# annual report 2024

THE PREMIER SUGAR MILLS & DISTILLERY COMPANY LIMITED AUDITED CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2024

#### THE PREMIER SUGAR MILLS & DISTILLERY COMPANY LIMITED

### INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF THE PREMIER SUGAR MILLS & DISTILLERY COMPANY LIMITED

#### Report on the Audit of the Consolidated Financial Statements

#### Opinion

We have audited the annexed consolidated financial statements of THE PREMIER SUGAR MILLS & DISTILLERY COMPANY LIMITED and its Subsidiaries (the Group), which comprise the consolidated statement of financial position as at September 30, 2024, and the consolidated statement of profit or loss, the consolidated statement of other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at September 30, 2024 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Material Uncertainty Relating to Going Concern of a Subsidiary Company

We draw attention to note 1.2(b) in the consolidated financial statements, which indicates that The Frontier Sugar Mills & Distillery Limited (FSM) production facilities are closed since the year 2008 due to diversion of entire sugarcane crop to Gur making, the small size of the plant is not economical to run and FSM has been suffering losses over the years; accumulated loss as at September 30, 2024 aggregated Rs.139.115 million. These events and conditions indicate that a material uncertainty exists that may cast significant doubt on FSM's ability to continue as a going concern. The financial statements of FSM, however, have been prepared on the going concern basis based on the facts as detailed in the aforementioned note. Our opinion is not modified in respect of this matter.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

| S.No. | Key audit matters   | How the matter was addressed in our audit   |
|-------|---|---|
| 2.    | Contingencies   |   |
|       | The Group is subject to material litigations involving different Courts pertaining to taxation and other matters, which require management to make assessments and judgements with respect to likelihood and impact of such litigations on the financial statements of the Group. | - discussed legal cases with the internal legal   |
|       | The management has engaged independent legal counsels on these matters.   | - obtained opinions from legal counsels dealing with such cases in the form of confirmations;   |
|       |   | <ul> <li>evaluated the possible outcome of these legal<br/>cases in line with the requirements of IAS 37<br/>(Provisions, contingent liabilities and contingent<br/>assets); and</li> </ul> |
|       | The details of contingencies along with management's assessments are disclosed in note 30 to the consolidated financial statements.   | disclosures of legal exposures and provisions were assessed for completeness and accuracy.  |
|       |   |   |

#### Information Other than the Consolidated Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan and the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process.

#### Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained upto the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements.
   We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditors' report is Osman Hameed Chaudhri.

The annexed notes form an integral part of these consolidated financial statements.

Chief Financial Officer

**Chief Executive** 

## THE PREMIER SUGAR MILLS & DISTILLERY COMPANY LIMITED NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2024

#### THE GROUP AND ITS OPERATIONS

#### 1.1 The Premier Sugar Mills & Distillery Company Ltd. (the Holding Company)

The Holding Company was incorporated on July 24, 1944 as a Public Company and its shares are quoted on Pakistan Stock Exchange Ltd. The Holding Company is principally engaged in manufacture and sale of white sugar and spirit. The Holding Company's Mills and Registered Office are located at Mardan (Khyber Pakhtunkhwa) whereas the Head Office is situated at King's Arcade, 20-A, Markaz F-7, Islamabad. The Holding Company has shifted its distillery from Mardan to Ramak, Dera Ismail Khan during the financial year ended September 30, 2020.

#### 1.2 Subsidiary Companies

#### (a) Chashma Sugar Mills Ltd. (CSM)

CSM was incorporated in Pakistan on May 05, 1988 as a public limited company, under the Companies Ordinance, 1984 (repealed upon enactment of the Companies Act, 2017 on May 30, 2017) and commenced its commercial production from October 01, 1992. CSM has its shares quoted on the Pakistan Stock Exchange Ltd. CSM is principally engaged in manufacturing, production, processing, compounding, preparation and sale of sugar, other allied compound, intermediates and allied products. CSM is a Subsidiary of The Premier Sugar Mills and Distillery Company Ltd. The head office of CSM is situated at King's Arcade, 20-A, Markaz F-7, Islamabad and its manufacturing facilities are located at Dera Ismail Khan, Khyber Pakhtunkhwa.

#### **Sub-subsidiary Companies**

#### Whole Foods (Private) Ltd. (WFPL)

WFPL (100% owned Subsidiary of CSM) was incorporated in Pakistan as a Private Limited Company under the Companies Act, 2017 on October 26, 2017. The principal activity of WFPL is to set-up, manage, supervise and control the storage facilities for agricultural produce. WFPL is yet to commence its operations.

#### Ultimate Whole Foods (Private) Ltd. (UWFPL)

UWFPL (Subsidiary Company of CSM) was incorporated in Pakistan as a Private Limited Company under the Companies Act, 2017 on May 17, 2021. The objective of UWFPL is to set up mills for milling wheat, gram, other grains and other allied products and byproducts from flours. The operations of UWFPL were started on October 07, 2023.

The storage facilities of Business Units are located at Layyah and Bhakkar, Punjab.

The Holding Company directly and indirectly controls / beneficially owns more than fifty percent of CSM's paid-up capital and also has the power to elect and appoint more than fifty percent of its directors; accordingly, CSM has been treated a Subsidiary with effect from the financial year ended September 30, 2010.

These consolidated financial statements include the financial statements of the Holding Company and its Subsidiaries The Frontier Sugar Mills and Distillery Ltd., Chashma Sugar Mills Ltd., Sub-subsidiaries Whole Foods (Pvt.) Ltd. and Ultimate Whole Foods (Pvt.) Ltd. (the Group) for the year ended September 30, 2024. The corresponding figures presented in these consolidated financial statements are the same as presented in the preceding consolidated financial statements for the year ended September 30, 2023.

These consolidated financial statements have been prepared from the information available in the audited separate financial statements of the Holding Company, CSM and FSM for the year ended September 30, 2024 and the un-audited financial statements of the Sub-subsidiaries for the year ended September 30, 2024.

#### (b) The Frontier Sugar Mills and Distillery Ltd. (FSM)

FSM was incorporated on March 31, 1938 as a Public Company and its shares were quoted on all the Stock Exchanges of Pakistan; FSM was delisted from the Stock Exchanges as detailed in paragraph (c) below. The principal activity of FSM was manufacturing and sale of white sugar and its Mills and Registered Office are located at Takht-i-Bhai, Mardan (Khyber Pakhtunkhwa). FSM is a Subsidiary of The Premier Sugar Mills & Distillery Company Ltd. (the Holding Company).

#### Going concern basis

The financial statements of FSM have been prepared on going concern basis despite the uncertainties detailed below that may cast doubt about FSM's ability to continue as a going concern:

- FSM's production facilities are closed since the year 2008 due to diversion of entire sugarcane crop to Gur making;
- the small size of the plant is not economical to run; and
- FSM has been suffering losses over the years; accumulated loss as at September 30, 2024 aggregated Rs.139.115 million.

The financial statements of FSM have been prepared on going concern basis as the management is exploring different avenues / options for future purposes, which include but are not limited to flour mills and other industrial / commercial projects. The management is of the view that with the start of these projects, FSM will be able to cover losses and continue as a going concern. FSM is in possession of property, plant and equipment having carrying values of Rs.1.147 billion at the reporting date, which may be utilised for proposed future projects. Further, being part of Premier Group of Companies, FSM also enjoys financial backing from the Group.

#### (c) Delisting of FSM

The Holding Company, the majority shareholder of FSM, had decided to purchase all the ordinary and preference shares of FSM held by Others. The shareholders of FSM had passed a special resolution for de-listing of FSM from the Stock Exchanges at the annual general meeting held on January 30, 2010. The shareholders also passed a special resolution for purchase of 263,134 ordinary shares at a price of Rs.190.20 per share and 26,970 preference shares at a price of Rs.18.60 per share by the Holding Company in the extra ordinary general meeting held on June 10, 2010.

The purchase agent of the Holding Company (Invest Capital Investment Bank Ltd.) had completed the buying of 36,209 ordinary shares and 150 preference shares within the initial period of 60 days and after the submission of an undertaking to the Stock Exchanges to purchase the remaining shares upto August 26, 2011, FSM was de-listed from all the Stock Exchanges with effect from October 25, 2010. The purchase agent, during the financial year ended September 30, 2011, had further purchased 19,884 ordinary shares and 20,014 preference shares.

#### 2. BASIS OF PREPARATION

#### 2.1 Statement of compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

#### 2.2 Basis of measurement

These consolidated financial statements have been prepared under the historical cost convention, except for certain items as disclosed in the relevant accounting policies below.

#### 2.3 Functional and presentation currency

These consolidated financial statements are presented in Pakistan Rupee, which is the Group's functional and presentation currency. Amounts presented in the financial statements have been rounded off to the nearest thousand unless otherwise stated.

#### 2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the approved accounting and reporting standards requires the use of certain accounting estimates. It also requires management to exercise its judgment in the process of applying the Group's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements, are as follows:

#### i) Estimated useful life of operating assets - note 5.1 and 6

The Group annually reviews appropriateness of the method of depreciation, useful life and residual value used in the calculation of depreciation. Further, where applicable, an estimate of the recoverable amount of asset is made for possible impairment on an annual basis. Any change in these estimates in the future, might affect the carrying amount of the respective item of property, plant and equipment, with a corresponding effect on the depreciation and impairment.

#### ii) Surplus on revaluation of property, plant and equipment - note 5.1 and 6

The Group carries out revaluations, considering the change in circumstances and assumptions from latest revaluation. The fair value of the Group's freehold land, buildings & roads and plant & machinery is assessed by management based on independent valuation performed by an external property valuation expert as at year end. For valuation of freehold land, buildings & roads and plant & machinery, the current market price or depreciated replacement cost method is used, whereby, current cost of construction of similar freehold land, buildings, roads and plant & machinery in similar locations has been adjusted using suitable depreciation rates to arrive at present market value. This technique requires significant judgment as to

#### iii) Impairment of non-financial assets

Assets that have an indefinite useful life, for example land, are not subject to amortisation or depreciation and are tested annually for impairment. Assets that are subject to depreciation/ amortisation are reviewed for impairment at each statement of financial position date or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. Reversals of the impairment losses are restricted to the extent that assets carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss has been recognised. An impairment loss or reversal of impairment loss is recognised in the statement of profit or loss.

#### iv) Provision for stores and spares - note 5.5 and 10

For items which are slow-moving and/or identified as obsolete, adequate provision is made for any excess book value over estimated realisable value on a regular basis. The Group reviews the carrying amount of stores and spares on a regular basis and provision is made for obsolescence.

#### v) Write down of stock in trade to net realisable value - note 5.6 and 11

Net realisable value is determined on the basis of estimated selling price of the product in the ordinary course of business less estimated costs of completion and the estimated costs necessary to make the sale.

If the expected net realisable value is lower than the carrying amount, a write-down is recognised for the amount by which the carrying amount exceeds its net realisable value. Provision is made in the unconsolidated financial statements for obsolete and slow moving stock-in-trade based on management estimate.

#### vi) Estimation of impairment loss allowance - note 5.18 and 12

The Group reviews the Expected Credit Loss (ECL) model, which is based on the historical credit loss experience over the life of the trade receivables and adjusted if required. The ECL model is reviewed on a quarterly basis.

#### vii) Provision for employees' defined benefit plans - note 5.11 and 24

Defined benefit plans are provided for all employees of the Group. These calculations require assumptions to be made of future outcomes, the principal ones being in respect of increases in remuneration and the discount rate used to convert future cash flows to current values. The assumptions used vary for the different plans as they are determined by independent actuaries annually.

Cost primarily represents the increase in actuarial present value of the obligation for benefits earned on employees service during the year and the interest on the net liability/(asset) in respect of employee's service in previous years. Calculations are sensitive to changes in the underlying assumptions.

#### viii) Provision for current and deferred tax - note 5.16 and 39

In making the estimate for tax payable, the Group takes into account applicable tax laws, the decisions taken by the appellate authorities on certain issues in the past and professional advice of tax consultant of the Group.

Deferred tax assets are recognised for all unused tax losses and credits to the extent that it is probable that taxable profit will be available against which such losses and credits can be utilised. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies.

#### ix) Provisions and contingencies - notes 5.15 and 30

The management exercises judgment in measuring and recognising provisions and exposures to contingent liabilities related to pending litigations or other outstanding claims. Judgment is necessary in assessing the likelihood that a pending claim will succeed, or a liability will arise, and to quantify the possible range of the financial settlement.

#### Estimation of lease term and incremental borrowing rate for lease liabilities and right of use assets - notes 5.2, 5.10, 5.12, 7 and 22

IFRS 16 requires the Group to assess the lease term as the non-cancellable lease term in line with the lease contract together with the period for which the Group has extension options which the Group is reasonably certain to exercise and the periods for which the Group has termination options for which the Group is not reasonably certain to exercise those termination options.

A significant portion of the lease contracts included within Group's lease portfolio includes lease contracts which are extendable through mutual agreement between the Group and the lessor or lease contracts which are cancellable by the Group on immediately or on short notice. In assessing the lease term for the adoption of IFRS 16, the Group concluded that these cancellable future lease periods should be included within the lease term in determining the lease liability upon initial recognition. The reasonably certain period used to determine the lease term is based on facts and circumstances related to the underlying leased asset and lease contracts and after consideration of business plan of the Group which incorporates economic, potential demand of customers and technological changes.

#### 3. PRINCIPLES OF CONSOLIDATION

These consolidated financial statements have been prepared under the historical cost convention except as otherwise stated in respective accounting policies notes.

These consolidated financial statements include the financial statements of the Holding Company, consolidated financial statements of CSM and the financial statements of FSM as at and for the year ended September 30, 2024. The Holding Company's direct interest, as at September 30, 2024, in CSM was 47.93% (2023: 47.93%) and in FSM was 82.49% (2023: 82.49%).

Investments in Associated Companies, as defined in the Companies Act, 2017, are accounted for by the equity method.

Non-controlling interest is calculated on the basis of their proportionate share in the net assets of the Subsidiary Companies.

Subsidiary is an entity over which the Holding Company has the power to govern the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Holding Company controls another entity. The Holding Company also assesses existence of control where it does not have more than 50% of the voting power but is able to govern the financial and operating policies by virtue of de-facto control. De-facto control may arise in circumstances where the size of the Holding Company's voting rights relative to the size and dispersion of holdings of other shareholders give the Holding Company the power to govern the financial and operating policies, etc.

Subsidiary is fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases. All significant inter-company transactions, balances, income and expenses on transactions between group companies are eliminated. Profits and losses resulting from inter-company transactions that are recognised in assets are also eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

The reporting period end of Sub-subsidiaries is June 30, 2024. The Sub-subsidiaries financial statements used for preparation of consolidated financial statements corresponds with period of the Group.

## 4. CHANGES IN ACCOUNTING STANDARDS, INTERPRETATIONS AND PRONOUNCEMENTS

## 4.1 Standards, amendments and interpretations to existing standards that are not yet effective and have not been early adopted by the Group:

There are certain amendments and interpretations to the accounting and reporting standards which are mandatory for the Group's annual accounting periods which began on October 01, 2023. However, these do not have any significant impact on the Group's financial reporting.

## 4.2 Standards, interpretations and amendments to published approved accounting standards that are not yet effective

There are certain amendments and interpretations to the accounting and reporting standards that will be mandatory for the Group's annual accounting periods beginning on or after October 01, 2024. However, these will not have any material impact on the Group's financial reporting and, therefore, have not been disclosed in these consolidated financial statements.

## 4.3 IAS 12 Application Guidance on Accounting for Minimum Taxes and Final Taxes (the Guidance) issued by ICAP

The Institute of Chartered Accountants of Pakistan (ICAP) issued the aforementioned Guidance through Circular No. 07 / 2024 dated May 15, 2024. In light of the said Guidance, as the minimum taxes and final taxes are not calculated on the 'taxable income' as defined in IAS 12 (Income Taxes) but calculated on turnover or other basis (as per relevant sections of the Income Tax Ordinance, 2001 (the Ordinance); accordingly, minimum taxes and final taxes should be accounted for under IAS 37 (Provisions, Contingent Liabilities and Contingent Assets) / IFRIC 21 (Levies) as levies (though these are charged under tax law) and not under IAS 12 as income taxes. Based on the Guidance, the minimum taxes under the Ordinance are hybrid taxes, which comprise of a component within the scope of IAS 12 and a component within the scope of IFRIC 21.

Accordingly, the impact has been incorporated in these financial statements retrospectively in accordance with the requirement of International Accounting Standard (IAS 8) – 'Accounting Policies, Change in Accounting Estimates and Errors'. There has been no effect on the Statement of Financial Position, Earnings per share and Statement of Changes in Equity as a result of this change. The impact of the above change has been tabulated below:

|   | A   | s at Sep 30, 202                      | 4                                 | A   | s at Sep 30, 202                      | 3                                 |

| (Loss) / profit before income tax                       | (6,236,131)                                   | 422,190                               | (6,658,321)                       | 1,469,983                                     | 314,112                               | 1,155,871                         |
| Income tax expense                                      | 2,217,598                                     | 422,190                               | 2,639,788                         | 485,396                                       | 314,112                               | 799,508                           |

#### 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted in the preparation of these financial statements are set-out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### 5.1 Property, plant and equipment

#### (a) The Holding Company and FSM

#### Measurement

Buildings on leasehold and freehold land and plant, machinery and equipment are shown at fair value, based on valuations carried-out with sufficient regularity by external independent Valuers, less subsequent amortisation / depreciation.

Any accumulated amortisation / depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset. The remaining property, plant and equipment, except freehold land and capital work-in-progress, are stated at historical cost less accumulated depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of items.

Freehold land and capital work-in-progress are stated at cost.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Holding Company and FSM and the cost of the item can be measured reliably. All other repairs and maintenance are taken to statement of profit or loss during the financial year in which these are incurred.

#### Revaluation

Increases in the carrying amounts arising on revaluation of property, plant and equipment are recognised, net of tax, in other comprehensive income and accumulated in reserves in shareholders' equity. To the extent that the increase reverses a decrease previously recognised in statement of profit or loss, the increase is first recognised in profit or loss. Decreases that reverse previous increases of the same asset are first recognised in other comprehensive income to the extent of the remaining surplus attributable to the asset; all other decreases are charged to profit or loss. Each year, the difference between depreciation based on the revalued carrying amount of the asset charged to profit or loss and depreciation based on the asset's original cost, net of tax, is reclassified from the revaluation surplus on property, plant and equipment to retained earnings.

#### Depreciation

Depreciation on operating fixed assets, except leasehold land, is taken to statement of profit or loss using the reducing balance method so as to write-off the depreciable amount of an asset over its remaining useful life at the rates stated in note 6.1. Leasehold land is amortised over the lease term using the straight-line method.

Depreciation on additions to property, plant and equipment is charged from the date the asset acquired or capitalised has become available for use. Depreciation of an asset ceases at the earlier of the date that the asset is classified as held-for-sale and the date that the asset is derecognized.

#### Disposal

Gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in other income in the statement of profit or loss. In case of the sale or retirement of a revalued property, plant and equipment, the attributable revaluation surplus remaining in the revaluation surplus on property, plant and equipment is transferred directly to unappropriated profit / accumulated loss.

#### Judgment and estimates

The useful lives, residual values and depreciation method are reviewed on a regular basis. The effect of any change in estimates is accounted for on a prospective basis.

#### (b) CSM and its Subsidiaries

#### Owned assets

Operating fixed assets except freehold land, leasehold land, buildings and roads, plant & machinery and electric installations are stated at cost less accumulated depreciation and impairment losses. Freehold land is stated at revalued amount, whereas leasehold land buildings & roads, plant & machinery and electric installations are stated at revalued amount less accumulated depreciation and impairment losses. Revaluation is carried out by independent expert. CSM and its Subsidiaries carry out revaluations periodically, considering the change in circumstances and assumptions from latest revaluation. Capital work-in-progress and major spare parts and standby equipment are stated at cost. Cost in relation to certain plant and machinery items include borrowing cost related to the financing of major projects during construction phase.

Subsequent cost, if reliably measurable, are included in the asset's carrying amount or recognised as separate asset as appropriate, only when it is probable that future economic benefits associated with the cost will flow to CSM and its Subsidiaries. The carrying amount of any replaced parts as well as other repair and maintenance costs are charged to statement of profit or loss during the period in which these are incurred.

Increase in the carrying amount arising on revaluation of freehold land, leasehold land, buildings & roads, plant & machinery and electric installations are recognised in other comprehensive income and accumulated in shareholders' equity under the heading revaluation surplus on property, plant and equipment. To the extent that the increase reverses a decrease previously recognised in statement of profit or loss, the increase is first recognised in statement of profit or loss. Decreases that reverse previous increases of the same asset are first recognised in other comprehensive income to the extent of the remaining surplus attributable to the asset; all other decreases are charged to statement of profit or loss.

Depreciation on operating assets is calculated using the reducing balance method to allocate their cost over their estimated useful life at the rates specified in note 6.1. Depreciation for factory assets is charged to cost of sales while depreciation for other property, plant and equipment is charged to administrative and general expenses and selling and distribution expenses on actual usage basis.

Depreciation on additions to property, plant and equipment is charged from the date asset is available for intended use till date of disposal.

The gain or loss on disposal of an asset, calculated as difference between the sale proceeds and carrying amount of the asset, is recognised as other income in statement of profit or loss for the year.

#### Capital work-in-progress

Capital work-in-progress is stated at cost less accumulated impairment losses, if any. It consists of expenditure incurred and advances made in respect of operating fixed assets, capital stores and intangible assets in the course of their acquisition, construction and installation.

#### 5.2 Right-of-use assets

CSM and its Subsidiaries recognise right-of-use assets at the commencement date of the lease i.e. the date the underlying assets are available for use. Right-of-use assets are measured at cost less any accumulated depreciation and impairment losses and adjusted for any remeasurement of lease liabilities except plant and machinery for which CSM and its Subsidiaries have elected to use the revaluation model.

The cost comprises the following:

- the amount of the initial measurement of lease liabilities;
- any lease payments made at or before the commencement date less any lease incentives received and any initial direct costs; and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If CSM and its Subsidiaries are reasonably certain to exercise a purchase option, the right-of-use assets are depreciated over the underlying assets' useful life.

#### 5.3 Investment property

Property not held for own use or for sale in the ordinary course of business is classified as investment property. The Group uses cost model for valuation of its investment property; freehold land has been valued at cost whereas buildings on freehold land have been valued at cost less accumulated depreciation and any identified impairment loss.

Depreciation on investment property is taken to statement of profit or loss applying the reducing balance method at the rates stated in note 8. Depreciation on additions is charged from the date the asset acquired or capitalised has become available for use. Depreciation of an asset ceases at the earlier of the date that the asset is classified as held-for-sale and the date that the asset is derecognised. Impairment loss or its reversal, if any, is taken to statement of profit or loss.

#### 5.4 Investments

Investments in equity instruments of Associated Companies are stated at the Group's share of their underlying net assets using the equity method.

Investments available-for-sale represent investments, which are not held for trading. All investments are initially recognised at cost, being fair value of the consideration given. Subsequent to initial recognition, these investments are re-measured at fair value (quoted market price). Any gain or loss from a change in the fair value of investments available-for-sale is recognised in other comprehensive income / (loss) as unrealised, unless sold, collected or otherwise disposed-off, or until the investment is determined to be impaired, at which time cumulative gain or loss previously recognised in the equity is included in the statement of profit or loss for the year.

#### 5.5 Stores and spares

#### (a) The Holding Company and FSM

Stores and spares are stated at the lower of cost and net realisable value. The cost of inventory is based on moving average cost. Items in transit are stated at cost accumulated upto the reporting date. Carrying amounts of stores and spares are reviewed on a regular basis and provision is made for identified obsolete and slow moving items.

#### (b) CSM

Stores and spares are stated at cost less allowance for obsolete and slow moving items. Cost is determined using weighted average method. Items in transit are valued at cost comprising invoice value and other related charges incurred up to the date of the statement of financial position date.

#### 5.6 Stock-in-trade

#### (a) The Holding Company

- i) Stock of manufactured products is valued at the lower of cost and net realisable value. Molasses inventory is valued at net realisable value.
- ii) Cost in relation to finished goods and work-in-process represents the annual average manufacturing cost, which comprises of prime cost and appropriate production overheads.
- iii) Net realisable value signifies the selling price in the ordinary course of business less cost of completion and cost necessary to be incurred to effect such sale.

#### Judgments and estimates

Inventory write-down is made based on the current market conditions, historical experience and selling goods of similar nature. It could change significantly as a result of changes in market conditions. A review is made periodically on inventories for excess inventories, obsolescence and declines in net realisable value and an allowance is recorded against the inventory balances for any such declines.

#### (b) CSM

Sugar and ethanol are stated at the lower of cost and net realisable value. Cost is determined using the average manufacturing cost method. The cost of finished goods and work in process comprises raw materials, direct labour, other direct costs and related production overheads.

Purchased molasses is stated at lower of cost and net realisable value whereas cost of own produced molasses, a by product, is determined on the basis of average cost of molasses purchased from third parties.

The specific costs of bagasse, a by-product cannot be determined. Accordingly, it is stated at net realizable value (NRV).

Net realisable value is the estimated selling price in the ordinary course of business, less cost of completion and costs necessary to be incurred to make the sale.

#### 5.7 Trade debts and other receivables

#### (a) The Holding Company

Trade debts are initially recognised at original invoice amount, which is the fair value of consideration to be received in future and subsequently measured at cost less allowance for Expected Credit Loss (ECL). Carrying amounts of trade debts and other receivables are assessed at each reporting date and allowance is made for doubtful debts and receivables when collection of the amount is no longer probable. Debts and receivables considered irrecoverable are written-off.

#### (b) CSM

Trade debts are recognised and carried at the original invoice amounts, being the fair value, less an allowance for uncollectible amounts, if any. For measurement of loss allowance for trade debts, CSM applies IFRS 9 simplified approach to measure the expected credit losses.

#### 5.8 Short term investments (at fair value through profit or loss)

Investments at fair value through profit or loss are those which are acquired for generating a profit from short-term fluctuation in prices. All investments are initially recognised at cost, being fair value of the consideration given. Subsequent to initial recognition, these investments are re-measured at fair value (quoted market price). Any gain or loss from a change in the fair value is recognised in income.

#### 5.9 Cash and cash equivalents

Cash and cash equivalents are carried at cost. For the purpose of statement of cash flows, cash and cash equivalents comprise balances with banks in current, deposit and saving accounts, bank overdrafts and cash / running finance. Bank overdrafts are shown in current liabilities on the statement of financial position.

#### 5.10 Borrowings and borrowing costs

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently carried at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the statement of profit or loss over the period of the borrowings using the effective interest rate method.

Borrowing costs, which are directly attributable to the acquisition, construction or production of a qualifying asset, are capitalised as part of the cost of that asset. All other borrowing costs are charged to statement of profit or loss.

#### 5.11 Staff retirement benefits

#### (a) The Holding Company

#### Defined contribution plan

The Holding Company is operating a provident fund scheme for all its permanent employees; equal monthly contribution to the fund is made at the rate of 9% of the basic salaries both by the employees and the Holding Company.

#### Defined benefit plan

The Holding Company operates an un-funded retirement gratuity scheme for its eligible employees. Provision for gratuity is made annually to cover obligation under the scheme in accordance with the actuarial recommendations. Latest actuarial valuation was conducted on September 30, 2024 on the basis of projected unit credit method by an independent Actuary.

Actuarial gains and losses are recognised in other comprehensive income in the period in which these occur and past-service costs are recognised immediately in the statement of profit or loss.

#### (b) CSM and its Subsidiaries

CSM and its Subsidiaries operate provident funds and an un-funded gratuity schemes for their employees as detailed below:

#### Defined contribution plan

CSM and its Subsidiaries operate recognised contributory provident funds for their permanent employees. Equal monthly contributions are made by CSM and its Subsidiaries and the employees to the fund at the specified rate of basic salary and charged to the statement of profit or loss. Investments out of provident fund have been made in accordance with the provisions of section 218 of Companies Act, 2017 and applicable rules.

#### Defined benefit plan

CSM and its Subsidiaries operate unfunded gratuity schemes covering eligible employees under their employment contract. The liability for gratuity is recognised on the basis of actuarial valuation using Projected Unit Credit Method. The latest actuarial valuations were conducted on September 30, 2024.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited in other comprehensive income in the year in which they arise. Past service costs are recognised immediately in profit or loss.

#### 5.12 Lease liabilities

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or if that rate cannot be readily determined, incremental borrowing rate of CSM and its Subsidiaries. Generally, CSM and its Subsidiaries use its incremental borrowing rate as the discount rate.

Lease payments in the measurement of the lease liability comprise the following:

- a) fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- d) the exercise price under a purchase option that CSM and its Subsidiaries are reasonably certain to exercise, lease payments in an optional renewal period if CSM and its Subsidiaries are reasonably certain to exercise an extension option, and penalties for early termination of a lease unless CSM and its Subsidiaries are reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest rate method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in CSM and its Subsidiaries estimate of the amount expected to be payable under a residual value guarantee, or if CSM and its Subsidiaries change their assessment of whether it will exercise a purchase, extension or termination option.

#### 5.13 Trade and other payables

Liabilities for trade and other payables including payable to related parties are carried at cost, which is the fair value of consideration to be paid in the future for goods and/or services received, whether or not billed to the Group.

#### 5.14 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are reviewed at each statement of financial position date and adjusted to reflect the current best estimate.

#### 5.15 Contingent liabilities

A contingent liability is disclosed when the Group

- has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Group; or
- has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of obligation cannot be measured with sufficient reliability.

#### 5.16 Taxation

Taxation comprises of current tax and deferred tax.

The tax expense for the period comprises current and deferred tax. Tax is recognized in the consolidated statement of profit or loss, except to the extent that it relates to items recognized in consolidated statement of other comprehensive income or directly in equity. In this case, the tax is also recognized in consolidated statement of other comprehensive income or directly in equity, respectively.

The Group designate the amount calculated on taxable income using the notified tax rate as an income tax within the scope of IAS 12 'Income Taxes' and recognise it as current income tax expense. The amount calculated not on the basis of taxable income, is then recognized as a levy falling under the scope of IFRIC 21/IAS 37.

#### Current

Provision for current taxation is based on taxable income for the year determined in accordance with prevailing law for taxation on income at the applicable rates of taxation after taking into account tax credits and tax rebates, if any. Income tax expense is recognised in profit or loss except to the extent that it relates to items recognised directly in equity or in other comprehensive income.

CSM and its Subsidiaries recognise provision for income tax based on best current estimates. However, where the final tax outcome is different from the amounts that were initially recorded, such differences impact the income tax provision in the period in which such determination is made.

CSM and its Subsidiaries take into account the current income tax law and decisions taken by the taxation authorities. Instances where the views of CSM and its Subsidiaries differ from the income tax department at the assessment stage and where CSM and its Subsidiaries consider that their view on items of material nature is in accordance with law, the amounts are shown as contingent liabilities.

#### Deferred

Deferred income tax is recognised using the statement of financial position liability method on all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts appearing in the financial statements. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax asset is recognised for all deductible temporary differences to the extent that it is probable that deductible temporary differences will reverse in the future and taxable income will be available against which the deductible temporary differences, unused tax losses and tax

Deferred tax asset and liability is measured at the tax rate that is expected to apply to the period when the asset is realised or the liability is settled, based on tax rates that have been enacted. Deferred tax is charged or credited to income except in the case of items credited or charged to equity in which case it is included in equity.

#### 5.17 Dividend and revenue reserve appropriation

Dividend and movement in revenue reserves are recognised in the financial statements in the period in which these are approved.

#### 5.18 Impairment of non-financial assets

Assets that have an indefinite useful life, for example land, are not subject to amortisation or depreciation and are tested annually for impairment. Assets that are subject to depreciation/ amortisation are reviewed for impairment at each statement of financial position date or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. Reversals of the impairment losses are restricted to the extent that assets carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss has been recognised. An impairment loss or reversal of impairment loss is recognised in the consolidated statement of profit or loss.

#### 5.19 Revenue recognition

The Group recognizes revenue at point of time when control of product is transferred to customer. Control is considered to be transferred in case of local sales when the finished goods are directly uplifted by customer from the warehouse or when it is delivered by the Group at customer premises. In case of export sales, control is considered to be transferred when the finished goods are shipped to the customer.

Revenue is measured based on the consideration agreed with the customer and excludes sales tax / government levies and amounts collected on behalf of third parties. Revenue is presented net of discounts, rebates and returns.

No element of financing is deemed present as the sales are made either at advance or with a credit term of upto 30 days, which is consistent with the market price.

#### Contract assets

Contract assets arise when the Group performs its performance obligations by transferring goods to a customer before the customer pays its consideration or before payment is due.

#### Contract liabilities

Contract liability is the obligation of the Group to transfer goods to a customer for which the Group has received consideration from the customer. If a customer pays consideration before the Group transfers goods, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Group performs its performance obligations under the contract.

#### Other income

The Group recognises following in other income:

- (i) Income on deposit / saving accounts using the effective yield method.
- (ii) Dividend income when the right to receive dividend is established.
- (iii) Income from other non-recurring goods and services is recognised when the control is transferred and performance obligations are fulfilled.

#### 5.20 Development expenditure

Expenditure incurred on development of sugar cane and beet is expensed in the year of incurrence.

#### 5.21 Deferred government grant

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grant includes any benefit earned on account of a government loan obtained at below-market rate of interest. The loan is recognised and measured in accordance with IFRS 9 "Financial Instruments". The benefit of the below-market rate of interest is measured as the difference between the initial carrying value of the loan determined in accordance with IFRS 9 and the proceeds received.

Government grant that has been awarded for the purpose of giving immediate financial support to the Group is recognised in profit or loss of the period in which the entity qualifies to receive it.

#### 5.22 Foreign currency transactions and translation

Foreign currency transactions are translated in Pakistan Rupees using the exchange rate prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated in functional currency using the exchange rate prevailing at the reporting date. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates are recognised in the consolidated statement of profit or loss.

#### 5.23 Financial instruments

Financial instruments are recognised in the consolidated statement of financial position when the Group becomes a party to the contractual provisions of the instrument. All the financial assets are derecognised at the time when the Group loses control of the contractual rights that comprise the financial assets. All financial liabilities are derecognised at the time when they are extinguished that is, when the obligation specified in the contract is discharged, cancelled, or expires. Any gains or losses on derecognition of the financial assets and financial liabilities are taken to the consolidated statement of profit or loss.

#### a) Financial assets

#### Classification

The Group classifies its financial assets in the following measurement categories:

- amortised cost where the effective interest rate method is applied;
- ii) fair value through profit or loss; and
- iii) fair value through other comprehensive income.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses are either recorded in statement of profit or loss or other comprehensive income (OCI). For investment in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income (FVOCI). The Group reclassifies debt investments when and only when its business model for managing those assets changes.

#### Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Group commits to purchase or sell the asset. Further, financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risks and rewards of ownership.

#### Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in statement of profit or loss.

#### **Debt instruments**

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group can classify its debt instruments:

#### i) Amortised cost

Assets that are held for collection of contractual cash flows where the contractual terms of the financial assets give rise on specified dates to cash flows that represent solely payments of principal and interest, are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in statement of profit or loss and presented in other income together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the statement of profit or

#### ii) Fair value through other comprehensive income (FVTOCI)

Debt securities, where the contractual cash flows are solely principal and interest and the objective of the Group's business model is achieved both by collecting contractual cash flows and selling financial assets are measured at FVTOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in statement of profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to statement of profit or loss and recognised in other income. Interest income from these financial assets is included in finance income using the effective interest rate method. Foreign exchange gains and losses are presented in other income and impairment expenses are presented as separate line item in the statement of profit or loss.

#### iii) Fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL is recognised in the statement of profit or loss and presented in finance income / cost in the period in which it arises.

#### **Equity instruments**

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to statement of profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognised in statement of profit or loss as other income when the Group's right to receive payments is established.

#### Impairment of financial assets

The Group assess on a historical as well as forward-looking basis, the expected credit loss (ECL) as associated with its debt instruments, trade debts, short term investments, deposits and other receivables carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Following are financial instruments that are subject to the ECL model:

- Trade debts
- Loans and advances
- Trade deposits and other receivables
- Bank balances

## General approach for loans and advances, trade deposits, other receivables and bank balances

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information (factors that are specific to the counterparty, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate). As for the exposure at default for financial assets, this is represented by the assets' gross carrying amount at the reporting date. Loss allowances are forward looking, based on 12 months expected credit losses where there has not been a significant increase in credit risk rating, otherwise allowances are based on lifetime expected losses.

Expected credit losses are a probability weighted estimate of credit losses. The probability is determined by the risk of default which is applied to the cash flow estimates. In the absence of a change in credit rating, allowances are recognised when there is reduction in the net present value of expected cash flows. On a significant increase in credit risk, allowances are recognised without a change in the expected cash flows, although typically expected cash flows do also change; and expected credit losses are rebased from 12 months to lifetime expectations.

#### Significant increase in credit risk

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an on-going basis throughout each reporting period. To assess whether there is a significant increase in credit risk, the Group compares the risk of a default occurring on the instrument as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportable forward-looking information.

The following indicators are considered while assessing credit risk

- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the debtor's ability to meet its obligations;
- actual or expected significant changes in the operating results of the debtor;
- significant increase in credit risk on other financial instruments of the same debtor;
   and
- significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees, if applicable.

#### Definition of default

The Group considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that receivables that meet either of the following criteria are generally not recoverable.

- when there is a breach of financial covenants by the counterparty; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above analysis, in case of trade debts, the Group considers that default has occurred when a debt is more than 365 days past due, unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

#### Credit - impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract, such as a default or past due event;
- the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for that financial asset because of financial difficulties.

#### Simplified approach for trade debts

The Group recognises life time ECL on trade debts, using the simplified approach. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes; and
- reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

Trade debts with individually significant balance are separately assessed for ECL measurement. All other trade debts are grouped and assessed collectively based on shared credit risk characteristics and the days past due. The expected credit losses on these financial assets are estimated using a provision matrix approach based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

Where lifetime ECL is measured on a collective basis to cater for cases where evidence of significant increases in credit risk at the individual instrument level may not yet be available, the financial instruments are grouped on the following basis:

- nature of financial instruments;
- past-due status;
- nature, size and industry of debtors; and
- external credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

#### Recognition of loss allowance

The Group recognises an impairment gain or loss in the statement of profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt instruments that are measured at FVTOCI, for which the loss allowance is recognised in other comprehensive income and accumulated in the investment revaluation reserve, and does not reduce the carrying amount of the financial asset in the statement of financial position.

#### Write-off

The Group writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of debtor's sources of income or assets to generate sufficient future cash flows to repay the amount.

The Group may write-off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off result in impairment gains.

#### b) Financial Liabilities

#### Classification, initial recognition and subsequent measurement

Financial liabilities are classified in the following categories:

- i) fair value through profit or loss; and
- ii) other financial liabilities.

The Group determines the classification of its financial liabilities at initial recognition. All financial liabilities are recognised initially at fair value and, in case of other financial liabilities also include directly attributable transaction costs. The subsequent measurement of financial liabilities depends on their classification, as follows:

#### Fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held-for trading and financial liabilities designated upon initial recognition as being at fair value through profit or loss. The Group has not designated any financial liability upon recognition as being at fair value through profit or loss.

#### ii) Other financial liabilities

After initial recognition, other financial liabilities which are interest bearing subsequently measured at amortised cost, using the effective interest rate method and are measured at present value. Gains and losses are recognised in profit or loss for the year, when the liabilities are derecognised as well as through effective interest rate amortisation process.

#### Derecognition of financial liabilities

The Group derecognises financial liabilities when and only when the Group's obligations are discharged, cancelled or expired.

#### Offsetting of financial assets and financial liabilities

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when there is a legally enforceable right to offset the recognised amount and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

#### Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability; or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market is accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the consolidated financial statements at fair value on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Board determines the policies and procedures for both recurring fair value measurement and for non-recurring measurement. External valuers may be involved for valuation of significant assets and significant liabilities. For the purpose of fair value disclosures, the Group determines classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

#### 5.24 Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions. The management has determined that the Group has two reportable segments, i.e. sugar and ethanol.

#### 5.25 Earnings per share

The Group presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

| 6. | PROPERTY, PLANT AND EQUIPMENT     |      | 2024       | 2023       |
|----|-----------------------------------|------|------------|------------|
|    |                                   | Note | Rupees in  | thousand   |
|    | Operating fixed assets - tangible | 6.1  | 27,594,903 | 23,253,239 |
|    | Capital work-in-progress          | 6.13 | 2,053,939  | 3,543,137  |

- 6.2 During the year ended September 30, 2024, management assessed the Property, Plant and Equipment of WFPL for impairment in respect of triggering events as specified by IAS 36 applicable to the non-current assets. Based on the below indicators, an impairment test has been carried out by the management to determine the recoverable amount of non-current assets of WFPL:
  - Lack of start of operations as per plan envisaged in the agreement between Punjab Foods Department, Government of Punjab and Whole Foods (Private) Limited;
  - Notice of intent to terminate agreement between Punjab Foods Department, Government of Punjab to Whole Foods (Private) Limited (WFPL) during 2023 which has been contested by the management of WFPL and they are confident that the above said notice will be withdrawn.
  - Management plans to consider other options
- 6.3 CSM and its subsidiaries has performed an assessment of recoverable value based on assessment of fair value less cost to sell and value in use of non-current assets of WFPL. The fair value less cost to sell has been determined by an independent expert. Management's approach and key assumptions used to determine fair value less cost to sell to the consolidated financial statements. Based on the same the management has concluded that there is no need to record an impairment loss in the consolidated financial statements.

During the year ended September 30, 2024, management assessed the property, plant and equipment of UWFPL for impairment in respect of triggering events as specified by IAS 36 applicable to the non-current assets. Based on the below indicators, an impairment test has been carried out by the management to determine the recoverable amount of non-current assets of UWFPL:

- Lack of margins, negative gross profits and net liability position;
- Management plans to market their premier brand "Golden crust" as this is the first year of operations.

Considering the requirements of IAS 36 the Group has assessed the recoverable amount of the property plant and equipment based on higher of Value In Use (VIU) and fair value less costs to sell. An external valuation expert has determined the valuation of freehold land, buildings, plant & machinery and electric installations. The VIU is also determined on the basis of projected cashflows based on a future business plan approved by the Board of Directors of the CSM and its subsidiaries for a period of six years from 2025 to 2030. VIU has been assessed on discounted cash flow based valuation methodology using weighted average cost of capital of 14.54% per annum. In view of foregoing, management has concluded that there is no need to recognize an impairment loss in the consolidated financial statements.

#### 6.4 Particulars of immovable property of the Holding Company

| Location              | Usage of immovable property | Total Area<br>(square feet) | Covered Area (In square feet) approx. |

6.6 Had the revalued fixed assets of the Group been recognised under the cost model, the carrying values of these assets would have been as follows:

|                                | 2024               | 2023      |  |
|--------------------------------|--------------------|-----------|--|
|                                | Rupees in thousand |           |  |
| Leasehold land                 | 2,559,760          | 2,681,002 |  |
| Freehold land                  | 346,721            | 339,247   |  |
| Buildings & roads              | 2,835,122          | 992,098   |  |
| Buildings on leasehold land    | 742                | 802       |  |
| Plant, machinery and equipment | 4,602,026          | 3,586,738 |  |
| Electric installations         | 480,457            | 439,161   |  |
|                                | 10,824,828         | 8,039,048 |  |
|                                |                    |           |  |

6.7 The forced sale values of revalued fixed assets of the Group, based on valuations conducted during 2024 and prior years, are as follows.

|                                | 2024       |
|--------------------------------|------------|
|                                | Rupees in  |
|                                | thousand   |
| Leasehold land                 | 3,000,000  |
| Freehold land                  | 1,754,172  |
| Buildings & roads              | 5,945,754  |
| Plant, machinery and equipment | 9,901,561  |
| Electric installations         | 423,358    |
|                                | 21,024,845 |
|                                |            |

- 6.8 The Board of Directors of the Holding Company, during the financial year ended September 30, 2018, had decided to shift the Holding Company's distillery operations from Mardan to Ramak, Dera Ismail Khan due to easy approach to power and raw materials. Dismantling, shifting and erection work of distillery was completed during the financial year ended September 30, 2020.
- 6.9 The Holding Company had availed its option of renewal of leasehold land agreement expired during the financial year ended September 30, 2008. Buildings on leasehold land, however, were revalued during the financial years ended September 30, 2009, September 30, 2011, September 30, 2014, September 30, 2017, September 30, 2020 and September 30, 2023 and revaluation surplus on these assets aggregating Rs.116.886 million, Rs.17.376 million, Rs.76.240 million, Rs.5.328 million, Rs.99.021 million and Rs.1,345.854 million respectively was incorporated in the books of account.

Clause 6 of the lease agreement dated July 09, 1947, which was for a period of 60 years, empowers the Holding Company to renew the lease. On August 10, 2007, the Holding Company, in terms of the aforesaid clause 6, had exercised the option of renewal of the lease and indicated its desire to extend the lease for a further period of 60 years (commencing from January 01, 2008) on such terms as may be agreed between the parties and invited the legal heirs of the lessor to negotiate the terms of the extended lease agreement. The legal heirs of the lessor had failed to agree on the terms of the extended lease; hence, the matter was referred to arbitration.

Two of the legal heirs of the lessor have filed civil suits impugning the validity of arbitration. These suits are frivolous, barred by law and liable to be dismissed in due course under relevant provisions of the Arbitration Act, 1940.

The arbitration proceedings were finalised during the financial year ended September 30, 2016 and the Arbitrator (a Senior Advocate of the Supreme Court of Pakistan) announced the award by extending the lease term for a further period of 60 years. The same was filed before the Senior Civil Judge, Mardan to make it 'Rule of the Court'.

| 6.10                  | Depreciation for the year has been allocated as follows: | 2024               | 2023      |

- 10.1 FSM has not carried-out manufacturing operations during the current and prior years. The management, during the financial year ended September 30, 2024, had carried out a detailed exercise to identify obsolete / damaged stores and spares inventory. Carrying values of the year-end stores and spares inventory were adjusted accordingly.
- 10.2 Stores and spares include items which may result in fixed capital expenditure but are not distinguishable.
- 10.3 In case of CSM, a balance amounting Rs.15.595 million (2023:Rs. 6.713 million) has been written off against provision for obsolete items during the current year.

<sup>17.1</sup> These include Rs.476 thousand (2023: Rs.402 thousand) in security deposit account.

17.3

<sup>17.2</sup> PLS and deposit accounts during the year carried profit / mark-up at the rates ranging from 13.50% to 24.87% (2023: 13.50% to 24.41%) per annum.

<sup>(</sup>a) These include deposits amounting Rs.3.734 million (2023: Rs.3.734 million), which are under lien of a bank against guarantees issued by it in favour of Sui Northern Gas Pipelines Ltd. on behalf of the Holding Company.

- (b) In case of CSM, these include term deposits carrying profit at the rates ranging from 20.50% to 20.60% (2023: 20.00% to 20.55%) per annum and having maturity of 30 days.
- 17.4 In case of CSM, these include dividend account balance of Rs.1,225 thousand (2023: Rs.460 thousand). These balances are maintained in separate non interest bearing current bank accounts.
- 17.5 The Securities and Exchange Commission of Pakistan (SECP) winding-up petition filed against Innovative Investment Bank Limited was decided by the Lahore High Court, Lahore (LHC) and LHC appointed Joint Official Liquidators (JOLs). The Holding Company and FSM, as per the LHC's orders upto November, 2020, have received three tranches aggregating Rs.33 million. The remaining amount of Rs.3 million has been received during the year.
  - The Holding Company and FSM have not accrued profit on these deposits during the current and preceding financial years.
- 17.6 The Holding Company had deposited Rs.5 million in Term Deposit with Mehran Bank Limited at Peshawar for a period of six months @ 12.5% per annum on September 25, 1993 vide TDR No.007902, which was to mature on March 25, 1994. The aforesaid TDR could not be encashed because of the crisis of Mehran Bank's affairs which were being administered by the State Bank of Pakistan (SBP). Mehran Bank Limited was eventually merged into National Bank of Pakistan (NBP).
  - The Holding Company, through its lawyers, had issued legal notices to SBP, NBP and the defunct Mehran Bank Limited. In response, the Holding Company had received a letter from NBP dated November 05, 1995 stating that the investment by the Holding Company was shown in Fund Management Scheme, which was an unrecorded liability of Mehran Bank Limited. The Holding Company had filed a suit with the Civil Court for recovery of the said amount along with profit @ 12.5% per annum with effect from September 25, 1993 till the date of payment. The Civil Judge, Peshawar, vide his judgment dated May 13, 2004, had decreed against SBP. SBP, against the said judgment, filed an appeal before the Peshawar High Court. The said appeal was remanded-back to Additional District Judge, Peshawar. The appeal has been disposed-off vide judgment dated November 29, 2019. The judgment states that the Holding Company is entitled to recover Rs.5 million with profit at the rate of 12.5% per annum from NBP from the year 1999. The said execution petition is pending adjudication. Full provision for the said amount exists in the financial statements of the Holding Company.
- 17.7 In case of CSM, lien is marked on bank balances for an amount of Rs.454,000 thousand (2023: Rs.454,000 thousand) in respect of the various guarantees extended by the banks.
- 18. ISSUED, SUBSCRIBED AND PAID-UP CAPITAL

18.1 The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at general meetings of the Holding Company. All the shares rank equally with regard to the Holding Company's residual assets.

- 18.2 The Holding Company has one class of ordinary shares, which carries no right to fixed income.
- 18.3 The Holding Company has no reserved shares for issuance under options and sale contracts.
- 18.4 Voting rights, board selection, right of first refusal and block voting are in proportion to the shareholding of the shareholders.
- 18.5 Arpak International Investments Ltd. (an Associated Company) held 400,000 ordinary shares as at September 30, 2024 and September 30, 2023.

## 19. REVALUATION SURPLUS ON PROPERTY, PLANT AND EQUIPMENT - Net

- 19.1 The Holding Company, during the financial years ended September 30, 2000, September 30, 2009, September 30, 2011, September 30, 2014, September 30, 2017 and September 30, 2020 had revalued its buildings on freehold & leasehold land and plant & machinery, which resulted in revaluation surplus aggregating Rs.229.409 million, Rs.544.516 million, Rs.110.992 million, Rs.438.066 million, Rs.166.651 million and Rs.534.211 million respectively. These fixed assets were revalued by independent Valuers on the basis of depreciated market values.
- The Holding Company, as at September 30, 2023, had again revalued its buildings, plant, machinery and equipment installed at Premier Sugar Mills, Nowshera Mardan Road, Mardan and Chashma Sugar Mills Unit-II at Ramak, Dera Ismail Khan. The latest revaluation exercise has been carried-out by independent Valuers [K.G. Traders (Pvt.) Ltd. Suit No. 5, 3rd Floor, Galaxy Arcade, G-11 Markaz, Islamabad] to replace the carrying amounts of these assets with the assessed present market value of buildings and civil works and assessed depreciated market value of plant, machinery and equipment. The appraisal surplus arisen on latest revaluation aggregating Rs.1,345.854 million has been credited to statement of other comprehensive income to comply with the requirements of Law.
- 19.3 FSM, during the financial year ended September 30, 2000, had revalued buildings on freehold land and plant & machinery. The revaluation exercise was carried-out on the basis of depreciated market values and it produced appraisal surplus aggregating Rs.55.414 million, which was credited to this account.
- 19.4 FSM, during the financial year ended September 30, 2009, had revalued its aforementioned fixed assets and freehold land. This revaluation exercise was carried-out by independent Valuers [Hamid Mukhtar & Co. (Pvt.) Ltd.], to replace the carrying amounts of these assets with their fair present market values. The appraisal surplus arisen on this revaluation aggregating Rs.87.718 million was credited to this account to comply with the requirements of law.
- 19.5 FSM, as at September 30, 2021, has again revalued its freehold land, buildings on freehold land and plant & machinery to replace the carrying amounts of these assets with their present market values. The revaluation exercise has been carried-out by independent Valuers [ K.G. Traders (Pvt.) Ltd.]. Freehold land has been valued on the basis of present market value, buildings on freehold land have been valued on lump sum basis whereas plant & machinery has been valued on depreciated replacement value. The appraisal surplus arisen on latest revaluation aggregating Rs.1,066.079 million has been credited to this account.

19.6 CSM and its subsidiaries follows revaluation model for freehold land, leasehold land, buildings & roads, plant & machinery and electric installations. The fair value of the Group's free hold land, leasehold land, buildings & roads, plant & machinery and electric installations were assessed by management based on independent valuation performed by an external property valuation expert for CSML as at September 30, 2024 and for WFPL and UWFPL as at June 30, 2024. For valuation of freehold land, leasehold land, buildings & roads, plant & machinery and electric installations, the current market price or depreciated replacement cost method is used, whereby, current cost of construction/purchase cost of similar freehold land, leasehold land, buildings & roads, plant & machinery and electric installations in similar locations has been adjusted using suitable depreciation rates to arrive at present market value. This technique requires significant judgment as to estimating the revalued amount in terms of their quality, structure, layout and locations.

| 19.7 | The year-end balance has been arrived at as follows:   | 2024<br>Rupees in | 2023<br>thousand |
|------|--|-------------------|------------------|
|      | Opening balance  | 15,076,996        | 11,921,909       |

23.1 CSML has recognised deferred government grant in respect of term finance facility obtained under SBP temporary economic refinance facility (TERF). The CSM had entered into an arrangement with Bank Al Habib Limited for obtaining term finance facility under State Bank of Pakistan (SBP) TERF scheme to facilitate retirement of import/shipping documents received against LCs (foreign and local/inland), upto a maximum of Rs 505 million. The repayment of loan (principal amount) will be made in 10 equal semi annual installments commenced from September 30, 2023. Mark up rate is 5% on this facility and shall also be paid on semi annual basis. The availed facility at September 30, 2024 was Rs 456,000 thousand. The facility will expire on September 30, 2027. There are no unfulfilled conditions or other contingencies attaching to this grant.

## Principal actuarial assumptions used in the actuarial valuation

The Projected Unit Credit Method using the following significant assumptions was used for the valuation of the scheme:

|  | 2024    | 2023    |
|--|---------|---------|
| Discount rate used for interest cost       | 16.75%  | 13.25%  |
| Discount rate used for year end obligation | 11.75%  | 16.75%  |
| Salary increase rate - long term           | 11.75%  | 16.75%  |
| Salary increase rate - short term          | 11.75%  | 16.75%  |
| Demographic assumptions                    |         |         |
|  | SLIC    | SLIC    |
| Mortality rates                            | 2001-05 | 2001-05 |

During the year 2025, CSM expects to contribute Rs.8,585 thousand (2024: Rs.8,278 thousand) to its gratuity scheme.

|--|---------------|---------|
| Remeasurement recognised in OCI during the year:         | Rupees in the | nousand |
| Actuarial loss / (gain) from<br>in financial assumptions | (170)         | 1,540   |
| Experience adjustments                                   | (2,075)       | 1,116   |
|  | (2,245)       | 2,656   |

The weighted average number of years of defined benefit obligation is given below:

| Plan duration      | Years |
|--------------------|-------|
| September 30, 2024 | 10    |
| September 30, 2023 | 9     |

The calculation of defined benefit obligation is sensitive to assumptions set out above. The following table summarizes how the impact on the defined benefit obligation at the end of the reporting period would have increased/ (decreased) as a result of a change in respective assumptions by one percent.

|                      | Effect of 1%                             | Effect of 1% |
|----------------------|--|--------------|
|                      | Increase                                 | Decrease     |
| 2024                 | Rupees in                                | thousand     |
| Discount rate        | (20,029)                                 | 24,615       |
| Future salary growth | 24,627                                   | (19,979)     |
| 2023                 |  |              |
| Discount rate        | (18,387)                                 | 21,797       |
| Future salary growth | 21,756                                   | (18,396)     |
|                      | 20 20 20 20 20 20 20 20 20 20 20 20 20 2 |              |

The above sensitivity analyses are based on the changes in assumptions while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of defined benefit obligation to significant assumptions the same method (present value of the defined benefit obligation calculated with the projected credit unit method at the end of the reporting period) has been applied when calculating the liability recognized within the statement of financial position.

The defined benefit obligation exposes CSM and its Subsidiaries to the following risks:

## Final salary risks:

The risk that the final salary at the time of cessation of service is greater than what was assumed. Since the benefit is calculated on the final salary, the benefit amount would also increase proportionately.

### Withdrawal risks:

The risk of higher or lower withdrawal experience than assumed. The final effect could go either way depending on the beneficiaries' service / age distribution and the benefit.

# Mortality risks:

The risk that the actual mortality experience is different. Similar to the withdrawal risk, the effect depends on the beneficiaries' service / age distribution and the benefit.

### Discount rate fluctuation

The plan liabilities are calculated using a discount rate set with reference to corporate bond yields. A decrease in corporate bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the current plan's bond holdings.

- 27.1 Short term finance facilities available from various commercial banks under mark-up arrangements aggregate Rs.1,900 million (2023: Rs.1,300 million). These facilities are secured against charge over fixed assets, charge over present and future current assets of the Holding Company, registered first exclusive charge over the Holding Company's head office second and third floors (without land), pledge of sugar stocks, cross corporate guarantee of Chashma Sugar Mills Ltd. (a Subsidiary Company) amounting Rs.800 million and lien over export documents. These facilities, during the year, carried mark-up at the rates ranging from 19.43% to 24.87% (2023: 16.71% to 24.41%) per annum and are expiring on various dates by March 31, 2024.
- 27.2 In case of the Holding Company, facilities available for opening letters of guarantee and credit from commercial banks aggregate Rs.700 million (2023: Rs.680 million). Out of the available facilities, facilities aggregating Rs.536.18 million (2023: Rs.481.296 million) remained un-utilised at the year-end. These facilities are secured against lien over import and shipping documents and the securities detailed in the preceding paragraph.
- 27.3 Finance facilities available to CSM from various commercial banks under mark-up arrangements aggregate Rs.25.750 billion (2023: Rs.15.275 billion) and are secured against pledge of sugar stocks and charge on present and future current assets of CSM.

## The Holding Company

- 29.1 The returns for the Tax Years 2010 to 2024 have been filed after complying with all the provisions of the Income Tax Ordinance, 2001 (the Ordinance). Accordingly, the declared returns are deemed to be assessment orders under the law subject to selection of audit or pointing of deficiency by the Commissioner.
- 29.2 No numeric tax rate reconciliation is presented in these consolidated financial statements as the Group during the current and preceding years is mainly liable to pay tax due under sections 5 (Tax on dividends), 113 (Minimum tax on the income of certain persons) and 154 (Tax on exports) of the Ordinance.
- 29.3 The Holding Company has filed a civil petition for leave to appeal (CPLA) before the Supreme Court of Pakistan against judgment dated November 10, 2021 passed by the Peshawar High Court. The said writ petition was filed by the Company challenging the impugned notices of income tax audit under section 177 of the Ordinance for tax years 2015, 2016, 2018 and 2019. The said CPLA is pending.

### **FSM**

- 29.4 The Company falls under the ambit of final taxation under the Income Tax Ordinance, 2001 (the Ordinance) and current year's provision is made accordingly. As explained in note 4.3 the liability shall be the final tax fall under levy within the scope of IFRIC 21 / IAS 37.
- 29.5 No numeric tax rate reconciliation is presented in these financial statements as the Company during the current and preceding years is mainly liable to pay tax due under sections 5 (Tax on dividends), 113 (Minimum tax on the income of certain persons) and 154 (Tax on exports) of the Ordinance.
- 29.6 The Subsidiary Company has filed a civil petition for leave to appeal (CPLA) before the Supreme Court of Pakistan against judgment dated November 10, 2021 passed by the Peshawar High Court. The said writ petition was filed by the Company challenging the impugned notices of income tax audit under section 177 of the Ordinance for tax years 2015, 2016, 2018 and 2019. The said CPLA is pending.
- 29.7 Reconciliation of current tax charge charged as per tax laws for the year, with current tax recognised in the consolidated profit and loss account, is as follows:

|  | 2024        | 2023    |
|--|-------------|---------|
|  | Rupees in t | housand |
| Current tax liability for the year as per applicable tax laws  | 418,379     | 344,883 |

| Difference   |             | -       |

#### 30. CONTINGENCIES AND COMMITMENTS

# The Holding Company

30.1 Commitments against irrevocable letters of credit outstanding as at September 30, 2024 amounted Rs.96.963 million (2023: Rs.198.704 million).

- 30.2 The Holding Company's appeal filed before the Peshawar High Court (PHC) against order of the Customs, Sales Tax & Central Excise Appellate Tribunal is still pending adjudication. The Department, during the financial year ended September 30, 2001, had raised sales tax demand aggregating Rs.4.336 million along with additional tax. The Holding Company, however, during the financial year ended September 30, 2005, had paid sales tax amounting Rs.2.123 million along with additional tax amounting Rs.0.658 million as per the requirements of S.R.O. 247(I) / 2004 dated May 05, 2004.
- 30.3 Petitions filed before the Supreme Court of Pakistan (SCP) against imposition of Gas Infrastructure Development Cess (GIDC) have been dismissed vide judgment dated August 13, 2020 in 2-1 ratio. The SCP's judgment states that the cess under GIDC Act, 2015 was levied on those consumers of natural gas which on account of their industrial or commercial dealings had passed on GIDC burden to their customers. The SCP's judgment states that no late payment surcharge shall be collected while the GIDC amount that have become due upto July 31, 2020 will be recovered in 24 equal monthly instalments. Based on this judgment, the Holding Company has filed a writ petition before the PHC challenging the demand of GIDC arrears on the ground that the Holding Company has not passed on GIDC burden to its customers. The PHC, vide its order dated September 19, 2021, has granted interim relief.

PHC, vide its judgment dated June 15, 2022, has dismissed the petition filed by the Petitioners, observing that while exercising jurisdiction vested under article 199 of the Constitution, the Court can neither enter into factual controversies nor decide disputed questions of facts. The PHC, however, has allowed the Petitioners to approach a competent Court of law / forum having jurisdiction in the matter, if they so advised.

The Holding Company, during the preceding years, has filed a civil suit before the Civil Judge, Peshawar challenging the demand of GIDC arrears through the impugned additional bills without determination of alleged passing on the burden to the end consumers. The said civil suit is pending adjudication.

- 30.4 The Holding Company's petition filed before the PHC, against the Government of Khyber Pakhtunkhwa's notification dated August 12, 2015 in which minimum wages for unskilled workers has been fixed at Rs.12,000 per month with effect from July 01, 2014 has been dismissed by the PHC vide its judgment dated April 02, 2019. The Holding Company has filed a review petition before the PHC against the said judgment, which was also dismissed. The additional wage liabilities aggregate Rs.2.359 million approximately. The Holding Company has filed a civil petition for leave to appeal before the Supreme Court of Pakistan, which is pending adjudication.
- 30.5 The sales tax appeal filed before the Appellate Tribunal Inland Revenue (ATIR), Peshawar against ex-parte order passed by the Commissioner Inland Revenue (Appeals) [CIR(A)] has been succeeded vide order dated March 29, 2018. The assessment order dated June 23, 2016 was passed by the Deputy Commissioner Inland Revenue (DCIR), Peshawar in violation of SRO 488(I)/2004 dated June 12, 2014; the Holding Company claimed input tax to the tune of Rs.41.672 million against the supplies to unregistered persons. A withdrawal application has been filed before the ATIR, Peshawar in pursuance of the aforesaid rectification order.

- 30.6 The DCIR for the tax year 2013 initially has held the Holding Company as taxpayer-in-default for non-deduction of tax on certain supplies / services and tax demand was raised at Rs.77.750 million under section 161 (Failure to pay tax collected or deducted) along with default surcharge of Rs.4.730 million under section 205 (Default surcharge) of the Income Tax Ordinance, 2001 (the Ordinance). The Holding Company filed rectification application under section 221 of the Ordinance and the demand was reduced to Rs.237,360. Against the said demand, the Holding Company has filed an appeal before the CIR(A), who dismissed the Holding Company's appeal. Presently, the Holding Company's appeal against the CIR(A)'s order is pending before the ATIR, Peshawar.
- 30.7 The Holding Company has filed a writ petition before the PHC challenging Federal Government Order No.1(1) 2020 ROP dated July 16, 2021 and Provincial Government Order No.13/12-Sugar /IND / Vol-V / 7862 dated July 16, 2021 issued under section 6 of the Price Control and Prevention of Profiteering and Hoarding Act, 1977 whereby the retail price of sugar at the rate of Rs.88.24 per kilo gram was fixed. The PHC, vide its order dated July 30, 2021, has allowed interim relief and ordered that in the meanwhile status que be maintained.
- 30.8 The Holding Company has filed a writ petition before the PHC challenging Federal Government Order F.No.2-8 / 2022 / SAB / A IV dated April 20, 2023 issued under section 6 of the Price Control and Prevention of Profiteering and Hoarding Act, 1977 read with Price Control and Prevention of Profiteering and Hoarding Order, 2021 dated August 24, 2021 whereby the retail price of sugar at the rate of Rs.98.82 per kilo gram and maximum ex-mill price was fixed at the rate of Rs.95.57 per kilo gram. The PHC, vide its order dated June 06, 2023, has granted interim relief while the main writ petition is pending.
- 30.9 Various cases have been filed against the Holding Company by some former employees. Based on the legal advice, no provision has been made in the books of account.
- 30.10 Guarantees given to Sui Northern Gas Pipelines Ltd. by commercial banks on behalf of the Holding Company outstanding as at September 30, 2024 were for Rs.37.340 million (2023: Rs.37.340 million). These guarantees are valid upto June 19, 2024.

## FSM

- 30.11 The Additional Collector of Sales Tax, Peshawar, had served a show cause notice raising sales tax demands aggregating Rs.1.528 million along with additional tax on the grounds that the Subsidiary Company under-valued the price of spirit during the financial years 1994-95 & 1995-96 and paid lesser sales tax. The Subsidiary Company paid Rs.0.248 million against the said demands and filed an appeal before the Customs, Central Excise and Sales Tax Appellate Tribunal, Peshawar Bench, which is pending adjudication.
- 30.12 The Appellate Tribunal Inland Revenue, Peshawar, vide its order dated October 09, 2012, had allowed the Subsidiary Company's appeal; the Company prayed that the order passed by the Department during July, 2007 be set-aside and refund claims pertaining to the period April to December, 2006 aggregating Rs. 421 thousand be sanctioned.
- 30.13 No commitments were outstanding as at September 30, 2024 and September 30, 2023.

### CSM and its Subsidiaries

- 30.14 The Commissioner Inland Revenue (CIR), Peshawar vide order dated May 26, 2015 alleged that the CSM and its subsidiaries has not undertaken appropriate stock taking and raised a demand of Rs 10 million in respect of FED on the alleged differential stock. the CSML and its subsidiaries accepted vide order dated January 25, 2016. In this respect, the tax department filed reference before the Honorable Peshawar High Court which is yet to be decided.
- 30.15 In respect of super tax demand under section 4C of Income Tax Ordinance, 2001 for the tax year 2021 @ 10% of taxable income, the CSM and its subsidiaries had filed writ petition before Peshawar High Court, and an interim relief was granted, directing the CSM and its subsidiaries to 50% of the tax demanded. However, during the year, The Federal Board of Revenue (FBR) sent a notice to the CSM and its subsidiaries directing it to pay super tax @ 4%, based on Supreme Court's order in respect of other companies wherein the Supreme Court of Pakistan granted an interim relief against demand of super tax at the rate of 10% and directed FBR to recover the tax @ 4%. Management has recorded a current tax charge of Rs 41.9 million during the year in respect of super tax @ 4% out of which Rs. 24.9 million is paid during the prior year. The CSM and its subsidiaries and its legal counsel are confident that based on Supreme Court's order maximum exposure of the CSM and its subsidiaries in respect of super tax for tax year 2021 is 4% and no further provision needs to be recognized in these consolidated financial statements.
- 30.16 The Federal government through SRO No. 1062(I)/2021 dated April 28, 2021 fixed the Ex-Mill and Retail prices of Sugar u/s 6 of the Price Control and Prevention of Profiteering and Hoarding Act, 1997 at Rs.95.57/kg and Rs.98.82/kg. The CSM and its subsidiaries filed a writ petition in Peshawar High court against a decision of Federal Government on April 20, 2023. Peshawar High Court granted stay on the case vide order dated June 06, 2023 and the case is currently pending adjudication as at year end.
- 30.17 The Competition Commission of Pakistan (CCP) issued a show cause notice dated November 04, 2020 to sugar mills with respect to artificial price hike and alleged cartelization. The CSM and its subsidiaries submitted its reply dated December 25, 2020. However CCP passed an order dated August 13, 2021 and on the basis of revenues of financial year 2019 imposed a penalty of Rs.650,000 thousand on the CSM and its subsidiaries. Against the said order of CCP, the CSM and its subsidiaries has filed an appeal before the CCP Appellate tribunal. The CCP Appellate tribunal has granted stay order against the CCP's order dated August 13, 2021. The case is pending adjudication.
- 30.18 The CSM and its subsidiaries has letter of guarantee facilities aggregating Rs 50 million (2023: Rs 50 million) available from Bank Al Habib. The amount availed on these facilities as at September 30, 2024 is Rs 4 million (2023: Rs 4 million). These facilities are secured by master counter guarantee and 100% cash margin.
- 30.19 The CSM and its subsidiaries has obtained letter of credit facilities aggregating Rs 415 million (2023: Rs 365 million) from Bank Al Habib. The amount availed on these facilities as at September 30, 2024 is Rs 249 million (2023: Rs 221 million). These facilities are secured by lien on shipping documents.
- 30.20 The CSM and its subsidiaries has cash finance facility available from various banks aggregating to Rs 19,850 million (2023: Rs 10,825 million), out of which Rs 2,573 million (2023: Rs 2,968 million) has been availed by the CSM and its subsidiaries as at September 30, 2024. These facilities are secured against pledge charge over crystalline sugar inclusive of margin of 10 15%.

- 30.21 The CSM and its subsidiaries has Export Re Finance/Finance Against Packing Credit (ERF / FAPC) facility from various commercial banks for Rs 5,900 million (2023: Rs 3,950 million), out of which Rs 5,449 million (2023: Rs 1,524 million) has been availed by the CSM and its subsidiaries as at September 30, 2024. These facilities are secured by the joint parri passu hypothecation charge over current assets of the CSM and its subsidiaries and lien over export documents.
- 30.22 The CSM and its subsidiaries is defending its stance before the courts of law against various parties including individuals, corporate entities, federal and provincial revenue / regulatory authorities etc. The management of the CSM and its subsidiaries is of the view that the ultimate outcome of these cases are expected to be favorable and a liability, if any, arising on the settlement of these cases is not likely to be material. Accordingly, no provision has been made in the consolidated financial statements in this regard.
- 30.23 During the period, the CSM and its subsidiaries has issued further corporate guarantee amounting to Rs. 667 million in favour of UWFL in connection with financing arrangements with a financial institution. The financing facility is expected to be settled by December 31, 2027 and accordingly, the guarantee issued by the CSM and its subsidiaries will be released by December 31, 2027.

### 41.1 Financial Risk Factors

The Group's activities expose it to a variety of financial risks: market risk (including interest rate risk and currency risk), credit risk and liquidity risk. The Group's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

Risk management is carried-out by the Group's finance departments under policies approved by the board of directors. The Group's finance departments evaluate financial risks based on principles for overall risk management as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity, provided by the boards of directors.

### 41.2 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of three types of risks: currency risk, interest rate risk and price risk.

## (a) Currency risk

# The Holding Company

Foreign currency risk mainly arises where receivables and payables exist due to transactions entered into in foreign currencies. The Holding Company is not exposed to foreign exchange risk as it does not have any foreign currency receivables or payables at the reporting date.

### CSM

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies. Financial liabilities include Rs. 44,112 thousand (2023: Financial liabilities included Rs. 972,202 thousand) which were subject to currency risk.

| Rupees per U.S.\$   | 2024   | 2023   |
|---------------------|--------|--------|
| Average rate        | 283.33 | 259.03 |
| Reporting date rate | 278.05 | 288.60 |

## Sensitivity analysis

As at September 30, 2024, if the currency had weakened/strengthened by 10% against US dollar with all other variables held constant, loss after tax for the year of CSM would have been Rs.4,411 thousand (2023: Rs.97,220 thousand) higher / lower.

### (b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. At the reporting date, the interest rate profile of the Group's interest bearing financial instruments is as follows:

|  | 2024               | 2023             | 2024              | 2023      |
|--|--------------------|------------------|-------------------|-----------|
|  | Effec              | tive rate        | Carrying          | amount    |
| Variable rate instru                     | ments              |                  | Rupees in         | thousand  |
| Financial assets                         |                    |                  |                   |           |
| Deposits with a non-life finance Company | panking            |                  | (1 <del>4</del> ) | 12,000    |
| Bank balances                            | 13.50% to 24.87%   | 13.50% to 24.41% | 580,850           | 512,811   |
| Financial liabilities                    |                    |                  |                   |           |
| Long term finances                       | 3 to 6 month KIBO  | R + spread rate  | 7,353,035         | 5,979,371 |
| Loans from Associate                     | ed                 |                  |                   |           |
| Companies                                | 1 month KIB        | OR + 1.25%       | 177,922           | 188,090   |
| Lease liabilities                        | 17.36% to 26.19%   | 23.92% to 24.77% | 257,874           | 253,410   |
| Short term borrowing                     | S 19.43% to 24.87% | 16.71% to 24.41% | 9,644,488         | 4,615,585 |

## Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the reporting date would not affect profit or loss of the Group.

## Cash flow sensitivity analysis for variable rate instruments

At September 30, 2024, if interest rate on variable rate financial instruments had been 1% higher / lower with all other variables held constant, loss after taxation for the year would have been higher / lower by Rs.178.008 million mainly as a result of higher interest expense on variable rate financial liabilities (2023: profit before taxation would have been lower / higher by Rs.110.485 million)

## (c) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instruments or its issuer or factors affecting all similar financial instruments traded in the market. As at September 30, 2024, price risk arose from the Group's investments in Units of a Mutual Fund classified as short term investments at fair value through profit or loss. To manage its price risk, the Group diversifies its portfolio and continuously monitors developments in the market. In addition, the Group's

As at September 30, 2024, a 10% increase / decrease in redemption value of Units of the Mutual Fund would have decreased / increased loss after taxation for the current year by Rs.7.8 thousand (2023: profit before taxation would have been higher / lower by Rs.1,031 thousand).

The sensitivity analysis prepared is not necessarily indicative of the effects on statement of profit or loss and investments of the Group.

### 41.3 Credit risk exposure and concentration of credit risk

Credit risk represents the risk of a loss if the counter party fails to discharge its obligation and cause the other party to incur a financial loss. The Group attempts to control credit risk by monitoring credit exposures, limiting transactions with specific counterparties and continually assessing the credit worthiness of counterparties.

Concentration of credit risk arises when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their abilities to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentration of credit risk indicates the relative sensitivity of the Group's performance to developments affecting a particular industry.

Credit risk primarily arises from trade debts, deposits with a non-banking finance company and balances with banks. To manage exposure to credit risk in respect of trade debts, management performs credit reviews taking into account the customer's financial position, past experience and other relevant factors. Where considered necessary, advance payments are obtained from certain parties. The management of the Holding Company has set a maximum credit period of 30 days to reduce the credit risk. Credit risk on bank balances is limited as the counter parties are banks with reasonably high credit ratings. In respect of other counter parties, due to the Holding Company long standing business relationship with them, management does not expect non-performance by these counter parties on their obligations to the Holding Company.

### CSM and its Subsidiaries

The management of CSM and its Subsidiaries has set an allowed credit period to reduce the credit risk.

CSM and its Subsidiaries recognise ECL for trade debts using the simplified approach. As per the aforementioned approach, the loss allowance was determined as follows:

|                      | 1 - 180<br>days | 181-365<br>days | More than<br>365 days | Total       |
|----------------------|-----------------|-----------------|-----------------------|-------------|

| Loss allowance       | 1,381           | 223             | 1,729                 | 3,333       |

ECL on other receivables is calculated using general approach. At the reporting date, CSM and its Subsidiaries envisage that default risk on account of non-realisation of other receivables is minimal and thus based on historical trends adjusted to reflect current and forward looking information loss allowance has been estimated by CSM and its Subsidiaries using a range of probable recovery pattern of related other receivables and assigning a time value of money to same. As per the aforementioned approach, the loss

(Rupees in thousand)

Based on past experience, the management believes that no further impairment allowance is necessary in respect of trade debts, loans and advances and other financial assets.

## Exposure to credit risk

The maximum exposure to credit risk as at September 30, 2024 along with comparative is tabulated below:

|   | 2024<br>Rupees in | 2023<br>thousand |
|---|-------------------|------------------|
| Security deposits                           | 17,244            | 16,985           |
| Trade debts                                 | 440,448           | 1,251,423        |
| Short term investments                      | 78                | 10,305           |
| Trade deposit and other receivables         | 108,216           | 223,571          |
| Deposits with a non-banking finance company | ~                 | 12,000           |
| Bank balances                               | 1,114,598         | 938,611          |
|   | 1,680,584         | 2,452,895        |

- The management does not expect any losses from non-performance by these counter parties.
- Trade debts at September 30, 2024 represented domestic and foreign parties.
- Based on past experience, the Group's management believes that no impairment loss allowance is necessary in respect of trade debts as material amounts have been realised subsequent to the year-end.

## Credit quality of financial assets of CSM and its Subsidiaries:

The credit quality of CSM and its Subsidiaries financial assets have been assessed below by reference to external credit ratings of counterparties determined by the Pakistan Credit Rating Agency Limited (PACRA) and VIS Credit Rating Company Limited (VIS). The counterparties for which external credit ratings were not available have been assessed by reference to internal credit ratings determined based on their historical information for any defaults in meeting obligations.

# Counterparties without external credit rating

| Trade debts                                 |                | 440,448 | 1,251,423 |

# 41.4 Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's approach is to ensure, as far as possible, to always have sufficient liquidity to meet its liabilities when due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and ensuring the availability of adequate credit facilities. The Group's treasury departments aim at maintaining flexibility in funding by keeping committed credit lines available.

Financial liabilities in accordance with their contractual maturities are presented below:

|                               | Carrying<br>amount | Contractual cash flows | Less than 1<br>year | Between<br>1 to 5<br>years |  |  |
|-------------------------------|--------------------|------------------------|---------------------|----------------------------|--|--|
| 2024                          | Rupees in thousand |                        |                     |                            |  |  |
| Long term finances            | 7,353,035          | 7,353,035              | 1,087,094           | 6,265,941                  |  |  |

| Short term borrowings         | 4,615,620          | 4,615,620              | 4,615,620           | =                          |  |  |
|                               | 12,873,853         | 12,873,853             | 7,882,062           | 4,991,791                  |  |  |

The contractual cash flows relating to the above financial liabilities have been determined on the basis of interest / mark-up rates effective at the respective year-ends. The rates of interest / mark-up have been disclosed in the respective notes to these financial statements.

# 42. FAIR VALUES OF FINANCIAL INSTRUMENTS AND HIERARCHY

42.1 Fair value is the amount for which an asset could be exchanged, or liability settled, between knowledgeable willing parties in an arm's length transaction. Consequently, differences may arise between carrying values and the fair value estimates.

At September 30, 2024, the carrying values of all financial assets and liabilities reflected in the consolidated financial statements approximate to their fair values.

The following table shows the fair value measurements of the financial instruments carried at fair value by level of the following fair value measurement hierarchy:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

As at September 30, 2024, the Group's investments in a Mutual Fund were measured at fair value using year-end Net Assets Value as computed by the Assets Management Company. Fair value of these investments fell within level 2 of fair value hierarchy as mentioned above.

#### 42.2 Fair value hierarchy (CSM and its Subsidiaries)

Certain property, plant and equipment of CSM and its Subsidiaries were valued by independent valuer to determine the fair value of property, plant and equipment as at September 30, 2024. The revaluation surplus was credited to other comprehensive income and is shown as 'surplus on revaluation of property, plant and equipment'. The different levels have been defined as follows:

Level 1: Quoted prices (unadjusted) in active market for identical assets/ liabilities.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

#### 43. CAPITAL RISK MANAGEMENT

The Group is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Boards monitor the return on capital and the level of dividend to ordinary shareholders. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividend paid to shareholders and / or issue new shares. There was no change to the Group's approach to the capital management during the year.

The Group is not subject to externally imposed capital requirements except for the maintenance of debt to equity and current ratios under the financing agreements. Accordingly, the liabilities under these financing agreements have been classified as per the repayment schedules applicable in respect of the aforesaid financing agreements.

The Group monitors capital using a gearing ratio, which is calculated as net debt divided by total capital plus net debt. Net debt is calculated as amounts payable by the Group less bank balances. Capital signifies equity as shown in the statement of financial position plus net debt. The Group's gearing ratio is as follows:

|  | 2024        | 2023       |
|--|-------------|------------|
|  | Rupees in   | thousand   |
| Long term finances                                   | 7,353,035   | 5,979,371  |
| Loans from related parties                           | 177,922     | 188,090    |
| Lease liabilities                                    | 257,874     | 253,410    |
| Short term borrowings                                | 9,671,811   | 4,615,620  |
| Total debt   | 17,460,642  | 11,036,491 |
| Less: bank balances                                  | (1,114,598) | (950,611)  |
| Net debt   | 16,346,044  | 10,085,880 |
| Share capital  | 37,500      | 37,500     |
| Share redemption reserve                             | 1           | 1          |
| Revaluation surplus on property, plant and equipment | 5,929,257   | 5,805,000  |
| General revenue reserve                              | 1,010,537   | 1,010,537  |
| Unappropriated profit                                | 285,358     | 2,342,927  |
| Equity   | 7,262,653   | 9,195,965  |
| Capital  | 23,608,697  | 19,281,845 |
| Gearing ratio (Net debt / (Net debt + Equity))       | 69.24%      | 52.31%     |

#### 44. TRANSACTIONS WITH RELATED PARTIES

44.1 The Holding Company has related party relationship with its Associated Companies, employee benefit plans, its directors and key management personnel. Transactions with related parties are carried-out on arm's length basis. There were no transactions with key management personnel other than under the terms of employment. Aggregate transactions with related parties during the year were as follows:

|   | 2024          | 2023    |
|---|---------------|---------|
| The Holding Company   | Rupees in the | nousand |
| Associated Companies  |               |         |
| - purchase of store items                                       | 14,927        | 13,157  |
| <ul> <li>expenses paid on account of storage service</li> </ul> |               | 12,484  |
| Key management personnel  |               |         |
