SUBJECT:

CLEAN, GREEN PAKISTAN
SPEL'S ESG INITIATIVE - RENEWABLE ENERGY

Dear Sir,

We are pleased to announce another milestone in our Environmental, Social, and Governance (ESG) initiative. SPEL has successfully energized one MW solar power project, complementing our previously installed 2.55 MW of green energy.

This brings our total solar capacity to meet approximately 23% ~ 25% of our annual electricity requirements through clean, green renewable energy.

This achievement underscores our commitment to sustainable practices and our dedication to contributing to a greener, cleaner Pakistan.

A disclosure form is attached as Annexure-A.

Regards,

Zia Hyder Naqi
Chief Executive Officer

Khalil Ahmad Hashmi (FCA)
