DISCLOSURE OF MATERIAL INFORMATION

Dear Sir

In compliance with the applicable provisions of the Securities Act, 2015 and the Rule Book of Pakistan Stock Exchange Limited, we are pleased to convey the following information:

“By the grace of Almighty Allah, the Company (Ghani Global Glass Limited/GGGL) has achieved a major milestone by successfully commissioning and operating a 1.5 MW Solar Power Generation System at a cost of Rs. 120 Million.

This project represents an important investment in renewable energy and supports the Company's broader commitment to improving energy security, reducing the environmental impact of its manufacturing operations, and lowering manufacturing costs. This system would also reduce the plant's dependence on electricity from the local grid, particularly during daylight operating hours. Given the energy-intensive nature of glass manufacturing, this project will deliver long-term operational benefits.”

You may please inform the TRE Certificate Holders of the Exchange accordingly.

Very truly yours,

For **Ghani Global Glass Limited**
