Subject: Disclosure of Material Information under PSX Regulations – Resumption of Plant Operations

Dear Sir,

Further to our earlier communication, disseminated to PSX through letter no. FCL/SHD/47-518, regarding the temporary suspension of operations at the Company's cement manufacturing plant located at Sangjani, Islamabad, we are pleased to inform our valued shareholders and the market that full plant operations have now being resumed.

The Honourable Islamabad High Court has allowed the complete resumption of plant operations, declaring the suspension to be illegal and without lawful authority. In light of this development, the Company has restored normal operations at the facility and production activities have recommenced in the ordinary course of business.

Management reiterates that the temporary suspension had no material adverse effect on the Company's long-term financial position, asset base, or business continuity. With this development, the Company now expects uninterrupted operations going forward.

The Company remains committed to full compliance with all statutory and regulatory requirements and continues to uphold the highest standards of transparency, governance, and shareholder value. Any further material developments, if applicable, will be communicated to the Exchange in accordance with regulatory requirements.

We request you to disseminate this information to the members of the Exchange accordingly.

Yours sincerely,

Company Secretary
For and on behalf of
Fecto Cement Limited
