These unconsolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard 34 "Interim Financial Reporting" and IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan (ICAP) as are notified under the Companies Act, 2017;

Wherever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives and notifications issued by the SBP and the SECP differ with the requirements of IFRS Accounting Standard or IFAS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives and notifications, shall prevail.

The SBP has deferred the applicability of International Accounting Standard (IAS) 40, 'Investment Property' for banking companies through BSD Circular Letter No. 10 dated August 26, 2002 till further instructions. The SBP through BPRD Circular No. 04 of 2015 dated February 25, 2015 had deferred the applicability of Islamic Financial Accounting Standard-3 for Profit and Loss Sharing on Deposits (IFAS-3) issued by the Institute of Chartered Accountants of Pakistan (ICAP) and notified by the SECP, vide their SRO No. 571 of 2013 dated June 12, 2013 for Institutions offering Islamic Financial Services (IFS). The SECP through SRO 56(1)/2016 dated January 28, 2016, has directed that the requirements of IFRS 10, 'Consolidated financial statements' are not applicable in case of investments by companies in mutual funds established under Trust Deed structure. Accordingly, implications of IFRS 10 in respect of investment in mutual funds are not considered in these unconsolidated condensed interim financial statements.

- 2.1.1** The disclosures made in these unconsolidated condensed interim financial statements have been limited based on the format prescribed by the SBP through BPRD Circular Letter No. 02 dated February 09, 2023 and the requirements of International Accounting Standard 34, "Interim Financial Reporting". These do not include all the information and disclosures required for annual financial statements, and therefore should be read in conjunction with the annual audited unconsolidated financial statements of the Bank for the year ended December 31, 2025.
- 2.1.2** These unconsolidated condensed interim financial statements represent separate financial statements of Bank Alfalah Limited in which investment in subsidiaries and associates are accounted for on the basis of cost less accumulated impairment losses, if any.

## **2.2 Standards, interpretations of and amendments to published accounting and reporting standards that are effective in the current period:**

There are certain new and amended standards, issued by the International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Bank's accounting periods beginning on or after January 01, 2026 but are considered not relevant or do not have any material effect on the Bank's operations and are therefore not detailed in these unconsolidated condensed interim financial statements. The impact of application of Effective Interest Rate is disclosed in note 4.1 to these unconsolidated condensed interim financial statements.

The SECP through S.R.O. 742(1)/2025 dated April 16, 2025 has made IFRS 7 'Financial Instruments: Disclosures' applicable for banks from the annual reporting period beginning on or after January 01, 2026 resulting in certain additional disclosures in annual financial statements.

## **2.3 Standards, interpretations of and amendments to published accounting and reporting standards that are not yet effective:**

There are certain new and amended standards, issued by the International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Bank's accounting periods beginning on or after January 01, 2027 but are considered not to be relevant or will not have any material effect on the Bank's unconsolidated condensed interim financial statements except for:

- the new standard - IFRS 18 'Presentation and Disclosure in Financial Statements' (published in April 2024) with applicability date of January 01, 2027 by IASB. Application of IFRS 18 will impact the presentation of 'Statement of Profit and Loss Account' with certain additional disclosures as and when instructed by SBP in the unconsolidated condensed interim financial statements .

## **3 BASIS OF MEASUREMENT**

### **3.1 Accounting convention**

These unconsolidated condensed interim financial statements have been prepared under the historical cost convention except that certain property and equipment and non banking assets acquired in satisfaction of claims are stated at revalued amounts; investments classified at fair value through profit or loss and fair value through other comprehensive income, advances classified at fair value through profit or loss, foreign exchange contracts and derivative financial instruments are measured at fair value; defined benefit obligations are carried at present value; right of use of asset and related lease liability are measured at present value on initial recognition; and all financial instruments are measured at fair value on initial recognition.

### **3.2 Functional and presentation currency**

These unconsolidated condensed interim financial statements are presented in Pakistani Rupees, which is the Bank's functional and presentation currency. The amounts are rounded off to the nearest thousand rupees except as stated otherwise.

## **4 MATERIAL ACCOUNTING POLICY INFORMATION**

The material accounting policies applied in the preparation of these unconsolidated condensed interim financial statements are consistent with those applied in the preparation of the annual audited unconsolidated financial statements of the Bank for the year ended December 31, 2025 except for changes mentioned in note 4.1 to these unconsolidated condensed interim financial statements.

### **4.1 IFRS 9 - 'Financial Instruments'**

#### **4.1.1** The Bank adopted IFRS 9 effective from January 01, 2024, except for certain relaxations and extensions issued by the SBP from time to time. The impacts of these relaxations and extensions were incorporated in the annual financial statements of the Bank for the respective years ended December 31, 2024 and 2025, with the modified retrospective approach for restatement permitted under IFRS 9.

In addition, the SBP, in a separate instruction, SBPHOK-BPRD-RPD-BAF-834424 dated January 22, 2025, allowed an extension for application of the Effective Interest Rate (EIR) up to December 31, 2025. During the current period, in accordance with the aforementioned instruction, the Bank has applied EIR on the financial instruments appearing as at January 1, 2026, and the cumulative impact of application of EIR amounting to Rs. 346.314 million, net of tax, has been recorded as an adjustment to equity at the beginning of the current period with a corresponding impact on the unearned fee commission, income / mark-up accrued and payable.

#### **4.1.2** The SBP has directed the banks through its BPRD Circular Letter No.1 dated January 22, 2025 to continue applying the existing revenue recognition methodology for Islamic Operations, including the requirements of IFAS 1 and IFAS 2 until further instructions. Had IFRS 9 been adopted for revenue recognition related to Islamic financing, the profit after tax of the Bank would have been higher by Rs. 77.899 million and unappropriated profit of the Bank as at March 31, 2026 would have been higher by Rs. 156.959 million.

## 5 CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of these unconsolidated condensed interim financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and income and expenses as well as in the disclosure of contingent liabilities. It also requires management to exercise judgment in application of its accounting policies. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised, if the revision affects only that period, or in the period of revision and in future periods if the revision affects both current and future periods.

The significant judgments made by the management in applying the Bank's accounting policies and the key sources of estimation were the same as those applied in the preparation of annual audited financial statements for the year ended December 31, 2025 except for matter related to IFRS 9 which have been disclosed in note 4.1 to these unconsolidated condensed interim financial statements.

These mainly represent counter claims filed by the borrowers for restricting the Bank from disposal of collateral assets (such as hypothecated / mortgaged / pledged assets kept as security) and damage to reputation. Based on legal advices and / or internal assessments, management is confident that the matters will be decided in the Bank's favour and the possibility of any outcome against the Bank is remote and accordingly no provision has been made in these unconsolidated condensed interim financial statements.

**33 WORKERS' WELFARE FUND**

The Supreme Court of Pakistan vide its order dated November 10, 2016 has held that the amendments made in the law introduced by the Federal Government through the Finance Act, 2008 for the levy of Workers' Welfare Fund (WWF) on banks were not lawful. The Federal Board of Revenue has filed review petitions against this order, which are currently pending. A legal advice was obtained by the Pakistan Banking Association which highlights that consequent to filing of these review petitions, a risk has risen and the judgment is not conclusive until the review petitions are decided. Accordingly, the amount charged for WWF since 2008 has not been reversed.

### 39 FAIR VALUE MEASUREMENTS

Fair value measurement defines fair value as the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of quoted securities other than those classified as amortised cost, is based on quoted market price. Quoted debt securities classified as amortised cost are carried at cost. The fair value of unquoted equity securities, other than investments in associates and subsidiary, is determined on the basis of valuation methodologies. The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since these are either short-term in nature or, in the case of customer loans and deposits, are frequently repriced.

#### 39.1 Fair value of financial instruments

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the assets or liabilities that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

39.2 The Bank's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date of the event or change in circumstances that caused the transfer, occurred. There were no transfers between levels 1 and 2 during the current period.

### 39.3 Valuation techniques used in determination of fair values:

#### 39.3.1 Fair value of financial assets

##### (a) Financial Instruments in level 1

Financial Instruments included in level 1 comprise of investments in ordinary shares of listed companies, listed GoP Sukuks and listed non government debt securities.

##### (b) Financial Instruments in level 2

Financial instruments included in level 2 comprise of Market Treasury Bills, Pakistan Investment Bonds, GoP Sukuks, GoP Euro Bonds, Overseas Government Sukuks, Overseas Bonds, Term Finance Certificates, and other than Government Sukuks, forward foreign exchange contracts, forward government securities contracts, cross currency swaps and interest rate swaps.

##### (c) Financial Instruments in level 3

Financial instruments included in level 3 comprise of unlisted ordinary shares, unlisted preference shares, redeemable participating certificates and advances measured at fair value through profit and loss. Valuation techniques are mentioned in the table below.

For subsequent measurement of fair value of fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be reliably measured due to the absence of a current and active market for these assets and liabilities and lack of reliable data regarding market rates for similar instruments.

#### 39.3.2 Fair value of non-financial assets

Certain categories of property and equipment (land and buildings) and non banking assets acquired in satisfaction of claims are carried at revalued amounts (level 3 measurement) determined by professional valuers based on their assessment of the market values as disclosed in notes 12 and 15. The valuations are conducted by the valuation experts appointed by the Bank which are also on the panel of the State Bank of Pakistan.

#### 39.3.3 Valuation techniques

| Item  | Valuation approach and Input used  |
|---|--|
| Market Treasury Bills (MTB) / Pakistan Investment Bonds (PIB), and GoP Sukuks (GIS) including their forward contracts | The fair value of MTBs and PIBs is derived using PKRV rates. Floating rate PIBs are revalued using PKFRV rates. The fair value of GoP sukuks listed on the Pakistan Stock Exchange is determined through closing rates of the Pakistan Stock Exchange. The fair value of other GIS is revalued using PKISRV rates.   |
| Overseas Sukuks, Overseas and GoP Euro Bonds  | The fair value of overseas government sukuks, and overseas bonds is determined on the basis of price available on Bloomberg.   |
| Debt Securities (TFCs and Sukuk other than Government)  | Investment in sukuks, debt securities (comprising term finance certificates, bonds and any other security issued by a company or a body corporate for the purpose of raising funds in the form of redeemable capital) are valued based on the rates announced by the Mutual Funds Association of Pakistan in accordance with the methodology prescribed by the Securities and Exchange Commission of Pakistan. |
| Ordinary shares - listed  | The fair value of investments in listed equity securities is determined on the basis of closing quoted market price available at the Pakistan Stock Exchange.  |
| Ordinary shares - unlisted  | The fair value of investments in unlisted equity securities is determined on the basis of income and market approach.  |
| Preference shares - unlisted  | The fair value of investment in unlisted preference shares is determined at market approach.   |
| Foreign preference shares - unlisted  | The fair value of investment in unlisted preference shares is determined at market approach.   |
| Redeemable participating certificates   | The fair value of investment in redeemable participating certificates is determined at net asset value.  |
| Advances  | The fair value of advances is determined on the basis of Discounted Cashflow Method (DCF) and transaction price.   |
| Forward foreign exchange contracts  | The valuation is determined by interpolating the FX revaluation rates announced by the SBP.  |
| Derivative instruments  | Derivatives that are valued using valuation techniques based on market observable inputs are mainly interest rate swaps and cross currency swaps. The most frequently applied valuation techniques include forward pricing and swap models using present value calculations.   |

| Item   | Valuation approach and input used   |
|--|---|
| Property and equipment and non banking assets acquired in satisfaction of claims | The valuation experts used a market based approach to determine the fair value of the Bank's properties. The market approach uses prices and other relevant information generated by market transactions involving identical, comparable or similar properties. These values are adjusted to reflect the current condition of the properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty; accordingly a qualitative disclosure of sensitivity has not been presented in these unconsolidated condensed interim financial statements. |

The following table summarises the quantitative information about the significant unobservable inputs used in level 3 fair value measurements of investment and advances (the valuation techniques are stated above):

Currently IBG is managing following pools:

- 1) General Pool for LCY Depositors
- 2) FCY Pool for Foreign Currency (USD, GBP, EURO, AED, SAR and CAD) depositors
- 3) Fis Pool for Treasury Purposes
- 4) IERS Pool for Islamic Export Refinance Scheme facilities
- 5) Special pool
- 6) PMRC Musharikhah Pool

All the Mudaraba based remunerative deposits shall be considered as an investment from Rabbul Maal in the pool, along with IBG's own share of equity, which is also commingled in the pool. The applications of these funds are on Islamic financing and related assets, investments, and placements for generating profits to be shared among the depositors as per the weightage

The IERS pool is maintained as per the guideline under the SBP IERS Scheme.

The assets, liabilities, equities, income and expenses are segregated for each of the pool. No pool investment is intermingled with each other. All pools are usually exposed to general credit risk, asset ownership risk and profit rate risk of the underlying assets involved in pool.

**2 BASIS OF PRESENTATION****2.1 STATEMENT OF COMPLIANCE**

These consolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard 34 "Interim Financial Reporting" and IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan (ICAP) as are notified under the Companies Act, 2017;
- Provisions of, directives and notifications issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
- Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

Wherever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives and notifications issued by the SBP and the SECP differ with the requirements of IFRS Accounting Standard or IFAS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives and notifications, shall prevail.

The SBP has deferred the applicability of International Accounting Standard (IAS) 40, 'Investment Property' for banking companies through BSD Circular Letter No. 10 dated August 26, 2002 till further instructions. The SBP through BPRD Circular No. 04 of 2015 dated February 25, 2015 had deferred the applicability of Islamic Financial Accounting Standard-3 for Profit and Loss Sharing on Deposits (IFAS-3) issued by the Institute of Chartered Accountants of Pakistan (ICAP) and notified by the SECP, vide their SRO No. 571 of 2013 dated June 12, 2013 for Institutions offering Islamic Financial Services (IIFS). Accordingly, the requirements of these standards have not been considered in the preparation of these consolidated condensed interim financial statements.

The SECP through SRO 56(1)/2016 dated January 28, 2016, has directed that the requirements of IFRS 10, 'Consolidated financial statements' are not applicable in case of investments by companies in mutual funds established under Trust Deed structure. Accordingly, implications of IFRS 10 in respect of investment in mutual funds are not considered in these consolidated condensed interim financial statements.

Moreover, Alfalah Insurance Company Limited has deferred the application of IFRS 9 till January 01, 2027, which is the same as the effective date for the application of IFRS 17 - Insurance Contracts, as allowed by the SECP through S.R.O. 1336(1)/2025 dated July 23, 2025. Furthermore, Sapphire Wind Power Company Limited has been granted a partial exemption from the application of IFRS 9 till December 31, 2026 vide SECP S.R.O.25(1)/2026- dated January 06, 2026. Consequently, the requirements of IFRS 9 with respect to the application of Expected Credit Losses (ECL) on trade debts and other receivables due from Central Power Purchasing Agency (CPPA-G) have not been followed.

**2.1.1** The disclosures made in these consolidated condensed interim financial statements have been limited based on the format prescribed by the SBP through BPRD Circular Letter No. 02 dated February 09, 2023 and the requirements of International Accounting Standard 34, "Interim Financial Reporting". These do not include all the information and disclosures required for annual financial statements, and therefore should be read in conjunction with the annual audited consolidated financial statements of the Group for the year ended December 31, 2025.

**2.1.2 Basis of consolidation**

A subsidiary is an entity controlled by the Group. Control exists when the Group is exposed, or has rights, to variable returns from its investment with the investee and has the ability to affect those returns through its power over the investee.

These consolidated condensed interim financial statements incorporate the financial statements of subsidiaries from the date control commences until the date control ceases.

Profit or loss and each component of Other Comprehensive Income (OCI) is attributed to the equity holders of the Holding Company and to the Non-Controlling Interests (NCI) even if it results in the NCI having a deficit balance.

Material intra-group balances and transactions with subsidiaries are eliminated.

A change in ownership of a subsidiary, without loss of control is accounted for as an equity transaction.

Non-controlling interests are that part of the net results of operations and of net assets of subsidiary which are not owned by the Holding Company. Material intra-group balances and transactions are eliminated.

Associates are those entities on which the Group has significant influence, but not control, over the financial and operating policies. Associates as well as investment in mutual funds established under trust structure are accounted for using the equity method.

**2.1.3** Key financial figures of the Islamic Banking branches are disclosed in note 43 to the unconsolidated condensed interim financial statements.

**2.1.4** The management of the Holding Company believes that there is no significant doubt on the Group Companies' or the Group's ability to continue as a going concern. Therefore, the consolidated condensed interim financial statements have been prepared on a going concern basis.

**2.2 Standards, interpretations of and amendments to published accounting and reporting standards that are effective in the current period:**

There are certain new and amended standards, issued by the International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Group's accounting periods beginning on or after January 01, 2026 but are considered not relevant or do not have any material effect on the Group's operations and are therefore not detailed in these consolidated condensed interim financial statements. The impact of application of Effective Interest Rate is disclosed in note 4.1 to these consolidated condensed interim financial statements.

The SECP through S.R.O. 742(1)/2025 dated April 16, 2025 has made IFRS 7 'Financial Instruments: Disclosures' applicable for banks from the annual reporting period beginning on or after January 01, 2026 resulting in certain additional disclosures in annual financial statements.

## 2.3 Standards, Interpretations of and amendments to published accounting and reporting standards that are not yet effective:

There are certain new and amended standards, issued by the International Accounting Standards Board (IASB), Interpretations and amendments that are mandatory for the Group's accounting periods beginning on or after January 01, 2027 but are considered not to be relevant or will not have any material effect on the Group's consolidated condensed interim financial statements except for:

- the new standard - IFRS 18 'Presentation and Disclosure in Financial Statements' (published in April 2024) with applicability date of January 01, 2027 by IASB. Application of IFRS 18 will impact the presentation of 'Statement of Profit and Loss Account' with certain additional disclosures as and when instructed by SBP in the consolidated condensed interim financial statements.

## 3 BASIS OF MEASUREMENT

### 3.1 Accounting convention

These consolidated condensed interim financial statements have been prepared under the historical cost convention except that certain property and equipment and non banking assets acquired in satisfaction of claims are stated at revalued amounts; investments classified at fair value through profit or loss and fair value through other comprehensive income, advances classified at fair value through profit or loss, foreign exchange contracts and derivative financial instruments are measured at fair value; defined benefit obligations are carried at present value; right of use of asset and related lease liability are measured at present value on initial recognition; and all financial instruments are measured at fair value on initial recognition.

### 3.2 Functional and presentation currency

These consolidated condensed interim financial statements are presented in Pakistani Rupees, which is the Group's functional and presentation currency. The amounts are rounded off to the nearest thousand rupees except as stated otherwise.

## 4 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these consolidated condensed interim financial statements are consistent with those applied in the preparation of the annual audited consolidated financial statements of the Group for the year ended December 31, 2025 except for changes mentioned in note 4.1 to these consolidated condensed interim financial statements.

### 4.1 IFRS 9 - 'Financial Instruments'

- 4.1.1 The Holding Company adopted IFRS 9 effective from January 01, 2024, except for certain relaxations and extensions issued by the SBP from time to time. The impacts of these relaxations and extensions were incorporated in the annual financial statements of the Group for the respective years ended December 31, 2024 and 2025, with the modified retrospective approach for restatement permitted under IFRS 9.

In addition, the SBP, in a separate instruction, SBPHOK-BPRD-RPD-BAF-834424 dated January 22, 2025, allowed an extension for application of the Effective Interest Rate (EIR) up to December 31, 2025. During the current period, in accordance with the aforementioned instruction, the Holding Company has applied EIR on the financial instruments appearing as at January 1, 2026, and the cumulative impact of application of EIR amounting to Rs. 346.314 million, net of tax, has been recorded as an adjustment to equity at the beginning of the current period with a corresponding impact on the unearned fee commission, income / mark-up accrued and payable.

- 4.1.2 The SBP has directed the banks through its BPRD Circular Letter No.1 dated January 22, 2025 to continue applying the existing revenue recognition methodology for Islamic Operations, including the requirements of IFAS 1 and IFAS 2 until further instructions. Had IFRS 9 been adopted for revenue recognition related to Islamic financing, the profit after tax of the Holding Company would have been higher by Rs. 77.899 million and unappropriated profit of the Holding Company as at March 31, 2026 would have been higher by Rs. 156.959 million.

## 5 CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of these consolidated condensed interim financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and income and expenses as well as in the disclosure of contingent liabilities. It also requires management to exercise judgment in application of its accounting policies. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised, if the revision affects only that period, or in the period of revision and in future periods if the revision affects both current and future periods.

The significant judgments made by the management in applying the Group's accounting policies and the key sources of estimation were the same as those applied in the preparation of annual audited financial statements for the year ended December 31, 2025 except for matter related to IFRS 9 which have been disclosed in note 4.1 to these consolidated condensed interim financial statements.

These mainly represent counter claims filed by the borrowers for restricting the Holding Company from disposal of collateral assets (such as hypothecated / mortgaged / pledged assets kept as security) and damage to reputation. Based on legal advices and / or internal assessments, management is confident that the matters will be decided in the Holding Company's favour and the possibility of any outcome against the Holding Company is remote and accordingly no provision has been made in these consolidated condensed interim financial statements.

### 33 WORKERS' WELFARE FUND

The Supreme Court of Pakistan vide its order dated November 10, 2016 has held that the amendments made in the law introduced by the Federal Government through the Finance Act, 2008 for the levy of Workers' Welfare Fund (WWF) on banks were not lawful. The Federal Board of Revenue has filed review petitions against this order, which are currently pending. A legal advice was obtained by the Pakistan Banking Association which highlights that consequent to filing of these review petitions, a risk has risen and the judgment is not conclusive until the review petitions are decided. Accordingly, the amount charged for WWF since 2008 has not been reversed.

### 39 FAIR VALUE MEASUREMENTS

Fair value measurement defines fair value as the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of quoted securities other than those classified as amortised cost, is based on quoted market price. Quoted debt securities classified as amortised cost are carried at cost. The fair value of unquoted equity securities, other than investments in associates, is determined on the basis of valuation methodologies. The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since these are either short-term in nature or, in the case of customer loans and deposits, are frequently repriced.

#### 39.1 Fair value of financial Instruments

The Group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the assets or liabilities that are not based on observable market data (i.e. unobservable inputs).

39.2 The Group's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date of the event or change in circumstances that caused the transfer, to occur. There were no transfers between level 1 and 2 during the current period.

### 39.3 Valuation techniques used in determination of fair values:

#### 39.3.1 Fair value of financial assets

##### (a) Financial instruments in level 1

Financial instruments included in level 1 comprise of investments in ordinary shares of listed companies, listed GoP Sukuks and listed non government debt securities.

##### (b) Financial instruments in level 2

Financial instruments included in level 2 comprise of Market Treasury Bills, Pakistan Investment Bonds, GoP Sukuks, GoP Euro Bonds, Overseas Government Sukuks, Overseas Bonds, Term Finance Certificates, and other than Government Sukuks, forward foreign exchange contracts, forward government securities contracts, cross currency swaps and interest rate swaps.

##### (c) Financial instruments in level 3

Financial instruments included in level 3 comprise of unlisted ordinary shares, unlisted preference shares, redeemable participating certificates and advances measured at fair value through profit and loss. Valuation techniques are mentioned in the table below.

For subsequent measurement of fair value of fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be reliably measured due to the absence of a current and active market for these assets and liabilities and lack of reliable data regarding market rates for similar instruments.

#### 39.3.2 Fair value of non-financial assets

Certain categories of property and equipment (land and buildings) and non banking assets acquired in satisfaction of claims are carried at revalued amounts (level 3 measurement) determined by professional valuers based on their assessment of market values as disclosed in notes 12 and 15. The valuations are conducted by the valuation experts appointed by the Holding Company which are also on the panel of the State Bank of Pakistan.

#### 39.3.3 Valuation techniques

| Item  | Valuation approach and Input used   |
|---|---|
| Market Treasury Bills (MTB) / Pakistan Investment Bonds (PIB), and GoP Sukuks (GIS) including their forward contracts | The fair value of MTBs and PIBs are derived using PKRV rates. Floating rate PIBs are revalued using PKFRV rates. The fair value of GoP sukuks listed on the Pakistan Stock Exchange has been determined through closing rates of the Pakistan Stock Exchange. The fair value of other GIS are revalued using PKISRV rates.  |
| Overseas Sukuks, Overseas and GoP Euro Bonds  | The fair value of overseas government sukuks, and overseas bonds are determined on the basis of price available on Bloomberg.   |
| Debt Securities (TFCs and Sukuk other than Government)  | Investment in sukuks, debt securities (comprising term finance certificates, bonds and any other security issued by a company or a body corporate for the purpose of raising funds in the form of redeemable capital) are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan in accordance with the methodology prescribed by the Securities and Exchange Commission of Pakistan. |
| Ordinary shares - listed  | The fair value of investments in listed equity securities are valued on the basis of closing quoted market price available at the Pakistan Stock Exchange.  |
| Ordinary shares - unlisted  | The fair value of investments in unlisted equity securities are valued on the basis of income and market approach.  |
| Preference shares - unlisted  | The fair value of investment in unlisted preference shares is determined at market approach.  |
| Foreign preference shares - unlisted  | The fair value of investment in unlisted preference shares is determined at market approach.  |
| Redeemable participating certificates   | The fair value of investment in redeemable participating certificates is determined at net asset value.   |
| Advances  | The fair value of advances is determined on the basis of Discounted Cashflow Method (DCF) and transaction price.  |
| Forward foreign exchange contracts  | The valuation is determined by interpolating the FX revaluation rates announced by the SBP.   |
| Derivative instruments  | Derivatives that are valued using valuation techniques based on market observable inputs are mainly interest rate swaps and cross currency swaps. The most frequently applied valuation techniques include forward pricing and swap models using present value calculations.  |

| Item   | Valuation approach and input used  |
|--|--|
| Property and equipment and non banking assets acquired in satisfaction of claims | The valuation experts use a market based approach to determine the fair value of the Group's properties. The market approach uses prices and other relevant information generated by market transactions involving identical, comparable or similar properties. These values are adjusted to reflect the current condition of the properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty; accordingly, a qualitative disclosure of sensitivity has not been presented in these consolidated condensed interim financial statements. |

The following table summarises the quantitative information about the significant unobservable inputs used in level 3 fair value measurements of investment and advances, (The valuation techniques are stated above):
