DIRECTORS' REPORT FOR THE QUARTER ENDED SEPTEMBER 30, 2024

The Directors of your Company are pleased to present this report along with the unaudited financial results for the first quarter ended September 30, 2024.

During the period ended September 30, 2024, the Company earned a profit before tax of Rs. 248 million and an after tax profit of Rs.152 million compared to the profit before tax of Rs. 567 million and after tax Profit of Rs. 345 million during the corresponding period last year. The basic and diluted earnings per share decreased from Rs. 18.30 to Rs. 8.05.

Resin Division

The Resin Division generated sales revenue of Rs. 799 million compared to Rs. 1,136 million achieved during the same period last year, showing a decline of 29.65%.

Moulding Compound Division

The Moulding Compound Division generated sales revenue of Rs. 2,071 million compared to Rs. 1,990 million achieved during the same period last year, showing an increase of 4.09%.

Future Outlook

Indications are that the economy is stabilising. It is hoped that the conditions of the latest IMF loan will be implemented and that the tentative economic recovery will continue and strengthen. Both inflation and interest rates will need to further reduce before confidence returns to the market. Until then sales will remain subdued. Consumer spending on non-essentials is still on hold but we are seeing some signs of a loosening starting to emerge. The feeling within the Company is that the current quarter going through to early 2025 will see an improvement in sales.

Acknowledgement

The Directors of the Company would like to thank the Almighty Allah for all His blessings in these challenging times. We wish to convey our appreciation to our shareholders, customers, financial institutions and other stakeholders for their continued support and the confidence that they have shown in the Company.

On behalf of the Board

10. SHORT-TERM RUNNING FINANCE - secured

Represents running finance facilities obtained from various conventional banks amounting to Rs. 1,850 million (2024: Rs. 1,850 million). These facilities are secured by joint / first pari passu hypothecation of stores and spares, stock-in-trade and trade debts of the Company. The rate of mark-up on these facilities ranges from one month KIBOR to three months' KIBOR as bench mark rate plus 0.50% to 1% as spread (2024: one month KIBOR to three months' KIBOR as bench mark rate plus 0.50% to 1% as spread) per annum and mark-up is payable quarterly.

11. CONTINGENCIES AND COMMITMENTS

11.1 Contingencies

The Excise and Taxation Department, Government of Sindh (the Department) imposed, vend and permit fee on methanol, a major raw material used by the Company in the production of formaldehyde. The Company filed a petition against the imposition of these levies in the Honourable High Court of Sindh (HCS) in August 1996. In June 2001, the Honourable HCS decided the case in the favour of the Company. However, the Department filed an appeal in the Honourable Supreme Court of Pakistan (SCP) against the above judgement. The Honourable SCP suspended the decision of the Honourable HCS once again decided the case in favour of the Company. The Department once again filed an appeal before the Honourable SCP.

In December 2019, the Honourable SCP disposed off the appeal on the basis that the Department would not press the instant and connected appeals, and that a fresh demand shall be raised following the notification dated 14 February 2002 and Sindh (Amendment) Abkari Ordinance 2002 notified on 30 October 2002. In addition to that the Department would surrender the demand secured by Indemnity Bonds for the period 1990 up to October 2002.

As of the reporting date, no fresh demand has yet been received from the Department against Vend and Permit fee amounting to Rs. 1,896.11 million (June 30, 2024: Rs. 1,865.90 million) determined on the basis of consumption of methanol by the Company since November 2002.

The consignment is being released by paying Rs. 3/= cash per bulk gallon which is being expensed out and indemnity bond of Rs. 14/= per bulk gallon under protest.

Upon the receipt of the fresh demand from the Department, the Company intends to approach the relevant Court of Justice to defend the case. The Company expects, based on the view of the legal advisor and the merit of the case, that the Company has strong grounds to challenge such a demand and its challenge is likely to succeed. Accordingly, no provision for any liability has been made in these financial statements.

14. Fair value measurement

The carrying values of the financial assets and financial liabilities approximate their fair values. Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Fair value hierarchy

The different levels to analyse financial assets carried at fair value have been defined as follows:

- Level 1: Quoted market price
- Level 2: Valuation techniques (market observable); and
- Level 3: Those whose inputs for the asset or liability that are not based on observable market data (unobservable inputs).

As of the statement of financial position date, the Company does not have any financial assets carried at fair value that required categorization in Level 1, Level 2 and Level 3.

15. TRANSACTIONS WITH RELATED PARTIES

Related parties of the Company comprise associated companies, employee retirement benefits fund, directors and key management personnel. All the transactions with related parties are carried out on armslength basis and in the ordinary course of business as approved by the Board of Directors of the Company. Transactions with related parties are as follows:
