- Habib University Foundation
- Gul Ahmed Energy Limited
- Education Fund for Sindh
- International Cotton Association Limited (ICA)
- International Textile Manufacturers Federation (ITMF)

Presently his honorary Government, Trade & Industry and Consular positions include:

- President – International Cotton Association (ICA) (2024-2025)
- Chairperson – Apparel, Made-Ups and Technical Textile Council, Ministry of Commerce.
- Member – Sindh Doing Business Reform Council
- Member – National Export Development Board (NEDB)
- Member – Pakistan China Business and Investment Forum
- Member – Prime Minister's Council of Business Leaders, Government of Pakistan, Ministry of Commerce and Textile.

- Member – Task Force on Textile Policy, Government of Pakistan, Ministry of Commerce and Textile.
- Member – Pakistan France Business Council
- Member – Pakistan German Business Council
- Member – Pakistan Swedish Business Council

Previously, he also held the following honorary Government and Trade & Industry positions;

- Vice President – International Cotton Association (ICA) (2023 – 2024)
- Honorary Consul General of Sweden – Sindh / Baluchistan (2015 to 2023)
- Chairman – Pakistan Business Council (2014 to 2015)
- Founder/Director – Pakistan Business Council (2005 to 2022)
- President – International Textile Manufacturers Federation (ITMF) (2010 to 2012)
- Member – Tax Reform Commission, Ministry of Finance (2014 to 2016)
- Member – Tax Advisory Council, FBR (2014 to 2016)
- Founder/Trustee – Fellowship Fund For Pakistan (2003 to 2013)
- Member – Advisory Committee, Federal Tax Ombudsman, Government of Pakistan (2011 to 2014)
- Member – Economic Advisory Council, Government of Pakistan (2001 to 2003 and 2008 to 2013)
- Member – Export Promotion Board, Government of Pakistan (1995 to 1997 and 2002 to 2007)
- Member – National Strategy on Textiles (2006 to 2007)
- Chairman – Pakistan Britain Advisory Council (2002 to 2005)
- Chairman – All Pakistan Textile, Mills Association (1989 to 1990)
- Vice Chairman – All Pakistan Textile Mills Association (1982 to 1985)
- Chairman – Pakistan Swiss Trade and Industry Committee (1981 to 2000)
- Member of Governing Board – Pakistan Design Institute (1981 to 2000)
- Member – Advisory Board of CPLC, Government of Sindh (2010)

## Mr. Zain Bashir

### Vice Chairman / Executive Director

Mr. Zain Bashir has been a member of the Board since May 1997 and currently serves as the Vice Chairman of the Company. He is a certified director from the Pakistan Institute of Corporate Governance (PICG). In addition to his role in the Company, he serves on the Board of Landhi Infrastructure Development and Management Company, which oversees the enhancement of infrastructure in the Landhi Industrial Area.

He has also held several key leadership roles in industry associations, serving as the Chairman and President of the Landhi Association of Trade and Industry during the periods 2009–2010, 2015–2016, and 2018–2019. In 2012–2013, he acted as Chairman of the Pakistan Bedwear Exporters Association. Additionally, he has been an Executive Committee Member of the Landhi Association of Trade and Industry.

With extensive experience in the textile sector, he has gained profound insights into the industry's operations and challenges.

## Mr. Mohammed Zaki Bashir

### Chief Executive Officer/Executive Director

Mohammed Zaki Bashir joined Gul Ahmed Textile Mills Limited in 2005 and became a member of the Board in 2008. He currently serves as the Chief Executive Officer of the Company. He holds a graduate degree in International Business from Regents Business School, UK, and is a certified director from the Pakistan Institute of Corporate Governance (PICG).

In addition to his academic qualifications, he plays an active role in several industry organizations. He is a member of the Executive Committee of the All Pakistan Textile Mills Association (APTMA) and has been a member of the Entrepreneurs Organization (EO) since 2014. EO is a global, peer-to-peer network of over 12,000 influential business owners, with 173 chapters in 54 countries. He is also a member of the Pakistan Textile Council, where he serves on the board of directors, as well as a member of the Young Presidents Organization (YPO) Pakistan.

He has also been appointed to the Heimtextil Advisory Board, becoming the first Pakistani industry leader to join the prestigious global panel.

Through his in-depth understanding of the Company and the industry, he has significantly contributed to its overall growth and success. In addition to his role at Gul Ahmed, he serves on the boards of the following companies:

- Arwen Tech International Limited (FZC) – UAE
- Gul Ahmed Power Company (Private) Limited
- Gul Ahmed International Limited (FZC) – UAE
- GTM (Europe) Limited – UK
- GTM USA Corp. – USA
- Ideas (Private) Limited
- Gul Ahmed Holdings (Private) Limited
- Sky Home USA Corp. – USA
- Pakistan Textile Council

## Mr. Ziad Bashir

### Non-Executive Director

Mr. Ziad Bashir has been a member of the Board since February 1999. He holds a bachelor's degree in Entrepreneurial Studies from Babson College, USA, and brings extensive experience in the textile sector. He is also a certified director from the Pakistan Institute of Corporate Governance (PICG).

Throughout his career, he has held several prominent positions in industry and trade organizations. He has served as Chairman of the Landhi Association of Trade and Industry and is currently on the Board of Landhi Infrastructure Development and Management Company. Additionally, he has been the President of the Young Presidents Organization (YPO) Pakistan and has served on the Executive Committee of the Pakistan Board of Investment. He is also a member of the Central Managing Committee of the All Pakistan Textile Mills Association (APTMA), as well as a Director on the Board of the Pakistan Business Council. He currently chairs the Pakistan Retail Business Council and serves as the Honorary Consulate General of Denmark in Pakistan. He has been acknowledged by H.E. King of Denmark, Frederik André Henrik Christian, with the Knight's Cross of the Order of Dannenberg.

In addition to his industry roles, he has been actively involved in advising on national economic policies having served on various Prime Minister's Economic Advisory Committees, focusing on key areas such as domestic commerce and information technology. With a longstanding commitment to promoting provincial trade and investment, he has been associated with the Punjab Board of Investment and Trade for nearly a decade. Furthermore, he is a member of several Federal Board of Revenue committees, working to enhance the efficiency of the tax system and contribute to the overall economic development of the country.

Furthermore, he is leading an initiative in the food & beverage sector, introducing Ideas Café, which started in Karachi and aims to expand to 10 more locations nationwide over the next 2 years.

## Mr. Ehsan A. Malik

### Non-Executive Director

Mr. Ehsan A. Malik joined the Board of Directors of the Company in June 2016 and serves as a member of its Audit Committee. He is a fellow of the Institute of Chartered Accountants of England and Wales, the Institute of Chartered Accountants of Pakistan, and an alumnus of both the Wharton and Harvard Business Schools. He is also a certified director from the Pakistan Institute of Corporate Governance (PICG) and currently serves as the Chief Executive Officer of the Pakistan Business Council.

From September 2006 to October 2014, he was the Chief Executive Officer of Unilever Pakistan Limited and a Director of Unilever Pakistan Foods Limited. Prior to this, he was Chairman and CEO of Unilever Sri Lanka Limited. His international appointments include Unilever's regional businesses across Egypt, Lebanon, Jordan, Syria, and Sudan, as well as at Unilever's Head Office in the UK. Before these international assignments, he held senior commercial and financial positions at Unilever Pakistan.

He also serves on the boards of Abbott Laboratories Pakistan Limited, National Foods Limited, FrieslandCampina Engro Pakistan Limited, and Standard Chartered Bank Pakistan Limited.

## Ms. Zeeba Ansar

### Independent Non-Executive Director

Ms. Zeeba Ansar joined the Board as an independent non-executive director in April 2020. She is also the Chairperson of the Human Resource & Remuneration Committee of the Company.

She has over 28 years of private and corporate banking experience. She did her Bachelors in Economics and Statistics from the University of Punjab and then completed her MBA in Marketing and Finance from the Institute of Business Administration. She is a certified director from Pakistan Institute of Corporate Governance.

In her career as a banker she has worked with Deutsche Bank AG as Manager Corporate Banking Department and Faysal Bank as Senior Vice President and Corporate Head-South. She then joined UBL as Executive Vice President and Regional Corporate Head-South and retained the position for 10 years. Her most recent professional engagement was with NIB Bank as Group Head-Corporate and Investment Banking where she worked till 2017.

She is serving as an independent director on the Board of Directors of Cherat Cement Company Limited, SAMBA Bank Limited and Lucky Investments Limited. In addition to her directorship, she is a Chairperson of Audit Committee and member of Board Risk Committee of the Lucky Investments Limited.

## Mr. Kamran Y. Mirza

### Independent Non-Executive Director

Mr. Kamran Y. Mirza is a Chartered Accountant, qualifying in November 1968 from the United Kingdom. He began his career in Pakistan as an auditor with A.F. Ferguson & Co. before transitioning in December 1970 to Abbott Laboratories (Pakistan) Limited, a leading multinational pharmaceutical and healthcare company. Initially joining as Chief Financial Officer, he became one of the youngest Managing Directors of Abbott Pakistan in 1977, a position he held for 29 years.

He served as Chairman of the Export Processing Zones Authority from February 2007 to March 2009 and then proceeded to take on the role of Chief Executive Officer of the Pakistan Business Council (PBC), where he served until December 2015. During his tenure he represented PBC on the Board of Investments ("BOI") and other Government Bodies and Institutions.

Currently, he serves on the boards of Colgate Palmolive (Pakistan) Limited, Askari Bank Limited, Rafhan Maize Products Company Limited, and the Education Fund for Sindh (EFS), where he previously held the position of Chairman from December 2012 to October 2016.

Throughout his distinguished career, Kamran Mirza has held several notable leadership positions. He served as Director on the Boards of State Bank of Pakistan (SBP), Chairman of the Pakistan Mercantile Exchange (PMEX) and the Karachi Stock Exchange (KSE), as well as President of the Overseas Chamber of Commerce & Industry (OICCI) and the American Business Council (ABC). He also chaired the Pharma Bureau, an association of multinational pharmaceutical companies. His past board memberships include prominent organizations such as the Pakistan State Oil (PSO), International Steels Limited, National Bank of Pakistan (NBP), Sarmaya-e-Pakistan Limited, Bank Alfalah Limited, Abbott Laboratories (Pakistan) Limited, Pakistan Textile City Limited, Competitiveness Support Fund, Genco Holding Company, NAVTEC and Safari Club of Pakistan Limited. He also served as chairman of Unilever Pakistan Foods Limited, Phillip Morris (Pakistan) Limited and Karwan-e-Hayat.

Mr. Mirza has been actively involved in various government and advisory roles. He chaired a task force on the pharmaceutical industry for the Planning Commission, served on the Federal Government's Economic Advisory Board, and was a member of the Sindh Wildlife Board.

Additionally, he contributed to the Quality Control Board of the Institute of Chartered Accountants of Pakistan (ICAP) and has also lectured at the Pakistan Institute of Corporate Governance (PICG).

## Board Audit Committee

### 1. Composition

- Mr. Kamran Y. Mirza Chairman and Member
- Mr. Mohomed Bashir Member
- Mr. Ehsan A. Malik Member
- Mr. Salim Ghaffar Secretary

### 2. Terms of Reference

The committee shall be responsible for:

- Reviewing the system of internal controls, risk management and the audit process besides assisting the Board in reviewing financial statements.
- Recommending to the Board of Directors the appointment of external auditors, determining audit fees and settling other related matters.
- Determination of appropriate measures to safeguard the Company's assets.
- Review of quarterly, half-yearly and annual financial statements of the Company, prior to their approval by the Board of Directors.

#### Major judgmental areas:

- Significant adjustments resulting from the audit;
- The going concern assumption;
- Any changes in accounting policies and practices;
- Compliance with applicable accounting standards;
- Compliance with listing regulations and other statutory and regulatory requirements;
- Review of preliminary announcements of results prior to publication;
- Facilitating the external audit and discussion with external auditors of major observations arising from interim and final audits and any matter that the auditors may wish to highlight (in the absence of management, where necessary);
- Review of the management letter issued by external auditors and management's response thereto;
- Ensuring coordination between the internal and external auditors of the Company;

- Review of the scope and extent of internal audit and ensuring that the internal audit function has adequate resources and is appropriately placed within the Company;
- Consideration of major findings of internal investigations and management's response thereto;
- Ascertaining that the internal control system including financial and operational controls, accounting system and reporting structure are adequate and effective;
- Review of the Company's statements on internal control system prior to endorsement by the Board of Directors;
- Instituting special projects, value for money studies or other investigations on any matter specified by the Board of Directors, in consultation with the Chief Executive and considering remittance of any matter to the external auditors or to any other external body;
- Determination of compliance with relevant statutory requirements;
- Monitoring compliance with the best practices of corporate governance and identification of significant violations thereof; and
- Consideration of any other issue of matter as may be assigned by the Board of Directors.

## Board Human Resource and Remuneration Committee

### 1. Composition

- |                      |                     |
|----------------------|---------------------|
| • Ms. Zeeba Ansar    | Chairman and Member |
| • Mr. Mohomed Bashir | Member              |
| • Mr. Zain Bashir    | Member              |
| • Mr. Salim Ghaffar  | Secretary           |

### 2. Terms of Reference

The committee shall be responsible for:

- Recommend to the Board for consideration and approval a policy framework for determining remuneration of directors (both executive and non-executive directors and members of senior management). The senior management shall include the first layer of management below the chief executive officer level;
- Undertaking annually a formal process of evaluation of performance of the Board as a whole and its committees either directly or by engaging external independent consultant and if so appointed, a statement to that effect shall be made in the directors' report disclosing name, qualifications and major terms of appointment;
- Recommending human resource management policies to the Board;
- Recommending to the Board the selection, evaluation, development, compensation (including retirement benefits) of Chief Operating Officer, Chief Financial Officer, Company Secretary and Head of Internal Audit;
- Consideration and approval on recommendations of Chief Executive Officer on such matters for key management positions who report directly to Chief Executive Officer or Chief Operating Officer; and
- Where human resource and remuneration consultants are appointed, their credentials shall be known by the Committee and a statement shall be made by them as to whether they have any other connection with the Company.
- Ensuring that appropriate procedures exist to assess the remuneration levels of the
- Chairman, Chief Executive Officer (CEO), Non-Executive Directors, Executive Directors, Board Committees and the Board of Directors as a whole.
- Ensuring that the Company adopts, monitors and applies appropriate remuneration policies and procedures.
- Ensuring that reporting disclosures related to remuneration meet the Board's disclosures objectives and all relevant legal requirements.
- Making recommendations to the Board on appropriate remuneration, in relation to both the amount and its compositions, for the Chairman, CEO, Non-Executive Directors, Executive Directors and Senior Executives.
- Developing and recommending to the Board performance-based remuneration incentive programs such as bonus schemes, long-term incentive plans.
- Developing, maintaining and monitoring appropriate Human Resource Policies and Procedures.
- Developing, maintaining and monitoring appropriate talent management programs including succession planning, recruitment, development, retention and termination policies and procedures for senior management.
- Developing remuneration related disclosure objectives for the Company and ensuring that publicly disclosed information meets those objectives, all legal requirements, and is accurate; and
- Developing and monitoring Workplace Health and Safety metrics and initiatives to ensure a safe working environment

In line with the requirements of applicable laws and corporate governance practices, the following table sets out the attendance of the Company's Directors at meetings of the Board and its Committees during the year

**For the Year Ended June 30, 2025**

Name of Directors	Board		Audit Committee		Human Resource & Remuneration Committee	
	Required	Attended	Required	Attended	Required	Attended
Mohomed Bashir	4	4	4	4	2	2
Zain Bashir	4	4	--	--	2	2
Mohammed Zaki Bashir	4	4	--	--	--	--
Ziad Bashir	4	4	--	--	--	--
Ehsan A. Malik	4	3	4	3	--	--
Zeeba Ansar	4	4	--	--	2	2
Kamran Y. Mirza	4	4	4	4	--	--

It is with pride and confidence that I present the Chairman's Review for the year ended June 30, 2025, in compliance with the Companies Act, 2017, and the Listed Companies (Code of Corporate Governance) Regulations, 2019. This review highlights our continued commitment to transparency, governance excellence, and delivering enduring value to our stakeholders.

This year was marked by global economic moderation, selective demand recovery, and domestic challenges including tight fiscal space, high debt servicing, and persistent energy cost pressures. In this context, Pakistan's GDP grew by 2.68%, inflation fell to multi-year lows, and monetary easing began in the second half of the year—creating a cautiously optimistic outlook.

For the textile industry, currency stability and trade facilitation improved export competitiveness, while vertically integrated players like us maintained operational agility and market responsiveness leading to:

- Turnover: USD 550M+ equivalent, highest ever despite volatile demand.
- Export Share: Strengthened position in core U.S. and EU markets through targeted high-value products.
- Vertical Integration Advantage: Maintained end-to-end control from spinning to finishing, enabling cost efficiency, quality consistency, and supply chain resilience.
- Operational Efficiencies: Enhanced capacity utilization and lean process initiatives offset part of the energy cost escalation.
- Renewable Energy Investment: Commissioned 18.2 MW solar capacity to lower long-term energy costs and reduce carbon footprint.

In the year ahead, we will focus on expanding high-value home textiles, accelerating renewable projects to meet over 50% of power needs by 2027 and 90% by 2030, and investing in automation to boost efficiency and quality. We will deepen key export relationships, target growth in the Middle East and Asia-Pacific, and maintain strict financial discipline to navigate currency and interest rate volatility. In line with our strategic review, we have also resolved to discontinue the export apparel segment to concentrate resources on other businesses with stronger growth potential.

The Board's annual self-evaluation for FY2024–25 delivered satisfactory results, confirming the effectiveness of its composition, governance, and strategic oversight. With a balanced mix of independent and non-executive directors, the Board brings diverse expertise, enabling informed decision-making and the ability to adapt to evolving market conditions.

The review also reaffirmed the strength of our governance framework, which upholds transparency, ethical conduct, and adherence to best practices. Constructive communication, collaboration, and effective conflict resolution remain central to fostering cohesive Board dynamics and driving the Company's long-term objectives.

My deepest gratitude goes to our shareholders, employees, and partners for their consistent support and commitment. United by our shared vision, we are well-positioned to advance our strategy, expand our achievements, and deliver sustainable value with confidence and integrity.

**Mohomed Bashir**  
**Chairman**

Karachi: September 29<sup>th</sup>, 2025

یہ میرے لیے فخر اور اعتماد کی بات ہے کہ میں 30 جون 2025ء کو ختم ہونے والے مالی سال کے لیے چیئر مین کا جائزہ پیش کر رہا ہوں جو کمپنیز ایکٹ 2017ء اور لسٹڈ کمپنیز (کارپوریٹ گورننس کے ضابطہ اخلاق) ریگولیشنز 2019ء کے مطابق ہے۔ یہ جائزہ شفافیت، گورننس میں بہترین معیار اور اپنے اسٹیک ہولڈرز کو دیرپا قدر فراہم کرنے کے ہمارے مسلسل عزم کو اجاگر کرتا ہے۔

یہ سال عالمی معیشت کی اعتدال پسندی، طلب میں جزوی بحالی، اور ملکی سطح پر درپیش چیلنجز جیسے محدود مالی گنجائش، زیادہ قرضہ جاتی ادائیگیاں، اور توانائی کے اخراجات کے مستقل دباؤ کے ساتھ نمایاں رہا۔ اس تناظر میں پاکستان کی جی ڈی پی 2.68% بڑھی، مہنگائی کئی سال کی کم ترین سطح پر آگئی، اور سال کے دوسرے نصف حصے میں مالیاتی پالیسی میں نرمی کا آغاز ہوا، جس نے ایک محتاط طور پر پُر امید منظر نامہ پیدا کیا۔ ٹیکسٹائل صنعت کے لیے، کرنسی کے استحکام اور تجارتی سہولت کاری نے برآمدی مسابقت کو بہتر بنایا، جبکہ ہمارے جیسے عمودی طور پر منسلک اداروں نے عملی لچک اور مارکیٹ کی ضروریات کے مطابق رد عمل برقرار رکھا، جس کے نتیجے میں درج ذیل کامیابیاں حاصل ہوئیں:

- ٹرن اوور: 600 ملین امریکی ڈالر سے زائد، جو غیر مستحکم طلب کے باوجود تاریخ کا بلند ترین ہے۔
- برآمدی حصہ: بنیادی امریکی اور یورپی یونین کی منڈیوں میں ہائی ویلیو مصنوعات کے ذریعے مضبوط پوزیشن۔
- عمودی انضمام کا فائدہ: اسپننگ سے لے کر فنشنگ تک مکمل کنٹرول برقرار رکھا گیا، جس نے لاگت کی بچت، معیار میں تسلسل، اور سپلائی چین کی مضبوطی کو یقینی بنایا۔
- عملی مؤثریت: صلاحیت کے زیادہ استعمال اور مؤثر عملی اقدامات نے توانائی کی بڑھتی لاگت کا جزوی طور پر ازالہ کیا۔
- قابل تجدید توانائی میں سرمایہ کاری: 18.2 میگا واٹ سولر صلاحیت کا آغاز کیا گیا تاکہ طویل مدتی توانائی کے اخراجات کم ہوں اور کاربن کے اخراج کا اثر (کاربن فٹ پرنٹ) گھٹے۔

آئندہ سال میں، ہم اعلیٰ قدر و قیمت کے ہوم ٹیکسٹائل کی توسیع، قابل تجدید منصوبوں میں تیزی لانے تاکہ 2027ء تک بجلی کی 50% اور 2030ء تک 90% ضرورت پوری ہوسکے، اور آٹومیشن میں سرمایہ کاری پر توجہ مرکوز کریں گے تاکہ کارکردگی اور معیار میں اضافہ کیا جاسکے۔ ہم کلیدی برآمدی تعلقات کو مزید گہرا کریں گے، مشرق وسطیٰ اور ایشیا پیسیفک میں ترقی کے مواقع حاصل کریں گے اور کرنسی و شرح سود میں اتار چڑھاؤ کو قابو کرنے کے لیے سخت مالیاتی نظم برقرار رکھیں گے۔ اپنی اسٹریٹجک جائزہ پالیسی کے تحت، ہم نے ملبوسات کی برآمد کے شعبے کو بند کرنے کا فیصلہ بھی کیا ہے تاکہ وسائل کو ان کاروباری عوامل پر مرکوز کیا جاسکے جن میں زیادہ ترقی کی صلاحیت موجود ہے۔

مالی سال 2024-25ء کے لیے بورڈ کی سالانہ کارکردگی کے جائزے نے تسلی بخش نتائج پیش کیے جس سے بورڈ کی ساخت، گورننس اور اسٹریٹجک نگرانی کی مؤثریت کی تصدیق ہوئی۔ آزاد اور نان ایگزیکٹو ڈائریکٹرز کے متوازن امتزاج کے ساتھ، بورڈ متنوع مہارتیں فراہم کرتا ہے جو باشعور فیصلے کرنے اور بدلتے ہوئے مارکیٹ حالات سے ہم آہنگ رہنے کی صلاحیت پیدا کرتا ہے۔

اس جائزے نے ہمارے گورننس فریم ورک کی مضبوطی کی بھی توثیق کی، جو شفافیت، اخلاقی رویے اور بہترین طریقہ کار پر عمل پیرا ہے۔ تعمیری مواصلات، تعاون، اور مؤثر تنازعہ حل کرنے کی صلاحیت بورڈ کے ہم آہنگ رجحانات کو فروغ دینے اور کمپنی کے طویل مدتی مقاصد کے حصول میں مرکزی حیثیت رکھتے ہیں۔

ہمارے شیئر ہولڈرز، ملازمین اور پارٹنرز جن کے مسلسل تعاون اور عزم نے ہمیں مضبوط بنیادیں دلی شکریے کے مستحق ہیں۔ ہماری مشترکہ بصیرت کے تحت ہم اپنی حکمت عملی کو مزید آگے بڑھانے، اپنی کامیابیوں کو وسعت دینے اور پائیدار قدر و منزلت فراہم کرنے کے لیے اعتماد اور دیانت کے ساتھ پوری طرح تیار ہیں۔

**محمد بشیر**

چیئر مین

کراچی: 29 ستمبر 2025ء

I am delighted to present another year of strong performance for Gul Ahmed Textile Mills Limited, marking a significant milestone in our journey. Despite the challenges posed by a global slowdown, we have once again proven our resilience and adaptability, achieving the highest revenue in the company's history.

This achievement, however, came against the backdrop of rising raw material costs, increased energy tariffs, and adjustments to minimum wage regulations, which have impacted our margins. Nonetheless, our ability to navigate these headwinds reflects the strength of our leadership, the commitment of our team, and the strategic decisions made in the face of adversity.

Our unwavering commitment to acting responsibly and conscientiously has been at the heart of how we overcame these challenges. From taking decisive steps to safeguard the welfare of our employees to ensuring that we continue to deliver value to our customers and shareholders, every decision made has been with the long-term success of the Company and its stakeholders in mind.

Gul Ahmed continues to be a force for good in the communities we serve. Our Corporate Social Responsibility (CSR) efforts are focused on impactful areas such as education, women's empowerment, healthcare, environmental conservation, and community development. Our commitment to social responsibility is further reinforced by our adherence to the highest standards of Environmental, Social, and Governance (ESG) practices. We firmly believe that sustainable, long-term value can only be realized when we remain fully aligned with these principles.

Sustainability is a cornerstone of our strategy, and we are proud to have completed the deployment of our 18.2 MW solar power project, bringing us closer to our goal of relying on energy needs from renewable sources. We are also in the process of expanding our solar capacity by an additional 10-15 MW and also in a process to deploy up to 5 – 10 MW of wind within our factory premises, reinforcing our commitment to a greener, more sustainable future.

Our commitment to sustainability not only strengthens our competitive edge in key export markets but also ensures we uphold the highest ethical and environmental standards. We recognize our people as the foundation of our success and continue to foster a culture of inclusivity, innovation, and professional growth.

Looking ahead to FY 2026, we remain confident despite global uncertainties, including climate change, inflationary pressures, and geopolitical shifts. With supportive monetary policies on the horizon, we are ready to leverage strategic investments in capacity, technology, and sustainability to drive long-term value.

As part of this focused strategy, we have exited the export apparel segment to concentrate resources on high-value home textiles, premium product lines, and other growth opportunities. This sharper allocation of capital and talent positions Gul Ahmed to strengthen margins, deepen market leadership, and create sustainable growth for all stakeholders.

Thank you for your continued trust and partnership.

**Mohammed Zaki Bashir**  
Chief Executive Officer

The Directors are pleased to present the financial results of the Company for the fiscal year ended June 30, 2025.

## Economic & Industrial Overview

### Global Economic Landscape

At the start of FY 2025-26, the global economy is expected to continue on a moderate growth path, building on the gradual recovery observed over the past two years. Global trade is projected to expand steadily, supported by strong demand for technology, industrial goods, and manufactured exports from Asia, although overall growth remains below the levels seen in the two decades prior to the pandemic. Financial conditions are anticipated to remain broadly stable, with easing interest rate pressures in some advanced economies and moderate inflation providing a supportive backdrop for investment and trade. While supply chain disruptions have moderated compared to previous years, continued geopolitical tensions and sporadic logistical bottlenecks may still create localized volatility.

Global inflation is expected to gradually ease, averaging around 3.4–3.5% in FY 2025-26, as energy prices stabilize and core inflationary pressures soften. Nevertheless, risks remain from persistent geopolitical uncertainties including ongoing conflicts in Eastern Europe, Middle East, strained U.S. - China relations, and protectionist trade measures which could impact commodity prices, trade flows, and investment patterns. Climate-related events, such as extreme weather affecting agricultural and industrial production, and evolving sustainability regulations in major markets, may also affect operational and supply chain resilience. Against this backdrop, businesses are likely to face both challenges and opportunities, requiring agility, robust risk management, and strategic alignment to navigate uncertainty while capitalizing on emerging global trends.

### Pakistan's Economic Landscape

In FY 2025, Pakistan's economy demonstrated clear signs of recovery and resilience. GDP growth reached 2.68%, while inflation declined sharply from 23.4% to 4.5%, supported by a lower policy rate, exchange rate stability, and prudent macroeconomic management.

The current account recorded its first annual surplus in 14 years and the largest in 22 years, driven by stronger exports, robust remittances, and rising foreign exchange reserves.

Fiscal discipline improved as the fiscal deficit was contained at 3.7% of GDP for July–May FY 2025, supported by substantial increases in both tax (25.9%) and non-tax (62.7%) collections, which together drove a 41.1% growth in net federal revenues.

During FY 2024–25, exports rose by \$1.37 billion, from \$30.7 billion in the same period last year to \$32.04 billion, while imports increased by \$3.61 billion, reaching \$58.39 billion. Remittances from overseas workers surged 26.6% year-on-year to \$38.3 billion, contributing to a turnaround in the current account from a \$2.07 billion deficit in FY 2024 to a \$0.328 billion surplus in FY 2025.

Industrial activity presented a mixed picture. The cumulative Large Scale Manufacturing (LSM) output declined by 0.74% during July–June FY 2025, following marginal growth of 0.9% the previous year. However, 12 out of 22 sectors recorded positive growth, including textiles, wearing apparel, coke & petroleum products, beverages, and pharmaceuticals. The automobile sector also exhibited strong performance during FY 2024–25, highlighting pockets of industrial resilience amid broader challenges.

Looking ahead, FY 2025–26 is expected to consolidate these gains, with moderate growth, continued easing of inflation, and strengthening external balances, while the economy navigates ongoing fiscal and global trade challenges.

### Pakistan's Textile Sector

In the financial year FY24-25, Pakistan's 7.39% export growth reflects resilience in a competitive global environment. The shift from commodities to value-added products aligns well with global consumption patterns. Below is the breakup of Textile Exports category wise:

Category	2024-2025 USD in '000s	2023-2024 USD in '000s	Change
Knitwear	5,010,467	4,407,573	13.68%
Readymade garments	4,128,556	3,563,647	15.85%
Bed wear	3,112,848	2,802,670	11.07%
Cotton Cloth	1,808,997	1,865,964	-3.05%
Towels	1,082,611	1,055,109	2.61%
Cotton Yarn	680,700	955,510	-28.76%
Made up Articles	775,791	715,333	8.45%
Others	1,287,068	1,290,092	-0.23%
<b>Grand Total</b>	<b>17,887,038</b>	<b>16,655,898</b>	<b>7.39%</b>

The sector continues to encounter significant challenges, including volatility in raw material prices, increasing energy costs, and intensified global competition, which collectively exert pressure on margins and operational efficiency. Furthermore, recent policy changes, such as adjustments in customs duties, transitions in the tax regime, and delays in refund processing, may adversely affect export competitiveness and liquidity.

### Operational & Financial Performance

Despite challenges such as pricing pressures in export markets, geopolitical instability, elevated financing costs (which eased later in the year), and fluctuating energy prices, the Company successfully expanded order volumes and operated at optimal production capacity during FY24-25. Export revenue in USD registered a growth of 4.07%, rising from USD 368.9 million in the SPLY to USD 383.6 million in FY25. This performance translated into a notable increase in net sales, which rose by 10.31% to Rs. 157.9 billion from Rs. 143.14 billion in the previous year.

However, despite this strong top-line performance, profitability at the gross, operating, and net levels was adversely affected by the aforementioned challenges. The key financial metrics for the year ended June 30, 2025, are summarized below:

Description	2025	2024	%
Export Sales	105,815	99,403	6.45%
Indirect Export Sales	37,279	32,031	16.38%
Local Sales	14,811	11,711	26.47%
Total Sales	157,905	143,145	10.31%
Gross Profit	18,978	17,191	10.39%
Profit before tax	5,660	6,537	-13.42%
Profit after tax	4,023	4,728	-14.91%
EBITDA	16,312	16,436	-0.75%
Earnings per share	5.44	6.39	-14.87%

\* All amounts are in PKR Million except for Earnings per share which is in Rupees per share

### Sales Performance

In PKR terms, export revenue increased by 6.45%, primarily attributable to favorable exchange rate movements and higher export volumes in USD. Indirect exports recorded further growth of 16.38% during FY25 as compared to the SPLY. Local sales, meanwhile, posted a significant increase of 26.47% over the same period. This overall growth in sales underscores the effectiveness of the Company's strategic initiatives, including timely investments and an enhanced focus on both international and domestic markets.

### Costs and Financial Metrics

The company experienced a 10.3% rise in the cost of sales, driven by multiple factors including higher raw material prices, increased energy tariffs, and adjustments in minimum wage regulations.

In response, the company has taken proactive steps to manage energy costs and enhance sustainability. A 18.2 MW rooftop solar installation is already operational now. Additionally, plans are underway to expand solar capacity by another 10–15 MW across company-owned sites, supported by a robust battery storage system. The company is also exploring the deployment of Wind Turbines within its Factory locations to diversify its energy mix and reduce reliance on conventional gas-based power. These strategic investments are aimed at controlling long-term energy costs and protecting margins amid ongoing utility price volatility.

Selling costs have risen significantly by 17.19%, primarily driven by a 24% increase in freight expenses and a 10% rise in salaries and wages. The prevailing geopolitical

uncertainties have continued to disrupt global trade flows, resulting in longer transit times, supply chain inefficiencies, and elevated freight costs as shipping lines are compelled to adopt alternative routes. In contrast, administrative expenses have seen an increase of 18% driven up by increase of 57% in travelling & conveyance on account of increasing customer base, 91% in donations and 9% in salaries, wages and benefits.

Despite an increase in borrowings by PKR 11.6 billion, largely driven by higher gas prices and rising working capital requirements due to increased sales, the Company successfully maintained finance costs at stable levels compared to last year as interest rates began to normalize. Borrowings increased by 19.38% over the SPLY, while finance costs rose by only 11.96%. This outcome reflects the effectiveness of strategic financial planning and optimization. A key driver of this performance was the proactive approach in securing EFS and FE financing at favorable rates. By leveraging these lower-cost financing facilities and maintaining prudent debt management, the Company was able to mitigate the impact of higher borrowings and keep overall finance costs relatively contained.

## Segmental Review of Business Performance

The Company operates across multiple business segments; however, only the key segments of material significance are highlighted below:

### 1. Spinning

Gul Ahmed operates a state-of-the-art spinning plant, which is central to both our revenue growth and profitability. This segment is critical in supplying high-quality yarn to domestic textile manufacturers while also serving the Company's internal production needs. Leveraging advanced technology and a strategic operational approach, our spinning plant enables us to remain competitive, responsive to market demands, and reinforces our leadership position within the textile sector.

In FY25, the Spinning Division recorded a decline in net sales of approximately 10.34% compared to the SPLY, mainly due to lower intersegment sales to the Home Textile division. At the same time, cost of sales increased on account of higher minimum wages, power and fuel costs, and other overheads. As a result, gross margins contracted to 10.80% as compared to 11.67% SPLY, reflecting the impact of cost pressures on overall profitability. The decline in sales, coupled with rising

cost pressures, has impacted margins; however, management remains committed to mitigating these challenges through ongoing efficiency initiatives and operational discipline.

These measures are particularly vital in the current challenging business environment, as effective cost management and operational improvements are essential to ensuring the segment's long-term sustainability.

An overview of the Company's performance across its business segments is provided in the operating segment results within the attached financial statements; for more details, please refer to Note # 35.

### 2. Home Textile

The Home Textile segment continues to be the cornerstone of the Company's operations, contributing 85% of total export volume through the manufacture and export of a wide range of value-added textile products.

During FY25, the segment recorded a notable increase in total net sales in PKR terms, rising by approximately 11.4% compared to the SPLY. The segment delivered a robust 12.6% increase in exports in USD terms compared to the SPLY. This growth reflects strong revenue generation and an expanding market footprint despite prevailing geopolitical challenges. While the cost of sales increased due to higher minimum wages and rising power and fuel costs, gross profit margins improved from 7.25% to 9.59%, underscoring the Company's ability to enhance profitability in a challenging environment.

The improvement in margins is primarily attributable to enhanced operational efficiency, strengthened process management, and effective cost controls. Furthermore, improved procurement policies and timely decision-making contributed significantly to maximizing production efficiency and achieving cost savings.

Selling and distribution expenses increased by approximately 19.98%, largely in line with higher sales volumes and a rise in freight costs, the latter being driven by geopolitical uncertainties.

An overview of the Company's performance across its business segments is provided in the operating segment results within the attached financial statements; for more details, please refer to Note # 35.

## Management Objectives and Strategies

Gul Ahmed continues to stand as a leading and trusted name in Pakistan's textile sector. Over the past year, we have advanced our commitment to sustainability and innovation while strengthening our technological capabilities to stay competitive in a dynamic global

market. Our focus on operational efficiency and product excellence has not only helped us navigate economic challenges but also reinforced long-term value creation for our stakeholders. By aligning customer-centric innovation with financial resilience, we remain dedicated to delivering quality, trust, and sustainable growth.

## Principal Risk and Uncertainties

In today's dynamic environment, businesses face a wide spectrum of risks and uncertainties that, if not effectively managed, could significantly impact performance and long-term sustainability. The Company has established a robust framework for identifying, evaluating, and mitigating such risks. The principal risks currently under focus include:

- **Credit Risk** – exposure to defaults on receivables, particularly from local sales.
- **Market & Input Risks** – volatility in cotton and yarn prices, imposition of customs duties on raw material imports, rising utility tariffs, and fluctuating markup rates that exert pressure on margins.
- **Technological Risk** – rapid global advancements in textile manufacturing and automation require continuous adaptation to maintain competitiveness.
- **Regulatory & Fiscal Risk** – new duties and taxes on existing taxpayers increase cost pressures; the transition from Final Tax Regime (FTR) to Normal Tax Regime (NTR) reduces exporters' competitiveness; while the withdrawal of EFS zero-rating on local supplies and imposition of 18% GST create liquidity constraints through delayed refunds.
- **Energy Risk** – declining domestic gas reserves and dependence on imported fuel-based thermal generation expose operations to price volatility from global energy markets and PKR depreciation.
- **Climate & ESG Risks** – rising climate variability, including floods, droughts, and heatwaves, threatens cotton availability and operational continuity. At the same time, heightened global demand for compliance with sustainability, labor, and traceability standards requires investment and adaptation, with potential market access risks if standards are not met.
- **Supply Chain Disruption Risk** – global uncertainties, including geopolitical tensions, shipping bottlenecks, and currency fluctuations, may affect the timely availability and cost of raw materials, logistics, and export deliveries, impacting reliability of supply to international buyers.

While risk management has always been integral to our operations, the evolving expectations of markets, regulators, customers, employees, and shareholders have elevated it into a key driver of business strategy.

## Policies and Procedures

The Company has established a robust framework of policies and procedures that underpin effective governance, regulatory compliance, and operational efficiency. These policies span all critical areas of our business, including financial management, risk control, and ethical conduct. To remain aligned with evolving regulations, industry standards, and global best practices, we review and update these policies on a regular basis, ensuring that our governance framework remains both current and resilient.

## Information and Monitoring System

The Company has invested in advanced information systems to ensure the timely and accurate flow of information across all operations. These systems provide management with real-time insights to monitor performance, track variances, and maintain effective oversight. By embedding digital tools, automation, and data analytics into our processes, we are fostering a data-driven culture that enhances decision-making and strengthens organizational agility. This commitment to digital transformation enables us to anticipate challenges, seize opportunities, and respond swiftly to changes in the business environment.

## Internal Audit

The Company has outsourced its internal audit function to an independent external firm, ensuring an objective and unbiased evaluation of our control environment. Reporting directly to the Audit Committee, the firm provides expert assessments on the effectiveness of internal controls and recommends improvements where needed. The Audit Committee regularly reviews these comprehensive reports, enabling timely actions that strengthen governance, enhance operational effectiveness, and reinforce stakeholder confidence.

## Adequacy of Internal Financial Control

The Board of Directors has instituted a comprehensive system of internal financial controls designed to ensure the efficient and secure operation of the Company. These controls cover key areas such as fraud prevention, asset safeguarding, legal and regulatory

compliance, accurate financial reporting, and the timely provision of reliable information. To maintain their effectiveness, the controls are subject to regular review and enhancement in line with evolving laws, regulations, and best practices. This reflects our ongoing commitment to strong financial governance, transparency, and accountability.

## Human Resource (HR)

The Company places strong emphasis on effective human resource management as a driver of organizational success and sustained competitiveness. Our HR policies are structured to attract, develop, and retain skilled professionals while ensuring full compliance with employment laws and regulations. Core elements of our strategy include performance management, employee development, and market-aligned compensation, all of which enable us to nurture talent and strengthen engagement.

Beyond meeting current talent needs, we are committed to developing the next generation of professionals. As a registered Training Organization under the ICAP CA Trainees Program, we offer article ship opportunities to aspiring Chartered Accountants, equipping them with the knowledge and experience to excel in their careers. This initiative reflects our long-term vision of building a strong talent pipeline that will contribute to the continued success and growth of the Company and the broader industry.

## Information Technology (IT)

The Company has implemented a comprehensive IT management framework to ensure that its systems remain reliable, secure, and aligned with business needs. This framework encompasses regular upgrades and maintenance of hardware and software, integrating the latest technological advancements to optimize performance and strengthen resilience. In parallel, we invest in continuous training and development of our IT teams, equipping them with the skills required to address emerging challenges and support the Company's digital transformation journey.

## IT Governance Policy

Our IT governance framework plays a vital role in safeguarding information assets, preventing unauthorized access, and mitigating cybersecurity risks. It also provides a structured mechanism for the ongoing monitoring and enhancement of security measures. The policy sets clear

guidelines for the creation, storage, use, archiving, and disposal of information across the organization, ensuring data integrity and compliance with best practices.

Acknowledging the critical role of technology in driving business success and meeting the evolving needs of our users, we continuously review and upgrade our management information systems. These systems are designed to:

- Monitor and enhance organizational performance.
- Provide real-time, reliable data to support strategic decision-making.
- Assess and demonstrate departmental effectiveness.
- Establish robust checks and balances to safeguard assets and ensure accountability.

Through this governance framework and our sustained investment in technology, we are committed to maintaining a secure, efficient, and future-ready information environment that underpins our business objectives and strengthens long-term resilience.

## Business Continuity Plan (BCP)

The Company has established a comprehensive Business Continuity Plan (BCP) to safeguard the resilience and sustainability of its operations against unexpected disruptions. The plan sets out clear strategies for sustaining essential business functions during adverse events such as natural disasters, supply chain disruptions, or other emergencies. It incorporates structured procedures for risk assessment, crisis management, and recovery, ensuring that critical operations can be maintained with minimal interruption. To strengthen preparedness, regular drills, simulations, and reviews are conducted, allowing us to continuously test, refine, and enhance the effectiveness of the BCP. This proactive approach enables the Company to respond swiftly, protect stakeholders' interests, and ensure long-term operational stability.

## Safety of Records

To ensure the safety, integrity, and accessibility of its records, the Company has outsourced record-keeping to specialized third-party service providers. This approach enables secure storage and efficient retrieval of critical documents while ensuring compliance with best practices. Primary data is safeguarded through remote backup sites, ensuring continuity and availability in the event of a disaster or

system failure. In addition, the use of Oracle Cloud provides advanced security protocols, scalability, and robust protection against data loss or unauthorized access. Through these measures, the Company upholds the reliability of its information assets and supports seamless, uninterrupted business operations.

## Environment and Social Governance

As one of the country's leading exporters, the Company places the highest priority on safeguarding the health and safety of its workforce and stakeholders. A dedicated ESG (Environmental, Social, and Governance) compliance team has been established to drive and oversee our initiatives in these critical areas, reflecting management's strong commitment to sustainable and responsible business practices.

Our facilities are fully aligned with environmental and safety standards, with proactive measures in place to eliminate the release of hazardous substances and minimize environmental impact. This commitment not only reinforces our responsibility toward the environment but also demonstrates our dedication to the well-being of the communities in which we operate. Through our integrated ESG strategy, we remain focused on embedding sustainability, ethics, and accountability across all aspects of our operations.

## Gender Pay Gap

Our company is committed to fostering an inclusive and equitable workplace where every employee is valued, respected, and empowered to succeed. As an equal opportunity employer, we ensure that all employment decisions including recruitment, hiring, training, promotion, and compensation are based solely on merit and qualifications, without discrimination on the basis of race, color, religion, gender, age, disability, or any other characteristic protected by law.

We believe that diversity fuels innovation and strengthens our overall performance. Accordingly, we are dedicated to maintaining a workplace where all employees have equal opportunities to grow, thrive, and contribute to our shared success.

For the reporting period, the mean pay gap shows that male employees earn on average 0.54% more than female employees, compared to -0.07% in 2024. In contrast, the median pay gap indicates that female employees earn 14.33% more than their male colleagues, broadly consistent with 14.51% in 2024. These results demonstrate stability across reporting periods and reaffirm the Company's commitment to maintaining

gender equity. We remain mindful, however, that pay equity is a continuous journey and are committed to further strengthening our practices in this area.

## Holding Company

The Company remains a subsidiary of Gul Ahmed Holdings (Private) Limited, which holds 55.86% of its shares.

## Subsidiary Companies

The Company has both direct and indirect wholly owned subsidiaries, as disclosed in Note 1 of the audited financial statements.

## Code of Corporate Governance (CCG)

The management of the Company is committed to implementing good corporate governance and complying with best practices. As required under the Code of Corporate Governance, the Directors are pleased to state as follows:

- i. The financial statements prepared by the management of the Company present fairly its state of affairs, the result of its operations, cash flows, and changes in equity.
- ii. Proper books of accounts of the Company have been maintained.
- iii. Appropriate accounting policies have been consistently applied in the preparation of financial statements, and accounting estimates are based on reasonable and prudent judgment.
- iv. International Financial Reporting Standards, as applicable in Pakistan, have been followed in the preparation of financial statements.
- v. The system of internal control is sound in design and has been effectively implemented and monitored.
- vi. The directors of the Board are well aware of their duties and responsibilities as outlined by corporate laws and listing regulations. In compliance with the provisions of the Listing Regulations, six of our directors have attended and completed the Corporate Governance Leadership Skills program under the Board Development Series of Pakistan Institute of Corporate Governance (PICG).
- vii. One director, i.e., the Chairman, with the compulsory knowledge and experience is exempt from the requirement of attending the directors' training program.
- viii. There are no significant doubts about the Company's ability to continue as a going concern.

- ix. There has been no material departure from the best practices of corporate governance, as detailed in the listing regulations.
- x. The value of investment of provident fund based on its unaudited accounts as on June 30, 2025 is Rs. 3.3 billion (FY2024: as per audited accounts Rs. 2.6 billion)
- xi. Statements regarding the following are annexed in the notes to the financial statements:
  - Number of Board meetings held and attendance by directors.
  - Key financial data for the last six years.
  - Pattern of shareholding.

The trading and holding of Company's shares by the Directors & their Spouses or Executives, along with the price, the number of shares and nature of the transaction, were notified by the Company Secretary to the Board, SECP & PSX, within the stipulated time. All such holdings have been disclosed in the enclosed Pattern of Shareholding.

## Investors' Grievance and complaints

The Company is committed to transparency and ensures equal access to information for all shareholders, including prospective investors. Shareholders are encouraged to seek information regarding the Company's operations, their investments, dividend entitlements, and regulatory disclosures issued by the Company. We prioritize timely and comprehensive responses to such requests, in full compliance with statutory requirements. Investor grievances are managed through a centralized and structured mechanism designed to address queries and concerns promptly. This approach not only ensures effective resolution but also reinforces shareholder confidence and strengthens transparency in our engagement with investors.

## Composition of the Board

The Board of Directors as at June 30, 2025 is as follows:

Total number of directors

- |          |    |
|----------|----|
| • Male   | 06 |
| • Female | 01 |

The composition of the Board is as follows:

- a. Independent Directors (2)
  - Ms. Zeeba Ansar
  - Mr. Kamran Y. Mirza

- b. Executive Directors (2)
  - Mr. Mohammed Zaki Bashir
  - Mr. Zain Bashir
- c. Non-Executive Directors (3)
  - Mr. Mohomed Bashir
  - Mr. Ziad Bashir
  - Mr. Ehsan A. Malik
- d. Female Non-Executive Directors (none)

## Committees of the Board

- Audit Committee
  - Mr. Kamran Y. Mirza – Chairman
  - Mr. Mohomed Bashir - Member
  - Mr. Ehsan A Malik – Member
- Human Resource and Remuneration Committee
  - Ms. Zeeba Ansari – Chairman
  - Mr. Mohomed Bashir - Member
  - Mr. Zain Bashir – Member

## Remuneration Policy of Non-Executive Directors

The Company has established a structured remuneration policy for its Non-Executive and Independent Directors, designed to ensure fairness, transparency, and alignment with best governance practices. The key principles of the policy are as follows:

Remuneration is market-competitive and reflects the Director's experience, expertise, and contribution.

Independent Directors do not receive any fixed salary; they are compensated solely through meeting fees for attending Board and Committee meetings.

Meeting fees for all Directors are recommended by the Human Resource and Remuneration Committee (HR&RC) and approved by the Board. For Independent Directors, such fees are strictly linked to their actual attendance.

Directors are entitled to reimbursement of travel, accommodation, and other reasonable expenses incurred while attending Board, Committee, or General Meetings.

In cases where Directors are required to perform assignments beyond their statutory responsibilities, they may be granted additional remuneration as determined and approved by the Board.

## Director's Training

The Directors of the Company are suitably qualified and adequately trained to discharge their duties, with a clear understanding of their powers and responsibilities under the Companies Act, 2017, and the Regulations of the Pakistan Stock Exchange Rule Book.

## Boards Evaluation

In compliance with the Code of Corporate Governance, 2017, the Board has approved a structured mechanism for evaluating its performance. This mechanism includes a comprehensive questionnaire covering the Board's scope, objectives, functions, as well as the Company's overall performance and monitoring practices. Inputs from each Director are incorporated into the process, enabling the Board to evaluate its effectiveness collectively and identify areas for continuous improvement.

## Conflict of Interests

Each Director actively exercises the right to participate in Board proceedings, with decisions reached through consensus. Any concerns raised by Board members on specific agenda items are duly documented in the meeting minutes, ensuring transparency and accountability.

In addition, the Company has adopted a Code of Business Ethics, which not only ensures compliance with regulatory requirements but also requires Directors to formally disclose any interests that could give rise to actual or perceived conflicts of interest. This reinforces the Board's commitment to ethical governance and responsible decision-making.

## Review of Related Party Transactions

In line with the Companies Act, 2017, the Code of Corporate Governance (CCG), and other applicable laws and regulations, all related party transactions are comprehensively reviewed and presented to the Audit Committee on a regular basis. Based on the Committee's recommendations, these transactions are subsequently considered and approved by the Board. Furthermore, any transactions in which a majority of Directors have an interest are presented annually to the shareholders for approval, ensuring full transparency and strict compliance with governance requirements.

This structured process safeguards shareholder value by ensuring that all related party transactions are conducted at arm's length, on fair commercial terms, and in the best interest of the Company and its stakeholders.

## CEO's Performance Review

Each year, the Board establishes a set of objectives and strategies aligned with the Company's mission. Progress against these milestones is systematically measured to assess performance and evaluate their contribution to the Company's growth. The review covers multiple dimensions, including alignment with the mission, achievement of short- and long-term goals, sustainability of profitability, enhancement of shareholder value, and adherence to sound governance and statutory reporting practices. The Board also provides constructive feedback to further strengthen and support the CEO's role in leading the organization.

This structured process reinforces accountability, ensuring that management remains answerable to both shareholders and stakeholders while driving sustainable growth and long-term value creation.

## Role of Chairman And CEO

The Chairman serves as the custodian of the Company on behalf of the Board and stakeholders, leading the Board of Directors to ensure its efficiency and effectiveness. The Chairman is committed to fostering the Company's sustainable growth, protecting its reputation and that of its subsidiaries, and maintaining a balanced Board composition that reflects diverse expertise in business operations, economic insight, and strategic acumen.

The CEO, in turn, holds primary responsibility for driving the Company toward its vision, mission, and long-term objectives. Acting as the key link between the Board and management, the CEO oversees day-to-day operations while executing long-term strategies, plans, and budgets aimed at enhancing shareholder value. In addition to representing the Company before shareholders, regulators, government authorities, and the public, the CEO plays a central role in inspiring employees, leading organizational change, and making critical decisions that support the achievement of targeted goals.

## Pattern of Shareholding

The pattern of shareholding, along with additional information as of June 30, 2025, is disclosed in the Annual Report of the Company. As of June 30, 2025, associated companies and public sector entities collectively hold 69.4%, banks, insurance companies,

and mutual funds hold 14.7%, Directors hold 7.4%, while individual shareholders account for 8.5% of the total shareholding.

## Auditors

The present External Auditors, M/s. Yousuf Adil & Co., Chartered Accountants, have completed the statutory audit for the year ended June 30, 2025, and issued an unqualified (clean) audit report. They will retire at the conclusion of the forthcoming Annual General Meeting and, being eligible, have offered themselves for reappointment. Based on the recommendation of the Audit Committee, the Board proposes their reappointment as the Company's auditors for the financial year ending June 30, 2026.

## Future Economic Outlook

Global trade is projected to remain subdued in FY 2025-26, with the WTO expecting a 0.2% contraction in merchandise trade volumes before a modest rebound in 2026. Heightened trade tensions, maritime disruptions, and geopolitical uncertainties continue to weigh on the outlook, while inflation worldwide is on a declining path, offering some relief in input costs.

Pakistan enters FY 2025-26 with improved macroeconomic stability achieved in the prior year, as GDP grew by 2.7%, inflation declined to 4.6%, and the policy rate was eased significantly, lowering financing costs. Fiscal consolidation has also reduced the debt-to-GDP ratio, reflecting stronger management and creating a foundation for recovery.

Nevertheless, challenges remain for the export-oriented textile sector, including high energy costs, volatile cotton prices, import duties on raw materials, and delayed tax refunds under the revised regime, all of which pressure margins and liquidity. Climate vulnerabilities and global trade weakness add to risks. Looking ahead, FY 2025-26 is expected to be a year of consolidation, supported by stable inflation, accommodative monetary policy, and structural reforms, with progress dependent on consistent execution to strengthen competitiveness and resilience.

## Subsequent Events

The Board of Directors of Gul Ahmed Textile Mills Limited, in its meeting held on September 29, 2025, has resolved to discontinue the business operations of the Company's Export Apparel Segment. This decision has been taken following a comprehensive strategic review of the segment's performance and future outlook.

Other than the above, no material changes and commitments affecting the financial position of the company have occurred between the end of the financial year and the date of this report.

## Acknowledgement

We extend our heartfelt appreciation to our employees, customers, financial institutions, shareholders, and the esteemed Board of Directors. Each has played an equally vital role in supporting the Company's progress, and we deeply value their trust, commitment, and contribution to our continued success.

For and on behalf of the Board

**Mohomed Bashir**  
Chairman

**Mohammed Zaki Bashir**

## ساتھ دستی ہمارے

## مالی ساتھی ہمارے

مالی سال 2025-26 کے آغاز پر توقع ہے کہ عالمی معیشت بتدریج بحالی کے رجحان پر قائم رہے ہوئے معتدل ترقی کی راہ پر گامزن رہے گی جو گزشتہ دو برسوں میں دیکھی گئی بہتری پر مبنی ہوگی۔ عالمی تجارت میں بتدریج اضافہ متوقع ہے جسے نیک ناموں کی، صنعتی مصنوعات اور ایشیا سے چار شدہ برآمدات کی مضبوط طلب سہارا دے گی۔ تاہم مجموعی ترقی کی شرح کو روکنے والے قفل کے دو دباؤ ہیں کی سطح سے اب بھی کم ہے۔ مالیاتی حالات عمومی طور پر مستحکم رہنے کی توقع ہے، جہاں بعض ترقی یافتہ معیشتوں میں شرح سود کے دباؤ میں کمی اور معتدل مہنگائی سرمایہ کاری اور تجارت کے لیے سازگار پس منظر فراہم کرے گی۔ سپلائی چین میں رکاوٹیں ماضی کی نسبت کم ہو چکی ہیں، تاہم جغرافیائی سیاسی تناؤ اور لاجسٹک مسائل مقامی سطح پر عدم استحکام پیدا کر سکتے ہیں۔

عالمی مہنگائی بتدریج کم ہو کر مالی سال 2025-26 میں اوسط 3.4% تا 3.5% رہنے کی توقع ہے کیونکہ توانائی کی قیمتیں مستحکم ہیں اور بنیادی مہنگائی کے دباؤ میں بھی کمی آ رہی ہے۔ تاہم غیر قیمتی سیاسی حالات جیسے مشرقی یورپ اور مشرق وسطیٰ میں جاری تنازعات، امریکا-چین تعلقات میں کشیدگی، اور تحفظاتی تجارتی اقدامات خام مال کی قیمتوں، تجارتی بہاؤ اور سرمایہ کاری پر اثر ڈال سکتی ہیں۔ ماحولیاتی تبدیلی سے جڑے شدید موسمی حالات و واقعات زرعی و صنعتی پیداوار کو متاثر کر سکتے ہیں، اور بڑے بازاروں میں پائیداری کے نئے ضوابط بھی آپریشنل اور سپلائی چین کے خطرات بڑھا سکتے ہیں۔ اس ماحول میں کاروباروں کو چیلنجز اور مواقع دونوں کا سامنا ہوگا، جن کے لیے فوری مداخلت کی مہارت، مضبوط رسک مینجمنٹ اور اسٹریٹجک ہم آہنگی ضروری ہے تاکہ غیر قیمتی حالات پر قابو پاتے ہوئے عالمی رجحانات سے فائدہ اٹھایا جاسکے۔

## پاکستان کا ساتھی ہمارے

مالی سال 2025 میں پاکستان کی معیشت نے بحالی اور استحکام کے واضح آغاز دکھائے۔ جی ڈی پی میں 2.68% اضافہ ہوا جبکہ اخراجات 23.4% سے کم ہو کر 4.5% پر آ گئے جو شرح سود میں کمی، آپریشنل ریٹ کے استحکام اور دانشمندانہ میکرو اکٹامک انتظام کے نتیجے میں ممکن ہوا۔ کرنٹ اکاؤنٹ نے 14 برس بعد پہلی بار سالانہ سرپلس ریکارڈ کیا جو 22 برسوں میں سب سے بڑا تھا۔ یہ برآمدات میں بہتری، مضبوط ترسیلات زر اور زرمبادلہ کے ذخائر میں اضافے سے ممکن ہوا۔

مالیاتی نظم و ضبط میں بھی بہتری آئی کیونکہ مالیاتی خسارہ جولائی تا مئی مالی سال 25 میں جی ڈی پی کا 3.7% رہا جسے ٹیکس آمدنی (25.9%) اور جہان ٹیکس آمدنی (62.7%) میں نمایاں اضافے نے سہارا دیا۔ اس سے وفاقی ریونیو میں مجموعی طور پر 41.1% اضافہ ہوا۔

مالی سال 2024-25 میں برآمدات میں 1.37 بلین ڈالر کا اضافہ ہوا اور یہ پچھلے سال کی اسی مدت کے 30.7 بلین ڈالر سے بڑھ کر 32.04 بلین ڈالر تک پہنچیں، جبکہ درآمدات میں 3.61 بلین ڈالر کا اضافہ ہوا اور یہ 58.39 بلین ڈالر تک پہنچیں۔ بیرون ملک مقیم پاکستانیوں کی ترسیلات میں 26.6% سال پہ سال اضافہ ہوا اور یہ 38.3 بلین ڈالر تک پہنچ گئیں جس سے کرنٹ اکاؤنٹ مالی سال 2024 کے 2.07 بلین ڈالر خسارے سے بدل کر مالی سال 2025 میں 0.328 بلین ڈالر سرپلس پر آ گیا۔

صنعتی سرگرمیوں کی کارکردگی فی جی ڈی پی بڑے پیمانے کی مینوفیکچرنگ (LSM) کی مجموعی پیداوار جولائی تا جون مالی سال 25 میں 0.74% کم ہوئی جبکہ پچھلے سال یہ 0.9% بڑھی تھی۔ تاہم 22 میں سے 12 سیکٹرز نے مثبت ترقی دکھائی جن میں ٹیکسٹائل، ملبوسات، کھانے اور پینے والی مصنوعات، مشروبات اور قمار، ماسیونیکل شامل ہیں۔ آٹوموبائل سیکٹر نے بھی مالی سال 24-25 کے دوران بہتر کارکردگی دکھائی، جو مجموعی چیلنجز کے باوجود صنعتی لپک کی عکاسی کرتا ہے۔

آگے دیکھتے ہوئے مالی سال 2025-26 میں ان کامیابیوں کے مستحکم ہونے کی توقع ہے، جس میں معتدل ترقی، اخراجات میں مزید کمی اور بیرونی توازن میں بہتری شامل ہوگی۔

## پاکستان کا فعال منہ

مالی سال 2024-25ء میں پاکستان کی برآمدات میں 7.39% اضافہ ہوا جو عالمی مسابقتی ماحول میں استقامت کو ظاہر کرتا ہے۔ عام مال سے قومی قدر مصنوعات کی جانب منتقلی عالمی صارفین کے رجحانات سے ہم آہنگ ہے۔ ذیل میں ٹیکسٹائل برآمدات کی زمرے (کٹھکری) کے حساب سے تفصیل پیش کی جا رہی ہے:

درجہ	2024-25 مالی سال	2023-24 مالی سال	تبدیلی
بنا ہوا لباس (بٹ ویئر)	5,010,467	4,407,573	13.68%
ریڈی میڈ لمبوسات	4,128,556	3,563,647	15.85%
اوز سنے پچھونے کا سامان (ہینڈ ویئر)	3,112,848	2,802,670	11.07%
نونی کپڑا	1,808,997	1,865,964	-3.05%
تولے	1,082,611	1,055,109	2.61%
کٹن یارن	680,700	955,510	-28.76%
تفصیلی اشیاء (میڈ آپ آرٹیکلز)	775,791	715,333	8.45%
دیگر	1,287,068	1,290,092	-0.23%
<b>کل مجموعہ</b>	<b>17,887,038</b>	<b>16,655,898</b>	<b>7.39%</b>

ٹیکسٹائل سیکٹر کو اب بھی نمایاں چیلنجز کا سامنا ہے جن میں عام مال کی قیمتوں میں آجڑ چڑھاؤ، توانائی کے اخراجات میں اضافہ، اور عالمی سطح پر برقی ہوئی مسابقت شامل ہیں جو مجموعی طور پر مارجنز یعنی شرح منافع اور آپریشنل موثریت پر دباؤ ڈالتے ہیں۔ مزید برآں، حالیہ پالیسی تبدیلیاں جیسے کسٹم ڈیوٹیز میں ایڈجسٹمنٹس، ٹیکس ریزیم میں تبدیلیاں، اور رجسٹرڈ کی پروسیسنگ میں تاخیر برآمدی مسابقت اور لیگولیشن پر مبنی اثر ڈال سکتی ہیں۔

## ملی اسلامی کارکردگی

اگرچہ کئی کوبرآمدی منڈیوں میں قیمتوں کے دباؤ، جغرافیائی سیاسی غیر یقینی صورتحال، بلند مالیاتی لاگت (جو سال کے آخر میں کچھ کم ہوئیں)، اور توانائی کی قیمتوں میں آجڑ چڑھاؤ جیسے چیلنجز کا سامنا رہا، اس کے باوجود کئی نے آرڈر کے حجم میں کامیاب اضافہ کیا اور مالی سال 2024-25ء کے دوران بہترین پیداواری صلاحیت پر کام کیا۔ برآمدی ریونیو امریکی ڈالرز میں 4.07% بڑھا جو پچھلے سال کی اسی مدت میں 368.9 ملین امریکی ڈالر سے بڑھ کر مالی سال 2025ء میں 383.6 ملین امریکی ڈالر تک پہنچ گیا۔ اس کارکردگی کے نتیجے میں میٹ سٹکز میں نمایاں اضافہ ہوا جو 10.31% اضافے کے ساتھ پچھلے سال کے 143.14 ارب روپے سے بڑھ کر 157.9 ارب روپے ہو گیا۔

تاہم، اس مضبوط ٹاپ لائن پر فارمنس کے باوجود، مجموعی، آپریشنل اور نیٹ سٹک پر منافع بخشی کو مذکورہ بالا چیلنجز نے متاثر کیا۔ 30 جون 2025ء کو ختم ہونے والے مالی سال کے کلیدی مالیاتی اشاریے ذیل میں درج کیے گئے ہیں:

حصہ	2025ء	2024ء	فرق %
ایکسپورٹ سٹک	105,815	99,403	6.45%
بالواسطہ برآمدی فروخت	37,279	32,031	16.38%
مقامی فروخت	14,811	11,711	26.47%
<b>کل فروخت</b>	<b>157,905</b>	<b>143,145</b>	<b>10.31%</b>

10.39%	17,191	18,978	مجموعی منافع
-13.42%	6,537	5,660	قبل از ٹیکس منافع
-14.91%	4,728	4,023	بعد از ٹیکس منافع
-0.75%	16,436	16,312	EBITDA (آمدنی قبل از سود و ٹیکس اور کوٹن چارج)
-14.87%	6.39	5.44	فی شیئر آمدنی

## فرہنگی کارکردگی

پاکستانی روپے کے تاخیر میں برآمدی ریونیو میں 6.45% اضافہ ریکارڈ کیا گیا جس کی بنیادی وجہ سازگار زرعی پیداوار کی شرحوں اور امریکی ڈالر میں زیادہ برآمدی حجم رہا۔ بالواسطہ برآمدات میں بھی مالی سال 2025 کے دوران گزشتہ سال کے مقابلے میں 16.38% اضافہ ہوا۔ اسی دوران مقامی فروخت میں 26.47% کا نمایاں اضافہ دیکھا گیا۔ فروخت میں یہ مجموعی فوکیٹ کی حکمت عملی کی کامیابی کو ظاہر کرتی ہے جس میں بروقت سرمایہ کاری اور بین الاقوامی و مقامی دونوں منڈیوں پر زیادہ توجہ شامل ہے۔

## لاگت اور درآمدات

کھیتی کو فروخت کی لاگت میں 10.3% اضافہ برداشت کرنا پڑا جس کی بڑی وجوہات عام مال کی بڑھتی ہوئی قیمتیں، توانائی کے نرخوں میں اضافہ اور کم از کم اجرت کے ضوابط میں رد و بدل (ایڈجسٹمنٹس) تھیں۔

اس کے جواب میں کھیتی نے توانائی کی لاگت کو کنٹرول کرنے اور پائیداری کو بہتر بنانے کے لیے فعال اقدامات کیے۔ 18.2 میگا واٹ کاروف ٹاپ سولار انشٹن پیلے ی فعال ہو چکا ہے۔ مزید یہ کہ کھیتی کی ملکیت والی سائنس پر 10 سے 15 میگا واٹ تک اضافی سولر صلاحیت بڑھانے کے منصوبے جاری ہیں جسے ایک مضبوط نیٹری اسٹوریج سسٹم کی معاونت حاصل ہوگی۔ اس کے علاوہ کھیتی اپنی فیکٹری لوکیشنز میں ونڈر پاسنز کے نفاذ پر بھی غور کر رہی ہے تاکہ توانائی کے ذرائع میں تنوع لایا جاسکے اور گیس پر مبنی روایتی بجلی پر انحصار کم ہو۔ یہ اسٹرٹجک سرمایہ کاریاں طویل مدتی توانائی کی لاگت کو کم ہوں گے اور پختی قیمتوں میں جاری آثار جزعہ کے دوران مارجنز کو محفوظ بنانے کے لیے کی جارہی ہیں۔

فرہنگی اثرات میں 17.19% کا نمایاں اضافہ ہوا جس کی بڑی وجہ بار برداری اثرات ہیں جن میں 24% اضافہ اور انکوائریوں اور انکوائریوں میں 10% اضافہ تھا۔ موجودہ مقررہ مالیاتی سیاسی غیر یقینی صورتحال نے عالمی تجارتی بہاؤ میں رکاوٹیں پیدا کیں جس کے نتیجے میں ترسیلی اوقات طویل ہو گئے، سپلائی چین کی غیر موثریت بڑھی اور شپنگ لاگتوں کے متبادل راستے اختیار کرنے کے باعث بار برداری اخراجات میں اضافہ ہوا۔ اس کے برعکس، انتظامی اخراجات میں 18% اضافہ ہوا جس کی بنیادی وجوہات میں 56% اضافہ گاؤں کی بڑھتی ہوئی تعداد کے سبب سفری اخراجات میں 91% اضافہ مہیاات میں 9% اضافہ تھا انکوائریوں اور انکوائریوں میں شامل ہے۔

اگرچہ کھیتی کے قرضے 11.8 ارب روپے بڑھ گئے جس کی بڑی وجہ گیس کی بلند قیمتیں اور زیادہ فروخت کے نتیجے میں ورکنگ کپٹل کی بڑھتی ہوئی ضرورت تھی، اس کے باوجود کھیتی نے مالیاتی لاگت کو گزشتہ سال کے مقابلے میں محکم رکھا کیونکہ شرح سود میں کمی آنا شروع ہو گئی تھی۔ قرضوں میں گزشتہ سال کے مقابلے میں 19.37% اضافہ ہوا جبکہ مالیاتی اخراجات میں صرف 11.95% اضافہ ریکارڈ ہوا۔ یہ نتیجہ اسٹرٹجک مالی منصوبہ بندی اور بہتر حکمت عملی کی کامیابی کو ظاہر کرتا ہے۔ اس کارکردگی کی ایک بڑی وجہ EFS اور FE فنانسنگ کو سازگار شرحوں پر حاصل کرنے کا فعال اقدام تھا۔ کم لاگت فنانسنگ سہولتوں سے فائدہ اٹھا کر اوچے منافع دہائی الفم و نسق کو برقرار رکھتے ہوئے کھیتی زیادہ قرضوں کے اثرات کو کم کرنے اور مجموعی مالیاتی لاگت کو کم ہوں گے جس کے کامیاب رہی۔

## کاروباری کارکردگی کا مجموعی جائزہ

کھیتی کئی کاروباری شعبوں میں کام کرتی ہے تاہم یہاں صرف اہم اور بڑے شعبہ جات پر روشنی ڈالی گئی ہے:

اسٹیک

گھل احمد ایک جدید اسپننگ پلانٹ چلاتی ہے، جو ہماری آمدنی میں اضافے اور منافع بخشی دونوں کے لیے مرکزی حیثیت رکھتا ہے۔ یہ شعبہ اعلیٰ معیار کا پارن فراہم کرتا ہے، جو ٹیکسٹائل مینوفیکچررز کے ساتھ ساتھ کپڑے کی اپنی پیداوار کی ضروریات کو بھی پورا کرتا ہے۔ جدید ٹیکنالوجی اور اسٹرکچرل آپریشنل طریقے کار سے فائدہ اٹھاتے ہوئے ہمارا اسپننگ پلانٹ ہمیں مسابقتی مارکیٹ کی طلب کو فوری طور پر کرنے کے قابل بناتا اور ٹیکسٹائل سیکٹر میں اپنی قائمانہ حیثیت کو مزید مستحکم کرتا ہے۔

مالی سال 2025 میں اسپننگ ڈویژن کی نیٹ سٹلر میں گزشتہ سال کے مقابلے میں تقریباً 15.43% اضافہ ہوا۔ تاہم یہ ترقی زیادہ لاکٹ کے ساتھ آئی، جس کی بڑی وجوہات میں کم از کم اجرت میں اضافہ، بجلی وائیڈھن کے اخراجات اور دیگر اور ہینڈز شامل تھے۔ اس کے نتیجے میں مجموعی مارجن کم ہو کر 13.02% رہ گیا جو گزشتہ سال کے 18.11% کے مقابلے میں کمی کو ظاہر کرتا ہے، اور یہ منافع بخشی پر بڑھتی ہوئی لاگت کے اثرات کی عکاسی کرتا ہے۔ اگرچہ فروخت کی کارکردگی مضبوط رہی، مارجن میں کمی نے اس بات کو نمایاں کیا کہ بڑھتی ہوئی لاکٹ کے ماحول نے تقنی مشکلات پیدا کی ہیں، باوجود اس کے کہ انتظامیہ نے مؤثریت اور عملی نظم و ضبط (آپریٹنگ ڈسپلن) پر مسلسل توجہ مرکوز رکھی۔

یہ اقدامات خاص طور پر موجودہ چیلنجز کا ردیابی ماحول میں تباہی اہم ہیں کیونکہ مؤثر لاکٹ کا اعظم نقص اور آپریشنل بہتری اس شعبے کی طویل مدتی پائیداری کے لیے انتہائی اہم ہیں۔ کپڑے کی مختلف کاروباری شعبوں میں کارکردگی کا مجموعی جائزہ مشکل مالیاتی گوشوارے میں عملیاتی شعبے (آپریٹنگ سیکٹس) کے نتائج میں فراہم کیا گیا ہے، مزید تفصیلات کے لیے ازراہ کرم نوٹ نمبر 35 ملاحظہ کریں۔

## ہم لگاتار

ہوم ٹیکسٹائل کا شعبہ کپڑے کی کارکردگی کا نمایاں ستون ہے، جو قابل قدر ٹیکسٹائل مصنوعات کی وسیع رینج کی تیاری اور درآمد کے ذریعے کل برآمدات کے 85% حصے کا احاطہ کرتا ہے۔

مالی سال 2025 کے دوران اس شعبے میں پاکستانی روپے کی بنیاد پر مجموعی خالص فروخت میں تقریباً 11.4% اضافہ ریکارڈ کیا گیا جبکہ امریکی ڈالر کی بنیاد پر برآمدات میں 12.6% کا نمایاں اضافہ ہوا۔ یہ ترقی اس بات کی عکاسی کرتی ہے کہ جغرافیائی سیاسی چیلنجز کے باوجود کپڑے نے مضبوط رویہ جو حاصل کیا اور مارکیٹ میں اپنی موجودگی کو مزید وسیع کیا۔ اگرچہ فروخت کی لاکٹ میں اضافہ ہوا جس کی بنیاد پر جوہات کم از کم اجرتوں میں اضافہ اور بجلی وائیڈھن کے اخراجات تھے، تاہم مجموعی منافع کے مارجنز میں 7.25% سے بڑھ کر 9.59% تک بہتری آئی، جو اس بات کو ظاہر کرتا ہے کہ مشکل حالات میں بھی کپڑے اپنی منافع بخشی کو بہتر بنانے کی صلاحیت رکھتی ہے۔

مارجنز یعنی شرح منافع میں اس بہتری کی بنیادی وجوہات میں بہتر عملی کارکردگی، مضبوط انتظامی امور، اور مؤثر لاکٹ کنٹرول شامل ہیں۔ اس کے ساتھ ساتھ بہتر خریداری حکمت عملیوں اور بروقت فیصلوں نے پیداوار کی کارکردگی کو زیادہ سے زیادہ کرنے اور لاگت میں بچت حاصل کرنے میں اہم کردار ادا کیا۔

فروخت اور ڈسٹری بیوٹن اخراجات میں تقریباً 19.29% اضافہ ہوا، جو زیادہ تر فروخت کے حجم میں اضافے اور بار برداری اخراجات کے بڑھنے کی وجہ سے تھا، جبکہ یہ بار برداری اخراجات جغرافیائی سیاسی غیر یقینی صورتحال کے باعث مزید بڑھے۔

کپڑے کی مختلف کاروباری شعبوں میں کارکردگی کا ایک مجموعی جائزہ مشکل مالیاتی گوشوارے میں عملیاتی شعبے (آپریٹنگ سیکٹس) کے نتائج میں فراہم کیا گیا ہے، مزید تفصیلات کے لیے ازراہ کرم نوٹ نمبر 35 ملاحظہ کریں۔

## انتظامی مصادر و کتب خانہ

گھل احمد پاکستان کے ٹیکسٹائل سیکٹر میں ایک نمایاں اور قابل اعتماد نام کے طور پر اپنی حیثیت برقرار رکھے ہوئے ہے۔ گزشتہ سال کے دوران ہم نے پائیداری اور جدت کے عزم کو مزید آگے بڑھایا اور اپنی تکنیکی صلاحیتوں کو مضبوط کیا تاکہ متحرک عالمی منڈی میں ہمیں بہت حاصل رہے۔ عملی کارکردگی اور مصنوعات میں مہم کی پر ہماری توجہ نے نہ صرف ہمیں معاشی چیلنجز سے ٹھٹھنے میں مدد دی بلکہ ہمارے اسٹیک ہولڈرز کے لیے طویل مدتی قدر و منزلت پیدا کرنے کے عزم کو بھی مزید مستحکم کیا، جنی بر صارف جدت کو مالی استحکام کے ساتھ ہم آہنگ کرتے ہوئے، ہم معیار، اعتماد اور پائیدار ترقی فراہم کرنے کے لیے پرعزم ہیں۔ ہماری اسٹرکچرل ترجیحات اور ان کے حصول کے لیے کیے گئے اقدامات کی تفصیلی وضاحت سالانہ رپورٹ کے

ملو 000 روپوں کی کمی ہے۔

## ذاتی خطرات اور غیر جتنی صورتحال

موجودہ متحرک ماحول میں کاروبار کو مختلف قسم کے خطرات اور غیر جتنی حالات کا سامنا ہے جنہیں انٹرنیٹ طریقے سے نہ سمجھا جاسکے گا تو کارکردگی اور طویل مدتی پائیداری پر گہرے اثرات پڑ سکتے ہیں۔ کمپنی نے ان خطرات کی نشاندہی، جائزہ اور ان کے تدارک کے لیے ایک مضبوط فریم ورک قائم کیا ہے۔ اس وقت توہہ کے حامل ذیلی خطرات درج ذیل ہیں:

- قرض کے خطرات۔ خاص طور پر مقامی فروخت سے حاصل ہونے والی رقم کی وصولی میں ڈیٹا کا خطرہ۔
- مارکیٹ اور خام مال کے خطرات۔ کپاس اور دھات کے قیمتوں میں آہستہ آہستہ اضافہ، خام مال کی دیرپا کٹنگ، بڑھتا ہوا بین الاقوامی تیرف، اور شرح سود میں آہستہ آہستہ اضافہ جو مارکیٹ پر متاثر ہو سکتا ہے۔
- تکنیکی خطرات۔ ٹیکنالوجی میں ترقی اور آٹومیشن میں عالمی سطح پر ترقی یافتہ رہش رفت کے ساتھ ہم آہنگی کی ضرورت ہے تاکہ مسابقتی برتری برقرار رکھی جاسکے۔
- قانونی اور مالی خطرات۔ موجودہ ٹیکس و ریگولیشن پر نئے محصولات اور ٹیکسز کے نفاذ سے لاگت کا اضافہ ہوتا ہے، فٹر (FTR) سے پائل ٹیکس رجیم (NTR) میں منتقلی سے برآمد کنندگان کی مسابقتی صلاحیت متاثر ہوتی ہے، جبکہ مقامی سپلائرز پر EFS زیر درجہ بندی کے خاتمے اور 18% سی ایس ٹی کے نفاذ سے رابطہ میں ناخبر اور ٹیکو پائی مسائل پیدا ہوتے ہیں۔
- توانائی کے خطرات۔ بجلی ٹیکس کے کم ہوتے ڈنڈے اور درآمدی ایندھن پر مبنی قرض جزیشن پر انحصار کے باعث کمپنی کے آپریشنز عالمی توانائی منڈیوں اور روپے کی قدر میں کمی سے جڑے آہستہ آہستہ اضافہ کا شکار ہوتے ہیں۔
- ماحولیاتی اور سماجی خطرات۔ موبی غیر جتنی صورتحال، جیسے سیلاب، خشک سالی، اور شدید گرمی، کپاس کی دستیابی اور کام کے تسلسل کو متاثر کرتی ہے۔ ساتھ ہی ماحولیاتی تحفظ، مزدور کے حقوق اور شفافیت کے عالمی معیار کی تعمیل کے لیے سرمایہ کاری اور تبدیلی کی ضرورت ہے اور اگر معیار پرے نہ ہوں تو مارکیٹ تک رسائی خطرے میں پڑ جاتی ہے۔
- سپلائی چین کے خطرات۔ عالمی غیر جتنی حالات جیسے جغرافیائی سیاسی تناؤ، شپنگ میں رکاوٹیں، اور کرنسی میں آہستہ آہستہ اضافہ، خام مال، لائسنس اور درآمدی ترسیلات کی بروقت دستیابی اور لاگت کو متاثر کر سکتے ہیں، جس سے عالمی خریداروں کے لیے سپلائی کی بھروسہ مندی پر مبنی اثر پڑ سکتا ہے۔

اگرچہ ریسک منجمنٹ ہمیشہ سے ہمارے آپریشنز کا حصہ رہا ہے، لیکن مارکیٹس، ریگولیشنز، کسٹمرز، ملازمین اور شیئر ہولڈرز کی مددنی ہوئی توقعات نے اسے کاروباری حکمت عملی کا ایک اہم محرک بنا دیا ہے۔ اس سالانہ رپورٹ کے صفحات 0000:000 میں ہمارے خطرات کے انتظام کے قسطی، انتظامی ڈھانچے اور اہم خطرات و مواقع کا جامع جائزہ فراہم کیا گیا ہے۔

## پالیسی اور طریقہ کار

کمپنی نے ایک مضبوط فریم ورک تشکیل دیا ہے جو انٹرنیٹ گورننس، ریگولیشنز، کپی لائنس اور آپریشنل انتظامی کی بنیاد فراہم کرتا ہے۔ یہ پالیسی ہمارے کاروبار کے تمام اہم پہلوؤں کا احاطہ کرتی ہیں جن میں مالیاتی انظر، ریسک کنٹرول، اور اخلاقی طریقہ عمل شامل ہیں۔ تبدیل ہوتے ہوئے قوانین، صنعتی معیارات، اور عالمی بہترین طریقوں کے مطابق رہنے کے لیے، ہم ان پالیسیز کا باقاعدگی سے جائزہ لیتے اور انہیں اپ ڈیٹ کرتے ہیں تاکہ ہمارا انتظامی ڈھانچہ (فریم ورک) موجودہ تقاضوں کے مطابق مضبوط اور مستحکم رہ سکے۔

## اندر مشن اور انیٹرک مسلم

کمپنی نے جدید انظار مشن سسٹم میں سرمایہ کاری کی ہے تاکہ تمام آپریشنز میں بروقت اور درست معلومات کی ترسیل جتنی جتنی جاسکے۔ یہ سسٹمز منجمنٹ کو مدخلی ماحول فراہم کرتے ہیں تاکہ کارکردگی کو مانٹر کیا جاسکے، فرق کا سراغ لگایا جاسکے، اور منیٹرنگ رپورٹ برقرار رکھی جاسکے۔ اپنے عمل میں ڈیجیٹل آلات، خود کار نظام، اور معلوماتی تجزیے کو شامل کر کے ہم ایک

معلومات پر مبنی گفتگو کو فروغ دے رہے ہیں جو فیصلہ سازی کو بہتر بناتی اور تنظیمی چابک کو مضبوط کرتی ہے۔ اس ڈیجیٹل تبدیلی کے عزم کی بدولت ہم چیلنجز کا داخلی اندازہ لگا سکتے ہیں۔ مواقع کا کامیاب آغاز کیا جاتا ہے، ماوراء کاروباری ماحول میں تبدیلیوں پر فوری رد عمل دے سکتے ہیں۔

## اعزل آؤٹ

کمپنی نے اپنی اعزل آؤٹ فکشن کو ایک آزاد اور بیرونی فرم کے سپرد کیا ہے تاکہ کنٹرول ماحول کی غیر جانبدارانہ اور معروضی جانچ کی جاسکے۔ یہ فرم برادرست آؤٹ کمیٹی کو رپورٹ کرتی ہے اور اعزل کنٹرول کی موثریت پر مابعد جائزے فراہم کرتی ہے۔ ساتھ ہی بہتری کی سفارشات بھی پیش کرتی ہے۔ آؤٹ کمیٹی ان تفصیلی رپورٹس کا باقاعدگی سے جائزہ لیتی ہے جس کے نتیجے میں بروقت اقدامات کیے جاتے ہیں تاکہ گورننس کو مضبوط بنا یا جاسکے، عملی کارکردگی میں اضافہ ہو، اور اسٹیک ہولڈرز کے اعتماد کو تقویت ملے۔

## انسانی مالیات کنٹرول کی حکمت

بورڈ آف ڈائریکٹرز نے ایک جامع اعزل فنانس کنٹرول سسٹم قائم کیا ہے تاکہ کمپنی کے آپریٹنگ کمونٹریز اور محظوظ بنایا جاسکے۔ یہ کنٹرولز اہم شعبوں جیسے کہ وصولی کی روک تھام، اجاڑوں کا تحفظ، قانونی اور ریگولیٹری کمپلائنس، درست مالیاتی رپورٹنگ، اور قابل اعتماد معلومات کی بروقت فراہمی وغیرہ کا احاطہ کرتے ہیں۔ بدلتے ہوئے قوانین، ریگولیشنز اور بہترین طرز عمل کے مطابق ان کنٹرولز کا باقاعدگی سے جائزہ لیا جاتا ہے اور ان میں بہتری کی جاتی ہے۔ یہ ہمارے مضبوط مالیاتی اظہار و اطمینان اور حساب کے مستقل عزم کو ظاہر کرتا ہے۔ کمپنی کے ریسک منجمنٹ فریم ورک کی مزید تفصیلات اس سالانہ رپورٹ کے صفحہ 000 پر فراہم کی گئی ہیں۔

## انسانی وسائل (HR) کے شعبہ

کمپنی مؤثر ریورس منجمنٹ کو تنظیمی کامیابی اور پائیدار مسابقت کا ایک اہم ذریعہ سمجھتی ہے۔ ہماری HR پالیسی اس طرح ترمیم دی گئی ہے کہ وہ بہتر مندرجہ ذیل کو تقویت دے گی، ان کی نشوونما کریں اور انہیں برقرار رکھیں، ساتھ ہی لیبر قوانین اور ریگولیشنز پر مکمل عمل درآمد بھی یقینی بنائیں۔ ہماری ملکیت عملی کے ہنر مند عناصر میں برقا رمنس منجمنٹ ملازمین کی ترقی، اور مارکیٹ سے ہم آہنگ معاوضے شامل ہیں، جو ٹیلنٹ کو پروان چڑھانے اور شمولیت کو مضبوط بنانے میں مدد دیتے ہیں۔

موجودہ ٹیلنٹ ضروریات کو پورا کرنے کے ساتھ ساتھ، ہم پروفیشنل کی انجی نسل کی ترقی کے لیے بھی پرمز ہیں۔ ICAP CA ٹرینیز پروگرام کے تحت ہمارے جونیئر ٹرینیز آؤٹنگ ٹرینیشن ہم سے چارٹرڈ اکاؤنٹنٹس کے لیے آن لائن شپ کے مواقع فراہم کرتے ہیں، تاکہ وہ اپنی پیشہ ورانہ زندگی میں کامیابی کے لیے ضروری علم اور تجربہ حاصل کر سکیں۔ یہ اقدام ہمارے طویل مدتی ویژن کی عکاسی کرتا ہے، جس کا مقصد ایک مضبوط ٹیلنٹ پائپ لائن قائم کرنا ہے جو کمپنی اور اظہار و اطمینان کی مسلسل ترقی میں کردار ادا کرے۔

## انڈر مینجمنٹ (IT)

کمپنی نے ایک جامع IT منجمنٹ فریم ورک نافذ کیا ہے تاکہ اس کے سسٹمز قابل اعتماد، محفوظ اور کاروباری ضروریات سے ہم آہنگ رہیں۔ اس فریم ورک میں ہارڈ ویئر اور سافٹ ویئر کی باقاعدہ آپ گریڈیشن اور مکمل کنٹیکسٹ شامل ہے، جس کے ذریعے جدید ٹیکنالوجی کو اپناتے ہوئے کارکردگی کو بہتر بنایا جاتا ہے اور استقامت کو مزید تقویت دی جاتی ہے۔ ساتھ ہی ہم اپنی IT میزبانی مسلسل ٹریننگ بورڈ پلانٹ میں سرمایہ کاری کرتے ہیں تاکہ وہ ابھرتے ہوئے چیلنجز سے نمٹنے اور کمپنی کے ڈیجیٹل ٹرانسمارمیشن کے سفر کی معاونت کرنے کے لیے تیار رہیں۔

## IT گورننس پالیسی

ہماری IT گورننس فریم ورک انڈر مینجمنٹ اجاڑوں کی حفاظت، غیر جانبدار سائی کی روک تھام اور سائبر سیکیورٹی ریسک کے تدارک میں کلیدی کردار ادا کرتا ہے۔ یہ فریم ورک سیکورٹی اقدامات کی

مستقل مانیٹرنگ اور بہتری کے لیے ایک مربوط میکانزم بھی فراہم کرتا ہے۔ یہ پالیسی ادارے بھر میں معلومات کی تخلیق، ذخیرہ، استعمال، آرکائیونگ اور ضائع کرنے کے لیے واضح رہنما اصول فراہم کرتی ہے تاکہ ڈیٹا کی سالمیت برقرار رہے اور بہترین طریقہ عمل کے مطابق عمل درآمد یقینی بنایا جاسکے۔

ٹیکنالوجی کے کاروباری کامیابی میں کلیدی کردار اور صارفین کی بدلتی ہوئی ضروریات کو مد نظر رکھتے ہوئے، ہم اپنے مینجمنٹ انٹارمیشن سسٹم کا مسلسل جائزہ لیتے اور آپ گریڈ کرتے رہتے ہیں۔ یہ سسٹم اس طرح ڈیزائن کیے گئے ہیں کہ:

- ادارے کی کارکردگی کو مانیٹر اور بہتر بنایا جاسکے۔
- مبنی بر حکمت فیصلہ سازی کے لیے رابطہ قائم اور رابطہ استحکام فراہم کیا جاسکے۔
- ڈیپارٹمنٹس کی مؤثریت کا اندازہ لگایا جاسکے اور اسے ظاہر کیا جاسکے۔
- اچانکوں کے تحفظ اور احتساب کو یقینی بنانے کے لیے مضبوط چیک اینڈ بیلنس قائم کیا جاسکے۔

اس گورننس فریم ورک اور ٹیکنالوجی میں مسلسل سرمایہ کاری کے ذریعے ہم ایک محفوظ، مؤثر اور مستقبل کے لیے تیار معلوماتی ماحول قائم رکھنے کے لیے پُر عزم ہیں جو ہمارے کاروباری مقاصد کو سہارا دیتا ہے اور طویل مدتی استحکام کو مضبوط کرتا ہے۔

## بہداری تسلسل کا منصوبہ (بیس کنکھن لی پلان-BCP)

کمپنی نے ایک جامع بزنس کنکھن لی پلان (BCP) تشکیل دیا ہے تاکہ اپنے آپریٹنگز کی لچک اور پائیداری کو غیر متوقع رکاوٹوں کے خلاف محفوظ بنایا جاسکے۔ یہ پلان واضح حکمت عملیاں فراہم کرتا ہے تاکہ قدرتی آفات، سپلائی چین میں قفل، یا دیگر ہنگامی حالات جیسے فنی واقعات کے دوران بنیادی کاروباری افعال جاری رہ سکیں۔ اس میں رسک اسسٹمنٹ، کراسس مینجمنٹ اور ریکوری کے لیے مربوط طریقہ کار شامل ہیں تاکہ ہم آپریٹنگز کو کم سے کم تعطل کے ساتھ برقرار رکھا جاسکے۔ مزید برآں، کمپنی باقاعدہ مشقوں، نمونہ سازیوں، اور جائزے کے ذریعے اپنی تیاری کو مضبوط کرتی ہے، جس سے ہمیں کاروباری تسلسل کے منصوبے کی قابلیت کو مسلسل پرکھنے، بہتر بنانے اور مضبوط کرنے کا موقع ملتا ہے۔ یہ فعال حکمت عملی کمپنی کو فوری ردعمل دینے، ماسٹک ہولڈرز کے مفادات کا تحفظ کرنے، اور طویل مدتی عملی استحکام کو یقینی بنانے کے قابل بناتی ہے۔

## ریکارڈز کی حفاظت

ریکارڈز کی حفاظت، سالمیت اور دستیابی کو یقینی بنانے کے لیے کمپنی نے ریکارڈز رکھنے کا کام ایک مخصوص تحریری پارٹی سروس پرووائیڈرز کو دے رکھا ہے۔ یہ طریقہ کار ہم دستاویزات کی محفوظ اسٹوریج اور مؤثر بازیافت کو ممکن بناتا ہے جبکہ بہترین طریقہ کار پر عمل درآمد کو بھی یقینی بناتا ہے۔ بنیادی ڈیٹا کو ریویو ٹیک آپ سائنس کے ذریعے محفوظ کیا جاتا ہے تاکہ کسی آفت یا سسٹم کی ناکامی کی صورت میں تسلسل اور دستیابی برقرار رہے۔ اس کے علاوہ، اوریکل کلاؤڈ (Oracle Cloud) کے استعمال سے جدید سکیورٹی پروٹوکولز، انٹیلیجنٹ، اور ڈیٹا اس بائیر مجاز رسائی کے خلاف مضبوط تحفظ فراہم کیا جاتا ہے۔ ان اقدامات کے ذریعے کمپنی اپنی معلوماتی اچانکوں کی اعتبار سے برقرار رکھتی ہے اور کاروباری کارروائیوں کو بلا تعطل جاری رکھنے کی سہولت فراہم کرتی ہے۔

## اندامہتی سائیڈلے مادی (کارپوریٹ سوشل ریسپانسیبلٹی-CSR)

اور اور جواتی سائیڈلے مادی کی تعلیمات اس سالانہ رپورٹ کے صفحہ 000 پر فراہم کی گئی ہیں۔

## ماحولیاتی اور مادی بحران (انوائمنٹ اینڈ سوشل گورننس-ESG)

ملک کے بڑے انکسپورٹرز میں سے ایک کے طور پر، کمپنی اپنی ورک فورس اور اسٹیک ہولڈرز کی صحت و سلامتی کو اولین ترجیح دیتی ہے۔ اس مقصد کے لیے ایک خصوصی ESG (Environmental, Social, and Governance) کمیٹی بنائی گئی ہے جو ان اہم شعبوں میں ہماری پالیسیز اور اقدامات کی نگرانی اور نفاذ کرتی ہے۔ یہ کمیٹی کے پائیدار اور ذمے دار کاروبار پر عمل کے پختہ عزم کی عکاسی کرتا ہے۔

کمپنی کی سولیات ماحولیاتی اور حفاظتی معیارات کے مطابق مکمل طور پر ہم آہنگ ہیں، اور ایسے پیشگی اقدامات کیے گئے ہیں جو مضر مادیوں کے اخراج کو ختم کرنے اور ماحولیاتی اثرات کو کم سے کم کرنے میں مدد دیتے ہیں۔ یہ عزم نہ صرف ماحول کے تحفظ کی ہماری ذمہ داری کو ادا کرتا ہے بلکہ ان کیونٹریز کی تلاش و بہبود کے لیے بھی ہماری وابستگی کو ظاہر کرتا ہے جن میں ہم کام کرتے ہیں۔ اپنی مربوط ESG ملکیت عملی کدور سے ہماری توجہ پائیداری، اخلاقیات، اور انتساب کو اپنی تمام سرگرمیوں میں شامل کرنے پر مرکوز ہے۔

## اجرت میں جنس فرق (جنڈر پی گپ - Gender Pay Gap)

کمپنی ایک شمولیتی اور مساوی ماحول فراہم کرنے کے لیے عزم ہے جہاں ہر ملازم کی قدر کی جائے، اس کا احترام ہو، اور اسے کامیاب ہونے کا پورا موقع ملے۔ مساوی مواقع فراہم کرنے والے آجر (Equal Opportunity Employer) کے طور پر، ہم یقینی بناتے ہیں کہ تمام روزگار سے متعلق فیصلے جیسے نئے ملازمین کی بھرتی، انھیں کام پر لگانا، ترقی دینا، ترقی دینا اور اجرت یا دیگر معاوضے کا تعین کرنا غیرہ بغیر کسی امتیاز کے خواہ وہ نسل، رنگ، مذہب، جنس، عمر، معذوری یا کوئی اور خصوصیت جسے قانون تحفظ دیتا ہو، انتسابیہر اور قابلیت کی بنیاد پر ہوں۔

ہم یقین رکھتے ہیں کہ تنوع جذبہ کو فروغ دیتا ہے اور ہماری مجموعی کارکردگی کو مستحکم کرتا ہے۔ اسی لیے ہم ایسے ماحول کے قیام کے لیے عزم ہیں جہاں تمام ملازمین کے پاس مساوی مواقع ہوں تاکہ وہ ترقی کریں، آگے بڑھیں اور ہماری مشترکہ کامیابی میں حصہ ڈال سکیں۔

رپورٹنگ پیرید کے دوران اوسط (Mean) پی گپ سے ظاہر ہوا کہ مرد ملازمین کی تنخواہیں خواتین سے اوسطاً 0.54% زیادہ ہیں، جبکہ 2024ء میں یہ شرح 0.07% تھی۔ اس کے برعکس، میڈین (Median) پی گپ کے مطابق خواتین ملازمین کی آمدن مردوں سے 14.33% زیادہ ہے، جو کہ 2024ء کی 14.51% کے ساتھ مطابقت رکھتی ہے۔ یہ نتائج رپورٹنگ پیرید کے دوران استحکام کو ظاہر کرتے ہیں اور کمپنی کے عزم کو مزید مستحکم کرتے ہیں۔ تاہم، ہم یہ تسلیم کرتے ہیں کہ تنخواہوں میں مساوات ایک مسلسل سفر ہے اور ہم اس شعبے میں اپنی پالیسیز کو مزید مضبوط بنانے کے لیے عزم ہیں۔

## ہولڈنگ کمپنی

کمپنی ہدستورگل احمد ہولڈنگز (پرائیویٹ) لمیٹڈ کی ذیلی کمپنی ہے، جو اس کے 55.86% حصص کی مالک ہے۔

## ذیلی کمپنیز

کمپنی کے پاس بلا واسطہ اور بالواسطہ دونوں طرح کی مکمل ملکیتی ذیلی کمپنیز موجود ہیں، جیسا کہ آڈٹ شدہ مالیاتی گوشوارے کے نوٹ 1 میں درج ہے۔

## کارپوریٹ گورننس کا ضابطہ (کوڈ آف کارپوریٹ گورننس - CCG)

کمپنی کی انتظامیہ اچھی کارپوریٹ گورننس کے نفاذ اور بہترین طریقہ کار پر عمل درآمد کے لیے عزم ہے۔ کارپوریٹ گورننس کے ضابطے کے تحت، ڈائریکٹرز درج ذیل بیان کرتے ہوئے خوشی محسوس کر رہے ہیں:

- (i) کمپنی مینجمنٹ کی جانب سے تیار کردہ مالیاتی گوشوارے اس کی مالی حالت، آپریشنز کے نتائج، کیش فلو اور ایکویٹی میں تبدیلیوں کی منصفانہ عکاسی کرتے ہیں۔
  - (ii) کمپنی کے اکاؤنٹس کے کھاتے (بکس) باقاعدہ برقرار رکھے گئے ہیں۔
  - (iii) مالیاتی گوشوارے کی تیاری میں مناسب اکاؤنٹنگ پالیسیز کا تسلسل کے ساتھ اطلاق کیا گیا ہے، اور اکاؤنٹنگ تخمینے معقول اور محتاط اندازے پر مبنی ہیں۔
  - (iv) پاکستان میں قابل اطلاق انٹرنیشنل فنانشل رپورٹنگ اسٹینڈرڈز (IFRS) کو مالیاتی گوشوارے کی تیاری میں مد نظر رکھا گیا ہے۔
  - (v) اندرونی کنٹرول کا نظام ترتیب اور تعمیل کے لحاظ سے مضبوط ہے اور اس پر مؤثر طور پر عمل درآمد اور مانیٹرنگ کی گئی ہے۔
  - (vi) بورڈ کے ڈائریکٹرز اپنی ذمہ داریوں اور فرائض سے بخوبی آگاہ ہیں جیسا کہ کارپوریٹ قوانین اور لسٹنگ ریگولیشنز میں بیان کیا گیا ہے۔ لسٹنگ ریگولیشنز کی تعمیل کے طور پر، ہمارے چھ ڈائریکٹرز نے پاکستان انسٹیٹیوٹ آف کارپوریٹ گورننس (PICG) کے بورڈ ڈیولپمنٹ سیریز کے تحت کارپوریٹ گورننس لیڈرشپ اسکور پروگرام میں شرکت کی اور مکمل کیا۔
  - (vii) ایک ڈائریکٹر یعنی چیئرمین، اپنے لازمی علم اور تجربے کی بنا پر ڈائریکٹرز ٹریننگ پروگرام میں شرکت کی شرط سے مستثنیٰ ہیں۔
  - (viii) کمپنی کے بطور ”گوئنگ کنسرن“ (Going Concern) جاری رہنے کے بارے میں کوئی نمایاں شکوک و شبہات موجود نہیں ہیں۔
  - (ix) کارپوریٹ گورننس کی بہترین پریکٹس سے کوئی نمایاں انحراف نہیں ہوا جیسا کہ لسٹنگ ریگولیشنز میں درج ہے۔
  - (x) پروویڈنٹ فنڈ میں سرمایہ کاری کی مالیت، غیر آڈٹ شدہ اکاؤنٹس کے مطابق 30 جون 2025ء کو 3.3 بلین روپے ہے (مالی سال 2024ء: آڈٹ شدہ اکاؤنٹس کے مطابق 2.6 بلین روپے)۔
  - (xi) درج ذیل بیانات مالیاتی گوشوارے کے نوٹس (ملاحظات) میں منسلک ہیں:
    - بورڈ میننگنز کی تعداد اور ڈائریکٹرز کی حاضری۔
    - گزشتہ چھ سال کے اہم مالیاتی اعداد و شمار۔
    - شیئر ہولڈنگ کا طریقہ کار۔
- ڈائریکٹرز، ان کی/کے شریک حیات یا ایگزیکٹوز کی جانب سے کمپنی کے شیئرز کی خرید و فروخت اور ہولڈنگز کے حوالے سے قیمت، تعداد اور لین دین کی نوعیت کے بارے میں کمپنی سیکریٹری نے مقررہ وقت کے اندر بورڈ، ISECP اور PSX کو آگاہ کیا گیا تھا۔ تمام ایسی ہولڈنگز منسلک شیئر ہولڈنگ پٹرن میں ظاہر کی گئی ہیں۔

## سرمایہ کاروں کی شکایات اور تحفظات

کمپنی شفافیت کے لیے پُر عزم ہے اور تمام شیئر ہولڈرز بشمول ممکنہ سرمایہ کاروں کے لیے معلومات تک مساوی رسائی کو یقینی بناتی ہے۔ شیئر ہولڈرز کی کمپنی کے آپریشنز، ان کی سرمایہ کاری، منافع منقسمہ کے حقوق اور کمپنی کی جانب سے جاری کردہ ریگولیٹری انکشافات سے متعلق معلومات کے حصول کی حوصلہ افزائی کی جاتی ہے۔ ہم اس بات کو ترجیح دیتے ہیں کہ ایسے تمام سوالات کے مکمل قانونی تقاضوں کی تعمیل کے ساتھ بروقت اور جامع جوابات دیے جائیں۔

سرمایہ کاروں کی شکایات ایک مرکزی اور منظم نظام کے ذریعے نمٹائی جاتی ہیں تاکہ سوالات اور تحفظات کو فوری طور پر دور کیا جاسکے۔ یہ حکمت عملی نہ صرف مؤثر حل کو یقینی بناتی ہے بلکہ شیئر ہولڈرز کے اعتماد کو بھی مضبوط کرتی ہے اور سرمایہ کاروں کے ساتھ ہماری شفافیت کو مزید تقویت دیتی ہے۔

بورڈ کی تشکیل (Composition of the Board)

30 جون 2025 کو بورڈ آف ڈائریکٹرز کی تشکیل درج ذیل ہے:

- کل ڈائریکٹرز کی تعداد: 07  
(ا) مرد ڈائریکٹرز: 06  
(ب) خواتین ڈائریکٹرز: 01

ڈائریکٹرز کے نام	تعداد	تفصیلات
محترمہ زینب انصاری	2	(ا) آزاد ڈائریکٹرز
جناب کامران وائی مرزا		
جناب محمد ذکی بشیر	2	(ب) ایگزیکٹو ڈائریکٹرز
جناب زین بشیر		
جناب محمد بشیر		(ج) نان ایگزیکٹو ڈائریکٹرز
جناب زیاد بشیر	3	
جناب احسان اے ملک		
-	-	(د) خواتین نان ایگزیکٹو ڈائریکٹرز

بورڈ کی کمیٹی

آڈٹ کمیٹی

- جناب کامران وائی مرزا - چیئر مین
- جناب محمد بشیر - رکن
- جناب احسان اے ملک - رکن

یو این ریسورس اور مینجمنٹ کمیٹی

- محترمہ زینب انصاری - چیئر پرسن
- جناب محمد بشیر - رکن
- جناب زین بشیر - رکن

غیر ایگزیکٹو ڈائریکٹرز کی ریمونڈیشن پالیسی

کمپنی نے اپنے غیر ایگزیکٹو اور آزاد ڈائریکٹرز کے لیے ایک منظم ریمونڈیشن (معاوضہ) پالیسی مرتب کی ہے، جو انصاف، شفافیت اور بہترین گورننس پریکٹسز کے عین مطابق ہے۔ اس

پالیسی کے اہم اصول درج ذیل ہیں:

- معاوضہ مارکیٹ کے مقابلے کے مطابق ہے اور ڈائریکٹر کے تجربے، مہارت اور خدمات کی عکاسی کرتا ہے۔
- آزاد ڈائریکٹر کو کوئی مستقل تنخواہ نہیں دی جاتی؛ انہیں صرف بورڈ اور کمیٹی میٹنگز میں شرکت کے لیے فیس دی جاتی ہے۔
- تمام ڈائریکٹر کے لیے میٹنگ فیس کی سفارش ہیومن ریسورس اور ریٹرنزیشن کمیٹی کرتی ہے اور بورڈ اس کی منظوری دیتا ہے۔ آزاد ڈائریکٹر کے لیے یہ فیس صرف ان کی حقیقی حاضری سے مشروط ہے۔
- ڈائریکٹر کو سفر، رہائش اور دیگر معقول اخراجات کے حصول کا حق حاصل ہے جو وہ بورڈ، کمیٹی یا جنرل میٹنگ میں شرکت کے دوران برداشت کریں۔
- ایسے معاملات میں جہاں ڈائریکٹر اپنی قانونی ذمہ داریوں سے ہٹ کر اضافی ذمہ داریاں انجام دیتے ہیں، انہیں بورڈ کی منظوری سے اضافی ریٹرنزیشن دی جاسکتی ہے۔

## ڈائریکٹر کی تربیت

کمپنی کے ڈائریکٹر مناسب تعلیمی قابلیت اور تربیت کے حامل ہیں اور کنٹینر ایکٹ 2017ء اور پاکستان اسٹاک ایکسچینج رول بک کے ضوابط کے تحت اپنے اختیارات اور ذمہ داریوں کو بخوبی سمجھتے ہیں۔

## بورڈ کی کارکردگی کا جائزہ

کوڈ آف کارپوریٹ گورننس 2017ء کے مطابق بورڈ نے اپنی کارکردگی جانچنے کے لیے ایک منظم طریقہ کار کی منظوری دی ہے۔ اس میں ایک جامع سوالنامہ شامل ہے جو بورڈ کے دائرہ کار، مقاصد، افعال اور کمپنی کی مجموعی کارکردگی اور مانیٹرنگ پریکٹسز کا احاطہ کرتا ہے۔ ہر ڈائریکٹر کے اس عمل کا حصہ بنتی ہے جس سے بورڈ اپنی کارکردگی کا اجتماعی طور پر جائزہ لیتا ہے اور بہتری کے پہلوؤں کی نشاندہی کرتا ہے۔

## مفادات کا کمراد

ہر ڈائریکٹر بورڈ کے اجلاسوں میں فعال طور پر حصہ لیتا ہے اور فیصلے اتفاق رائے سے کیے جاتے ہیں۔ کسی بھی رکن کی طرف سے اٹھائے گئے اعتراضات کو اجلاس کے منٹس میں درج کیا جاتا ہے تاکہ شفافیت اور جواب دہی یقینی بنائی جاسکے۔ مزید برآں، کمپنی نے بزنس اسٹیکس کا ضابطہ اپنا رکھا ہے جو نہ صرف ریگولیٹری تقاضوں کی تکمیل کرتا ہے بلکہ ڈائریکٹر کو یہ لازم کرتا ہے کہ وہ کسی بھی ایسے مفاد کا باضابطہ انکشاف کریں جو حقیقی یا مفروضہ مفادات کے ٹکراؤ کا باعث بن سکتا ہو۔

## متعلقہ فریقوں کے لین دین کا جائزہ

کنٹینر ایکٹ 2017ء، کوڈ آف کارپوریٹ گورننس اور دیگر متعلقہ قوانین کے مطابق تمام متعلقہ فریقوں کے لین دین کا باقاعدگی سے آڈٹ کمیٹی جائزہ لیتی ہے اور اپنی سفارشات بورڈ کو پیش کرتی ہے۔ ایسے معاملات جن میں اکثریتی ڈائریکٹر کا مفاد شامل ہو، سالانہ طور پر شیئر ہولڈرز کی منظوری کے لیے پیش کیے جاتے ہیں تاکہ مکمل شفافیت اور گورننس کے تقاضوں پر سختی سے عمل کیا جاسکے۔

یہ منظم طریقہ کار شیئر ہولڈرز کی قدر کے تحفظ کو یقینی بناتا ہے، اس طرح کہ تمام متعلقہ فریقوں کے درمیان ہونے والے لین دین غیر جانبدارانہ بنیاد پر، منصفانہ تجارتی شرائط کے مطابق، اور

کمپنی اور اس کے شراکت داروں کے بہترین مفاد میں کیے جاتے ہیں۔

## سی ای او کی کارکردگی کا جائزہ

بورڈ ہر سال کمپنی کے مشن کے مطابق مقاصد اور حکمت عملیاں مرتب کرتا ہے اور ان کے حصول کی پیش رفت کا باقاعدہ جائزہ لیتا ہے۔ اس عمل میں قلیل اور طویل مدتی اہداف، منافع کی پائیداری، شیئر ہولڈروں کی توقعات اور گورننس اور ریگولیٹری تقاضوں پر عمل شامل ہوتا ہے۔ بورڈ قیمری فیڈ بیک / رائے فراہم کرتا ہے تاکہ سی ای او کی قیادت کو مزید تقویت ملے۔

## جیئر مین اور سی ای او کا کردار

جیئر مین بورڈ، اسٹیک ہولڈرز کی جانب سے کمپنی کے نگہبان کے طور پر کام کرتے ہیں اور بورڈ کی کارکردگی و موثریت کو یقینی بناتے ہیں۔ وہ کمپنی کی پائیدار ترقی، اس کی سادھ کے تحفظ اور متوازن بورڈ تشکیل دینے پر توجہ دیتے ہیں۔ سی ای او کمپنی کے وژن، مشن اور طویل مدتی اہداف کو عملی جامہ پہنانے کے ذمے دار ہیں۔ وہ روزمرہ امور کے ساتھ ساتھ طویل مدتی حکمت عملیوں اور بجٹ پر عمل درآمد کی قیادت کرتے ہیں۔ سی ای او ملازمین کو متاثر کرتے ہیں، تنظیمی تبدیلی کی قیادت کرتے ہیں اور اہم فیصلے کرتے ہیں تاکہ کمپنی اپنے اہداف حاصل کر سکے۔

## شیئر ہولڈنگ کا پیرن

30 جون 2025 تک شیئر ہولڈنگ کا پیرن کمپنی کی سالانہ رپورٹ میں درج ہے۔ اس تاریخ تک وائس چیئرمین اور پبلک سیکٹر ادارے مجموعی طور پر 69.4%، بینک، انشورنس کمپنیز اور میوچل فنڈز 14.7%، ڈائریکٹرز 7.4% جبکہ انفرادی شیئر ہولڈرز 8.5% کے مالک ہیں۔

## آڈٹ

موجودہ ایکسٹرنل آڈٹرز، یوسف عادل اینڈ کمپنی، چارٹرڈ اکاؤنٹنٹس نے 30 جون 2025 کو ختم ہونے والے مالی سال کا قانونی آڈٹ مکمل کر لیا ہے اور بغیر کسی اعتراض کے رپورٹ جاری کی ہے۔ وہ آئندہ سالانہ اجلاس عام کے اختتام پر ریٹائر ہوں گے اور دوبارہ تقرری کے لیے اہل ہیں۔ آڈٹ کمیٹی کی سفارش پر بورڈ ان کی دوبارہ تقرری کی تجویز پیش کرتا ہے۔

## مستقبل کا معاشی ماحول

مالی سال 2025-26 میں عالمی تجارت سست رہنے کی توقع ہے اور عالمی تجارتی تنظیم (WTO) کے مطابق تجارتی حجم میں 0.2% کمی آئے گی جبکہ 2026ء میں معمولی بہتری متوقع ہے۔ بڑھتی ہوئی تجارتی کشیدگی، بحری رکاوٹیں اور جغرافیائی غیر یقینی صورتحال منفی اثر ڈالتی ہیں، تاہم دنیا بھر میں افراط زر میں کمی سے لاگت میں کچھ ریلیف ملے گا۔

پاکستان میں پچھلے سال حاصل کردہ معاشی استحکام کے باعث جی ڈی پی میں 2.7% اضافہ ہوا، افراط زر 4.6% تک کم ہوا اور شرح سود میں نمایاں کمی کی گئی جس سے فنانسنگ لاگت گھٹ گئی۔ قرض سے جی ڈی پی کا تناسب بھی کم ہوا جس سے بحالی کے لیے بنیاد فراہم ہوئی۔

اس کے باوجود برآمدی ٹیکسٹائل سیکٹر کو بلند توانائی لاگت، روٹی کی غیر مستحکم قیمتوں، خام مال پر درآمدی ڈیوٹی اور ٹیکس ریلینڈ میں تاخیر جیسے مسائل کا سامنا ہے۔ کپاس، دھاتے اور گرے کا تھ پر EFS کے خاتمے سے لیکویڈیٹی بحران کا خدشہ ہے جو برآمد کنندگان کی مستقبلاتی صلاحیت کو مزید متاثر کرے گا۔ موسمیاتی خطرات اور عالمی تجارتی کمزوری بھی چیلنج ہیں۔ آگے دیکھتے ہوئے مالی سال 2025-26ء کو استحکام کا سال سمجھا جا رہا ہے، جسے مستحکم مہنگائی، معاون مالیاتی پالیسی، اور ڈھانچہ جاتی اصلاحات کا سہارا حاصل ہوگا، جبکہ ترقی کا انحصار مسلسل عمل درآمد پر ہوگا تاکہ مسابقت اور لچک کو مضبوط بنایا جاسکے۔

## بعد مالی سال کے واقعات

گل احمد ٹیکسٹائل ملز لمیٹڈ کے بورڈ آف ڈائریکٹرز نے اپنے اجلاس مورخہ 29 ستمبر 2025ء میں کمپنی کے ایکسپورٹ ایئرل سیکٹ کے کاروبار کو بند کرنے کا فیصلہ کیا۔ یہ فیصلہ اس سیکٹ کی کارکردگی اور مستقبل کے منظر نامے کے تفصیلی جائزے کے بعد کیا گیا ہے۔ اس کے علاوہ مالی سال کے اختتام اور اس رپورٹ کی تاریخ کے درمیان کمپنی کی مالی حیثیت کو متاثر کرنے والی کوئی اہم تبدیلی یا عہد نہیں ہوا۔

## امراف

ہم اپنے ملازمین، صارفین، مالیاتی اداروں، شیئر ہولڈرز اور بورڈ آف ڈائریکٹرز کے نہایت شکرگزار ہیں جنہوں نے کمپنی کی ترقی میں یکساں اہم کردار ادا کیا۔ ہم ان کے اعتماد، وابستگی اور تعاون کو بے حد قدر کی نگاہ سے دیکھتے ہیں۔

برائے اور منجانب بورڈ

**محمد بشیر**  
چیف ایگزیکٹو آفیسر

**محمد بشیر**  
چیئر مین

29 ستمبر 2025ء  
کراچی

## Comments on Financial Analysis

### Shareholder's Equity

Shareholders' equity increased by 9.2% during the year, rising from Rs. 44.75 billion to Rs. 48.85 billion, supported by a profit of Rs. 4.02 billion. This translated into an increase in break-up value per share from Rs. 60.5 to Rs. 66, reflecting stronger reserves. However, profitability ratios softened, with return on equity declining to 8.6% from 11.15% and EPS decreasing to Rs. 5.44 from Rs. 6.39, mainly due to margin pressures in the textile sector. Considering the prevailing uncertainty and the need to maintain healthy cash flows, the Board has not recommended any dividend, opting instead to retain earnings to reinforce reserves and ensure long-term financial stability.

### Non-Current & Current Liabilities

During the year, the Company recorded a notable rise in liabilities, reflecting both strategic investments and working capital pressures. Long-term borrowings increased from Rs. 14.6 billion to Rs. 16.1 billion, largely driven by capital expenditure on renewable energy initiatives, particularly solar and biomass projects. Short-term borrowings rose sharply from Rs. 42 billion to Rs. 52 billion, mainly due to the need to maintain higher inventory levels in response to changes in the Export Finance Scheme (EFS), anticipated shortages of raw materials, and significant cashflows tied up in pending income tax refunds. Rising power costs have further strained liquidity and contributed to the increase in short-term borrowing requirements. As a result, non-current liabilities grew from Rs. 15.2 billion to Rs. 16.7 billion, while current liabilities expanded from Rs. 76.5 billion to Rs. 85.6 billion, underscoring the combined impact of long-term growth investments, energy cost pressures, and short-term funding needs.

### Non-Current & Current Assets

Non-current assets rose from Rs. 53.8 billion to Rs. 54.7 billion, mainly due to an increase in capital work-in-progress from Rs. 607 million to Rs. 2.1 billion for ongoing renewable projects. Stock-in-hand grew from Rs. 49 billion to Rs. 61 billion, while government receivables increased from Rs. 3.7 billion to Rs. 5.5 billion on account of income tax refunds. Liquidity ratios reflected mixed trends, with the current ratio improving from 1.08 to 1.13 but the quick ratio declining from 0.41 to 0.38, showing higher dependence on inventory. Operationally, inventory turnover days increased

from 127 to 144, debtor days improved from 61 to 54, and creditor days stayed consistent, resulting in the operating cycle extending from 76 to 99 days. The longer cycle, coupled with rising power costs, has directly contributed to higher short-term borrowing needs.

### Sales and Cost of Sales

Sales increased by 10% from PKR 143.1 billion to PKR 157.9 billion, with local sales rising from PKR 44.1 billion to PKR 52.5 billion, including PKR 44 billion in indirect exports, while direct exports grew from PKR 102.3 billion to PKR 109.3 billion. Regionally, sales to Germany increased from PKR 30.6 billion to PKR 32.2 billion and to the Netherlands from PKR 4.8 billion to PKR 7.0 billion, while sales to the UK, USA, Italy, France, and other European markets remained stable. Despite higher volumes, the appreciation of the PKR against the USD (FY 2024 average: 279.38 vs. 283.15 last year) adversely impacted export realizations. Segmentally, spinning sales declined from PKR 58 billion to PKR 52 billion with gross margins slipping from 12% to 11% due to elevated raw material costs, whereas home textile sales rose from PKR 85 billion to PKR 93 billion with margins improving from 9% to 11%. However, higher administrative and selling expenses and increased financing costs from excess inventory eroded much of the profitability gains. At the consolidated level, gross profit margin remained at 12% as cost of sales grew proportionally, with raw material consumption and conversion costs increasing by 11% from PKR 95.2 billion to PKR 105.7 billion, salaries and wages up 11% from PKR 15.7 billion to PKR 17.4 billion due to minimum wage revisions and increments, and power and utilities expenses rising by 13% from PKR 12 billion to PKR 13.5 billion.

### Operational Expenses, Other Income and Finance Costs

Selling and distribution expenses increased by PKR 600 million, primarily due to higher freight and shipping costs as cargo ships continue to avoid the Suez Canal because of regional conflicts, forcing reliance on longer and more expensive Cape of Good Hope routes, which also extended delivery lead times. Administrative expenses rose by PKR 633 million,

largely driven by higher travelling and conveyance costs along with annual salary increments. Finance costs increased by PKR 649 million, reflecting higher charges on short-term borrowings and greater bank fees related to discounting of export bills. Other income declined compared to last year, as the significant exchange gains from currency realizations and derivative financial instruments recorded in the prior year did not recur at the same level.

## **Cashflows**

Profit before tax declined from PKR 4.5 billion to PKR 4.0 billion, while working capital adjustments rose from PKR 10.6 billion to PKR 12.8 billion due to higher stock-in-trade and reduced trade creditors, alongside a PKR 1.5 billion increase in levies and taxes paid, resulting in net cash outflows of PKR 6.4 billion from operating activities. Cash used in investing activities also increased to PKR 5.4 billion (vs. PKR 3.9 billion last year) on account of higher acquisition and construction of property, plant, and equipment. To offset these pressures, the Company relied on additional financing, with long-term borrowings rising by PKR 4.3 billion and short-term borrowings by PKR 4.4 billion, leading to positive financing cashflows of PKR 14.2 billion. Consequently, despite a net increase of PKR 2.5 billion during the year, cash and cash equivalents closed at a negative PKR 2.3 billion, underscoring ongoing liquidity challenges driven by rising power costs and higher inventory holdings.

## Independent Auditor's Review Report

### To The Members of Gul Ahmed Textile Mills Limited

#### **Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019**

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Gul Ahmed Textile Mills Limited (the Company) for the year ended June 30, 2025 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval of its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Following instances of non-compliances with the requirements of the Regulations were observed which are not stated in the Statement of Compliance:

Section 32.7 of the regulation states that "It is mandatory that every company requires the external auditors to furnish a management letter to its Board within 45 days of the date of audit report"

However, the management letter was issued by the external auditors beyond the prescribed timeframe, resulting in non-compliance with the stated requirement.

Based on our review, except for the above instances of non-compliance, nothing has come to our attention which causes us to believe that then Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2025.

Further, we highlight below instance of non-compliance with the requirements of the Regulations as reflected in the note / paragraph referred below where these are stated in the Statement of Compliance:

S. No.	Paragraph Reference	Description
1	12	Section 12 of the regulation states that, “A copy of the draft minutes of meeting of board shall be furnished to every director within fourteen days of the date of meeting.” However, during the course of our review, we have obtained the evidence of circulation of the board meeting minutes and observed instances of non-compliance with the prescribed timeframe, as three out of four of the minutes were not circulated to the directors within the specified timeframe.

## Statement of Compliance With Listed Companies (Code of Corporate Governance) Regulations 2019

### Gul Ahmed Textile Mills Limited For the year ended June 30, 2025

Gul Ahmed Textile Mills Limited (hereinafter referred to as “The Company”) has complied with the requirements of the Listed Companies (Code of Corporate Governance) Regulations, 2019 (“the Regulations”) in the following manner:

1. The total number of Directors are Seven (7) as per the following:
  - a. Male: Six (6)
  - b. Female: One (1)
2. The composition of Board is as follows:
  - a. Independent Directors  
Ms. Zeeba Ansar  
Mr. Kamran Y. Mirza
  - b. Non-Executive Directors  
Mr. Mohomed Bashir  
Mr. Ziad Bashir  
Mr. Ehsan A. Malik
  - c. Executive Directors  
Mr. Zain Bashir  
Mr. Mohammed Zaki Bashir
  - d. Female Directors  
Ms. Zeeba Ansar

\* Following the election of Directors, the Board was reconstituted on April 1, 2023 comprising 7 directors including 2 independent directors. One third of 7 come to 2.33 and the fraction was not rounded upward to one to have 3 independent directors in observance of general mathematic principle.

3. The Directors have confirmed that none of them is serving as a Director on more than seven (7) listed companies, including this Company.

4. The Company has prepared a Code of Conduct and has ensured that appropriate steps have been taken to disseminate it throughout the Company along with its supporting policies and procedures.
5. The Board has developed a vision/mission statement, overall corporate strategy and significant policies of the Company. The Board has ensured that complete record of particulars of the significant policies along with their date of approval or updating is maintained by the Company.
6. All the powers of the Board have been duly exercised and decisions on relevant matters have been taken by the Board/ Shareholders as empowered by the relevant provisions of the Companies Act, 2017 (the Act) and these Regulations.
7. The meetings of the Board were presided over by the Chairman and, in his absence, by a director elected by the Board for this purpose. The Board has complied with the requirements of the Act and the Regulations with respect to frequency, recording and circulating minutes of meeting of Board.
8. The Board of Directors have a formal policy and transparent procedures for remuneration of directors in accordance with the Act and these Regulations.
9. All the directors, except chairman, have attended and completed directors’ training course conducted by Pakistan Institute of Corporate Governance (PICG). The Chairman has the prescribed education and experience required for exemption under clause 19(2) of CCG Regulations accordingly he is exempted from attending directors’ training program pursuant to the clause 19(2) of the CCG Regulations.

10. The Board has approved appointment of Chief Financial Officer (CFO), Company Secretary and Head of Internal Audit, including their remuneration and terms and conditions of employment and complied with relevant requirements of the Regulations.
11. Chief Financial Officer and Chief Executive Officer duly endorsed the financial statements before approval of the Board.
12. The Board has formed committees comprising of members given below:
  - Audit Committee:
    - Mr. Kamran Y. Mirza - Chairman
    - Mr. Ehsan A. Malik - Member
    - Mr. Mohomed Bashir - Member
  - HR and Remuneration Committee:
    - Ms. Zeeba-Ansar - Chairperson
    - Mr. Mohomed Bashir - Member
    - Mr. Zain Bashir - Member
13. The terms of reference of the aforesaid committees have been formed, documented and advised to the committee for compliance.
14. The frequency of meetings of the committee were as per following:
 

Audit Committee	Four quarterly meetings
HR and Remuneration Committee	Two meetings
15. The Board has outsourced the internal audit function to BDO Ebrahim & Co, Chartered Accountants, who are considered suitably qualified and experienced for the purpose and are conversant with the policies and procedures of the Company. The Company has also designated a full-time employee as Head of Internal Audit.
16. The statutory auditors of the Company have confirmed that they have been given a satisfactory rating under the quality control review program of Institute of Chartered Accountants of Pakistan (ICAP) and registered with Audit Oversight Board of Pakistan, that they and all their partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the Institute of Chartered Accountants of Pakistan and that they and the partners of the firm involved in the audit are not a close relative (spouse, parent, dependent and non-dependent children) of the Chief Executive Officer, Chief Financial Officer, Head of Internal Audit, Company Secretary or Director of the Company.
17. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the Act, these regulations or any other regulatory requirement and the auditors have confirmed that they have observed IFAC guidelines in this regard.
18. We confirm that all requirements of regulations 3, 6, 7, 8, 27, 32, 33 and 36 of the Regulations have been complied with; and
19. Explanation for non-compliance with non-mandatory requirements i.e. other than regulations 3, 6, 7, 8, 27, 32, 33 and 36 are below:
  - a. The requirement of Nomination Committee is optional in regulation no.29. The Board takes care of the responsibilities prescribed for nomination committee so a separate nomination committee is not considered necessary.
  - b. The requirement of Risk Management Committee is optional in regulation no. 30. The Risk management carried out at the overall Company's level by the executive management of the Company headed by the CEO. The Company's management monitors potential risks and risk management procedures are carried out to identify, assess and mitigate any identified or potential risks. Therefore, it is not considered necessary to have a separate committee in this respect.
  - c. Since the requirement with respect to disclosure of significant policies on the website is optional in regulation no. 35(1), the Company has uploaded only

limited information in this respect on the Company's website. However, significant related information related to policies, like risk management etc. is disclosed in the annual reports of the Company which are duly uploaded on the website and are available for everyone accessing the website. The Company will however, review and place key elements of other policies if considered necessary.

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF GUL AHMED TEXTILE MILLS LIMITED

### Report on the Audit of the Unconsolidated Financial Statements

#### Opinion

We have audited the annexed unconsolidated financial statements of **Gul Ahmed Textile Mills Limited** (the Company), which comprise the unconsolidated statement of financial position as at **June 30, 2025**, and the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity, the unconsolidated statement of cash flows for the year then ended, and notes to the unconsolidated financial statements, including material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2025 and of the profit and comprehensive income, the changes in equity and its cash flows for the year then ended.

#### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current period. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

Key audit matters	How the matter was addressed in our audit
<b>1. Revenue recognition</b>	
Refer notes 3.18 and 25 to the unconsolidated financial statements. The Company's net revenue for the year ended June 30, 2025 was Rs. 157,904 million. The Company's revenue is principally generated from the sale of textile goods and related processing services and consists of local and export sales.	Our audit procedures in this area, amongst others, included the following: <ul style="list-style-type: none"> <li>Obtained an understanding of the accounting policy and Company's accounting process for revenue recognition and tested the design and implementation of relevant controls;</li> </ul>

Key audit matters	How the matter was addressed in our audit
<p>We identified revenue as key audit matter because;</p> <ul style="list-style-type: none"> <li>revenue is one of the key performance indicators of the Company;</li> <li>there are large number of revenue transactions; and</li> <li>There is inherent risk that revenue could be recorded in an incorrect accounting period in order to achieve the financial targets and expectations.</li> </ul>	<ul style="list-style-type: none"> <li>Performed verification of sample of revenue transactions recorded during the year with underlying documentation including sales invoices and other dispatch documents;</li> <li>Performed cut-off procedures on sample basis on revenue transactions recorded just before and after the year end with the underlying goods delivery notes, bill of lading, invoices and other relevant documents to assess whether the revenue has been recognised in the appropriate accounting period; and</li> <li>Evaluated the appropriateness of disclosures in the unconsolidated financial statements in accordance with the requirements of the accounting and reporting standards applicable in Pakistan.</li> </ul>
<b>2. Valuation of stock-in-trade</b>	
<p>Refer notes 3.7 and 9 to the unconsolidated financial statements.</p> <p>As at June 30, 2025, the Company held stock-in-trade of Rs. 60,911 million. Several estimates and judgments are involved in the valuation of stock-in-trade, in determining the net realizable values, and in assessing the appropriate level of provisioning required for the stock-in-trade. This includes the assessment of available facts and circumstances, the physical condition of the stock-in-trade, utilization, market selling prices, and the estimated selling cost of the stock-in-trade.</p> <p>We have considered this matter as key audit matter because of the significance of the balance and due to the estimates and judgments involved in the valuation.</p>	<p>Our audit procedures in this area, amongst others, included the following:</p> <ul style="list-style-type: none"> <li>Obtained an understanding of the Company's policies and procedures with respect to valuation of stock-in-trade;</li> <li>Assessed appropriateness of the Company's accounting policies for valuation of stock-in-trade and compliance of those policies with accounting and reporting standards applicable in Pakistan;</li> <li>Assessed the adequacy of the allowance for obsolescence, by taking into consideration the status of ageing conditions of the stock-in-trade and historical usage pattern;</li> <li>Compared the net realizable value, on a sample basis, to the carrying value of stock-in-trade to assess whether any adjustments are required to value of stock-in-trade in accordance with the applicable accounting framework; and</li> <li>Assessed the adequacy of the related disclosures in the notes to the unconsolidated financial statements, in accordance with the requirements of the accounting and reporting standards as applicable in Pakistan.</li> </ul>

## Information Other than the Unconsolidated and Consolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in annual report, but does not include the unconsolidated financial statements and our auditor's reports thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Responsibilities of Management and Board of Directors for the Unconsolidated Financial Statements**

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are responsible for overseeing the Company's financial reporting process.

## **Auditor's Responsibilities for the audit of the Unconsolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our

opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- the statement of unconsolidated financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flow together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

## Other Matter

The unconsolidated financial statements of the Company for the year ended June 30, 2024 were audited by another firm of Chartered Accountants who had expressed an unmodified opinion thereon vide their report dated October 4, 2024.

The engagement partner on the audit resulting in this independent auditor's report is Nadeem Yousuf Adil.

 22nd Floor, Ocean Mall, Khayaban-e-Iqbal, Block-9, Clifton, Karachi.

The above rental premises are used to carry out warehousing and administrative tasks.

## 2 BASIS OF PREPARATION

### 2.1 Basis of measurement

These unconsolidated financial statements have been prepared under the historical cost convention except as otherwise stated in respective policy notes.

These unconsolidated financial statements are separate financial statements of the Company in which investments in subsidiaries is measured at cost less accumulated impairment losses, if any. Consolidated financial statements of the Company are prepared and presented separately.

### 2.2 Statement of compliance

These unconsolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. Accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Accounting Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 (the Act); and
- Provisions of and directives issued under the Act.

Where provisions of and directives issued under the Act differ from the IFRS Accounting Standards, the provisions of and directives issued under the Act have been followed.

### 2.3 Functional and presentation currency

Items included in the unconsolidated financial statements are measured using the currency of the primary economic environment in which the Company operates. These unconsolidated financial statements are presented in Pakistani Rupees, which is the functional and presentation currency of the Company. The amounts have been rounded off to the nearest thousand rupees unless stated otherwise.

### 2.4 Critical accounting estimates and judgments

The preparation of these unconsolidated financial statements in conformity with the accounting and reporting standards, as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affects the application of the Company's accounting policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgment about carrying amounts of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which estimates are revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

Information about estimates and judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the unconsolidated financial statements are as follows:

**a) Operating fixed assets and Intangible assets (notes 3.2, 3.3, 3.8, 4 and 5)**

The Company reviews appropriateness of the method of depreciation / amortisation and useful lives used in the calculation of depreciation / amortisation of operating fixed assets and intangible assets respectively on an annual basis. Further, where applicable, an estimate of recoverable amount of assets is made for possible impairment at each reporting date.

**b) Provision for obsolescence and slow moving stores and spares (notes 3.6 and 8)**

Provision for obsolescence and slow moving stores and spares is based on parameters set out by the management of the Company, which includes ageing, expected use and realisable values.

**c) Stock-in-trade (notes 3.7 and 9)**

The Company reviews the net realisable value of stock-in-trade to assess any diminution in the respective carrying values at each reporting date. Net realisable value is determined with reference to estimated selling price less estimated expenditure to make the sales.

**d) Impairment of financial assets (notes 3.9.4, 10 and 44.2)**

The Company uses a provision matrix to calculate expected credit loss (ECL) for trade debts. The provision matrix is initially based on the Company's historically observed rates. The Company calibrates the matrix to adjust the historical credit loss experience with forward-looking information. At every quarter, the historically observed default rates are updated, and changes in the forward-looking estimates are analysed.

The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customers' actual default in the future.

**e) Defined benefit plan (notes 3.14.2 and 18)**

The present value of defined benefit plan depends upon number of factors and is being calculated on actuarial basis using a number of assumptions. Any changes in these assumptions will impact the carrying amount of defined benefit plan.

**f) Taxation (notes 3.20, 24 and 33)**

The Company takes into account the current income tax law and decisions taken by the taxation authorities. Instances where the Company's views differ from the views taken by the income tax department at the assessment stage and where the Company considers that its view on items of material nature is in accordance with law, the amounts are shown as contingencies.

**g) Levies (notes 3.21 and 32)**

The Company takes into account the current income tax law, legislations and decisions taken by the taxation authorities for determination of levies. These include determining the specific obligating event that triggers levy recognition based on the relevant legislation, estimating the amount payable by considering applicable rates, and deciding the appropriate timing for recognising the levy liability. These estimates and judgements are periodically reviewed and updated as necessary.

**h) Contingencies (notes 3.17 and 24)**

The assessment of the contingencies and provision inherently involves the exercise of significant judgment as the outcome of the future events cannot be predicted with certainty. The Company, based on the availability of the latest information, estimates the value of contingent liabilities which may differ on the occurrence / non-occurrence of the uncertain future event(s).

**2.5 Change in accounting standards, interpretations and amendments to published approved accounting and reporting standards**

**(a) New standards, amendments and interpretations that are effective for the year ended June 30, 2025 are as follows:**

The following amendments are effective for the year ended June 30, 2025. These amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

The following amendments are effective for the year ended June 30, 2025. These amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

	Effective date (annual periods beginning on or after)
- Amendments to IFRS 16 'Leases' - Clarification on how seller-lessee subsequently measures sale and leaseback transactions	January 01, 2024
- Amendments to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or non-current along with Non-current liabilities with Covenants	January 01, 2024
- Amendments to IAS 7 'Statement of Cash Flows' and 'IFRS 7 'Financial instruments disclosures' - Supplier Finance Arrangements	January 01, 2024

**(b) Standards, Interpretations and Amendments to published approved accounting standards not yet effective**

The following standards and amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

	Effective date (annual periods beginning on or after)
- Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Clarification on how entity accounts when there is long term lack of Exchangeability	January 01, 2025
- IFRS 17 - Insurance Contracts (including the June 2020 and December 2021 Amendments to IFRS 17)	January 01, 2026
- IFRS 7 - Financial Instruments: Disclosures	July 01, 2025
- Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial instruments disclosures' - Classification and measurement of financial instruments	January 01, 2026
- Annual Improvements to IFRS Accounting Standards (related to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7)	January 01, 2026
- Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial instruments disclosures' - Contracts Referencing Nature-dependent Electricity	January 01, 2026

### 3 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies set out below have been consistently applied to all periods presented in these unconsolidated financial statements.

#### 3.1 Foreign currency transactions and translation

Transactions in foreign currencies are translated into the respective functional currency of the Company at the exchange rates at the dates of transactions.

Monetary assets and liabilities denominated in foreign currencies are translated into functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into functional currency at the exchange rate when the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of transaction. Foreign currency differences are recognised in the unconsolidated statement of profit or loss.

## 3.2 Property, plant and equipment

### 3.2.1 Operating fixed assets

#### Initial recognition

The cost of an item is recognised as an asset if and only if the future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

#### Measurement

Operating fixed assets are stated at cost less any accumulated depreciation and any accumulated impairment losses except leasehold land which is stated at cost.

When parts of an item of operating fixed assets have different useful lives, they are accounted for as separate items (major components) of operating fixed assets.

#### Subsequent cost

Expenditure incurred to replace a significant component of an item of operating fixed assets is capitalised and the asset so replaced is retired. Other subsequent expenditure is capitalised only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the items can be measured reliably. All other expenditure (including normal repairs and maintenance) are recognised in the unconsolidated statement of profit or loss as an expense when these are incurred.

#### Depreciation

Depreciation is charged using:

- Reducing Balance Method on Plant & Machinery, Office Equipment (other than IT Equipment), Building on Leasehold Land, Vehicles and Furniture & Fixtures; and
- Straight Line Method on IT equipment, structure on leasehold land and major Component of Plant and Machinery identifiable as a separate asset due to different useful life from the Plant and Machinery.

Rates of depreciation on above are specified in the note 4 of the unconsolidated financial statements.

Depreciation on additions to operating fixed assets is charged from the day the asset is available for use and no depreciation is charged on the day of disposal.

Depreciation methods, useful lives and residual values of each part of property, plant and equipment that is significant in relation to the total cost of the asset are reviewed, and adjusted if appropriate, at each reporting date.

#### Gains and losses on disposal

The gain or loss on disposal of an item of operating fixed assets is determined by comparing the proceeds from disposal with the carrying amount of the operating fixed assets, and is recognised in the unconsolidated statement of profit or loss.

### 3.2.2 Capital work-in-progress

Capital work in progress (CWIP) is stated at cost less impairment loss, if any, and consists of expenditure incurred (including any borrowing cost, if applicable) and advances made in the course of their construction and installation. Transfers are made to relevant asset category as and when assets are available for intended use.

### 3.3 Intangible assets

These are stated at cost less accumulated amortisation and any provision for impairment loss. Amortisation of intangible assets are charged to unconsolidated statement of profit or loss by applying the straight line method at the rates specified in note 5 of these unconsolidated financial statements after taking into account residual value, if any. Amortisation on additions to intangibles is charged from the day the asset is available for use and no amortisation is charged on the day of disposal.

The carrying values of intangible assets are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable, if any such indication exists and where the carrying values exceed the estimated recoverable amounts, the assets are written down to their recoverable amount.

## 3.4 Borrowing cost

Borrowing cost is recognised as an expense in the unconsolidated statement of profit or loss in the period in which these are incurred except where such cost is directly attributable to the acquisition, construction or production of a qualifying asset in which case such cost is capitalised as part of the cost of that asset.

## 3.5 Investments in subsidiaries

Subsidiary is an entity over which the Company has control. Investment in subsidiaries is carried at cost less accumulated impairment losses, if any. The carrying amount of investments in subsidiaries is reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists the investment's recoverable amount is estimated at higher of its value in use and its fair value less cost to sell. An impairment loss is recognised if the carrying amount exceeds its recoverable amount. Impairment losses are recognised in unconsolidated statement of profit or loss.

## 3.6 Store, spares and loose tools

Stores, spares and loose tools are stated at lower of moving average cost and net realisable value, less provision for impairment, if any. Stores-in-transit is stated at cost comprising invoice value plus other incremental charges incurred thereon.

Provision is made for obsolete and slow moving stores, spares and loose tools based on management's best estimate regarding their future usability and is recognised in the unconsolidated statement of profit or loss.

## 3.7 Stock-in-trade

Stock of raw materials and finished goods are valued at lower of moving average cost and net realisable value. Cost of raw materials and trading stock comprises of the invoice value plus other charges incurred thereon. Work-in-process is measured at weighted average cost. Cost of work-in-process and finished goods includes cost of direct materials, labour and appropriate portion of manufacturing overheads. Waste products are valued at net realisable value. Stock-in-transit is stated at cost comprising invoice value and other incidental charges paid thereon up to reporting date.

Net realisable value signifies the estimated selling prices in the ordinary course of business less costs necessarily to be incurred in order to make the sale.

## 3.8 Impairment of non-financial assets

The carrying amounts of non-financial assets are assessed at each reporting date to ascertain whether there is any indication of impairment. If such an indication exists, the asset's recoverable amount is estimated to determine the extent of impairment loss, if any. An impairment loss is recognised as an expense in the unconsolidated statement of profit or loss.

The recoverable amount is the higher of an asset's fair value less cost of disposal and value-in-use. Value-in-use is ascertained through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risk specific to the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash generating units).

An impairment loss is reversed if there is a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

## 3.9 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised in the Company's unconsolidated statement of financial position when the Company becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the unconsolidated statement of profit or loss.

## 3.9.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

### Classification and measurement of financial assets

Debt instruments that meet the following conditions are measured subsequently at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets 'at amortised cost' are carried at amortised cost using the effective interest method if the time value of money is significant. Gains and losses are recognised in the consolidated statement of profit or loss when the assets are derecognised or impaired and when interest is recognised using the effective interest method.

Debt instruments that meet the following conditions are measured subsequently at fair value through other comprehensive income (FVTOCI):

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling the financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at FVTOCI are carried on the consolidated statement of financial position at fair value with gains or losses recognised in the consolidated statement of other comprehensive income.

By default, all other financial assets are measured subsequently at fair value through profit or loss (FVTPL). Financial assets at FVTPL are carried on the consolidated statement of financial position at fair value with gains or losses recognised in the consolidated statement of profit or loss.

### Derecognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in the consolidated statement of profit or loss.

## 3.9.2 Financial liabilities

All financial liabilities are measured subsequently at amortised cost using the effective interest method or at FVTPL. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

## **Derecognition of financial liabilities**

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the unconsolidated statement of profit or loss.

### **3.9.3 Offsetting of financial assets and liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the unconsolidated statement of financial position if there is a currently enforceable legal right to set-off the recognised amounts and there is an intention to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

### **3.9.4 Impairment of financial assets**

The Company assesses on a forward looking basis the expected credit losses (ECL) associated with its debt instruments carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade and other receivables, the Company applies the simplified approach permitted by IFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

The Company measures ECL of a financial instrument in a way that reflects (a) an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes; (b) the time value of money; and (c) reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information as described above. As for the exposure at default for financial assets, this is represented by the assets' gross carrying amount at the reporting date.

A default on a financial asset is considered when the counterparty fails to make contractual payments within 90 days of when they fall due.

Financial assets are written off when there are no reasonable expectation of recovery. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the balance due. Where recoveries are made, these are recognised in the unconsolidated statement of profit or loss.

### **3.10 Derivative**

Derivative instruments are initially recognised at fair value and subsequent to initial measurement, each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the unconsolidated statement of profit or loss. Derivatives with positive fair values (unrealised gains) are included in other assets and derivatives with negative fair values (unrealised losses) are included in trade and other payables in unconsolidated statement of financial position.

### **3.11 Cash and cash equivalents**

Cash and cash equivalents include cash in hand, with banks in current and deposit accounts, cheques in hand, demand draft and running finance under mark-up arrangements. Running finances under mark-up arrangements are shown within short term borrowings under current liabilities in the unconsolidated statement of financial position. These are measured at amortised cost.

### **3.12 Share capital**

Ordinary shares are classified as share capital. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax.

### **3.13 Government grant**

Government grants are transfers of resources to the Company by a government entity in return for compliance with certain past or future conditions related to the Company's operating activities - e.g. a government subsidy. The definition of "government" refers to governments, government agencies and similar bodies, whether local, national or international.

The Company recognises government grants when there is reasonable assurance that grants will be received and the Company will be able to comply with the conditions associated with grants. Government grants are recognised at fair value, as deferred income, when there is reasonable assurance that the grants will be received and the Company will be able to comply with the conditions associated with the grants.

Grants that compensate the Company for expenses incurred, are recognised on a systematic basis in the income for the year in which the related expenses are recognised. Grants that compensate for the cost of an asset are recognised in income on a systematic basis over the expected useful life of the related asset.

Loan is initially recognised at its fair value in accordance with IFRS 9. The fair value of the loan would be the present value of loan proceeds received, discounted using prevailing market rate of mark-up for a similar instrument. The benefit of below-market mark-up (i.e. differential between the loan proceeds and fair value of the loan) is accounted for as deferred grant in accordance with IAS 20. In subsequent periods, the loan amount would be accreted using the effective interest rate method. The accretion would increase the carrying value of the loan with a corresponding effect on the interest expense for the year in the consolidated statement of profit or loss. As per IFRS 9, the loan liability and related mark-up shall be derecognised when it is extinguished i.e., these amounts are paid-off. While, the grant is recognised in consolidated statement of profit or loss, in line with the recognition of interest expense that the grant is compensating, in accordance with IAS 20.

## **3.14 Staff retirement benefits**

### **3.14.1 Defined contribution plan**

The Company operates a recognised provident fund scheme for its eligible employees to which equal monthly contribution is made by the Company and the employees at the rate of 8.33% of the basic salary. The Company's contribution is charged to consolidated statement of profit or loss.

### **3.14.2 Defined benefit plan**

The Company operates unfunded gratuity schemes for all its eligible employees. Benefits under the scheme are vested to employees on completion of the prescribed qualifying period of service under the scheme. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method.

Remeasurement of the net defined benefit liability, which comprises of actuarial gains and losses are recognised immediately in consolidated statement of other comprehensive income. The Company determines the net interest expense on the net defined liability for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined liability, taking into account any changes in the net defined benefit liability during the year as a result of benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the consolidated statement of profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in the consolidated statement of profit or loss. The Company recognises gains or losses on the settlement of a defined benefit plan when the settlement occurs.

## **3.15 Accumulated employee compensated absences**

The Company provides for compensated absences for all eligible employees in the period in which these are earned. Provisions are made annually to cover the obligation for accumulating compensated absences and are charged to the consolidated statement of profit or loss.

## **3.16 Unclaimed dividend**

The Company recognises unclaimed dividend which was declared and remained unclaimed by the shareholder from the date it was due and payable.

## **3.17 Provisions and contingencies**

Provisions are recognised when the Company has present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each reporting date and adjusted to reflect current best estimate.

A contingent liability is disclosed when the Company has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Company; or the Company has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

## 3.18 Recognition of revenue from contracts with customers

Revenue from contracts with customers is recognised to the extent it is probable that the economic benefits will flow to the Company and the revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable and is recognised on following basis:

- Revenue from contracts with customers is recognised at amounts that reflect the consideration that the Company expects to be entitled to in exchange for transferring goods or services to a customer.
- The Company recognises revenue when performance obligation is satisfied, at a point in time, when control of goods have been transferred to a customer either on dispatch / acceptance of goods for local sales or issuance of the bill of lading in case of export sales. Control, depending on contractual terms, is considered to be transferred either when the product is directly uplifted by customer from the Company premises or when it is delivered by the Company at customer premises.
- Revenue from contracts with customers on services is recognised at the point in time when the performance obligation is satisfied i.e. control of the serviced goods is transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled to in exchange for those serviced goods. These services include sanforisation and mercerisation of fabric.
- Export rebate (if any) on export sales is recognised on an accrual basis at the time of export sale.
- Processing charges are recorded when processed goods are delivered to customers.

## 3.19 Other income

Other income is recognised to the extent it is probable that economic benefit will flow to the Company and the amount can be measured reliably. Other income is measured at fair value of the consideration received or receivable and recognised on following basis:

- Profit on deposits with banks is recognised on time proportion basis taking into account the amount outstanding and rates applicable thereon.
- Dividend income is recognised when the Company's right to receive the payment is established.
- Interest on loans and advances to employees is recognised on the effective interest method.
- Income from sale of scrap is recorded on delivery of scrap to the customer.
- The grant is recognised in unconsolidated statement of profit or loss, in line with the recognition of interest expense that the grant is compensating, in accordance with IAS 20.
- Income from liabilities written back / provision are recorded when the chances of settlement of liability / provision is remote.
- Markup from Term Finance Certificates is accounted for as income using the effective interest method.
- Exchange gain from currency realisation and derivative financial instruments are described in note 3.1 and 3.10 of these unconsolidated financial statements.

## 3.20 Taxation

### 3.20.1 Current tax

Current Tax comprises of expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date.

The Company takes into account the current income tax law and decisions taken by the taxation authorities. Instances where the Company's views differ from the income tax department at the assessment stage and where the Company considers that its view on items of material nature is in accordance with law, the amounts are shown as contingent liabilities.

### 3.20.2 Deferred tax

Deferred tax is recognised using the balance sheet liability method on all temporary differences arising at the reporting date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax asset is recognised for all deductible temporary differences and carried forward unused tax losses, and tax credits, if any, to the extent that it is probable that taxable profit will be available against which such temporary differences and tax losses can be utilised. Deferred tax asset is reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are measured at enacted tax rate that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the reporting date.

## **3.21 Levies**

The tax charged under ITO, which is not based on taxable income or any amount paid / payable in excess of the calculation based on taxable income is classified as levies in the unconsolidated statement of profit or loss as these levies fall under the scope of IFRIC 21 'Levies' or IAS 37 'Provisions, Contingent Liabilities and Contingent Assets'.

### **3.21.1 Revenue tax**

Revenue tax include levies as per IFRIC 21, minimum tax on imported goods and export sales under ITO. A levy is an outflow of resources embodying economic benefits that is imposed by governments on entities in accordance with legislation (i.e. laws and/or regulations), other than:

- (a) those outflows of resources that are within the scope of other standards.
- (b) fines or other penalties that are imposed for breaches of the legislation.

### **3.21.2 Final tax**

Final tax includes tax charged / withheld / paid on certain income streams under various provisions of ITO. Final tax is charged / computed under the ITO, without reference to income chargeable to tax at the general rate of tax and final tax computed / withheld or paid for a tax year is construed as final tax liability for the related stream of Income under the ITO.

## **3.22 Earnings per share**

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

## **3.23 Dividend and appropriation to reserves**

Final dividend distributions to the Company's shareholders are recognised as a liability in the unconsolidated financial statements in the period in which the dividends are approved by the Company's shareholders at the Annual General Meeting, while the interim dividend distributions are recognised in the period in which the dividends are declared by the Board of Directors (the Board). Appropriations of profit are reflected in the unconsolidated statement of changes in equity in the period in which such appropriations are approved.

## **3.24 Segment reporting**

Segment reporting is based on the operating (business) segments of the Company. An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses including revenues and expenses that relates to transactions with any of the Company's other components. An operating segment's results are reviewed regularly by the Chief Operating Decision Maker(s) i.e., Chief Executive Officer (CEO) to make decisions about resources to be allocated to the segment, assess its performance and for which discrete financial information is available.

Segment results that are reported to the CEO include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly of finance cost, other operating cost, other income and income tax. Segment capital expenditure is the total cost incurred during the period to acquire property, plant and equipment and intangible assets. The detailed results of the reportable segments are disclosed in the note 35 to these unconsolidated financial statements.

## 4 PROPERTY, PLANT AND EQUIPMENT

	Note	2025 (Rupees in '000)	2024
Operating fixed assets	4.1	48,777,835	49,416,906
Capital work in progress (CWIP)	4.2	2,116,772	606,902
		50,894,607	50,023,808

<b>18.3</b>	<b>Remeasurement (gain) / loss charged in consolidated statement of other comprehensive income</b>		
	Actuarial (gain) / losses from changes in financial assumptions	(1,683)	20,441
	Experience adjustments	(75,257)	20,980
		(76,940)	41,421

## 18.4 Significant actuarial assumptions used

Following significant actuarial assumptions were used for the valuation by an independent valuer that is "Nauman Associates":

	2025	2024
Discount rate used for year end obligation	11.75%	14.75%
Rate used for markup cost	14.75%	16.25%
Expected increase in salary	10.00%	20.00%
Mortality rates	SLIC 2001-2005 Set back 1 Year Age-Based Age 60	SLIC 2001-2005 Set back 1 Year Age-Based Age 60
Withdrawal rates		
Retirement assumption		

The discount rate used in the last actuarial valuation as on June 30, 2024 was 14.75%. However, in the current investment environment, where there is a downward trend in the interest rate structure, the discount rate has been decreased to 11.75% per annum, in line with the specifications of the IAS-19.

Correspondingly, due to decrease in inflationary expectations, the rate of increase in eligible salary has been decreased to 10.75% from 13.75% per annum.

## 18.5 Associated risks

### (a) Final salary risk (Linked to inflation risk)

The risk that the final salary at the time of cessation of service is greater than what the Company assumed. Since the benefit is calculated on the final salary (which will closely reflect inflation and other macroeconomic factors), the benefit amount increases as salary increases.

### (b) Demographic risk

Mortality risk - The risk that the actual mortality experience is different than the assumed mortality. This effect is more pronounced in schemes where the age and service distribution is on the higher side.

Withdrawal risk - The risk of actual withdrawals experience is different from assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and the entitled benefits of the beneficiaries.

## 18.6 General description

The scheme provides retirement benefits to all its eligible employees of the Company who are not part of the provident fund scheme and who have completed the minimum qualifying period of service (6 months). Actuarial valuation of the scheme is carried out periodically and latest actuarial valuation was carried out at June 30, 2025. The disclosure is based on information included in that actuarial report. The gratuity is measured on last drawn salary multiplied by number of years of service.

## 18.7 Sensitivity analysis

Reasonable possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant ( $\pm 100$  bps), would have affected the defined benefit obligation:

	2025 ----- (Rupees in '000) -----	2024 ----- (Rupees in '000) -----
Discount Rate + 100 bps	6,502	7,098
Discount Rate - 100 bps	(6,754)	(7,366)
Salary increase + 100 bps	(6,503)	(7,185)
Salary increase - 100 bps	6,371	7,044

Although the analysis does not takes into account of the full distribution of cash flows expected under the plan, it does provide approximation of the sensitivity of the assumptions used.

## 18.8 Maturity profile

Maturity profile on Defined Benefit Obligation as presented by actuary in the report;

	2025 ----- (Rupees in '000) -----	2024 ----- (Rupees in '000) -----
- FY 2025	N/A	321,496
- FY 2026	278,916	258,322
- FY 2027	215,999	178,930
- FY 2028	146,144	123,968
- FY 2029	98,818	86,754
- FY 2030	67,340	61,650
- FY 2031	47,396	45,036
- FY 2032	32,144	31,222
- FY 2033	23,215	23,818
- FY 2034	16,462	17,535
- FY 2035	11,642	50,061
- FY 2036 onwards	30,986	N/A

The average duration of the defined benefit obligation is 1 year.

**18.9** Estimated expenses to be charged to unconsolidated statement of profit or loss in financial year 2026:

- 24 CONTINGENCIES AND COMMITMENTS

- 24.1** The Company owns and possesses a plot of land measuring 44.04 acres in Deh Khanto which is duly registered in its name and appearing in the books at a cost of Rs. 83.86 million (June 30, 2024: Rs. 83.86 million). Ownership of the land has been challenged in the Honourable Sindh High Court by Messrs. Karim Bux, Iqbal Rasheed and Mansoor Munawar who claim to be the owners, as this land was previously sold to them and subsequently resold to the Company. The legal consultant of the Company is of the view that the Company has a reasonable case and is expecting favourable outcome, therefore, no provision has been made there against. In respect of the same land, the Company has filed a suit in January 2021 for declaration and permanent injunction in the Honourable High Court of Sindh, seeking the declaration that the Company is lawful owner of the said property and that the undated notice issued by the Pakistan Railways for sealing and taking over the possession of the said property is of no legal effect. The matter is at hearing stage and the legal consultant of the Company is of the view that the title of the Company stands clear and there is no likelihood of unfavourable outcome.
- 24.2** The Company has filed a Petition in the Honourable Sindh High Court, dated 30 March 2008, against order passed by the Board of Trustees, Employees' Old-Age Benefits Institution (EOBI) for upholding the unjustified additional demand of payment raised by EOBI for accounting years 2000-2001 and 2001-2002 amounting to Rs. 50.83 million (June 30, 2024: Rs. 50.83 million). This demand was raised after lapse of more than two years although the records and books of the Company were verified by the EOBI to their entire satisfaction and finalisation of all matters by EOBI. The Honourable Sindh High Court has restrained EOBI from taking any action or proceedings against the Company. The legal consultant of the Company is of the view that the Company has a reasonable case and is expecting favourable outcome therefore, no provision has been made there against.
- 24.3** The Federal Board of Revenue (FBR) vide SRO 491(I)/2016 dated June 30, 2016 made amendments in SRO 1125(I)/2011 dated December 31, 2011 for disallowance of input tax adjustment on packing material. The Company has challenged the disallowance of input tax adjustments on packing material in the Sindh High Court through suit No. 2381/2016 dated November 10, 2016 against Federation of Pakistan and others. The matter is pending before the Honourable Court for final outcome, however provision has been made amounting to Rs. 431.88 million (June 30, 2024: Rs. 431.88 million) in these unconsolidated financial statements.

- 24.4** The Company's review petition challenging the decision of High Court against the GIDC Act, 2015 had been dismissed by the Supreme Court of Pakistan while also suspending the billing of levy from August 2020. The court had ordered to pay the GIDC dues under the GIDC Act, 2015 with retrospective effect from December 15, 2011, in 48 monthly installments starting from August 2020. Total amount of the cess works out to Rs. 3.69 billion on the basis that Company has both Industrial and Captive connections having different GIDC rates. However, Oil and Gas Development Authority has ruled out that the consumers having supply of natural gas for industrial use and having in-house electricity generation facility for self-consumption do not fall under the definition of Captive as well as the Honourable Sindh High Court has also decided in favor of the Company on the issue of Captive connections for self consumption. Therefore, management, based on the legal advice believes that maximum liability of the Company in respect of GIDC will be Rs. 2.3 billion. The Company in September 2020 filed a suit in Honourable Sindh High Court challenging the chargeability of GIDC. The Honourable Sindh High Court granted stay order and restrained Sui Southern Gas Company (SSGC) from taking any coercive action against non-payment of installments of GIDC. However, the management on prudent basis has maintained a liability of Rs. 3.69 billion (June 30, 2024: Rs. 3.69 billion) in these unconsolidated financial statements.
- 24.5** The Company has filed appeal before Commissioner Appeals Inland Revenue against the Order-In-Original vide No. 04/176 of 2023 dated August 24, 2023 whereby demand of Rs. 30.5 million along with penalty and default surcharge on the issue of dual adjustment of input tax claimed during the tax periods from September 2017 to May 2022. The Company has claimed the said invoices but FBR has already deferred the input tax amount against the said service invoices during the process of sales tax refund and the Company has not received any input tax amount against said service invoices. Department also validates / verify the same deferred invoices with FBR system. The matter is at hearing stage and the legal consultant of the Company is of the view that the title of the Company stands clear and there is no likelihood of unfavourable outcome.
- 24.6** For the tax year 2016, FBR issued income tax amended order under section 122(1) of the Income Tax Ordinance, 2001 on August 21, 2019, wherein certain provisions and expenses aggregating to Rs. 338.2 million (having tax impact of Rs. 108.2 million) were added back to the income and super tax of Rs. 42.8 million was also levied. The Company contested the matter in appeal and Commissioner Income Tax (Appeal) passed an order in favor of the Company allowing the expenses aggregating to Rs. 290 million. However, Department had filed an appeal in Appellate Tribunal on September 17, 2019 against the order which is still pending. The legal consultant believes that the aforementioned matter will be ultimately decided in favor of the Company. Accordingly, no provision is required to be made in the provision for taxation, in excess of the adjustment of Rs. 8 million recorded, in these unconsolidated financial statements.
- 24.7** The Federal Government, through the Finance Act, 2019, amended Section 65B of the Income Tax Ordinance, 2001, reducing the rate of tax credit from 10% to 5% on investments made in the extension, expansion, balancing, modernization, and replacement (BMR) of plant and machinery for Tax Year 2019. Further, the availability of such tax credit was curtailed to June 30, 2019, whereas under the un-amended law, it was available up to June 30, 2021.

The Company, along with other petitioners, challenged the aforesaid amendment before the Honourable Sindh High Court through constitutional petitions filed for Tax Years 2019, 2020, and 2021. The Honourable Court granted interim relief, allowing the petitioners to file their income tax returns in accordance with the un-amended provisions of Section 65B. Consequently, the Company claimed tax credit at the rate of 10% in its income tax returns for the above-mentioned tax years.

On February 07, 2023, the Honourable Sindh High Court decided the matter, holding that tax credit under Section 65B at the rate of 10% was allowable, subject to the condition that the letter of credit for import of plant and machinery was established on or before June 30, 2019 and the installation was completed on or before June 30, 2021.

The Federal Board of Revenue (FBR) preferred an appeal before the Honourable Supreme Court, contending that the applicable rate of tax credit should be restricted to 5% instead of 10%. Vide judgment dated 18 September 2024, the Honourable Supreme Court upheld the allowance of 10% tax credit only in respect of plant and machinery imported and installed up to 30 June 2019, while disallowing the tax credit for Tax Year 2020. Since the Company had derecognised the investment tax credit in previous years, now as a result of the aforementioned judgement of the Supreme Court, the Company has recorded adjustment of Rs. 470.177 million, for the said judgement in these unconsolidated financial statements (refer note 33).

**24.8** The Company, along with other petitioners, has challenged the retrospective increase of the rates of super tax for tax year 2023 in the Honourable Islamabad High Court through Constitutional Petition. The Honourable High Court has passed an interim order dated October 03, 2023 allowing the petitioners not to pay Super Tax in excess of the rate prescribed in the amendment under challenge and has restrained tax authorities, from taking any coercive action against the Company. On March 15, 2024, the Honourable Islamabad High Court decided the case in favour of the Company. The Federal Board of Revenue has filed an appeal before Divisional Bench of Islamabad High Court against the above judgment which is pending for hearing. The amount of super tax involved is Rs. 946 million (June 30, 2024: Rs. 421 million).

The Supreme court, vide Order dated March 23, 2025 directed that all the petitioners and appeal pending at different High court of the Country regarding Super Tax should be transferred to the Supreme Court of Pakistan. Accordingly, the above mentioned case has also been, transferred to the Supreme Court of Pakistan.

**24.9** The Company along with several other petitioners had filed a Constitution Petition on January 16, 2020 against Karachi Water & Sewerage Board (KWSB) and others in the Honourable Sindh High Court against notification dated October 30, 2019 issued by the KWSB whereby water charges were increased from Rs. 242 to Rs. 313 per 1000 gallons. Subsequently, the Company along with other petitioners filed petition against KWSB notifications for the years 2021 to 2024 of water rate enhancement. The Honourable Sindh High Court has restrained KWSB from taking any coercive action against the Company and allowed the Company to pay the bills as per old rates. As required under the Order, the Company provided banker's verified Cheques each month aggregating to Rs. 337.89 million (June 30, 2024: Rs. 211.72 million) for the rate difference. After detailed hearing now the judgment has been reserved. The company, however has maintained full provision in these unconsolidated financial statements, on prudence basis.

**24.10** The Company, along with other petitioners, has challenged the imposition of Infrastructure Cess by the relevant Excise and Taxation Officer, Karachi through petition dated May 28, 2011. Furthermore, the Company has also filed petition against Sindh Infrastructure Cess levied through the Sindh Finance Act, 1994. During the year end June 30, 2018 the Sindh Development and Maintenance of Infrastructure Cess Act, 2017 (the Act) was also enacted by the Province of Sindh against which the Company also had filed constitutional petition dated October 14, 2017 and Honourable High Court of Sindh had allowed interim relief to the Company till final judgment has been allowed in other similar petitions. However, based on the advice of legal consultant, full amount has been provided in these unconsolidated financial statements. During the year, no progress was made in court proceedings. The Bank Guarantee of Rs. 2,107 million as a security was given (June 30, 2024: Rs. 1,477 million).

**24.11** The Company along with several other companies filed a suit in the Honourable Sindh High Court challenging the notification via SRO No. (I) / 2015 dated August 31, 2015 regarding increase in the gas tariff, on November 16, 2015, which was decided by the Honourable Sindh High Court in favor of the Company and thereafter, the Government filed an appeal in the Divisional Bench of the Honourable Sindh High Court against the decision, which has also been decided in favor of the Company. As a matter of prudence, the Company has maintained a full provision of the said notification amounting to Rs. 159.9 million (June 30, 2024: Rs. 159.9 million) in the unconsolidated financial statements.

OGRA issued further notifications on December 30, 2016, September 17, 2018, October 23, 2020 enhancing the rates. The Company, along with others, has filed petition in the Honourable Sindh High Court against the said notifications.

For notification dated December 30, 2016, Honourable Sindh High Court granted interim relief and instructed SSGC to revise the bills at previous rate and instructed the Company to deposit the differential amount cheques with Nazir Sindh High Court as security. During the year, the Divisional Bench of Honourable Sindh High Court has decided the case in favour of the Company vide judgment dated February 3, 2025. Simultaneously, the Divisional Bench of Sindh High Court vide Judgment dated March 10, 2025, ordered that the Nazir of Sindh High Court returns the cheques of Rs. 250.67 million which was deposited with Nazir, which have been received back by the Company. SSGC has filed the appeal in Supreme Court against the judgment.

For notification dated October 23, 2020, on February 18, 2024, the Honourable Sindh High Court decided the case against the Company. The Company filed an appeal in the Divisional Bench of the Honourable Sindh High Court against the decision, which has also been decided against the Company dated March 28 2024. Now, the Company has filed appeal in the Supreme Court against the judgment passed by the Divisional Bench of Honourable Sindh High Court and the case is currently pending for hearing.

On February 15, 2023, OGRA issued another notification revising the gas tariff with retrospective effect from January 01, 2023. The Company, along with several other companies, has filed a suit in the Honourable Sindh High Court challenging the increase in the gas tariff with retrospective effect. The Honourable Sindh High Court has restrained SSGC from taking any coercive action against the Company. As a matter of prudence, the Company has maintained a full provision of the said notification amounting to Rs. 174.4 million (June 30, 2024: Rs. 174.4 million) in the unconsolidated financial statements.

On November 8, 2023, OGRA issued notification and increased the gas rate retrospectively from November 1, 2023. The Company along with others filed petition in the Honourable Sindh High Court against the notification challenging the increase of gas tariff and its retrospective application from November 1, 2023. While the case is currently pending for hearing before the Honourable Sindh High Court, however, the Company has paid increased amount to SSGC with the understanding that incase the decision comes in favour of the Company, the SSGC will either refund the excess amount or it will adjust in future bills post favourable decision.

While awaiting the decision for above case, on February 15, 2024, SSGC issued another notification to further increase the gas tariff with retrospective application from February 1, 2024, where the Company again challenged its retrospective charge from February 1, 2024. Subsequently, the Honourable Sindh High Court decided the case of retrospective application under above notification in favour of the Company, which has been challenged by SSGC in the Supreme Court of Pakistan and is currently, pending for hearing.

- 24.12** The Company along with several other companies filed a suit in the Honourable Sindh High Court challenging the notification via SRO No. (I) / 2015 dated August 31, 2015 for charging of captive power tariff instead of Industry tariff rate to the Company, as the Company is producing electricity entirely for its own consumption, on November 16, 2015, which was decided by the Honourable Sindh High Court in favor of the Company and thereafter, the Government filed an appeal in the Divisional Bench of the Honourable Sindh High Court against the decision, which has also been decided in favor of the Company. SSGC has filed the appeal in Supreme Court against the judgement. As a matter of prudence, the Company has maintained a full provision of the said notification amounting to Rs. 237.6 million (June 30, 2024: Rs. 237.6 million) in the unconsolidated financial statements.

The Company along with several other companies has filed a suit in the Honourable Sindh High Court challenging the notifications dated December 30, 2016, September 17, 2018 and October 23, 2020 for charging of captive power tariff instead of Industry tariff rate to the Company, as the Company is producing electricity entirely for its own consumption. The Honourable Sindh High Court has passed the interim orders for not charging the Captive power tariff rates and consequently restrained SSGC from taking any coercive action against the Company.

During the year, for OGRA Notification dated on December 30, 2016, the Divisional Bench of Honorable Sindh High Court has decided the case in favour of the Company vide judgment dated February 03, 2025. SSGC has filed the appeal in Supreme Court against the judgment. Simultaneously, the Divisional Bench of Sindh High Court vide Judgment dated March 10, 2025, ordered that the Nazir of Sindh High Court returns the cheques of Rs. 388.57 million which was deposited with Nazir, which have been received back by the Company. SSGC has filed the appeal in Supreme Court against the judgment.

OGRA issued another notification dated October 04, 2018 revising the tariff effective September 27, 2018, and subsequent to this notification, the Company paid the bills accordingly at the specified rates.

- 24.13** The Company along with other Companies, have challenged the vires of the Off the Grid (Captive Power Plants) Levy Ordinance, 2025 promulgated on January 30, 2025 and the notifications dated March 7, 2025 issued by the Ministry of Energy in purported exercise of the powers conferred by section 3(1) of the Impugned Ordinance, which imposes a levy, to be notified by Ministry of Energy, on the consumption of natural gas or RLNG by captive power plants over and above the sale price of such natural gas or RLNG. The above case is still pending before the Honourable Islamabad High Court. The Company, along with others, filed petition in the Honourable Sindh High Court against the notification challenging with its retrospective implication from February 1, 2025. The Honourable Sindh High Court has passed the interim orders for not charging the relevant amount for the month of February 2025. The Bank Guarantee of Rs. 138.59 million (June 30, 2024 Rs. Nil) as a security was given , while awaiting the decision for above case.

## 24.14 Guarantees and others

- (a) Guarantees of Rs. 5,464 million (June 30, 2024: Rs. 2,542 million) have been issued by banks on behalf of the Company which are secured by pari passu hypothecation charge over stores and spares, stock-in-trade, trade debts and other receivables. These guarantees include guarantees issued by related parties amounting to Rs. 2,980 million (June 30, 2024: Rs. 1,154 million).
- (b) Post dated cheques of Rs. 30,298 million (June 30, 2024: Rs. 25,580 million) are issued to Custom Authorities in respect of duties on imported items availed on the basis of consumption and export plans.
- (c) Bills discounted of Rs. 11,220 million (June 30, 2024: Rs. 13,451 million), including bills discounted from related parties amounting to Rs. 3,643 million (June 30, 2024: Rs. 4,470 million).
- (d) Corporate guarantees of Rs. 264 million (June 30, 2024: Rs. 237 million), Rs. 1,129 million (June 30, 2024: 1,106 million) and Rs. 256 million (June 30, 2024: Rs. 251 million) have been issued to various banks in favor of subsidiary companies - GTM (Europe) Limited - UK, Gul Ahmed International FZC - UAE and Sky Home Corp- USA respectively.

## 29 OTHER EXPENSE

Workers' profit participation fund (WPPF)	19.3	295,120	345,459
Workers' welfare fund (WWF)	19.4	121,537	117,148
Loss on sale of operating fixed assets	4.1.2	35,609	28,533
		<b>452,266</b>	<b>491,140</b>

## 30 OTHER INCOME

### Income from non-financial assets and others

Scrap sales		3,004	-
Government grant	17	28,251	32,088
Others		1,008	-
		<b>32,263</b>	<b>32,088</b>

### Income from financial assets

Mark-up income on TFC	30.1	11,819	16,481
Dividend income		-	1,462
Other markup income	30.2	122,538	72,909
Exchange gain from currency realisation		848,806	1,217,615
Exchange gain from derivative financial instruments	30.3	105,037	642,378
		<b>1,088,200</b>	<b>1,950,845</b>
		<b>1,120,463</b>	<b>1,982,933</b>

- 30.1** This includes profit earned on Shariah Compliant investment on TFCs.
- 30.2** This includes markup income earned on interest bearing loan to employees (note 7.1) and Term Deposit Receipts (note 11.1).
- 30.3** This includes unrealised exchange gain earned on coventional derivative instruments during the year amounting to Rs. 64.9 million. (June 30, 2024: Rs. 332.31 million).

	Note	2025 ----- (Rupees in '000) -----	2024
<b>31</b>	<b>FINANCE COSTS</b>		
Markup / profit on:			
- Short term borrowings	31.1 & 31.2	3,898,992	3,497,277
- Long term financing		710,319	1,013,013
- Workers' profit participation fund	19.3	22,867	3,954
Bank and other charges		1,443,451	912,212
		<b>6,075,629</b>	<b>5,426,456</b>

- 31.1** Finance cost includes Rs. 790 million and 1,468 million (2024: Rs. 241.8 million and Rs. 1,183 million) in long term financing and short term borrowing respectively under Shariah Compliant mode of financing.
- 31.2** The finance cost is exclusive of amount of Rs. 520.91 million (2024: Rs. 1,296.18 million) attributed to Ideas (Private) Limited, a subsidiary company.

	2025 ----- (Rupees in '000) -----	2024
<b>32</b>	<b>LEVIES</b>	
	<b>1,688,647</b>	2,043,969

- 32.1** This represents minimum tax paid (2024: Final tax) under sections 154 and 113 of ITO, representing levy in terms of requirements of IFRIC 21/ IAS 37.

	Note	2025 ----- (Rupees in '000) -----	2024
<b>33</b>	<b>TAXATION</b>		
Current tax		438,490	27,890
Prior tax	24.7	(489,747)	-
		<b>(51,257)</b>	27,890
Deferred tax income	33.3	-	(262,234)
	33.1	<b>(51,257)</b>	<b>(234,344)</b>

- 33.1** The Company is subject to Minimum Tax Regime under section 113 and section 154 of the Income Tax Ordinance, 2001, (2024: Final tax under section 154) for local and export sales. Accordingly, the relationship between tax expense and accounting profit has not been presented in these unconsolidated financial statements.
- 33.2** The aggregate of minimum tax and income tax, amounting to Rs. 2,127.137 million (2024: Rs. 2,071.859 million) represents tax liability of the Company calculated under the relevant provisions of the ITO, 2001.

- 33.3** As per the guidelines issued by Institute of Chartered Accountants of Pakistan on application of IAS 12 'Application Guidance on Accounting for Minimum Taxes and Final Taxes', no deferred tax is required to be booked as the Company, based on the projections of taxable income, is expected to be taxed under Minimum Tax u/s 113 of the Income Tax Ordinance, 2001 for the foreseeable future. Hence the Company has not recorded any deferred tax liability as at June 30, 2025 and June 30, 2024.

	Note	2025	2024
<b>34 EARNINGS PER SHARE - basic and diluted</b>			
Profit after taxation (Rupees in 000)		<b>4,022,774</b>	4,727,802
Weighted average outstanding shares (Number)	14.2	<b>740,059,458</b>	740,059,458
Earnings per share - basic and diluted (Rupees)		<b>5.44</b>	6.39

- 34.1** There is no dilutive effect on the earnings per share of the Company, as the Company has no potential ordinary shares.

## **35 SEGMENT INFORMATION**

The Company's operations has been divided into three segments are given below based on the nature of process and internal reporting. Following are the reportable business segments:

- a) Spinning: Production of different qualities of yarn using both natural and artificial fibres.
- b) Home Textile: Production of different types and qualities of products falling under the definition of home textile.
- c) Others: Weaving, Fiber Bleaching, Knitting, Apparel, Yarn dyeing and Dyed yarn fabric etc.

Transactions among the business segments are recorded at cost.

## 35.1 Segment Profitability

## 40 CAPACITY AND PRODUCTION

	Unit	2025			2024		
		Capacity	Production	Working	Capacity	Production	Working
----- (Rupees in '000) -----							
Spinning	Kgs. (20 Counts converted)	98,277	92,433	3 shifts	98,277	93,227	3 shifts
Weaving	Sq. meters (50 Picks converted)	239,649	219,048	3 shifts	234,987	213,103	3 shifts

Production is lower as compared to capacity due to variation in production mix and various technical and market factors.

The production capacity and its comparison with actual production of Processing, Home Textile and Apparel segments is impracticable to determine due to varying manufacturing processes, run length of order lots and various other factors.

## 44 FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES

### Financial risk management objectives

The Company's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, markup risk and price risk), credit risk and liquidity risk. The Company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

Risk Management is carried out under policies and principles approved by the Board. All treasury related transactions are carried out within the parameters of these policies and principles.

The information about the Company's exposure to each of the above risk, the Company's objectives, policies and procedures for measuring and managing risk and the Company's management of capital are as follows:

### 44.1 Market risks

Market risk is the risk that the fair value or future cash flows of the financial instrument may fluctuate as a result of changes in market interest / markups rates or the market price due to change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities, and liquidity in the market. Market risk comprises of three types of risks: currency risk, markup risk and other price risk. The Company is exposed to currency risk and markup risk only.

#### a) Currency risk

Foreign currency risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign currency risk arises mainly from future economic transactions or receivables and payables that exist due to transactions in foreign exchange.

#### Exposure to foreign currency risk

The Company is exposed to foreign currency risk arising from foreign exchange fluctuations due to the following financial assets and liabilities:

	2025	2024
	--- (Equivalent USD 000s) ---	
Trade debts	28,461	30,194
Cash and bank balances	81	17
Short term borrowing	(83,529)	(43,564)
Trade and other payables	(627)	(429)
Net exposure	(55,614)	(13,782)

The Company manages foreign currency risk through close monitoring of the exchange rates, adjusting net exposure and obtaining forward covers where necessary.

	2025	2024
	----- (Rupees in '000) -----	
Foreign currency commitments and guarantees outstanding at year end are as follows:		
- USD	124,871	96,879
- EURO	500	500
- AED	14,600	14,600
- GBP	250	250

	2025	2024
	----- (Rupees in '000) -----	
The following significant exchange rates were applied during the year:		
<b>Rupee per USD</b>		
Average rate (Selling / Buying)	279.6 / 279.1	283.4 / 283.0
Reporting date rate (Selling / Buying)	283.9 / 283.5	278.6 / 278.1
<b>Rupee per EURO</b>		
Average rate (Selling / Buying)	304.1 / 303.7	306.7 / 306.2
Reporting date rate (Selling / Buying)	333.1 / 332.6	297.8 / 297.4
<b>Rupee per GBP</b>		
Average rate (Selling / Buying)	361.7 / 361.1	356.5 / 357.2
Reporting date rate (Selling / Buying)	389.7 / 389.1	356.9 / 356.4
<b>Rupee per AED</b>		
Average rate (Selling / Buying)	76.1 / 76.0	75.8 / 75.7
Reporting date rate (Selling / Buying)	77.3 / 77.2	77.2 / 77.1

## Foreign currency sensitivity analysis

A five percent strengthening / weakening of the PKR against the USD at June 30, 2025 would have increased / decreased the equity and profit / loss after tax by Rs. 778 million ( 2024: Rs. 195 million). This analysis assumes that all other variables, in particular markups, remain constant. The analysis is performed on the same basis for June 30, 2024.

The sensitivity analysis prepared is not necessarily indicative of the effects on profit for the year.

## b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to change in the interest rates. The Company has long term finance and short term borrowings at fixed and variable rates.

The Company is mainly exposed to interest rate risk on short term financing under variable rate arrangements and these are covered by holding "Prepayment option" and "Rollover option", which can be exercised upon any adverse movement in the underlying interest rates.

Financial assets include balances of Rs. 2,132 million (June 30, 2024: Rs. 6,408 million) which are subject to interest rate risk. Financial liabilities include balances of Rs. 71,428 million (June 30, 2024: Rs. 59,831 million) which are subject to interest rate risk. Applicable interest rates for financial assets and liabilities are given in respective notes.

## Cash flow sensitivity analysis for variable rate instruments

At June 30, 2025, if markups on interest bearing financial instruments would have been 1% higher / lower with all other variables held constant, post tax profit for the year would have been Rs. 693 million (2024: Rs. 534 million) lower / higher, mainly as a result of higher / lower interest expense on floating rate borrowings.

## Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in markup at the reporting date would not effect unconsolidated statement of profit or loss of the Company.

**c) Other price risk**

Price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices (other than those arising from interest or currency rate risk) whether those changes are caused by factors specified to the individual financial instrument or its issuer or factors affecting all similar financial instruments traded in the market. As at June 30, 2025, the Company is not exposed to other price risk.

**44.2 Credit risk**

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation without considering the fair value of the collateral available there against. Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions.

**Exposure to credit risk**

Company's operating activities exposes it to credit risks arising mainly in respect of long term investments, loans and other receivables, trade debts, long term deposits and bank balances. The maximum exposure to credit risk at the reporting date is as follows:

	Note	2025 ----- (Rupees in '000) -----	2024 -----
Long term investments	6	70,000	70,000
Other receivables		1,352,101	1,130,289
Long term loans		137,842	91,084
Long term deposits		146,240	145,595
Trade debts	10	22,155,562	24,567,107
Bank balances	13	155,550	364,489
		<b>24,017,295</b>	<b>26,368,564</b>

The Company manages credit risk as follows:

**Loans and other receivables**

These are due from employees and are recovered in monthly installments deductible from their salaries. Retirement balances are also available for these employees against which balance can be adjusted incase of default. The Company actively pursues for the recovery of these loans and the Company does not expect that these employees will fail to meet their obligations, hence the management believes no impairment allowance is required there against.

Other receivables include bank guarantee margin Letter of Credit and miscellaneous receivables which are neither past due nor impaired. The Company believes that based on past relationship, credit rating and financial soundness of the counter parties chances of default are remote and also there is no material impact of changes in credit risks of such receivables so no impairment allowance is necessary in respect of these advances and receivables.

**Long term deposits**

These are mainly held for rental premises and utilities with the counter parties which have long association with the Company and have a good credit history. The management does not expect to incur credit loss there against.

**Trade debts**

Trade debts are due from local and foreign customers. The Company manages credit risk inter alia by setting out credit limit in relation to individual customers, by obtaining advance against sales and / or through letter of credits and / or by providing impairment allowance for life time expected credit loss on trade debts.

Trade debts under irrevocable letter of credit, document acceptance and other acceptable banking instruments are considered secured. Further the majority of the customers have been transacting with the Company for several years. The Company actively pursues for the recovery of the trade debt and based on past experience and business relationship and credit worthiness of these customers, the Company does not expect these customers will fail to meet their obligations except for some past due trade debts against which adequate allowance for impairment has been made.

The Company has established an allowance for expected credit losses against trade debts that represent its estimate of expected losses based on actual credit loss experience in respect of trade debts based on the last 3 years. The allowance determined is then multiplied by the weighted average macroeconomic factors for the three developed scenarios namely "Base", "Best" and "Worst" to incorporate the forward-looking information in expected credit loss model. The macroeconomic factors used include GDP Forecast, Unemployment Forecast, Inflation Rate Forecast and Exchange Rate Forecast. The Company has aging of the trade debts of the Company outstanding as at year end is as follows:

	2025		2024	
	Gross carrying amount	Impairment loss allowance	Gross carrying amount	Impairment loss allowance
	----- (Rupees in '000) -----		----- (Rupees in '000) -----	
<b>Secured</b>	7,221,370	-	9,892,638	-
<b>Unsecured</b>				
Current	9,942,688	4	11,471,259	17
1-30 Days	4,320,028	406	2,194,240	624
31-60 Days	628,499	5,909	700,840	9,973
61-90 Days	41,001	248	376,504	57,760
More than 90 Days	151,277	142,734	113,985	113,985
	15,083,493	149,301	14,856,828	182,359
	22,304,863	149,301	24,749,466	182,359

Management believes that the unimpaired balances that are past due are still collectable in full, based on historical payment behavior and review of financial strength of respective customers. Further, certain trade debtors, which have been derecognised as a result of bills discounting, are secured by way of Export Letter of Credit and Inland Letter of Credit, which can be called upon if the counter party is in default under the terms of the agreement.

## Long term investment and bank balances

The Company limits its exposure to credit risk by maintaining bank accounts and investing only with counter-parties that have stable credit rating.

The long term investment and bank balances along with credit ratings are tabulated below:

	Note	2025 ----- (Rupees in '000) -----	2024 ----- (Rupees in '000) -----
Long term investment			
AAA	6.4	70,000	70,000
Bank balances			
AAA		74,783	41,773
AA+		61,844	5,700
AA		14,197	765
AA-		2,492	75,711
A+		1,834	180,254
A1		-	184
BBB-		400	60,102
		155,550	364,489
		225,550	434,489

Given these high credit ratings, management does not expect that any counter party will fail to meet their obligations.

## Concentration of credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry. The Company's exposure to a single customer exceeding 10% of the total exposure amounts to Rs. 2,436 million (2024: 2,790 million).

Credit risk of the Company arises principally from long term investments, loans and other receivables, trade debts, long term deposits and bank balances.

## 44.3 Liquidity risk

Liquidity risk represent the risk where the Company will encounter difficulty in meeting obligations associated with financial liabilities when they fall due. The exposure to liquidity risk along with their maturities is disclosed in respective notes and note 43.

The Company manages liquidity risk by maintaining sufficient cash in hand and at banks and ensuring the fund availability through adequate credit facilities. At June 30, 2025, the Company has Rs. 67,325 million (June 30, 2024: Rs. 44,880 million) available borrowing limit from financial institutions. Unutilised borrowing facilities of Rs. 15,167 million (June 30, 2024: Rs. 2,874 million) and also has Rs. 166 million (June 30, 2024: Rs. 376 million) being cash in hand and balances at banks. Based on the above, management believes the liquidity risk is insignificant.

	Note	Less than one year -----	More than one year -----	Total carrying amount -----
<b>As at June 30, 2025</b>				
Long term financing	16	3,128,180	16,142,475	19,270,655
Trade and other payables	19	22,748,614	-	22,748,614
Accrued markup		788,421	-	788,421
Short term borrowings	21	52,157,704	-	52,157,704
Unclaimed dividend		9,365	-	9,365
Unpaid dividend	23	23,505	-	23,505
		<b>78,855,789</b>	<b>16,142,475</b>	<b>94,998,264</b>
Total as at June 30, 2024		70,327,254	14,591,587	84,918,841

## 44.4 Capital risk management

The primary objectives of the Company when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders, benefits for other stakeholders and to maintain an optimal capital structure.

The Company manages its capital structure and makes adjustment to it, in light of the changes in economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders or issue new shares.

The Company's strategy is to maintain leveraged gearing. The gearing ratios as at June 30, 2025 and June 30, 2024 were as follows;

	Note	2025 ----- (Rupees in '000) -----	2024 ----- (Rupees in '000) -----
Total borrowings	16 & 21	<b>71,428,359</b>	59,831,025
Cash and bank	13	<b>(166,429)</b>	(375,876)
Net debt		<b>71,261,930</b>	59,455,149
Total equity	14 & 15	<b>48,852,937</b>	44,753,223
Total equity and debt		<b>120,114,867</b>	104,208,372
----- ( % ) -----			
Gearing ratio		<b>59</b>	57

The Company finances its operations through equity, borrowings and management of working capital with a view to maintain an appropriate mix amongst various sources of finance to minimise risk and borrowing cost.

## 45 FAIR VALUES

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique.

The Company while assessing fair values uses valuation techniques that are appropriate in the circumstances using relevant observable data as far as possible and minimising the use of unobservable inputs. Fair values are categorised into following three levels based on the input used in the valuation techniques;

- Level 1 Quoted prices in active markets for identical assets or liabilities that can be assessed at measurement.
- Level 2 Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3 Inputs are unobservable inputs for the asset or liability Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

If inputs used to measure the fair values of an asset or a liability fall into different levels then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Transfers, if any, between levels of the fair value hierarchy is recognised at the end of the reporting period during which the transfer has occurred. The Company's policy for determining when transfers between levels in the hierarchy have occurred includes monitoring of changes in market and trading activity and changes in inputs used in valuation techniques.

As at year end, the fair value of all the financial assets and liabilities approximates to their carrying values. The operating fixed assets is carried at cost less accumulated depreciation and impairment if any, except there is no free-hold land and lease-hold land which are stated at cost. Long term investments in subsidiaries represent the investment in unquoted shares of companies carried at cost. The Company does not expect that unobservable inputs may have significant effect on fair values. The fair values of forward exchange contracts is determined based on the forward exchange rates at the reporting date included in the level 2 of the fair value hierarchy.

## **46 GENERAL**

### **46.1 Events occurring after reporting date**

On September 29, 2025, Board of Directors, approved the closure of the Company's Export Apparel operations as part of its strategic review of operations. The closure will be implemented in the forthcoming financial year, with financial and operational impacts to be recognised in the financial statements of the ensuing year.

### **46.2 Corresponding figures**

Corresponding figures have been rearranged or reclassified, where necessary, for the purpose of better presentation. No significant rearrangement or reclassification was made in these un-consolidated financial statements during the current year.

## **47 DATE OF AUTHORISATION**

These unconsolidated financial statements were authorised for issue by the Board of Directors of the Company in their meeting held on September 29, 2025.

Chief Financial Officer

The directors are pleased to present their report together with the audited Consolidated Financial Statements of the Group for the year ended June 30, 2025.

## The Group

The Group comprises of;

Ideas (Private) Limited (Pvt) limited, Pakistan;  
Gul Ahmed International Limited (FZC)-UAE;  
GTM (Europe) Limited-UK;  
GTM USA Corp.-USA;  
Sky Home Corp.-USA;  
JCCO 406 Limited-UK;  
Vantona Home Limited-UK;

Gul Ahmed Ecotex (Pvt) Limited, Pakistan;  
Gul Ahmed Ecofab (Pvt) Limited, Pakistan;  
Gul Ahmed Circular Fabrics (Pvt) Limited, Pakistan;  
Elegant Fashion (Pvt) Limited, Pakistan;  
Fragrance Fusion (Pvt) Limited, Pakistan; and  
Omnify (Pvt) Limited, Pakistan

All these subsidiaries are engaged in trading/retail sales of textile and related products.

## Group Results

The Consolidated financial results of the group are given below:		Rupees '000
Profit before tax		6,556,367
Taxation		(2,101,948)
Profit for the year		4,454,419

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF GUL AHMED TEXTILE MILLS LIMITED

### Report on the Audit of the Consolidated Financial Statements

#### Opinion

We have audited the annexed consolidated financial statements of **Gul Ahmed Textile Mills Limited** and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at **June 30, 2025**, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policy information and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at June 30, 2025 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of the Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

Key audit matters	How the matter was addressed in our audit
<b>1. Revenue recognition</b>	
<p>Refer notes 3.19 and 28 to the consolidated financial statements.</p> <p>The Group's net revenue for the year ended June 30, 2025 was Rs. 185,541 million. The Group's revenue is principally generated from the sale of textile goods and related processing services and consists of local and export sales.</p> <p>We identified revenue as key audit matter because;</p> <ul style="list-style-type: none"> <li>revenue is one of the key performance indicators of the Group;</li> </ul>	<p>Our audit procedures in this area, amongst others, included the following:</p> <ul style="list-style-type: none"> <li>Obtained an understanding of the accounting policy and Group's accounting process for revenue recognition and tested the design and implementation of relevant controls;</li> <li>Performed verification of sample of revenue transactions recorded during the year with underlying documentation including sales invoices and other dispatch documents;</li> </ul>

Key audit matters	How the matter was addressed in our audit
<ul style="list-style-type: none"> <li>• there are large number of revenue transactions; and</li> <li>• there is inherent risk that revenue could be recorded in an incorrect accounting period in order to achieve the financial targets and expectations.</li> </ul>	<ul style="list-style-type: none"> <li>• Performed cut-off procedures on sample basis on revenue transactions recorded just before and after the year end with the underlying goods delivery notes, bill of lading, invoices and other relevant documents to assess whether the revenue has been recognised in the appropriate accounting period; and</li> <li>• Evaluated the appropriateness of disclosures in the consolidated financial statements in accordance with the requirements of the accounting and reporting standards applicable in Pakistan.</li> </ul>
<b>2. Valuation of stock-in-trade</b>	
<p>Refer notes 3.7 and 11 to the consolidated financial statements.</p> <p>As at June 30, 2025, the Group held stock-in-trade of Rs. 72,901 million. Several estimates and judgments are involved in the valuation of stock-in-trade, in determining the net realizable values, and in assessing the appropriate level of provisioning required for the stock-in-trade. This includes the assessment of available facts and circumstances, the physical condition of the stock-in-trade, utilization, market selling prices, and the estimated selling cost of the stock-in-trade.</p> <p>We have considered this matter as key audit matter because of the significance of the balance and due to the estimates and judgments involved in the valuation.</p>	<p>Our audit procedures in this area, amongst others, included the following:</p> <ul style="list-style-type: none"> <li>• Obtained an understanding of the Group's policies and procedures with respect to valuation of stock-in-trade;</li> <li>• Assessed appropriateness of the Group's accounting policies for valuation of stock-in-trade and compliance of those policies with accounting and reporting standards applicable in Pakistan;</li> <li>• Assessed the adequacy of the allowance for obsolescence, by taking into consideration the status of ageing conditions of the stock-in-trade and historical usage pattern;</li> <li>• Compared the net realizable value, on a sample basis, to the carrying value of stock-in-trade to assess whether any adjustments are required to value of stock-in-trade in accordance with the applicable accounting framework; and</li> <li>• Assessed the adequacy of the related disclosures in the notes to the consolidated financial statements, in accordance with the requirements of the accounting and reporting standards as applicable in Pakistan.</li> </ul>

## Information Other than the Consolidated and Unconsolidated Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the information included in annual report, but does not include the consolidated and unconsolidated financial statements and our auditors' reports thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Responsibilities of Management and Board of Directors for the Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan and Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process.

## **Auditors' Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **Other Matter**

The consolidated financial statements of the Company for the year ended June 30, 2024 were audited by another firm of Chartered Accountants who had expressed an unmodified opinion thereon vide their report dated October 4, 2024.

The engagement partner on the audit resulting in this independent auditor's report is Nadeem Yousuf Adil.

 22nd Floor, Ocean Mall, Khayaban-e-Iqbal, Block-9, Clifton, Karachi.

The above rented premises are used to carry out warehousing and administrative tasks.

**1.3 Basis of consolidation**

These consolidated financial statements include the financial statements of the Holding Company and its subsidiaries, here-in-after collectively referred to as the Group.

**Subsidiaries**

Subsidiaries are entities controlled by the Holding Company. The Holding Company controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

The assets, liabilities, income and expenses of subsidiary companies are consolidated on a line by line basis and carrying value of investments held by the Holding Company is eliminated against the subsidiary companies' shareholders' equity in these consolidated financial statements.

The financial statements of the subsidiaries are prepared for the same reporting year as the Holding Company, using consistent accounting policies.

All intra-group balances, transactions and unrealised gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition or incorporation, being the date on which the Group obtains control, and continue to be consolidated until the date when such control ceases.

The acquisition method of accounting is used to account for the acquisition of subsidiaries by the Group. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received. Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is an asset or liability are recognised in profit or loss.

Non-controlling interest in the acquiree, which represents ownership interests and entitle their holders to a proportionate share of net assets of the acquiree are recognised on the acquisition date at either fair value or the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on the acquisition date.

## Transactions with non-controlling interests

The Group treats transactions with non-controlling interest that do not result in loss of control as transactions with equity owners of the Group. For purchase of interest from non-controlling interests, the difference between fair value of any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

When the Group ceases to have control or significant influence, any retained interest in the equity is remeasured to its fair value, with the change in carrying amount recognised in the profit or loss. The fair value is the initial carrying amount for the purposes of subsequent accounting for the retained interest as an associate, joint venture or financial assets. In addition, any amount previously recognised in other comprehensive income in respect to that entity is accounted for as if the Group had directly disposed off the related assets and liabilities.

## 2 BASIS OF PREPARATION

### 2.1 Basis of measurement

These consolidated financial statements have been prepared under the historical cost convention except as otherwise stated in respective policy notes.

### 2.2 Statement of compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Accounting Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 (the Act); and
- Provisions of and directives issued under the Act.

Where provisions of and directives issued under the Act differ from the IFRS Accounting Standards, the provisions of and directives issued under the Act have been followed.

### 2.3 Functional and presentation currency

Items included in the consolidated financial statements are measured using the currency of the primary economic environment in which the Group operates. These consolidated financial statements are presented in Pakistani Rupees, which is the functional and presentation currency of the Group. The amounts have been rounded off to the nearest thousand rupees unless stated otherwise.

### 2.4 Critical accounting estimates and judgments

The preparation of these consolidated financial statements in conformity with the accounting and reporting standards, as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affects the application of the Group's accounting policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgment about carrying amounts of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which estimates are revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

Information about estimates and judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the consolidated financial statements are as follows:

#### a) Operating fixed assets, Right of use assets and Intangible assets (notes 3.2, 3.3, 3.4, 3.8, 4, 5 and 6)

The Group reviews appropriateness of the method of depreciation / amortisation and useful lives used in the calculation of depreciation / amortisation of operating fixed assets, right of use assets and intangible assets respectively on an annual basis. Further, where applicable, an estimate of recoverable amount of assets is made for possible impairment at each reporting date.

**b) Provision for obsolescence and slow moving stores and spares (notes 3.6 and 10)**

Provision for obsolescence and slow moving stores and spares is based on parameters set out by the management of the Group, which includes ageing, expected use and realisable values.

**c) Stock-in-trade (notes 3.7 and 11)**

The Group reviews the net realisable value of stock-in-trade to assess any diminution in the respective carrying values at each reporting date. Net realisable value is determined with reference to estimated selling price less estimated expenditure to make the sales.

**d) Impairment of financial assets (notes 3.9.4, 12 and 47.2)**

The Group uses a provision matrix to calculate expected credit loss (ECL) for trade debts. The provision matrix is initially based on the Group's historically observed rates. The Group calibrates the matrix to adjust the historical credit loss experience with forward-looking information. At every quarter, the historically observed default rates are updated, and changes in the forward-looking estimates are analysed.

The amount of ECL is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customers' actual default in the future.

**e) Defined benefit plan (notes 3.14.2 and 21)**

The present value of defined benefit plan depends upon number of factors and is being calculated on actuarial basis using a number of assumptions. Any changes in these assumptions will impact the carrying amount of defined benefit plan.

**f) Taxation (notes 3.21, 27 and 36)**

The Group takes into account the current income tax law and decisions taken by the taxation authorities. Instances where the Group's views differ from the views taken by the income tax department at the assessment stage and where the Group considers that its view on items of material nature is in accordance with law, the amounts are shown as contingencies.

**g) Levies (notes 3.22 and 35)**

The Group takes into account the current income tax law, legislations and decisions taken by the taxation authorities for determination of levies. These include determining the specific obligating event that triggers levy recognition based on the relevant legislation, estimating the amount payable by considering applicable rates, and deciding the appropriate timing for recognising the levy liability. These estimates and judgements are periodically reviewed and updated as necessary.

**h) Contingencies (notes 3.18 and 27)**

The assessment of the contingencies and provisions inherently involves the exercise of judgment as the outcome of the future events cannot be predicted with certainty. The Group, based on the availability of the latest information, estimates the value of contingent liabilities which may differ on the occurrence / non-occurrence of the uncertain future event(s).

**i) Leases (notes 3.16 and 19)**

The Group uses judgements and estimates in measurement of right of use assets and corresponding lease liabilities with respect to discount rates, lease terms including exercise of renewal and termination options etc, in accordance with IFRS 16.

**2.5 Change in accounting standards, interpretations and amendments to published approved accounting and reporting standards**

**(a) New standards, amendments and interpretations that are effective for the year ended June 30, 2025 are as follows:**

The following amendments are effective for the year ended June 30, 2025. These amendments are either not relevant to the Group's operations or are not expected to have significant impact on the Group's financial statements other than certain additional disclosures.

	Effective date (annual periods beginning on or after)
- Amendments to IFRS 16 'Leases' - Clarification on how seller-lessee subsequently measures sale and leaseback transactions.	January 01, 2024
- Amendments to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or non-current along with Non-current liabilities with Covenants.	January 01, 2024
- Amendments to IAS 7 'Statement of Cash Flows' and 'IFRS 7 'Financial instruments disclosures' - Supplier Finance Arrangements.	January 01, 2024
<b>(b) Standards, Interpretations and Amendments to published approved accounting standards not yet effective</b>	
The following standards and amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These amendments are either not relevant to the Group's operations or are not expected to have significant impact on the Group's consolidated financial statements other than certain additional disclosures.	

	Effective date (annual periods beginning on or after)
- Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Clarification on how entity accounts when there is long term lack of Exchangeability	January 01, 2025
- IFRS 17 - Insurance Contracts (including the June 2020 and December 2021 Amendments to IFRS 17)	January 01, 2026
- IFRS 7 - Financial Instruments: Disclosures	July 01, 2025
- Amendments to IFRS 9 'Financial Instruments' and IFRS 7 'Financial instruments disclosures' - Classification and measurement of financial instruments	January 01, 2026
- Annual Improvements to IFRS Accounting Standards (related to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7)	January 01, 2026
- Amendments to IFRS 9 'Financial Instruments' and IFRS 7 'Financial instruments disclosures' - Contracts Referencing Nature-dependent Electricity	January 01, 2026

### 3 MATERIAL ACCOUNTING POLICIES

The material accounting policies set out below have been consistently applied to all periods presented in these consolidated financial statements.

#### 3.1 Foreign currency transactions and translation

Transactions in foreign currencies are translated into the respective functional currency of the Group at the exchange rates at the dates of transactions.

Monetary assets and liabilities denominated in foreign currencies are translated into functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into functional currency at the exchange rate when the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of transaction. Foreign currency difference are recognised in consolidated statement of profit and loss.

On consolidation, the assets and liabilities of foreign operations are retranslated into presentation currency i.e. Pakistan Rupee at the rate of exchange prevailing at the reporting date and their income and expenses are translated using the average of exchange rates for the period. The exchange differences arising on such translations are recognised in consolidated statement of comprehensive income.

## **3.2 Property, plant and equipment**

### **3.2.1 Operating fixed assets**

#### **Initial recognition**

The cost of an item is recognised as an asset if and only if the future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

#### **Measurement**

Operating fixed assets are stated at cost less any accumulated depreciation and any accumulated impairment losses except leasehold land which is stated at cost.

When parts of an item of operating fixed assets have different useful lives, they are accounted for as separate items (major components) of operating fixed assets.

#### **Subsequent cost**

Expenditure incurred to replace a significant component of an item of operating fixed assets is capitalised and the asset so replaced is retired. Other subsequent expenditure is capitalised only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the items can be measured reliably. All other expenditure (including normal repairs and maintenance) are recognised in the consolidated statement of profit or loss as an expense when these are incurred.

#### **Depreciation**

Depreciation is charged using:

- Reducing Balance Method on Plant and Machinery, Office Equipment (other than IT Equipment), Building on Leasehold Land, Vehicles and Furniture and Fixtures; and
- Straight Line Method on IT equipment, structure on lease hold land and major Component of Plant and Machinery identifiable as a separate asset due to useful life different from the Plant and Machinery.

Rate of depreciation on above are specified in the note 4 of these consolidated financial statements.

Depreciation on additions to operating fixed assets is charged from the day the asset is available for use and no depreciation is charged on the day of disposal.

Depreciation methods, useful lives and residual values of each part of operating fixed assets that is significant in relation to the total cost of the asset are reviewed, and adjusted if appropriate, at each reporting date.

#### **Gains and losses on disposal**

The gain or loss on disposal of an item of operating fixed assets is determined by comparing the proceeds from disposal with the carrying amount of the operating fixed assets, and is recognised in the consolidated statement of profit or loss.

## 3.2.2 Capital work-in-progress

Capital work in progress is stated at cost less impairment loss, if any and consists of expenditures incurred (including any borrowing cost, if applicable) and advances made in the course of their construction and installation. Transfers are made to relevant asset category as and when assets are available for intended use.

## 3.3 Right of use assets

Right of use assets are initially measured at cost being the present value of lease payments, initial direct costs, any lease payments made at or before the commencement of the lease as reduced by any incentives received. These are subsequently measured at cost less accumulated depreciation and accumulated impairment losses, if any.

Depreciation is charged on straight line basis over the lease term unless the ownership of the asset transfers to the Group at the end of the lease term or the cost of the asset reflects that the Group will exercise the purchase option, depreciation is charged over the useful life of asset.

## 3.4 Intangible assets

These are stated at cost less accumulated amortisation and any provision for impairment loss. Amortisation of intangible assets is charged to consolidated statement of profit or loss applying the straight line method at the rates specified in note 6 of these consolidated financial statements after taking into account residual value, if any. Amortisation on additions to intangibles is charged from the day the asset is available for use and no depreciation is charged on the day of disposal.

The carrying values of intangible assets are reviewed for impairment when events or changes in circumstances indicate that this carrying value may not be recoverable, if any such indication exists and where the carrying values exceed the estimated recoverable amounts, the assets are written down to their recoverable amount.

## 3.5 Borrowing cost

Borrowing cost is recognised as an expense in the consolidated statement of profit or loss in the period in which these are incurred except where such cost is directly attributable to the acquisition, construction or production of a qualifying asset in which case such cost is capitalised as part of the cost of that asset.

## 3.6 Store, spares and loose tools

Stores, spares and loose tools are stated at lower of moving average cost and net realisable value, less provision for impairment, if any. Stores-in-transit is stated at cost comprising invoice value plus other incremental charges incurred thereon.

Provision is made for obsolete and slow moving stores, spares and loose tools based on management's best estimate regarding their future usability and is recognised in the consolidated statement of profit or loss.

## 3.7 Stock-in-trade

Stock of raw materials and finished goods are valued at lower of weighted average cost and net realisable value. Cost of raw materials and trading stock comprises of the invoice value plus other incremental charges incurred thereon. Work-in-process is measured at weighted average cost. Cost of work-in-process and finished goods includes cost of direct materials, labour and appropriate portion of manufacturing overheads. Waste products are valued at net realisable value. Stock in transit are stated at cost comprising invoice value and other incidental charges paid thereon up to reporting date.

Net realisable value signifies the estimated selling prices in the ordinary course of business less costs necessarily to be incurred in order to make the sale.

## 3.8 Impairment of non-financial assets

The carrying amounts of non-financial assets are assessed at each reporting date to ascertain whether there is any indication of impairment. If such an indication exists, the asset's recoverable amount is estimated to determine the extent of impairment loss, if any. An impairment loss is recognised as an expense in the consolidated statement of profit or loss.

The recoverable amount is the higher of an asset's fair value less cost of disposal and value-in-use. Value-in-use is ascertained through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risk specific to the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash generating units).

An impairment loss is reversed if there is a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

## 3.9 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised in the Group's consolidated statement of financial position when the Group becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the consolidated statement of profit or loss.

### 3.9.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

#### Classification and measurement of financial assets

Debt instruments that meet the following conditions are measured subsequently at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets 'at amortised cost' are carried at amortised cost using the effective interest method if the time value of money is significant. Gains and losses are recognised in the consolidated statement of profit or loss when the assets are derecognised or impaired and when interest is recognised using the effective interest method.

Debt instruments that meet the following conditions are measured subsequently at fair value through other comprehensive income (FVTOCI):

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling the financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at FVTOCI are carried on the consolidated statement of financial position at fair value with gains or losses recognised in the consolidated statement of comprehensive income.

By default, all other financial assets are measured subsequently at fair value through profit or loss (FVTPL). Financial assets at FVTPL are carried on the consolidated statement of financial position at fair value with gains or losses recognised in the consolidated statement of profit or loss.

## **Derecognition of financial assets**

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in the consolidated statement of profit or loss.

### **3.9.2 Financial liabilities**

All financial liabilities are measured subsequently at amortised cost using the effective interest method or at FVTPL. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

## **Derecognition of financial liabilities**

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the consolidated statement of profit or loss.

### **3.9.3 Offsetting of financial assets and liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to set-off the recognised amounts and there is an intention to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

### **3.9.4 Impairment of financial assets**

The Group assesses on a forward looking basis the expected credit losses (ECL) associated with its debt instruments carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade and other receivables, the Group applies the simplified approach permitted by IFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

The Group measures ECL of a financial instrument in a way that reflects (a) an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes; (b) the time value of money; and (c) reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information as described above. As for the exposure at default for financial assets, this is represented by the assets' gross carrying amount at the reporting date.

A default on a financial asset is considered when the counterparty fails to make contractual payments within 90 days of when they fall due.

Financial assets are written off when there are no reasonable expectation of recovery. Where loans or receivables have been written off, the Group continues to engage in enforcement activity to attempt to recover the balance due. Where recoveries are made, these are recognised in the consolidated statement of profit or loss.

## 3.10 Derivative

Derivative instruments are initially recognised at fair value and subsequent to initial measurement, each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the consolidated statement of profit or loss. Derivatives with positive fair values (unrealised gains) are included in other assets and derivatives with negative fair values (unrealised losses) are included in trade and other payables in consolidated statement of financial position.

## 3.11 Cash and cash equivalents

Cash and cash equivalents include cash in hand, with banks in current accounts, demand draft and running finance.

## 3.12 Share capital

Ordinary shares are classified as share capital. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax.

## 3.13 Government grant

Government grants are transfers of resources to the Group by a government entity in return for compliance with certain past or future conditions related to the Group's operating activities - e.g. a government subsidy. The definition of "government" refers to governments, government agencies and similar bodies, whether local, national or international.

The Group recognises government grants when there is reasonable assurance that grants will be received and the Group will be able to comply with conditions associated with grants. Government grants are recognised at fair value, as deferred income, when there is reasonable assurance that the grants will be received and the Group will be able to comply with the conditions associated with the grants.

Grants that compensate the Group for expenses incurred, are recognised on a systematic basis in the income for the year in which the related expenses are recognised. Grants that compensate for the cost of an asset are recognised in income on a systematic basis over the expected useful life of the related asset.

Loan is initially recognised at its fair value in accordance with IFRS 9. The fair value of the loan would be the present value of loan proceeds received, discounted using prevailing market rate of mark-up for a similar instrument. The benefit of below-market mark-up (i.e. differential between the loan proceeds and fair value of the loan) is accounted for as deferred grant in accordance with IAS 20. In subsequent periods, the loan amount would be accreted using the effective interest rate method. The accreditation would increase the carrying value of the loan with a corresponding effect on the interest expense for the year in the consolidated statement of profit or loss. As per IFRS 9, the loan liability and related mark-up shall be derecognised when it is extinguished i.e., these amounts are paid-off. While, the grant is recognised in the consolidated statement of profit or loss, in line with the recognition of interest expense that the grant is compensating, in accordance with IAS 20.

## 3.14 Staff retirement benefits

### 3.14.1 Defined contribution plan

The Holding Company and its subsidiary, Ideas (Private) Limited, operate a recognised provident fund scheme for its eligible employees to which equal monthly contribution is made by the Holding Company and the employees at the rate of 8.33% of the basic salary. The Companies' contribution is charged to consolidated statement of profit or loss.

### 3.14.2 Defined benefit plan

The Holding Company operates unfunded gratuity schemes for all its eligible employees. Benefits under the scheme are vested to employees on completion of the prescribed qualifying period of service under the scheme. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method.

Remeasurement of the net defined benefit liability, which comprises of actuarial gains and losses are recognised immediately in consolidated statement of comprehensive income. The Parent Company determines the net interest expense on the net defined liability for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined liability, taking into account any changes in the net defined benefit liability during the year as a result of benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the consolidated statement of profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in the consolidated statement of profit or loss. The Parent Company recognises gains or losses on the settlement of a defined benefit plan when the settlement occurs.

### **3.15 Accumulated employee compensated absences**

The Holding Company provides for compensated absences for all eligible employees in the period in which these are earned. Provisions are made annually to cover the obligation for accumulating compensated absences and are charged to the consolidated statement of profit or loss.

### **3.16 Lease liabilities against right of use assets**

Lease liabilities are initially measured at the present value of the lease payments discounted using the interest rate implicit in the lease. If the implicit rate cannot be readily determined, the Group's incremental borrowing rate is used. Subsequently these are increased by interest, reduced by lease payments and remeasured for lease modifications, if any.

Liabilities in respect of certain short term and low value leases are not recognised and payments against such leases are recognised as expense in consolidated statement of profit or loss.

### **3.17 Unclaimed dividend**

The Group recognises unclaimed dividend which was declared and remained unclaimed by the shareholder from the date it was due and payable.

### **3.18 Provisions and contingencies**

Provisions are recognised when the Group has present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each reporting date and adjusted to reflect current best estimate.

A contingent liability is disclosed when the Group has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Group; or the Group has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

### **3.19 Recognition of revenue from contracts with customers**

Revenue from contracts with customers is recognised to the extent it is probable that the economic benefits will flow to the Group and the revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable and is recognised on following basis:

- Revenue is recognised at amounts that reflect the consideration that the Group expects to be entitled to in exchange for transferring goods or services to a customer.
- The Group recognises revenue when performance obligation is fulfilled, at a point in time, when control of goods have been transferred to a customer either on dispatch / acceptance of goods for local sales or issuance of the bill of lading in case of export sales. Control, depending on contractual terms, is considered to be transferred either when the product is directly uplifted by customer from the Group premises or when it is delivered by the Group at customer premises.
- Revenue from contracts with customers on services is recognised at the point in time when the performance obligation is satisfied i.e. control of the serviced goods is transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled to in exchange for those serviced goods. These services include sanforisation and mercerisation of fabric.
- Export rebate (if any) on export sales is recognised on an accrual basis at the time of export sale.
- Processing charges are recorded when processed goods are delivered to customers.

## 3.20 Other income

Other income is recognised to the extent it is probable that economic benefit will flow to the Company and the amount can be measured reliably. Other income is measured at fair value of the consideration received or receivable and recognised on following basis:

- Profit on deposits with banks is recognised on time proportion basis taking into account the amount outstanding and rates applicable thereon.
- Dividend income is recognised when the Company's right to receive the payment is established.
- Interest on loans and advances to employees is recognised on the effective interest method.
- Income from sale of scrap is recorded on delivery of scrap to the customer.
- The grant is recognised in consolidated statement of profit or loss, in line with the recognition of interest expense that the grant is compensating, in accordance with IAS 20.
- Income from liabilities written back / provision are recorded when the chances of settlement of liability / provision is remote.
- Markup from Term Finance Certificates (TFCs) are accounted for as income using the effective interest method.
- Exchange gain from currency realisation and derivative financial instruments are described in note 3.1 and 3.10 of these consolidated financial statements.

## 3.21 Taxation

### 3.21.1 Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date.

The Group takes into account the current income tax law and decisions taken by the taxation authorities. Instances where the Group's views differ from the income tax department at the assessment stage and where the Group considers that its view on items of material nature is in accordance with law, the amounts are shown as contingent liabilities.

### 3.21.2 Deferred tax

Deferred tax is recognised using the liability method on all temporary differences arising at the reporting date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax asset is recognised for all deductible temporary differences and carried forward unused tax losses, and tax credits, if any, to the extent that it is probable that taxable profit will be available against which such temporary differences and tax losses can be utilised. Deferred tax asset is reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are measured at enacted tax rate that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the reporting date.

## 3.22 Levies

The tax charged under Income tax Ordinance, 2001 (ITO), which is not based on taxable income or any amount paid / payable in excess of the calculation based on taxable income is classified as levies in the consolidated statement of profit or loss as these levies fall under the scope of IFRIC 21 'Levies' or IAS 37 'Provisions, Contingent Liabilities and Contingent Assets'.

## 3.22.1 **Revenue tax**

Revenue tax include levies as per IFRIC 21, minimum tax on imported goods and export sales under ITO. A levy is an outflow of resources embodying economic benefits that is imposed by governments on entities in accordance with legislation (i.e. laws and/or regulations), other than:

- (a) those outflows of resources that are within the scope of other standards.
- (b) fines or other penalties that are imposed for breaches of the legislation.

## 3.22.2 **Final tax**

Final tax includes tax charged / withheld / paid on certain income streams under various provisions of ITO. Final tax is charged / computed under the ITO, without reference to income chargeable to tax at the general rate of tax and final tax computed / withheld or paid for a tax year is construed as final tax liability for the related stream of Income under the ITO.

## 3.23 **Earnings per share**

The Group presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

## 3.24 **Dividend and appropriation to reserves**

Final dividend distributions to the Group's shareholders are recognised as a liability in the consolidated financial statements in the period in which the dividends are approved by the Group's shareholders at the Annual General Meeting, while the interim dividend distributions are recognised in the period in which the dividends are declared by the Board of Directors (the Board). Appropriations of profit are reflected in the consolidated statement of changes in equity in the period in which such appropriations are approved.

## 3.25 **Segment reporting**

Segment reporting is based on the operating (business) segments of the Group. An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses including revenues and expenses that relates to transactions with any of the Group's other components. An operating segment's results are reviewed regularly by the Chief Operating Decision Maker(s) i.e., Chief Executive Officer (CEO) to make decisions about resources to be allocated to the segment, assess its performance and for which discrete financial information is available.

Segment results that are reported to the CEO include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly of finance cost, other operating cost, other income and income tax. Segment capital expenditure is the total cost incurred during the period to acquire property, plant and equipment and intangible assets. The detailed results of the reportable segments are disclosed in the note 38 to these consolidated financial statements.

**16.2.1** As at June 30, 2025, Gul Ahmed Holdings (Private) Limited, the ultimate holding company of the Group, held 413,383,760 (June 30, 2024: 413,383,760) ordinary shares of Rs. 10 each, constituting 55.86% (June 30, 2024: 55.86%) of total paid-up capital of the holding company. Number of shares held by the associated companies and undertakings, other than holding company, aggregated to 99,476,824 (June 30, 2024: 99,476,824) ordinary shares of Rs. 10 each.

**16.2.2** As per the Honourable Sindh High Court's order, the Group has held 3,471,541 (June 30, 2024: 3,471,541) out of the total bonus shares issued for the year 2015, 2019 and 2021 to Gul Ahmed Holdings (Private) Limited, an associated company and other parties respectively, as these shareholders are part of the suit filed against the tax on bonus shares imposed through Finance Act, 2014.

**16.2.3** All these fully paid ordinary shares carry one vote per share and equal right to dividend.

17	RESERVES	Note	2025	2024
			----- (Rupees in '000) -----	-----
	Capital reserves			
	Amalgamation reserve	17.1	8,252,059	8,252,059
	Statutory reserve	17.2	24,093	20,845
	Against long term investments, capacity expansion and BMR	17.3	23,000,000	23,000,000
	Foreign currency translation reserve	17.4	(321,067)	(302,206)
			<b>30,955,085</b>	30,970,698
	Revenue reserve			
	Unappropriated profit		13,484,518	8,956,407
			<b>44,439,603</b>	39,927,105

**17.1** This represents reserves created under the Scheme of Arrangement dated May 05, 2021 involving the holding company, Ideas (Private) Limited, Worldwide Developers (Private) Limited, Grand Industries (Private) Limited and Ghafooria Industries (Private) Limited which has been sanctioned by honourable High Court of Sindh through order dated October 29, 2021.

**17.2** As required by Emiri decree No. 2 of 1995, issued by the Ruler of Sharjah, and the Article of Association of Gul Ahmed International (FZC), 10% of the profit for the year has to be transferred to legal reserve until it is equivalent to 50% of paid-up capital. This reserve is not available for distribution.

**17.3** The Board of the Holding Company, in its meeting held on September 25, 2023, approved the creation of a reserve, for the purpose of long term investments, Business Modernisation and capacity expansion, by transferring an amount of Rs. 23 billion from unappropriated profit to this reserve. Based on this decision, the reserves against long-term investments, capacity expansions and BMR amounting to Rs. 23 billion have been separately disclosed as capital reserve not available for distribution in these consolidated financial statements.

**17.4** The foreign currency translation reserve comprises all foreign currency differences arising from the translation of the consolidated financial statements of foreign operations.

	Mark-up cost	59,077	46,588
		264,743	238,199
	Charge / (reversal) in respect of obligation of the subsidiary company	4,027	(1,267)
		268,770	236,932
<b>21.3</b>	<b>Remeasurement gain charged in consolidated statement of comprehensive income</b>		
	Actuarial (gain) / losses from changes in financial assumptions	(1,683)	20,441
	Experience adjustments	(75,257)	20,980
		(76,940)	41,421
<b>21.4</b>	<b>Significant actuarial assumptions used</b>		

Following significant actuarial assumptions were used for the valuation by an independent valuer that is "Nauman Associates":

	2025	2024
Discount rate used for year end obligation	11.75%	14.75%
Rate used for markup cost	14.75%	16.25%
Expected increase in salary	10.00%	20.00%
Mortality rates	SLIC 2001-2005	SLIC 2001-2005
Withdrawal rates	Set back 1 Year	Set back 1 Year
Retirement assumption	Age-Based	Age-Based
	Age 60	Age 60

The discount rate used in the last actuarial valuation as on June 30, 2024 was 14.75% per annum. However, in the current investment environment, where there is an downward trend in the interest rate structure, the discount rate has been decreased to 11.75% per annum, in line with the specifications of the IAS-19.

Correspondingly, due to decrease in inflationary expectations, the rate of increase in eligible salary has been decreased to 10.75% from 13.75% per annum.

## 21.5 Associated risks

### (a) Final Salary risk (Linked to inflation risk)

The risk that the final salary at the time of cessation of service is greater than what has been assumed. Since the benefit is calculated on the final salary (which will closely reflect inflation and other macroeconomic factors), the benefit amount increases as salary increases.

### (b) Demographic risk

Mortality risk - The risk that the actual mortality experience is different than the assumed mortality. This effect is more pronounced in schemes where the age and service distribution is on the higher side.

Withdrawal risk - The risk of actual withdrawals experience is different from assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and the entitled benefits of the beneficiaries.

## 21.6 General description

The scheme provides retirement benefits to all its eligible employees of the Holding Company who are not part of the provident fund scheme and who have completed the minimum qualifying period of service. Actuarial valuation of the scheme is carried out periodically and latest actuarial valuation was carried out at June 30, 2025. The disclosure is based on information included in that actuarial report. The gratuity is measured on last drawn salary multiplied by number of years of service.

## 21.7 Sensitivity analysis

Reasonable possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant ( ± 100 bps ), would have affected the defined benefit obligation:

	2025 ------(Rupees in '000)-----	2024
Discount Rate + 100 bps	6,502	7,098
Discount Rate - 100 bps	(6,754)	(7,366)
Salary increase + 100 bps	(6,503)	(7,185)
Salary increase - 100 bps	6,371	7,044

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide approximation of the sensitivity of the assumptions shown.

## 21.8 Maturity profile

Maturity profile on defined benefit obligation as presented by actuary in the report;

	2025 ------(Rupees in '000)-----	2024
FY 2025	N/A	321,496
FY 2026	278,916	258,322
FY 2027	215,999	178,930
FY 2028	146,144	123,968
FY 2029	98,818	86,754
FY 2030	67,340	61,650
FY 2031	47,396	45,036
FY 2032	32,144	31,222
FY 2033	23,215	23,818
FY 2034	16,462	17,535
FY 2035	11,642	50,061
FY 2036 onwards	30,986	N/A

The average duration of the defined benefit obligation is 1 year.

## 21.9 Estimated expenses to be charged to consolidated statement of profit or loss in financial year 2026:

Current service cost	191,624
Mark up on defined benefit obligation	38,390
	<u>230,014</u>

- 26.1** This represents amount held by the Group pertaining to the Petitioners of the suit filed in the Honourable High Court of Sindh against the tax on bonus shares imposed through Finance Act 2014. The amount includes Rs. 18 million and Rs. 0.8 million (June 30, 2024: Rs. 18 million and Rs. 0.8 million) of Gul Ahmed Holdings (Private) Limited and an associated company respectively.

## **27 CONTINGENCIES AND COMMITMENTS**

### **Gul Ahmed Textile Mills Limited - Holding Company**

- 27.1** The Holding Company owns and possesses a plot of land measuring 44.04 acres in Deh Khanto which is duly registered in its name and appearing in the books at a cost of Rs. 83.86 million (June 30, 2024: Rs. 83.86 million). Ownership of the land has been challenged in the Honourable Sindh High Court by Messrs. Karim Bux, Iqbal Rasheed and Mansoor Munawar who claim to be the owners, as this land was previously sold to them and subsequently resold to the Holding Company. The legal consultant of the Holding Company is of the view that the Holding Company has a reasonable case and is expecting favourable outcome, therefore no provision has been made there against. In respect of the same land, the Holding Company has filed a suit in January 2021 for declaration and permanent injunction in the Honourable High Court of Sindh, seeking the declaration that the Holding Company is lawful owner of the said property and that the undated notice issued by the Pakistan Railways for sealing and taking over the possession of the said property is of no legal effect. The matter is at hearing stage and the legal consultant of the Holding Company is of the view that the title of the Holding Company stands clear and there is no likelihood of unfavourable outcome.

- 27.2** The Holding Company has filed a Petition in the Honourable Sindh High Court, dated March 30, 2008, against order passed by the Board of Trustees, Employees' Old-Age Benefits Institution (EOBI) for upholding the unjustified additional demand of payment raised by EOBI for accounting years 2000-2001 and 2001-2002 amounting to Rs. 50.83 million (June 30, 2024: Rs. 50.83 million). This demand was raised after lapse of more than two years although the records and books of the Holding Company were verified by the EOBI to their entire satisfaction and finalisation of all matters by EOBI. The Honourable Sindh High Court has restrained EOBI from taking any action or proceedings against the Holding Company. The legal consultant of the Holding Company is of the view that the Holding Company has a reasonable case and is expecting favourable outcome therefore, no provision has been made there against.
- 27.3** The Federal Board of Revenue (FBR) vide SRO 491(I)/2016 dated June 30, 2016 made amendments in SRO 1125(I)/2011 dated December 31, 2011 for disallowance of input tax adjustment on packing material. The Holding Company has challenged the disallowance of input tax adjustments on packing material in the Sindh High Court through suit No. 2381 / 2016 dated November 10, 2016 against Federation of Pakistan and others. The matter is pending before the Honourable Court for final outcome and the legal consultant of the Holding Company do not foresee any liability that is likely to arise, however provision has been made amounting to Rs. 431.88 million (June 30, 2024: Rs. 431.88 million) in these consolidated financial statements.
- 27.4** The Holding Company's review petition challenging the decision of High Court against the GIDC Act, 2015 had been dismissed by the Supreme Court of Pakistan while also suspending the billing of levy from August 2020. The court had ordered to pay the GIDC dues under the GIDC Act, 2015 with retrospective effect from December 15, 2011, in 48 monthly installments starting from August 2020. Total amount of the cess works out to Rs. 3.69 billion on the basis that the Holding Company has both Industrial and Captive connections having different GIDC rates. However, Oil and Gas Development Authority has ruled out that the consumers having supply of natural gas for industrial use and having in-house electricity generation facility for self-consumption do not fall under the definition of Captive as well as the Honourable Sindh High Court has also decided in favor of the Company on the issue of Captive connections for self consumption. Therefore, management, based on the legal advice believes that maximum liability of the Company in respect of GIDC will be Rs. 2.3 billion. The Company in September 2020 filed a suit in Honourable Sindh High Court challenging the chargeability of GIDC. The Honourable Sindh High Court granted stay order and restrained Sui Southern Gas Company (SSGC) from taking any coercive action against non-payment of installments of GIDC. However, the management on prudent basis has maintained a liability of Rs. 3.69 billion (June 30, 2024: Rs. 3.69 billion) in these consolidated financial statements (refer note 22.1).
- 27.5** The Holding Company has filed appeal before Commissioner Appeals Inland Revenue against the Order-In-Original vide No. 04/176 of 2023 dated August 24, 2023 whereby demand of Rs. 30.5 million along with penalty and default surcharge on the issue of dual adjustment of input tax claimed during the tax periods from September 2017 to May 2022. The Holding Company has claimed the said invoices but FBR has already deferred the input tax amount against the said service invoices during the process of sales tax refund and the Holding Company has not received any input tax amount against said service invoices. Department also validates the same deferred invoices with FBR system. The matter is at hearing stage and the legal consultant of the Holding Company is of the view that the title of the Holding Company stands clear and there is no likelihood of unfavourable outcome.
- 27.6** For the tax year 2016, FBR issued income tax amended order under section 122(1) of the ITO, 2001 on August 21, 2019, wherein certain provisions and expenses aggregating to Rs. 338.2 million (having tax impact of Rs. 108.2 million) were added back to the income and super tax of Rs. 42.8 million was also levied. The Holding Company contested the matter in appeal and Commissioner Income Tax (Appeal) passed an order in favor of the Holding Company allowing the expenses aggregating to Rs. 290 million. However, Department had filed an appeal in Appellate Tribunal on September 17, 2019 against the order which is still pending. The legal consultant believes that the aforementioned matter will be ultimately decided in favor of the Holding Company. Based on the advice of legal advisor, no provision is required to be made in the provision for taxation in these consolidated financial statements, in excess of the adjustment of Rs. 8 million recorded in these consolidated financial statements.
- 27.7** The Federal Government, through the Finance Act, 2019, amended Section 65B of the ITO, 2001, reducing the rate of tax credit from 10% to 5% on investments made in the extension, expansion, balancing, modernization, and replacement (BMR) of plant and machinery for Tax year 2019. Further, the availability of such tax credit was curtailed to June 30, 2019, whereas under the un-amended law, it was available up to June 30, 2021.

The Holding Company, along with other petitioners, challenged the aforesaid amendment before the Honourable Sindh High Court through constitutional petitions filed for Tax years 2019, 2020, and 2021. The Honourable Court granted interim relief, allowing the petitioners to file their income tax returns in accordance with the un-amended provisions of Section 65B. Consequently, the Holding Company claimed tax credit at the rate of 10% in its income tax returns for the above-mentioned tax years.

On February 07, 2023, the Honourable Sindh High Court decided the matter, holding that tax credit under Section 65B at the rate of 10% was allowable, subject to the condition that the letter of credit for import of plant and machinery was established on or before June 30, 2019 and the installation was completed on or before June 30, 2021.

The (FBR) preferred an appeal before the Honourable Supreme Court, contending that the applicable rate of tax credit should be restricted to 5% instead of 10%. Vide judgment dated September 18, 2024, the Honourable Supreme Court upheld the allowance of 10% tax credit only in respect of plant and machinery imported and installed up to June 30, 2019, while disallowing the tax credit for Tax Year 2020. Since the Holding Company had derecognised the investment tax credit in previous years, now as a result of the aforementioned judgement of the Supreme Court, the Holding Company has recorded adjustment of Rs. 470.177 million, for the said judgement in these consolidated financial statements (refer note 36).

- 27.8** The Holding Company, along with other petitioners, has challenged the retrospective increase of the rates of super tax for tax year 2023 in the Honourable Islamabad High Court through Constitutional Petition. The Honourable High Court has passed an interim order dated October 03, 2023 allowing the petitioners not to pay Super Tax in excess of the rate prescribed in the amendment under challenge and has restrained tax authorities, from taking any coercive action against the Holding Company. On March 15, 2024, the Honourable Islamabad High Court decided the case in favour of the Holding Company. The FBR has filed an appeal before Divisional Bench of Islamabad High Court against the above judgment which is pending for hearing. The amount of super tax involved is Rs. 946 million (June 30, 2024: Rs. 421 million).

The Supreme court, vide Order dated March 23, 2025 directed that all the petitioners and appeal pending at different High court of the Country regarding Super Tax should be transferred to the Supreme Court of Pakistan. Accordingly, the above mentioned case has also been, transferred to the Supreme Court of Pakistan.

- 27.9** The Holding Company along with several other petitioners had filed a Constitution Petition on January 16, 2020 against Karachi Water & Sewerage Board (KWSB) and others in the Honourable Sindh High Court against notification dated October 30, 2019 issued by the KWSB whereby water charges were increased from Rs. 242 to Rs. 313 per 1000 gallons. The Honourable Sindh High Court has restrained KWSB from taking any coercive action against the Holding Company and allowed the Holding Company to pay the bills as per old rates. As required under the Order, the Holding Company provides banker's verified Cheques each month aggregating to Rs. 337.89 (June 30, 2024: Rs. 211.72 million) being the difference between Rs. 313 and Rs. 242 per 1000 gallons and based on the advice of the legal consultant, as a matter of prudence, maintained full provision in these consolidated financial statements.
- 27.10** The Holding Company along with other petitioners have challenged the imposition of Infrastructure Cess by the relevant Excise and Taxation Officer, Karachi through petition dated May 28, 2011. Furthermore, the Holding Company has also filed petition against Sindh Infrastructure Cess levied through the Sindh Finance Act, 1994. During the year ended June 30, 2018 the Sindh Development and Maintenance of Infrastructure Cess Act, 2017 (the Act) was also enacted by the Province of Sindh against which the Holding Company also had filed constitutional petition dated October 14, 2017 and Honourable High Court of Sindh had allowed interim relief to the Holding Company till final judgment has been allowed in other similar petitions. However, based on the advice of legal consultant, full amount has been provided in these consolidated financial statements. During the year, no progress was made in court proceedings. The Bank Guarantee of Rs. 2,107 million as a security was given (June 30, 2024: Rs. 1,477 million).
- 27.11** The Holding Company along with several other companies filed a suit in the Honourable Sindh High Court challenging the notification via SRO No. (I) / 2015 dated August 31, 2015 regarding increase in the gas tariff, on November 16, 2015, which was decided by the Honourable Sindh High Court in favor of the Holding Company and thereafter, the Government filed an appeal in the Divisional Bench of the Honourable Sindh High Court against the decision, which has also been decided in favor of the Holding Company. As a matter of prudence, the Holding Company has maintained a full provision of the said notification amounting to Rs. 159.9 million (June 30, 2024: Rs. 159.9 million) in the consolidated financial statements.

OGRA issued further notifications on December 30, 2016, September 17, 2018, October 23, 2020 enhancing the rates. The Holding Company, along with others, has filed petition in the Honourable Sindh High Court against the said notifications.

For notification dated December 30, 2016, Honourable Sindh High Court granted interim relief and instructed Sui Southern Gas Company (SSGC) to revise the bills at previous rate and instructed the Holding Company to deposit the differential amount cheques with Nazir Sindh High Court as security. During the year, the Divisional Bench of Honourable Sindh High Court has decided the case in favour of the Holding Company vide judgment dated February 03, 2025. Simultaneously, the Divisional Bench of Sindh High Court vide Judgment dated March 10, 2025, ordered that the Nazir of Sindh High Court returns the cheques of Rs. 250.67 million which was deposited with Nazir, which have been received back by the Holding Company. SSGC has filed the appeal in Supreme Court against the judgment.

For notification dated October 23, 2020, on February 18, 2024, the Honourable Sindh High Court decided the case against the Holding Company. The Holding Company filed an appeal in the Divisional Bench of the Honourable Sindh High Court against the decision, which has also been decided against the Holding Company dated March 28 2024. Now, the Company has filed appeal in the Supreme Court against the judgment passed by the Divisional Bench of Honourable Sindh High Court and the case is currently pending for hearing.

On February 15, 2023, OGRA issued another notification revising the gas tariff with retrospective effect from January 01, 2023. The Holding Company, along with several other companies, has filed a suit in the Honourable Sindh High Court challenging the increase in the gas tariff with retrospective effect. The Honourable Sindh High Court has restrained SSGC from taking any coercive action against the Holding Company. As a matter of prudence, the Holding Company has maintained a full provision of the said notification amounting to Rs. 174.4 million (June 30, 2024: Rs. 174.4 million) in the consolidated financial statements.

On November 08, 2023, OGRA issued notification and increased the gas rate retrospectively from November 01, 2023. The Holding Company along with others filed petition in the Honourable Sindh High Court against the notification challenging the increase of gas tariff and its retrospective application from November 01, 2023. While the case is currently pending for hearing before the Honourable Sindh High Court, however, the Holding Company has paid increased amount to SSGC with the understanding that incase the decision comes in favour of the Holding Company, the SSGC will either refund the excess amount or it will adjust in future bills post favourable decision.

While awaiting the decision for above case, on February 15, 2024, SSGC issued another notification to further increase the gas tariff with retrospective application from February 1, 2024, where the Holding Company again challenged its retrospective charge from February 01, 2024. Subsequently, the Honourable Sindh High Court decided the case of retrospective application under above notification in favour of the Holding Company, which has been challenged by SSGC in the Supreme Court of Pakistan and is currently, pending for hearing.

**27.12** The Holding Company along with several other companies filed a suit in the Honourable Sindh High Court challenging the notification via SRO No. (I) / 2015 dated August 31, 2015 for charging of captive power tariff instead of Industry tariff rate to the Holding Company, as the Holding Company is producing electricity entirely for its own consumption, on November 16, 2015, which was decided by the Honourable Sindh High Court in favor of the Holding Company and thereafter, the Government filed an appeal in the Divisional Bench of the Honourable Sindh High Court against the decision, which has also been decided in favor of the Holding Company. SSGC has filed the appeal in Supreme Court against the judgement. As a matter of prudence, the Holding Company has maintained a full provision of the said notification amounting to Rs. 237.6 million (June 30, 2024: Rs. 237.6 million) in the consolidated financial statements.

The Holding Company along with several other companies has filed a suit in the Honourable Sindh High Court challenging the notifications dated December 30, 2016, September 17, 2018 and October 23, 2020 for charging of captive power tariff instead of Industry tariff rate to the Holding Company, as the Holding Company is producing electricity entirely for its own consumption. The Honourable Sindh High Court has passed the interim orders for not charging the Captive power tariff rates and consequently restrained SSGC from taking any coercive action against the Holding Company.

During the year, for OGRA Notification dated on December 30, 2016, the Divisional Bench of Honourable Sindh High Court has decided the case in favour of the Holding Company vide judgment dated February 03, 2025. SSGC has filed the appeal in Supreme Court against the judgment. Simultaneously, the Divisional Bench of Sindh High Court vide Judgment dated March 10, 2025, ordered that the Nazir of Sindh High Court returns the cheques of Rs. 388.57 million which was deposited with Nazir, which have been received back by the Holding Company. SSGC has filed the appeal in Supreme Court against the judgment.

OGRA issued another notification dated October 04, 2018 revising the tariff effective September 27, 2018, and subsequent to this notification, the Holding Company paid the bills accordingly at the specified rates.

**27.13** The Holding Company along with other Companies, have challenged the vires of the Off the Grid (Captive Power Plants) Levy Ordinance, 2025 promulgated on January 30, 2025 and the notifications dated March 07, 2025 issued by the Ministry of Energy in purported exercise of the powers conferred by section 3(1) of the Impugned Ordinance, which imposes a levy, to be notified by Ministry of Energy, on the consumption of natural gas or RLNG by captive power plants over and above the sale price of such natural gas or RLNG. The above case is still pending before the Honourable Islamabad High Court. The Holding Company, along with others, filed petition in the Honourable Sindh High Court against the notification challenging with its retrospective implication from February 01, 2025. The Honourable Sindh High Court has passed the interim orders for not charging the relevant amount for the month of February 2025. The Bank Guarantee of Rs. 138.59 million (June 30, 2024 Rs. Nil) as a security was given, while awaiting the decision for above case.

## **27.14 Guarantees and others**

- (a) Guarantees of Rs. 5,464 million (June 30, 2024: Rs. 2,542 million) have been issued by banks on behalf of the Group which are secured by pari passu hypothecation charge over stores and spares, stock-in-trade, trade debts and other receivables. These guarantees includes guarantees issued by related parties amounting to Rs. 2,980 million (June 30, 2024: Rs. 1,154 million).
- (b) Post dated cheques of Rs. 30,298 million (June 30, 2024: Rs. 25,580 million) are issued to Custom Authorities in respect of duties on imported items availed on the basis of consumption and export plans.
- (c) Bills discounted Rs. 11,220 million (June 30, 2024: Rs. 13,451 million), including bills discounted from related parties amounting to Rs. 3,643 million (June 30, 2024: Rs. 4,470 million).
- (d) Corporate guarantee of Rs. 264 million (June 30, 2024: Rs. 237 million), Rs. 1,129 million (June 30, 2024: 1,106 million) and Rs. 256 million (June 30, 2024: Rs. 251 million) have been issued to various banks in favor of subsidiary companies - GTM (Europe) Limited, Gul Ahmed International FZC and Sky Home Corp. respectively.

<b>27.15 Commitments</b>	<b>Note</b>	<b>2025</b>	<b>2024</b>
		<b>----- (Rupees in '000) -----</b>	
Capital expenditure for plant and machineries		<b>3,892,512</b>	761,382
Other than capital expenditure	27.15.1	<b>22,897,749</b>	15,429,528
Forward foreign exchange contracts	27.15.2	<b>9,183,718</b>	21,344,805

**27.15.1** Other than capital expenditure includes commitments for purchase of raw materials and stores and spares.

**27.15.2** This includes forward foreign exchange contracts amounting to USD 30 million (2024: USD 33 million), equivalent to Rs. 8,646 million (June 30, 2024: Rs. 9,543 million) obtained under pre-shipment exports. The Group is obligated to provide export documents against such amount. The above liability has been appropriately recorded under Export Facilitation Scheme and is disclosed in note 24 of these consolidated financial statements.

## **Pension Commitments**

GTM (Europe) Ltd. operates a defined contributions pension scheme. The assets of the scheme are held separately from those of GTM (Europe) Ltd. in an independently administered fund. The pension cost charge represents contributions payable by GTM (Europe) Ltd. to the fund and amounted to Rs. 2.0 million (June 30, 2024: Rs. 1.8 million).

## 43 CAPACITY AND PRODUCTION

Unit	2025			2024		
	Capacity	Production	Working	Capacity	Production	Working
----- (Rupees in '000) -----						
Spinning Kgs. (20 Counts converted)	98,277	92,433	3 shifts	98,277	93,227	3 shifts
Weaving Sq. meters (50 Picks converted)	239,649	219,048	3 shifts	234,987	213,103	3 shifts

Production is lower as compared to capacity due to variation in production mix and various technical and market factors.

The production capacity and its comparison with actual production of Processing, Home Textile and Apparel segments is impracticable to determine due to varying manufacturing processes, run length of order lots and various other factors.

## 44 NUMBER OF PERSONS EMPLOYED

## 47 FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES

### Financial risk management objectives

The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, markup risk and price risk), credit risk and liquidity risk. The Group's overall risk management program focuses on the unpredictability of financial markets and seek to minimise potential adverse effects on the Group's financial performance.

Risk Management is carried out under policies and principles approved by the Board of Directors. All treasury related transactions are carried out within the parameters of these policies and principles.

The information about the Group's exposure to each of the above risk, the Group's objectives, policies and procedures for measuring and managing risk and the Group's management of capital is as follows:

### 47.1 Market risks

Market risk is the risk that the fair value of future cash flows of the financial instrument may fluctuate as a result of changes in market interest / markup rates or the market price due to change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities, and liquidity in the market. Market risk comprises of three types of risks: currency risk, markup risk and other price risk. The Group is exposed to currency risk and markup risk only.

#### a) Currency risk

Foreign currency risk represents the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign currency risk arises mainly from future economic transactions or receivables and payables that exist due to transactions in foreign exchange.

#### Exposure to foreign currency risk

The Group is exposed to foreign currency risk arising from foreign exchange fluctuations due to the following financial assets and liabilities:

	2025	2024
	(Equivalent USD 000s)	
Trade debts	29,127	36,371
Cash and bank balances	893	1,685
Short term borrowings	(86,429)	(45,112)
Trade and other payables	(1,757)	(623)
Net exposure	(58,166)	(7,679)

The Group manages foreign currency risk through due monitoring of the exchange rates, adjusting net exposure and obtaining forward covers where necessary.

	2025	2024
	----- (Rupees in '000) -----	
Foreign currency commitments and guarantees outstanding at year end are as follows:		
USD	128,191	100,058
EURO	500	500
AED	14,600	14,600
GBP	250	250

The following significant exchange rates were applied during the year:

	2025	2024
<b>Rupee per USD</b>		
Average rate (Selling / Buying)	279.6 / 279.1	283.4 / 283.0
Reporting date rate (Selling / Buying)	283.9 / 283.5	278.6 / 278.1
<b>Rupee per EURO</b>		
Average rate (Selling / Buying)	304.1 / 303.7	306.7 / 306.2
Reporting date rate (Selling / Buying)	333.1 / 332.6	297.8 / 297.4
<b>Rupee per GBP</b>		
Average rate (Selling / Buying)	361.7 / 361.1	356.5 / 357.2
Reporting date rate (Selling / Buying)	389.7 / 389.1	356.9 / 356.4
<b>Rupee per AED</b>		
Average rate (Selling / Buying)	76.1 / 76.0	75.8 / 75.7
Reporting date rate (Selling / Buying)	77.3 / 77.2	77.2 / 77.1

## Foreign currency sensitivity analysis

A five percent strengthening / weakening of the PKR against the USD at June 30, 2025 would have increased / decreased the equity and profit / loss after tax by Rs. 814 million (2024: Rs. 334 million). This analysis assumes that all other variables, in particular markups, remain constant. The analysis is performed on the same basis for June 30, 2024.

The sensitivity analysis prepared is not necessarily indicative of the effects on profit for the year.

### b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to change in the interest rates. The Group has long term finance and short term borrowings at fixed and variable rates.

The Group is mainly exposed to interest rate risk on short term financing under variable rate arrangements and these are covered by holding "Prepayment option" and "Rollover option", which can be exercised upon any adverse movement in the underlying interest rates.

Financial assets include balances of Rs. 1,115 million (June 30, 2024: Rs. 731 million) which are subject to interest rate risk. Financial liabilities include balances of Rs. 83,835 million (June 30, 2024: Rs. 64,058 million) which are subject to interest rate risk. Applicable interest / mark-up rates for financial assets and liabilities are given in respective notes.

### Cash flow sensitivity analysis for variable rate instruments

At June 30, 2025, if markups on interest bearing financial instruments would have been 1% higher / lower with all other variables held constant, post tax profit for the year would have been Rs. 827 million (2024: Rs. 603 million) lower / higher, mainly as a result of higher / lower interest expense on floating rate borrowings.

### Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit and loss account. Therefore, a change in markup at the reporting date would not effect consolidated statement of profit or loss of the Group.

### c) Other price risk

Price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices (other than those arising from interest or currency rate risk) whether those changes are caused by factors specified to the individual financial instrument or its issuer or factors affecting all similar financial instruments traded in the market. As at June 30, 2025, the Group is not exposed to other price risk.

## 47.2 Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation without considering the fair value of the collateral available there against. Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions.

### Exposure to credit risk

The Group's operating activities exposes it to credit risks arising mainly in respect of long term investment, loans and other receivables, trade debts, long term deposits and bank balances. The maximum exposure to credit risk at the reporting date is as follows:

	Note	2025 ----- (Rupees in '000) -----	2024
Long term investment		70,000	70,000
Other receivables		1,555,134	1,149,753
Long term loans		143,735	91,084
Long term deposits		512,483	518,467
Trade debts	12	21,520,605	20,719,045
Bank balances	15	460,790	893,579
		<b>24,262,747</b>	<b>23,441,928</b>

The Group manages credit risk as follows:

### Loans and other receivables

These loans are due from employees and are recovered in monthly installments deductible from their salaries. Retirement balances are also available for these employees against which balance can be adjusted incase of default. The Group actively pursues for the recovery of these loans and the Group does not expect that these employees will fail to meet their obligations, hence the management believes no impairment allowance is required there against.

Other receivables include bank guarantee margin Letter of Credit and miscellaneous receivables which are neither past due nor impaired. The Group believes that based on past relationship, credit rating and financial soundness of the counter parties chances of default are remote and also there is no material impact of changes in credit risks of such receivables so no impairment allowance is necessary in respect of these advances and receivables.

### Long term deposits

These are mainly held for rental premises and utilities with the counter parties which have long association with the Group and have a good credit history. The management does not expect to incur credit loss there against.

### Trade debts

Trade debts are due from local and foreign customers. The Group manages credit risk inter alia by setting out credit limit in relation to individual customers, by obtaining advance against sales and / or through letter of credits and / or by providing impairment allowance for life time expected credit loss on trade debts.

Trade debts under irrevocable letter of credit, document acceptance and other acceptable banking instruments are considered secured. Further the majority of the customers have been transacting with the Group for several years. The Group actively pursues for the recovery of the debt and based on past experience and business relationship and credit worthiness of these customers, the Group does not expects these customers will fail to meet their obligations except for some past due trade debts against which adequate allowance for impairment has been made.

The Group has established an allowance for expected credit losses against trade debts that represent its estimate of expected losses based on actual credit loss experience in respect of trade debts based on the last 3 years. The allowance determined is then multiplied by the weighted average macroeconomic factors for the three developed scenarios namely "Base", "Best" and "Worst" to incorporate the forward-looking information in expected credit loss model. The macroeconomic factors used include GDP Forecast, Unemployment Forecast, Inflation Rate Forecast and Exchange Rate Forecast. The Group has aging of the trade debts of the Group outstanding as at year end is as follows:

	2025		2024	
	Gross Carrying Amount	Impairment Loss Allowance	Gross Carrying Amount	Impairment Loss Allowance
----- (Rupees in '000) -----				
<b>2025</b>				
<b>Secured</b>	6,192,642	-	5,595,157	-
<b>Unsecured</b>				
Current	10,188,308	4	11,909,590	17
1-30 Days	4,320,028	406	2,207,805	3,101
31-60 Days	628,499	5,909	700,840	9,973
61-90 Days	41,001	248	376,504	57,760
More than 90 Days	310,929	164,128	158,620	158,620
	<b>21,681,407</b>	<b>170,695</b>	<b>20,948,516</b>	<b>229,471</b>

Management believes that the unimpaired balances that are past due are still collectable in full, based on historical payment behavior and review of financial strength of respective customers. Further, certain trade debtors, which have been derecognised as a result of bills discounting, are secured by way of Export Letter of Credit and Inland Letter of Credit, which can be called upon if the counter party is in default under the terms of the agreement.

#### Long term investment and bank balances

The Group limits its exposure to credit risk by maintaining bank accounts and investing only with counter-parties that have stable credit rating.

The long term investment and bank balances along with credit ratings are tabulated below:

	Note	2025	2024
		----- (Rupees in '000) -----	
Long term investment			
AAA	7	70,000	70,000
Bank balances			
AAA		158,027	106,780
AA+		61,844	5,700
AA		14,197	765
AA-		2,492	75,711
A+		1,893	180,351
A1		221,937	464,170
BBB-		400	60,102
		<b>460,790</b>	<b>893,579</b>
		<b>530,790</b>	<b>963,579</b>

Given these high credit ratings, management does not expect that any counter party will fail to meet their obligations.

#### Concentration of credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry. The Group exposure to a single customer exceeding 10% of the total exposure amounts to Rs. 2,436 million (2024: Rs. 2,790 million).

Credit risk of the Group arises principally from long term investments, long term loans and other receivables, trade debts, long term deposits and bank balances.

## 47.3 Liquidity risk

Liquidity risk represent the risk where the Group will encounter difficulty in meeting obligations associated with financial liabilities when they fall due. The exposure to liquidity risk along with their maturities is disclosed in respective notes and note 46.

The Group manages liquidity risk by maintaining sufficient cash in hand and at banks and ensuring the fund availability through adequate credit facilities. At June 30, 2025, the Group has Rs. 71,760 million (June 30, 2024: Rs. 45,368 million) available borrowing limit from financial institutions. Unutilised borrowing facilities of Rs. 16,753 million (June 30, 2024: Rs. 4,734 million) and also has Rs. 558 million (June 30, 2024: Rs. 1,082 million) being cash in hand and balances at banks. Based on the above, management believes the liquidity risk is insignificant.

	Note	Less than one year	More than one year	Total carrying amount
----- (Rupees in '000) -----				
<b>As at June 30, 2025</b>				
Long term financing	18	3,878,180	18,392,475	22,270,655
Lease liability against right of use assets	19	1,826,863	5,998,547	7,825,410
Trade and other payables	22	26,826,772	-	26,826,772
Accrued mark-up / profit	23	886,790	-	886,790
Short term borrowings	24	56,082,057	-	56,082,057
Unclaimed dividend		9,365	-	9,365
Unpaid dividend	26	23,505	-	23,505
		<b>89,533,532</b>	<b>24,391,022</b>	<b>113,924,555</b>
Total as at June 30, 2024		81,508,809	19,388,043	100,896,852

## 47.4 Capital risk management

The primary objectives of the Group when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure.

The Group manages its capital structure and makes adjustment to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders or issue new shares.

The Group's strategy is to maintain leveraged gearing. The gearing ratios as at June 30, 2025 and June 30, 2024 were as follows:

	2025	2024
----- (Rupees in '000) -----		
Total borrowings	78,352,712	60,319,851
Cash and bank	(559,457)	(1,081,768)
Net debt	77,793,255	59,238,083
Total equity	51,840,197	47,327,699
Total equity and debt	129,633,452	106,565,782
----- ( % ) -----		
Gearing ratio	60	56

The Group finances its operations through equity, borrowings and management of working capital with a view to maintain an appropriate mix amongst various sources of finance to minimise risk and borrowing cost.

## 48 FAIR VALUES

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique.

The Group while assessing fair values uses valuation techniques that are appropriate in the circumstances using relevant observable data as far as possible and minimising the use of unobservable inputs. Fair values are categorised into following three levels based on the input used in the valuation techniques;

- **Level 1** Quoted prices in active markets for identical assets or liabilities that can be assessed at measurement.
- **Level 2** Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- **Level 3** Inputs are unobservable inputs for the asset or liability Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

If inputs used to measure the fair values of an asset or a liability fall into different levels then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Transfers, if any, between levels of the fair value hierarchy is recognised at the end of the reporting period during which the transfer has occurred. The Group's policy for determining when transfers between levels in the hierarchy have occurred includes monitoring of changes in market and trading activity and changes in inputs used in valuation techniques.

As at year end, the fair value of all the financial assets and liabilities approximates to their carrying values. The operating fixed assets and right of use asset is carried at cost less accumulated depreciation and impairment if any, except there is no free-hold land and lease-hold land which are stated at cost. The Group does not expect that unobservable inputs may have significant effect on fair values. The fair values of forward exchange contracts is determined based on the forward exchange rates at the reporting date included in the level 2 of the fair value hierarchy.

## 49 GENERAL

### 49.1 Events occurring after reporting date

On September 29, 2025, Board of Directors, approved the closure of the Group's Export Apparel operations as part of its strategic review of operations. The closure will be implemented in the forthcoming financial year, with financial and operational impacts to be recognised in the consolidated financial statements of the ensuing year.

### 49.2 Corresponding figures

Corresponding figures have been rearranged or reclassified, where necessary, for the purpose of better presentation. No significant rearrangement or reclassification was made in these consolidated financial statements during the current year.

## 50 DATE OF AUTHORISATION

These consolidated financial statements were authorised for issue by the Board of Directors of the Group in their meeting held on September 29, 2025.

**MOHOMED BASHIR**  
Chairman

**MOHAMMED ZAKI BASHIR**  
Chief Executive Officer

**MUHAMMAD KASHIF RIAZ**  
Chief Financial Officer

A proxy must be a member of the Company.
- The proxy form shall be witnessed by two persons whose names, addresses and CNIC numbers shall be mentioned on the form.
- Copies of CNIC or the valid passport of the beneficial owners and the proxy shall be furnished along with the proxy form.
- The proxy shall produce his original CNIC or original valid passport at the time of the Meeting.
- In case of a corporate entity, the Board of Directors' resolution / Power of Attorney with specimen signature shall be submitted (unless it has been provided earlier).

## 4. Updation of shareholder addresses / other particulars

Members holding shares in physical form are requested to promptly notify Shares Registrar of the Company of any change in their addresses or any other particulars. Shareholders maintaining their shares in electronic form should have their address updated with their participant or CDC Investor Accounts Services.

Further, to comply with requirements of section 119 of the Companies Act, 2017 and Regulation 47 of the Companies Regulations, 2024, all CDC and physical shareholders are requested to have their email address and cell phone numbers incorporated / updated in their physical folio or CDC account.

## 5. Electronic dividend mandate

- CNIC number of the shareholders is mandatorily required for dividend distribution and in the absence of such information, payment of dividend shall be withheld in term of SECP's order dated June 3, 2016. Therefore, the shareholders who have not yet provided their CNICs are once again advised to provide the attested copies of their CNICs directly to our Shares Registrar. The shareholders while sending CNIC must quote their respective folio number and name of the Company.

- b. Under the provisions of Section 242 of the Companies Act, 2017 and the Companies (Distribution of Dividends) Regulations, 2017, it is mandatory for a listed company to pay cash dividend to its shareholders only through electronic mode directly into bank account designated by the entitled shareholders. Shareholders who have not yet submitted their International Bank Account Number (IBAN) are requested to fill in Electronic Credit Mandate Form available on Company's website and send it duly signed along with a copy of CNIC to the Registrar of the Company.

In case shares are held in CDC then Electronic Credit Mandate Form must be submitted directly to shareholder's broker/participant/CDC account services.

In the absence of a member's valid IBAN and CNIC, the Company will be constrained to withhold payment of dividend to such member.

## **6. Electronic Transmission Of Annual Reports and Notices**

In compliance with section 223(6) of the Companies Act, 2017, and pursuant to the S.R.O. 389(I)/2023 dated March 21, 2023 the Company has electronically transmitted the Annual Report 2025, downloadable through weblink, QR enabled code, through email to Members whose email addresses are available with the Company's Share Registrar. However, in cases, where email addresses are not available with the Company's Share Registrar, printed copies of the notices of AGM along-with the QR enabled code/weblink to download the Annual Report 2025 (containing the financial statements), have been dispatched.

Notwithstanding the above, the Company will provide hard copies of the Annual Report 2025, to any Member on their request, at their registered address.

## **7. Conversion of Physical Shares into CDC Account**

As per Section 72 of the Companies Act, 2017 all existing companies are required to convert their physical shares into book-entry form within a period not exceeding four years from the date of commencement of the Companies Act, 2017.

The Securities and Exchange Commission of Pakistan through its circular # CSD/ED/Misc./2016-639-640 dated March 26, 2021 has advised the listed companies to pursue their members who still hold shares in physical form, to convert their shares into book entry form.

We hereby request all members who are holding shares in physical form to convert their shares into book-entry form at the earliest. They are also suggested to contact the Central Depository Company of Pakistan Limited or any active member/stock broker of the Pakistan Stock Exchange to open an account in the Central Depository System and to facilitate conversion of physical shares into book-entry form. Members are informed that holding shares in book-entry form has several benefits including but not limited to secure and convenient custody of shares, conveniently tradeable and transferable, No risk of loss, damage or theft, no stamp duty on transfer of shares in book entry form and hassle-free credit of bonus or right shares.

We once again strongly advise members of the Company, in their best interest, to convert their physical shares into book entry form at the earliest.

## 8. Unclaimed Dividend / Shares under Section 244 of the Companies Act, 2017

The Company has sent notices to shareholders under Section 244 of the Companies Act, 2017 whereby the Company approached the shareholders to claim their unclaimed dividends and undelivered share certificates in accordance with the law.

An updated list for unclaimed dividend/shares of the Company, which have remained unclaimed or unpaid for a period of three years from the date these have become due and payable, is available on the Company's website: <https://gulahmed.com/list-of-unclaimed-shares-and-unpaid-cash-dividend/>

Claims can be lodged by shareholders on Claim Form as is available on the Company's website. Claim Forms must be submitted to the Company's Share Registrar for receipt of dividend/ shares.

## 9. E-Voting

In accordance with the Companies (Postal Ballot) Regulation, 2018, as amended, the right to vote through electronic voting facility will be provided by the Company in respect of the Special Business. Details of e-voting facility will be shared through e-mail with those shareholders of the Company who have their valid CNIC numbers, Cell Numbers and e-mail addresses available in the register of Members of the Company within due course. A shareholder may alternatively opt for voting through postal ballot which is being published with this notice and is also available on Company's website.

## 9. Postal Ballot

Shareholders will be allowed to exercise their right to a poll in accordance with the requirements of Sections 143 to 145 of the Companies Act, 2017 and the Companies (Postal Ballot) Regulations, 2018.

## 10. Non-Resident Shareholders

Non-resident individual shareholders shall submit declaration or undertaking with copy of valid passport under definition contained in Section 82 of the Income Tax Ordinance, 2001 for determination of residential status for the purposes of tax deduction on dividend to the Shares Register of the Company or email at [info.shares@famcosrs.com.pk](mailto:info.shares@famcosrs.com.pk) at the latest by October 17, 2025. The copy of declaration form can be downloaded from Shares Registrar website: <https://famcosrs.com.pk/share-registration-services/>.

## Statement Under Section 134(3) of the Companies Act, 2017 Pertaining to Special Business

This Statement sets out the material facts pertaining to the Special Business Resolution described in the Notice of Annual General Meeting ("AGM"), intended to be transacted at the 73rd AGM of Gul Ahmed Textile Mills Limited ("the "Company") that is scheduled to be held on October 25, 2025.

1. The Company carries out transactions with its associated companies and related parties in accordance with its policies and applicable laws and regulations. Certain related party transactions require Shareholder approval under Section 207 of the Companies Act, 2017 as a majority of directors on the Gul Ahmed Textile Mills Limited Board are interested in the transaction by virtue of being shareholders or directors in related entities.

The details of such transactions are as under:

All related party transactions are in accordance with Company's policies and comply with all legal requirements. These are primarily transactions conducted in the ordinary course of business. Under the Company's Policy for Related Party Transactions all related party transactions are reviewed periodically by the Board Audit Committee which is chaired by an Independent Director. Following review by the Board Audit Committee, the said transactions are placed before the Board of Directors for approval.

The Shareholders are requested to ratify the transactions with related parties in which the majority of the Directors are interested as disclosed in the Financial Statements for the year ended June 30, 2025 and further to authorize the Company to conduct certain related party transactions in which the majority of Directors are interested for the Financial Year ending

June 30, 2026. Shareholders' approval is also sought to authorize and grant power to the Board to periodically review and approve such transactions based on the recommendation of the Board Audit Committee.

Based on the aforesaid the Shareholders are requested to pass the Special Business Resolution as stated in the Notice.

The Directors who are interested in this subject matter are as follows:

- **Mr. Mohomed Bashir**
- **Mr. Mohammed Zaki Bashir**
- **Mr. Zain Bashir**
- **Mr. Ziad Bashir**
