CHAIRMAN'S REVIEW

IT IS MY PRIVILEGE TO WELCOME YOU TO THE 73RD ANNUAL GENERAL MEETING OF THE COMPANY AND, ON BEHALF OF THE BOARD OF DIRECTORS, PRESENT THE AUDITED ACCOUNTS OF THE COMPANY FOR THE YEAR ENDED MARCH 31, 2026, TOGETHER WITH MY REVIEW OF THE COMPANY'S PERFORMANCE

THE ECONOMY

Pakistan's macroeconomic conditions remained broadly stable at the start of FY26, with a cautious monetary policy helping restore business confidence. Large-scale manufacturing rebounded strongly, recording growth of 6.4% after contracting by 0.7% in the previous year.

The agricultural sector posted growth of 2.9% despite the devastating floods of 2025, supported by strong livestock performance and improved production of major crops, helping the sector recover from last year's slowdown. GDP growth of 3.7% was achieved in FY26, compared with 3.18% last year, and is expected to reach 4.0% in FY27.

The trade deficit widened by 17.46% to US\$34.76 billion during the first eleven months of FY26 from US\$29.59 billion in the corresponding period last year. Exports declined by 5.61%, from US\$29.56 billion to US\$27.90 billion, while imports increased by 5.94%, from US\$59.15 billion to US\$62.66 billion.

Home remittances maintained healthy growth of 8.5%, rising to US\$34.3 billion during the first ten months of FY26. Foreign Direct Investment during the first eleven months of FY26 declined by 28% to US\$1.62 billion, compared with US\$2.27 billion last year. Policy instability remains a key deterrent, as frequent policy reversals, tariff renegotiations, and retrospective actions have eroded investor confidence, resulting in business downsizing, market exits, and increased arbitration risks.

The current account surplus shrank to US\$255 million during the first eleven months of FY26, compared with a surplus of US\$1.618 billion in the corresponding period last year. Foreign exchange reserves increased to US\$22.65 billion as of June 5, 2026, comprising US\$17.20 billion held by the State Bank of Pakistan and US\$5.45 billion held by commercial banks. The State Bank of Pakistan maintained its policy rate at 11.5% at the end of FY26.

THE INDUSTRY

Pakistan's automobile sector demonstrated robust growth during the first ten months of FY26. Passenger car sales increased by 52% to 127,058 units. LCV and pickup sales rose by 38% to 38,697 units, while truck and bus sales increased by 72% to 6,687 units. Motorcycle and three-wheeler sales increased by 32% to 1,619,941 units. Tractor sales, however, declined by 7%, from 24,832 units to 23,116 units, due to the floods and weak farm economics.

PRODUCTION

Production activities were strategically planned to align with market demand, with a focus on both quality and quantity. Greater emphasis on quality control at every stage of the production process was maintained to further enhance the quality standards of Exide products.

SALES PERFORMANCE

The Company's net sales revenue decreased by 17.8%, from PKR 23.895 billion to PKR 19.637 billion, due to lower sales volumes and reduced selling prices.

PROFITABILITY

Gross profit for the year under review declined by 29.35%, from PKR 3.869 billion to PKR 2.734 billion, due to lower sales volumes and reduced margins.

Selling and distribution expenses decreased by 25.15%, from PKR 1.702 billion to PKR 1.274 billion, in line with the 17.8% decline in sales revenue. Administrative and general expenses decreased by 0.75%, from PKR 273.22 million to PKR 271.18 million.

Operating profit amounted to PKR 1.137 billion, compared with PKR 1.772 billion in the previous year. Finance costs remained almost unchanged at PKR 726.64 million, compared with PKR 731.07 million last year.

Profit before tax for the year under review was PKR 410 million, compared with PKR 1.041 billion in the previous year. Profit after tax amounted to PKR 432 million, compared with PKR 614 million last year. Consequently, earnings per share decreased to PKR 55.57, compared with PKR 79.09 in the previous year.

FUTURE PROSPECTS

Pakistan is targeting GDP growth of 4.0% in FY27, compared with 3.7% achieved in FY26. The FY27 Federal Budget reflects the Government's continued stabilization strategy, balancing fiscal discipline with targeted relief measures to support economic activity. The budget has been formulated within the framework of the IMF-supported reform program, with policy priorities focused on fiscal consolidation, documentation of the economy, export promotion, and the gradual implementation of structural reforms.

The domestic battery industry is expected to face increased competition due to excess production capacity and reduced consumer purchasing power. These challenges may continue to impact industry profitability. Nevertheless, management remains steadfast in its commitment to improving product quality, enhancing productivity, controlling costs, strengthening after-sales service, and improving competitiveness and market share.

ACKNOWLEDGEMENT

On behalf of the Board of Directors, I extend my heartfelt gratitude to all our stakeholders, including our employees, bankers, shareholders, Furukawa Battery Japan, vendors, dealers, retailers, customers, automobile manufacturers, and government organizations, for their unwavering support, guidance, and trust.

ARIF Hashwani
Chairman

چيٽرمين كا جائزه

ڪمپني کي 73 ويں سالانه جنرل ميٽنگ ميں آپ كا استقبال كرنا اور بورڊ آف ڊائريڪٽرز کي جانب سے ڪمپني کي ڪارڪردگي كا جائزه لينے كے ساتھ ساتھ 31 مارچ 2026 كو ختم ہونے والے سال كے ليے ڪمپني كے آڊٽ شده اكاؤنٽس پيش كرنا ميرے ليے اعزاز كي بات ہے۔

معيشت

پاڪستان كے معاشي حالات مالي سال 26 كے آغاز ميں بڑے پيمانے پر مستحڪم رہے، احتياطي مانيٽري پاليسي نے ڪاروباري اعتماد كي بحالي ميں مدد كي۔ بڑے پيمانے پر مينوفيكچرنگ نے پچھلے سال 0.7 فيصد كے معاہدے كے بعد 6.4 فيصد نمو كے ساتھ مضبوطي سے ترقي كي۔ زرعي شعبے نے 2025 كے تباہ كن سيلاب كے باوجود موپيشيوں كي مضبوط ڪارڪردگي اور بهاري فصلوں كي بہتر پيداوار كي وجہ سے 2.9 فيصد كي ترقي كي، جس سے اس شعبے كو گزشتہ سال كي سست روي سے بحالي ميں مدد ملي۔ گزشتہ سال 3.18 فيصد كے مقابلے FY26 ميں 3.7 فيصد كي GDP نمو حاصل ہوئي اور FY27 ميں اس كے 4.0 فيصد بڑھنے كي توقع ہے۔

مالي سال 26 كے گياره مہينوں كے دوران تجارتي خسارہ 17.46 فيصد بڑھ كر 34.76 بلين امريكي ڊالر ہو گیا جو گزشتہ سال كي اسي مدت ميں 29.59 بلين امريكي ڊالر تھا۔ برآمدات 29.56 بلين امريكي ڊالر سے 5.61 فيصد كم ہو كر 27.90 بلين امريكي ڊالر رہيں جيڪہ درآمدات 5.94 فيصد بڑھ كر 62.66 بلين امريكي ڊالر تڪ پينچ گئيں جو گزشتہ سال 59.15 بلين امريكي ڊالر تھی۔

گھريلو ترسيلات نے مالي سال 26 كے پهلے دس مہينوں ميں 8.5 فيصد كي صحت مند نمو برقرار رڪھی جو بڑھ كر 34.3 بلين امريكي ڊالر تڪ پينچ گئي۔ مالي سال 26 كے گياره مہينوں ميں براہ راست غير ملڪي سرمايہ ڪاري گزشتہ سال 2.27 بلين امريكي ڊالر سے 28 فيصد كم ہو كر 1.62 بلين امريكي ڊالر رہ گئي۔ پاليسي ميں عدم استحڪام ايك كليدي رڪاوٽ بني ہوئي ہے، ڪيونڪہ بار بار الٽ پھير، ٿيرف كي دوبارہ گفت و شنيد اور سابقہ ڪارروائي نے سرمايہ ڪاروں كے اعتماد كو ختم كر ديا ہے، جس سے سائز ميں ڪمي، اخراج اور ٺالٺي كا خطرہ بڑھ گیا ہے۔ ڪرنٽ اكاؤنٽ سرپلس MFY2611 ميں گھٽ كر 255 ملين امريكي ڊالر رہ گیا جيڪہ پچھلے سال 1.618 بلين سرپلس تھا۔ زرمبادلہ كے ذخائر 5 جون 2026 تڪ بڑھ كر 22.65 بلين امريكي ڊالر تڪ پينچ گئے، جس ميں اسٽيٽ بينڪ آف پاڪستان كے پاس 17.2 بلين امريكي ڊالر اور ڪمرشل بينڪ كے پاس 5.45 بلين امريكي ڊالر شامل هيں۔ ايس بي بي مالي سال 26 كے اختتام پر كليدي پاليسي ريٽ 11.5 فيصد پر رڪھتا ہے۔

صنعت

پاڪستان كے آٽوموبائل سيڪٽر نے مالي سال 26 كے دس مہينوں ميں زبردست ترقي كا مظاہرہ ڪيا، ڪيونڪہ ڪاروں كي فروخت 52 فيصد اضافے كے ساتھ 127,058 يونٽس، LCV اور پڪ اپس 38 فيصد بڑھ كر 38,697 يونٽس، ٽرڪ اور بسيس 72 فيصد اضافے سے 6,687 يونٽس، موٽرسائیکل اور تين پييون كي فروخت 32 فيصد بڑھ كر 1,619,941 يونٽس ہوگئي۔ سيلاب اور ڪمزور زرعي اقتصاديات كي وجہ سے ٽريڪٽروں كي فروخت 24,832 يونٽس سے 7 فيصد كم ہوكر 23,116 يونٽس رہ گئي۔

پيداوار

معيار اور مقدار دونوں پر توجہ مرکوز ڪرتے ہوئے، پيداواري سرگرميوں كو مارڪيٽ كي طلب كے مطابق بنانے كے ليے حڪمت عملي كے ساتھ منصوبہ بندي كي گئي تھی۔ Exide مصنوعات كے معيار كو مزيد بڑھانے كے ليے پيداواري عمل كے تمام مراحل پر ڪوالٽي ڪنٽرول پر زور ديا گیا تھا۔

سیلز

فروخت کے حجم اور قیمتوں میں کمی کی وجہ سے کمپنی کی خالص سیلز ویلیو PKR 23.895 بلین سے PKR 19.637 بلین تک 17.8 فیصد کم ہو گئی۔

منافع بخشی۔

فروخت کے حجم اور مارجن میں کمی کی وجہ سے زیر جائزہ سال کے لیے مجموعی منافع PKR 3.869 بلین سے % 29.35 کم ہو کر PKR 2.734 بلین ہو گیا۔ فروخت اور تقسیم کے اخراجات 17.8 فیصد کی کمی کی وجہ سے 1.702 ارب روپے سے 25.15 فیصد کم ہو کر 1.274 ارب روپے ہو گئے۔ انتظامی اور عمومی اخراجات PKR 273.22 ملین سے PKR 271.18 ملین تک % 0.748 کم ہو گئے۔ گزشتہ سال PKR 1.772 بلین کے مقابلے میں PKR 1.137 بلین کا آپریٹنگ منافع ریکارڈ کیا گیا۔ گزشتہ سال کے 731.07 ملین روپے کے مقابلے میں مالیاتی چارجز تقریباً 726.64 ملین روپے پر مستحکم ہیں۔ زیر نظر سال کے لیے ٹیکس سے پہلے کا منافع PKR 0.410 بلین تھا جو پچھلے سال PKR 1.041 بلین تھا۔ سال کے لیے بعد از ٹیکس منافع PKR 0.432 بلین ہے جو پچھلے سال PKR 0.614 بلین تھا۔ فی حصص آمدنی گزشتہ سال PKR 79.09 کے مقابلے میں PKR 55.57 تک کم ہو گئی۔

مستقبل کے امکانات

پاکستان نے گزشتہ سال 3.7 فیصد کے مقابلے میں مالی سال 27 میں 4.0 فیصد کی معمولی نمو کا ہدف رکھا ہے۔ پاکستان کا مالی سال 27 کا وفاقی بجٹ حکومتوں کے استحکام کی حکمت عملی کے تسلسل کی عکاسی کرتا ہے، معاشی سرگرمیوں کو سپورٹ کرنے کے لیے ہدفی امدادی اقدامات کے ساتھ متوازن مالیاتی نظم و ضبط۔ آئی ایم ایف کے فریم ورک کے اندر پالیسی کی ترجیحات کے ساتھ تعاون یافتہ اصلاحاتی پروگرام، معیشت کی دستاویزات کے ساتھ مالی استحکام پر کنٹرول، برآمدات کو فروغ دینے اور ساختی اصلاحات کے بتدریج نفاذ کے ساتھ بجٹ تیار کیا گیا ہے۔

توقع ہے کہ گھریلو بیٹری کی صنعت کو زیادہ گنجائش اور صارفین کی قوت خرید میں کمی کی وجہ سے بڑھتے ہوئے مقابلے کا سامنا کرنا پڑے گا۔ مستقبل کے منافع کو ان چیلنجوں سے متاثر کیا جا سکتا ہے۔ تاہم، انتظامیہ مسابقت اور مارکیٹ شیئر کو بہتر بنانے کے لیے معیار کو بہتر بنانے، پیداواری صلاحیت بڑھانے، لاگت کو کنٹرول کرنے، اور فروخت کے بعد سروس کو مضبوط بنانے کے اپنے عزم پر ثابت قدم ہے۔

اعتراف

بورڈ آف ڈائریکٹرز کی جانب سے، میں تمام اسٹیک ہولڈرز بشمول ملازمین، بینکرز، شیئر ہولڈرز، فروکاوا بیٹری جاپان، وینڈرز، ڈیلرز، ریٹیلرز، کسٹمرز، آٹوموبائل مینوفیکچررز، اور سرکاری تنظیموں کا تہ دل سے شکریہ ادا کرتا ہوں، ان کی غیر متزلزل حمایت، رہنمائی اور اعتماد کے لیے۔

کارپوریٹ اور مالیاتی رپورٹنگ فریم ورک پر ڈائریکٹرز کا بیان

کارپوریٹ اور مالیاتی رپورٹنگ فریم ورک پر ڈائریکٹرز کا بیان درج ذیل ہے

- کمپنی کی انتظامیہ کی طرف سے تیار کردہ مالیاتی بیانات، اس کی حالت، اس کے کاموں کے نتائج، نقد بہاؤ اور ایکویٹی میں ہونے والی تبدیلیوں کو کافی حد تک پیش کرتے ہیں۔
- کمپنی کی طرف سے حساب کتاب کی مناسب دیکھ بھال کی گئی ہے
- مالیاتی گوشواروں کی تیاری میں مناسب اکاؤنٹنگ پالیسیوں کا مسلسل اطلاق کیا گیا ہے اور اکاؤنٹنگ کے تخمینے معقول اور دانشمندانہ فیصلے پر مبنی ہیں۔
- بین الاقوامی مالیاتی رپورٹنگ کے معیارات کی گئی ہے۔ (IFRS) جیسا کہ پاکستان میں لاگو ہوتا ہے، مالی بیانات کی تیاری میں پیروی کی گئی ہے۔
- کمپنی ایک مضبوط اندرونی کنٹرول سسٹم کو برقرار رکھتی ہے جو کسی بھی مادی غلط بیانی یا نقصان کے خلاف معقول یقین دہانی کراتی ہے۔ اندرونی کنٹرول سسٹم کا باقاعدگی سے جائزہ لیا جاتا ہے۔
- ایک جاری تشویش کے طور پر جاری رکھنے کی کمپنی کی صلاحیت پر کوئی خاص شک نہیں ہے۔
- کارپوریٹ گورننس کے بہترین طریقوں سے کوئی مادی اخراج نہیں ہوا ہے، جیسا کہ فہرست سازی کے ضوابط میں تفصیل سے بتایا گیا ہے۔
- پچھلے دس سالوں کا کلیدی آپریٹنگ اور مالیاتی ڈیٹا سالانہ رپورٹ کے ساتھ منسلک ہے۔

بیان برائے تعمیل

کمپنی، سیکیورٹیز اینڈ ایکسچینج کمیشن آف پاکستان کی جانب سے لازمی قرار دیے گئے کارپوریٹ گورننس کے اصولوں کی سختی سے پابندی کرتی ہے اور مقررہ تمام شرائط پر عمل درآمد کیا گیا ہے۔ ان شرائط کا خلاصہ درج کمپنیوں کے لیے وضع کردہ (کارپوریٹ گورننس کوڈ) 2019 کے تحت تعمیل کے بیان میں کیا گیا ہے، جس کا جائزہ آڈیٹرز نے لیا ہے۔

اندرونی کنٹرولز اور خطرات کا انتظام

کمپنی مؤثر اور پائیدار آپریشنز، مالیاتی رپورٹنگ کی درستگی، اور متعلقہ قوانین و ضوابط کی پابندی کے لیے موزوں داخلی کنٹرول سسٹمز رکھتی ہے۔ ان نظاموں کی نگرانی مینجمنٹ مؤثر طریقے سے کرتی ہے جبکہ بورڈ کی آڈٹ کمیٹی خطرات کے جائزے کی بنیاد پر ان نظاموں کا جائزہ لے کر بورڈ کو رپورٹ کرتی ہے۔

خطرات، غیر یقینی صورتحال اور سدباب آپریشنل رسک

کمپنی اعلیٰ ترین اخلاقی، حفاظتی اور معیار پر مبنی طریقہ کار کو اپناتی ہے تاکہ صارفین کو بلا تعطل مصنوعات اور خدمات کی فراہمی ممکن بنائی جا سکے۔ کمپنی کی پیداواری لاگت میں کمی واقع ہوئی ہے جس کی وجوہات میں روپے کی قدر میں کمی، خام مال کی قیمتوں میں اضافہ، توانائی چارجز میں اضافہ اور مہنگائی کا اثر شامل ہیں۔

مالیاتی خطرات

کمپنی کے مالیاتی اثاثوں اور واجبات سے متعلق مجموعی خطرات نہایت محدود ہیں۔ کمپنی کسی خاص مالیاتی خطرے سے دوچار نہیں کیونکہ مصنوعات صارفین کو مقررہ کریڈٹ حد کے تحت فروخت کی جاتی ہیں۔

تعمیلی خطرات

بورڈ اور مینجمنٹ نے مضبوط گورننس اور قانونی ڈھانچہ قائم کیا ہے تاکہ نہ صرف مقامی قوانین کی تعمیل کو یقینی بنایا جا سکے بلکہ بین الاقوامی بہترین طریقوں کے مطابق عمل جاری رکھا جا سکے۔

صحت، حفاظت اور ماحولیات

کمپنی مسلسل اپنے وسائل کو استعمال کرتے ہوئے ملازمین کے لیے صحت مند، محفوظ اور آرام دہ کام کا ماحول مہیا کرنے میں مصروف عمل ہے۔ کمپنی نے ماحولیاتی نظم و نسق کے لیے 2015 - OSI 14001 سرٹیفیکیشن حاصل کر لی ہے۔

کارپوریٹ سماجی ذمہ داری (CSR)

کمپنی سماجی، ماحولیاتی اور اخلاقی امور کو کاروباری ماحول کے تناظر میں اہمیت دیتی ہے۔ کمپنی معاشرے کی فلاح و بہبود کے لیے پرعزم ہے۔ رواں سال کے دوران کمپنی نے گردوں کے علاج کے مرکز Kidney Centre کو 7 لاکھ 80 ہزار روپے کا عطیہ دیا۔

حاضری	ممبر کے نام
01	جناب امین منجی (چیئرمین)
01	جناب عارف ہاشوانی (ممبر)
01	جناب الطاف ہاشوانی (ممبر)

ڈائریکٹرز کا معاوضہ

بورڈ نے ڈائریکٹرز کی معاوضہ منظور کی ہے۔ تاہم، کارپوریٹ گورننس کوڈ کے تحت یہ یقینی بنایا گیا ہے کہ کوئی بھی ڈائریکٹر اپنی ذاتی معاوضہ کے فیصلے میں شامل نہ ہو۔ کمپنی اپنے غیر ایگزیکٹو اور آزاد ڈائریکٹرز کو کوئی معاوضہ ادا نہیں کرتی، تاہم آزاد ڈائریکٹرز کو بورڈ اجلاس میں شرکت پر میٹنگ فیس دی جاتی ہے۔ ڈائریکٹرز اور سی ای او کی تنخواہوں سے متعلق تفصیلات مالیاتی گوشوارے کے نوٹ 35 میں موجود ہیں۔

متعلقہ فریقین کے ساتھ لین دین

کمپنی نے متعلقہ فریقین کے ساتھ تمام لین دین باہمی رضامندی سے اور بورڈ کی منظوری سے مکمل کیے۔ تمام لین دین کی تفصیلات پہلے آڈٹ کمیٹی کے سامنے پیش کی گئیں اور ان کی سفارش پر بورڈ نے منظوری دی۔

ملازمین کی ریٹائرمنٹ کی سہولیات

کمپنی اپنے ملازمین کے لیے منظور شدہ پروویڈنٹ فنڈ اور نان کنٹری بیوٹری گریجویٹی فنڈ چلاتی ہے۔ 31 مارچ 2026 تک پروویڈنٹ فنڈ کی سرمایہ کاری کی مالیت 201.5 ملین روپے جبکہ گریجویٹی فنڈ کی 67.9 ملین روپے تھی۔

عملیاتی اور مالیاتی اعداد و شمار

کمپنی کے گزشتہ دس برسوں کے آپریٹنگ اور مالیاتی اعداد و شمار اور کلیدی تناسبات ضمیمہ کے طور پر شامل کیے گئے ہیں۔

شیئر ہولڈنگ کا پیٹرن

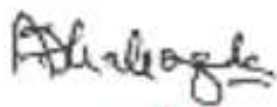

31 مارچ 2026 تک کمپنی کے شیئر ہولڈنگ کا خاکہ ضمیمہ میں شامل ہے۔

مادی تبدیلیاں

31 مارچ 2026 سے رپورٹ کی تاریخ تک کمپنی میں کوئی اہم تبدیلی واقع نہیں ہوئی اور اس دوران کمپنی نے کوئی ایسا معاہدہ نہیں کیا جو اس کی مالی پوزیشن پر منفی اثر ڈالے۔

کمپنی کے قانونی آڈیٹرز

موجودہ آڈیٹرز، مسٹر یوسف عدیل، چارٹرڈ اکاؤنٹنٹس، ریٹائر ہو رہے ہیں اور دوبارہ تقرری کے اہل ہیں۔ آڈٹ کمیٹی نے انہیں مالی سال 2026 کے لیے دوبارہ آڈیٹرز مقرر کرنے کی سفارش کی ہے۔

INDEPENDENT AUDITOR'S REVIEW REPORT

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF EXIDE PAKISTAN LIMITED

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of **Exide Pakistan Limited** (the Company) for the year ended **March 31, 2026**, in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended **March 31, 2026**.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF EXIDE PAKISTAN LIMITED REPORT ON THE AUDIT OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the annexed unconsolidated financial statements of **Exide Pakistan Limited** (the Company), which comprise the unconsolidated statement of financial position as at **March 31, 2026**, and the unconsolidated statement of profit or loss and other comprehensive income, the unconsolidated statement of changes in equity, the unconsolidated statement of cash flows for the year then ended, and notes to the unconsolidated financial statements, including material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, the unconsolidated statement of profit or loss and other comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at March 31, 2026 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the unconsolidated Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current period. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

Key audit matter	How our audit addressed the key audit matter
Revenue Recognition	
<p>Refer notes 4.17 and 25 to the annexed unconsolidated financial statements</p> <p>Net revenue from sale of Company's products for the year ended March 31, 2026 amounted to Rs. 19,637 million which has decreased by approximately 18% as compared to last year. The Company recognizes revenue at a point in time when control of the asset is transferred to the customer, generally on delivery of goods.</p> <p>There is an inherent risk that revenue may be overstated since the Company focuses on revenue as a key performance measure, which could create an incentive for revenue to be recognised before the control has been transferred.</p>	<p>Our key audit procedures in this area amongst others included the following:</p> <ul style="list-style-type: none">• Evaluated the appropriateness of the Company's revenue recognition accounting policy.• Obtained an understanding, evaluated the design, and tested the operating effectiveness of controls to check that revenue is recognised in the appropriate accounting period and based on transfer of control of goods to the customer.• Performed substantive audit procedures including analytical procedures and test of details over revenue transactions along with review of related supporting documents, including dispatch-related documents and

Information Other than the Unconsolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in annual report, but does not include the unconsolidated financial statements and our auditor's report thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Unconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

INDEPENDENT AUDITOR'S REPORT

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the unconsolidated statement of financial position, unconsolidated statement of profit or loss and other comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;

INDEPENDENT AUDITOR'S REPORT

- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) zakat deductible at source under Zakat and Ushr Ordinance, 1980 (XVIII of 1980) was deducted by the Company and deposited in the Central Zakat Fund established under 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditor's report is **Arif Nazeer**.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 3, 2026

1. THE COMPANY AND ITS OPERATIONS

- 1.1 Exide Pakistan Limited (the Company) is a limited liability company and is incorporated in Pakistan. The address of its registered office is A-44, Hill Street, Manghopir Road, S.I.T.E, Karachi, Pakistan. The Company is listed on the Pakistan Stock Exchange. The Company is engaged in the manufacturing and sale of batteries, chemicals and acid and also in trading / installation and maintenance of solar energy systems. Manufacturing facilities for batteries are located at S.I.T.E Karachi while facilities for chemicals and acid are located at S.I.T.E and Bin Qasim Karachi. The Company has warehouses and service centres at Lahore, Rawalpindi, Peshawar, Multan, Sukkar and Faisalabad.
- 1.2 These financial statements are the separate unconsolidated financial statements of Exide Pakistan Limited. In addition to these unconsolidated financial statements, consolidated financial statements of Exide Pakistan Limited and its wholly owned subsidiary company, Chloride Pakistan (Private) Limited (CPL) have been presented separately.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These unconsolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- IFRS Accounting Standards issued by International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017; and
- Islamic Financial Accounting Standards (IFAS) issued by Institute of Chartered Accountants of Pakistan (ICAP) as notified under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Accounting convention

These unconsolidated financial statements have been prepared under the historical cost convention except land and buildings are stated at revalued amounts and certain staff retirement benefits are carried at present value.

2.3 New accounting standards / amendments and IFRS interpretations that are effective for the year ended March 31, 2026

The following standards, amendments and interpretations are effective for the year ended March 31, 2026. These standards, amendments and interpretations are either not relevant to the Company's operations or are not expected to have significant impact on the Company's unconsolidated financial statements other than certain additional disclosures.

Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Clarification on how entity accounts when there is long term lack of Exchangeability

New accounting standards / amendments and IFRS interpretations that are not yet effective:

The following amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's unconsolidated financial statements other than certain additional disclosures.

Effective from accounting period beginning on or after:

- | | |
|--|------------------|
| - Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial instruments disclosures' - Classification and measurement of financial instruments | January 01, 2026 |
| - Annual Improvements to IFRS Accounting Standards (related to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7) | January 01, 2026 |

Effective from accounting period beginning on or after:

- Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial Instruments disclosures' - Contracts Referencing Nature-dependent Electricity	January 01, 2026
- IFRS 17 – Insurance Contracts (including the June 2020 and December 2021 Amendments to IFRS 17)	January 01, 2027
- IFRS 18 - Presentation and Disclosures in Financial Statements	January 01, 2027
- IFRS 19 - Subsidiaries without Public Accountability: Disclosures	January 01, 2027

Other than the aforesaid amendments, IASB has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 – First Time Adoption of International Financial Reporting Standards

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of the unconsolidated financial statements in conformity with the accounting and reporting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgement in the process of applying the Company's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Company's unconsolidated financial statements or where judgment was exercised in application of accounting policies are as follows:

- i) Estimation of useful lives and depreciation rates of property, plant and equipment (notes 5.1.1 and 5);
- ii) Revaluation of property, plant and equipment (notes 5.1.1 & 17);
- iii) Estimation of allowance against expected credit losses (notes 4.4.2, 4.7 and 12);
- iv) Provision against slow moving and obsolete stock-in-trade (notes 4.6 and 11.2);
- v) Provision against battery warranty claims (notes 4.11 and 20.2);
- vi) Estimation of liability in respect of staff retirement benefits (notes 4.13 and 34);

4. MATERIAL ACCOUNTING POLICY INFORMATION

The Material accounting policies applied in the preparation of these unconsolidated financial statements are set out below. These policies have been consistently applied to all the years presented.

4.1 Property, plant and equipment

4.1.1 Operating assets

Leasehold land and buildings on leasehold land are stated at revalued amounts less accumulated depreciation and accumulated impairment losses (if any). Plant and machinery, furniture and fixtures, office equipment and appliances, vehicles and leasehold vehicles are stated at cost less accumulated depreciation and accumulated impairment losses (if any).

Subsequent costs are included in the asset's carrying amounts or recognised as a separate asset, as appropriate, only when it is probable that future benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All repairs and maintenance are charged to the unconsolidated statement of profit or loss and other comprehensive income as and when incurred except major repairs which are capitalised.

Depreciation on all property, plant and equipment is charged using the straight line method in accordance with the rates specified in note 5.1.1 to these unconsolidated financial statements and after taking into account residual values, if significant. The revalued amount of leasehold land and buildings on leasehold land is depreciated equally over the remaining life from the date of revaluation. The residual values, useful lives and depreciation methods are reviewed and adjusted, if appropriate, at each reporting date.

Depreciation on additions is charged from the month in which the assets become available for use, while no depreciation is charged in the month of disposal.

An increase arising on revaluation is credited to the surplus on revaluation of operating assets. The revaluation surplus arises on land & building cannot be distributed due to legal restrictions. A decrease arising on revaluation of fixed assets is adjusted against the surplus of that asset or, if no surplus exists, is charged to the unconsolidated statement of profit or loss and other comprehensive income as an impairment of the asset. A surplus arising subsequently on an impaired asset is reversed through the unconsolidated statement of profit or loss and other comprehensive income up to the extent of the original impairment. Each year, the difference between depreciation based on the revalued carrying amount of the asset charged to the unconsolidated statement of profit or loss and other comprehensive income and depreciation based on the asset's original cost, net of tax, is reclassified from revaluation surplus on operating assets to unappropriated profit / accumulated losses.

In the year of disposal gains / losses on disposal of property, plant and equipment are charged to the unconsolidated statement of profit or loss and other comprehensive income.

4.1.2 Capital work-in-progress

Capital work-in-progress is stated at cost less accumulated impairment losses (if any). All expenditure connected to the specific assets incurred during installation and construction period is carried under capital work-in-progress. These are transferred to relevant classes of property, plant and equipment as and when these are available for use.

4.1.3 Leases

The Company assesses whether a contract is, or contains, a lease, at inception of the contract. The Company recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets, which are presented in rent, rates and taxes.

4.2 Intangible assets

Intangible asset acquired by the Company are stated at cost less accumulated amortisation. Cost represents the expense incurred to acquire the intangible asset and bring them to use. The cost of intangible asset is amortised using the straight line method in accordance with the rate specified in note 6 to these unconsolidated financial statements.

Cost associated with maintaining intangible asset is charged to the unconsolidated statement of profit or loss and other comprehensive income.

4.3 Impairment of non-financial assets

The carrying amount of the Company's assets are reviewed at each reporting date to determine whether there is any indication of impairment loss. If any such indication exists, the asset's recoverable amount is estimated in order to determine the extent of impairment loss, if any. The resulting impairment loss is recognised as an expense immediately in the unconsolidated statement of profit or loss and other comprehensive income.

4.4 Financial Instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets are de-recognised when the Company loses control of the contractual rights that comprise the financial assets. Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities [other than financial assets and financial liabilities at fair value through profit or loss (FVTPL)] are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the unconsolidated statement of profit or loss and other comprehensive income.

4.4.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

4.4.2 Impairment of financial assets

The Company recognises a loss allowance for Expected Credit Losses (ECL) on trade debts. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial assets.

The Company recognises lifetime ECL for trade debts. The ECL on these financial assets are estimated using a provision matrix based on the Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast conditions at the reporting date.

4.4.3 Financial liabilities

All financial liabilities are recognised at the time when the Company becomes a party to the contractual provisions of the instrument.

Financial liabilities at FVTPL

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on changes in fair value recognised in the statement of profit or loss and other comprehensive income to the extent that they are not part of a designated hedging relationship. The net gain or loss recognised in the unconsolidated statement of profit or loss and other comprehensive income incorporates any interest paid on the financial liability.

However, for financial liabilities that are designated as FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in unconsolidated statement of other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in the unconsolidated statement of profit or loss and other comprehensive income.

The remaining amount of change in the fair value of liability is recognised in the unconsolidated statement of profit or loss and other comprehensive income. Changes in fair value attributable to a financial liability's credit risk that are recognised in unconsolidated statement of other comprehensive income are not subsequently reclassified to the unconsolidated statement of profit or loss and other comprehensive income; instead, they are transferred to retained earnings upon derecognition of the financial liability.

Gains or losses on financial guarantee contracts issued by the Company that are designated by the Company as at FVTPL are recognised in the unconsolidated statement of profit or loss and other comprehensive income.

Financial liabilities measured subsequently at amortised cost

Financial liabilities that are not designated as FVTPL, are measured subsequently at amortised cost using the effective interest method. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

4.4.4 Derecognition

Financial assets are derecognised at the time when the Company loses control of the contractual rights that comprise the financial assets. Financial liabilities are derecognised at the time when they are extinguished i.e. when the obligation specified in the contract is discharged, cancelled, or expires. Any gain or loss on derecognition of financial assets and financial liabilities is taken to the unconsolidated statement of profit or loss and other comprehensive income.

4.4.5 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the unconsolidated financial statements when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the assets and settle the liabilities simultaneously.

4.4.6 Investment in subsidiary company

Investment in subsidiary is valued at cost less impairment, if any. The Company considers that a decline in the recoverable value of the investment in a subsidiary below its cost may be an evidence of impairment. Recoverable value is calculated as the higher of fair value less costs to sell and value in use. An impairment loss is recognised when the recoverable value falls below the carrying value and is charged to the unconsolidated statement of profit or loss and other comprehensive income.

A subsequent reversal of an impairment loss, upto the cost of the investment in the subsidiary, is credited to the unconsolidated statement of profit or loss and other comprehensive income.

Gains and losses on disposal of investment in subsidiary is included in the unconsolidated statement of profit or loss and other comprehensive income.

4.5 Stores and spares

Stores and spares are valued cost less provision if any. The cost is determined using the weighted average method. Cost comprises invoice value plus other charges incurred thereon.

Provision is made in the unconsolidated financial statements for slow moving and obsolete stores and spares based on management's best estimate regarding their future usability whenever necessary and is recognised in the unconsolidated statement of profit or loss and other comprehensive income.

4.6 Stock-in-trade

Stock in trade, except goods in transit, are valued at the lower of cost, determined using the weighted average method, and net realisable value. Cost in relation to stock-in-trade, except goods in transit, represents direct cost of materials, direct wages and an appropriate portion of production overheads and the related duties where applicable. Goods in transit are valued at cost comprising invoice values plus other charges incurred thereon.

Provision is made in the unconsolidated financial statements against slow moving and obsolete stock-in-trade based on management's best estimate regarding their future usability whenever necessary and is recognised in the unconsolidated statement of profit or loss and other comprehensive income.

Net realisable value signifies the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to be incurred to make the sale.

4.7 Trade debts and other receivables

Trade receivables are initially recorded at the transaction price and subsequently measured at amortised cost. They are presented at their nominal value less an allowance for expected credit losses. The allowance is determined using the expected credit loss (ECL) model, which incorporates management's forward-looking assessment of potential credit losses. This approach recognises credit losses based on anticipated risk, rather than waiting for an impairment trigger or specific indication of default.

4.8 Cash and cash equivalents

Cash and cash equivalents are carried in the unconsolidated statement of financial position at cost. Cash and cash equivalents include cash and cheques in hand, balances with banks and short-term borrowings with original maturities of three months or less.

4.9 Borrowings and borrowing costs

Borrowings are recognised initially at fair value and are subsequently carried at amortised cost. Borrowing costs are recognised as an expense in the period in which these are incurred except in cases where such costs are directly attributable to the acquisition, construction or production of a qualifying asset (one that takes substantial period of time to get ready for use or sale) in which case such costs are capitalised as part of the cost of that asset.

4.10 Trade and other payables

Trade and other payables are recognised initially at cost, which is the fair value of consideration to be paid in the future for goods and services, whether or not billed to the Company.

4.11 Provision against battery warranty claims

The Company provides after sales warranty for its products for a specified period. Accrual is made in the unconsolidated financial statements for this warranty claims based on previous trends and is determined using the management's best estimate.

4.12 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. The amount recognised represents the best estimate of the expenditure required to settle the obligation at the unconsolidated statement of financial position date. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

4.13 Staff retirement benefits

The Company operates an approved funded gratuity plan covering all eligible employees. A separate fund was being maintained by the Company for employees of Automotive Battery Company Limited (now merged with and into the Company). Annual contributions to the funds are made based on actuarial recommendations. The most recent actuarial valuation was carried out during the year ended March 31, 2026 using the Projected Unit Credit Method. Amounts arising as a result of 'Remeasurements', representing the actuarial gains and losses and the difference between the actual investment returns and the return implied by the net interest cost are recognised in the unconsolidated statement of financial position immediately, with a charge or credit to 'Other Comprehensive Income' in the periods in which they occur.

The Company also operates an approved contributory provident fund for all eligible employees. Monthly equal contributions are made to the fund by the Company and the employees at the rate of 10 % - 20 % of the basic salary.

Staff retirement benefits are payable to staff on completion of the prescribed qualifying period of service under these funds.

4.14 Employees' compensated absences

The Company accounts for the liability in respect of employees' compensated absences in the year in which these are earned.

4.15 Levy

A levy is an outflow of resources embodying economic benefits that is imposed by governments on entities in accordance with legislation (i.e. laws and/or regulations), other than:

- (a) those outflows of resources that are within the scope of other standards.
- (b) fines or other penalties that are imposed for breaches of the legislation.

In these financial statements, levy includes revenue taxes, if any, final taxes and super taxes which are based on other than taxable profits. The corresponding advance tax paid has been netted off and the net position is shown in the statement of financial position.

i. Revenue taxes

Revenue taxes includes amount representing excess of :

- a) minimum tax paid under section 113 over income tax determined on income streams taxable at general rate of taxation and;
- b) minimum tax withheld / collected / paid or computed over tax liability computed on (related income tax streams taxable at general rate of tax), is not adjustable against tax liability of subsequent tax years.

Amount over income tax determined on income streams taxable at general rate of taxation shall be treated as revenue taxes.

ii. **Final Taxes**

Final taxes includes tax charged / withheld / paid on certain income streams under various provisions of Income Tax Ordinance, 2001 (Ordinance). Final tax is charged / computed under the Ordinance, without reference to income chargeable to tax at the general rate of tax and final tax computed / withheld or paid for a tax year is construed as final tax liability for the related stream of income under the Ordinance.

Final tax paid is considered to be full and final discharge of the tax liability for the Company for a tax year related to that income stream.

4.16 **Taxation**

Current

Provision for current taxation is based on taxable income for the year, if any, at the current rates of taxation after taking into consideration tax credits and rebates and exemptions available, if any. The charge for current tax also includes adjustments, where considered necessary, relating to prior years which arise from assessments / developments made during the year.

Deferred

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, a deferred tax liability is not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries and associates, and interests in joint ventures, except where the company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on tax laws and rates that have been enacted or substantively enacted at the reporting date.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purposes of measuring deferred tax liabilities and deferred tax assets for investment properties that are measured using the fair value model, the carrying amounts of such properties are presumed to be recovered entirely through sale, unless the presumption is rebutted. The presumption is rebutted when the investment property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

4.17 **Revenue recognition**

The Company recognises revenue from sale of goods when the goods are transferred to the customer and the performance obligations are fulfilled. Goods are considered to be transferred when the control belongs to the customer. The Company has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods and services before transferring them to the customer. Following are the revenue streams of the company:

- Sale of batteries
- Sale of chemical and solar

Therefore, the Company recognises revenue based on the following principles:

- Identification of customer contracts;
- Identification of performance obligations;
- Determination of transaction price in the contract;
- Allocation of price to performance obligations; and
- Recognition of revenue when the performance obligations are fulfilled.

The Company recognises revenue from sales of goods (including scrap sales) at point in time when the control is transferred to the customer (On delivery of goods).

4.18 Proposed dividends and transfers between reserves

Dividends declared and transferred between reserves made subsequent to the reporting date are considered as non-adjusting events and are recognised in the unconsolidated financial statements in the period in which such dividends are declared / transferred are made.

4.19 Segment reporting

For management purposes, the activities of the Company are organised into one operating segment since Chief Operating Decision Maker monitors the operating results of the entity. The Company operates in the said reportable operating segment based on the nature of the products, risks and returns, organisational and management structure, and internal financial reporting systems. Accordingly, the figures reported in the financial statements are related to the Company's only reportable segment.

4.20 Functional and presentation currency

These unconsolidated financial statements are presented in Pakistan Rupees, which is the Company's functional and presentation currency.

4.21 Foreign currency transactions

Transactions in foreign currencies are translated to Pakistan Rupees at the foreign exchange rates prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies are translated into Pakistan Rupees at the rates of exchange approximating those at the reporting date. Exchange gains / losses resulting from the settlement of transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are taken to the unconsolidated statement of profit or loss and other comprehensive income.

4.22 Earnings / (loss) per share

The Company presents basic and diluted earnings / (loss) per share (EPS) for its shareholders. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, if any.

5.1.5 Revalued leasehold land and buildings on leasehold land

The Company has a policy of revaluing the leasehold land and buildings on leasehold land (classified as operating assets) using the revaluation model. The fair value of the Company's leasehold land and buildings on leasehold land are determined periodically, but at least in three years, by an independent professionally qualified valuer.

The carrying values of the leasehold land and buildings on leasehold land would have been Rs. 99.79 million (2025: Rs. 102.06 million) and Rs. 133.37 million (2025: Rs. 132.27 million) under the cost model.

5.1.6 Fair value measurements under revaluation model for property, plant and equipment

The case was pending adjudication and the Company's legal counsel is confident that the same would be decided in favour of the Company. During the year the case has been disposed off and no appeal has been filed against the Company.

24.1.2 Company received show cause No. DCIR/Unit-4/Inadmissible Input/Enf -I/LTO/2022/909 dated March 24, 2022 under section 11(2) of the Sales Tax Act, 1990 for the tax period July 2020 to November 2021 which stated that the company claimed excess input tax of Rs. 1,129,927,115. In response, the company, through its advisor, filed a petition in the High Court of Sindh. The case was pending adjudication and the Company's legal counsel is confident that the same would be decided in favour of the Company. During the year the case has been disposed off and no appeal has been filed against the Company.

24.1.3 On April 12, 2021, a notice was received from tax authorities which entailed audit observations pertaining to tax year 2019 and was duly replied by the Company. Consequently, on June 03, 2021, a show cause notice u/s 122(9) of the Income Tax Ordinance (ITO), 2001 for amendment of assessment u/s 122(1)(5) of the ITO, 2001 was received seeking reasons for charging certain expenses as allowable tax expenses. In response, the Company, through its tax advisor, filed a petition in High Court of Sindh for a stay order against any coercive measures. The case was pending adjudication and the Company's legal counsel is confident that the same would be decided in favour of the Company. During the year the case has been disposed off and no appeal has been filed against the Company.

24.1.4 As of year end, several cases filed against the Company before various court of law / tax forums, the amount of which cannot be determined. The management, based on the opinion of its legal counsel, expect that the outcome of all those cases will be in favor of the Company, as they have a reasonable defense in the cases filed. Accordingly, no provision has been made in these unconsolidated financial statement.

32.3 Relationship between tax expense and accounting profit

The numerical reconciliation between tax expense and the product of accounting profit multiplied by the applicable tax rate as required by IAS 12 'Income Taxes' has not been presented in these financial statements since Company's income subject to taxation under the normal tax regime has attracted the provisions of section 113 of the Income Tax Ordinance, 2001 (Minimum tax).

33. EARNINGS PER SHARE (EPS)

Earnings per share has been computed by dividing profit after taxation for the year by the weighted average number of shares outstanding during the year as follows.

	2026	2025
	----- (Rupees '000) -----	
Profit after taxation attributable to ordinary shareholders	431,676	614,436
	----- (Number of shares) -----	
Weighted average number of ordinary shares outstanding during the year	7,768,618	7,768,618
	----- (Rupees) -----	
Earnings per share	55.57	79.09

33.1 A diluted earnings per share has not been presented as the Company does not have any convertible instruments in issue as at March 31, 2026 and 2025 which would have any effect on the earnings per share if the option to convert is exercised.

34. DEFINED BENEFIT AND DEFINED CONTRIBUTION PLANS

34.1 Defined benefit plan - Staff retirement gratuity plan

As mentioned in note 4.13, the Company operates an approved funded gratuity plan covering all eligible employees. The latest actuarial valuation of the plan has been carried out as at March 31, 2026 and expense and remeasurement gain / loss has been recorded based on this latest actuarial valuation report. Presently, separate funds are operating for the employees of Exide Pakistan Limited (Exide) and Automotive Battery Company Limited (ABCL) respectively as permitted under the scheme of amalgamation.

Principal actuarial assumptions

The following significant assumptions have been used for valuation of this scheme.

	2026		2025	
	Exide	ABCL	Exide	ABCL
i) Valuation discount rate	12.50%	12.50%	12.50%	12.50%
ii) Salary increase rate	13.70%	13.70%	13.50%	13.50%
iii) Expected rate of return on plan assets	12.50%	12.50%	12.50%	12.50%
iv) Assumptions regarding future mortality are based on actuarial advice in accordance with published statistics and experience in Pakistan. The rates assumed are based on the adjusted SLIC 2001 - 2005 mortality tables with one year age set back.				

The gratuity scheme exposes the entity to the following risks:

Mortality risks

The risk that the actual mortality experience is different. The effect depends on the beneficiaries' service / age distribution and the benefit.

Investment risks

The risk of the investment underperforming and not being sufficient to meet the liabilities. This is managed by formulating proper investment plans.

Final salary risks

The risk that the final salary at the time of cessation of service is higher than what was assumed. Since the benefit is calculated on the final salary, the benefit amount increases similarly.

Risk of insufficiency of assets

This is managed by making regular contribution to the Fund as advised by the actuary.

Withdrawal risk

The risk of actual withdrawals varying with the actuarial assumptions can impose a risk to the benefit obligation. The movement of the liability can go either way.

34.2 The amount recognised in the unconsolidated statement of financial position is determined as follows:

34.8 The sensitivities of the defined benefit obligation to changes in the weighted principal assumptions are as under:

	2026

Analysis of the above sensitivities are based on a change in an assumption while holding all other assumptions constant. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the gratuity liability recognised within the unconsolidated statement of financial position.

34.9 Expected maturity analysis of undiscounted defined benefit obligation for the gratuity scheme is as follows:

As at March 31, 2026	Less than a year	Between 1-2 years	Between 2-5 years	Over 5 years	Total
	(Rupees '000)				
Exide Pakistan Limited	13,643	11,898	24,753	101,710	152,004

Total	14,123	12,048	26,847	111,231	164,249

34.10 Funding levels are monitored on an annual basis and are based on actuarial recommendations. Gratuity cost comprising the service cost and the net interest income for the next year works out to Rs. 9.30 million and by Rs. 0.041 million for Exide and ABCL respectively as per the actuarial valuation report of the Company as of March 31, 2026.

34.11 The disclosures made in notes 34.1 to 34.10 are based on the information included in the actuarial valuation report of the Company as of March 31, 2026.

34.12 Defined contribution plan - provident fund

An amount of Rs 16.93 million (2025: Rs 15.33 million) has been charged during the year in respect of contributory provident fund maintained by the Company.

41. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's activities are exposed to a variety of financial risks namely credit risk, liquidity risk and market risk. The Company finances its operations through equity, borrowings and management of working capital with a view to monitor an appropriate mix between various sources of finance to minimise risk. The Company has established adequate procedures to manage each of these risks as explained below:

41.1 Credit risk

Credit risk is the risk which arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The Company attempts to control credit risk by monitoring credit exposures, limiting transactions with specific counterparties and continually assessing the creditworthiness of counterparties.

Concentration of credit risk

Concentration of credit risk arises when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

Credit risk arises from bank balances and credit exposures to customers, including trade debts. The financial assets of the Company that are subject to credit risk amounted to Rs. 4,203.38 million (2025: Rs. 5,570.96 million).

For trade debts, individual credit limits are assigned to customers keeping in view their payment history, financial position, past experience and other factors. The utilisation of credit limits is regularly monitored. The concentration of credit risk lies in the top 15 (2025: 15) customers which constitute 52% (2025: 65%) of the Company's trade debts.

The breakup of gross amounts due from customers is presented below:

	Note	2026 ------(Rupees '000)-----	2025
Due from customers			
Direct customers		610	782
Distributors		4,184,633	4,414,682
	12	<u>4,185,243</u>	<u>4,415,464</u>

Out of Rs 4,185 million (2025: Rs 4,415 million), the Company has provided Rs. 308.46 million (2025: Rs 308.46 million) as amounts being doubtful.

41.1.1 To minimize its exposure to credit risk, the Company maintains its cash balances only with banks with high quality credit worthiness. As of the reporting date, the external credit ratings of the Company's major bankers were as follows:

Bank Name	Credit Rating Agency	Rating	
		Short term	Long term
Al Baraka Bank	PACRA	A1	A+

The Bank of Khyber	PACRA	A1	A+
The Bank of Punjab	PACRA	A1+	AA+
United Bank Limited	JCR-VIS	A1+	AAA

41.2 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due.

Prudent liquidity risk management implies maintaining sufficient cash and bank balances and availability of funding through an adequate amount of committed credit facilities. The Company aims to maintain flexibility in funding by keeping committed credit lines open.

The maturity profile of the Company's liabilities based on contractual maturities is disclosed in note 41.3.2 of these unconsolidated financial statements.

41.3 Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of foreign currency risk, interest rate risk and other price risks.

41.3.1 Foreign currency risk

Foreign currency risk arises mainly where receivables and payables exist due to transactions entered into in foreign currencies. The Company primarily has foreign currency exposures in US Dollars, Japanese Yen and Chinese Yuan. The Company manages its exposures against foreign exchange risk by entering into foreign exchange contracts where considered necessary. The details of balances are as follows:

	2026	2025
	----- (Amount' 000) -----	
Bills payable		
US Dollar	121,723	1,739
Japanese Yen	-	11,876
Chinese Yuan	1,056	205
Great British Pound	-	36
Euro	-	9

As at March 31, 2026, if the Pakistan Rupee had weakened / strengthened by 1% against US Dollar, Japanese Yen, Great British Pound and Euro with all other receivables held constant, profit before taxation for the year would have been lower / higher by Rs 10.47 million (2025: Rs 10.23 million).

41.3.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Sensitivity analysis for variable rate instruments

Presently, the Company has KIBOR based short-term and long term borrowings from certain banks that expose the Company to cash flow interest rate risk. In case of increase / decrease in KIBOR by 100 basis points on March 31, 2026, with all other variables held constant, the net assets and loss before taxation for the year would have been lower / higher by Rs. 46.63 million (2025: Rs. 55.89 million).

The movement in liability under short-term borrowings and KIBOR rates are expected to change over time. Therefore, the sensitivity analysis prepared as at March 31, 2026 is not necessarily indicative of the effect on the Company's net assets due to future movement in interest rates.

Sensitivity to interest / mark-up rate risk arises from mismatches of financial assets and financial liabilities that mature or reprice in a given period. The Company manages these mismatches through risk management strategies where significant changes in gap position can be adjusted.

Effective interest rate (in percentage)	2025						Total
	Interest / mark-up bearing			Non interest / mark-up bearing

41.3.3 Price risk

The Company is not exposed to any price risk as it does not hold any significant investments exposed to price risk.

41.4 Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The estimated fair value of all financial assets and liabilities is considered not significantly different from book values as the items are either short - term in nature or repriced periodically.

International Financial Reporting Standard 13, 'Fair Value Measurements' requires the company to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2); and
- inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety shall be determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety.

Currently there are no financial assets or financial liabilities which are measured at their fair value in the unconsolidated statement of financial position.

- 41.4.1 Certain categories of operating fixed assets (leasehold land, buildings on leasehold include revaluation surplus) (level 3 measurement) determined by a professional valuer based on their assessment of the market values as disclosed in note 5 to these unconsolidated financial statements. The effect of changes in the unobservable inputs used in the variations cannot be determined with certainty. Accordingly, a qualitative disclosure of sensitivity has not been presented in these unconsolidated financial statements.

42. CAPITAL RISK MANAGEMENT

The Company's prime objective when managing capital is to safeguard its ability to continue as a going concern in order to provide adequate returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debts.

Consistent with others in the industry, the Company monitors capital on the basis of the gearing ratio. The ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings less cash and bank balances. Total capital is calculated as equity as shown in the unconsolidated statement of financial position plus net debt.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF EXIDE PAKISTAN LIMITED REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the annexed consolidated financial statements of **Exide Pakistan Limited** and its subsidiary (the Group), which comprise the consolidated statement of financial position as at **March 31, 2026**, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity, the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at **March 31, 2026**, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

Key audit matter	How our audit addressed the key audit matter
Revenue Recognition	
Refer notes 4.17 and 24 to the annexed consolidated financial statements Net revenue from sale of Group's products for the year ended March 31, 2026 amounted to Rs. 19,637 million which has decreased by approximately 18% as compared to last year. The Group recognizes revenue at a point in time when control of the asset is transferred to the customer, generally on delivery of goods. There is an inherent risk that revenue may be overstated since the Group focuses on revenue as a key	Our key audit procedures in this area amongst others included the following: <ul style="list-style-type: none">• Evaluated the appropriateness of the Group's revenue recognition accounting policy.• Obtained understanding, evaluated the design, and tested the operating effectiveness of controls to check that revenue is recognised in the appropriate accounting period and based on transfer of control of goods to the customer.• Performed substantive audit procedures including analytical procedures and test of details over

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in annual report, but does not include the unconsolidated and consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Board of Directors are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is **Arif Nazeer**.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2026

1. THE COMPANY AND ITS OPERATIONS

1.1 Holding Company

The Group consist of Holding Company - Exide Pakistan Limited and its wholly owned subsidiary - Chloride Pakistan (Private) Limited. Exide Pakistan Limited (the Company) is a limited liability company and is incorporated in Pakistan. The address of its registered office is A-44, Hill Street, Manghopir Road, S.I.T.E, Karachi, Pakistan. The Company is listed on the Pakistan Stock Exchange. The Company is engaged in the manufacturing and sale of batteries, chemicals and acid and also in trading / installation and maintenance of solar energy systems. Manufacturing facilities for batteries are located at S.I.T.E Karachi while facilities for chemicals and acid are located at S.I.T.E and Bin Qasim Karachi. The Company has warehouses and service centres at Lahore, Rawalpindi, Peshawar, Multan, Sukkar and Faisalabad.

1.2 Subsidiary Company

Chloride Pakistan (Private) Limited ("the Subsidiary Company") was incorporated in Pakistan on March 20, 1994 as a private limited company under the repealed Companies Ordinance, 1984 to take the benefit of tax exemption in Hattar. However, the exemption was taken off after its incorporation and therefore the Company did not commence its operations. The principal activity of the Company is to manufacture and market automotive batteries and industrial cells. The registered office of the Company is situated at A-44, Hill Street, Manghopir Road, S.I.T.E, Karachi.

The auditors of the Subsidiary Company have included an emphasis of matter paragraph in their report on the matter highlighting that the financial statements for the year ended March 31, 2026 have not been prepared on a going concern basis and consequently all the assets appearing in the financial statements have been measured at their realisable values and the liabilities are reported at amounts not less than those at which these are expected to be settled.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- IFRS Accounting Standards issued by International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017; and
- Islamic Financial Accounting Standards (IFAS) issued by Institute of Chartered Accountants of Pakistan (ICAP) as notified under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Accounting convention

These consolidated financial statements have been prepared under the historical cost convention except land and buildings are stated at revalued amounts and certain staff retirement benefits are carried at present value.

2.3 Basis of consolidation

Subsidiary Company is the entity in which the Holding Company directly or indirectly controls or beneficially owns or holds more than 50% of the voting securities or otherwise has power to elect and appoint more than 50% of its directors. The financial statements of the subsidiary Company are included in the consolidated financial statements from the date the control commences until the control ceases.

The assets and liabilities of the subsidiary company have been consolidated on a line by line basis and the carrying value of investments held by the Holding Company is eliminated against the Holding Company's share in paid up capital of the subsidiary company. Intergroup balances and transactions have been eliminated.

Non-controlling interests are that part of net results of the operations and of net assets of the subsidiary companies attributable to interest which are not owned by the Holding Company. Non-controlling interests are presented as a separate item in the consolidated financial statements.

2.4 New accounting standards / amendments and IFRS interpretations that are effective for the year ended March 31, 2026

The following standards, amendments and interpretations are effective for the year ended March 31, 2026. These standards, amendments and interpretations are either not relevant to the Group's operations or are not expected to have significant impact on the Group's consolidated financial statements other than certain additional disclosures.

Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Clarification on how entity accounts when there is long term lack of Exchangeability

New accounting standards / amendments and IFRS interpretations that are not yet effective:

The following amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These amendments are either not relevant to the Group's operations or are not expected to have significant impact on the Group's consolidated financial statements other than certain additional disclosures.

	Effective from accounting period beginning on or after:
- Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial instruments disclosures' - Classification and measurement of financial instruments	January 01, 2026
- Annual Improvements to IFRS Accounting Standards (related to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7)	January 01, 2026
- Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial instruments disclosures' - Contracts Referencing Nature-dependent Electricity	January 01, 2026
- IFRS 17 – Insurance Contracts (including the June 2020 and December 2021 Amendments to IFRS 17)	January 01, 2027
- IFRS 18 - Presentation and Disclosures in Financial Statements	January 01, 2027
- IFRS 19 - Subsidiaries without Public Accountability: Disclosures	January 01, 2027

Other than the aforesaid amendments, IASB has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 – First Time Adoption of International Financial Reporting Standards

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of the consolidated financial statements in conformity with the accounting and reporting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgement in the process of applying the Group's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Group's consolidated financial statements or where judgment was exercised in application of accounting policies are as follows:

- Estimation of useful lives and depreciation rates of property, plant and equipment (notes 5.1.1 and 5);
- Revaluation of property, plant and equipment (notes 5.1.1 & 16);
- Estimation of allowance against expected credit losses (notes 4.4.2, 4.7 and 11);
- Provision against slow moving and obsolete stock-in-trade (notes 4.6 and 10.2);
- Provision against battery warranty claims (notes 4.11 and 19.2);
- Estimation of liability in respect of staff retirement benefits (notes 4.13 and 33);
- Provision for taxation (notes 4.15 and 31); and
- Contingencies and commitments (note 23).

4. MATERIAL ACCOUNTING POLICY INFORMATION

The Material accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented.

4.1 Property, plant and equipment

4.1.1 Operating assets

Leasehold land and buildings on leasehold land are stated at revalued amounts less accumulated depreciation and accumulated impairment losses (if any). Plant and machinery, furniture and fixtures, office equipment and appliances, vehicles and leasehold vehicles are stated at cost less accumulated depreciation and accumulated impairment losses (if any).

Subsequent costs are included in the asset's carrying amounts or recognised as a separate asset, as appropriate, only when it is probable that future benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All repairs and maintenance are charged to the consolidated statement of profit or loss and other comprehensive income as and when incurred except major repairs which are capitalised.

Depreciation on all property, plant and equipment is charged using the straight line method in accordance with the rates specified in note 5.1.1 to these consolidated financial statements and after taking into account residual values, if significant. The revalued amount of leasehold land and buildings on leasehold land is depreciated equally over the remaining life from the date of revaluation. The residual values, useful lives and depreciation methods are reviewed and adjusted, if appropriate, at each reporting date.

Depreciation on additions is charged from the month in which the assets become available for use, while no depreciation is charged in the month of disposal.

An increase arising on revaluation is credited to the surplus on revaluation of operating assets. The revaluation surplus arises on land & building cannot be distributed due to legal restrictions. A decrease arising on revaluation of fixed assets is adjusted against the surplus of that asset or, if no surplus exists, is charged to the consolidated statement of profit or loss and other comprehensive income as an impairment of the asset. A surplus arising subsequently on an impaired asset is reversed through the consolidated statement of profit or loss and other comprehensive income up to the extent of the original impairment. Each year, the difference between depreciation based on the revalued carrying amount of the asset charged to the consolidated statement of profit or loss and other comprehensive income and depreciation based on the asset's original cost, net of tax, is reclassified from revaluation surplus on operating assets to unappropriated profit / accumulated losses.

In the year of disposal gains / losses on disposal of property, plant and equipment are charged to the consolidated statement of profit or loss and other comprehensive income.

4.1.2 Capital work-in-progress

Capital work-in-progress is stated at cost less accumulated impairment losses (if any). All expenditure connected to the specific assets incurred during installation and construction period is carried under capital work-in-progress. These are transferred to relevant classes of property, plant and equipment as and when these are available for use.

4.1.3 Leases

The Group assesses whether a contract is, or contains, a lease, at inception of the contract. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets, which are presented in rent, rates and taxes.

4.2 Intangible assets

Intangible asset acquired by the Group are stated at cost less accumulated amortisation. Cost represents the expense incurred to acquire the intangible asset and bring them to use. The cost of intangible asset is amortised using the straight line method in accordance with the rate specified in note 6 to these consolidated financial statements.

Cost associated with maintaining intangible asset is charged to the consolidated statement of profit or loss and other comprehensive income.

4.3 Impairment of non-financial assets

The carrying amount of the Group's assets are reviewed at each reporting date to determine whether there is any indication of impairment loss. If any such indication exists, the asset's recoverable amount is estimated in order to determine the extent of impairment loss, if any. The resulting impairment loss is recognised as an expense immediately in the consolidated statement of profit or loss and other comprehensive income.

4.4 Financial instruments

Financial assets and liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial assets are de-recognised when the Group loses control of the contractual rights that comprise the financial assets. Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss (FVTPL)) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the consolidated statement of profit or loss and other comprehensive income.

4.4.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

4.4.2 Impairment of financial assets

The Group recognises a loss allowance for Expected Credit Losses (ECL) on trade debts. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial assets.

The Group recognises lifetime ECL for trade debts. The ECL on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast conditions at the reporting date.

4.4.3 Financial liabilities

All financial liabilities are recognised at the time when the Group becomes a party to the contractual provisions of the instrument.

Financial liabilities at FVTPL

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on changes in fair value recognised in the statement of profit or loss and other comprehensive income to the extent that they are not part of a designated hedging relationship. The net gain or loss recognised in the consolidated statement of profit or loss and other comprehensive income incorporates any interest paid on the financial liability.

However, for financial liabilities that are designated as FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in consolidated statement of other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in the consolidated statement of profit or loss and other comprehensive income.

The remaining amount of change in the fair value of liability is recognised in the consolidated statement of profit or loss and other comprehensive income. Changes in fair value attributable to a financial liability's credit risk that are recognised in consolidated statement of other comprehensive income are not subsequently reclassified to the consolidated statement of profit or loss and other comprehensive income; instead, they are transferred to retained earnings upon derecognition of the financial liability.

Gains or losses on financial guarantee contracts issued by the Group that are designated by the Group as at FVTPL are recognised in the consolidated statement of profit or loss and other comprehensive income.

Financial liabilities measured subsequently at amortised cost

Financial liabilities that are not designated as FVTPL, are measured subsequently at amortised cost using the effective interest method. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

(where appropriate) a shorter period, to the amortised cost of a financial liability.

4.4.4 Derecognition

Financial assets are derecognised at the time when the Group loses control of the contractual rights that comprise the financial assets. Financial liabilities are derecognised at the time when they are extinguished i.e. when the obligation specified in the contract is discharged, cancelled, or expires. Any gain or loss on derecognition of financial assets and financial liabilities is taken to the consolidated statement of profit or loss and other comprehensive income.

4.4.5 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated financial statements when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the assets and settle the liabilities simultaneously.

4.5 Stores and spares

Stores and spares are valued cost less provision if any. The cost is determined using the weighted average method. Cost comprises invoice value plus other charges incurred thereon.

Provision is made in the consolidated financial statements for slow moving and obsolete stores and spares based on management's best estimate regarding their future usability whenever necessary and is recognised in the consolidated statement of profit or loss and other comprehensive income.

4.6 Stock-in-trade

Stock in trade, except goods in transit, are valued at the lower of cost, determined using the weighted average method, and net realisable value. Cost in relation to stock-in-trade, except goods in transit, represents direct cost of materials, direct wages and an appropriate portion of production overheads and the related duties where applicable. Goods in transit are valued at cost comprising invoice values plus other charges incurred thereon.

Provision is made in the consolidated financial statements against slow moving and obsolete stock-in-trade based on management's best estimate regarding their future usability whenever necessary and is recognised in the consolidated statement of profit or loss and other comprehensive income.

Net realisable value signifies the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to be incurred to make the sale.

4.7 Trade debts and other receivables

Trade receivables are initially recorded at the transaction price and subsequently measured at amortised cost. They are presented at their nominal value less an allowance for expected credit losses. The allowance is determined using the expected credit loss (ECL) model, which incorporates management's forward-looking assessment of potential credit losses. This approach recognises credit losses based on anticipated risk, rather than waiting for an impairment trigger or specific indication of default.

4.8 Cash and cash equivalents

Cash and cash equivalents are carried in the consolidated statement of financial position at cost. Cash and cash equivalents include cash and cheques in hand, balances with banks and short-term borrowings with original maturities of three months or less.

4.9 Borrowings and borrowing costs

Borrowings are recognised initially at fair value and are subsequently carried at amortised cost. Borrowing costs are recognised as an expense in the period in which these are incurred except in cases where such costs are directly attributable to the acquisition, construction or production of a qualifying asset (one that takes substantial period of time to get ready for use or sale) in which case such costs are capitalised as part of the cost of that asset.

4.10 Trade and other payables

Trade and other payables are recognised initially at cost, which is the fair value of consideration to be paid in the future for goods and services, whether or not billed to the Group.

4.11 Provision against battery warranty claims

The Group provides after sales warranty for its products for a specified period. Accrual is made in the consolidated financial statements for this warranty claims based on previous trends and is determined using the management's best estimate.

4.12 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. The amount recognised represents the best estimate of the expenditure required to settle the obligation at the consolidated statement of financial position date. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

4.13 Staff retirement benefits

The Group operates an approved funded gratuity plan covering all eligible employees. A separate fund was being maintained by the Company for employees of Automotive Battery Company Limited (now merged with and into the Company). Annual contributions to the funds are made based on actuarial recommendations. The most recent actuarial valuation was carried out during the year ended March 31, 2026 using the Projected Unit Credit Method. Amounts arising as a result of 'Remeasurements', representing the actuarial gains and losses and the difference between the actual investment returns and the return implied by the net interest cost are recognised in the consolidated statement of financial position immediately, with a charge or credit to 'Other Comprehensive Income' in the periods in which they occur.

The Group also operates an approved contributory provident fund for all eligible employees. Monthly equal contributions are made to the fund by the Group and the employees at the rate of 10 % - 20 % of the basic salary.

Staff retirement benefits are payable to staff on completion of the prescribed qualifying period of service under these funds.

4.14 Employees' compensated absences

The Group accounts for the liability in respect of employees' compensated absences in the year in which these are earned.

4.15 Levy

A levy is an outflow of resources embodying economic benefits that is imposed by governments on entities in accordance with legislation (i.e. laws and/or regulations), other than:

- (a) those outflows of resources that are within the scope of other standards.
- (b) fines or other penalties that are imposed for breaches of the legislation.

In these financial statements, levy includes revenue taxes, if any, final taxes and super taxes which are based on other than taxable profits. The corresponding advance tax paid has been netted off and the net position is shown in the statement of financial position.

i. Revenue taxes

Revenue taxes includes amount representing excess of :

- a) minimum tax paid under section 113 over income tax determined on income streams taxable at general rate of taxation and,
- b) minimum tax withheld / collected / paid or computed over tax liability computed on (related income tax streams taxable at general rate of tax), is not adjustable against tax liability of subsequent tax years.

Amount over income tax determined on income streams taxable at general rate of taxation shall be treated as revenue taxes.

ii. Final Taxes

Final taxes includes tax charged / withheld / paid on certain income streams under various provisions of Income Tax Ordinance, 2001 (Ordinance). Final tax is charged / computed under the Ordinance, without reference to income chargeable to tax at the general rate of tax and final tax computed / withheld or paid for a tax year is construed as final tax liability for the related stream of income under the Ordinance.

Final tax paid is considered to be full and final discharge of the tax liability for the Group for a tax year related to that income stream.

4.16 Taxation

Current

Provision for current taxation is based on taxable income for the year, if any, at the current rates of taxation after taking into consideration tax credits and rebates and exemptions available, if any. The charge for current tax also includes adjustments, where considered necessary, relating to prior years which arise from assessments / developments made during the year.

Deferred

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, a deferred tax liability is not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries and associates, and interests in joint ventures, except where the group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on tax laws and rates that have been enacted or substantively enacted at the reporting date.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purposes of measuring deferred tax liabilities and deferred tax assets for investment properties that are measured using the fair value model, the carrying amounts of such properties are presumed to be recovered entirely through sale, unless the presumption is rebutted. The presumption is rebutted when the investment property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

4.17 Revenue recognition

The Group recognises revenue from sale of goods when the goods are transferred to the customer and the performance obligations are fulfilled. Goods are considered to be transferred when the control belongs to the customer. The Group has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods and services before transferring them to the customer. Following are the revenue streams of the Group:

- Sale of batteries
- Sale of chemical and solar

Therefore, the Group recognises revenue based on the following principles:

- Identification of customer contracts;

- Identification of performance obligations;
- Determination of transaction price in the contract;
- Allocation of price to performance obligations; and
- Recognition of revenue when the performance obligations are fulfilled.

The Group recognises revenue from sales of goods (including scrap sales) at point in time when the control is transferred to the customer (On delivery of goods).

4.18 Proposed dividends and transfers between reserves

Dividends declared and transferred between reserves made subsequent to the reporting date are considered as non-adjusting events and are recognised in the consolidated financial statements in the period in which such dividends are declared / transferred are made.

4.19 Segment reporting

For management purposes, the activities of the Group are organised into one operating segment since Chief Operating Decision Maker monitors the operating results of the entity. The Group operates in the said reportable operating segment based on the nature of the products, risks and returns, organisational and management structure, and internal financial reporting systems. Accordingly, the figures reported in the financial statements are related to the Group's only reportable segment.

4.20 Functional and presentation currency

These consolidated financial statements are presented in Pakistan Rupees, which is the Group's functional and presentation currency.

4.21 Foreign currency transactions

Transactions in foreign currencies are translated to Pakistan Rupees at the foreign exchange rates prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies are translated into Pakistan Rupees at the rates of exchange approximating those at the reporting date. Exchange gains / losses resulting from the settlement of transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are taken to the consolidated statement of profit or loss and other comprehensive income.

4.22 Earnings / (loss) per share

The Group presents basic and diluted earnings / (loss) per share (EPS) for its shareholders. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, if any.

5.1.5 Revalued leasehold land and buildings on leasehold land

The Group has a policy of revaluing the leasehold land and buildings on leasehold land (classified as operating assets) using the revaluation model. The fair value of the Group's leasehold land and buildings on leasehold land are determined periodically, but at least in three years, by an independent professionally qualified valuer.

The carrying values of the leasehold land and buildings on leasehold land would have been Rs. 99.79 million (2025: Rs. 102.06 million) and Rs. 133.37 million (2025: Rs. 132.27 million) under the cost model.

5.1.6 Fair value measurements under revaluation model for property, plant and equipment

The fair value measurements of the Group's leasehold land and buildings on leasehold land as at March 31, 2026 were performed by an independent valuer M/s Shahani & Co on the basis of present market values as at March 31, 2026 for similar sized plots in the vicinity and replacement values of similar type of buildings based on present cost of construction. The revaluation resulted in a gain of Rs. 316.08 million.

- 6.1 These are fully depreciated items which are still in use aggregating to Rs 31.65 million (2025: Rs. 31.65 million).
- 6.2 The Group allocates amortisation charge to cost of sales, selling and distribution expense and administration and general expenses. Amounts allocated during the year are as follows:

23. CONTINGENCIES AND COMMITMENTS

23.1 Contingencies

23.1.1 Group received show cause No. DCIR/Unit-2/Audit-I/LTO/KHI/Exide/2016/17 dated July 21, 2022 and DCIR/Unit-4/Audit-I/LTO/KHI/Exide/2016-17 dated November 23, 2022 under section 11(2) of the Sales Tax Act, 1990 for the tax period April 2016 to March 2017. In response, the Group, through its advisor, filed a petition in the High Court of Sindh. The case was pending adjudication and the Group's legal counsel is confident that the same would be decided in favour of the Group. During the year the case has been disposed off and no appeal has been filed against the Group.

23.1.2 Group received show cause No. DCIR/Unit-4/Inadmissible Input/Enf-I/LTO/2022/909 dated March 24, 2022 under section 11(2) of the Sales Tax Act, 1990 for the tax period July 2020 to November 2021 which stated that the Group claimed excess input tax of Rs. 1,129,927,115. In response, the group, through its advisor, filed a petition in the High Court of Sindh. The case was pending adjudication and the Group's legal counsel is confident that the same would be decided in favour of the Group. During the year the case has been disposed off and no appeal has been filed against the Group.

23.1.3 On April 12, 2021, a notice was received from tax authorities which entailed audit observations pertaining to tax year 2019 and was duly replied by the Group. Consequently, on June 03, 2021, a show cause notice u/s 122(9) of the Income Tax Ordinance (ITO), 2001 for amendment of assessment u/s 122(1)(5) of the ITO, 2001 was received seeking reasons for charging certain expenses as allowable tax expenses. In response, the Group, through its tax advisor, filed a petition in High Court of Sindh for a stay order against any coercive measures. The case would pending adjudication and the Group's legal counsel is confident that the same was decided in favour of the Group. During the year the case has been disposed off and no appeal has been filed against the Group.

23.1.4 As of year end, several cases filed against the Group before various court of law / tax forums, the amount of which cannot be determined. The management, based on the opinion of its legal counsel, expect that the outcome of all those cases will be in favor of the Group, as they have a reasonable defense in the cases filed. Accordingly, no provision has been made in these consolidated financial statement.

- 32.1 A diluted earnings per share has not been presented as the Group does not have any convertible instruments in issue as at March 31, 2026 and 2025 which would have any effect on the earnings per share if the option to convert is exercised.

33. DEFINED BENEFIT AND DEFINED CONTRIBUTION PLANS

33.1 Defined benefit plan - Staff retirement gratuity plan

As mentioned in note 4.13, the Group operates an approved funded gratuity plan covering all eligible employees. The latest actuarial valuation of the plan has been carried out as at March 31, 2026 and expense and rereasurement gain / loss has been recorded based on this latest actuarial valuation report. Presently, separate funds are operating for the employees of Exide Pakistan Limited (Exide) and Automotive Battery Company Limited (ABCL) respectively as permitted under the scheme of amalgamation.

Principal actuarial assumptions

The following significant assumptions have been used for valuation of this scheme.

	2026		2025	
	Exide	ABCL	Exide	ABCL
i) Valuation discount rate	12.50%	12.50%	12.50%	12.50%
ii) Salary increase rate	13.70%	13.70%	13.50%	13.50%
iii) Expected rate of return on plan assets	12.50%	12.50%	12.50%	12.50%
iv) Assumptions regarding future mortality are based on actuarial advice in accordance with published statistics and experience in Pakistan. The rates assumed are based on the adjusted SLIC 2001 - 2005 mortality tables with one year age set back.				

The gratuity scheme exposes the entity to the following risks:

Mortality risks

The risk that the actual mortality experience is different. The effect depends on the beneficiaries' service / age distribution and the benefit.

Investment risks

The risk of the investment underperforming and not being sufficient to meet the liabilities. This is managed by formulating proper investment plans.

Final salary risks

The risk that the final salary at the time of cessation of service is higher than what was assumed. Since the benefit is calculated on the final salary, the benefit amount increases similarly.

Risk of insufficiency of assets

This is managed by making regular contribution to the Fund as advised by the actuary.

Withdrawal risk

The risk of actual withdrawals varying with the actuarial assumptions can impose a risk to the benefit obligation. The movement of the liability can go either way.

33.2 The amount recognised in the consolidated statement of financial position is determined as follows:

Analysis of the above sensitivities are based on a change in an assumption while holding all other assumptions constant. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the gratuity liability recognised within the consolidated statement of financial position.

33.9 Expected maturity analysis of undiscounted defined benefit obligation for the gratuity scheme is as follows:

As at March 31, 2026	Less than a year	Between 1-2 years	Between 2-5 years	Over 5 years	Total
	(Rupees '000)				
Exide Pakistan Limited	13,643	11,898	24,753	101,710	152,004

Total	14,123	12,048	26,847	111,231	164,249

33.10 Funding levels are monitored on an annual basis and are based on actuarial recommendations. Gratuity cost comprising the service cost and the net interest income for the next year works out to Rs. 9.30 million and by Rs. 0.041 million for Exide and ABCL respectively as per the actuarial valuation report of the Group as of March 31, 2026.

33.11 The disclosures made in notes 33.1 to 33.10 are based on the information included in the actuarial valuation report of the Group as of March 31, 2026.

33.12 Defined contribution plan - provident fund

An amount of Rs 16.93 million (2025: Rs 15.33 million) has been charged during the year in respect of contributory provident fund maintained by the Group.

40. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's activities are exposed to a variety of financial risks namely credit risk, liquidity risk and market risk. The Group finances its operations through equity, borrowings and management of working capital with a view to monitor an appropriate mix between various sources of finance to minimise risk. The Group has established adequate procedures to manage each of these risks as explained below:

40.1 Credit risk

Credit risk is the risk which arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The Group attempts to control credit risk by monitoring credit exposures, limiting transactions with specific counterparties and continually assessing the creditworthiness of counterparties.

Concentration of credit risk

Concentration of credit risk arises when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Group's performance to developments affecting a particular industry.

Credit risk arises from bank balances and credit exposures to customers, including trade debts. The financial assets of the Group that are subject to credit risk amounted to Rs. 4,203.51 million (2025: Rs. 5,570.96 million).

For trade debts, individual credit limits are assigned to customers keeping in view their payment history, financial position, past experience and other factors. The utilisation of credit limits is regularly monitored. The concentration of credit risk lies in the top 15 (2025: 15) customers which constitute 52% (2025: 65%) of the Group's trade debts.

The breakup of gross amounts due from customers is presented below:

	Note	2026	2025
		----- (Rupees '000) -----	
Due from customers			
Direct customers		610	782
Distributors		4,184,633	4,414,682
	11	<u>4,185,243</u>	<u>4,415,464</u>

Out of Rs 4,185 million (2025: Rs 4,415 million), the Group has provided Rs. 308.46 million (2025: Rs 308.46 million) as amounts being doubtful.

40.1.1 To minimize its exposure to credit risk, the Group maintains its cash balances only with banks with high quality credit worthiness. As of the reporting date, the external credit ratings of the Group's major bankers were as follows:

Bank Name	Credit Rating Agency	Rating	
		Short term	Long term
Al Baraka Bank	PACRA	A1	A+

40.2 Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due.

Prudent liquidity risk management implies maintaining sufficient cash and bank balances and availability of funding through an adequate amount of committed credit facilities. The Group aims to maintain flexibility in funding by keeping committed credit lines open.

The maturity profile of the Group's liabilities based on contractual maturities is disclosed in note 40.3.2 of these consolidated financial statements.

40.3 Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of foreign currency risk, interest rate risk and other price risks.

40.3.1 Foreign currency risk

Foreign currency risk arises mainly where receivables and payables exist due to transactions entered into in foreign currencies. The Group primarily has foreign currency exposures in US Dollars, Japanese Yen and Chinese Yuan. The Group manages its exposures against foreign exchange risk by entering into foreign exchange contracts where considered necessary. The details of balances are as follows:

	2026	2025
	----- (Amount' 000) -----	
Bills payable		
US Dollar	121,723	1,739
Japanese Yen	-	11,876
Chinese Yuan	1,056	205
Great British Pound	-	36
Euro	-	9

As at March 31, 2026, if the Pakistan Rupee had weakened / strengthened by 1% against US Dollar, Japanese Yen, Great British Pound and Euro with all other receivables held constant, profit before taxation for the year would have been lower / higher by Rs 10.47 million (2025: Rs 10.23 million).

40.3.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Sensitivity analysis for variable rate instruments

Presently, the Group has KIBOR based short-term and long term borrowings from certain banks that expose the Group to cash flow interest rate risk. In case of increase / decrease in KIBOR by 100 basis points on March 31, 2026, with all other variables held constant, the net assets and loss before taxation for the year would have been lower / higher by Rs. 46.65 million (2025: Rs. 55.89 million).

The movement in liability under short-term borrowings and KIBOR rates are expected to change over time. Therefore, the sensitivity analysis prepared as at March 31, 2026 is not necessarily indicative of the effect on the Group's net assets due to future movement in interest rates.

Sensitivity to interest / mark-up rate risk arises from mismatches of financial assets and financial liabilities that mature or reprice in a given period. The Group manages these mismatches through risk management strategies where significant changes in gap position can be adjusted.

The group is exposed to interest / mark-up rate risk in respect of the following:

	2026					
	Interest / mark-up bearing		Non Interest / mark-up bearing		Sub-total	Total
	Maturity up to one year	Maturity after one year	Maturity upto one year	Maturity after one year

40.3.3 Price risk

The Group is not exposed to any price risk as it does not hold any significant investments exposed to price risk.

40.4 Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Group is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The estimated fair value of all financial assets and liabilities is considered not significantly different from book values as the items are either short-term in nature or repriced periodically.

International Financial Reporting Standard 13, 'Fair Value Measurements' requires the group to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2); and
- inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety shall be determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety.

Currently there are no financial assets or financial liabilities which are measured at their fair value in the consolidated statement of financial position.

- 40.4.1 Certain categories of operating fixed assets (leasehold land, buildings on leasehold include revaluation surplus) (level 3 measurement) determined by a professional valuer based on their assessment of the market values as disclosed in note 5 to these consolidated financial statements. The effect of changes in the unobservable inputs used in the variations cannot be determined with certainty. Accordingly, a qualitative disclosure of sensitivity has not been presented in these consolidated financial statements.

41. CAPITAL RISK MANAGEMENT

The Group's prime objective when managing capital is to safeguard its ability to continue as a going concern in order to provide adequate returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debts.

Consistent with others in the industry, the Group monitors capital on the basis of the gearing ratio. The ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings less cash and bank balances. Total capital is calculated as equity as shown in the consolidated statement of financial position plus net debt.

	2026	2025
	----- (Rupees '000) -----	
Total debts	4,780,866	4,678,414

44. SEGMENT INFORMATION

The Group constitutes a single reportable segment since the executive management monitors the operating results of the entity for the purpose of making decisions about resource allocation and performance assessment. The entity-wide disclosures required by IFRS 8 'Operating Segments' are given below:

- (a) Group sales comprise of batteries and chemicals / others whereby more than 93.78% sales pertains to batteries.
- (b) 100% of gross turnover of the Group is generated from customers located in Pakistan.
- (c) As at March 31, 2026 and March 31, 2025 all non-current assets of the Group were located in Pakistan.

45. GENERAL AND CORRESPONDING FIGURES

Amounts have been rounded to the nearest thousand rupees unless otherwise stated. In these consolidated financial statements the corresponding figures have been rearranged and reclassified, wherever considered necessary for the purposes of comparison and better presentation.

47. SUBSEQUENT EVENT

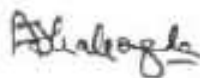

In its meeting held on 27-06-2026 the Board of Directors of the Group proposed a final cash dividend of Rs.5 per share amounting to Rs. 38,843,000. The aforementioned proposed entitlement are to be approved by the members of the Group in their upcoming Annual General Meeting (AGM). These consolidated financial statements do not reflect the said appropriation.

48. DATE OF AUTHORISATION

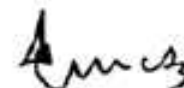

These consolidated financial statements were authorised for issue on 27-06-2026 by the Board of Directors of the Group.
