**Islamabad**

### **MATERIAL INFORMATION**

Dear Sir(s),

In accordance with Sections 96 and 131 of the Securities Act, 2015 and Regulation 5.6.1 of the PSX Regulations, we hereby make disclosure of the following information:

"Lucky Cement Limited (the "Company") has successfully completed and commissioned a Process Optimization and Capacity Enhancement Project at its Karachi Plant. The project has enabled the Company to enhance production capacity through the optimization and modernization of its existing cement lines. As a result, the annual cement production capacity of the Karachi Plant has increased by approximately 300,000 tons, from 5,050,000 tons per annum to 5,350,000 tons per annum. Consequently, the Company's total annual cement production capacity has reached 15,600,000 tons, further reinforcing the Company's position as Pakistan's largest cement manufacturer.

In addition to the capacity enhancement, the project reflects the Company's continued commitment to operational excellence and sustainable growth. Through targeted process improvements and technological upgrades, the project is expected to improve thermal efficiency, reduce specific fuel consumption, and lower coal usage per ton of cement produced. These efficiencies are also expected to contribute towards reducing the carbon intensity of the Company's operations while supporting the more efficient utilization of resources.

This milestone is aligned with the Company's long-term ambition to introduce innovative and efficient manufacturing processes, create sustainable value for its shareholders, and contribute positively to Pakistan's industrial development and sustainability goals."

You may please inform the TREC holders accordingly.

Yours truly,

For: **LUCKY CEMENT LIMITED**

**ALI SHAHAB**

General Manager Legal &  
Company Secretary
