Subject: Material Information – Long-Term Hydrogen Supply Agreement with a Key Customer

Dear Sir,

In accordance with Section 96 of the Securities Act, 2015 and Clause 5.6.1(a) of PSX Regulations, we hereby convey the following information:

We are pleased to announce that **Pakistan Oxygen Limited (POL) will invest approximately PKR 1.3 billion** to establish a **state-of-the-art Hydrogen production facility at Port Qasim**.

This new facility will cater to the growing demand for Hydrogen from the Company's key strategic customers, including one which is a leader in specialty chemicals and with whom the Company has signed a 15-years Hydrogen supply contract.

This investment reflects Pakistan Oxygen's continued commitment to enabling industrial growth through dependable and innovative gas solutions. The new plant is designed to meet the highest standards of efficiency and reliability, enhancing POL's Hydrogen production capabilities and reinforcing its leadership position in the Hydrogen market.

You may please inform the TRE Certificate Holders of the Exchange accordingly.

Yours sincerely,

Mazhar Iqbal
Company Secretary
Pakistan Oxygen Limited
