DIRECTORS' REPORT

The Company reported after tax loss of Rs.77.9 million for the quarter ended September 30, 2025 as compared to a loss of Rs. 96.5 million for the three months ended September 30, 2024. The earnings per share for the period under review was negative Rs. 6.27 as compared to negative Rs. 7.77 in the previous quarter.

Overall, sales decreased by 35% as compared to the quarter ended September 2024. This is primarily attributable to low demand which forced the company to curtail production. The gross margin for the period was -0.8% as compared to 1.3% in the previous period. Distribution and administrative expenses at 4.6% were higher as compared to 3.1% in the previous period primarily attributable to the general inflationary trend and lower capacity utilization and sales. The operating margin in the period under review was negative 3.7% as compared to negative 1.1% for the quarter ended September 30, 2024. The financial charges were lower at 3.7% as compared to 4.2% for the corresponding period due to the decrease in interest rates and lower borrowing. Overall, the net margin for the quarter was -7.7% as compared to -6.2% for the previous quarter.

The last couple of years have been very challenging for the textile industry caused by a weakening global economy, rising interest rates and inflation and overall commodity and financial market volatility which led to severe demand destruction and pressure on margins. The forecast for global growth five years from now—at 3.1 percent—is at its lowest in decades. This is due to tariff policy uncertainty and structural frictions. A strong and stable recovery is crucial to the textile industry viability. Imprudent economic policies combined with recent global events have made Pakistan's economy particularly fragile. Without meaningful reforms that boost economic competitiveness, direct investment toward productive sectors that promote exports and a sustained effort to end the regulatory quagmire, Pakistan's economic recovery will continue to falter. Industrial output decline 0.74% in FY25 as energy costs, policy inconsistency and weak productivity continued to weigh on growth.

Other than global and domestic economic issues, the textile industry faces other challenges including high cost of doing business, increased financial, exchange rate and commodity market volatility, low domestic cotton yield and quality. The Government had promised supply of energy at regionally competitive rates, but this has been abandoned and energy rates have been increased. Without a regionally competitive energy tariff Pakistan textile exports will continue to suffer. In addition, the Government must adopt a prudent monetary policy, immediately suspend the sales tax regime, which is making domestic products uncompetitive versus imports, and improve liquidity by releasing long delayed income tax and other rebates.

In light of the global economic scenario and Pakistan's own challenges, we expect the next year to be a difficult one for the textile industry. Cognizant of the negative outlook, the Management will continue to rely on sound, low risk decision making to protect the interests of the shareholders and is actively evaluating strategic options to restore viability and profitability.

The Management wishes to place on record its appreciation for the hard work and devotion of its workers and the invaluable advice and support of the Company's Directors, shareholders and bankers.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These condensed interim financial statements of the Company for the period ended September 30, 2025 have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standard Board (IASB) as notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Act;
- Provisions of and directives issued under the Companies Act, 2017; and

Where the provisions of and directives issued under the Companies Act, 2017 and IFAS-2 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 and IFAS-2 have been followed.

- 2.1.1 These condensed interim financial statements do not include all the information and disclosures required for full annual financial statements and should be read in conjunction with the annual audited financial statements of the Company as at and for the year ended June 30, 2025, which have been prepared in accordance with accounting and reporting standards as applicable in Pakistan. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company's financial position and performance since the last annual financial statements.
- 2.1.2 The comparative statement of financial position presented in these condensed interim financial statements as at June 30, 2025 have been extracted from the annual audited financial statements of the Company for the year ended June 30, 2025, whereas the comparative condensed interim statement of profit or loss and condensed interim statement of comprehensive income, condensed interim statement of changes in equity and condensed interim statement of cash flows together with the notes thereto for the period ended September 30, 2025 have been extracted from the condensed interim financial statements of the Company for the period ended September 30, 2024 which were subjected to a review but not audited.
- 2.1.3 The condensed interim financial statements are unaudited and being submitted to members as required under section 237 of the Companies Act 2017 and Listing Regulations of Pakistan Stock Exchange.

2.2 Basis of measurement

These condensed interim financial statements have been prepared under the historical cost convention unless stated otherwise.

- 2.3 Initial application of standards, amendments or an interpretation to existing standards
- (a) Standards, amendments and interpretations to accounting standards that are effective in the current period

Certain standards, amendments and interpretations to accounting standards are effective for accounting periods beginning on January 01, 2024, but are considered not to be relevant or to have any significant effect on the Company's operations (although they may affect the accounting for future transactions and events) and are, therefore, not detailed in these condensed interim financial statements.

(b) Standards, amendments and interpretations to existing standards that are not yet effective and have not been early adopted by the Company.

There are certain standards, amendments to the accounting standards and interpretations that are mandatory for the Company's accounting periods beginning on or after January 01, 2025, but are considered not to be relevant or to have any significant effect on the Company's operations and are, therefore, not detailed in these condensed interim financial statements.

2.4 Functional and presentation currency

These condensed interim financial statements have been presented in Pakistani Rupee ('Rupee', or 'Rs'), which is the functional and presentation currency of the Company.

MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies adopted and methods of computation followed in the preparation of these condensed interim financial statements are same as those for the preceding annual financial statements for the year ended June 30, 2025.

ESTIMATES AND JUDGMENTS 4

The preparation of condensed interim financial statements requires management to make certain judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. The significant judgments made by management in applying the Company's accounting policies and key sources of estimation of uncertainty are the same as those that were applied to the nnual financial statements for the year ended June 30, 2025

5.3 During the quarter ended 30 September 2025, the Company revalued its leasehold land in accordance with the revaluation model under IAS 16 - Property, Plant and Equipment. The revaluation was carried out as at 30 September 2025 by an independent valuer having relevant professional qualifications and experience.

The fair value was determined using the market approach under IFRS 13 - Fair Value Measurement, based on recent market transactions for similar properties, adjusted for location and other characteristics. The valuation is classified as a Level 2 fair value measurement in the IFRS 13 hierarchy.

As a result of the revaluation, the carrying amount of leasehold land increased from Rs. 1.524 Million to Rs. 840 Million, resulting in a revaluation surplus of Rs. 838.475 Million recognized in other comprehensive income and accumulated in equity under revaluation surplus, net of deferred tax.

The Company will continue to assess the fair value of its land periodically to ensure that the carrying amount does not differ materially from its fair value.
