INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of HIRA TEXTILE MILLS LIMITED Report on review of Interim Financial Statements

Introduction

We have reviewed the accompanying condensed interim statement of financial position of **HIRA TEXTILE MILLS LIMITED** [the Company] as at **31 December 2023** and the related condensed interim statement of profit or loss, condensed interim statement of comprehensive income, condensed interim statement of cash flows, condensed interim statement of changes in equity and notes to the condensed interim financial statements for the six-month period then ended (here-in-after referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of these interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these interim financial statements based on our review. The figures for the three-month period ended **31 December 2023** of the condensed interim statement of profit or loss, condensed interim statement of comprehensive income have not been reviewed as we are required to review only cumulative figures for the six-month period ended on that date.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity." A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Disclaimer of Conclusion

- As reported in note 2.2, the Company has incurred a loss after taxation of Rs. 144.667 million during the half year ended December 31, 2023. As at December 31, 2023, the Company has accumulated losses of Rs. 2991.65 million and negative equity of Rs. 440.82. Its current liabilities exceed current assets by Rs. 3,385.83 million. The Company has not been able to make timely repayments of its debt finances and interest thereon. The providers of debt finances have filed recovery suits against the Company. Production and Sales of the Company have significantly curtailed. All borrowing facilities availed by the Company stand expired. These factors indicate existence of material uncertainty that raises doubts about the Company's ability to continue as a going concern and that the Company may not be able to discharge its liabilities and realize its assets in the normal course of business. While the Company has prepared and presented the annexed interim financial statements on going concern basis based on the factors explained in note 2.2. We consider that in the absence of any favorable settlement with the providers of debt finances, ability to obtain further financing and revival of its operations, the Company may not be able to settle its liabilities and realize its assets in the normal course of business. Consequently, the use of going concern assumption in the preparation of annexed financial statements is not appropriate and adjustments may be required to the amounts reported in the financial statements. These interim financial statements do not disclose this fact.

2. The Company was unable to make timely repayments of long-term finances and interest thereon. As a result, the Company breached provisions of long-term financing agreements with Askari Bank Limited, MCB Bank Limited, National Bank of Pakistan, Faysal Bank Limited, Habib Bank Limited, The Bank of Punjab, Bank Alfalah Limited and Faysal Bank Limited, whereby the entire liability under these agreements has become payable on demand. However, the Company continues to classify these finances as non current liabilities. Had these been classified as current liabilities, the total current liabilities of the Company as at the reporting date would have been higher by Rs. 1,586.268 million.

Disclaimer of Conclusion

Due to the significance of the matters described in the 'Basis for Disclaimer of Conclusion' paragraph, we were unable to obtain sufficient appropriate evidence to form a conclusion on the accompanying interim financial information for half year ended December 31, 2023. Accordingly, we do not express a conclusion on these interim financial statements.

The engagement partner on review resulting in this independent auditor's report is Waseem Ashfaq.

Further, rounds of negotiations for debt restructuring with National Bank of Pakistan are also in process and the management expects to secure a favourable deal soon.
- b) The management is vigorously collecting the recovery suits filed by providers of debt finances. Further, the Company has filed counter-suits claiming an aggregate recovery of 3,053.244 million.
- c) The Company has continued financial support of its directors and sponsors. Upto June 30, 2022, the directors and sponsors of the Company has provided financial support amounting to Rs. 481.5 million.

This will lead to lower cost of raw material (primarily cotton) and reduction in manpower requirements, reduction in per spindle cost through savings in energy costs as well as upto 60% savings in labour costs. This, coupled with a company-wide cost-cutting drive, is expected to provide the much needed breathing room in terms of liquidity.

2.3 Basis of measurement

These interim financial statements have been prepared under the historical cost convention except for certain items of property, plant and equipment at revalued amounts, certain financial instruments at fair value/unamortized cost and employee retirement benefits at present value. In these interim financial statements, except for the amounts reflected in the cash flow statement, all transactions have been accounted for on accrual basis.

2.4 Judgments, estimates and assumptions

The preparation of interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions and judgements are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which forms the basis of making judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

3 NEW AND REVISED STANDARDS, INTERPRETATIONS AND AMENDMENTS EFFECTIVE DURING THE PERIOD.

The following new and revised standards, interpretations and amendments are effective in the current year but are either not relevant to the Company or their application does not have any material impact on the financial statements of the Company other than presentation and disclosures, except as stated otherwise.

3.1 Reference to the Conceptual Framework (Amendments to IFRS 3 - Business Combinations)

The amendments update on outdated reference to the Conceptual Framework in IFRS 3 without significantly changing the requirements in the standard.

3.2 Property, Plant and Equipment - Proceeds before Intended Use (Amendments to IAS 16 - Property, Plant and Equipment)

The amendments prohibit deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the cost of producing those items, in profit or loss.

3.3 Onerous Contracts - Cost of Fulfilling a Contract (Amendments to IAS 37 - Impairment of Assets)

that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract).

3.4 Annual Improvements to IFRS Standards 2018–2020

The annual improvements have made amendments to the following standards:

- **IFRS 1 - First Time Adoption of International Financial Reporting Standards** - The amendment permits a subsidiary that applies paragraph D16(a) of IFRS 1 to measure cumulative translation differences using the amounts reported by its parent, based on the parent's date of transition to IFRSs.
- **IFRS 9 - Financial Instruments** - The amendment clarifies which fees an entity includes when it applies the '10 per cent' test in paragraph 83.3.8 of IFRS 9 in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.
- **IFRS 16 - Leases** - The amendment to Illustrative Example 13 accompanying IFRS 16 removes from the example the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives are illustrated in that example.
- **IAS 41 - Agriculture** - The amendment removes the requirement in paragraph 22 of IAS 41 for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique.
