(Contract with OGDCL (Oil & Gas Development Company Limited) for CNG)**

Dear Sir,

In compliance with the applicable provisions of the Securities Act, 2015 and the Rule Book of the Pakistan Stock Exchange, we are pleased to convey the following information:

The Oil & Gas Development Company Limited (OGDCL) has awarded Tender No. 308606791 to Ghani Chemical Industries Limited ("GCIL" or "the Company") for the development and processing of natural gas from the Sono Lashari Field.

Under the terms of the awarded contract, OGDCL shall allocate to the Company a designated quota of raw natural gas from the field for processing into value-added hydrocarbon products, including Compressed Natural Gas (CNG), Liquefied Petroleum Gas (LPG), and associated hydrocarbon condensates, in accordance with the agreed technical specifications and contractual arrangements.

The contract has been awarded for a period of five (5) years.

The Company expects to commence project implementation following completion of the required engineering, procurement, regulatory and site mobilization activities. Commercial operations are currently expected to commence during the first quarter of 2027, subject to timely completion of all necessary formalities and approvals.

The project may be implemented either directly by the Company or through an appropriate group entity, depending upon operational, commercial and regulatory considerations. Such implementation arrangement shall not affect the Company's rights and obligations under the awarded contract.

GHANI CHEMICAL INDUSTRIES LIMITED

Manufacturers of Medical / Industrial Gases & Chemicals

Based on the current technical configuration and prevailing market conditions, the project has the potential to generate indicative annual revenues of approximately PKR 1.5 billion to PKR 2.0 billion upon commencement of commercial operations. This estimate is preliminary and subject to various operational and commercial factors, including actual gas allocation and availability, product mix, market prices, plant performance, and other relevant conditions.

The project represents an important milestone in the Company's strategy to diversify its business into the energy processing sector and is expected to establish an additional recurring revenue stream over the contract term.

The financial impact of the project will commence upon the start of commercial operations, and the Company shall keep shareholders and the market informed of all further material developments, including commencement of commercial production and any other reportable events, in accordance with the applicable regulatory requirements.

You may please inform the TRE Certificate Holders of the Exchange accordingly.

Truly Yours,
for Ghani Chemical Industries Limited
