.

6.15 Income tax

Income tax expense comprises current tax and deferred tax. Income tax expense is recognized in profit or loss except to the extent that it relates to items recognized directly in other comprehensive income, in which case it is recognized in other comprehensive income.

6.15.1 Current taxation

Current tax is the amount of tax payable on taxable income for the year and any adjustment to the tax payable in respect of previous years. Provision for current tax is based on current rates of taxation in Pakistan after taking into account tax credits, rebates and exemptions available, if any. The amount of unpaid income tax in respect of the current or prior periods is recognized as a liability. Any excess paid over what is due in respect of the current or prior periods is recognized as an asset.

6.15.2 Deferred taxation

Deferred tax is accounted for by providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for tax purposes. Deferred tax is measured at rates that are expected to be applied to the temporary differences when they reverse, based on laws that have been enacted or substantively enacted by the reporting date. A deferred tax liability is recognized for all taxable temporary differences. A deferred tax asset is recognized for deductible temporary differences to the extent that future taxable profits will be available against which temporary differences can be utilized.

6.16 Impairment

6.16.1 Financial assets

The Companyrecognizes a loss allowance for expected credit losses on financial assets carried at amortized cost on date of initial recognition. The amount of expected credit losses is updated on each reporting date to reflect the changes in credit risk since initial recognition of the respective financial asset.

Impairmentis recognized at an amount equal to lifetime expected credit losses for financial assets for which credit risk has increased significantly since initial recognition. For financial assets for which credit risk is low, impairmentis recognized at an amount equal to twelve months' expected credit losses, with the exception of lease rentals receivables, for which the Company recognizes lifetime expected credit losses estimated using internal credit risk grading based on the Company's historical credit loss experience, adjusted for factors that are specific to lease rentals receivables, general economic conditions, and an assessment for both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

All impairment losses are recognized in profit or loss. An impairment loss is reversed if the reversal can be related objectively to an event occurring after the impairment loss was recognized. An impairment loss is reversed only to the extent that the financial asset's carrying amount after the reversal does not exceed the carrying amount that would have been determined, net of amortization, if no impairment loss had been recognized.

The Company writes off a financial asset when there is information indicating that the counter-party is in severe financial condition and there is no realistic prospect of recovery. Any recoveries made post write-off are recognized in profit or loss.

6.16.2 Non-financial assets

The carrying amount of the Company's non-financial assets, other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. The recoverable amount of an asset or cash generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present values using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash generating unit.

An impairment loss is recognized if the carrying amount of the asset or its cash generating unit exceeds its estimated recoverable amount. Impairmentlosses are recognized in profit or loss. Impairmentlosses recognized in respect of cash generating units are allocated to reduce the carrying amounts of the assets in a unit on a pro rata basis. Impairmentlosses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used in determining the recoverable amount. An impairmentloss is reversed only to that extent that the asset's carrying amount after the reversal does not exceed the carrying amount that would have been determined, net of depreciation and amortization, if no impairment loss had been recognized.

6.17 Earnings per share ['EPS']

Basic EPSis calculated by dividing the profit or loss attributable to ordinary shareholders of the Companyby the weighted average number of ordinary shares outstanding during the year.

DilutedEPSis calculated by adjusting basic EPSby the weighted average number of ordinary shares that would be issued on conversion of all dilutive potential ordinary shares into ordinary shares and post-tax effect of changes in profit or loss attributable to ordinary shareholders of the Company that would result from conversion of all dilutive potential ordinary shares into ordinary shares.

6.18 Comprehensive income

Comprehensive income is the change in equity resulting from transactions and other events, other than changes resulting from transactions with shareholders in their capacity as shareholders. Total comprehensive income comprises all components of profit or loss and other comprehensive income ['OCI']. OCI comprises items of income and expense, including reclassification adjustments, that are not recognized in profit or loss as required or permitted by accounting and reporting standards as applicable in Pakistan, and is presented in 'statement of comprehensive income'.

6.19 Foreign currency transactions and balances

Transactions in foreign currency are translated to the functional currency of the Company using exchange rate prevailing at the date of transaction. Monetary assets and liabilities denominated in foreign currency are translated to the functional currency at exchange rate prevailing at the reporting date. Non-monetary assets and liabilities denominated in foreign currency that are measured at fair value are translated to the functional currency at exchange rate prevailing at the date the fair value is determined. Non-monetary assets and liabilities denominated in foreign currency that are measured at historical cost are translated to functional currency at exchange rate prevailing at the date of initial recognition. Any gain or loss arising on translation of foreign currency transactions and balances is recognized in profit or loss.

6.20 Segment reporting

Segmentreporting is based on the operating segments that are reported in the manner consistent with internal reporting of the Company. An operating segment is a component of the Companythat engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components. An operating segment's operating results are reviewed regularly by the Chief Executive Officer to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available. The Company is a single operating segment based on internal reporting to the Chief Executive Officer of the Company.

6.21 Fair value measurements

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-**performance risk**.

A number of the Company's accounting policies and disclosures require the measurement of fair values.

The best evidence of the fair value of a financial instrument on initial recognition is normally the transaction price - i.e. the fair value of the consideration given or received. If the Company determines that the fair value on initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on a valuation technique for which any unobservable inputs are judged to be insignificant in relation to the measurement, then the financial instrument is initially measured at fair value, adjusted to defer the difference between the fair value on initial recognition and the transaction price. Subsequently, that difference is recognised in profit or loss on an appropriate basis over the life of the instrument but no later than when the valuation is wholly supported by observable market data or the transaction is closed out.

When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as 'active' if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximise the use of relevant observable inputs and minimisethe use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

If an asset or a liability measured at fair value has a bid price and an ask price, then the Companymeasures assets and long positions at a bid price and liabilities and short positions at an ask price

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs). If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

6.22 Dividend distribution to ordinary shareholders

Dividend to ordinary shareholders is recognized as a deduction from accumulated profit in statement of changes in equity and as a liability, to the extent it is unclaimed/unpaid, in the Company's financial statements in the year in which the dividends are approved by the Company's shareholders.

9 SHARE PREMIUM

This represents premium on issue of right ordinary shares recognized under section 81 of the Companies Act, 2017.

10 LOANS FROM DIRECTORS AND OTHER SHAREHOLDERS

These represent unsecured, interest free loans provided by the directors and other shareholders of the Company. The Company has reached an understanding with the lenders that these loans shall be payable at the discretion of the Company and that these loans are not payable on demand. Accordingly, these loans have been classified as equity in accordance with guidance provided in Technical Release 32 'Accounting Directors' Loan' issued by the Institute of Chartered Accountants of Pakistan.

11 EMPLOYEES RETIREMENT BENEFITS

The Companyoperates an unfunded gratuity scheme, a defined benefit plan, for all its employees who have completed the minimum qualifying service period. Under the scheme, the Company pays a lump-sum benefit equal to last drawn monthly gross salary for each year of service to scheme members whereas the members of the scheme are not required to make any contributions to the scheme. The scheme is administered by the management of the Company under the supervision and directions of the Board of Directors of the Company. The amount recognized on statement of financial position represents present value of defined benefit obligation.

		Note	30-Jun-24	30-Jun-23

	Experience adjustments		78,231	202,866
			70,837	257,925

11.4 Principal actuarial assumptions

Present value of defined benefit obligation has been determined using projected unit credit method. The liability as at the reporting date is based on actuarial valuation carried out by independent actuaries, Nauman Associates. The principal assumptions used in determining present value of defined benefit obligation are:

	30-Jun-24	30-Jun-23
	Rupees	Rupees
Discount rate	14.75%	16.25%
Expected rates of increase in salary	13.75%	15.25%

11.5 Average duration of the defined benefit obligation

The average duration of the defined benefit obligation is six years.

11.6 Expected charge to profit or loss for the next financial year

The expected charge to profit or loss for the year ending 30 June 2025 amounts to Rs. 1,698,160.

11.7 Risk factors

The defined benefit plan exposes the Company to the following actuarial risks:

Interest risk: The discount rate used in determination of present value of defined benefit obligation has been determined by reference to market yield at the reporting date on government bonds since there is no deep market in long term private sector bonds in Pakistan. An increase in market yield resulting in a higher discount rate will decrease the defined benefit liability.

Longevity risk: The present value of defined benefit obligation is calculated by reference to the best estimate of the expected remaining working lives of employees. An increase in the expected remaining working lives will increase the defined benefit obligation.

Salary risk: The present value of defined benefit obligation is calculated by reference to future salaries of employees. An increase in salary of employees will increase the defined benefit obligation.

13 UNCLAIMED DIVIDEND

This represents dividend on ordinary shares declared in the previous years but not claimed by the shareholders as at the reporting date.

14 CONTINGENCIES AND COMMITMENTS

14.1 Contingencies

- **14.1.1** Sales tax and other liabilities of Rs. 5.730 million(30-Jun-22: Rs. 5.730 million) are pending in appeals. The Companyhas filed reference application before the Honorable Lahore High Court, Lahore and other appellate forums. The subject reference is still pending before the Honorable Lahore High Court, Lahore.
- **14.1.2** Suit filed by United Investment Limited against the State and the Companyfor possession of land at Kala Shah Kaku, Tehsil Ferozewala, District Sheikhupura acquired by the State. However, no liability involving financial burden on the Companyis expected to arise. Case is pending for hearing as confirmed by legal advisor.
- 14.1.3 Securities and Exchange Commissionof Pakistan ['SECP']filed a petition with the Honorable Lahore High Court, Lahore on the request of the shareholders against the improper management of operations of the Company. In response to this petition, The Lahore High Court issued a notice of hearing to the Company. The Companyin this respect attended hearing and submitted its reply accordingly. The subject reference is still pending before the Honorable Lahore High Court, Lahore.

14.2 Commitments

There are no known commitments as at the reporting date.

16	GOVERNMENT TAKEN OVER CONCERNS			
	Gross amount due	16.1	-	27,229,339
	Impairment allowance	16.2	-	(27,229,339)

16.1 Ittehad Pesticides Limited ['IPL'], owned by the Saigols, was taken over by the Government of Pakistan. The Government issued debentures of IPL to the Saigols as consideration for the takeover and the Saigols encased the same. However, an amount of Rs. 27,229,339 was claimed by the Saigols as outstanding. The Company had filed a writ against IPL and Federal Government of Pakistan with regard to the amount due. The claim of the Company was rejected by Civil Judge vide judgement dated 19 June 2013. Amount recoverable thus has been written-off.

Share of other comprehensive income for the year		-	-
		(3,538,833)	(374,490)

19 LONG TERM DEPOSITS

These have been deposited with various utility companies and regulatory authorities. These are classified as 'financial assets at amortized cost' under IFRS9 'Financial Instruments' which are required to be carried at amortized cost. However, these, being held for an indefinite period with no fixed maturity date, are carried at cost as their amortized cost is impracticable to determine.

- **30.3** The income tax assessments of the Company up to and including tax year 2023 have been completed by the concerned income tax authorities or are deemed to have been so completed under the provisions of section 120 of the ordinance except as explained in note 30.4 to 30.5.
- 30.4 In respect of tax year 2016, the Companyreceived a notice under section 161(1) vide order dated 13 June 2022 by Deputy CommissionInland Revenue ['DCIR'],wherein a tax demand of Rs. 1,256,799 was raised. The Company filed an appeal for stay before CommissionerInland Revenue (Appeals) ['CIR(A)'] against this order in July 2022 and the CIR(A), through order dated 24 March 2023, upheld the order of DCIR(A) against which the Company filed an appeal before Appellate Tribunal Inland Revenue ['ATIR'] in April 2023. The ATIR vide order dated 26 January 2024 annulled the CIR(A)'s order with direction to decide this case afresh after affording opportunity of hearing to the Company. The proceedings are still under process.
- 30.5 The Company's case was selected for audit by the Additional CommissionerInland Revenue ['ACIR'] for tax year 2016 in terms of section 122(5A) of the Ordinance in June 2022 issuing a demand notice of Rs. 2,711,572. The Company filed an appeal before CommissionerInland Revenue (Appeals) ['CIR(A)'] against this order in July 2022 and the CIR(A), through order dated 21 March 2023, upheld the order of ACIR against which the Company filed an appeal before Appellate Tribunal Inland Revenue ['ATIR'] in April 2023. The ATIR vide order dated 26 January 2024 dismissed the Company's appeal.

36 REMUNERATION OF CHIEF EXECUTIVE, DIRECTORS, AND EXECUTIVES

No amountwas charged to profit or loss in respect of chief executive, directors and executives on account of managerial remuneration, allowances, perquisites and post employment benefits.

37 CAPITAL MANAGEMENT

The objectives of the Company, while managing capital are to ensure that it continues to meet the going concern assumption, enhance shareholders' wealth and meet stakeholders' expectations. The Company's objective is to ensure its sustainable growth viz. maintainingoptimal capital structure, keeping its finance cost low, exercising option of issuing right shares or, where possible, repurchasing shares, selling surplus property, plant and equipment without affecting the optimal production and operating level and regulating dividend payout. The Company is not subject to externally imposed capital requirements.

38 FINANCIAL INSTRUMENTS

The carrying amounts of the Company's financial instruments by class and category are as follows:

		Note	30-Jun-24	30-Jun-23
			Rupees	Rupees

39 FINANCIAL RISK EXPOSURE AND MANAGEMENT

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk (including currency risk, interest rate risk and price risk). These risks affect revenues, expenses, assets and liabilities of the Company.

The Board of Directors has the overall responsibility for establishment and oversight of risk managementframework. The Board of Directors has developed a risk policy that sets out fundamentals of risk managementframework. The risk policy focuses on unpredictability of financial markets, the Company's exposure to risk of adverse effects thereof and objectives, policies and processes for measuring and managing such risks. The managementteam of the Company is responsible for administering and monitoring the financial and operational financial risk management throughout the Company in accordance with the risk management framework.

The Company's exposure to financial risks, the way these risks affect the financial position and performance, and forecast transactions of the Company and the manner in which such risks are managed is as follows:

39.1 Credit risk

Credit risk is the risk of financial loss to the Company, if the counterparty to a financial instrument fails to meet its

39.1.1 Credit risk management practices

In order to minimizecredit risk, the Company has adopted a policy of only dealing with creditworthy counterparties and limiting significant exposure to any single counterparty. The Company only transacts with counterparties that have reasonably high external credit ratings. Where an external rating is not available, the Companyuses an internal credit risk grading mechanism. Particularly for customers, a dedicated team responsible for the determination of credit limits uses a credit scoring system to assess the potential as well as existing customers' credit quality and assigns or updates credit limits accordingly. The ageing profile of lease rentals receivable and individually significant balances, along with collection activities are reviewed on a regular basis.

The Company reviews the recoverable amount of each financial asset on an individual basis at each reporting date to ensure that adequate loss allowance is made in accordance with the assessment of credit risk for each financial asset.

The Company considers a financial asset to have low credit risk when the asset has reasonably high external credit rating or if an external rating is not available, the asset has an internal rating of 'performing'. Performing means that the counterparty has no past due amounts or otherwise there is no significant increase in credit risk if the amounts are past due in the normal course of business based on history with the counterparty.

In assessing whether the credit risk on a financial asset has increased significantly since initial recognition, the Company compares the risk of a default occurring on the financial asset at the reporting date with the risk of a default occurring on the financial asset at the date of initial recognition. In making this assessment, the Company considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward?looking information that is available without undue cost or effort. Irrespective of the outcome of the above assessment, the Company presumes that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Company has reasonable and supportable information that demonstrates otherwise. This is usually the case with various customers of the Company where the Company has long standing business relationship with these customers and any amounts that are past due by more than 30 days in the normal course of business are considered 'performing' based on history with the customers. Therefore despite the foregoing, the Company considers some past due lease rentals receivable to have low credit risk where the customer has a good history of meeting its contractual cash flow obligations and is expected to maintain the same in future.

The Company regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk

The Company considers 'default' to have occurred when the financial asset is credit-impaired. A financial asset is considered to be credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred.

The Company writes off a financial asset when there is information indicating that the counter-party is in severe financial condition and there is no realistic prospect of recovery.

The Company's credit risk grading framework comprises the following categories:

Category	Description	Basis for recognizing ECL
Performing	The counterparty has low credit risk	Lease rentals receivable: Lifetime ECL Other assets: Twelve month ECL
Doubtful	Credit risk has increased significantly since initial recognition	Lifetime ECL
In default	There is evidence indicating the assets is credit-impaired	Lifetime ECL
Write-off	There is no realistic prospect of recovery	Amount is written-off

39.1.2 Exposure to credit risk

Credit risk principally arises from the Company's debt instruments. The maximum exposure to credit risk as at the reporting date is as follows:

	Note	30-Jun-24	30-Jun-23
		Rupees	Rupees
Financial assets at amortized cost			
Long term deposits	19	166,376	166,376
Lease rentals receivable		20,000	160,882
Advances to employees	21	1,225,500	1,123,500
Cash at bank	23	8,596,441	16,764,613
		10,008,317	18,215,371

39.1.3 Credit quality and impairment

Credit quality of financial assets is assessed by reference to external credit ratings, where available, or to internal credit risk grading. The credit quality of the Company's financial assets exposed to credit risk is as follows:

	_	External	Internal credit	12-month or	Gross	Loss
	Note	credit rating	risk grading	life-time ECLcari	ying amount	allowance
	_				Rupees	Rupees
Long term deposits	19	N/A	Performing	Lifetime ECL	166,376	-
Lease rentals receivable		N/A	Performing	12-month ECL	20,000	-
Advances to employees	21	N/A	Performing	12-month ECL	1,225,500	-
Bank balances	23	A1 - A1+	N/A	12-month ECL	8,596,441	-
					10,008,317	-

(a) Long term deposits

Long term deposits comprise security deposits placed with various utility companies and regulatory authorities. These deposits are substantially perpetual in nature. Therefore, no credit risk has been associated with these financial assets and accordingly no loss allowance has been made.

(b) Lease rentals receivable

This represents rent for June 2023 receivable from a customer the Companyhas a long standing relationship. No credit risk has been associated with these financial assets and accordingly no loss allowance has been made.

(c) Advances to employees

Advances to employees have been given against future salaries and post-employment benefits. Therefore, no credit risk has been associated with these financial assets and accordingly no loss allowance has been made.

(d) Bank balances

The bankers of the Company have reasonably high credit ratings as determined by various independent credit rating agencies. Due to long standing business relationships with these counterparties and considering their strong financial standing, management does not expect any credit loss. Therefore, no credit risk has been associated with these financial assets and accordingly no loss allowance has been made.

39.1.4 Concentration of credit risk

There are no significant concentrations of credit risk.

39.1.5 Collateral held

The Company does not hold any collateral to secure its financial assets.

39.2 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due.

39.2.1 Liquidity risk management

The Company's approach to managing liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company monitors cash flow requirements and produces cash flow projections for the short and long term. Typically, the Company ensures that it has sufficient cash on demand to meet expected operational cash flows, including servicing of financial obligations. This includes maintenance of balance sheet liquidity ratios, lease rentals receivable and creditors concentration both in terms of overall funding mix and avoidance of undue reliance on large individual customer.

39.2.2 Exposure to liquidity risk

The following presents the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The analysis have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

			30-Jun-24		
	Carrying	Contractual	One year	One to	More than
	amount	cash flows	or less	five years	five years
	Rupees	Rupees	Rupees	Rupees	Rupees

Accrued liabilities	3,346,322	3,346,322	3,346,322	-	_
Unclaimed dividend	2,239,099	2,239,099	2,239,099	-	-
	6,498,103	6,498,103	6,498,103	-	-
			30-Jun-23		
	Carrying	Contractual	One year	One to	More than
	amount	cash flows	or less	five years	five years
	Rupees	Rupees	Rupees	Rupees	Rupees
Trade creditors	1,578,398	1,578,398	1,578,398	-	-
Accrued liabilities	2,305,900	2,305,900	2,305,900	-	-
Unclaimed dividend	2,252,941	2,252,941	2,252,941	-	-
	6,137,239	6,137,239	6,137,239	-	-

39.3 Market risk

39.3.1 Currency risk

Currency risk is the risk that fair values or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises from transactions and resulting balances that are denominated in a currency other than functional currency. The Company is not exposed to currency risk.

39.3.2 Interest rate risk

Interest rate risk is the risk that fair values or future cash flows of a financial instrument will fluctuate because of changes in interest rates.

(a) Interest rate risk management

The Company manages interest rate risk by analyzing its interest rate exposure on a dynamic basis. Cash flow interest rate risk is managed by simulating various scenarios taking into consideration refinancing, renewal of existing positions and alternative financing. Based on these scenarios, the Company calculates impact on profit after taxation and equity of defined interest rate shift, mostly 100 basis points.

(b) Interest bearing financial instruments

The effective interest rates for interest bearing financial instruments are mentioned in relevant notes to the financial statements. The Company's interest bearing financial instruments as at the reporting date are as follows:

	30-Jun-24	30-Jun-23
	Rupees	Rupees
Fixed rate instruments	-	-
Variable rate instruments		
Financial assets	8,047,023	79,679,463
Financial liabilities	-	_

(c) Fair value sensitivity analysis for fixed rate instruments

The Company does not account for its fixed rate instruments at fair value

(d) Cash flow sensitivity analysis for variable rate instruments

An increase of 100 basis points in interest rates as at the reporting date would have increased profit for the year by Rs. 80,470 (30-Jun-23: Rs. 796,795). A decrease of 100 basis points wound have had an equal but opposite effect on profit for the year. The analysis assumes that all other variables, in particular foreign exchange rates, remain constant and ignores the impact, if any, on provision for taxation for the year.

39.3.3 Other price risk

Other price risk represents the risk that the fair value or future cash flows of financial instrument will fluctuate because of changes in market prices, other than those arising from interest rate risk or currency risk, whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments. The Company is exposed to price risk in respect of its investments in mutual funds.

(a) Equity price risk management

The Company manages equity price risk by investing a diversified portfolio of securities to reduce the risk of loss from volatility in equity price of an individual security.

(b) Sensitivity analysis

A one percent appreciation in prices of equity securities and mutual fund units as at reporting date would have increased equity as at the reporting date by Rs 1.195 million (30-Jun-23: nil). A one percent diminution in prices of equity securities and mutual fund units as at the reporting date would have had equal but opposite effect on equity and profit for the year. The analysis assumes that all other variables remain constant and ignores the impact, if any, on provision for taxation for the year.

40 FAIR VALUE MEASUREMENTS

The Company measures some of its assets at fair value. Fair value measurements are classified using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy of financial instruments measured at fair value and the information about how the fair values of these financial instruments are determined are as follows:

40.1 Financial instruments measured at fair value

40.1.1 Recurring fair value measurements

Nature of asset	of asset Hierarchy Valuation techniques/Key inputs		re of asset Hierarchy Valuation techniques/Key input		30-Jun-24	30-Jun-23
			Rupees	Rupees		
Investments in mutual funds	Level 1	Quoted prices in an active	119,546,127	_		

40.1.2 Non-recurring fair value measurements

There are no non-recurring fair value measurements as at the reporting date.

40.2 Financial instruments not measured at fair value

The management considers the carrying amount of all financial instruments not measured at fair value to approximate their carrying values.

40.3 Assets and liabilities other than financial instruments.

40.3.1 Recurring fair value measurements

	Level 1	Level 2	Level 3	30-Jun-24	30-Jun-23
				Rupees	Rupees
Investment property - Land Investment property - Buildings	-	772,000,000 129,394,450	-	772,000,000 129,394,450	757,525,000 123,352,920

For fair value measurements categorized into Level 2 following information is relevant:

	Valuation technique	Significant inputs	Sensitivity
Land	Market comparable approach that reflects recent transaction prices for similar properties	including non-refundable purchase taxes and other	A 5% increase in estimated purchase price, including non-refundable purchase taxes and other costs directly attributable to the acquisition would result in a significant increase in fair value of land by Rs. 38.6 million(30-Jun-23: Rs. 37.876 million).
Buildings	11	and other ancillary expenditure.	A 5% increase in estimated construction and other ancillary expenditure would results in a significant increase in fair value of buildings by Rs. 6.47 million(30-Jun-23: Rs. 6.168 million).

40.3.2 Non-recurring fair value measurements

There are no non-recurring fair value measurements as at the reporting date.

41 SEGMENT INFORMATION

- **41.1** The Company is a single reportable segment.
- **41.2** All non-current assets of the Company are situated in Pakistan.

41.3 Information about major customers

	30-Jun-24	30-Jun-23
	Rupees	Rupees
Revenue derived from Beacon Impex (Private) Limited	83,907,600	75,242,274

42 MINIMUM LEASE PAYMENTS UNDER OPERATING LEASE

The Company has leased out investment property under operating lease arrangements. Amounts of minimumlease payments receivable under the lease agreements are as follows:

	30-Jun-24	30-Jun-23
	Rupees	Rupees
- not later than one year	85,589,228	85,414,536
- later than one year but not later than five years	43,197,536	128,786,764
	128,786,764	214,201,300

43 NUMBER OF EMPLOYEES

	30-Jun-24	30-Jun-23
Total number of employees	20	18
Average number of employees	19	15

44 RECOVERABLE AMOUNTS AND IMPAIRMENT

As at the reporting date, recoverable amounts of all assets/cash generating units are equal to or exceed their carrying amounts, unless stated otherwise in these financial statements.

	30-Jun-24	30-Jun-23
	Rupees	Rupees
RECLASSIFICATIONS		
The following have been reclassified for better presentation.		
Provision for Workers' Welfare Fund	1,609,219	1,132,023
Reclassified from Other expenses > Workers' Welfare Fund		
Reclassified to Provision for statutory levies > Workers' Welfare Fund
