Subject:

**MATERIAL INFORMATION**

Dear Sir,

In accordance with Section 96 and 131 of the Securities Act, 2015 and Clause 5.6.1(a) of the Pakistan Stock Exchange Limited Regulations we hereby convey the following information:

We are pleased to announce that Treet Battery Limited ("**Company**") has entered into a Memorandum of Understanding ("**MOU**") with Contemporary Nebula Technology Energy Co., Ltd. ("**CNTE**") of China, dated May 25, 2026.

CNTE is a high-technology enterprise founded in 2019 and strategically invested in by Contemporary Amperex Technology Co., Limited ("**CATL**"), which is listed on the Shenzhen Stock Exchange (300750) and the Hong Kong Stock Exchange (3750) and holds a global leading position in both the power battery and energy storage battery sectors. In the power battery sector, CATL's global market share in terms of power battery usage volume was 39.2% and CATL has ranked first globally in power battery usage volume for nine consecutive years (2017-2025), as per the Annual Report of CATL for the financial year ended on December 31, 2025. In the energy storage sector, CATL has ranked first globally in energy storage battery shipments for five consecutive years (2021-2025) as per the Annual Report of CATL for the financial year ended on December 31, 2025. CNTE an associated company of CATL is led by Mr. Huang Shilin, a co-founder and Chairman of CNTE and former Vice Chairman of CATL. CNTE specializes in the manufacture of Original CATL Cell-based energy storage systems across commercial, industrial, and utility-scale applications, integrating CATL's world-leading lithium iron phosphate (LFP) cell technology, safety standards, and manufacturing pedigree into its product portfolio.

The MOU establishes a framework for strategic cooperation between the two companies to explore long-term opportunities in the energy storage sector, with a focus on the Pakistan market.

This collaboration is expected to bring CNTE's high quality CATL-cell-based energy storage technology, product portfolio, technical expertise, and experience in advanced battery energy storage systems to Pakistan, leveraging CNTE's offering alongside the Company's established local market presence, distribution network, and after-sales infrastructure. The MOU envisages cooperation across residential, commercial, and industrial energy storage solutions, with potential for further value addition and local assembly in the future.

You may please inform the TRE Certificate Holders of the Exchange accordingly.

For and on behalf of **Treet Battery Limited**

Taimoor Vakil Malik  
Company Secretary
