COMPANY BACKGROUND

The Company was incorporated on November 10, 1992 as a Private Limited Company. The Company was converted into public limited company on March 06, 1994 and its listed on Pakistan Stock Exchange Limited. The principal object of the Company is to carry on the business of produce agri seeds and processing of all kind of agri seed.

Research and Development

It all started with a question: How could we make better seed to feed more people? That's how Data Agro began its R&D program back in 2000.

Since then we've created **tons of thousands of hybrid combinations**. This has allowed us to get very good at what we do.

We look at crop improvement fundamentals such as: Introduction, Selection, and Hybridization. Our hybrid corn seed is known throughout the region as a high purity and excellent yield potential seed.
