Directors' Review

On behalf of the Board of Directors, we have pleasure in presenting review of performance together with the unaudited accounts of the company for the first quarter ended September 30, 2024.

Turnover declined by 15.38% to Rs 418.2 million with Ex Books leading the decline with a fall of 59.2% while Pro Labels had an increase of 7.72%. Sensitized paper and Photocopy paper sales also declined by 35.76%. Unfortunately, this fall in sales translated all the way down with GP decreasing to Rs 61.45 million, NP before tax fell to Rs 26.9 million, and NP after Tax decreased to Rs 12.7 million.

Ex Books sales had a massive decline in Q1 this year, especially compared to Q1 in 23-24 where we witnessed increase in sales of the PPP brand copy in interior Sindh. There are a couple of reasons for the decline in the first quarter: First of all we did very aggressive sales in the month of June and even our distributors picked up large quantities due to the expected removal of Zero Rating and Sales Tax being applied on the product. It was quite certain, as announced in the Federal Budget, but by Grace of Allah just before the Finance Bill was passed the Zero rating on Ex Books was maintained. Secondly this year we are facing major competition from all the players in the unorganized sector due to easy and abundant availability of cheap paper from all the smaller mills due to a massive decline in the prices of pulp in the international market. In the last couple of years, we maintained our dominant position due to regular supply from Century Paper Mills while there was severe shortage in the market. The increased supply of paper has badly affected our PPP brand sales in spite of us reducing our prices, but we cannot continue to chase the competition. Therefore, we have now shifted our policy to focus more on institutional sales and we are hopeful that going forward this decline in sales will be arrested.

Pro Labels had a very robust quarter as demand for labels increased in comparison to last quarter due to economic stability in the country. The FMCG and Oil Lubricant sector have seen positive growth, and it is hopeful that this will continue. We are very pleased that despite the 15% RD imposed on Self Adhesive paper we are continuing to maintain our profitability. The stable exchange rate is the key factor supporting us to maintain our profitability. Our Finance charges have also decreased on YOY basis due to reversal of exchange losses to a small exchange gain.

Overall, this has been a very mixed quarter with growth in one segment while decline in the other two. Rest assured that the Management is striving hard to reverse the losses in Ex Books and Sensitized Paper while maintaining the momentum in Pro Labels and hope to increase the overall profitability of the company going forward.

The Board would like to thank all our staff, stakeholders including the financial institutions for their continued support. In addition, the Directors also record their sincere appreciation for the cooperation received from the Regulators i.e. Securities & Exchange Commission of Pakistan (SECP) and Pakistan Stock Exchange Limited.

On behalf of the Board of Directors
