Response to Query Regarding Unusual Movement in Share Volume

Dear Sir,

We refer to your Letter No. PSX/Gen-715 regarding the unusual movement in the share trading volume of Quantum Data Technologies Limited.

In this regard, we would like to clarify that the Company is not aware of any material information, undisclosed development, or price-sensitive information that may have affected or may reasonably be expected to affect the share price or trading volume of the Company's shares.

To the best of our knowledge, there is no corporate action, significant event, or other matter requiring disclosure under applicable regulatory requirements at this time.

The movement in the share price and volume of trade appears to be purely market-driven, based on investor sentiment and normal market forces, over which the Company has no control.

We assure you that the Company remains committed to timely disclosure of all material information in compliance with the applicable laws and regulations.

Yours faithfully,
For Quantum Data Technologies Limited

Khawaja Mohammad Kaleem
Director
