DIRECTORS' REPORT TO THE MEMBERS

On behalf of the Board of Directors, we are pleased to present the financial statements of United Bank Limited (UBL) for the three months ending March 31, 2026.

Performance Overview

On a standalone basis, UBL recorded Profit Before Tax (PBT) of Rs. 102.1 billion for the three months ending March 31st, 2026, reflecting 35% year-on-year growth. Profit After Tax (PAT) stood at Rs. 49.0 billion for Q1'26, compared to Rs. 35.6 billion for Q1'25. Earnings per share (EPS) rose to Rs. 19.56 from Rs. 14.46 in the corresponding period last year. On a consolidated basis, UBL reported PAT of Rs. 48.4 billion (Q1'25: Rs. 36.1 billion) with a consolidated EPS of Rs. 19.33 (Q1'25: Rs. 14.67).

The Board of Directors declared an interim cash dividend of Rs. 8 per share in their meeting held in Islamabad on April 15th, 2026, along with the results for the three months ending March 31, 2026.

The Bank's gross revenues were Rs. 141.6 billion in Q1'26, a year-on-year growth of 42% with net mark-up income growing steadily to Rs. 99.4 billion. The Bank earned non-markup income of Rs. 42.2 billion in Q1'26 underpinned by broad-based growth in core revenues. Fees and commission income was Rs. 7.8 billion in Q1'26, having grown by 21% year-on-year. Growth was driven by card related fees, solid trade, corporate service and investment banking income, and UBL's continued leadership in domestic home remittances.

Operating expenses increased by 54% year-on-year, standing at Rs. 38.0 billion in Q1'26. This was driven by staff costs increasing by 41% year-on-year to Rs. 13.7 billion, property related expenses rising 50% year-on-year to Rs. 5.1 billion and IT expenses increasing 31% year-on-year to Rs. 3.2 billion. Net provision reversal of Rs. 0.5 billion was recorded in Q1'26 against a net provision reversal of Rs. 1.6 billion in Q1'25 reflecting continued recovery momentum.

Capital Ratios - Consolidated

The bank maintains a disciplined capital base designed to support future growth while sustaining adequate buffers above regulatory requirements. The consolidated CAR stood at 16.35% as of Mar'26 (Dec'25: 20.97%), with a buffer of 3.3% above the minimum regulatory requirement of 13.0%. The Common Equity Tier 1 (CET-1) ratio stood at 15.35% as of Mar'26 (Dec'25: 15.92%). The Total Tier 1 Capital ratio was 15.71% as of Mar'26 (Dec'25: 16.31%).

Credit Rating

VIS Credit Rating Company Limited (VIS) re-affirmed the entity rating of UBL at "AAA / A-1+" (Triple A / A-One Plus) on June 30, 2025. Moreover, UBL's Additional Tier-1 (ADT-1) TFC has also been re-affirmed at 'AA+' (Double A plus). Outlook on the assigned ratings is 'Stable'.

Future Outlook

UBL is well positioned to build on the broad-based momentum that the bank demonstrated across all core operating areas last year. First quarter results are a testament to our focus on delivering continued profitability and returns for our stakeholders. However, macroeconomic uncertainty has intensified owing to the turmoil in the Middle East, as the government navigates the challenging task of containing inflation and safeguarding reserves without derailing growth.

While initial assessment suggests that key macroeconomic indicators for FY'26 will remain within the ranges projected earlier, the scale and duration of the conflict will be important in determining the final impact on the domestic economy.

Despite the economic uncertainty, UBL remains committed to delivering a resilient performance in 2026 by growing our customer base, increasing deposit market share with an enhanced focus on trade and maintaining our position in the home remittance space. Branch Banking remains the cornerstone of our franchise and we will continue to expand both our conventional and Islamic networks while elevating our service standards. The Bank will continue to invest in technological capabilities to reinforce its position as the country's leading Digital Bank while increasing operational efficiencies and strengthening cyber security. With our strong domestic franchise and solid investment portfolio, we remain confident in our ability to deliver a sustained performance in 2026.

Acknowledgements

On behalf of the Board of Directors, we would like to express our appreciation to UBL's customers and shareholders for their continued trust in the UBL brand and to the UBL staff for their commitment and dedication. We would also like to extend our gratitude to the Government of Pakistan, the State Bank of Pakistan, the Securities and Exchange Commission of Pakistan and other regulatory bodies for their continuous guidance and support.

10.4.2 The Bank has also availed FSV benefit of certain mortgaged properties held as collateral against non-performing advances of overseas branches in accordance with the applicable regulations in the respective countries where the branches operate. Had the benefit not been taken by the Bank, the credit loss allowance against non-performing advances would have been higher by Rs. 542.66 million (December 31, 2025: Rs. 511.27 million) for the overseas branches.

The FSV benefit availed is not available for the distribution of cash or stock dividend to shareholders.

10.5 These represent non-performing advances for agriculture finance which have been classified as loss, are fully provided and are in default for more than 3 years. These non-performing advances have been charged off by extinguishing them against the credit loss allowance held in accordance with the SBP's Prudential Regulations for Agriculture Financing. This charge off does not, in any way, prejudice the Bank's right of recovery from these customers.

25.3.1 Claims against the Bank not acknowledged as debts	25.3.2 <u>26,122,429</u>	<u>27,522,680</u>
--	--------------------------	-------------------

These mainly represent counter claims filed by the borrowers for restricting the Bank from disposal of assets (such as mortgaged / pledged assets kept as security). Based on legal advice and / or internal assessments, management is confident that the matters will be decided in the Bank's favor and the possibility of any outcome against the Bank is remote and accordingly no provision has been made in these unconsolidated condensed interim financial statements.

25.3.2 This includes, penalties amounting to Rs. 4.089 billion which were levied during 2016, by the FE Adjudication Court of the State Bank of Pakistan relating to alleged contraventions of the requirements of foreign exchange regulations with respect to issuance and certification of E-Forms by the Bank to certain customers (exporters) who failed to submit the export documents there against. Consequently, foreign exchange on account of export proceeds have not been repatriated. The Bank maintains that it fully discharged its liability, in accordance with the law and filed a Constitutional Petition in 2018 in the High Court of Sindh challenging the levy of the penalty. The High Court granted a stay on action being taken against the Bank, which stay order was in the field till February 2025, when the High Court of Sindh dismissed the Petition filed by the Bank and other Banks as well. The Bank has decided to challenge the said decision of the High Court before the Supreme Court of Pakistan by filing an Appeal, through the appropriate legal counsel. The management, based on the advice from legal counsel, is confident that the view of the Bank will prevail and the Bank will not be exposed to any loss on this account.

25.3.3 For contingencies relating to taxation, refer note 15.2.

37. FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair value of quoted securities other than those classified as held to maturity, is based on quoted market price. Quoted securities classified as held to maturity are carried at cost. The fair value of unquoted equity securities, other than investments in associates and subsidiaries, is carried at fair value. The valuation is carried out using appropriate methodologies.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since these are either short-term in nature or, in the case of customer loans and deposits, are frequently repriced.

37.1 The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

NOTES TO THE UNCONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)

FOR THE THREE MONTHS ENDED MARCH 31, 2026

37.1.1 Valuation techniques used in determination of fair values within level 2 and level 3.

Item	Valuation approach and input used
Federal Government securities	The fair value of Federal Government securities is determined using the prices / rates available on Mutual Funds Association of Pakistan (MUFAP) / Bloomberg.
Non-Government debt securities	The fair value of non-government debt securities is determined using the prices / rates from MUFAP.
Unquoted equity securities	The fair value of unlisted equity investments is determined using cash flow projections of the investee company. If cashflow projections of investees are unavailable, the Bank uses the break-up value as an estimate of fair value.
Foreign debt securities	The fair value of foreign corporate and foreign government securities is determined using the rates from Bloomberg.
Mutual Fund units	The fair values of investments in mutual fund units are determined based on their net asset values as published at the close of each business day.
Forward foreign exchange contracts and Forward Government securities transactions	The fair values of forward foreign exchange contracts and forward Government securities transactions are determined using forward pricing calculations.
Derivatives	The fair valuation techniques include forward pricing and swap models using present value calculations.
Fixed assets and non-banking assets acquired in satisfaction of claims	Land, buildings and non-banking assets acquired in satisfaction of claims are revalued on a periodic basis using professional valuers. The valuation is based on their assessment of the market value of the assets. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty. Accordingly, a qualitative disclosure of sensitivity has not been presented in these unconsolidated condensed interim financial statements.

The following table summarizes the quantitative information about the significant unobservable inputs used in level 3 fair value measurement of Unlisted equities.

Description	Valuation technique	Significant unobservable inputs	Rate	Sensitivity of the input to fair value

The SBP through its BSD Circular No. 07 dated April 15, 2009 has prescribed the minimum paid-up capital (net of accumulated losses) for Banks to be raised to Rs.10,000 million by the year ending December 31, 2015. The paid-up capital of the Bank for the period ended March 31, 2026 stood at Rs.12,521.239 million (December 31, 2025: Rs.12,521.239 million) and is in compliance with SBP requirements. Banks are also required to maintain a minimum Capital Adequacy Ratio (CAR) of 10.0% plus capital conservation buffer of 2.5% of the risk weighted exposures of the Bank.

In order to dampen the effects of COVID-19, the State Bank of Pakistan under BPRD Circular Letter No. 12 of 2020 has given a regulatory relief and reduced the Capital Conservation Buffer (CCB) as prescribed vide BPRD Circular No. 6 of August 15, 2013, for the time being, from its existing level of 2.5% to 1.5%, till further instructions.

Further, under Basel III instructions, Banks are also required to maintain a Common Equity Tier 1 (CET 1) ratio and Tier 1 ratio of 6.0% and 7.5%, respectively, as at March 31, 2026. The Bank is fully compliant with prescribed ratios as the Bank's CAR is 16.37% whereas CET 1 and Tier 1 ratios stood at 15.35% and 15.72% respectively.

Furthermore, under the SBP's Framework for Domestic Systemically Important Banks (D-SIBs) introduced vide BPRD Circular No. 04 of 2018 dated April 13, 2018, UBL has been designated as a D-SIB under letter BSD-1/Bank/UBL/984691/2025 dated August 22, 2025. In line with this framework, the Bank is required to meet the Higher Loss Absorbency (HLA) capital charge of 1.5%, in the form of Additional CET 1 capital, on a standalone as well as consolidated level. The prescribed HLA under D-SIB shall remain effective till the next D-SIB designation announcement is made by State Bank of Pakistan.

41.9 Disclosures for profit and loss distribution and pool management		

The Bank operates general and special pools for deposits and inter-bank funds accepted / acquired under Mudarabah, Wakalah and Musharakah modes.

Under the General deposits pools, the Bank accepts funds on Mudarabah basis from depositors (Rab-ul-Maal) where the Bank acts as Manager (Mudarib) and invests the funds in the Shariah Compliant modes of financing, investments and placements. When utilising investing funds, the Bank prioritizes the funds received from depositors over the funds generated from own sources after meeting the regulatory requirement relating to such deposits.

Specific pools are operated for funds acquired / accepted from the Corporate Customers, other banks and State Bank of Pakistan for liquidity management and Islamic Export Refinance to the Bank's customers respectively under the Musharakah/ Mudarabah / Wakalah modes.

General Pool(s)

For General Pools, the Bank allocates PKR financing to Corporate, SME and Consumer Finance customers in diversified sectors and avenues of the economy / business and Investments in Sovereign Guarantee Sukuk, Corporate Sukuk, Bai Muajjal with Government of Pakistan, are also done through General Pools. All remunerative deposits are tagged to these general pools and their funds generated from the depositors are invested on priority basis.

IERS Pool(s)

The IERS pool assets comprise of Sovereign Guarantee Sukuk, and financing to Corporate Customers and exporters as allowed under the applicable laws and regulations, and as such are exposed to lower credit risk. The Musharakah with SBP under IERS is tagged to the IERS pool.

Treasury Pool(s)

The Treasury pool assets generally comprise of Sovereign Guarantee Sukuk and financing under diminishing musharakah, Ijarah facility and the related liability of the Treasury pool comprise of Musharakah / Wakalah/ Mudarabah from financial institutions. These pools are created to meet the liquidity requirements of the Holding company.

Special Pool(s)

Separate pool(s) are created where the customers desire to invest in high yield assets. These pool(s) rates are higher than the general pool depending on the assets. In case of loss in special pool, the loss will be borne by the special pool members. The net return on the pool is arrived at after deduction of direct costs from the gross return earned on the pool. From the net return, profit is paid to the Mudarib in the ratio of the Mudarib's equity in the pool to the total pool. The balance represents the distributable profit.

Equity Pool(s)

All other assets including fixed assets, advance against financing, bai-salam financing and subsidized financing to Bank's employees are tagged to equity pool. To safeguard the interest of customers, all high risk investments are done through equity pool. The Holding company as Mudarib in the general pools is responsible for financing costs / assets such as land, building, furniture, fixtures, computers and IT system from its own sources / equity.

During the year, the Bank has given General Hiba to the depositors in General and specific pool, keeping in view the prescribed guidelines of Pool Management provided by the SBP. However, Hiba are given at the sole discretion of the Bank without any contractual commitment with the depositors.

42. YEMEN OPERATIONS

Despite risky situation and continued operational losses the Bank has been striving to honor liabilities for past night years. However, on account of several factors, including but not limited to fragile political and economic situation in Yemen, bankruptcy of CBY Sana'a, existence of two Central Banks (i.e. CBY Sana'a and CBY Aden), has resulted in illiquid market, which does not appears to be reversed in near future.

It is no longer possible for the Bank to continue its operations in Yemen due to reasons not attributable to the Bank and caused by circumstances entirely beyond the Bank's control. Therefore, Bank has completely exited from Yemen. The Bank is cognizant of the associated risks arising out of its exit from Yemen.

However, vide its notification SRO 56 (I)/2016 dated January 28, 2016, it has been notified that the requirements of IFRS 10 and section 228 of the Companies Act, 2017 will not be applicable with respect to the investment in mutual funds established under trust structure.

3. MATERIAL ACCOUNTING POLICIES

The material accounting policies adopted in the preparation of these consolidated condensed interim financial statements, are consistent with those followed in the preparation of the consolidated financial statements for the year ended December

3.1 Financial Instruments – Effective Interest Rate Method

The Bank has adopted the Effective Interest Rate (EIR) method in accordance with IFRS 9 for the recognition of interest income and expense on financial assets and liabilities measured at amortized cost and at fair value through other comprehensive income (FVOCI).

Under the EIR method, contractual interest, fees, transaction costs, and other premiums or discounts are incorporated into the calculation of the effective yield and allocated over the expected life of the instrument. Any changes in estimated future cash flows are reflected prospectively by adjusting the carrying amount and recognizing income or expense using the revised EIR.

NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)

FOR THE THREE MONTHS ENDED MARCH 31, 2026

On transition to IFRS 9, the Bank recorded an adjustment of Rs. 315.991 million net of tax to retained earnings through the modified retrospective approach. This adjustment represents the cumulative impact of applying IFRS 9 at the date of initial application, without restating comparative information.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of these consolidated condensed interim financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and income and expenses. It also requires management to exercise judgment in the application of its accounting policies. The estimates and assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

The significant judgments made by management in applying its accounting policies and the key sources of estimation uncertainty were the same as those applied to the consolidated financial statements of the Bank for the year ended December 31, 2025.

5. FINANCIAL RISK MANAGEMENT

The financial risk management objectives and policies adopted by the Bank are consistent with those disclosed in the consolidated financial statements for the year ended December 31, 2025.

10.4.2 The Bank has also availed FSV benefit of certain mortgaged properties held as collateral against non-performing advances of overseas branches in accordance with the applicable regulations in the respective countries where the branches operate. Had the benefit not been taken by the Bank, the specific provision against non-performing advances would have been higher by Rs 542.66 million (December 31, 2025: Rs. 511.27 million) for the overseas branches.

The FSV benefit availed is not available for the distribution of cash or stock dividend to shareholders.

10.5 These represent non-performing advances for agriculture finance which have been classified as loss, are fully provided and are in default for more than 3 years. These non-performing advances have been charged off by extinguishing them against the provision held in accordance with the SBP's Prudential Regulations for Agriculture Financing. This charge off does not, in any way, prejudice the Bank's right of recovery from these customers.

25.3 Other contingent liabilities			
25.3.1 Claims against the Bank not acknowledged as debts	25.3.2	26,122,429	27,522,680
These mainly represent counter claims filed by the borrowers for restricting the Bank from disposal of assets (such as mortgaged / pledged assets kept as security). Based on legal advice and / or internal assessments, management is confident that the matters will be decided in the Bank's favour and the possibility of any outcome against the Bank is remote and accordingly no provision has been made in these consolidated condensed interim financial statements.			
25.3.2 This includes, penalties amounting to Rs. 4.089 billion which were levied during 2016, by the FE Adjudication Court of the State Bank of Pakistan relating to alleged contraventions of the requirements of foreign exchange regulations with respect to issuance and certification of E-Forms by the Bank to certain customers (exporters) who failed to submit the export documents there against. Consequently, foreign exchange on account of export proceeds have not been repatriated. The Bank maintains that it fully discharged its liability, in accordance with the law and filed a Constitutional Petition in 2018 in the High Court of Sindh challenging the levy of the penalty. The High Court granted a stay on action being taken against the Bank, which stay order was in the field till February 2025, when the High Court of Sindh dismissed the Petition filed by the Bank and other Banks as well. The Bank has decided to challenge the said decision of the High Court before the Supreme Court of Pakistan by filing an Appeal, through the appropriate legal counsel. The management, based on the advice from legal counsel, is confident that the view of the Bank will prevail and the Bank will not be exposed to any loss on this account.			
25.3.3 For contingencies relating to taxation, refer note 15.2.

37. FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair value of quoted securities other than those classified under held to collect, is based on quoted market price. Quoted securities classified under held to collect model are carried at amortized cost. The fair value of unquoted equity securities, other than investments in associates, is carried at fair value. The valuation is carried out using appropriate methodologies.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since these are either short-term in nature or, in the case of customer loans and deposits, are frequently repriced.

37.1 The Group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

FOR THE THREE MONTHS ENDED MARCH 31, 2026

37.1.1 Valuation techniques used in determination of fair values within level 2 and level 3.

Item	Valuation approach and input used
Federal Government securities	The fair value of Federal Government securities is determined using the prices / rates available on Mutual Funds Association of Pakistan (MUFAP) / Bloomberg.
Non-Government debt securities	The fair value of non-government debt securities is determined using the prices / rates from MUFAP.
Unquoted equity securities	The fair value of unlisted equity investments is determined using cash flow projections of the investee company. If cashflow projections of investees are unavailable, the Bank uses the break-up value as an estimate of fair value.
Foreign debt securities	The fair value of foreign corporate and foreign government securities is determined using the rates from Bloomberg.
Mutual Fund units	The fair values of investments in mutual fund units are determined based on their net asset values as published at the close of each business day.
Forward foreign exchange contracts and Forward Government securities transactions	The fair values of forward foreign exchange contracts and forward Government securities transactions are determined using forward pricing calculations.
Derivatives	The fair valuation techniques include forward pricing and swap models using present value calculations.
Fixed assets and non-banking assets acquired in satisfaction of claims	Land, buildings and non-banking assets acquired in satisfaction of claims are revalued on a periodic basis using professional valuers. The valuation is based on their assessment of the market value of the assets. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty. Accordingly, a qualitative disclosure of sensitivity has not been presented in these consolidated condensed interim financial statements.

The following table summarizes the quantitative information about the significant unobservable inputs used in level 3 fair value measurement of Unlisted equities.

Description	Valuation technique	Significant unobservable inputs	Rate	Sensitivity of the input to fair value

The SBP through its BSD Circular No. 07 dated April 15, 2009 has prescribed the minimum paid-up capital (net of accumulated losses) for Banks to be raised to Rs.10,000 million by the year ending December 31, 2015. The paid-up capital of the Bank for the period ended March 31, 2026 stood at Rs.12,521.239 million (2025: Rs.12,521.239 million) and is in compliance with SBP requirements. Banks are also required to maintain a minimum Capital Adequacy Ratio (CAR) of 10.0% plus capital conservation buffer of 2.5% of the risk weighted exposures of the Bank.

In order to dampen the effects of COVID-19, the State Bank of Pakistan under BPRD Circular Letter No. 12 of 2020 has given a regulatory relief and reduced the Capital Conservation Buffer (CCB) as prescribed vide BPRD Circular No. 6 of August 15, 2013, for the time being, from its existing level of 2.5% to 1.5%, till further instructions.

Further, under Basel III instructions, Banks are also required to maintain a Common Equity Tier 1 (CET 1) ratio and Tier 1 ratio of 6.0% and 7.5%, respectively, as at March 31, 2026. The Bank is fully compliant with prescribed ratios as the Bank's CAR is 16.35% whereas CET 1 and Tier 1 ratios stood at 15.35% and 15.71% respectively.

Furthermore, under the SBP's Framework for Domestic Systemically Important Banks (D-SIBs) introduced vide BPRD Circular No. 04 of 2018 dated April 13, 2018, UBL has been designated as a D-SIB under letter BSD-1/Bank/UBL/984691/2025 dated August 22, 2025. In line with this framework, the Bank is required to meet the Higher Loss Absorbency (HLA) capital charge of 1.5%, in the form of Additional CET 1 capital, on a standalone as well as consolidated level. The prescribed HLA under D-SIB shall remain effective till the next D-SIB designation announcement is made by State Bank of Pakistan.

41.9 Disclosures for profit and loss distribution and pool management		

The Bank operates general and special pools for deposits and inter-bank funds accepted / acquired under Mudarabah, Wakalah and Musharakah modes.

Under the General deposits pools, the Bank accepts funds on Mudarabah basis from depositors (Rab-ul-Maal) where the Bank acts as Manager (Mudarib) and invests the funds in the Shariah Compliant modes of financing, investments and placements. When utilising investing funds, the Bank prioritizes the funds received from depositors over the funds generated from own sources after meeting the regulatory requirement relating to such deposits.

Specific pools are operated for funds acquired / accepted from the Corporate Customers, other banks and State Bank of Pakistan for liquidity management and Islamic Export Refinance to the Bank's customers respectively under the Musharakah/ Mudarabah / Wakalah modes.

42. YEMEN OPERATIONS

Despite risky situation and continued operational losses the Bank has been striving to honor liabilities for past night years. However, on account of several factors, including but not limited to fragile political and economic situation in Yemen, bankruptcy of CBY Sana'a, existence of two Central Banks (i.e. CBY Sana'a and CBY Aden), has resulted in illiquid market, which does not appears to be reversed in near future.

It is no longer possible for the Bank to continue its operations in Yemen due to reasons not attributable to the Bank and caused by circumstances entirely beyond the Bank's control. Therefore, Bank has completely exited from Yemen. The Bank is cognizant of the associated risks arising out of its exit from Yemen.

کریڈٹ ریٹنگ

ویز کریڈٹ ریٹنگ کمپنی لمیٹڈ (VIS) نے 30 جون 2025 کو یونائیٹڈ بینک لمیٹڈ (UBL) کی "AAA/A-1" (ٹرپل اے / اے) وٹن (پلس) ریٹنگز کی دوبارہ توثیق کی ہے۔ علاوہ ازیں، یو بی ایل کی ایڈیشنل ٹیسٹ (TFC-1) ADT-1 کی بھی بطور AA+ دوبارہ توثیق کی جا چکی ہے۔ تقویض کردہ ریٹنگز پر توقعات 'مستحکم' ہیں۔

مستقبل کی توقعات

یو بی ایل اس مضبوط اور ہمہ جہت رفتار کو مزید آگے بڑھانے کے لیے ایک بہترین پوزیشن میں ہے جس کا مظاہرہ بینک نے گزشتہ سال اپنے تمام بنیادی آپریٹنگ شعبوں میں کیا۔ پہلی سہ ماہی کے نتائج ہمارے اس عزم کا ثبوت ہیں کہ ہماری توجہ اپنے اسٹیک ہولڈرز کے لیے مسلسل منافع اور بہترین نفع بخش نتائج فراہم کرنے پر مرکوز ہے۔ تاہم، مشرق وسطیٰ میں شورش کے باعث معاشی غیر یقینی صورتحال میں مزید اضافہ ہوا ہے جبکہ حکومت افراط زر پر قابو پانے اور ذخائر کے تحفظ کے ساتھ ساتھ نمو کو بچانے سے جیسے مشکل چیلنجز سے نمٹ رہی ہے۔ اگرچہ ابتدائی جائزے سے یہ ظاہر ہوتا ہے کہ مالی سال 2026 کے لیے اہم معاشی اشاریے پہلے سے ہی متوقع حدود میں رہیں گے تاہم تنازع کی شدت اور دورانیہ ملکی معیشت پر اس کے حتمی اثرات کا تعین کرنے میں اہم کردار ادا کریں گے۔

معاشی غیر یقینی صورتحال کے باوجود، یو بی ایل 2026 میں اپنی مضبوط اور مستحکم کارکردگی کا مظاہرہ کرنے کے لیے پُر عزم ہے جس کے تحت ہم اپنی کسٹمر بیس کو بڑھا کر، ڈپازٹس میں مارکیٹ شیئرز کا اضافہ کر کے، تجارتی سرگرمیوں پر مزید توجہ دے کر اور ہوم ریٹیننس کے شعبے میں اپنی مضبوط پوزیشن کو برقرار رکھیں گے۔ برانچ بینکنگ ہماری فریچائز کا بنیادی ستون ہے لہذا اپنی سروس کے معیار کو بہتر بناتے ہوئے ہم کٹویشنل اور اسلامک دونوں نیٹ ورکس میں مزید وسعت دیتے رہیں گے۔ بینک ملک کے نمایاں ڈیجیٹل بینک کے طور پر اپنی پوزیشن کو مزید مستحکم کرنے کے لیے ٹیکنالوجی میں سرمایہ کاری جاری رکھے گا جبکہ آپریشنل کارکردگی کو بہتر اور سائبر سیکیورٹی کو مضبوط کرے گا۔ اپنی مضبوط ملکی فریچائز اور مستحکم سرمایہ کاری پورٹ فولیو کے ساتھ ہمیں سال 2026 میں بھی اپنی مسلسل اور پائیدار کارکردگی کی فراہمی کی صلاحیت پر یقین ہے۔

اظہارِ تشکر

بورڈ آف ڈائریکٹرز کی جانب سے ہم یو بی ایل کے صارفین اور شیئرز کا شکریہ ادا کرنا چاہیں گے جنہوں نے ہمیشہ یو بی ایل برانڈ پر مسلسل اعتماد اور یو بی ایل اسٹاف کے ساتھ اپنے عہد اور خلوص کو نبھایا ہے۔ ہم مسلسل رہنمائی اور معاونت پر حکومت پاکستان، اسٹیٹ بینک آف پاکستان، سیکیورٹیز اینڈ ایکسچینج کمیشن آف پاکستان اور دیگر ریگولیٹری اداروں کا بھی تہہ دل سے شکریہ ادا کرنا چاہتے ہیں۔
