Our responsibility is to express a conclusion on these interim financial statements based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Other matter

Pursuant to the requirement of Section 237 (1) (b) of the Companies Act, 2017, only cumulative figures for the six-month period ended, presented in the second quarter accounts are subject to a limited scope review by the statutory auditors of the Company. The financial statements of the Company for the year ended December 31, 2025 and six-month ended June 30, 2025 were audited and reviewed by another firm of Chartered Accountants who had expressed an unmodified opinion / conclusion on those statements vide their reports dated April 3, 2026 and August 29, 2025, respectively.

The fair value hierarchy has the following levels:

Level 1:	quoted prices (unadjusted) in active markets for identical assets or liabilities
Level 2:	inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
Level 3:	Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

INDEPENDENT AUDITORS' REVIEW REPORT TO THE MEMBERS OF EAST WEST INSURANCE COMPANY LIMITED - WINDOW TAKAFUL OPERATIONS

Report on review of Condensed Interim Financial Statements

Introduction

We have reviewed the accompanying condensed interim statement of financial position of **EAST WEST INSURANCE COMPANY LIMITED - WINDOW TAKAFUL OPERATIONS** ("the Operator") as at June 30, 2026 and the related condensed interim profit and loss account, condensed interim statement of comprehensive income, condensed interim statement of changes in equity, and condensed interim statement of cash flows and notes to the financial statements for the six months then ended (here-in-after referred to as the "condensed interim financial statements"). Management is responsible for the preparation and presentation of these condensed interim financial statements in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Other Matter

Pursuant to the requirement of Section 237 (1) (b) of the Companies Act, 2017, only cumulative figures for the six months, presented in the second quarter accounts, are subject to a limited scope review by the statutory auditors of the Operator. Accordingly, the figures of the condensed interim profit and loss account and condensed interim statement of comprehensive income for the three months period ended June 30, 2026 have not been reviewed by us.

The financial statements of the Company for the year ended December 31, 2025 and six-month ended June 30, 2025 were audited and reviewed by another firm of Chartered Accountants who had expressed an unmodified opinion / conclusion on those statements vide their reports dated April 3, 2026 and August 29, 2025, respectively.

The engagement partner on the review resulting in this independent auditor's review report is Tariq Feroz Khan.

30 FAIR VALUE OF MEASUREMENT

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

IFRS 13 "Fair Value Measurement" defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the reporting date. The estimated fair value of all other financial assets and liabilities is considered not significantly different from book value.

In respect of investments in quoted equity securities, fair value is determined by reference to stock exchange quoted market price at the close of business day. For term finance certificates, fair value is determined by reference to average broker rates.

Fair value hierarchy

IFRS 13 requires the company to classify fair value measurement using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has following levels:

Level 1	Quoted prices in active markets for identical assets or liabilities.
Level 2	Those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices) and;
Level 3	Those with inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The following table shows the carrying amount and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.
