۳۔ سالانہ اجلاس میں شرکت اور پراکسیوں کا تقرر

اجلاس ہذا میں شرکت اور رائے دہی کا اہل ممبر اپنی جانب سے شرکت اور رائے دہی کیلئے دوسرے ممبر کو اپنا پراکسی مقرر کر سکتا ہے۔ ہر لحاظ سے یہ کیا گیا پراکسی فارم کمپنی یا شیئرز رجسٹرار آفس میں اجلاس شروع ہونے سے پہلے کم از کم 48 گھنٹے پہلے موصول ہونا چاہیے۔

سی ڈی سی اکاؤنٹ ہولڈرز / ذیلی اکاؤنٹ ہولڈرز سے درخواست ہے کہ وہ شناخت کے مقصد کیلئے سالانہ اجلاس عام میں شرکت کے وقت اپنا اصل شناختی کارڈ یا پاسپورٹ بشمول پارٹیسپنٹ آئی ڈی نمبر اور سی ڈی سی اکاؤنٹ نمبر ہمراہ لے کر آئیں۔ اگر اراکین کی طرف سے پراکسی دی جاتی ہے تو پراکسی کو حقیقی حصص یافتہ کے قومی شناختی کارڈ / پاسپورٹ مصدقہ نقول پراکسی فارم کے ہمراہ پیش کرنا ہوگی۔ کارپوریٹ ادارے کی صورت میں بورڈ آف ڈائریکٹرز کی قرارداد اور آف انارنی نامزد شخص کے دستخط کے ساتھ پراکسی فارم کے ساتھ کمپنی کو جمع کرایا جائے گا۔ نامزد شخص تصدیق کیلئے اجلاس میں شرکت کے وقت اپنا اصل شناختی کارڈ پیش کرے گا۔

۴۔ شناختی کارڈ کی کاپی جمع کروانا

سیکورٹیز اینڈ ایکس چینج کمیشن آف پاکستان (ایس ای سی پی) کے اعلامیہ کے مطابق رجسٹرڈ حصص یافتگان اپنا کمپیوٹرائزڈ قومی شناختی کارڈ یا مجاز شخص کا سوائے نابالغان اور کارپوریٹ حصص یافتگان کے جمع کروانا لازمی قرار پایا ہے، چنانچہ حصص یافتگان کو جنہوں نے اپنے قومی شناختی کارڈ کی نقول فراہم نہیں کیں انہیں مشورہ دیا جاتا ہے کہ مصدقہ شناختی کارڈ کی نقول شیئرز رجسٹرار میسرز JWAFFS رجسٹرار میسرز (آفس نمبر 20، فلور، آر کے اسکوائر ایکسٹینشن، شاہراہ لیاقت، نیو چالی روڈ، کراچی) کو جمع کروائیں گے۔

۵۔ فیزیکل شیئرز کی سی ڈی سی اکاؤنٹ میں تبدیلی

ایس ای سی پی نے اپنے لیٹر نمبر CSD/ED/Misc/2016-639-640 بتاریخ 26 مارچ، 2021 کو لٹل کمپنیوں کو کمپنیز ایکٹ 2017 (ایکٹ) کے سیکشن 72 کی تعمیل میں تجویز دی ہے کہ وہ ایکٹ کے نفاذ کی تاریخ سے چار سال کے اندر فیزیکل شیئرز کو بک انٹری فارم میں منتقل کریں۔

اس طرح کمپنی کے فیزیکل فولیو / شیئرز سرٹیفکیٹس رکھنے والے تمام شیئرز ہولڈرز سے گزارش کی جاتی ہے کہ جلد از جلد اپنے فیزیکل شیئرز کو بک انٹری فارم میں تبدیل کرائیں۔ اس ضمن میں شیئرز ہولڈرز پاکستان اسٹاک ایکس چینج ممبر، سی ڈی سی پارٹیسپنٹ یا سی ڈی سی انویسٹر اکاؤنٹ سروس پرووائڈر سے سی ڈی سی اکاؤنٹ کھولنے میں معاونت اور فیزیکل شیئرز کی بک انٹری فارم میں منتقلی کرا سکتے ہیں۔ بک انٹری فارم میں شیئرز رکھنا کئی فوائد کا حامل ہے جس میں سی ڈی سی شیئرز

کی محفوظ تحویل، ڈیپلیٹ شیز وغیرہ کے اجراء کیلئے مطلوبہ لوازمات سے بچاؤ شامل ہے۔ اس ضمن میں کمپنی کے شیئر رجسٹرار میسرز JWAFS رجسٹرار سروسز (پرائیویٹ) لمیٹڈ (آفس نمبر 5، 20 فلور، آر کے اسکوائر ایکسٹینشن، شاہراہ لیاقت، نیو چالی روڈ، کراچی) سے فزیکل شیز کو بک انٹری فارم میں تبدیل کرنے کیلئے رابطہ کر سکتے ہیں۔

۶۔ اراکین سے گزارش ہے کہ اپنے پتے اور رابطہ نمبروں میں کسی بھی قسم کی تبدیلی کی فوری اطلاع ہمارے شیئر رجسٹرار میسرز JWAFS رجسٹرار سروسز (پرائیویٹ) لمیٹڈ (آفس نمبر 5، 20 فلور، آر کے اسکوائر ایکسٹینشن، شاہراہ لیاقت، نیو چالی روڈ، کراچی) کو جمع کرائیں۔

۷۔ برائے مہربانی کمپنی کے ساتھ تمام مراسلات میں اپنے فوئیو نمبر کا حوالہ دیں۔

۸۔ کمپنی کی ویب سائٹ پر آڈٹ شدہ مالی حسابات کی دستیابی

کمپنیز ایکٹ 2017 کے سیکشن (7) 223 کے تحت کمپنی کے مالی حسابات کو کمپنی کی آفیشل ویب سائٹ (<http://www.sakrandsugar.com>) پر اپ لوڈ کر دیا گیا ہے۔

DIRECTORS' REPORT TO MEMBERS

The Directors of your Company are pleased to present 37th Annual Report with the Audited Financial Statements of the Company for the year ended September 30, 2025.

OPERATIONAL HIGHLIGHTS

The operational performance for the period under review as compared with that of last year is tabulated here under.

| | | Season | |
|-------------------|---------|--------------------|--------------|
| | | 2024-25 | 2023-24 |
| Start of Season | | Nov 21, 2024 | Nov 06, 2023 |
| Season Duration | | 105 | 123 |
| Operational Days | | 62 | 98 |
| Sugarcane crushed | M. Tons | 289,400 | 257,489 |
| Production | | | |
| Sugar | M. Tons | 27,994 | 26,205 |
| Molasses | M. Tons | 13,470 | 13,580 |
| Recovery | | | |
| Sugar | % | 9.819 | 10.202 |
| Molasses | % | 4.669 | 5.287 |

The crushing season for the period under review commenced on November 21, 2024, and operated for 105 days, compared to 123 days during the same period last year. During this period, the mill crushed 289,400 metric tons of sugarcane and produced 27,994 metric tons of sugar, as against last year's crushing of 257,489 metric tons of sugarcane and production of 26,205 metric tons of sugar. The total crushing volume remained nearly unchanged, as management prioritized the procurement of high-quality and improved sugarcane varieties to minimize production losses. However, the overall sugar recovery declined during the period due to comparatively poorer sugarcane quality than the previous year, which adversely impacted recovery levels.

FINANCIAL RESULTS:

The Financial Result for the year under review is tabulated hereunder.

| | | Rupees in Millions | |
|---------------------------------|-----|--------------------|----------|
| | | 2025 | 2024 |
| Sales - net | | 3,849.26 | 3,335.74 |
| Gross profit / (loss) | | 135.23 | (64.37) |
| Profit / (loss) before taxation | | 30.92 | (206.43) |
| Loss after taxation | | (16.95) | (245.99) |
| Loss per Share | Rs. | (0.38) | (5.51) |

During the period under review, the Company achieved a profit before taxation of Rs. 30.92 million, as compared to a loss of Rs. 206.43 million in the corresponding period last year. This improvement was largely attributable to the successful export of the Company's allocated government sugar quota, which contributed positively to overall revenues.

Despite this progress, the domestic sugar market remained under considerable pressure, with market prices failing to keep pace with the continued increase in sugarcane procurement costs. This widening disparity between input costs and selling prices remained a key concern for the industry. Although sugar prices increased in the later part of the period, the subsequent increase in sugar prices did not translate into significant financial benefit, as the Company had limited stock available during that period. Notwithstanding these challenges, export-related revenues played a pivotal role in mitigating cost pressures, enabling the Company to report profit before taxation for the period. Furthermore, the Finance Act 2024-25 introduced additional fiscal burdens, including a federal excise duty of Rs. 15 per kg on sales to manufacturers and a substantial increase in the withholding tax rate for non-filers from 0.2% to 2%.

AUDITORS' REPORT:

With reference to the auditors' adverse opinion on the Company's ability to continue as a going concern, it is important to highlight that, despite challenging conditions faced by the sugar industry in general and the Company in particular, the Company has demonstrated resilience and operational improvement. During the year, sugar production increased to 27,994 metric tons as compared to 26,205 metric tons in the previous year. In addition, the Company has increased fertilizer sales during the financial year, which is expected to contribute positively towards reducing losses in the sugar segment and diversifying revenue streams.

Furthermore, the Company achieved profit before taxation during the year under review, demonstrating the effective execution of management's strategic initiatives. Management remains firmly committed to implementing robust measures to enhance operational efficiency, reinforce financial performance, and guide the Company toward sustained and long-term profitability.

FUTURE OUTLOOK:

The outlook for the sugar industry for the 2025-26 crushing season, commencing, is expected to remain mixed. While crushing has begun later than the ideal timeline due to policy enforcement and farmer-mill pricing disputes, overall production is anticipated to be broadly stable but operationally compressed. The absence of a formally notified sugarcane support price and ongoing discussions around deregulation may continue to strain farmer-mill relations, potentially affecting cane availability and recovery rates. The industry's performance will largely depend on timely commencement of crushing, effective cane procurement, and greater regulatory clarity to ensure long-term sustainability.

CORPORATE SOCIAL RESPONSIBILITY:

The Company is committed to upholding the highest standards of corporate governance, with a strong focus on Environmental, Social, and Governance (ESG) principles. Our environmental strategy emphasizes reducing our carbon footprint, optimizing the use of natural resources, and managing waste responsibly. From a social perspective, we prioritize employee well-being, diversity and inclusion, and active community engagement. Our governance framework is designed to promote transparency, accountability, and ethical business practices.

Our strategic initiatives align closely with the United Nations Sustainable Development Goals, which guide our efforts to generate positive and lasting social and environmental impact. Achieving environmental excellence is a core objective of the Company. Responsible management of our environmental footprint is integral to our business philosophy, and we are fully committed to conducting our operations in an environmentally responsible and sustainable manner while minimizing environmental impacts.

To support these commitments,

- The company provides comprehensive medical facilities to its employees through a health insurance program. Health cards are issued to both managers and employees, enabling easy access to medical services at approved hospitals whenever required. In addition, the company regularly organizes medical camps and offers free medical facilities to workers and nearby villagers.
- The company is also committed to improving literacy in surrounding communities. It actively encourages farmers and workers to pursue basic and advanced education, along with skill development and training programs.
- Furthermore, the company consistently strives to ensure clean and healthy living conditions for its employees. It promotes a balanced lifestyle by offering a wide range of indoor and outdoor extracurricular activities for residents and their families.

LABOUR MANAGEMENT RELATIONS:

The relationship between management and workers is cordial and cooperative. I would like to take this opportunity to thank and appreciate the spirit of understanding, goodwill and cooperation shown by our staff/workers and hope that this continues in the future.

I would also like to thank the managers, officers and all employees of the company for their dedication, responsibility and loyalty.

AUDITORS:

The External Auditors " M/s. Parker Russell-A.J.S. ". Chartered Accountants retire and being eligible offer their services for the year 2025-2026.

زیر جائزہ مدت کے دوران کرشنگ سیزن کا آغاز 21 نومبر 2024 کو ہوا اور یہ 105 دن تک جاری رہا، جبکہ گزشتہ سال اسی مدت میں یہ 123 دن رہا تھا۔ اس دوران مل نے 289,400 میٹرک ٹن گنا کرش کیا اور 27,994 میٹرک ٹن چینی پیدا کی، جبکہ گزشتہ سال 257,489 میٹرک ٹن گنا کرش کیا گیا اور 26,205 میٹرک ٹن چینی تیار کی گئی تھی۔ تاہم مجموعی کرشنگ میں نمایاں اضافہ نہیں ہوا، کیونکہ انتظامیہ نے پیداوار میں نقصانات کم کرنے کے لیے بہتر اور اعلیٰ معیار کی گنے کی اقسام کی خرید کو ترجیح دی۔ تاہم، گزشتہ سال کے مقابلے میں گنے کے نسبتاً کم معیار کے باعث مجموعی چینی ریکوری میں کمی واقع ہوئی، جس نے ریکوری کی سطح کو منفی طور پر متاثر کیا۔

مالیاتی نتائج

زیر جائزہ مدت کے مالیاتی نتائج کا گزشتہ سال کی مدت سے مختصر موازنہ مندرجہ ذیل ہے۔

| | | Rupees in Millions | |
|---------------------------------|-----|--------------------|----------|
| | | 2025 | 2024 |
| Sales - net | | 3,849.26 | 3,335.74 |
| Gross profit / (loss) | | 135.23 | (64.37) |
| Profit / (loss) before taxation | | 30.92 | (206.43) |
| Loss after taxation | | (16.95) | (245.99) |
| Loss per Share | Rs. | (0.38) | (5.51) |

زیر جائزہ مدت کے دوران کمپنی نے ٹیکس سے قبل 30.92 ملین روپے کا منافع حاصل کیا، جبکہ گزشتہ سال اسی مدت میں 206.43 ملین روپے کا نقصان ہوا تھا۔ اس نمایاں بہتری کی بنیادی وجہ حکومت کی جانب سے مختص کردہ چینی کے برآمدی کوٹے کی کامیاب برآمد رہی، جس سے کمپنی کی آمدنی میں اضافہ ہوا۔ اس بہتری کے باوجود، ملک میں چینی کی مارکیٹ شدید دباؤ کا شکار رہی، جہاں چینی کی فروخت کی قیمتیں پیداواری لاگت میں مسلسل اضافے کے ساتھ ہم آہنگ نہیں رہ سکیں۔ یہ بڑھتا ہوا فرق صنعت کے لیے ایک اہم چیلنج بنا جا رہا ہے۔ اگرچہ سیزن کے آخری دورانیہ میں چینی کی قیمتوں میں اضافہ ہوا، تاہم کمپنی کو اس سے خاطر خواہ فائدہ نہ ہو سکا، جس کی بنیادی وجہ چینی کا محدود اسٹاک تھا۔ ان تمام مشکلات کے باوجود، برآمدات سے حاصل ہونے والی آمدنی نے لاگت کے دباؤ کو کم کرنے میں اہم کردار ادا کیا، جس کے نتیجے میں کمپنی کو ٹیکس سے قبل منافع حاصل ہوا۔

مزید برآں، فنانس ایکٹ 2024-25 کے تحت اضافی مالی بوجھ عائد کیا گیا، جس میں مینوفیکچررز کو فروخت پر فی کلو 15 روپے فیڈرل ایکسائز ڈیوٹی اور نان فاکٹرز کے لیے ود ہولڈنگ ٹیکس کی شرح میں 0.2 سے بڑھا کر 2 کرنا شامل ہے۔

آڈیٹرز کی رپورٹ:

آڈیٹرز کی جانب سے کمپنی کے Going Concern کے حوالے سے منفی رائے کے تناظر میں یہ واضح کرنا ضروری ہے کہ چینی کی صنعت اور بالخصوص کمپنی کو درپیش مشکل حالات کے باوجود، کمپنی اس سال کے دوران چینی کی پیداوار میں اضافہ کرنے میں کامیاب رہی۔ گزشتہ سال یہ پیداوار 26,205 میٹرک ٹن تھی، جو اس سال بڑھ کر 27,993 میٹرک ٹن ہو گئی۔ اس کے علاوہ رواں سال کمپنی نے کھاد کی فروخت میں بھی اضافہ کیا، جو کسی حد تک کمپنی کے منافع میں اضافے کا سبب بنا۔ مزید یہ کہ کمپنی نے زیر جائزہ سال میں ٹیکس سے قبل منافع حاصل کیا، جو انتظامیہ کی حکمت عملیوں کے موثر نفاذ کا ثبوت ہے۔ انتظامیہ عملی کارکردگی کو مزید بہتر بنانے، مالی استحکام کو مضبوط کرنے اور کمپنی کو پائیدار اور طویل المدتی منافع کی جانب لے جانے کے لیے پرعزم ہے۔

مستقبل کا نکتہ نظر:

کرشنگ سیزن 2025-2026 کے لیے چینی کی صنعت کا مجموعی منظر نامہ ملاملا جلا رہنے کی توقع ہے۔ پالیسی کے نفاذ اور کسانوں و ملوں کے درمیان قیمتوں کے تنازعات کے باعث کرشنگ کا آغاز معمول سے تاخیر کا شکار ہوا ہے۔

اگرچہ مجموعی پیداوار مستحکم رہنے کا امکان ہے، تاہم آپریشنل مدت محدود ہو سکتی ہے۔ گنے کی سپورٹ قیمت کے باضابطہ اعلان کی عدم موجودگی اور ڈی ریگولیشن سے متعلق جاری بحث کسانوں اور ملوں کے تعلقات کو متاثر کر سکتی ہے، جس کا اثر گنے کی دستیابی اور ریکوری پر پڑ سکتا ہے۔ صنعت کی کارکردگی کا انحصار بروقت کرشنگ کے آغاز، موثر گنے کی خریداری اور واضح ریگولیشنری پالیسی پر ہوگا۔

کارپوریٹ سماجی ذمہ داری اور کمپنی کے کاروبار کے ماحول پر اثرات

کمپنی اعلیٰ کارپوریٹ گورننس کے اصولوں پر عمل پیرا ہے اور ماحولیاتی، سماجی اور گورننس (ESG) اقدار پر خصوصی توجہ دیتی ہے۔ ہماری ماحولیاتی حکمت عملی میں کاربن فٹ پرنٹ میں کمی، قدرتی وسائل کے موثر استعمال اور فضلے کے ذمہ دارانہ انتظام پر زور دیا جاتا ہے۔

سماجی سطح پر ہم ملازمین کی فلاح و بہبود، تنوع اور شمولیت، اور مقامی کمیونٹی سے فعال روابط کو ترجیح دیتے ہیں۔ ہمارا گورننس فریم ورک شفافیت، جوابدہی اور اخلاقی کاروباری طریقوں کو فروغ دیتا ہے۔

ان وعدوں کی تکمیل کے لیے:

- ☆ کمپنی اپنے ملازمین کو ہیلتھ انشورنس کے ذریعے مکمل طبی سہولیات فراہم کرتی ہے، جبکہ طبی کیمرپوں کا انعقاد اور قریبی دیہات کے لیے مفت طبی سہولیات بھی مہیا کی جاتی ہیں
- ☆ اردگرد کی آبادی میں تعلیم کے فروغ کے لیے کسانوں اور مزدوروں کو بنیادی و اعلیٰ تعلیم اور ہنرمندی کی تربیت کی ترغیب دی جاتی ہے۔
- ☆ ملازمین کے لیے صاف اور صحت مندرہائشی ماحول، اور اندرونی و بیرونی تفریحی سرگرمیوں کا اہتمام کیا جاتا ہے

لیبر مینجمنٹ کے تعلقات:

انتظامیہ اور لیبر کے مابین تعلقات خوشگوار اور باہمی تعاون کی فضاء میں سازگار ہیں۔ میں تمام تر تعاون، تفہیم کی فضاء، خلوص اور اچھی ساکھ کے حامل تمام تر ملازمین اور کام کرنے والوں کا شکریہ ادا کرنا چاہتا ہوں اور امید کرتا ہوں کہ مستقبل میں بھی ہم سب اسی رویے کا پرتاؤ کریں گے۔

میں شکرگزار ہوں تمام تراگیٹ یکنوائفران اور تمام اسٹاف اراکین کا ان کی تمام تر وفاداری، احساس ذمے داری اور کام سے بھرپور لگاؤ پر خراج تحسین پیش کرتے ہوئے اسے ریکارڈ کا حصہ بناتا ہوں۔

CHAIRMAN'S REVIEW

It is my privilege to present the 37th Annual Report of Sakrand Sugar Mills Limited (“the Company”) for the year ended September 30, 2025.

Industry Envoicement

The sugar industry overall and specifically in Sindh continues to operate in a highly challenging macroeconomic and regulatory environment. Over the last few years, the sector has grappled with volatile sugarcane supply, fluctuating recovery rates, climate-driven crop stress, and policy inconsistency. In the 2024-25 season, Sindh recorded lower sugarcane production and reduced sucrose recovery compared to the previous season, affected by adverse weather conditions and crop health issues.

Despite the inherent seasonality of the business, sugarcane remains a water-intensive crop, and Sindh's growers are balancing water scarcity and climatic uncertainties with production expectations. The industry continues to face structural constraints, including a persistent mismatch between crushing capacity and raw material availability. This structural imbalance has implications for all mills, particularly mid-sized players such as our mills.

Operational Overview

During the year under review, the Company demonstrated operational resilience in a challenging sugar season characterized by tight sugarcane availability and elevated input costs. Despite these constraints, Sakrand Sugar Mills Limited successfully improved its operational performance and managed to produce sugar slightly above the level achieved in the previous year. This improvement reflects the management's focus on efficient crushing operations, better process controls, and effective utilization of available resources. The Company's continued emphasis on operational discipline and recovery optimization enabled it to maintain stability in production volumes in a competitive operating environment.

Financial Performance

The sugar industry in Pakistan remained under pressure due to rising sugarcane prices, inflationary operating costs, and regulatory uncertainties. Notwithstanding these challenges, the Company successfully managed its cost structure and operational efficiencies, enabling it to generate a profit before taxation during the year. This positive financial outcome highlights the effectiveness of management's efforts in cost control, improved production efficiencies, and better alignment of operational planning with market conditions. The improvement in profitability before taxation represents a meaningful step towards strengthening the Company's financial position and long-term sustainability.

Governance & Compliance

The Company complies with all the requirements set out in the Companies Act, 2017 (“the Act”) and the Listed Companies (Code of Corporate Governance) Regulations, 2019 (“Regulations”) with respect to the composition, procedures and meetings of the Board of Directors and its committees. As required under Regulations, an annual evaluation of the Board of Directors of the Board is carried out.

Outlook & Policy Recommendations

Considering the cyclical nature of the sugar industry and competitive dynamics in Sindh, the Board believes that consistent agricultural support policies, including stable indicative sugarcane pricing frameworks and incentives for balanced sugar pricing, will be essential for sustainable industry health. Proactive measures by authorities to support improved crop yields, mitigate climate risks, and facilitate exports under favorable conditions would also contribute to a stronger sector performance.

The Board has conscientiously discharged its duties and responsibilities, providing effective oversight and strategic direction to the Company. All directors actively participated in Board deliberations and contributed meaningfully to the decision-making process. Through the implementation of a transparent and effective governance framework, the Board has successfully established a strong foundation for leadership and accountability.

Acknowledgement

I extend my sincere appreciation to our shareholders, valued customers, financial partners, the management team, and every employee of the Company for their continued support and dedication throughout the year

Independent Auditor's Review Report to the Members of Sakrand Sugar Mills Limited

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019.

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of **Sakrand Sugar Mills Limited** (the Company) for the year ended September 30, 2025, in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended September 30, 2025.

Further, we highlight below instances of non-compliance with the requirements of the Regulation as reflected in the note/paragraph reference where these are stated in the statement of Compliance:

| Para reference | Description |
|----------------|---|
| 18 | Election of the Company held on 15 September 2025, therefore company will arrange directors training program for the newly appointed director in the coming year. |
| 18 | The Company is in the process of appointing Head of Internal Audit. |

Independent Auditor's Report to the Members of Sakrand Sugar Mills Limited
Report on the Audit of the Financial Statements

Adverse Opinion

We have audited the annexed financial statements of **Sakrand Sugar Mills Limited** (the Company), which comprise the statement of financial position as at September 30, 2025, and the statement of profit or loss, and the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, because of the significance of the matters described in the Basis for Adverse Opinion paragraph, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof do not conform with the accounting and reporting standards as applicable in Pakistan and do not give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively do not give a true and fair view of the state of the Company's affairs as at September 30, 2025 and of the loss and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Adverse Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse opinion:

- As disclosed in note 1.1 of the financial statements, the Company has incurred a loss after taxation of Rs 16.950 million during the year ended September 30, 2025, has accumulated losses, as at September 30, 2025 amounts to Rs. 1,863.786 million, its current liabilities exceed its current assets by Rs. 2,511.889 million and loans amounting to Rs 181.818 million are still overdue. The Company has also suspended payments of Worker Welfare Fund and other statutory payments. Further, no provision has been made for the surcharge applicable on these outstanding amounts, which results in their non-compliance with the respective requirements of the laws. The above financial condition cast significant doubt on the Company's ability to continue as a going concern which led us to believe that the going concern assumption used in preparation of these financial statements is inappropriate. Consequently, the assets and liabilities should have been stated at their realizable and settlement amounts respectively.
- The Company entered into a restructuring agreement in the year 2023, which resulted in the substantial modification of liability. The Company has not accounted for substantial modification in liability, in accordance with the requirement of the applicable financial reporting standard. Had the Company accounted for the substantial modification in liability in accordance with the applicable financial reporting standards, the liability would have been reduced by Rs. 543.296 million while accumulated losses as at September 30, 2025, would have been reduced by Rs. 629.696 million, while the loss for the year ended would have been increased by 33.452 million.

Key Audit Matters

Except for the matters described in the Basis for Adverse Opinion section, we have determined, key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters

| Key audit matters | How the matter was addressed in our audit |
|---|--|
| <p>1. Revenue recognition</p> <p>The company has reported revenue of Rs. 3,849.269 million during the year ended September 30, 2025.</p> <p>The Company principally generates revenue from manufacturing and sale of white sugar.</p> <p>We considered revenue recognition as a key audit matter due to revenue being one of the key performance indicators and gives rise to an inherent risk that revenue could be subject misstatement to meet expectations or targets.</p> | <p>Our key audit procedures in this area amongst others included the following:</p> <ul style="list-style-type: none">• obtaining an understanding of the process relating to recognition of revenue and testing the design, implementation and operating effectiveness of key internal controls over recording of revenue;• assessed the appropriateness of the Company's use of accounting policy for recognition and recording of revenue and compliance of the said policy with the requirements of International Financial Reporting Standard 15 (IFRS 15) Revenue from Contract with Customers;• compared a sample of sales transactions recorded during the year with sales orders, sales invoices, delivery order and other relevant underlying documents for both local and export sales;• compared a sample of sale transactions recorded before and after the reporting period and near the year end, with the relevant underlying documentation to assess whether revenue has been recorded in the appropriate accounting period;• scanned for any journal entries relating to revenue recognised during and near the year end which were considered to be material or met other specified risk-based criteria for inspecting the underlying documentation; and• assessed the adequacy and appropriateness of the disclosures that are made in the financial statements, to be in accordance with the applicable accounting and reporting standard related to (IFRS 15) Revenue from contract with customers. |

2. Contingencies

The Company has contingent liabilities in respect of various matters, which are pending adjudication before respective authorities and courts of law

Contingencies require management to make judgments and estimates in relation to the interpretation of laws, statutory rules, regulations and the probability of outcome and financial impact, if any, on the Company for disclosure and recognition and measurement of any provision that may be required against such contingencies.

Given the nature and amounts involved in such cases and the appellate forums at which these are pending, the ultimate outcome and the resultant accounting in the financial statements is subject to inherent uncertainty and involvement of significant judgement, which can change over time and can significantly impact the financial statements as new facts emerge and each legal case progresses.

For such reasons, we have considered the contingencies as a key audit matter.

Our key audit procedures in this area amongst others included the following:

- assessed management's processes to identify new possible litigations, obligations and changes in existing obligations through inquiries from management and review of the minutes of meetings of the Board of Directors and Audit Committee;
- reviewed the relevant information including case proceedings, legal opinions related industry information and correspondences in respect of the ongoing litigations;
- obtained confirmation from the legal counsels and tax advisor of the Company to evaluate the status of the pending litigations and viewpoint of the Company's legal counsels thereon;
- examined legal and professional expenses to confirm that all pending legal matters are identified and disclosed;
- and assessed the adequacy and appropriateness of the disclosures that are made in the financial statements, to be in accordance with the applicable accounting and reporting standards related to IAS-37 "Provisions and Contingencies".

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the

going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern. Our opinion has been modified in this regard.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) except for the matters described in Basis for Adverse Opinion section, proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) because of the matter described in Basis for Adverse Opinion section, the statement of financial position, the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have not been drawn up in conformity with the Companies Act, 2017 (XIX of 2017). However, the same are in agreement with the books of account and returns;
- a) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- b) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in independent auditor's report is Mr. Muhammad Shabbir Kasbati.

Notes to the Financial Statements For the year ended September 30, 2025

1. COMPANY AND ITS OPERATION

Sakrand Sugar Mills Limited was incorporated in Pakistan as a public limited company under the Companies Ordinance, 1984 [Repealed with the enactment of Companies Act, 2017], on March 02, 1989 and its shares are quoted on Pakistan Stock Exchange. The principal business of the Company is to manufacture and sell white sugar and its by product. The registered office of the Company is situated in 41-K, Block-6, P.E.C.H.S, Karachi while the Company's mill is situated at Deh Tharo Unar, Taluka Sakrand, District Shaheed Benazirabad, Sindh, Pakistan, having an area of 102.18 acres.

1.1 GOING CONCERN ASSUMPTION

The financial statements of the Company for the year ended September 30, 2025 reflect net loss (2024: loss) after taxation amounting to Rs. 16,950 (2024: 245,990) thousands, and its current liabilities exceeds its current assets by Rs.2,511,889 (2024: 2,432,762) thousands. The Company defaulted in repayment of its long term restructured liabilities and other statutory liabilities due to liquidity crunch faced by the Company.

However the financial statements are prepared by the management on going concern assumption on the basis of following factors:

- a) The Company has successfully completed crushing season for 2024-2025, Further the Company is in the middle of new crushing season i.e. 2025 to 2026 which is expected to yield higher production as compare to last crushing season and the major cash flow requirements for operations are already met.
- b) The Company has successfully completed the restructuring of loan with National Bank of Pakistan, has been complying with the requirements of restructuring terms with Sindh Bank Limited and negotiating Summit Bank Limited for restructuring.
- c) The management is working on further processing of by product and believe that the sale of its will result in increase in profits.
- d) The management is working on improvement of production process that will results in reduction in cost of production in future.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. Accounting and reporting standards applicable in Pakistan comprise of:

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act 2017; and
- Provisions of, directives and notifications issued under the Companies Act, 2017.

Where provisions of, directives and notifications issued under the Companies Act, 2017 differ from the IFRS Accounting Standards, the provisions of, directives and notifications issued under the Companies Act, 2017 have been followed.

2.2 Basis of preparation

These financial statements have been prepared under the historical cost convention except for the following material items in the statement of financial position:

- a) Inventories are carried at lower of cost or net realisable value;
- b) Financial assets/ liabilities are carried in accordance with the requirements of IFRS-09 "Financial Instruments";
- c) Freehold land, factory and non-factory building on freehold land, plant and machinery are stated at revalued amounts; and
- d) Staff retirement benefit plan which is carried at present value of defined benefit obligation net of fair value of the plan assets as prescribed in IAS-19 " Employee Benefits".

2.3 Functional and presentation currency

Items included in the financial statement of the Company are measured using the currency of the primary economic environment in which the Company operates (the functional currency). These financial statements are presented in Pakistan Rupee which is the Company's functional and presentation currency.

3. SIGNIFICANT ACCOUNTING JUDGEMENTS, ASSUMPTION AND ESTIMATES

The preparation of financial statements in conformity with approved accounting standards requires the use of certain accounting estimates. It also requires management to exercise its judgements in the process of applying the Company's accounting policies. Estimates and judgements are continually evaluated are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In the process of applying the accounting policies, management has made the following estimates, assumptions and judgements which are significant to the financial statements:

- a) Determining the residual values and useful life of property, plant and equipment;
- b) Impairment / adjustment of inventories to their net realizable values;
- c) Accounting for staff retirement benefits;
- d) Recognition of tax and deferred tax;
- e) Impairment of financial and non-financial assets;
- f) Contingencies and commitments.

3.1 CHANGES IN ACCOUNTING STANDARDS, INTERPRETATIONS AND AMENDMENTS TO ACCOUNTING AND REPORTING STANDARDS

a) Amendments to published accounting and reporting standards which became effective during the year:

The following amendments to International Financial Reporting Standards (IFRS) became effective for annual reporting periods beginning on or after January 01, 2024, and therefore were applicable to the Company's financial statement for the year ended September 30, 2025:

- (i) IAS 1 – Presentation of Financial Statements (Amendments: Disclosure of Accounting Policies & Classification of Liabilities as Current or Non-current, with Non-current Liabilities with Covenants)
 - These amendments require entities to disclose material accounting policies instead of merely significant ones.
 - They also clarify the classification of liabilities as current or non-current based on rights existing at the reporting date and require specific disclosures for covenants related to non-current liabilities.

- The amendments did not result in any material change to the Company's financial position or performance, except for enhanced disclosure of accounting policies.
- (ii) IAS 7 – Statement of Cash Flows and IFRS 7 – Financial Instruments: Disclosures (Amendments: Supplier Finance Arrangements)
 - Introduces specific disclosure requirements regarding supplier finance (reverse factoring) arrangements to enable users of financial statement to understand the effects on liabilities and cash flows.
 - The Company does not have supplier finance arrangements; therefore, the amendments did not impact these financial statement.

b) New standards and amendments to published accounting and reporting standards that are not yet effective and not early adopted by the Company

The following new standards and amendments to existing standards have been published and are mandatory for accounting periods beginning on or after the dates mentioned below. These have not been early adopted by the Company:

(i) IFRS 18 Presentation and Disclosure in Financial Statement **Effective date:**
January 1, 2027

IFRS 18 replaces IAS 1 Presentation of financial statement and introduces significant changes to the structure and disclosure requirements of financial statement. The key objective is to improve comparability and clarity of performance reporting across entities. The standard introduces three defined categories in the statement of profit or loss: operating, investing, and financing. It also introduces requirements for companies to disclose management-defined performance measures (MPMs) used in public communications, along with reconciliations to IFRS-defined subtotals. In addition, IFRS 18 provides enhanced guidance on disaggregation and promotes a more objectives-based disclosure approach. The Company is assessing the potential impact of this standard on the classification, presentation, and disclosures in its financial statement.

(ii) IFRS 19 Subsidiaries without Public Accountability: Disclosures **Effective date:**
January 1, 2027

IFRS 19 permits eligible subsidiaries—those without public accountability and whose parent prepares consolidated financial statements in accordance with IFRS—to apply all recognition, measurement, and presentation requirements of IFRS while providing reduced disclosures. The objective is to reduce the cost of compliance for such subsidiaries while maintaining transparency for users of financial statements. The Company is currently evaluating whether any of its subsidiaries qualify for the application of IFRS 19 and the potential impact on future disclosure requirements.

(iii) IFRS 7 Financial Instruments: Disclosures (Amendments) **Effective date:**
January 1, 2026

The amendments require entities to disclose additional information about supplier finance arrangements, including the terms and conditions, the carrying amounts of financial liabilities subject to such arrangements, and the line items in which they are presented. The objective is to improve transparency and help users assess the effects of these arrangements on an entity's liabilities, liquidity, and cash flows. The amendments apply when an entity enters into arrangements where a finance provider pays amounts the entity owes to its suppliers. The Company is evaluating the impact of these disclosure requirements and will implement the changes in accordance with the effective date.

(iv) IFRS 9 Financial Instruments (Supplier Finance Arrangements)

Effective date:

January 1, 2026

These amendments clarify the classification and presentation of liabilities that arise from supplier finance arrangements. They aim to ensure consistent application of derecognition, modification, and classification principles under IFRS 9. In particular, the amendments provide guidance on how an entity should assess whether a liability should be classified as a financial liability or trade payable, based on its substance rather than legal form. The amendments work alongside related changes to IFRS 7 and IAS 7 to improve transparency around the use of such arrangements. The Company is currently assessing the impact of these amendments on its accounting treatment and financial statement

(v) IFRS S1 General Requirements for Disclosure of Sustainability-Related Financial Information

Effective date:
January 1, 2025

IFRS S2 Climate-Related

These standards include the core framework for the disclosure of material information about sustainability-related risks, opportunities across an entity's value chain and set out the requirements for entities to disclose information about climate-related risks and opportunities.

IFRS S1 requires entities to disclose information about its sustainability-related risks and opportunities that is useful to primary users of general purpose financial reporting in making decisions relating to providing resources to the entity. The standards provide guidance on identifying sustainability-related risks and opportunities, and the relevant disclosures to be made in respect of those sustainability-related risks and opportunities.

IFRS S2 is a thematic standard that builds on the requirements of IFRS S1 and is focused on climate-related disclosures. IFRS S2 requires an entity to identify and disclose climate-related risks and opportunities that could affect the entity's prospects over the short, medium and long term. In addition, IFRS S2 requires entities to consider other industry-based metrics and seven cross-industry metrics when disclosing qualitative and quantitative components on how the entity uses metrics and targets to measure, monitor and manage the identified material climate-related risks and opportunities. The cross-industry metrics include disclosures on greenhouse gas ('GHG') emissions, transition risks, physical risks, climate-related opportunities, capital deployment, internal carbon prices and remuneration.

The management anticipates that the adoption of the above standards, amendments and interpretations in future periods, will have no material impact on the financial statements other than in presentation / disclosures. There are a number of other standards, amendments and interpretations to the published standards that are not yet effective and are also not relevant to the Company and, therefore, have not been present here.

The material accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

4. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented in the financial statements unless otherwise stated.

4.1 Property, plant & equipment

a) Tangible asset & depreciation

Assets are stated at cost less accumulated depreciation and accumulated impairment losses, if any, except for freehold land, factory and non-factory building on freehold land and plant & machinery. Cost comprises of purchase price, import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, and includes other costs directly attributable to the acquisition or construction, erection and installation.

Subsequent costs are included in the asset's carrying amounts or are recognised as a separate asset, as appropriate only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Depreciation is charged to statement of profit or loss by applying the reducing balance method except for plant & machinery on which units of production method has been applied so, as to write down the assets over their estimated useful lives at the rates specified in note 5 to these financial statements. The assets' residual values, useful lives and methods are reviewed, and adjusted if appropriate, at each financial year end.

Freehold land, factory and non factory building on freehold land and plant & machinery are carried at revalued amount. The revaluation is done by professionally qualified valuers with sufficient regularity to ensure that the net carrying amounts do not differ materially from their fair values.

Any revaluation increase arising on the revaluation of freehold land, factory and non-factory building on freehold land and plant & machinery is recognised in other comprehensive income and presented as a separate component of equity as "Revaluation surplus on property, plant & equipment", except to the extent that it reverses a revaluation decrease for the same asset previously recognised in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously charged. Any decrease in carrying amount arising on the revaluation of freehold land, factory and non-factory building on freehold land and plant & machinery is charged to profit or loss to the extent that it exceeds the balance, if any, held in the "Revaluation surplus on property, plant & equipment" relating to a previous revaluation increase of that asset. The surplus on revaluation in respect of freehold land, factory and non-factory building on freehold land and plant & machinery to the extent of incremental depreciation charged (net of deferred tax) is transferred to unappropriated profit.

Depreciation on additions is charged from the quarter in which the assets become available for use, while no depreciation is charged in the quarter of disposal.

Normal repairs and maintenance are charged to the statement of profit or loss during the period in which they are incurred.

The gain or loss arising on disposal or retirement of an item of property, plant & equipment is determined as the difference between the sale proceeds and the carrying amounts of the asset and is recognised as other income in the statement of profit or loss. In case of the sale or retirement of a revalued property, the attributable revaluation surplus remaining in the surplus on revaluation is transferred to other comprehensive income.

4.2 Intangible asset and amortisation

Intangible asset represents the cost of computer software acquired and is stated at cost less accumulated amortisation and any identified impairment loss.

Amortisation is charged to the statement of profit or loss on the written down basis so as to write off the cost of an asset over its estimated useful life. Amortisation on additions is charged from the month in which an asset is acquired or capitalised while no amortisation is charged for the month in which the asset is disposed off. Amortisation is being charged at the rate disclosed in note 6 to the financial statements.

4.3 Stores, spares and loose tools

These are valued at lower of cost except for items in transit, which are valued at cost comprising invoice value and related expenses incurred thereon upto date of the statement of financial position. Cost is calculated on weighted average basis. Obsolete and used stores, spares and loose tools are recorded at nil value.

4.4 Stock-in-trade

The basis of valuation has been specified against each:

| | |
|------------------------|--|
| Finished goods - sugar | Lower of cost or net realisable value |
| Sugar-in-process | Cost of raw material consumed and proportionate manufacturing expenses |
| Molasses | Net realisable value |
| Bagasse | Net realisable value |
| Composite fertilizer | Lower of cost or net realisable value |

Provision for obsolete and slow moving stock are made as and when required. Net realisable value signifies the estimated selling price in the ordinary course of business less estimated cost of completion and estimated cost necessary to be included in order to make the sale.

4.5 Trade debts

Trade debts are carried at original invoice amount being the fair value, less an allowance for uncollectible amounts, if any. The Company applies IFRS 9 simplified approach to measure the expected credit losses (ECL) which uses the life time expected loss allowance for trade debts.

4.6 Capital work-in-progress

Capital work-in-progress, if any, is stated at cost less accumulated impairment losses, if any, and represents expenditure on fixed assets in the course of construction and installation and advances for capital expenditure. Transfers are made to the relevant category of tangible / intangible assets as and when the assets are available for intended use.

4.7 Provisions

Provisions are recognised when Company has a present, legal or constructive obligation as a result of past event and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Provisions are reviewed at each date of statement of financial position and adjusted to reflect the current best estimate.

4.8 Impairment

The carrying amounts of the assets are reviewed at each date of statement of financial position to determine whether there is any indication of impairment of any asset or a group of assets. If any such indication exists, the recoverable amount of that asset is estimated and impairment losses are recognised in the statement of profit or loss.

4.9 Taxation - levy and income tax

a) Levy

In accordance with the Income Tax Ordinance, 2001, the computation of minimum tax or final tax is not based on taxable income but rather on revenue or other criteria. As such, and in line with the Application Guidance on Accounting for Minimum Taxes and Final Taxes issued by ICAP under IAS 12, these amounts fall within the scope of IFRIC 21 / IAS 37. Consequently, the amounts determined on the basis of revenue or other similar measures have been classified as levies and recognized as operating expenses in these financial statements. However, taxes on dividends from the Company's investments in subsidiaries and associates remain specifically within the scope of IAS 12 and are therefore treated as current income tax. Any portion exceeding the levy amount is recognized as a current income tax expense under IAS 12.

b) Current taxation

Provision for current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year if enacted after taking into account tax credits, rebates and exemptions, if any. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the period for such years.

c) Deferred taxation

Deferred tax is recognised using the statement of financial position liability method, on all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts appearing in the financial statements. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that the temporary differences will reverse in the future and taxable income will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each date of the statement of financial position and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantially enacted by the statement of financial position date.

4.10 Cash and cash equivalents

Cash and cash equivalents are carried at cost in the statement of financial position. For the purpose of the statement of cash flows, cash and cash equivalents comprise of cash in hand and bank balances.

4.11 Share capital

Ordinary shares are classified as equity and recognised at their face value. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds received.

4.12 Subordinated loan from directors

The Company has adopted Technical Release - 32 (Accounting Directors' Loan) issued by the Institute of Chartered Accountants of Pakistan. In accordance with TR- 32, directors' interest free, unsecured loans that are repayable at the discretion of the Company have been accounted for in equity and presented separately as "Directors' / Sponsors' subordinated loan".

4.13 Post retirement benefits

a) Defined contribution plan - provident fund

The Company operates a provident fund scheme for its permanent employees. Obligation for contributions to the fund are recognised as an expense in the statement of profit or loss when they are due. A Trust has been established and its approval has been obtained from the Commissioner of Income Tax. Monthly contributions are made at the rate of 8.33% of basic salary both by the Company and its employees to the Fund as per the Company's policy.

b) Defined benefit plan - staff gratuity

The Company operates an unfunded gratuity scheme for all of its eligible employees who have completed the minimum qualification period of service. The contribution to the scheme are made in accordance with actuarial valuation using "Projected Unit Credit Method".

4.14 Trade and other payables

Liabilities for trade and other amounts payable are carried at cost which is the fair value of the consideration to be paid in future for goods and services received, whether or not billed to the Company.

4.15 Loans, advances and deposits

These are stated at cost less estimates made for any doubtful receivables based on a review of all outstanding amounts at the date of statement of financial position. Balances considered bad and irrecoverable are written off when identified.

4.16 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying capital asset under construction are capitalised and added to the project cost until such time the asset is substantially ready for their intended use, i.e., when they are capable of commercial production. All other borrowing costs are recognised as an expense in the statement of profit or loss in the period in which they are incurred.

4.17 Contingencies

Contingencies are disclosed when the Company has possible obligation that arises from past event and whose existence will confirmed only by occurrence or non -occurrence of one or more uncertain future events not wholly within the control of entity, or a present obligation that arises from past event but is not recognised because it is not probable that an outflow of resources embodying economic benefit will be required to settle the obligation or, when amount of obligation cannot be measured with sufficient reliability.

4.18 Foreign currency transactions

Foreign currency transactions are translated into the functional currency, using the exchange rates prevailing on the date of the transaction. Monetary assets and liabilities, denominated in foreign currencies, are translated into the functional currency using the exchange rate prevailing on the date of the statement of financial position. Exchange differences arising from the settlement of such transactions, and from the translation of monetary items at the end of the year exchange rates, are charged to the statement of profit or loss.

4.19 Finance lease obligations

Finance lease obligations are accounted for at the net present value of minimum payments under the lease arrangements.

Finance charges under lease arrangements are allocated to periods during the lease term so as to produce a constant periodic rate of financial cost on the remaining balance of principal liability for each period.

4.20 Financial instruments

A financial instrument is any contract that give rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

4.21 Financial assets

a) Initial recognition and measurement

Financial assets are classified at amortised cost, fair value through other comprehensive income (FVOCI) or fair value through profit and loss (FVPL).

The classification of financial asset at initial recognition depends on the financial asset contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables, the Company initially measures financial asset at its fair value plus transaction cost except for fair value through profit and loss. Trade receivables are measured at transaction price determined under IFRS-15.

In order for a financial asset to be classified and measured at amortised cost or FVOCI, it needs to give rise to cash flows that are SPPI on the principal amount outstanding. This assessment is referred to as SPPI test and is performed at an instrument level. The Company's business model for managing assets refers to how it managed its financial asset in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial asset that requires delivery of asset within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date the Company commits to purchase or sell the asset.

b) Subsequent measurement

For the purpose of subsequent measurement, the Company classifies its financial assets into following categories;

- Financial assets at amortised cost (debt instruments);
- Financial assets designated at fair value through other comprehensive income (FVOCI) with no recycling of cumulative gains and losses upon derecognition (equity instrument); and
- Financial assets at fair value through profit or loss (FVPL).

c) Financial asset at amortised cost (debt instruments)

The Company measures financial asset at amortised cost when both the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- Financial asset at amortised cost are subsequently measured using effective interest rate (EIR) method and are subject to impairment. Gain and losses are recognised in profit or loss when the asset is derecognised , modified or impaired.

d) Financial asset designated at FVOCI (equity instrument)

Upon initial recognition, the Company can elect to classify irrevocably its equity investments as equity instruments designated at FVOCI when they meet the definition of equity under Financial Instruments: Presentation and are not held for trading. The classification is determined on instrument-by-instrument basis.

Gain and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as other income in profit or loss when the right to payment has been established. Except when the Company benefits from such proceeds as a recovery part of the cost of the financial asset, in which case, such gain is recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

e) Financial assets at FVPL

Financial assets at FVPL include financial assets held for trading, financial assets designated upon initial recognition at FVPL or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in near term. Financial asset with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost or at FVOCI, as described above, debt instruments may be designated at FVPL on initial recognition if doing so eliminates, or significantly reduces accounting mismatch.

Financial assets at FVPL are carried in the statement of financial position at fair value with net changes in fair value recognised in profit or loss.

This category also includes derivative instruments and listed equity investments which the Company had not irrevocably elected to classify at FVOCI. Dividends on listed equity investments are also recognised in profit or loss when the right of payment has been established. The Company has not designated any financial asset at FVPL.

f) Derecognition

A financial asset (or where applicable, a part of financial asset or part of a group of similar financial assets) is primarily (i.e. removed from the Company statement of financial position) when:

- The right to receive cash flows from the assets have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass through arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risk and rewards of the asset, but has transferred control of the asset.

4.22 Financial liabilities

Initial recognition and measurement

Financial liabilities are classified as FVPL or amortised cost.

All financial liabilities are recognised initially at fair value and, in case of loans and borrowings and payables, net of directly attributable transaction cost.

Subsequent measurement

a) Financial Liabilities at FVPL

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gains or losses on liabilities held for trading are recognised in profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial recognition, only if the criteria in IFRS 09 are satisfied. The company has not designated any financial liability as FVPL.

b) Financial Liabilities at amortised cost

After initial recognition, borrowing and payables are subsequently measured at amortised cost using EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in profit or loss.

Borrowings are classified as current liabilities unless the company has unconditional right to defer the settlement of the liability for at least twelve months after the reporting date. Exchange gains and losses arising in respect of borrowings in foreign currency are added to the carrying amount of borrowing.

c) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

4.23 Impairment

4.23.1 Impairment of financial assets

The Company recognises an allowance for expected credit losses (ECL) for all the debt instruments not held at fair value through profit or loss. ECL are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL is recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within next 12- months (a 12- month ECL). for those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of default (a life time ECL).

For financial assets other than trade debts, the Company applies general approach in calculating ECL. It is based on the difference between contractual cash flow due in accordance with the contract and all the cash flows that the Company expect to receive discounted at the approximation of the original effective interest rate. The expected cash flows will include cash flows from sale of collateral held or other credit enhancements that are integral to the contractual terms.

For trade debts the Company applies a simplified approach where applicable in calculating ECL. Therefore the company does not track changes in credit risk, but instead recognise a loss allowance based on lifetime ECL at each reporting date. The Company has established a provision matrix for large portfolio customer having similar characteristics and default rates based on the credit rating of customers from which the receivables are due that is based on the Company's historical credit loss experience, adjusted for forward looking factors specific to the debtors and the economic environment.

The Company considers a financial asset in default when contractual payments are 90 days over due. However in certain cases, the Company may also consider a financial asset to be in default when contractual payments are 90 days past due. However in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking in to account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

4.23.2 Impairment of non financial assets

The carrying amounts of the Company's non financial assets are reviewed annually to determine whether there is any indication of impairment. If any such indication exist the asset's recoverable amount is estimated and impairment losses are recognised in the profit or loss. The recoverable is the higher of an asset's fair value less cost to disposals and value in use.

4.23.3 Offsetting

Financial assets and liabilities are offset when the Company has a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset or settle the liability simultaneously.

4.24 Revenue recognition

Revenue from the sale of goods is measured at the fair value of the consideration received or receivable net of discounts and applicable taxes. Revenue is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing involvement of management with the goods and the amount of revenue can be measured reliably on the following basis:

- Local sales are recognised when goods are lifted by the customer.
- Export sales are recognised when the goods are on board the shipping vessel.
- Dividend income is recognised when the right to receive the dividend is established.
- Interest income is recognised using effective interest method on an accrual basis.
- Government grants relating to export subsidy are recognised when there is a reasonable assurance that the Company will comply with the conditions attached to it and the grant will be received.

4.25 Dividends

Dividend declared and appropriations to reserves made subsequent to the reporting date are considered non-adjusting events and are recognised in the financial statements in the year in which they are approved.

4.26 Related party transactions

Related party comprises of major shareholders, associated companies with common directorship, directors of the Company, key management personal and their close family members. The Company continues to have a policy whereby transactions with related parties are entered into at commercial terms, approved policy and at rates agreed under a contract / agreement / arrangement.

Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the Company. The Company considers its Chief Executive Officer, Chief Financial Officer, Directors, Company Secretary and departmental heads to be its key management personnel.

The followings are the related parties of the Company:

4.27 Off-setting of financial assets and liabilities

Financial assets and financial liabilities are only off-set and the net amount is reported in the financial statements when there is a legally enforceable right to set off the recognised amounts and the Company intends to either settle on net basis or to realise the asset and settle the liability simultaneously.

4.28 Earning per share

The Company presents basic and diluted earnings per share (EPS). Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, if any.

4.29 Unclaimed dividend

The Company recognised unclaimed dividend which was declared and remained unclaimed from the date it was due and payable. The dividend declared and remained unpaid from the date it was due and payable is recognised as unpaid dividend.

| Gratuity | 21.2 | 14,232 | 13,821 |
| | | 70,692 | 70,282 |

21.1 Subsequent to the verdict issued by the Honorable Supreme Court of Pakistan (SCP) dated March 03, 2018 relating to quality premium, the Company based on advice from its legal advisor has taken the position that since no valid notification for quality premium under section 16(v) of the Sugar Factories Control Act, 1950 could have been issued by the Provincial Government, no liability for the payment of quality premium has arisen between the crushing season 1998-1999 till the date of the decree. The Company has also considered additional payments made to the cane grower over and above minimum support price fixed by the Provincial Government which are considered to be inclusive of quality premium. However, as a matter of prudence, the Company carries full provision in respect of quality premium payable pertaining to years 2003 and 2004 in these financial statements.

21.2 Staff gratuity

Contributions to the fund are made based on actuarial recommendations. The last actuarial valuation was carried out as at September 30, 2025 using the Projected Unit Credit Method.

| | Note | September 30, 2025 | September 30, 2024 |
|---|--------|-----------------------|-----------------------|
|Rupees in 000'..... | | | |
| 21.2.1 Changes in defined benefit liabilities are: | | | |
| Opening defined benefit obligation | | 13,821 | 10,881 |
| Expense for the year / current service cost | | 661 | 809 |
| Interest cost | | 1,605 | 1,731 |

| Benefit paid by the Company | | (32) | (200) |
| Closing defined benefit obligation | | <u>14,232</u> | <u>13,821</u> |

21.2.2 Liability for gratuity arose in the following manner:

| | | | |
|-----------------------------|--|---------------|---------------|
| Opening net liability | | 13,821 | 10,881 |
| Expense for the year | | 2,266 | 2,540 |

| Benefit paid | | (32) | (200) |
| Closing net liability | | <u>14,232</u> | <u>13,821</u> |

21.2.3 Principal actuarial assumptions used in the actuarial valuation:

The "Projected Unit Credit Method" using the following significant assumptions was used for the valuation of the scheme:

| | 2025 | 2024 |
|--|-----------------------|-----------------------|
| | % | % |
| Discount rate used for interest cost | 11.75 | 12.00 |
| Discount rate used for year end obligation | 12.00 | 16.75 |
| Salary increase rate - long term | 10.00 | 10.00 |
| Salary increase rate - short term | 10.00 | 10.00 |
| Demographic assumptions | | |
| Mortality rates | SLIC 2001-2005 | SLIC 2001-2005 |
| | September 30, 2025 | September 30, 2024 |
|Rupees in 000'..... | | |

21.2.4 Remeasurement recognised in OCI during the year:

| | | | |
|---|--|------------|--------------|
| Experience adjustments | | - | - |
| Remeasurement gain / (loss) on defined benefit obligation | | <u>963</u> | <u>(600)</u> |

The weighted average number of years of defined benefit obligation is given below:

Plan duration

September 30, 2025

September 30, 2024

The calculation of defined benefit obligation is sensitive to assumptions set out above. The following table summarizes how the impact on the defined benefit obligation at the end of the reporting period would have increased/ (decreased) as a result of a change in respective assumptions by one percent.

| | Effect of one Percent increaseRupees in 000'..... | Effect of one Percent increaseRupees in 000'..... |
|----------------------|--|--|
| 2025 | | |
| Discount rate | 14,089 | 14,089 |
| Future salary growth | 14,704 | 14,704 |
| 2024 | | |
| Discount rate | 13,273 | 13,273 |
| Future salary growth | 14,420 | 14,420 |

The above sensitivity analyses are based on the changes in assumptions while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of defined benefit obligation to significant assumptions the same method (present value of the defined benefit obligation calculated with the projected credit unit method at the end of the reporting period) has been applied when calculating the liability recognized within the statement of financial position.

The defined benefit obligation exposes the Company to the following risks:

Final salary risks:

The risk that the final salary at the time of cessation of service is greater than what was assumed. Since the benefit is calculated on the final salary, the benefit amount would also increase proportionately.

Mortality risks:

The risk that the actual mortality experience is different. Similar to the withdrawal risk, the effect depends on the beneficiaries' service / age distribution and the benefit.

Withdrawal risks:

The risk of higher or lower withdrawal experience than assumed. The final effect could go either way depending on the beneficiaries' service / age distribution and the benefit.

25. CONTINGENCIES AND COMMITMENTS

Contingencies

- 25.1 The Company along with other sugar mills (Petitioners) has filed Constitution Petition (CP) No. 230 of 2014 challenging certain provisions of prevailing sugar sectors regulatory regime including the fixation of the minimum price of sugarcane and a linked corresponding minimum price of refined sugar, which is currently pending before the Honorable High Court of Sindh. The legal advisors of the Company are confident about the favorable outcome of this matter, therefore, no provisions in this respect are made in these financial statements.

- 25.2 The Commissioner Inland Revenue Zone II, LTO selected the case of the Company for tax years 2015, 2016, 2017, 2018 and 2019 for audit under section 177(1) of the Income Tax Ordinance, 2001 (hereinafter referred to as the Ordinance, 2001). The Assistant / Deputy Commissioner (Audit-I) Inland Revenue, after proceedings, passed orders under Section 122(1) of the Ordinance, 2001, of identical nature resulting in demand aggregating to Rs. 15.408 Billion. Similar approach was adopted while framing the assessment orders of other sugar mills in the province of Sindh.

The Company filed appeals against the orders and demand for the aforesaid years before the Commissioner (Appeals) Inland Revenue, wherein the orders were confirmed by the forum, thereafter the Company filed appeal before the Appellate Tribunal Inland Revenue against the decision of the Commissioner (Appeals) and is pending before the forum. The Company meanwhile has obtained stay from recovery of tax demanded in the respective years from Honorable High Court of Sindh.

In the opinion of the tax advisor of the Company, the above assessments have been framed on frivolous and flimsy grounds without applying judicial mind and without due process of law. The Company, therefore, based on the opinion of its legal counsel, has not made any provision in these financial statements against the above orders and demands.

- 25.3 The Deputy Commissioner Inland Revenue unit -10 Audit -1, selected the case of the company for tax years 2014-2015 & 2015-2016 and passed disputed sales tax order No. 02/198/2021 dated 26-06-2021 & Order No 03/198/2021 dated 28-06-2021 and imposing sales tax U/s 11(2) of sales tax Act, 1990 & penalty u/s 33(5), of identical nature resulting in demand aggregating to Rs.4.51 billion. Similar approach was adopted while framing the assessment orders of other sugar mills in the province of Sindh. The Company has filed appeal against the Order which is pending for hearing before the Commissioner Appeals-I, Karachi. The Company has good arguable case on merit and likely to be decide in favor of Company.
- 25.4 Deputy Commissioner Inland Revenue has passed an order U/s 161 (1) dated 26-02-2022 for TY-2020 & 25-02-2021 for TY-2019, imposing tax not deducting from Unregistered buyers of the Company who have been treated as who have been treated as retailers, resulting in demand aggregating of Rs.65.2 million. The Company has filed appeal against the Order which is pending for hearing before the Commissioner Appeals-I, Karachi. The Company has good arguable case on merit and likely to be decide in favor of Company.
- 25.5 The Competition Commission of Pakistan (CCP) in August 2021 passed an orders dated 13 August 2021 and imposed penalty on PSMA and member sugar mills alleging them to be guilty of collusive activities and cartelization. The penalty imposed on the Company is Rs. 169 million. The PSMA and our Company along with other sugar mills filed the Suit against the order of the Competition Commission of Pakistan (CCP) at Honorable High Court of Sindh. The Honorable Court passed the interim order on October 7, 2021 that the operation of orders dated 06.08.2021 and 13.08.2021 shall remain suspended till the hearing is underway. The above said civil suit has been transferred to Senior Civil Judge XV, Karachi (South) under Act No. V! of 2025.
- In the opinion of the legal advisor of the Company, based on merit the final outcome of aforesaid suit is expected to be in favor of the Company. The Company, therefore, based on the opinion of its legal advisor, has not made any provision in these financial statements against the above order.
- 25.6 A petitioner has filed Constitution Petition (CP) No. 3823 of 2018 in the Honorable High Court of Sindh against the Company along with other sugar mills dated 15 May 2018 for withdrawal/cancellation/refunding of the cash freight subsidy on sugar export approved by the Cabinet Economic Coordination Committee and additional cash freight subsidy approved by the Sindh Cabinet. The matter is pending adjudication. legal advisors are optimistic about the outcome of this petition in favor of company.
- 25.7 State Bank of Pakistan issued a letter dated 14-Feb-2019 pertaining to levy of non performance penalty @ 15% alleged delay in the shipment of consignment. Therefore, Company challenged this letter before Sindh High Court , through the mentioned petition. The Court passed an ad-interim order dated February 26, 2019 in which it directed to maintain status-quo. Legal advisors are confident about the said petition in favor of the Company.

- 25.8 Contingency in respect of quality premium has been disclosed in note 21.1 to the financial statements.

Commitments

- 25.9 There is no capital commitment existed at the year end.

37. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's activities expose it to a variety of financial risks i.e. market risk, credit risk and liquidity risk. The risk is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the management. The Board of Directors supervises the overall risk management approach within the Company.

37.1 Market risk

Market risk is the risk that the value of financial instrument may fluctuate as a result of changes in market interest rates, foreign exchange rates or the equity prices due to change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market. There has been no change in the Company's exposure to market risk or the manner in which the this risk is managed. Under market risk the Company is exposed to interest rate risk, currency risk and equity price risk.

37.2 Interest rate risk

This represents the risk that the fair value or future cash flows of financial instrument will fluctuate because of change in market interest rates. As of September 30, 2025, the Company is exposed to such risk mainly in respect of long-term financing.

Management of the Company estimates that 1% increase in the market interest rate, with all other factors remaining constant, would decrease the Company's profit by Rs. (2024: increase the loss by Rs. 1.498 million) and a 1% decrease would result in an increase in the Company's profit (2024: decrease in the Company's loss) by the same amount. However, in practice, the actual results may differ from the sensitive analysis. This analysis is prepared assuming that all other variables held constant and the amount of net liabilities outstanding as at the date of statement of financial position.

37.3 Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of financial instrument will fluctuate because of the changes in foreign exchange rates. The Company is not exposed to foreign currency risk as at September 30, 2025 due to the fact that neither of the assets or liabilities are dominated in foreign currencies.

37.4 Equity risk

Equity risk is the risk of volatility in share prices resulting from their dependence on market sentiments, speculative activities, supply and demand for shares and liquidity in the market. As of September 30, 2025, the Company is not exposed to equity price risk.

37.5 Credit risk

Credit risk is the risk which arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The Company attempts to control credit risk by monitoring credit exposures, limiting transactions with specific counterparties and continually assessing the creditworthiness of counterparties.

Concentration of credit risk arises when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. The maximum exposure to credit risk at the reporting date is:

| | Note | September 30, 2025 | September 30, 2024 |
|----------------------------|------|--------------------------|-----------------------|
| | |Rupees in 000'..... | |
| Long-term deposits | 8 | 2,860 | 2,860 |

| Bank balances | 15 | - | 48,307 |
| | | <u>23,857</u> | <u>80,877</u> |

Trade debts

All the trade debts at the statement of financial position date represent domestic parties.

The maximum exposure to credit risk before any credit enhancements and provisions for trade debts at the reporting date by division is:

| | September 30, 2025 | September 30, 2024 |
|---------------------------|--------------------------|-----------------------|
| |Rupees in 000'..... | |
| Sugar (net of provisions) | <u>19,285</u> | <u>4,762</u> |

The aging of trade receivable at the reporting date is:

| | | |
|-----------------|---------------|----------------|
| Past due 1 year | <u>93,867</u> | <u>182,810</u> |
|-----------------|---------------|----------------|

During the year the Company has made adequate recovery amounting to Rs. 89.385 million for receivables. However, the Company has made a provision of outstanding balance more than one year on prudent basis.

Quality of financial assets

The credit quality of financial assets that are neither past nor impaired can be assessed by reference to external credit ratings or to historical information about counterparty default rates as follows:

| | September 30, 2025 | September 30, 2024 |
|---------------------|--------------------------|-----------------------|
| |Rupees in 000'..... | |

| AA | 54 | - |
| B | 154 | - |
| Unrated | - | 39 |
| | <u>17,974</u> | <u>48,307</u> |

37.6 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company attempts to follow effective cash management and planning policy to ensure the availability of funds through committed credit facilities. The table below summarizes the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

| | On demand | Less than one year | 1 to 5 Years | Total |
|---------------------------|----------------|--------------------|----------------|------------------|
| Deferred liabilities | - | - | 70,692 | 70,692 |

Effective interest/mark-up rates for the financial liabilities are mentioned in the respective notes to the financial statements.

37.7 Fair value of financial instruments

Fair value is the amount for which an asset could be exchanged, or liability settled, between knowledgeable willing parties in an arm's length transaction. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The estimated fair value of all financial assets and liabilities is considered not significantly different from book values as the items are either short-term in nature or repriced periodically.

Certain property, plant and equipment of the Company was valued by independent valuer to determine the fair value of property, plant and equipment as at December 7, 2021. The revaluation surplus was credited to other comprehensive income and is shown as 'surplus on revaluation of property, plant and equipment'. The different levels have been defined as follows:

Level 1: Quoted prices (unadjusted) in active market for identical assets/ liabilities.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

Level 2 fair value of revalued property, plant and equipment has been derived using the current market price or depreciated replacement cost method. Sales prices of comparable property, plant and equipment in identical circumstances or close proximity are adjusted for differences in key attributes such as property size, structure, location, capacity etc. The most significant inputs into this valuation approach are price per marla, price per square feet, depreciated replacement cost etc.

37.8 Capital risk management

The Company finances its operations through equity, borrowings and management of working capital with a view of maintaining an appropriate mix between various sources of finance to minimise risk. The primary objective of the Company's capital management is to ensure that it maintains healthy capital ratios in order to support its business, sustain future development of the business and maximise shareholders value. The Company monitors capital using a debt equity ratio as follows:

| | Note | September 30, 2025 | September 30, 2024 |
