**Subject: Platinum Certification under the TRUE (Total Resource Use and Efficiency)**

Dear Sir / Madam,

Haleon Pakistan Limited is pleased to inform you that its manufacturing facility in Jamshoro has obtained **TRUE Platinum Certification**, making it the first Haleon site worldwide to reach the highest level of this certification. This milestone reflects Haleon's commitment to sustainability, with an outstanding **99.7% waste diversion rate**, ensuring nearly all non-hazardous operational waste is diverted from landfills through reuse, recycling, and recovery initiatives.

Administered by Green Business Certification Inc. (GBCI), TRUE helps facilities measure, improve and recognise zero waste performance by encouraging the adoption of sustainable waste management and reduction practices, which contributes to positive environmental, health and economic outcomes.

As the leading consumer healthcare company in Pakistan, this certification reflects Haleon's commitment to sustainability leadership. By adopting circular principles, and focusing on waste reduction and resource optimisation, Haleon can continue to deliver better everyday health with humanity.

Yours sincerely,

For and on behalf of Haleon Pakistan Limited

**Mr. Qawi Naseer**
