Avanceon Expands Global Footprint with New Business Entity in Australia

Avanceon PTY LTD strengthens the company's presence in the Asia-Pacific region, supporting automation and digital transformation across key industries

Queensland, Australia – Avanceon FZE (a wholly owned subsidiary of Avanceon Limited) is pleased to announce the registration of a new business entity in Australia under the name **Avanceon PTY LTD**, marking another milestone in the company's strategic global expansion. The new entity has been registered in Queensland under the Australian Securities and Investments Commission in accordance with the Corporations Act 2001.

The particulars of the registration are as follows:

- Australian Business Number (ABN): 30 693 667 819
- Tax File Number (TFN): 513 629 897

Avanceon PTY LTD is a proprietary company limited by shares and a wholly owned subsidiary of **Avanceon FZE – UAE**.

As the world's 14th largest economy, Australia offers strong growth potential across key sectors including services, construction, mining, and manufacturing. With increasing focus on productivity, operational efficiency, and digital transformation, the demand for automation and advanced technology solutions is expected to grow significantly. This trend is being driven by a relatively smaller labour force, evolving regulatory frameworks, and the need for sustainable and efficient operations.

Through Avanceon PTY LTD, the company aims to leverage its global experience and proven expertise in automation, digitalization, and industrial technology to support customers across multiple sectors. The new entity will focus on delivering innovative solutions in IT and technical services, oil and gas, transport and infrastructure, construction, manufacturing, mining, and environmental services.

This expansion reinforces Avanceon's commitment to strengthening its global footprint and supporting customers with localized capabilities while maintaining international standards of quality, safety, and innovation. The new setup will also enable closer engagement with customers, partners, and stakeholders in Australia and the broader Asia-Pacific region.
