# DIRECTORS' REVIEW

On behalf of the Board of Directors, we are pleased to present the Directors' Review of the Bank along with the unaudited condensed interim financial statements for the nine months ended September 30, 2025.

The Bank is on the verge of achieving its consolidation plan moving towards Capital compliance. The commitment from the Sponsor shareholder has been unprecedented in this journey, whether it be offering additional capital through an amalgamation of their company "Global Haly" into the Bank or it be depositing Rs. 5 billion against capital injection. Sale of the Cullinan Tower is an integral part of the plan which has been achieved by signing an agreement to sell of Rs 12 billion and receiving Rs. 1 billion as an advance, which will be adding toward the equity of the Bank. In addition to this, the settlement application for the recovery of the non-performing loans owned by the various companies of a large group is in the final stages of conclusion. On top of all this, the Bank is aggressively working on the organic growth which will help the Bank to position itself in closing the year with record numbers.

#### THE BANK'S PERFORMANCE

The highlights of the financial results for the nine months ended September 30, 2025 are as follows:

| Profit after tax  | 861     |
| Basic and diluted earning per share - Rupee               | 0.13    |

The journey of success has started with remarkable turnaround by converting the bottom line from negative to positive after almost a decade. The Bank posted Profit before tax of Rs. 1.75 billion against the loss of Rs. 5.05 billion for the comparative period last year reflecting remarkable turnaround of Rs. 6.80 billion. Loss after tax of Rs. 3.18 billion in the comparable period last year is converted into Profit of Rs. 0.861 billion indicating an improvement in the financial performance. Specifically, the Bank has significantly improved its total income by Rs. 2.20 billion, that is from total expense of Rs. 0.06 billion for 2024 to total income of Rs. 2.12 billion in 2025. Unprecedented recovery efforts had played a significant role in achieving this profitability.

In line with the gradual decrease in the policy rate by the SBP over the period, the average policy rate of 20.78% in nine months of 2024 reduced to an average of 11.56% for the current period. To manage the rate risk of a decreasing yield curve, the arbitrage book was reduced and as a result, the average net investments decreased in line with the reduction in average borrowings. The average net investments as at September 30, 2025 was reported at Rs. 140.16 billion compared to Rs. 185.15 billion in the same period last year and the average net investment yields also declined accordingly as a result the Bank's income from investments decreased to Rs. 12.84 billion for the current period.

To align with the strategy to reduce risk-weighted assets, the average net advances were curtailed to a total of Rs. 14.29 billion as at September 30, 2025, compared to Rs. 16.29 billion for the comparable period last year. Net yields on advances also reduced to 8.89% for the current period, compared to 17.94% for the same period last year in line with the policy rate. As a result, Income from advances ended lower at Rs. 0.95 billion for the current period, compared to Rs. 2.19 billion for the comparable prior period.

Deposits closed at Rs. 165.58 billion as of September 30, 2025, representing an increase of Rs. 3.11 billion or 1.92% compared to the same period last year. In terms of averages, the portfolio grew by Rs. 11.51 billion, or 7.28% as compared to the same period last year. Amidst stiff competition for rates, the Bank's focus remained on CASA mix and retaining non-remunerative accounts. As of September 30, 2025, the Bank's CASA ratio improved to 94.58% (September 2024: 89.59%) resulting in the average cost of deposits of 7.20% for the current period.

In line with the reduction in the arbitrage book, the average borrowings for the current period was reported lower than the comparative period last year by Rs. 53.89 billion. Meanwhile, the overall average cost of borrowing also declined to 11.63% from 20.68% in the comparative prior period.

While capitalising on the declining interest rates, the bank recorded an exceptional capital gain of Rs 1.97 billion on sale of government securities which contributed in increasing the overall non-funded income of the Bank to a total of Rs 2.97 billion representing an increase of 9.03% against the comparable period last year.

The Bank successfully exhibited prudent control over its operating expenses by continuously monitoring and implementing cost control initiatives and was able to restrict the increase in its operating expenses to only 7.18% compared to the same period last year. The Bank's total non mark-up expenses amounted to Rs. 6.39 billion, compared to Rs. 5.96 billion for the same period last year.

Continuing the unprecedented performance in the last three years the Bank made historical high recoveries from non-performing loans by posting net provision reversal of Rs 5.99 billion as against 0.97 billion in the comparative prior period. As a result of these recovery efforts, the NPL position has been reduced from Rs. 34.19 billion in December 2024 to Rs.28.88 billion in September 2025

As of September 30, 2025, the Bank's gross NPL ratio (Gross non-performing loans to Gross Advances) decreased to 63.57%, compared to 69.95% recorded on December 31, 2024. This decrease is mainly attributed to a reduction in non-performing loans by Rs. 5.31 billion. Additionally, the coverage ratio as of September 2025 stood at 95.49%, compared to 96.59% as on December 2024.

#### CREDIT RATING

In 2019, VIS Credit Rating Company Limited suspended the Bank's medium to long-term rating of 'BBB-' (Triple B Minus) and its short-term rating of 'A-3' (A-Three). The Bank has initiated the rating process with VIS Credit Rating Company Limited and requested an extension to the State Bank of Pakistan which has been granted till November 30, 2025.

VIS Credit Rating Company Limited has issued a new rating scale for Tier-2 capital instruments. As a result, the Bank's TFC rating has been adjusted to 'B' (Single B) with a 'Rating Watch-Negative' outlook, as stated in their press release dated June 27, 2023. Previously, the Bank's TFC rating was assigned 'D' (Default) due to non-payment of its latest mark-up payment on account of lock-in-clause invoked by the Bank under the applicable Regulations of the State Bank of Pakistan (SBP).

# **ECONOMIC REVIEW**

Pakistan's economy has maintained its trajectory of stabilization and growth with moderate inflation and contained fiscal imbalance despite the severe monsoon floods. Strengthened macroeconomic fundamentals have supported fiscal consolidation and are yielding tangible results supported by strong revenue mobilization; leading to a primary surplus. The external sector remains strong, supported by rising exports, increased remittances, and adequate level of foreign exchange reserves. These trends lay a solid foundation for sustained growth in the coming months.

The external account position continued to strengthen notably during Jul-Aug FY2026, on account of rising exports and remittances, despite a rise in imports. The current account posted a deficit of USD 624 million. Exports increased by 10.2% to USD 5.3 billion, while imports rose by 8.8% to USD 10.4 billion. As a result, the trade deficit widened to USD 5.1 billion from USD 4.8 billion last year.

During Jul-Aug FY2026, Foreign Direct Investment (FDI) stood at USD 364 million as against USD 467 million recorded in the same period last year. In contrast, workers' remittances surged by 7.0% to USD 6.4 billion.

During Jul-Aug FY2026, the fiscal performance remained encouraging. FBR tax collection grew by 14.1% to PKR 1,662 billion, compared to PKR 1,456 billion in same period last year, with broad-based growth across both direct and indirect taxes. Non-tax revenues surged by 23.9%. Consequently, the overall fiscal deficit contained at 0.2% of GDP, while the primary surplus improved to Rs. 228.9 billion (0.2% of GDP) compared to Rs. 107.1 billion (0.1% of GDP) last year.

Consumer Price Index (CPI) inflation continued its downward trajectory, recorded at 3.5% on a YoY basis in Jul-Aug FY2026, compared to 10.4% last year. Meanwhile, gold prices tested record highs, crossing USD 3,800 per ounce, reflecting global market trends.

The Monetary Policy Committee (MPC) kept the policy rate unchanged at 11% in its meeting held on September 15, 2025.

As of September 19, 2025, Pakistan's Foreign Exchange (FX) reserves stood at USD 19.8 billion, of which USD 14.4 billion were held by the State Bank of Pakistan.

The performance of the Pakistan Stock Exchange (PSX) remained remarkable, with the KSE-100 Index closing at 165,493 points as of September 30, 2025 as compared to 81,114 points on September 30, 2024.

With stronger macroeconomic fundamentals, robust remittances, and declining inflation, Pakistan's economic outlook continues to improve, giving an optimistic outlook. Fiscal consolidation and monetary easing are fostering a supportive environment for private sector-led growth, while investor confidence continues to rise. Ongoing IMF programs are playing a key role in supporting structural reforms, fiscal sustainability, and resilience to external shocks. If current trends persist, the economy is well-positioned to achieve more inclusive and consistent growth in the months ahead.

#### **ACKNOWLEDGEMENT**

At the same time, we would like to express our gratitude to our shareholders, our customers and the Bank's staff for their continued support.

On behalf of the Board.

# NOTES TO THE UNCONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)

FOR THE NINE MONTHS PERIOD ENDED SEPTEMBER 30, 2025

#### 1. STATUS AND NATURE OF BUSINESS

1.1 Bank Makramah Limited (the Bank), is a banking company incorporated in Pakistan on December 09, 2005 as a public company limited by shares under the repealed Companies Ordinance, 1984 (now Companies Act, 2017). The Bank's registered office is situated at Plot No. 9-C, F-6 Markaz, Supermarket, Islamabad, Pakistan and its principal office is situated at Summit Tower, Plot No. G-2, Block 2, Scheme 5, Clifton, Karachi, Pakistan.

The Bank is engaged in banking services as described in the Banking Companies Ordinance, 1962 and is operating through its 149 Conventional Banking Branches and 12 Islamic Banking Branches (December 31, 2024: 150 Conventional Banking Branches and 12 Islamic Banking Branches) in Pakistan.

1.2 In 2019, VIS Credit Rating Company Limited suspended the Bank's medium to long-term rating of 'BBB -' (Triple B Minus) and its short-term rating of 'A-3' (A-Three). The Bank has initiated the rating process with VIS Credit Rating Company Limited and requested an extension to the State Bank of Pakistan which has been granted till November 30, 2025 vide letter no SBPHOK-BPRD-BACPD-STB-1001962 dated October 15, 2025.

VIS Credit Rating Company Limited has issued a new rating scale for Tier-2 capital instruments. Consequently, the Bank's TFC rating has been adjusted to 'B' (Single B) with a 'Rating Watch-Negative' outlook, as stated in their press release dated June 27, 2023. Previously, the Bank's TFC rating was assigned 'D' (Default) due to non-payment of its latest mark-up payment on account of lock-in clause invoked by the Bank under the applicable Regulations of SBP.

1.3 During the period ended, the Bank has earned a net profit of Rs. 861.266 million resulting in accumulated losses of Rs. 51,615.634 million and negative equity of Rs. 13,139.751 million. As per the applicable laws and regulations, the Bank is required to maintain Minimum Paid-up Capital (net of losses) (MCR) of Rs. 10 billion, Capital Adequacy Ratio (CAR) at 11.50% (inclusive of Capital Conservation Buffer of 1.50%), Leverage Ratio (LR) at 3.00%, Liquidity Coverage Ratio (LCR) at 100% and Net Stable Funding Ratio (NSFR) at 100% as of September 30, 2025. However, the paid up capital of the Bank (net of losses), CAR and LR are negative.

The aforementioned conditions indicate the existence of material uncertainty that may cast significant doubt on the Bank's ability to continue as a going concern and, therefore, the Bank may be unable to realize its assets and discharge its liabilities in the normal course of business. However, the Bank is making its best efforts to comply with the applicable capital requirements and has successfully increased its capital. To achieve this, the management has prepared a business plan, which has been approved by the Board. This plan aims to improve the Bank's capital base and risk absorption capacity, achieve compliance with applicable regulatory requirements and provide impetus to its future growth initiatives. The key assumptions considered in the business plan are as follows:

- Injection of capital;
- Sale of a portion of self-constructed property on the plot of land bearing No. G-2, Block2, Scheme No: 5;
- Reaping benefits from the expected growth of Islamic finance in Pakistan since the Bank will speed-up the implementation decision of conversion to a full-fledged Islamic bank;
- Recoveries from non-performing advances through strenuous and focused recovery efforts:

- Reduction in overall level of non-earning assets held by the Bank;
- Identifying opportunities for rationalization of the cost structure;
- Improvement in the risk management and technological infrastructure of the Bank to support the business plan;
- Investments / exposures in safe avenues for achieving solid growth in the core business income: and
- Income generation through avenues for mark up income and non-mark up income.

The Board of Directors in their meeting held on November 28, 2024, have approved the Scheme of Arrangement for the restructuring of the Bank ("Restructuring Scheme") subject to:

- i) Procurement of all applicable regulatory, corporate and shareholders' approvals; and
- Sanction of the Restructuring Scheme by the Honorable High Court of Islamabad under Sections 279 to 283 and 285(8) of the Companies Act, 2017.

The broad terms of the scheme are as follows:

- i) Global Haly Development (GHDL) shall stand amalgamated into the Bank;
- TFC Redemption Amount (as defined in the Restructuring Scheme) shall be settled and paid through issuance and allotment of fully paid ordinary shares of the Bank to TFC holders'; and
- iii) Share capital of the Bank shall be reduced through cancellation of the share capital unrepresented by the available assets.

Further, the shareholders in their Extraordinary General Meeting (EOGM) held on December 26, 2024 approved the Restructuring Scheme.

The TFC Holders of the Bank in their Extra Ordinary General Meeting (EOGM) held on January 21, 2025 decided to continue as TFC Holders. However, the Restructuring Scheme will continue as already approved by the shareholders.

The Bank has filed a settlement application before the relevant court, for the recovery of non performing loans (NPLs) owned by various companies of the Omni Group and its affiliated entities dated January 22, 2025. The Court has graciously issued a decree in favour of the Bank affirming its right to recover approximately Rs 10 billion, which will now be recoverable under the agreed term of the settlement.

Furthermore, the Board of Directors in their meeting held on July 3, 2025, has authorized the President & CEO to execute the agreement between the Bank and His Excellency Nasser Abdullah Hussain Lootah ("the Sponsor") which set out the terms under which the Sponsor has deposited an amount equivalent to Rs 5 billion in the Bank. In this respect, SBP vide its letter no. SBPHOK-BPRD-BACPD-STB-996916 dated October 17, 2025 has allowed the Bank to consider the "Advance against Share Subscription" for MCR and CAR calculation till March 31, 2026.

The Bank has entered into an 'agreement to sell' the Cullinam Tower (Summit Tower) with M/s Sumya Builders and Developers for an amount of Rs. 12 billion and has received Rs. 1 billion as an advance against this sale. This sale is an integral part of the Business Plan as mentioned above.

<sup>14.1</sup> The net deferred tax asset has been recognized in accordance with the Bank's accounting policy. The management, based on financial projections, estimates that sufficient taxable profits would be available in future against which the deferred tax asset could be realized. The projections includes certain key assumptions underlying management's estimation of profits (refer Note 1.3). Any significant change in such assumptions may have effect on the recoverability of deferred tax asset. The management believes that it is probable that the Bank would be able to achieve the profits and consequently, the deferred tax amount will be fully realized in future.

Maturity date October 27, 2022

> These TFCs were issued by the Bank on October 27, 2011 for an initial tenure of seven years and maturity date of October 27, 2018. In order to protect the interest of the TFC Holders, the tenure of the TFC together with the payment of applicable redemption amounts were extended for fourth time by the Bank to October 27, 2019, October 27, 2020, October 27, 2021 and October 27, 2022 through the extraordinary resolutions passed by the TFC holders on November 19, 2018, April 10, 2019, November 20, 2019, October 22, 2020 and October 26, 2021. The Bank completed necessary regulatory formalities for these extensions and executed the amended Declaration of Trusts on July 23, 2019, September 23, 2020, July 09, 2021 and August 01, 2022. The final approval of these extensions were approved by the SBP vide its letters dated October 21, 2019, October 21, 2020, October 22, 2021 and October 24, 2022.

> Subsequently, approval was granted by the TFC Holders (in their meeting held on October 27, 2022) for extension in the maturity date and associated rescheduling of the coupon payments of the Term Finance Certificate upto October 27, 2023.

> In November, 2024 the Board of Directors of Bank Makramah Limited (BML) has initiated the implementation of the BML Restructuring Scheme to ensure the bank's financial viability. The scheme aims to restructure BML's shareholding structure by increasing its equity and reducing overall debt, thereby strengthening its financial health and positioning the bank for sustained growth. Under the proposed scheme, subject to court sanction, the outstanding redemption amount owed to Term Finance Certificate (TFC) holders was to be settled through the issuance and allotment of fully paid ordinary shares of BML.

> Following the filing of the scheme, three meetings with TFC holders were held on December 27, 2024, January 13, 2025, and January 21, 2025. In the final meeting, the TFC Holders decided to continue as TFC Holders of Bank Makramah Limited and unanimously resolved to extend the maturity period of the TFCs to 27th October 2025, subject to State Bank of Pakistan (SBP) approval, and resolved that the next meeting would be held on 14th October 2025, two weeks before the revised maturity date.

34.1 This represents the provision for minimum taxation made in accordance with the requirements of section 113 of the Income Tax Ordinance, 2001. Therefore, reconciliation of tax expense and accounting profit / loss has not been disclosed.

According to ICAP guide dated May 2024, minimum taxes do not qualify as income tax expense under IAS 12 Income Taxes. Instead, they should be accounted for as levy under IFRIC 21 "Levies" and IAS 37 "Provisions, Contingent Liabilities and Contingent Assets". Since the SBP has not officially adopted or communicated any changes to the format of the financial statements (refer note 2.3), no changes have been made to the format of the statement of profit and loss account.

**34.2** The Income Tax Returns of the Bank have been submitted up to and including the Bank's financial year ended December 31, 2024 i.e. tax year 2025.

In respect of assessments of Bank Makramah Limited from tax years 2009 to tax year 2019 and from tax year 2022 to tax year 2023, the tax authorities disputed the Bank's treatment on certain issues and created an additional tax demand (net of rectification) of Rs. 418.48 million through amended assessment orders and the same have been paid / stayed / adjusted against available refunds.

In respect of assessments of Bank Makramah Limited AJK Region from tax year 2013 to tax year 2017, the tax authorities disputed the Bank's treatment on certain issues and created an additional tax demand of Rs. 57.96 million through amended assessment orders and the same have been paid / stayed / adjusted against advance tax paid. The Bank has recorded a prior year charge of minimum tax amounting to Rs. 0.960 million for Tax Year 2020.

In respect of assessments of ex-My Bank Limited (now Bank Makramah Limited) from tax year 2003 to tax year 2011, the tax authorities disputed the Bank's treatment on certain issues and created additional tax demand of Rs. 456.62 million through amended assessment orders and the same have been paid / adjusted against available refunds.

In respect of assessments of ex-Atlas Bank Limited (now Bank Makramah Limited) from tax year 2003 to tax year 2010, the tax authorities disputed the Bank's treatment on certain issues and created additional tax demand of Rs. 89.74 million through amended assessment orders and the same have been paid / adjusted against available refunds.

Such issues mainly include disallowances of mark up payable, taxation of mutual fund distribution at corporate tax rate, disallowance of provision against non-performing loans, disallowance of reversal of provisions, allocation of expenses against dividend income and capital gain, disallowances against non-banking assets, disallowances of certain HO expenses, addition to mark-up/interest earned in AJK region etc. The Bank has filed appeals before the various appellate forums against these amended assessment orders which are either pending for hearing or order.

The management of the Bank is confident about the favourable outcome of the appeals hence, no provision / adjustment with respect to the above matters has been made in these unconsolidated financial statements.

34.3 In pursuance of SRO 1588(I)/2023 dated 21 November 2023, banking companies have been designated to be the 'sector' for the purpose of section 99D of the Income Tax Ordinance 2001, for the tax years 2022 and 2023. The Bank through its legal counsel has challenged the above levy, and the High Court of Sindh, initially suspended the operation of the aforementioned SRO and granted stay to the Bank. Subsequently, the High Court of Sindh respectfully denied the oral motion for suspension with the considered view that grant of the oral motion would militate against the edicts of the Supreme Court. However, the Bank has recorded a prior year charge of Rs 122.970 million in these unconsolidated financial statements.

### 37. FAIR VALUE MEASUREMENTS

The fair value of quoted securities other than those classified at amortised cost / held to maturity, is based on quoted market price. Quoted debt securities classified as amortised cost / held to maturity are carried at cost. The fair value of unquoted equity securities, other than investments in associates and subsidiaries, is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since these are either short-term in nature or, in the case of customer loans and deposits, are frequently repriced.

### 37.1 Fair value of financial assets

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

37.2 The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorized:

- Injection of capital;
- Sale of a portion of self-constructed property on the plot of land bearing No. G-2, Block 2, Scheme No: 5;
- Reaping benefits from the expected growth of Islamic finance in Pakistan since the Group will speed-up the implementation process of its earlier decision of conversion to a full-fledged Islamic bank;
- Recoveries from non-performing advances through strenuous and focused recovery efforts:
- Reduction in overall level of non-earning assets held by the Group;
- Identifying opportunities for rationalization of the cost structure;
- Improvement in the risk management and technological infrastructure of the Group to support the business plan;
- Investments / exposures in safe avenues for achieving solid growth in the core business income; and
- Income generation through avenues for mark-up income and non-mark up income.

The Board of Directors in their meeting held on November 28, 2024, have approved the Scheme of Arrangement for the restructuring of the Bank ("Restructuring Scheme") subject to:

- i) Procurement of all applicable regulatory, corporate and shareholders' approvals; and

The broad terms of the Restructuring Scheme are as follows:

- i) Global Haly Development Limited (GHDL) shall be amalgamated into the Bank;
- TFC redemption amount (as defined in the Restructuring Scheme) shall be settled and paid through the issuance and allotment of fully paid ordinary shares of the Group to TFC holders; and
- iii) Share capital of the Group shall be reduced through cancellation of the share capital unrepresented by available assets.

Further, the shareholders in their Extraordinary General Meeting (EOGM) held on December 26, 2024 approved the Restructruring Scheme.

The TFC Holders of the Group in their Extra Ordinary General Meeting (EOGM) held on January 21, 2025 decided to continue as TFC Holders. However, the Restructuring Scheme will continue as already approved by the shareholders.

The Group has filed a settlement application before the relevant court, for the recovery of non performing loans (NPLs) owned by various companies of the Omni Group and its affiliated entities dated January 22, 2025. The Court has graciously issued a decree in favour of the Group affirming its right to recover approximately Rs 10 billion, which will now be recoverable under the agreed term of the settlement.

| 14.1 | The net deferred tax asset has been recognized in accordance with the Group's accounting policy. The management, based on financial projections,        |
|------|---|
|      | estimates that sufficient taxable profits would be available in future against which the deferred tax asset could be realized. The projections includes |
|      | certain key assumptions underlying management's estimation of profits (Refer note 1.2). Any significant change in such assumptions may have effect on   |
|      | the recoverability of deferred tax asset. The management believes that it is probable that the Group would be able to achieve the profits and           |
|      | consequently, the deferred tax amount will be fully realized in future.   |

## 21. SUBORDINATED DEBT

Issue amount Rs.1,500,000,000

Issue date October 27, 2011

Maturity date October 27, 2022

These TFCs were issued by the Bank on October 27, 2011 for an initial tenure of seven years and maturity date of October 27, 2018. In order to protect the interest of the TFC Holders, the tenure of the TFC together with the payment of applicable redemption amounts were extended for fourth time by the Bank to October 27, 2019, October 27, 2020, October 27, 2021 and October 27, 2022 through the extraordinary resolutions passed by the TFC holders on November 19, 2018, April 10, 2019, November 20, 2019, October 22, 2020 and October 26, 2021. The Bank completed necessary regulatory formalities for these extensions and executed the amended Declaration of Trusts on July 23, 2019, September 23, 2020, July 09, 2021 and August 01, 2022. The final approval of these extensions were approved by the SBP vide its letters dated October 21, 2019, October 21, 2020, October 22, 2021 and October 24, 2022.

Subsequently, approval was granted by the TFC Holders (in their meeting held on October 27, 2022) for extension in the maturity date and associated rescheduling of the coupon payments of the Term Finance Certificate upto October 27, 2023.

In November, 2024 the Board of Directors of Bank Makramah Limited (BML) has initiated the implementation of the BML Restructuring Scheme to ensure the bank's financial viability. The scheme aims to restructure BML's shareholding structure by increasing its equity and reducing overall debt, thereby strengthening its financial health and positioning the bank for sustained growth. Under the proposed scheme, subject to court sanction, the outstanding redemption amount owed to Term Finance Certificate (TFC) holders was to be settled through the issuance and allotment of fully paid ordinary shares of BML.

Following the filing of the scheme, three meetings with TFC holders were held on December 27, 2024, January 13, 2025, and January 21, 2025. In the final meeting, the TFC Holders decided to continue as TFC Holders of Bank Makramah Limited and unanimously resolved to extend the maturity period of the TFCs to 27th October 2025, subject to State Bank of Pakistan (SBP) approval, and resolved that the next meeting would be held on 14th October 2025, two weeks before the revised maturity date.

34.1 This represents the provision for minimum taxation made in accordance with the requirements of section 113 of the Income Tax Ordinance, 2001. Therefore, reconciliation of tax expense and accounting profit / loss has not been disclosed.

According to ICAP guide dated May 2024, minimum taxes do not qualify as income tax expense under IAS 12 Income Taxes. Instead, they should be accounted for as levy under IFRIC 21 "Levies" and IAS 37 "Provisions, Contingent Liabilities and Contingent Assets". Since the SBP has not officially adopted or communicated any changes to the format of the financial statements (refer note 2.5), no changes have been made to the format of the statement of profit and loss account.

34.2 The Income Tax Returns of the Bank and its subsidiary have been submitted up to and including financial year ended December 31, 2024 i.e. tax year 2025.

In respect of assessments of Bank Makramah Limited from tax years 2009 to tax year 2019 and from tax year 2022 to tax year 2023, the tax authorities disputed the Bank's treatment on certain issues and created an additional tax demand (net of rectification) of Rs. 418.48 million through amended assessment orders and the same have been paid / stayed / adjusted against available refunds.

In respect of assessments of Bank Makramah Limited AJK Region from tax year 2013 to tax year 2017, the tax authorities disputed the Bank's treatment on certain issues and created an additional tax demand of Rs. 57.96 million through amended assessment orders and the same have been paid / stayed / adjusted against advance tax paid. The Bank has recorded a prior year charge of minimum tax amounting to Rs. 0.960 million for Tax Year 2020.

In respect of assessments of ex-My Bank Limited (now Bank Makramah Limited) from tax year 2003 to tax year 2011, the tax authorities disputed the Bank's treatment on certain issues and created additional tax demand of Rs. 456.62 million through amended assessment orders and the same have been paid / adjusted against available refunds.

In respect of assessments of ex-Atlas Bank Limited (now Bank Makramah Limited) from tax year 2003 to tax year 2010, the tax authorities disputed the Bank's treatment on certain issues and created additional tax demand of Rs. 89.74 million through amended assessment orders and the same have been paid / adjusted against available refunds.

Such issues mainly include disallowances of mark up payable, taxation of mutual fund distribution at corporate tax rate, disallowance of provision against non-performing loans, disallowance of reversal of provisions, allocation of expenses against dividend income and capital gain, disallowances against non-banking assets, disallowances of certain HO expenses, addition to mark-up/interest earned in AJK region etc. The Bank has filed appeals before the various appellate forums against these amended assessment orders which are either pending for hearing or order.

The management of the Group is confident about the favorable outcome of the appeals hence, no provision / adjustment with respect to the above matters has been made in these consolidated financial statements.

34.3 In pursuance of SRO 1588(I)/2023 dated 21 November 2023, banking companies have been designated to be the 'sector' for the purpose of section 99D of the Income Tax Ordinance 2001, for the tax years 2022 and 2023. The Bank through its legal counsel has challenged the above levy, and the High Court of Sindh, initially suspended the operation of the aforementioned SRO and granted stay to the Bank. Subsequently, the High Court of Sindh respectfully denied the oral motion for suspension with the considered view that grant of the oral motion would militate against the edicts of the Supreme Court. However, the Bank has recorded a prior year charge of Rs 122.970 million in these consolidated financial statements.

## 37. FAIR VALUE MEASUREMENTS

The fair value of quoted securities other than those classified at amortised cost / held to maturity, is based on quoted market price. Quoted debt securities classified as amortised cost / held to maturity are carried at cost. The fair value of unquoted equity securities, other than investments in associates and subsidiaries, is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since these are either short-term in nature or, in the case of customer loans and deposits, are frequently repriced.

# 37.1 Fair value of financial assets

The Group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

**37.2** The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorized:
