Dear Sir,

We are pleased to share the annual progress report on utilization of proceeds of initial Public Offering (IPO) till June 30, 2025, under regulations 16(ii) of Chapter VIII of the public offering regulations, 2017, along with agreed upon procedures report thereon by the external auditors of the Company M/s. Crowe Hussain Chaudhury & Co.

Brief Introduction

Fast Cables Limited (“the company”) successfully raised funds through an Initial Public Offering (IPO) to fuel the expansion of its existing business. The IPO involved the issuance of 128 million ordinary shares (face value of Rs 10 each), raising a total of Rs. 3,129,600,000 at a strike price of Rs. 24.45 per share. As a result, 20.35% of the Company's post-IPO share capital was made available to the public and institutional investors. The process of listing the shares on the Pakistan Stock Exchange and commencing trading was successfully completed on 10 June 2024.
