Dear Fellow Members of Arif Habib Limited,

On behalf of the Board of Directors, I am pleased to present the financial statements of Arif Habib Limited (AHL) for the first quarter ended September 30, 2024.

Economic Review

The outgoing quarter of FY25 brought a series of positive developments that have rejuvenated hopes for Pakistan's economic recovery. The State Bank of Pakistan's reserves reached USD 10.7bn by the end of September 2024, bolstered by a USD 7bn Extended Fund Facility (EFF) agreement with the IMF. This improvement helped stabilize the Pakistani Rupee, which saw a modest appreciation of 0.23% against the U.S. dollar during the first quarter of FY25. In addition, the country made significant strides in reducing its current account deficit, which shrank by over 89% YoY, easing external pressures. On the monetary policy front, the State Bank of Pakistan responded to the easing inflationary trend, averaging 9.2% in the first quarter, by slashing the policy rate by 300bps to 17.5%. Additionally, Pakistan achieved a budget surplus of PKR 1.9trn, the first in a guarter since FY04, while recording a historic primary surplus of PKR 3.2trn, the largest ever.

Stock Market Performance

During 1QFY25, the KSE-100 reached its highest level of 82,248 points, driven by several key factors: the approval of a 37-month USD 7bn Extended Fund Facility (EFF) from the IMF, PKR appreciation of 0.2% against the USD a continuation of the monetary easing cycle with a 300bps rate cut bringing the policy rate to 17.5%, and inflation dropping to 9.2% from 29.0% YoY. Additionally, rollover commitments from Saudi Arabia, China, and the UAE, coupled with Moody's upgrade of Pakistan's rating to Caa2 from Caa3, strengthened investor confidence.

During 1QFY25, the benchmark KSE-100 index closed at 81,114 points, up by 75% / 34,882 points YoY. The average volumes and value (USD based) increased by 74% (490mn shares) and 96% (USD 65mn) YoY, respectively.

The upside to the index during 1QFY25 was led by the; i) Fertilizers (2,263pts), ii) E&P (1,699pts), iii) Commercial Banks (1,110pts), iv) Leather (161pts), and v) Pharmaceuticals (42pts).

During 1QFY25, foreign net outflow was seen in the local bourse at USD 21.7mn (1QFY24: net inflows of USD 21.9mn). Buying was primarily witnessed in; i) Technology (USD 12.8mn), ii) Other sectors (USD 8.8mn) iii) Textiles (USD 1.9mn), and Power (USD 1.1mn).

Your Company's Performance

During the reporting period, our Company has demonstrated robust performance, achieving an unconsolidated profit after tax of PKR 136.55 million, which translates to an earnings per share (EPS) of PKR 2.09. On a consolidated basis, our profit after tax reached PKR 140.22 million, resulting in an EPS of PKR 2.15.

For the three months ending September 30, 2024, our brokerage and investment banking divisions exhibited significant growth, generating revenues of PKR 255.28 million, a substantial increase from PKR 164.91 million recorded in the first quarter of FY24. During this quarter, we actively engaged in initial public offerings (IPOs), mergers and acquisitions (M&A), and Sukuk advisory transactions, successfully completing several key deals, including the IPO of BF Biosciences, which attracted considerable investor interest, as well as the M&A transaction involving UBL Currency Exchange and Sukuk advisory for Ismail Industries Limited.

Following the demerger, our Company has shifted its focus from equity investments with smaller capital to low-risk fixed-income securities and cash for future hedging activities. This strategic

pivot has resulted in a gain of PKR 51.61 million for the quarter, compared to PKR 30.85 million in the first quarter of FY24.

AHL is committed to enhancing its services and has made significant investments in technology and workforce development to better serve our customers. While this has led to higher fixed costs and a 23% increase in operating expenses, our financial costs have decreased slightly to PKR 4.31 million (down from PKR 26.27 million in 1QFY24) due to declining interest rates and more efficient borrowing practices.

As of the balance sheet date, our Company's equity stands at PKR 1.41 billion (up from PKR 1.27 billion in June 2024), resulting in a book value per share of PKR 21.58 (compared to PKR 19.49 on June 30, 2024).

We are proud to announce that AHL has received numerous accolades from prestigious global and local institutions during this period. Notable awards include 'Best for Research in Pakistan' and 'Best for Diversity & Inclusion in Pakistan' from Euromoney, as well as the Best Equity Brokerage House and Best Economic Research House awards from the CFA Society. Additionally, we received recognition for Best Trader and Best Analyst categories from the CFA Society, along with the 'Best Brokerage House' title from International Finance.

Non Adjusting Event After Reporting Date

The Board of Directors has proposed a final cash dividend of Rs. 5 per share amounting to Rs. 326.7 million for the approval of the members at the annual general meeting to be held on 27 November 2024. These condensed interim consolidated financial statements do not include the effect of the proposed final cash dividend.

Future Prospects

The future of AHL appears exceedingly promising, bolstered by strategic initiatives aimed at expanding our market presence and enhancing engagement across all business segments. Key growth areas include digital brokerage, IPOs, and M&A advisory, with the recent launch of our app and web-based trading system set to attract a broader client base and elevate the trading experience.

Our focus remains on increasing trading volumes from existing and potential clients, both domestically and internationally. We aim to achieve this by fostering strong client relationships through a premium suite of services and introducing innovative products supported by robust research capabilities that provide valuable insights and guidance.

Looking forward, we anticipate increased activity driven by new equity and debt listings, mergers and acquisitions, privately placed Term Finance Certificates (TFCs), Sukuks, as well as advisory and underwriting services for equity raising through rights issues. Our Investment Banking Division is well-positioned to capitalize on these opportunities, leveraging its expertise and resources to deliver superior outcomes.

As we navigate the challenges and opportunities ahead, our unwavering commitment to excellence and innovation will continue to guide our efforts. We are excited about the potential for substantial growth and remain dedicated to creating enduring value for our clients and stakeholders in the quarters to come.

Acknowledgement

We are grateful to the Company's shareholders for their continuing confidence and patronage. We record our sincere appreciation to all Stakeholders and to our Parent Company, the State Bank of Pakistan, the Securities & Exchange Commission of Pakistan and the Management of Pakistan Stock Exchange Limited for their unwavering support and guidance.

We acknowledge and appreciate the hard work put in by the employee of the Company during the period. We also acknowledge the valuable contribution and active role of the members of the Board Committees in supporting and guiding the management on matters of great importance.

For and on behalf of the Board of Directors,

Muhammad Shahid Ali

1.5 On October 21, 2024, the High Court of Sindh sanctioned the Scheme of Arrangement (the ""Scheme"") approved by the shareholders of Arif Habib Limited (AHL) and Arif Habib Corporation Limited (AHCL). The Scheme involves the demerger of certain non-core businesses from AHL, with these businesses being merged into AHCL, effective from July 1, 2023. In consideration of this demerger, AHCL allotted 13,321,747 ordinary shares to AHL's shareholders (excluding AHCL itself) based on a swap ratio of 0.8673 shares of AHCL for every 1 share of AHL.

As AHL is a subsidiary of AHCL, this transaction qualifies as a common control transaction and has been accounted for using the predecessor method, as required by the Accounting Standard on Common Control Transactions. Under this method, the assets, liabilities, and reserves of the Demerged Undertaking have been derecognized from AHL's financial statements at their carrying values as of July 1, 2023, the effective date of the Scheme.

In accordance with the Accounting Standard on Common Control Transactions, the comparative information for the 1.6 Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity, and Statement of Cash Flows has been restated to reflect the removal of the Demerged Undertaking from AHL's operations, effective July 1, 2023.

The comparative balance sheet has not been restated, as the Scheme's impact was already incorporated into the balances reported as of June 30, 2024. The restatement ensures that financial performance and movements in equity are presented consistently as if the restructuring had occurred at the beginning of the earliest comparative period presented. Adjustments to comparatives reflect the removal of income, expenses, and cash flows related to the Demerged Undertaking.

1.5 On October 21, 2024, the High Court of Sindh sanctioned the Scheme of Arrangement (the ""Scheme"") approved by the shareholders of Arif Habib Limited (AHL) and Arif Habib Corporation Limited (AHCL). The Scheme involves the demerger of certain non-core businesses from AHL, with these businesses being merged into AHCL, effective from July 1, 2023. In consideration of this demerger, AHCL allotted 13,321,747 ordinary shares to AHL's shareholders (excluding AHCL itself) based on a swap ratio of 0.8673 shares of AHCL for every 1 share of AHL.

As AHL is a subsidiary of AHCL, this transaction qualifies as a common control transaction and has been accounted for using the predecessor method, as required by the Accounting Standard on Common Control Transactions. Adjustments to comparatives reflect the removal of income, expenses, and cash flows related to the Demerged Undertaking.
