SUBJECT: TOMCL Secures USD 7.5 Million Export Orders from China for Cooked Frozen Boneless Beef for FY 2025–2026

Dear Sir,

Pursuant to Section 96 of the Securities Act, 2015 and Clause 5.6.1(a) of the PSX Regulations, we are pleased to share the following material information with our shareholders and TRE Certificate holders:

The Organic Meat Company Limited (TOMCL) is pleased to announce another major export breakthrough: the company has secured confirmed export orders worth USD 7.5 million for cooked/heat-treated frozen boneless beef to be exported to China during the financial year 2025–2026.

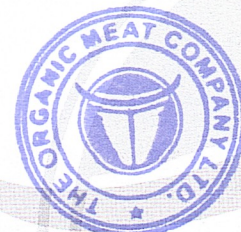

This development follows TOMCL's continued investment in high-value product lines and reinforces its positioning as one of the pioneering Pakistani companies exporting value-added halal beef products to the Chinese market.

The China-bound orders underscore:

- TOMCL's compliance with China's rigorous sanitary and phytosanitary (SPS) protocols;
- Its capability to deliver fully cooked, heat-treated, export-grade beef aligned with China's food safety regulations;
- Rising demand in China for ready-to-process halal protein solutions, particularly from the food service and retail segments;
- Deepening bilateral agricultural and food trade ties between Pakistan and China under the China-Pakistan Economic Corridor (CPEC) umbrella.

This USD 7.5 million order book:

- Significantly enhances TOMCL's export revenue visibility for FY 2025–26;
- Signals strong and sustained customer confidence in TOMCL's product integrity and operational excellence;
- Further establishes TOMCL as a regional leader in halal value-added meat exports.
