Economic Outlook (FY26):

The country exhibited sustained resilience on the macro-economic front despite significant headwinds during FY26, with contained inflation, restrained current account deficit, strengthening foreign exchange reserves, stable exchange rate etc. Despite abysmal performance on the tax collection front, the country managed to achieve IMF's target of primary surplus for FY26. Headline inflation averaged at 7.0% in FY26, as compared to 4.5% in the preceding year. Amid ample food supply in the country, perishable food prices declined by 6.7% YoY which provided a much need cushion to inflation readings in a time when fuel prices increased substantially due to heightened geopolitical tensions. The monetary policy committee of the SBP increased the key policy rate by a cumulative 50bps during the year, with the only increase of the year of 100bps coming in the last quarter, in view of the potential macro-economic impacts of the geopolitical tensions.

On the external front, the current account balance reported a marginal deficit of USD 0.14bn against IMF's projection of a deficit of USD 1.96bn, thanks to the robust inflows of foreign worker's remittances of USD 41.6bn, inching up by 8.6% YoY. The healthy remittances helped partially offset the impact of 25.4% YoY increase in trade deficit to USD 33.6bn. The State Bank of Pakistan successfully achieved its year-end FX reserves target of USD 18.3bn despite the repayment of ~USD 3.4bn to the UAE in the last quarter of the year primarily against SAFE deposits and commercial loans. The resulting gap was largely offset by the Kingdom of Saudi Arabia which increased its deposits with Pakistan by USD 3 billion.

On the fiscal front, provisional figures indicate that Pakistan comfortably met the IMF's targets for both the primary surplus and the fiscal deficit, recording 2.5% and 3.9% of GDP, respectively. The Federal Board of Revenue collected PKR 13.0 trillion during FY2025-26, marginally exceeding its revised target of PKR 12.9 trillion. It is noteworthy that the original budgeted target of PKR 14.1 trillion had been revised downward twice during the fiscal year, representing structural weaknesses in the tax machinery.

Real GDP growth (provisional figures) remained modest at ~3.7% in FY26, the highest since FY22 (6.2%) supported by recovery in crops production and large-scale manufacturing (LSM). The growth in LSM was led by positive contributions from Food, Wearing Apparel and the Automobile sectors. Meanwhile, the growth in crops is primarily attributed to improved output of wheat, rice and sugarcane.

During the year, Pakistan completed two reviews of the Extended Fund Facility (EFF) and Resilient and Sustainable Financing (RSF) with the IMF, unlocking total disbursements of USD 2.5bn. In addition, the government raised USD 750mn in the international capital market through a Eurobond, marking the first such issuance in four years. The issuance was initially planned at USD 500mn which was subsequently increased to USD 750mn, due to stronger than expected investors demand, reflecting improving investor confidence and Pakistan's enhanced creditworthiness.

Debt Market Review

During FY26, the debt market remained volatile, reflecting changing monetary policy expectations and evolving macroeconomic conditions. The State Bank of Pakistan (SBP) maintained the policy rate during the first five months of the fiscal year, resulting in relatively stable secondary market yields. Following the 50-bps policy rate cut in December 2025, market participants anticipated a continued easing cycle, leading to a decline in yields.

However, the SBP kept the policy rate unchanged in January, dampening the expectations of further rate cuts. Subsequently, escalating geopolitical tensions and rising inflationary concerns shifted market sentiment toward the possibility of monetary tightening. This outlook materialized when the State Bank of Pakistan (SBP) pre-emptively increased the policy rate by 100 basis points in response to heightened regional tensions, prompting yields to rise across the yield curve.

Currently, the market has largely stabilized, with the prevailing expectation that the policy rate will remain unchanged in the near term. As a result, yields are expected to remain broadly range-bound, barring any significant shifts in the inflation or monetary policy outlook arising from geopolitical developments.

Demand for Treasury bills (T-bills) remained strong throughout the year, with total bids in T-bill auctions amounting to PKR 56.7 trillion. During the period, the government raised PKR 23.63 trillion, including non-competitive bids. The majority of investor demand was concentrated in the 1-month tenor, which accounted for 39.5% of total participation. The 3-month, 6-month, and 12-month tenors represented 23.0%, 11.2%, and 26.3% of total bids, respectively.

Participation in fixed-rate Pakistan Investment Bonds (PIBs) remained steady during the year, with total bids amounting to PKR 19.082 trillion. Investor demand in the first half of the period was supported by expectations of declining interest rates, while geopolitical developments later in the year prompted investors to seek higher yields.

The government accepted PKR 4.464 trillion (realized value), including non-competitive bids, broadly in line with its target of PKR 4.550 trillion. Of the total realized amount, PKR 450 billion was raised through 2-year zero-coupon PIBs, PKR 905 billion through 3-year bonds, PKR 1.384 trillion through 5-year papers, PKR 1.374 trillion through 10-year bonds, and PKR 351 billion through 15-year zero-coupon PIBs.

Demand for floating-rate Pakistan Investment Bonds (PIBs) remained strong during the year, despite issuance being limited to the 10-year tenor. Total bids received amounted to PKR 17.01 trillion,

significantly exceeding the government's target of PKR 2.5 trillion. However, the government accepted bids worth PKR 1.959 trillion during the period, in line with its borrowing requirements and issuance strategy.

Investor demand for fixed-rate Ijara Sukuk remained firm during the year, with total bids received amounting to PKR 5.8 trillion. The government raised PKR 2.43 trillion, compared with its target of PKR 2.92 trillion. Of the total amount raised, PKR 456 billion was accepted through 3-year Sukuk, PKR 615 billion through 5-year Sukuk, PKR 453 billion through 10-year Sukuk, and PKR 913 billion through 1-year discounted Sukuk.

In contrast, demand for floating-rate Ijara Sukuk was comparatively lower and remained heavily concentrated in the 10-year tenor, which accounted for 95% of total bids. Total bids for floating-rate Sukuk amounted to PKR 5.10 trillion, of which the government accepted PKR 1.071 trillion, slightly below its target of PKR 1.125 trillion. All bids received for the 5-year tenor were rejected, and issuance of this tenor was discontinued in November.

Stock Market Review

FY2025–26 proved to be another exceptional year for the Pakistan equity market, with the benchmark KSE-100 Index delivering an impressive return of 44% to close at 180,302. The local bourse outperformed all major asset classes and has generated a remarkable compound annual growth rate (CAGR) of 63% over the past three years. The positive performance remained mainly concentrated in Commercial Banks, Fertilizers & Energy chain companies (Exploration, Oil and Gas Marketing and Power), which contributed 21,612pts, 7,748pts and 6,151pts, respectively. Majority of the performance however, came in the first half of FY26 whereas, the second half of the year was marked by heightened volatility on the back of the geopolitical tensions which weighed on investors' sentiments.

Future Outlook

Looking ahead, inflation is expected to average around 8.0-8.5% in FY27, slightly above SBP's medium term target of 5-7%. The longevity of the geopolitical tensions and subsequent impact on energy and food prices remain key risk to inflation trajectory and stance of the monetary policy committee, going forward. Steady flow of remittances would be pivotal to counter rising import pressure emanating from phased

reduction in import tariffs, in line with the agreement with the IMF. The SBP expects remittances to clock-in at USD 44bn (+6.0% YoY) in FY27.

On the fiscal front, the government has set a tax collection target of PKR 15.2 trillion for the Federal Board of Revenue (FBR) for FY27, which appears challenging to achieve given the relief measures introduced in the Federal Budget FY27. The performance of the tax authority would be the focal point in the forthcoming reviews with the IMF. On the capital market's side, inflation outlook, monetary policy and internal politics would direct investors' sentiment. The much-awaited resolution of the gas circular debt, steady growth in economic activity and decline in interest rates and commodity prices, remain key positive triggers for the equity market.

معاشی منظر نامہ (مالی سال 26):

مالی سال 26 کے دوران نمایاں مشکلات کے باوجود ملک نے مجموعی معاشی محاذ پر مسلسل چمک کا مظاہرہ کیا، جس میں افراط زر کو قابو میں رکھنا، کرنٹ اکاؤنٹ خسارے کو محدود رکھنا، زرمبادلہ کے ذخائر میں بہتری اور شرح مبادلہ کا مستحکم رہنا شامل ہے۔ ٹیکس وصولیوں کے محاذ پر انتہائی ناقص کارکردگی کے باوجود ملک مالی سال 26 کے لیے آئی ایم ایف کا بنیادی بجٹ سرپلس کا ہدف حاصل کرنے میں کامیاب رہا۔ مالی سال 26 میں مجموعی افراط زر کی اوسط شرح 7.0 فیصد رہی، جبکہ گزشتہ سال یہ شرح 4.5 فیصد تھی۔ ملک میں اشیائے خورد و نوش کی وافر فراہمی کے باعث جلد خراب ہونے والی غذائی اشیاء کی قیمتوں میں سال بہ سال 6.7 فیصد کمی ہوئی، جس سے افراط زر کی شرح پر فی الوقت ضروری سہارا ملا جب جغرافیائی سیاسی کشیدگی میں اضافے کے باعث ایندھن کی قیمتوں میں نمایاں اضافہ ہوا۔ اسٹیٹ بینک آف پاکستان کی مانیٹری پالیسی کمیٹی نے سال کے دوران کلیدی پالیسی ریٹ میں مجموعی طور پر 50 پیس پوائنٹس کا اضافہ کیا، جبکہ جغرافیائی سیاسی کشیدگی کے ممکنہ معاشی اثرات کے پیش نظر سال کا واحد 100 پیس پوائنٹس کا اضافہ آخری سہ ماہی میں کیا گیا۔

بیرونی محاذ پر کرنٹ اکاؤنٹ بیلنس میں معمولی 0.14 بلین امریکی ڈالر کا خسارہ ریکارڈ کیا گیا، جبکہ آئی ایم ایف نے 1.96 بلین امریکی ڈالر کے خسارے کی پیش گوئی کی تھی۔ اس کی بڑی وجہ بیرون ملک مقیم پاکستانی کارکنوں کی ترسیلات زر کی مضبوط آمد تھی، جو سال بہ سال 8.6 فیصد اضافے کے ساتھ 41.6 بلین امریکی ڈالر تک پہنچ گئی۔ ترسیلات زر میں اس نمایاں اضافے نے تجارتی خسارہ میں سال بہ سال 25.4 فیصد اضافے کے اثرات کو جزوی طور پر زائل کیا، جس کے نتیجے میں تجارتی خسارہ 33.6 ٹریلین امریکی ڈالر رہا۔ اسٹیٹ بینک آف پاکستان نے سال کے اختتام پر 18.3 ٹریلین امریکی ڈالر کے زرمبادلہ کے ذخائر کا ہدف کامیابی سے حاصل کر لیا، حالانکہ سال کی آخری سہ ماہی میں متحدہ عرب امارات کو تقریباً 3.4 بلین امریکی ڈالر کی ادائیگی کی گئی، جو بنیادی طور پر سیف ڈیپازٹس اور کمرشل قرضوں کے عوض تھی۔ اس کے نتیجے میں پیدا ہونے والے خلاق کو بڑی حد تک سعودی عرب نے پورا کیا، جس نے پاکستان میں اپنے ڈیپازٹس میں 3 بلین امریکی ڈالر کا اضافہ کیا۔

مالیاتی محاذ پر عبوری اعداد و شمار سے ظاہر ہوتا ہے کہ پاکستان نے بنیادی بجٹ سرپلس اور مالیاتی خسارہ، دونوں کے حوالے سے آئی ایم ایف کے اہداف با آسانی حاصل کر لیے، جو بالترتیب جی ڈی پی کے 2.5 فیصد اور 3.9 فیصد ریکارڈ کیے گئے۔ فیڈرل بورڈ آف ریونیو نے مالی سال 2025-26 کے دوران 13.0 ٹریلین روپے ٹیکس وصول کیے، جو اس کے نظر ثانی شدہ 12.9 ٹریلین روپے کے ہدف سے معمولی طور پر زیادہ تھے۔ یہ امر قابل ذکر ہے کہ اصل بجٹ میں مقرر کردہ 14.1 ٹریلین روپے کا ہدف مالی سال کے دوران دومرتبہ کم کیا گیا، جو ٹیکس وصولی کے نظام میں موجود ساختی کمزوریوں کی عکاسی کرتا ہے۔

حقیقی جی ڈی پی کی شرح نمو (عبوری اعداد و شمار کے مطابق) مالی سال 26 میں تقریباً 3.7 فیصد رہی، جو مالی سال 22 کے بعد سب سے زیادہ شرح نمو ہے، جب یہ 6.2 فیصد رہی تھی۔ اس بہتری کو فصلوں کی پیداوار اور بڑی سطح کی صنعتی پیداوار (LSM) میں بحالی سے تقویت ملی۔ بڑی سطح کی صنعتی پیداوار میں نمونہ نمایاں حصہ غذائی اشیاء، ملبوسات اور آٹوموبائل کے شعبوں نے ڈالا۔ دریں اثنا، فصلوں کی پیداوار میں اضافہ بنیادی طور پر گندم، چاول اور گنے کی بہتر پیداوار سے منسوب کیا جاتا ہے۔

سال کے دوران پاکستان نے آئی ایم ایف کے ساتھ ایکسٹینڈڈ فنڈنسلیٹی (EFF) اور ریزولیوٹ اینڈ سسٹین ایبل فنانسنگ (RSF) کے تحت دو جائزے مکمل کیے، جس کے نتیجے میں مجموعی طور پر 2.5 بلین امریکی ڈالر کی رقم جاری ہوئیں۔ علاوہ ازیں، حکومت نے بین الاقوامی کمپنیل مارکیٹ میں یورو بانڈ کے ذریعے 750 بلین امریکی ڈالر حاصل کیے، جو چار سال کے عرصے میں اس نوعیت کا پہلا اجراء تھا۔ اس بانڈ کا اجراء ابتدائی طور پر 500 بلین امریکی ڈالر کا منصوبہ تھا، تاہم سرمایہ کاروں کی توقع سے زیادہ مضبوط طلب کے باعث اسے بڑھا کر 750 بلین امریکی ڈالر کر دیا گیا۔ یہ صورتحال سرمایہ کاروں کے اعتماد میں بہتری اور پاکستان کی بہتر ہوتی ہوئی قرضہ جاتی سہک کی عکاسی کرتی ہے۔

ڈیٹ مارکیٹ کا جائزہ

مالی سال 26 کے دوران ڈیٹ مارکیٹ اتار چڑھاؤ کا شکار رہی، جو بدلتی ہوئی مانیٹری پالیسی کی توقعات اور ارتقا پذیر معاشی حالات کی عکاسی کرتی ہے۔ اسٹیٹ بینک آف پاکستان (SBP) نے مالی سال کے پہلے پانچ ماہ کے دوران پالیسی ریٹ برقرار رکھا، جس کے نتیجے میں ثانوی مارکیٹ میں منافع کی شرحیں نسبتاً مستحکم رہیں۔ دسمبر 2025 میں پالیسی ریٹ میں 50 پیس پوائنٹس کی کمی کے بعد مارکیٹ کے شرکاء نے شرح سود میں مزید کمی کے سلسلے کے جاری رہنے کی توقع کی، جس کے باعث منافع کی شرحوں میں کمی واقع ہوئی۔

تاہم، اسٹیٹ بینک آف پاکستان نے جنوری میں پالیسی ریٹ برقرار رکھا، جس سے مزید شرح سود میں کمی کی توقعات متاثر ہوئیں۔ بعد ازاں، جغرافیائی سیاسی کشیدگی میں اضافے اور افراط زر سے متعلق بڑھتے ہوئے خدشات نے مارکیٹ کے رجحان کو مانیٹری پالیسی میں سختی کے امکان کی جانب موڑ دیا۔ یہ توقع اس وقت حقیقت کا روپ دھار گئی جب اسٹیٹ بینک آف پاکستان (SBP) نے خطے میں بڑھتی ہوئی کشیدگی کے رد عمل میں پیشگی طور پر پالیسی ریٹ میں 100 پیس پوائنٹس کا اضافہ کر دیا، جس کے نتیجے میں پوری ہیڈ لائن میں منافع کی شرحیں بڑھ گئیں۔

فی الوقت مارکیٹ بڑی حد تک مستحکم ہو چکی ہے، جبکہ عمومی توقع یہ ہے کہ قلیل مدت میں پالیسی ریٹ میں کوئی تبدیلی نہیں ہوگی۔ چنانچہ توقع ہے کہ منافع کی شرحیں مجموعی طور پر ایک محدود دائرے میں رہیں گی، بشرطیکہ جغرافیائی سیاسی پیش رفت کے نتیجے میں افراط زر یا مانیٹری پالیسی کے منظر نامہ میں کوئی نمایاں تبدیلی رونما نہ ہو۔

ٹریڈری بلز (T-Bills) کی طلب پورے سال مضبوط رہی، اور ٹی بلز کی نیلامیوں میں موصول ہونے والی مجموعی بولیوں کی مالیت 56.7 ٹریلین روپے رہی۔ اس عرصے کے دوران حکومت نے غیر مسابقتی بولیوں سمیت 23.63 ٹریلین روپے حاصل کیے۔ سرمایہ کاروں کی طلب کا بڑا حصہ 1 ماہ کی مدت کے ٹی بلز میں مرکوز رہا، جس نے مجموعی شرکت میں 39.5 فیصد حصہ لیا۔ 3 ماہ، 6 ماہ اور 12 ماہ کی مدت کے ٹی بلز نے بالترتیب مجموعی بولیوں میں 23.0 فیصد، 11.2 فیصد اور 26.3 فیصد حصہ حاصل کیا۔

مقررہ شرح منافع والے پاکستان انویسٹمنٹ بانڈز (PIBs) میں سرمایہ کاروں کی شرکت سال کے دوران مستحکم رہی، اور موصول ہونے والی مجموعی بولیوں کی مالیت 19.082 ٹریلین روپے رہی۔ مدت کی پہلی ششماہی میں سرمایہ کاروں کی طلب کو شرح سود میں کمی کی توقعات سے تقویت ملی، جبکہ سال کے بعد کے عرصہ میں جغرافیائی سیاسی پیش رفت نے سرمایہ کاروں کو زیادہ منافع کی شرحوں کی تلاش پر آمادہ کیا۔

حکومت نے غیر مسابقتی بولیوں سمیت 4.464 ٹریلین روپے (حقیقی وصولی کی مالیت) قبول کیے، جو اس کے 4.550 ٹریلین روپے کے ہدف کے تقریباً مطابق تھے۔ مجموعی طور پر حاصل کردہ رقم میں سے 450 بلین روپے 2 سالہ زیر کوپن پاکستان انویسٹمنٹ بانڈز کے ذریعے، 905 بلین روپے 3 سالہ بانڈز کے ذریعے، 1.384 ٹریلین روپے 5 سالہ سیکورٹیز کے ذریعے، 1.374 ٹریلین روپے 10 سالہ بانڈز کے ذریعے، جبکہ 351 بلین روپے 15 سالہ زیر کوپن پاکستان انویسٹمنٹ بانڈز کے ذریعے حاصل کیے گئے۔

فلوٹنگ ریٹ پاکستان انویسٹمنٹ بانڈز (PIBs) کی طلب بھی سال کے دوران مضبوط رہی، اگرچہ ان کا اجراء صرف 10 سالہ مدت تک محدود رہا۔ موصول ہونے والی مجموعی بولیوں کی مالیت 17.01 ٹریلین روپے رہی، جو حکومت کے 2.5 ٹریلین روپے کے ہدف سے نمایاں طور پر زیادہ تھی۔ تاہم، حکومت نے اپنی قرض لینے کی ضروریات اور اجراء کی حکمت عملی کے مطابق اس عرصے کے دوران 1.959 ٹریلین روپے مالیت کی بولیاں قبول کیں۔

فلسڈ ریٹ اجارہ سکوک میں سرمایہ کاروں کی طلب سال کے دوران مضبوط رہی، اور موصول ہونے والی مجموعی بولیوں کی مالیت 5.8 ٹریلین روپے رہی۔ حکومت نے 2.43 ٹریلین روپے حاصل کیے، جبکہ اس کا ہدف 2.92 ٹریلین روپے تھا۔ حاصل کردہ مجموعی رقم میں سے 456 بلین روپے 3 سالہ سکوک کے ذریعے، 615 بلین روپے 5 سالہ سکوک کے ذریعے، 453 بلین روپے 10 سالہ سکوک کے ذریعے، جبکہ 913 بلین روپے 1 سالہ ڈسکونٹڈ سکوک کے ذریعے قبول کیے گئے۔

اس کے برعکس، فلوٹنگ ریٹ اجارہ سکوک کی طلب نسبتاً کم رہی اور یہ زیادہ تر 10 سالہ مدت تک محدود رہی، جس نے مجموعی بولیوں میں 95 فیصد حصہ لیا۔ فلوٹنگ ریٹ سکوک کے لیے موصول ہونے والی مجموعی بولیوں کی مالیت 5.10 ٹریلین روپے رہی، جس میں سے حکومت نے 1.071 ٹریلین روپے کی بولیاں قبول کیں، جو اس کے 1.125 ٹریلین روپے کے ہدف سے معمولی کم تھیں۔ 5 سالہ مدت کے لیے موصول ہونے والی تمام بولیاں مسٹر ڈکر دی گئیں، جبکہ نومبر میں اس مدت کے سکوک کا اجراء بھی بند کر دیا گیا۔

اشٹاک مارکیٹ کا جائزہ

مالی سال 2025-26 پاکستان کی ایکویٹی مارکیٹ کے لیے ایک اور غیر معمولی سال ثابت ہوا، جس میں بینچ مارک KSE-100 انڈیکس نے 44 فیصد شاندار منافع فراہم کرتے ہوئے 180,302 کی سطح پر سال کا اختتام کیا۔ مقامی اشٹاک مارکیٹ نے تمام بڑے اثاثہ جاتی طبقات سے بہتر کارکردگی کا مظاہرہ کیا اور گزشتہ تین سال کے دوران 63 فیصد کی قابل ذکر مرکب سالانہ شرح نمو (CAGR) حاصل کی۔ مثبت کارکردگی بنیادی طور پر کمرشل بینکس، فریٹلائزرز اور انرجی چین سے وابستہ کمپنیوں (ایکسپلوریشن، آئل اینڈ گیس مارکیٹنگ اور پاور) تک محدود رہی، جنہوں نے بالترتیب 21,612 پوائنٹس، 7,748 پوائنٹس اور 6,151 پوائنٹس کا حصہ ڈالا۔ تاہم، کارکردگی کا بڑا حصہ مالی سال 2025-26 کی پہلی ششماہی میں سامنے آیا، جبکہ سال کی دوسری ششماہی جغرافیائی سیاسی کشیدگی کے باعث بڑھتے ہوئے اتار چڑھاؤ کی زد میں رہی، جس نے سرمایہ کاروں کے جذبات کو متاثر کیا۔

مستقبل کا منظر نامہ

آئندہ عرصے میں مالی سال 27 کے دوران افراط زر کی اوسط شرح تقریباً 8.0 تا 8.5 فیصد رہنے کی توقع ہے، جو اسٹیٹ بینک آف پاکستان کے 5 تا 7 فیصد کے درمیانی مدت کے ہدف سے قدرے زیادہ ہے۔ جغرافیائی سیاسی کشیدگی کا دورانیہ اور اس کے نتیجے میں توانائی اور غذائی اشیاء کی قیمتوں پر پڑنے والے اثرات مستقبل میں افراط زر کی سمت اور مانیٹری پالیسی کمیٹی کے موقف کے لیے اہم خطرات ہیں۔ درآمدی ٹریف میں مرحلہ وار کمی کے نتیجے میں بڑھنے والے درآمدی دباؤ کا مقابلہ کرنے کے لیے ترسیلات زر کی مسلسل آمد کلیدی اہمیت رکھے گی، جو آئی ایم ایف کے ساتھ معاہدے کے مطابق کی جا رہی ہے۔ اسٹیٹ بینک کو توقع ہے کہ مالی سال 27 میں ترسیلات زر 44 بلین امریکی ڈالر (6.0 فیصد سال بہ سال) تک پہنچ جائیں گی۔

مالیاتی محاذ پر حکومت نے مالی سال 27 کے لیے فیڈرل بورڈ آف ریونیو (FBR) کے لیے 15.2 ٹریلین روپے کا ٹیکس وصولی کا ہدف مقرر کیا ہے، جو مالی سال 27 کے وفاقی بجٹ میں متعارف کرائے گئے ریلیف اقدامات کے پیش نظر ایک مشکل ہدف دکھائی دیتا ہے۔ آئی ایم ایف کے ساتھ آئندہ جائزوں میں ٹیکس وصولی کے ادارے کی کارکردگی مرکزی توجہ کا محور ہوگی۔ کپٹل مارکیٹ کے محاذ پر افراط زر کا منظر نامہ، مانیٹری پالیسی اور داخلی سیاسی صورتحال سرمایہ کاروں کے جذبات کا رخ متعین کریں گے۔ گیس کے گزشتہ قرضے کے طویل انتظار کے بعد حل، معاشی سرگرمیوں میں مسلسل نمو، شرح سود اور اجناس کی قیمتوں میں کمی ایکویٹی مارکیٹ کے لیے اہم مثبت محرکات بدستور رہیں گے۔

منجسٹ کمپنی انٹرنل کنٹرول سسٹم (ERM) کی پیروی کرتی ہے جو کہ ایک مسلسل جاری عمل ہے اور کسی بھی ادارہ کے سطح کے لوگوں سے اثر انداز ہوتا ہے جو انٹرنل کنٹرول سسٹم پر لاگو حکمت عملی کی ترتیب میں نافذ ہوتا ہے، اور اس میں ممکنہ واقعات کی شناخت کے لئے تیار کردہ خطرے کا ادارے کی سطح کے پورٹ فولیو کا جائزہ لینا بھی شامل ہے جو اگر واقع ہوتے ہیں تو ادارے کو متاثر کریں گے اور خطرات کو کم کرنے کے انتظام کو کمزور کرے گا۔

INDEPENDENT AUDITOR'S REPORT

To the Unit holders of UBL Cash Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of UBL Cash Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2026, and the income statement, the statement of comprehensive income, statement of movements in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2026, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (NAV) (Refer note 4 to the financial statements) Balances with banks constitute the most significant components of the net asset value. Balances with banks aggregated to Rs. 64,571.712 million as at June 30, 2026. The existence of balances with banks for the determination of NAV of the Fund as at June 30, 2026 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: - Obtained independent confirmations for verifying the existence of the balances with banks as at June 30, 2026 and traced them with the books and records of the Fund. Where such confirmations were not available, alternative audit procedures were performed; and - Obtained bank reconciliation statements and tested reconciling items on a sample basis.

Information Other than the Financial Statements and Auditor's Report Thereon

The Management Company (UBL Fund Managers Limited) is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management Company and Board of Directors of Management Company for the Financial Statements

The Management Company (UBL Fund Managers Limited) is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management Company.

MEL

A.F.FERGUSON & Co.

- Conclude on the appropriateness of Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) the financial statement have been properly prepared in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations 2008;
- b) proper books and records have been kept by the Collective Investment Scheme or the financial statements prepared are in agreement with the books and records of Collective Investment Scheme; and
- c) we were able to obtain all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of the audit.

The engagement partner on the audit resulting in this independent auditor's report is **Junaid Mesia**.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of, directives and notifications issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations).

Where provisions of, directives and notifications issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Accounting Standards, the provisions of, directives and notifications issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations have been followed.

2.2 Standards, interpretations and amendments to the published accounting and reporting standards that are effective in the current year

2.3 Standards, interpretations and amendments to the published accounting and reporting standards that are not yet effective

There are certain new standards and amendments to the published accounting and reporting standards that will be applicable to the Fund for its annual periods beginning on or after July 1, 2026. However, these are not considered to be relevant or do not have any material effect on the Fund's financial statements except for:

- The new standard - IFRS 18 Presentation and Disclosure in Financial Statements (IFRS 18) (published in April 2024) effective for annual periods beginning on or after January 1, 2027. IFRS 18 when applicable shall impact the presentation of 'Income Statement' with certain additional disclosures in the financial statements; and
- Amendments to IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers effective for annual periods beginning on or after January 1, 2026. The amendment when applied may impact the timing of recognition and derecognition of financial assets and financial liabilities.

The management is in the process of assessing the impacts of the new standards and amendments on the financial statements of the Fund.

2.4 Critical accounting estimates and judgements

The preparation of these financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgments that have a significant effect on these financial statements of the Fund relate to classification and valuation of financial assets (notes 3.1 and 5).

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for certain investments which have been classified as 'at fair value through profit or loss' and which are measured at fair value. The details in respect of valuation techniques under IFRS 13 'Fair Value Measurement' used for the fair valuation of financial assets has been disclosed in note 22.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees, which is the Fund's functional and presentation currency.

3 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented unless otherwise stated.

3.1 Financial assets

3.1.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

3.1.2 Classification and subsequent measurement

3.1.2.1 Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost ;
- at fair value through other comprehensive income (FVOCI);
- at fair value through profit or loss (FVPL);

based on the business model of the entity.

meel

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognised at FVPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore, the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVPL.

3.1.3 Cash and cash equivalents

These comprise bank balances in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

3.1.4 Impairment

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecast of future economic conditions.

The 12 months ECL is recorded for all financial assets in which there is no significant increase in credit risk from the date of initial recognition, whereas a lifetime ECL is recorded for all remaining financial assets.

A default on a financial asset is when the counterparty fails to make contractual payments within 90 days of when they fall due.

3.1.4.1 Impairment on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP in accordance with the provisioning policy duly approved by the Board of Directors. The provisioning policy approved by the Board of Directors has been placed on the Management Company's website as required by the SECP's circular.

3.1.5 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.1.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred, the Fund has transferred substantially all the risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the "Income Statement".

3.2 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

3.3 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Amel

3.4 Provisions

Provisions are recognised when the Fund has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.5 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.6 Taxation

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The changes for current tax is calculated using the prevailing tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

3.7 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as at the close of the business day, plus the allowable sales load, provision of any duties and charges and provision for transaction costs, if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption application during business hours of that day. The redemption price is equal to the NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

3.8 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between Net Asset Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income / (loss) is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders' fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution on redemption of units.

3.11 Revenue recognition

- Gains / (losses) arising on sale of investments classified as financial assets at 'fair value through profit or loss' are recognised in the "Income Statement" at the date on which the transaction takes place;
- Unrealised gains / (losses) arising on remeasurement of investments classified as 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.

me

- Income from term deposit receipts, letter of placements, commercial papers, Pakistan Investment Bonds and Market Treasury Bills are recorded on an accrual basis using the effective interest rate method; and
- Profit on savings accounts with bank is recognised on time proportion basis using the effective yield method.

3.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

8 ADVANCE TAX

As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 150 and 151. However, withholding tax on profit on bank balances, term deposit receipts, Market Treasury Bills, commercial papers, Pakistan Investment Bonds and letters of placement paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide its Circular C. No.1 (43) DG (WHT) / 2008 - Vol.II - 66417 - R dated May 12, 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholders. The tax withheld on profit on bank balances, term deposit receipts, Market Treasury Bills, commercial papers, Pakistan Investment Bonds and letters of placement amounted to Rs. 5.219 million (2025: Rs. 5.031 million).

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. A petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court of Pakistan granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit on bank balances, term deposit receipts, Market Treasury Bills, commercial papers, Pakistan Investment Bonds and letters of placement has been shown as advance tax as at June 30, 2026 as, in the opinion of the management, the amount of tax deducted at source will likely be refunded.

21 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

21.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee and regulations laid down by the SECP.

Market risk comprises of three types of risks: currency risk, yield / interest rate risk and price risk.

me

21.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

21.1.2 Yield / interest rate risk

Yield / profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2026, the Fund is exposed to such risk on bank balances in savings accounts. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

Sensitivity analysis for variable rate instruments

Presently, the Fund holds balances with banks in savings accounts which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase / decrease in interest rates on June 30, 2026, with all other variables held constant, the net income for the year and the net assets would have been higher / lower by Rs. 645.717 million (2025: Rs. 112.787 million).

The composition of the Fund's investment portfolio profit rates are the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2026 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2026 can be determined as follows:

21.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

21.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets either in short term instruments or in investments that are traded in an active market and can be readily disposed and are considered readily realisable in order to maintain liquidity.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemption requests during the year ended June 30, 2026.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including balances with banks have been included in the maturity grouping of one month:

21.3 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. Credit risk arises from deposits with banks and financial institutions, profit receivable on bank deposits, credit exposure arising as a result of investment in debt securities, profit receivable on debt securities and receivable against conversion of units and sale of investments.

Credit risk arising on the debt instruments other than government securities is mitigated by investing in rated instruments or instruments issued by rated counterparties of credit ratings of at least investment grade by the recognised rating agencies. The Fund receives a monthly rating update, against which investments are reviewed. The Fund, however, also invests in unrated instruments based on internal ratings assigned by the Fund manager using an approach that is consistent with the approach used by the rating agencies. Credit risk arising on other financial assets is monitored through a regular analysis of financial position of brokers and other parties. In accordance with the risk management policy of the Fund, the investment manager monitors the credit position on a daily basis which is reviewed by the Board of Directors of the Management Company on a quarterly basis.

21.3.1 Exposure to credit risk

The table below analyses the Fund's maximum exposure to credit risk:

	2026		2025	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
----- (Rupees in '000) -----

	<u>64,811,778</u>	<u>64,811,778</u>	<u>14,339,111</u>	<u>14,339,111</u>

The maximum exposure to credit risk as at June 30, 2026 is the carrying amount of the financial assets. Investment in government securities and related profit receivable, however, are not exposed to credit risk and have been excluded from the above analysis as investment in government securities are guaranteed by the Government of Pakistan.

21.3.2 Credit quality of financial assets

The Fund held bank balances as at June 30, 2026 with banks having following credit ratings:

Banks	Rating agency	Rating (Short Term / Long Term)	2026	2025
			% of financial assets exposed to credit risk	
Allied Bank Limited *	PACRA	AAA	-	-

* Nil figures due to rounding off.

Above ratings are on the basis of available ratings assigned by PACRA and VIS as of June 30, 2026.

21.3.3 Concentration on credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. As transactions are entered with credit worthy parties and are within the regulatory limits, therefore any significant concentration of credit risk is mitigated.

All financial assets of the Fund as at June 30, 2026 and June 30, 2025 are unsecured and are not impaired.

22 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradeable in an open market are revalued at the market prices prevailing on the reporting date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Muel

22.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2026 and June 30, 2025, the Fund held the following financial instruments measured at fair value:

25 UNIT HOLDERS' FUND RISK MANAGEMENT

The Fund is an open end collective investment scheme. The unit holders' fund of open end schemes is represented by net assets attributable to unit holders. The risk in case of an open end scheme is that the amount of net assets attributable to unit holders can change significantly on daily basis as the Fund is subject to daily issuance and redemption of units at the discretion of the unit holders and occurrence of unexpected losses in investment portfolio which may cause adverse effects on the Fund's continuation as a going concern.

The Fund's objective when managing net assets attributable to unit holders is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of unit holders' fund. In order to maintain or adjust the unit holder fund structure, the Fund performs the following:

- Monitors the level of daily issuance and redemptions relative to liquid assets;
- Redeems and issues units in accordance with the constitutive documents of the Fund, which include the ability to restrict redemptions as allowed under the rules and regulations; and
- Monitors portfolio allocations and return on net assets and where required makes necessary adjustments in portfolio allocations in light of changes in market conditions.

The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically monitors capital of the Fund on the basis of the value of net assets attributable to the unit holders and tracks the movement of "Assets under Management" as well as returns earned on the net assets to maintain investors' confidence and achieve future growth in business. Further, the Board of Directors are updated about the Fund's yield and movement of net asset value and total size at the end of each quarter.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gains as reduced by such expenses as are chargeable to the Fund.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all the times during the life of the scheme. The Fund has maintained minimum size of one hundred million rupees at all times during the year.
