Financial Performance Overview

Gross Premium Revenue

The Company achieved gross premium revenue of Rs.1,349.64 million, an impressive increase of 80% compared to Rs. 751.63 million in the corresponding period of 2024. This robust growth demonstrates increasing market traction and growing customer confidence in our products and services.

- Individual Life premiums surged to Rs. 1,126.45 million from Rs.547.33 million last year, reflecting a remarkable growth of 106%. Improved customer retention, higher persistency levels, and enhanced service delivery played pivotal roles in strengthening this portfolio.

Investments

Investment and other income stood at Rs. 151.05 million, compared to Rs. 189.59 million for the same period last year. This reduction is primarily attributed to lower interest rates during the period.

Despite the decline in investment income, the investment portfolio increased to Rs. 3,001.27 million as of June 30, 2025, from Rs. 2,703.69 million as of December 31, 2024. The Company continues to explore diversified and risk-adjusted investment opportunities aimed at optimizing returns for policyholders and shareholders.

Net Insurance Benefits

Net insurance benefits increased by 42%, reaching Rs. 222.85 million, compared to Rs. 156.80 million last year. This increase is aligned with the overall business expansion and growing policyholder base.

Operating Expenses

Operating expenses (marketing, administration, and others) increased by 11% to Rs. 226.42 million from Rs. 203.13 million in the same period of 2024. The increase reflects inflationary pressures, investment in human resources, and enhancements in service infrastructure to support the expanding operations. These investments are expected to enhance customer satisfaction and foster long-term client loyalty.

Profitability

The Company reported a profit after tax of Rs. 24.40 million, marking a significant turnaround from the loss of Rs. 51.57 million in the corresponding period of 2024. This remarkable improvement validates the Company's ongoing transformation and cost optimization initiatives and aligns with our long-term growth and profitability strategy.

Future Outlook

With momentum building across core business lines, the Company is well-positioned to sustain its upward trajectory. Askari Life will continue to:

- Strengthen its distribution network,
- Drive product innovation tailored to evolving customer needs,
- Leverage digital transformation and automation to enhance customer experience and operational efficiency,

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements are not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Emphasis of Matter

We draw attention to Note 17.1.1 to the interim financial statements which describes the contingency regarding chargeability of sales tax on premium by the Sindh Revenue Board and Punjab Revenue Authority. Our conclusion is not modified in respect of this matter.

Pursuant to the requirement of Section 237 (1) (b) of the Companies Act, 2017, only cumulative figures for the six months, presented in the second quarter accounts are subject to a limited scope review by the statutory auditors of the Company. Accordingly, the figures of condensed interim statement of comprehensive income for the three months period ended June 30, 2025 have not been reviewed by us.

The financial statements of the Company for the six months period ended June 30, 2024 and for the year ended December 31, 2024, were reviewed and audited, respectively, by another firm of chartered accountants, who expressed an unmodified conclusion and opinion thereon in their reports dated August 26, 2024 and March 21, 2025.

17 CONTINGENCIES AND COMMITMENTS

17.1 Contingencies

Except for the matter described below, there were no material changes in the status of contingencies as reported in the annual financial statements as at and for the year ended December 31, 2024.

- 17.1.1 During the year 2019, Sindh Revenue Board (SRB) vide notification No. SRB 3-4/5/2019 dated May 8, 2019 extended the exemption on life insurance till June 30, 2019. With effect from July 1, 2019, life insurance has been made taxable at the rate of 3% on individual life and group life insurance at the rate of 13%. Further, the Punjab Revenue Authority (PRA) also withdrew the exemption on life insurance and made the same subject to Punjab Sales Tax (PST). The Company collectively through the forum of Insurance Association of Pakistan (IAP) had filed a writ / constitutional petition in the Lahore High Court (LHC) and in the High Court of Sindh (HCS) on September 28, 2019 and November 28, 2019 against PRA and SRB respectively.

According to the opinion provided by the legal advisor, the insurance premium does not fall under definition of service rather an insurance policy is a financial arrangement, which is in the nature of contingent contract and not a service upon which sales tax can be levied (and that an insurance company is not rendering a service). The petitions filed in the Punjab and Sindh High Courts also includes the same grounds. It is also the opinion of life insurance companies that a vast majority of premium received from a policy holder, during the life of the policy, is in fact accounted for in the policyholders' investment which cannot be termed as service.

During the period, the constitutional bench of the Sindh High Court dismissed the petitions after summary hearing and directed the insurance companies to approach SRB for relief. . As per the lawyer, the Bench did not consider the merits of the arguments. Further, the Bench did not record Insurance Industry's main argument that the vires of the law have been challenged and thus, any relief or remedy obtained from SRB will not be adequate.

As per the lawyer, insurance is not a service upon which sales tax can be levied because insurance Company is not rendering a service rather, it is in the business of entering into contingent contracts. Keeping this in view, and after considering lawyer's arguments, the Company has decided that it has a strong case. The matter was discussed among the life insurance companies in the market, at the platform of IAP, it was collectively decided to file an appeal in the Supreme Court of Pakistan.

In view of the above the Company has not started invoicing sales tax to its customers. The amount of sales tax involved is approximately Rs. 250.9 million (December 31, 2024: 224.3 million) computed on the basis of risk based premium, as per the advice of the legal advisor. Moreover, based on legal view, sales tax cannot be levied as insurance is not a service. Due to the significance of the matter, we have included an emphasis of matter paragraph in our draft review report.

11 CONTINGENCIES AND COMMITMENTS

11.1 Contingencies

Except for the matter descibed below, there were no material changes in the status of contingencies as reported in the annual financial statements as at and for the year ended December 31, 2024.

11.1.1

During the year 2019, Sindh Revenue Board (SRB) vide notification No. SRB 3-4/5/2019 dated May 8, 2019 extended the exemption on life insurance till June 30, 2019. With effect from July 1, 2019, family takaful has been made taxable at the rate of 3% on individual family and group family takaful at the rate of 13%. Further, the Punjab Revenue Authority (PRA) also withdrew the exemption on life insurance and made the same subject to Punjab Sales Tax (PST). The Company collectively through the forum of Insurance Association of Pakistan (IAP) had filed a writ / constitutional petition in the Lahore High Court (LHC) and in the High Court of Sindh (HCS) on September 28, 2019 and November 28, 2019 against PRA and SRB respectively.

According to the opinion provided by the legal advisor, the takaful contribution does not fall under definition of service rather an takaful certificate is a financial arrangement, which is in the nature of contingent contract and not a service upon which sales tax can be levied (and that an insurance company is not rendering a service). The petitions filed in the Punjab and Sindh High Courts also includes the same grounds. It is also the opinion of life insurance companies that a vast majority of premium received from a policy holder, during the life of the policy, is in fact accounted for in the participants' investment which cannot be termed as service.

During the period, the constitutional bench of the Sindh High Court dismissed the petitions after summary hearing and directed the insurance companies to approach SRB for relief. . As per the lawyer, the Bench did not consider the merits of the arguments. Further, the Bench did not record Insurance Industry's main argument that the vires of the law have been challenged and thus, any relief or remedy obtained from SRB will not be adequate.

As per the lawyer, takaful is not a service upon which sales tax can be levied because takaful operator is not rendering a service rather, it is in the business of entering into contingent contracts. Keeping this in view, and after considering lawyer's arguments, the Company is of the opinion that it has a strong case. The matter was discussed among the life insurance companies in the market, at the platform of IAP, it was collectively decided to file an appeal in the Supreme Court of Pakistan.
