CHAIRMAN'S REVIEW REPORT

Following the sad passing of Mr. Rafiq Habib, whose vision, values and leadership played a pivotal role in laying the foundations of Thal Limited and shaping its journey over the years, the Board placed its faith in me by appointing me as Chairman. While the void left by his passing can never truly be filled, I take on this responsibility with deep humility, conscious that I have very big shoes to fill. He led the Company with grace, wisdom and integrity, leaving behind a lasting legacy of stewardship and service, and I remain committed to carrying forward his legacy in the best interests of the Company and all its stakeholders.

As Chairman, I remained committed, together with the Board of Directors of Thal Limited, to providing effective leadership, strategic direction and oversight of the Company's operations during the year. In fulfilling our fiduciary responsibilities, we closely monitored business performance, reviewed key strategic initiatives, evaluated emerging risks and ensured the effectiveness of the Company's governance, risk management and internal control frameworks.

The Board and its Committees met regularly throughout the year, and I maintained constructive engagement with my fellow directors and management to support the achievement of the Company's strategic and operational objectives. During the year, we undertook the annual performance evaluation of the Board, the Board Audit Committee and the Human Resource and Remuneration Committee. The evaluation results were reviewed in detail, with directors discussing the average scores for each evaluation question and noting that the overall ratings remained good, with certain consolidated ratings improving over the previous year. We also recognised that strategy-related areas required continued focus. I am satisfied that this evaluation process reinforces a culture of continuous improvement, strengthens governance practices and supports the Board's role in providing effective oversight for the long-term benefit of the Company, its shareholders and other stakeholders.

I am pleased to report that the Company delivered a resilient performance during the year, supported by improved macroeconomic conditions, recovery in key operating sectors and disciplined execution across its businesses. Sales revenue increased to Rs. 35.9 billion, while profit after taxes and levies rose to Rs. 8.4 billion, reflecting improved operating performance and returns from strategic investments. The Engineering segment benefited from higher automotive volumes, stronger customer engagement, localization initiatives and growth in aftermarket channels, while the Building Materials and Allied Products segment continued to navigate demand pressures through export development, product innovation, cost efficiencies and prudent margin management. I acknowledge management's focus on operational discipline, capital allocation and long-term value creation, which enabled the Company to sustain performance while continuing to invest in capabilities for the future.

I place significant emphasis, together with the Board, on maintaining a robust system of internal controls, risk management and compliance across the Company.

Management is responsible for designing and operating effective controls, while the Board, through the Board Audit Committee, provides oversight of the control environment, financial reporting process, internal audit function and risk management framework. In line with its mandate, the Board Audit Committee reviews internal audit plans, risk-based audit coverage, significant audit observations, management responses and the adequacy of internal controls, thereby strengthening accountability and supporting the Board in discharging its governance responsibilities.

The Company's Enterprise Risk Management framework enables the identification, assessment and monitoring of key strategic, operational, financial, compliance and sustainability-related risks, and supports timely mitigation actions by management. During the year, we further strengthened this framework by formally extending the mandate of the Board Audit Committee, through amendments to its Terms of Reference, to include oversight of ESG-related risks and opportunities. This enhancement is intended to support the integration of sustainability considerations into the Company's strategy, risk assessment, capital allocation and broader decision-making processes. The Company is also gearing up for enhanced transparency and disclosure under the IFRS Sustainability Disclosure Standards, including IFRS S1 on sustainability-related financial information and IFRS S2 on climate-related disclosures, with an initial climate-first approach. I believe these efforts will progressively strengthen governance, data readiness, internal controls over sustainability information and compliance with applicable regulatory disclosure requirements.

Looking ahead, I remain optimistic about the Company's prospects, while being mindful of external uncertainties, cost pressures, exchange rate movements and evolving market conditions. We will continue to focus on strengthening the Company's core businesses, expanding exports, enhancing localization, developing new products and markets, and improving operational efficiencies. In parallel, I will continue, together with the Board, to guide management on strategic priorities, sustainability readiness, risk management and prudent investment decisions. With a diversified business portfolio, experienced management team and clear focus on resilience and innovation, I believe the Company is well positioned to pursue sustainable growth and deliver long-term value for shareholders.

I extend my sincere gratitude to the Company's shareholders, customers, business partners and other stakeholders for their continued trust and support. I also acknowledge, with appreciation, the dedication, professionalism and commitment of the management team and employees, whose efforts have contributed to the Company's resilience, operational progress and sustained performance during the year.

Fiscal performance improved markedly, reflected in a primary surplus of PKR 4.1 trillion (3.2% of GDP) and a reduced fiscal deficit. The external sector remained stable despite a challenging global environment, supported by strong workers' remittances, higher foreign exchange reserves, and a stable exchange rate. While the current account recorded a modest deficit, overall external fundamentals remained resilient, underpinning continued economic recovery and business confidence.

OVERVIEW OF OPERATING SEGMENTS

The Company's operating businesses are categorized under two segments, namely the Engineering segment and the Building Material & Allied Products segment.

ENGINEERING SEGMENT

The Company's Engineering segment comprises:

- Thermal & Engine Components Division
- Electric Systems Division

These businesses are primarily engaged in the manufacturing of components for the automotive industry. The Engineering Segment delivered a strong performance for the year ended June 30, 2026, driven by growth in automotive production volumes, demand from existing customers, successful engagement with new market participants, and continued expansion of the aftermarket business. Segment sales increased to Rs. 22 billion, from Rs. 15.5 billion in the prior year, representing a growth of approximately 42% year-on-year.

Automotive industry experienced significant growth during the year. Increased competition and greater product availability contributed positively to overall industry volumes, creating opportunities for local component manufacturers.

During the year, the business remained focused on ensuring uninterrupted supply and maintaining the highest standards of quality and customer service. Despite challenges from geopolitical uncertainties, supply chain disruptions and freight cost fluctuations, operations remained stable through effective supplier management, inventory control, and disciplined working capital management.

Localization and import substitution remained key strategic priorities during the year. The business continued to expand its product portfolio to enhance competitiveness and maintain product margins to support long-term profitability.

Diversification efforts continued to expand revenue streams. Expansion of the aftermarket dealer network across the country, introduction of new products, and exploration of export opportunities contributed positively to revenue growth. Additionally, the business continued to evaluate strategic partnerships and business opportunities in the power and engineering solutions sectors, focusing on localization and value-added offerings to support future growth.

Outlook

Key priorities for the business include improving operational efficiency through process optimization and cost management initiatives, strengthening supply chain resilience to ensure uninterrupted availability of critical raw materials and increasing localization to reduce dependency on imports. The business is also actively pursuing opportunities to expand its customer base, deepen relationships with existing customers, diversify its product portfolio, and explore new business avenues that can support sustainable growth and value creation.

While these strategic initiatives position the Engineering Segment favorably for future growth, the near-term outlook remains dependent on a gradual improvement in macroeconomic stability and a reduction in geopolitical uncertainties.

Building Materials & Allied Products Segment

The Company's Building Material & Allied Products segment comprises:

- Jute Division
- Packaging Division
- Laminates Division

During the year, segment turnover decreased by 1% to Rs. 13.9 billion compared to Rs. 14.1 billion last year.

Jute Division

The business continued to face significant challenges during the year 2025-26. For the second consecutive year, there was no PASSCO or provincial government wheat bag procurement, resulting in a sharp decline in local demand. Additionally, the closure of the Afghanistan border disrupted agricultural exports, impacting another key market segment.

On the export front, sales were squeezed by intense price competition from Bangladesh and India. War-driven shipping disruptions also led to substantially higher freight costs. Raw jute supply remained constrained due to Bangladesh's export ban on raw jute (effective since September 2025) amid crop shortages. This forced production cuts and increased reliance on higher-priced imported yarn, further squeezing margins.

TNPTL achieved its Financial Close on September 30, 2020, Commercial Operations on February 17, 2023 and Project Completion Date on October 31, 2025.

Outlook

Management remains focused on navigating these structural challenges through continued cost optimization, operational efficiencies, and selective export market penetration. Strong jute crop is expected in Bangladesh and India for FY 2026-27. Any lifting of the export ban or shifts in regional surpluses will be closely monitored. The business is cautiously optimistic that disciplined cost management and strategic initiatives will position it better for the coming year.

Packaging Division

The business operated in a competitive environment with improving supply chain stability, although geopolitical tensions following the US-Iran conflict and the continuing Ukraine & Russian war continued to elevate polypropylene and paper prices and create input cost volatility. Retail and paper packaging business remained resilient, while industrial packaging recovered gradually as raw material availability improved. The business strengthened its competitive position through disciplined cost management, automation, product mix optimization, and continued focus on export market development.

Outlook

The business is well positioned for sustainable growth through operational excellence, innovation, export expansion, and disciplined cost management, while remaining vigilant to geopolitical developments, raw material price volatility, and global market uncertainties.

Laminates Division

The operating environment was characterized by subdued domestic demand and geopolitical disruptions affecting regional trade and exports Gulf markets. The business responded proactively by maintaining a disciplined operating approach through optimizing product mix and improving operational efficiencies. During the

year, the business also expanded its export footprint by establishing a presence in the South Asian market, further strengthening its position in the region. Overall, with these initiatives, business operations remained profitable.

Outlook

The business remains optimistic about the year ahead, expecting a gradual improvement in market sentiment as construction activity increases. While geopolitical developments in the region pose challenges to export markets, improving stability is expected to support the recovery of demand and cross-border trade. Going forward, the business will remain focused on strengthening its market position through continued export diversification, operational excellence, prudent cost management, and disciplined execution to deliver sustainable long-term value for all stakeholders.

HUMAN RESOURCES (HR)

Thal's people continue to be the driving force behind its strategic priorities, with the organization investing deliberately in their capabilities, engagement, and well-being. This people-first orientation underpins the Company's broader performance objectives and reflects its commitment to sustaining a culture where merit, growth, and accountability go hand in hand.

Our learning and development agenda remained a key pillar of this commitment, with 11,378 training hours delivered during the year. Training interventions continued to be guided by a structured Training Needs Analysis, ensuring that development spend was directed toward genuine capability gaps and emerging skill requirements rather than generic programming. The Annual Learning Fair once again served as a flagship event, bringing in subject-matter experts to deliver focused, high-impact sessions and reflecting the Company's intent to keep pace with an increasingly dynamic business environment.

Building the leadership bench remained a key priority during the year. Through the Management Trainee Program, we inducted a fresh cohort of graduates sourced from some of the country's foremost academic institutions, continuing to strengthen its succession pipeline while injecting new energy and thinking into the organization.

We also maintained focus on employee health as a matter of organizational priority rather than periodic initiative. During the year, the Breast Cancer Awareness Campaign was extended across all divisions of Thal, with health screenings made available to both management and non-management employees alike. On-site consultations and diagnostic support reflected the Company's continued emphasis on early detection and preventive healthcare as core components of employee welfare.

Beyond the workplace itself, Thal continued to invest in the informal moments that build connection among its people. Employees came together through the year for cycling events, friendly competition on the table tennis table and padel court, and go-karting outings, alongside birthday celebrations that marked individual milestones. Rather than one-off perks, these gatherings form part of a deliberate effort to bring cross-functional teams closer, ease the pressures of day-to-day work, and give employees room to engage with one another outside their usual roles strengthening the relationships that underpin a cohesive and motivated workforce.

Taken together, these initiatives reflect Thal's continued investment in building a workforce that is skilled, engaged, and resilient one capable of sustaining performance and supporting the Company's long-term growth ambitions.

DIVERSITY, EQUITY & INCLUSION (DE&I)

Diversity and inclusion remain integral to how Thal builds its teams and shapes its culture, with gender diversity in particular as a lever for stronger decision-making and broader organizational capability. During the year, Thal took a significant step forward in formalizing this commitment through the launch of a Diversity Council, supported by a network of nominated Change Agents across divisions tasked with driving inclusive practices and championing meaningful change at the ground level.

International Women's Day provided an occasion to recognize the contributions of women across the organization and to revisit Thal's ongoing commitment to gender equality. Conversations held around this milestone reinforced that progress on inclusivity is a continuing effort rather than a fixed achievement. This is supported in practice through policies such as maternity and paternity leave, transport facilities for employees, and robust safeguards against workplace harassment all aimed at creating a workplace where employees can perform without unnecessary barriers.

The Company's inclusion efforts also extend to persons with disabilities, who continue to be employed across its businesses, reflecting a broader commitment to accessibility and equal opportunity for all team members.

GENDER PAY GAP STATEMENT

Following is the gender pay gap calculated for the year:

Mean	Median
-10.9%	6.6%

Both management and non-management employees are hired based on salary bands benchmarked with the market, irrespective of gender. The variation in pay is due to individual performance over time, employment tenure, and specific skill sets.

HEALTH, SAFETY & ENVIRONMENT (HSE)

During FY 2025-26, the Company continues to strengthen its HSE culture through significant safety achievements, enhanced emergency preparedness measures, and environmental stewardship initiatives.

To strengthen fire safety and emergency response capabilities, the Company upgraded its fire protection infrastructure through the installation of additional water pumping engines, development of rapid intervention vehicles (RIV) refilling points, increased deployment of thermal cameras based on fire risk assessments, and the conduct of joint emergency mock drills with the fire brigade team. Employee awareness and preparedness were further reinforced through training on firefighting awareness and the proper use of fire extinguishers.

On the environmental front, the Company successfully implemented a monthly CO₂ emissions monitoring and reporting mechanism. The Company also retained its ISO 45001:2018 and ISO 14001:2015 certifications with no major non-conformities and continued to receive industry recognition through the Fire Safety Award and the Annual Environmental Excellence Award.

Overall, the year reflected meaningful progress in reinforcing a resilient safety culture, strengthening compliance, enhancing emergency preparedness, and advancing environmental responsibility across the organization.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

The core of our values lies in the advancement and betterment of communities and the less privileged segments of society. Our dedication to enhancing the quality of life for stakeholders, employees and fellow citizens is reflected through the policy of contributing a minimum of 1% of Company's profit.

We continue to contribute in social investments encompassing community development, healthcare, education, environment and employee well-being during the fiscal year.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2026 and of the profit and other comprehensive loss, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current period. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the Key audit matter:

S.No.	Key audit matter	How the matter was addressed in our audit
(i)	Revenue from contracts with customers (Refer notes 6.23 and 32 to the annexed unconsolidated financial statements)	
	The Company earns revenue from multiple business lines which operate as distinct business units with significant volume of revenue transactions. Revenue is recognised when the Company satisfies performance obligations as specified in the contracts with the customers.	Our audit procedures, amongst others, included the following: Obtained understanding and evaluated the accounting policies and the Company's procedures with respect to revenue recognition;

A. F. FERGUSON & CO., Chartered Accountants, a member firm of the PwC network, State Life Building No. 1-C, I. I. Chundrigar Road, P.O. Box 4716, Karachi-74000, Pakistan

S.No.	Key audit matter	How the matter was addressed in our audit
	We considered revenue as a key audit matter, being one of the Company's key performance indicators of the Company. In addition, revenue was also considered as an area of significant audit risk as part of the audit process.	- Evaluated the design and tested the operating effectiveness of key internal controls involved in revenue recognition; - Reviewed contracts with customers for each business segment to obtain an understanding of the terms particularly relating to timing and transfer of control of the products and assessed the appropriateness of revenue recognition policies and practices followed by the Company; - Tested on a sample basis, specific revenue transactions by inspecting underlying documentation including dispatch documents and sales invoices; - Performed analytical procedures over transactions to identify trends and any unusual change in revenue for each segment; - Tested specific revenue transactions on a sample basis recorded before and after the reporting date with underlying documentation to assess whether revenue was recognised in the correct period; and - Assessed the related disclosures made in the annexed unconsolidated financial statements in accordance with the requirements of the applicable financial reporting framework.

Information Other than the Unconsolidated and Consolidated Financial Statements and Auditor's Reports Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the unconsolidated and consolidated financial statements and our auditor's reports thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Unconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Independent Auditor's Report

Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

A.F. FERGUSON & Co.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- (a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- (b) the statement of unconsolidated financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- (c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- (d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditor's report is **Shahbaz Akbar**.

6. MATERIAL ACCOUNTING POLICY INFORMATION

6.1 Property, plant and equipment

6.1.1 Operating fixed assets

These are stated at cost less accumulated depreciation and accumulated impairment losses, if any, except for freehold land which is stated at cost less impairment loss, if any.

Depreciation is charged to the unconsolidated statement of profit or loss applying the straight line method at the rates stated in note 7.1 to these unconsolidated financial statements. Depreciation on additions is charged from the month asset is available for use and in case of deletion, up to the month preceding the month of disposal.

Maintenance and normal repairs are charged to unconsolidated statement of profit or loss as and when incurred. Major renewals and improvements are capitalised and the assets so replaced, if any, are retired.

An item of operating fixed assets and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the unconsolidated statement of profit or loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of operating fixed assets are reviewed at each reporting date and adjusted prospectively, if appropriate.

6.1.2 Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost less any accumulated depreciation and impairment losses and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of lease term and the estimated useful lives of the assets.

6.1.3 Capital work-in-progress

All expenditures connected to the specific assets incurred during installation and construction period are carried under capital work-in-progress. These are transferred to specific assets as and when assets are available for use.

6.2 Intangible assets

These are stated at cost less accumulated amortisation and accumulated impairment losses, if any.

Costs in relation to intangible assets are only capitalised when it is probable that future economic benefits attributable to those asset will flow to the Company and the same is amortised applying the straight line method at the rates stated in note 8 to these unconsolidated financial statements.

6.3 Investment property

Investment property is stated at cost less accumulated depreciation and accumulated impairment losses, if any.

Depreciation on investment properties is charged to the unconsolidated statement of profit or loss applying the reducing balance method at the rate stated in note 9 to the unconsolidated financial statements. Depreciation on additions is charged from the month of addition and in case of deletion, up to the month preceding the month of disposal.

Maintenance and normal repairs are charged to unconsolidated statement of profit or loss as and when incurred while major repairs and renewals are capitalised. Any gains or losses on disposal of an investment property

are recognised in profit or loss in the year of disposal. The carrying values of investment properties are reviewed at each financial year end for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. If any such indication exists, and where the carrying values exceed the estimated recoverable amount, the investment properties are written down to their recoverable amount.

6.4 **Taxation - Levy and Income tax**

6.4.1 **Levy**

As per the IAS 12 Application Guidance on Accounting for Minimum Taxes and Final Taxes issued by the Institute of Chartered Accountants of Pakistan, the Company recognises income tax calculated on taxable income using the notified rate as current income tax expense, additionally, minimum tax or final tax paid, if any, on gross amount of revenue or other basis are recognised as levy within the scope of IFRIC 21/IAS 37 and recognise it as an operating expense, except for taxes on dividends on the Company's investments in subsidiaries and associates which are specifically within the scope of IAS 12 and hence these continue to be categorised as current income tax. Any excess over the amount designated as current income tax expense is then recognised as levy in operating expense within the scope of IFRIC 21/IAS 37.

Income Tax

The tax expense for the year comprises of current and deferred tax. Tax is recognised in the unconsolidated statement of profit or loss, except to the extent that it relates to items recognised in OCI or directly in equity. In which case, the tax is also recognised in OCI or directly in equity.

– Current

Provision for current taxation is based on the taxable income for the year calculated on the basis of the tax laws enacted or substantively enacted at the reporting date and any adjustment to tax payable in respect of previous years.

Current tax assets and tax liabilities are offset where the Company has the legally enforceable right to offset and intends either to settle on net basis or to realise the asset and settle the liability simultaneously.

– Deferred

Deferred tax is recognised using the balance sheet liability method, providing for all temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the tax rates (and tax laws) that have been enacted or substantively enacted at reporting date.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and where the deferred tax balances relate to the same taxation authority.

6.5 **Stores, spares and loose tools**

These are valued at lower of cost, determined using weighted average method, and net realisable value, less provision for obsolete items (if any). Items in transit are valued at cost comprising purchase price, freight value and other charges incurred thereon. Provision is made for items which are obsolete and slow moving and is determined based on management estimate regarding their future usability.

6.6 **Stock-in-trade**

Stock-in-trade, except goods-in-transit, is valued at the lower of weighted average cost or net realisable value. The cost is determined as follows:

Raw and packing materials	- Purchase cost.
Work-in-process & finished goods	- Cost of materials, labour cost and overheads.

Goods-in-transit are valued at cost comprising purchase price, freight value and other charges incurred thereon.

Net realisable value signifies the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Provision is made for items which are obsolete and slow moving and is determined based on management estimate regarding their future usability.

6.7 Trade debts and other receivables

These are measured at cost, less expected credit loss allowance as disclosed in note 6.21.1.

Exchange gains or losses arising in respect of trade debts and other receivables in foreign currency are added to their respective carrying amounts.

6.8 Loans, advances, deposits and short-term prepayments (other than financial assets)

These are initially recognised at cost, which is the fair value of the consideration given. Subsequent to initial recognition, assessment is made at each unconsolidated statement of financial position date to determine whether there is an indication that an asset or group of assets may be impaired. If such indication exists, the estimated recoverable amount of that asset or group of assets is determined and any impairment loss is recognised for the difference between the recoverable amount and the carrying value.

6.9 Cash and cash equivalents

For the purpose of cash flow statement, cash and cash equivalents comprise cash in hand, bank balances and short-term investments with a maturity of three months or less from the date of acquisition net of bank overdraft/running finance facilities that are deemed integral to the Company's cash management. The cash and cash equivalents are readily convertible to known amount of cash and are therefore subject to insignificant risk of changes in value.

6.10 Share capital

Ordinary shares are classified as equity and recognised at their face value. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

6.11 Trade and other payables

Liabilities for trade and other payables are carried at amortised cost which approximates the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the Company.

Exchange gains and losses arising on translation in respect of liabilities in foreign currency are added to the carrying amount of the respective liabilities.

6.12 Provisions

6.12.1 General

Provisions are recognised in the unconsolidated statement of financial position where the Company has a legal or constructive obligation as a result of past event, it is probable that outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and adjusted to reflect current best estimate.

6.12.2 Warranty obligations

The Company recognises the estimated liability on accrual basis to repair or replace products under warranty at the reporting date. These are recognised when the product is sold or service is provided to the customer. Initial recognition is based on historical experience and estimate of probability weighted expected outcome. The estimates of warranty-related costs is reviewed annually and adjusted, if required.

6.13 Staff retirement benefits - defined contribution plan

6.13.1 Provident fund

The Company operates an approved provident fund scheme for its permanent employees. Equal monthly contributions are made to the fund by the Company and the employees in accordance with the rules of the scheme. The Company has no further obligation once the contributions have been paid. The contributions made by the Company are recognised as employee benefit expense when they are due.

6.13.2 Retirement benefit fund

The Company operates an approved funded scheme for retirement benefits for all employees on the basis of defined contribution made by the Company on attaining the retirement age or in the event of death, with a minimum qualifying period of ten years which is managed by a Trust.

6.14 Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

6.15 Unclaimed dividend

This is recognised at the amount of dividend declared and unclaimed by shareholders from the date it became due and payable.

6.16 Unpaid dividend

This is recognised at the amount of dividend declared and claimed by shareholders but remained unpaid for the period of 3 years from the date it became due and payable.

6.17 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

6.17.1 Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

6.17.2 Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less lease incentives receivable (if any), variable lease payments that depend on an index or a rate (if any), and amounts expected to be paid under residual value guarantees (if any). The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company (if any) and payments of penalties for terminating the lease (if any), if the termination option is reasonably certain to be exercised. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs. In calculating the present value of lease payments at the lease commencement date, the Company uses the interest rate implicit in the lease. In case where the interest rate implicit in the lease is not readily determinable, the Company uses its incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

6.17.3 **Determination of the lease term for lease contracts with extension and termination options**

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control that affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation of the leased asset).

6.17.4 **Estimating the incremental borrowing rate**

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate ('IBR') to measure lease liabilities. The IBR is the rate of interest that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment.

6.18 **Contingent liabilities**

Contingent liability is disclosed when:

- there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or
- there is a present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

6.19 **Financial assets**

A financial asset (unless it is a trade receivable without a significant financing component that is initially measured at the transaction price) is initially measured at fair value plus, for an item not at FVPL, transaction costs that are directly attributable to its acquisition.

6.19.1 **Classification and measurement**

Under IFRS 9 financial assets are classified, at initial recognition, as subsequently measured at the following:

- (a) at amortised cost;
- (b) at fair value through other comprehensive income (FVOCI); and
- (c) at fair value through profit or loss (FVPL).

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the business model for managing them.

(a) At amortised cost

A financial asset is measured at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in consolidated statement of profit or loss when the asset is derecognised, modified or impaired.

(b) At fair value through other comprehensive income (OCI)

A debt instrument is measured at fair value through OCI if both of the following conditions are met:

- The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that are initially recognised at fair value through OCI are subsequently measured at fair value. Interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the unconsolidated statement of profit or loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is recycled to unconsolidated statement of profit or loss.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by investment basis. The Company has irrevocably elected to carry its quoted investments in equity instruments under this category.

Equity instruments that are initially recognised at fair value through OCI are subsequently measured at fair value. Gains and losses on these financial assets are never recycled to unconsolidated statement of profit or loss. Dividends are recognised as other income in the unconsolidated statement of profit or loss when the right of payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

(c) At fair value through profit or loss

Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at fair value through OCI or at fair value through profit or loss if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

6.19.2 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's statement of financial position) when:

- The rights to receive cash flows from the asset have expired; or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of its continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

6.20 Financial liabilities

6.20.1 Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

6.20.1.1 Subsequent measurement

Financial liabilities, other than those at fair value through profit or loss, are subsequently measured at amortised cost using the effective yield method.

6.20.2 Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gains or losses on liabilities held for trading are recognised in the consolidated statement of profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in IFRS 9 is satisfied. The Company has not designated any financial liability as at fair value through profit or loss.

6.20.3 Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in consolidated statement of profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the consolidated statement of profit or loss. This category generally applies to interest-bearing loans and borrowings.

6.20.4 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the consolidated statement of profit or loss.

6.20.5 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

6.21 **Impairment of financial and non financial assets**

6.21.1 **Impairment of financial assets**

The Company assesses on a forward-looking basis the expected credit losses (ECL) associated with its debt instrument assets carried at amortised cost and fair value through OCI. The Company recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions (including macroeconomic factors).

For trade debts, the Company applies a simplified approach, where applicable, in calculating ECL. The Company has established a provision matrix for portfolio of customers having similar risk characteristics and estimates default rates based on the Company's historical credit loss experience, adjusted for forward-looking factors (including gross domestic product and inflation rate). The Company considers that a financial asset is in default when the counterparty fails to make contractual payments within 90 days of when they fall due. Further, financial assets are written off by the Company, in whole or part, when it has exhausted all practical recovery efforts and has concluded that there is no reasonable expectation of recovery.

6.21.2 **Impairment of non-financial assets**

The carrying amounts of non-financial assets are assessed at each reporting date to ascertain whether there is any indication of impairment. If such an indication exists, the asset's recoverable amount is estimated to determine the extent of impairment loss, if any. An impairment loss is recognised, as an expense in unconsolidated statement of profit or loss and other comprehensive income. The recoverable amount is the higher of an asset's fair value less cost to disposal and value in use. Value in use is ascertained through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risk specific to the assets for which the estimate of future cash flow have not been adjusted. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

An impairment loss is reversed if there is a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised previously. Reversal of an impairment loss is recognised immediately in unconsolidated statement of comprehensive income.

6.22 **Earnings per share**

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares (if any).

6.23 **Revenue recognition**

The Company recognises revenue from sale of goods after the deduction of discounts, sales tax and returns, if any, when the goods are transferred to the customer and the performance obligations are fulfilled. Goods are considered to be transferred when the control belongs to the customer. Control is considered to be transferred at the point in time when the products have been delivered to the customer. The normal credit term is 30 to 90 days.

6.24 Other income

Other income is recognised to the extent it is probable that the economic benefits will flow to the Company and amount can be measured reliably. Other income is measured at the fair value of the consideration received or receivable and is recognised on the following basis:

- Dividend income is recognised when the right to receive the dividend is established;
- Interest on Term Deposit Receipts is recognised on constant rate of return to maturity;
- Interest on deposit accounts is recognised on accrual basis;
- Interest on loan is recognised on accrual basis;
- Capital gain on treasury bill is recognised as the difference between sales proceeds and carrying value at the time of disposal.
- Rental income arising from investment property is accounted for on a straight-line basis over the lease term;
- Scrap sales are recognised on an accrual basis;
- Claim from customers is recognised as income when the claim is accepted by customer;
- Service income is recognised on a straight line basis over the period that the services are rendered; and
- Gain on disposal of property, plant and equipment is recognised at the difference between sales proceeds and carrying value when the relevant item of property, plant and equipment is disposed of.

6.25 Foreign currency transactions

Foreign currency transactions are translated into Pakistani Rupee at the exchange rates prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies are translated into Pakistani Rupees at the exchange rates prevailing at the reporting date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using exchange rates at the date when the fair value was determined. Exchange gains or losses are included in unconsolidated statement of profit or loss of the current period.

6.26 Deferred income

Benefit of a loan at a below-market rate of interest is recognised as deferred income. Deferred income is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

6.27 Dividend and appropriation to reserves

Dividend declared and appropriations to reserves are recognised in these unconsolidated financial statements in the period in which they are approved.

27.1 This includes an amount of Rs. 200 million obtained from Habib Metropolitan Bank under an invoice financing arrangement at a markup rate of 3-month KIBOR plus 0.05% per annum.

27.2 This includes current portion of Sindh Infrastructure Development Cess (SIDC). SIDC was levied in the province of Sindh in 1994 vide Section 9 of the Sindh Finance Act on the goods entering or leaving the province from or for outside the country, ostensibly for services rendered in respect of development and maintenance of infrastructure. Levy is applicable on imported goods and it is charged at the time of custom clearance. Group of importers challenged the levy on the grounds that imposing levy on 'import and export' does not fall within legislative competence of the provincial legislature.

In 2011, Sindh High Court (SHC) through its order granted an interim relief to all the petitioners directing that the future imports of the petitioners will be cleared on payment of 50% of the disputed Cess while for remaining 50% bank guarantee is to be submitted till the final decision by the Court. In May 2014, the Company filed a petition in SHC against Government of Sindh and Court granted same interim relief as was available to other petitioners, i.e., the Company to make payment for 50% Cess and provide bank guarantee for 50% balance payable.

On June 4, 2021 SHC announced its decision in favour of Sindh Government and against 482 petitioners from the industry. The decision validated the SIDC levy and "The Sindh Development and Maintenance of Infrastructure Cess Act, 2017", retrospectively. The Company filed petition before the Supreme Court of Pakistan, challenging the order of SHC. The Supreme Court of Pakistan suspended the operation of the SHC's judgment on September 1, 2021 and instructed the petitioners to provide the bank guarantee equivalent to the amount of levy claimed by the respondents against release of all future imported consignments, which is being provided by the Company.

In February 2026, the Sindh Assembly enacted the Sindh Development and Maintenance of Infrastructure Cess (Amendment) Act, 2026, which reduced the cess rate from 1.85% to between 0.8% and 0.85%. The amendment also introduced a Settlement Agreement facility, allowing petitioners to enter into structured payment plans either to pay the cess in full or in instalments for outstanding cess obligations. The Company entered into a Settlement Agreement on April 21, 2026, and opted to pay the cess in instalments and issued post dated cheques in favour of the Government of Sindh.

49. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's financial instruments expose it to a variety of financial risks namely operational risk, credit risk and market risk. The Board of Directors oversees policies for managing each of these risks which are summarised below.

49.1 Credit risk

Credit risk represents the accounting loss that would be recognised at the reporting date if counter parties failed completely to perform as contracted.

The maximum credit risk is equal to the carrying amount of financial assets. For banks and financial institutions, only independently rated parties with reasonable credit rating are accepted. For trade receivables and loans internal risk assessment process considers the credit risk of the customer/borrower, taking into account its financial position, past experience and other factors.

The carrying values of financial assets which are not impaired are as under:

49.2 **Market risk**

Market risk is the risk that the value of the financial instruments may fluctuate as a result of changes in market currency rates, interest rates or the equity prices due to a change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market. There has been no change in the Company's exposure to market risk or the manner in which this risk is managed and measured.

Under market risk the Company is exposed to currency risk, interest rate risk, price risk and liquidity risk.

49.2.1 **Foreign currency risk**

Foreign currency risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign currency risk arises mainly where receivables and payables exist due to transactions in foreign currencies.

JPY	1.72	1.97
CNY	40.99	39.59
AED	75.85	77.76
GBP	368.64	388.97

Sensitivity analysis

The following table demonstrates the sensitivity to a reasonably possible change in the foreign exchange rate, with all other variables held constant, of the Company's profit before tax and the Company's equity.

	Change in exchange rate	Effect on profit before tax	Effect on equity
	%	----- (Rupees in '000) -----	
2026	+ 10	84,271	66,666
	- 10	(84,271)	(66,666)
2025	+ 10	74,292	55,031
	- 10	(74,292)	(55,031)

49.2.2 Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company's exposure to the risk of changes in market interest rates relates primarily to long term loans other than SBP loans, cash in deposit accounts and short-term borrowings.

Sensitivity analysis

The following figures demonstrate the sensitivity of a possible change in interest rate, with all other variables held constant, on the Company's profit before tax:

	Increase/ decrease in basis points (KIBOR)	Effect on profit before tax
	----- (Rupees in '000) -----	
2026		
KIBOR	+ 100	19,318
KIBOR	- 100	(19,318)
2025		
KIBOR	+ 100	24,277
KIBOR	- 100	(24,277)

As at reporting date, the Company did not have any fixed rate financial instrument at fairvalue through profit or loss. Therefore, change in interest rates would not have affected profit or loss.

49.2.3 Price risk

Price risk represents the risk that the fair value or future cash flows of financial instruments will fluctuate because of changes in market prices (other than those arising from currency risk), whether those changes are caused by factors specific to the individual financial instruments or its issuer or factors affecting all similar financial instruments traded in the market. The Company is exposed to price risk in respect of its investments in listed shares and mutual funds.

As at the statement of financial position date, the exposure to listed equity securities at fair value was Rs. 552.981 million. A decrease of 10% in the fair value of these securities would have a negative impact of approximately Rs. 55.298 million on equity. An increase of 10% in the prices of these securities would positively impact equity with the similar amount.

49.2.4 Liquidity risk

Liquidity risk is the risk that an enterprise will encounter difficulty in raising funds to meet commitments associated with the financial instruments.

Through its treasury function, the Company continually monitors its liquidity position and ensures availability of funds by maintaining flexibility in funding by keeping committed credit lines available.

The maturity profile of the Company's liabilities based on contractual maturities is disclosed in note 48 to these unconsolidated financial statements.

50. CAPITAL RISK MANAGEMENT

The Company's prime objective when managing capital is to safeguard its ability to continue as a going concern, maintain healthy capital ratios, strong credit rating and optimal capital structure in order to ensure ample availability of finance for its existing and potential investment projects, to maximise shareholder value and reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, issue new shares or sell assets.

Consistent with others in the industry, the Company monitors capital on the basis of the gearing ratio. This ratio is calculated as proportion of borrowings to equity at year end.

The proportion of borrowings to equity at year end was:

	2026	2025
	----- (Rupees in '000) -----	
Total borrowings	<u>3,989,679</u>	<u>4,539,778</u>
Total equity	<u>39,740,457</u>	<u>33,086,752</u>
Gearing ratio	<u>10%</u>	<u>14%</u>

The Company finances its expansion projects through borrowings and management of its working capital with a view to maintain an appropriate mix between various sources of finance to minimise risk.

52. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. The carrying values of all financial assets and liabilities reflected in the unconsolidated financial statements approximate their fair values.

Fair value hierarchy

The different levels of fair valuation methods have been defined as follows:

- Quoted prices in active markets for identical assets or liabilities (level1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2); and
- Inputs for the asset or liability that are not based on observable market data (level 3).

CONSOLIDATED FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

To the members of Thal Limited

Opinion

We have audited the annexed consolidated financial statements of Thal Limited and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at June 30, 2026, and the consolidated statement of profit or loss, and the consolidated statement of comprehensive income, and the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at June 30, 2026, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of the Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key audit matters:

S.No	Key audit matter	How the matter was addressed in our audit
1	Revenue from contracts with customers - net (Refer notes 7.26 and 34 of the annexed consolidated financial statements)	
	The Group earns revenue from multiple business lines which operate as distinct business units with significant volume of revenue transactions. Revenue is recognized when the Group satisfies performance obligations as specified in the contracts with the customers. We considered revenue as a key audit matter, being one of the Group's key performance indicators of the Group. In addition, revenue was also considered as an area of significant audit risk as part of the audit process.	Our audit procedures, amongst others, included the following: - Obtained understanding and evaluated the accounting policies and the Group's procedures with respect to revenue recognition. - Evaluated the design and tested the operating effectiveness of key internal controls involved in revenue recognition. - Reviewed contracts with customers for each business segment to obtain an understanding of the terms particularly relating to timing and transfer of control of the products and assessed the appropriateness of revenue recognition policies and practices followed by the Group.

Information Other than the Consolidated and Unconsolidated Financial Statements and Auditor's Reports Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated and unconsolidated financial statements and our auditor's reports thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

A.F.FERGUSON & Co.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is **Shahbaz Akbar**.

- (c) The Supreme Court of Pakistan (SCP), in its judgement released on December 18, 2009 in Suo Moto case No. 18/2009, cancelled the 90 years lease dated December 19, 2002 granted by the Government of Pakistan (GoP) to the Army Welfare Trust (AWT) on the basis that it was granted without lawful authority. As a consequence, the SCP also cancelled the sub-lease dated July 31, 2006 granted in favour of MHPL by AWT. MHPL was allowed three months from the date of the judgement to remove its structures and installations from the subject land and hand over the subject land's vacant possession to City District Government Karachi (CDGK).

MHPL filed Civil Review Petition No. 4/2010, against the judgement of the SCP. AWT also filed Civil Review Petition No. 10/2010 on January 22, 2010 against the same judgement. Later on, the review petition filed by MHPL against the judgement of the SCP was dismissed on merit while review petition filed by AWT was dismissed on basis of non-prosecution by SCP through passing an order on August 27, 2015. As a consequence, original judgement released by SCP on Suo Moto Case No. 18/2009 dated December 18, 2009 was restored and MHPL was allowed three months to remove its structure and installation from the disputed land.

In response to the adverse order of SCP, MHPL closed its Saddar Store on September 11, 2015 and Operation Agreement between MHPL and MHCCP stands terminated.

On September 19, 2015, legal counsel of AWT pleaded to the SCP for the restoration and hearing of the Civil Review Petition No. 10/2010 and the same was restored by SCP through an order dated December 9, 2015.

The said review petition had been dismissed by SCP through an order dated February 2, 2024 and all impleadment applications in the review petitions were accordingly disposed of. MHPL in compliance with the SCP directives has transferred vacant, unencumbered, and peaceful possession of the plot on October 17, 2023. This transfer was made to the authorised representative of the Karachi Development Authority (KDA), the successor of CDGK. However, contempt of court proceedings regarding non vacation of the land within three months from the date of the judgement are pending before the SCP. No date has been fixed by SCP.

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- the contractual arrangement(s) with the other shareholders having voting rights of the investee;
- rights arising from other contractual arrangements; and
- the Group's voting rights and potential voting rights.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

Subsidiaries are consolidated from the date control is obtained until the date control ceases. Assets, liabilities, income and expenses of subsidiaries are consolidated on a line-by-line basis. Intra-group balances and transactions are eliminated in full.

On acquisition, identifiable assets and liabilities are measured at fair value. Goodwill represents the excess of consideration transferred over the fair value of net assets acquired and is carried at cost less accumulated impairment losses. Any bargain purchase gain is recognised in profit or loss.

Non-controlling interests are presented separately in equity, and changes in ownership interests that do not result in loss of control are accounted for as equity transactions

5. NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS TO THE ACCOUNTING AND REPORTING STANDARDS

5.1 Amendments to the accounting and reporting standards that are effective in the current year

There are certain new amendments and interpretations to the accounting and reporting standards which are mandatory for accounting periods which began on July 1, 2025. However, these do not have any material impact on the Group's financial statements and therefore have not been disclosed in these consolidated financial statements.

5.2 New Standards, interpretations and amendments to accounting and reporting standards that are not yet effective and not early adopted by the Group:

There are certain new standards, amendments and interpretations that will be applicable to the Group for its annual periods beginning on or after July 1, 2026. The new standards include IFRS 18 Presentation and Disclosure in financial statements with applicability date of July 1, 2027. The overall amendments include

those made to IFRS 7 and IFRS 9 which clarify the date of recognition and derecognition of a financial asset or financial liability which are applicable effective July 1, 2026. The Group's management at present is in the process of assessing the full impacts of these new standards and the amendments to IFRS 7 and IFRS 9 and is expecting to complete the assessment in due course.

6. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of these consolidated financial statements in conformity with accounting and reporting standards, as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of policies and the reported amount of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The estimates underlying the assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The estimates, assumptions and judgements made by the management that are subject to risk of material adjustment to the carrying amounts of assets and liabilities within the next financial year, are as follows:

7. MATERIAL ACCOUNTING POLICY INFORMATION

7.1 Property, plant and equipment

7.1.1 Operating fixed assets

These are stated at cost less accumulated depreciation and accumulated impairment losses, if any, except for freehold land which is stated at cost less impairment loss, if any.

Depreciation is charged to the consolidated statement of profit or loss by applying the straight line method at the rates specified in note 8 to these consolidated financial statements. Depreciation on additions is charged from the month asset is available for use and in case of deletion, up to the month preceding the month of disposal.

Maintenance and normal repairs are charged to the consolidated statement of profit or loss as and when incurred. Major renewals and improvements are capitalized and the assets so replaced, if any, are retired.

An item of operating assets and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the consolidated statement of profit or loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of operating fixed assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

7.1.2 **Capital work-in-progress**

All expenditure connected to the specific assets incurred during installation and construction period are carried under capital work-in-progress. These are transferred to specific assets as and when assets are available for use.

7.1.3 **Right-of-use assets**

The Group recognises a right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost less any accumulated depreciation and impairment losses and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of lease term and the estimated useful lives of the asset.

7.2 **Intangible assets**

These are stated at cost less accumulated amortization and accumulated impairment losses, if any.

Costs in relation to intangible assets are only capitalized when it is probable that future economic benefits attributable to those assets will flow to the Group and the same is amortized applying the straight line method at the rates stated in note 9 to these consolidated financial statements.

7.3 **Investment properties**

Investment properties are stated at cost less accumulated depreciation and impairment losses, if any.

Subsequent expenditures including major renewals and improvements are capitalised only when it is probable that respective future economic benefits associated with the expenditure will flow to the Group and the cost of the asset can be measured reliably, while maintenance and normal repairs are charged to the profit or loss, as and when incurred.

Depreciation on investment properties is charged to the consolidated statement of profit or loss by applying the straight line method at the rates specified in note 10 to the consolidated financial statements. Depreciation on additions is charged for the full month from the month in which the asset is available for use and on deletions up to the month immediately preceding the deletion.

Investment properties are derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Disposal of investment property is recognised when significant risk and rewards, incidental to the ownership of that asset, have been transferred to the buyer. Gains and losses are determined by comparing proceeds with the carrying amount of the relevant assets. These are included in the profit or loss in the period in which they arise. Gains or losses on disposal of investment properties, if any, are included in other income in the consolidated statement of profit or loss.

The carrying values of investment properties are reviewed at each reporting date for indications that an asset may be impaired and carrying values may not be recovered. If such indications exist and where the carrying values exceeds the estimated recoverable amounts, the asset is written down to the recoverable amounts. The recoverable amount of investment properties is the greater of fair value less cost to sell and value in use.

A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the recoverable amount of investment properties since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the investment properties does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the investment properties in prior years. Such reversal is recognised in the consolidated statement of profit or loss.

7.4 **Investments in associates**

Investments in associates are accounted for using the equity method, whereby the investment is initially recorded at cost and adjusted thereafter for the post acquisition change in the Group's share of the net assets of the associate. The consolidated financial statements reflects the Group's share of the results of the operations of the associate.

The Group determines at each reporting date whether there is any objective evidence that the investment in the associate is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognises the same in the consolidated statement of profit or loss.

7.5 **Joint arrangements**

Joint arrangements are arrangements in which the Group has contractually agreed sharing of control, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control. Joint arrangements are classified as joint operations or joint ventures depending upon the rights and obligations arising from the joint arrangement.

Depending upon the rights and obligation of the parties to the arrangement, joint arrangements can be classified as either:

7.5.1 **Joint ventures**

A joint arrangement is classified as a joint venture when the parties to the arrangement that have joint control have rights to the net assets of the joint venture.

The Group measures its interest in the joint venture using the equity method of accounting. Under the equity method of accounting, the investment is initially recognized at cost and adjusted thereafter for the post-acquisition change in the Group's share of the joint venture's net assets. The Group's profit or loss includes its share of the joint venture's profit or loss and the Group's other comprehensive income includes its share of the joint venture's other comprehensive income.

7.5.2 **Joint operations**

A joint arrangement is classified as a joint operation when the Group has the rights to the assets, and obligations for the liabilities of the arrangement in relation to the joint operation.

The Group has not made any investment in a joint operation.

7.6 **Taxation - Levy and income tax**

7.6.1 **Levy**

As per the IAS 12 Application Guidance on Accounting for Minimum Taxes and Final Taxes issued by the Institute of Chartered Accountants of Pakistan, the Group recognises income tax calculated on taxable income using the notified rate as current income tax expense. Any excess over the amount designated as current income tax expense is then recognised as levy in operating expense within the scope of IFRIC 21/ IAS 37.

Income Tax

The tax expense for the year comprises of current and deferred tax. Tax is recognised in the consolidated statement of profit or loss, except to the extent that it relates to items recognised in OCI or directly in equity. In which case, the tax is also recognised in OCI or directly in equity.

Current

Provision for current taxation is based on the taxable income for the year calculated on the basis of the tax laws enacted or substantively enacted at the reporting date and any adjustment to tax payable in respect of previous years.

Current tax assets and tax liabilities are offset where the Group has the legally enforceable right to offset and intends either to settle on net basis or to realise the asset and settle the liability simultaneously.

Deferred

Deferred tax is recognised using the balance sheet liability method, providing for all temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the tax rates (and tax laws) that have been enacted or substantively enacted at reporting date.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and where the deferred tax balances relate to the same taxation authority.

7.7 Stores, spares and loose tools

These are valued at lower of cost, determined using weighted average method, and net realisable value, less provision for obsolete items (if any). Items in transit are valued at cost comprising purchase price, freight value and other charges incurred thereon. Provision is made for items which are obsolete and slow moving and is determined based on management estimate regarding their future usability.

7.8 Stock-in-trade

Stock-in-trade, except goods-in-transit, is valued at the lower of weighted average cost or net realisable value. The cost is determined as follows:

Raw and packing materials	- Purchase cost
Work-in-process and finished goods	- Cost of materials, labour cost and overheads

Goods-in-transit are valued at cost comprising purchase price, freight value and other charges incurred thereon.

Net realisable value signifies the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Provision is made for items which are obsolete and slow moving and is determined based on management estimate regarding their future usability.

7.9 Trade debts and other receivables

These are measured at cost, less expected credit loss allowance as disclosed in note 7.24.1.

Exchange gains or losses arising in respect of trade debts and other receivables in foreign currency are added to their respective carrying amounts.

7.10 Loans, advances, trade deposits and short-term prepayments (other than financial assets)

These are initially recognised at cost, which is the fair value of the consideration given. Subsequent to initial recognition, assessment is made at each consolidated statement of financial position date to determine whether there is an indication that a financial asset or group of assets may be impaired. If such indication exists, the estimated recoverable amount of that asset or group of assets is determined and any impairment loss is recognised for the difference between the recoverable amount and the carrying value.

7.11 Cash and cash equivalents

For the purpose of the consolidated cash flow statement, cash and cash equivalents comprise of cash in hand, bank balances and short-term investments with a maturity of three months or less from the date of acquisition net of bank overdraft/running finance facilities that are deemed integral to the Group's cash management. The cash and cash equivalents are readily convertible to known amount of cash and are therefore subject to insignificant risk of changes in value.

7.12 **Share capital**

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

7.13 **Trade and other payables**

Liabilities for trade and other payables are carried at amortised cost which approximates the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the Group.

Exchange gains and losses arising on translation in respect of liabilities in foreign currency are added to the carrying amount of the respective liabilities.

7.14 **Provisions**

General

Provisions are recognised in the consolidated statement of financial position where the Group has a legal or constructive obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provision are reviewed at each consolidated statement of financial position date and adjusted to reflect current best estimate. When the Group expects some or all of the provision to be reimbursed, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. Provisions are reviewed at each reporting date and adjusted to reflect current best estimate.

Warranty obligations

The Group recognizes the estimated liability on accrual basis to repair or replace products under warranty at the reporting date. These are recognised when the product is sold or service is provided to the customer. Initial recognition is based on historical experience and estimate of probability weighted expected outcome. The estimates of warranty-related costs is reviewed annually and adjusted, if required.

7.15 **Compensated absences**

Accrual is made for employees' compensated absences on the basis of encashable leaves as per the entitlements and Group policy.

7.16 **Defined contribution plan**

Provident fund

The Group operates an approved provident fund scheme for its permanent employees. Equal monthly contributions are made to the fund by the Group and the employees in accordance with the rules of the scheme. The Group has no further obligation once the contributions have been paid. The contributions made by the Group are recognised as employee benefit expense when they are due.

Retirement benefit fund

The Group operates an approved funded scheme for retirement benefits for all employees on the basis of defined contribution made by the Group on attaining the retirement age or in the event of death, with a minimum qualifying period of ten years which is managed by a Trust.

7.17 **Contract liabilities**

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract.

7.18 **Unclaimed dividend**

This is recognised at the amount of dividend declared and unclaimed by shareholders from the date it became due and payable.

7.19 Unpaid dividend

This is recognised at the amount of dividend declared and claimed by shareholders but remained unpaid for the period of 3 years from the date it became due and payable.

7.20 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

7.20.1 Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

7.20.2 Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

7.20.3 Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less lease incentives receivable (if any), variable lease payments that depend on an index or a rate (if any), and amounts expected to be paid under residual value guarantees (if any). The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group (if any) and payments of penalties for terminating the lease (if any), if the termination option is reasonably certain to be exercised. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs. In calculating the present value of lease payments at the lease commencement date, the Group uses the interest rate implicit in the lease. In case where the interest rate implicit in the lease is not readily determinable, the Group uses its incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

7.20.4 Determination of the lease term for lease contracts with extension and termination options

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control that affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation of the leased asset).

7.20.5 Estimating the incremental borrowing rate

The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate ('IBR') to measure lease liabilities. The IBR is the rate of interest that the Group would have

to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment.

7.21 **Contingent liabilities**

Contingent liability is disclosed when

- there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- there is a present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

7.22 **Financial assets**

A financial asset (unless it is a trade receivable without a significant financing component that is initially measured at the transaction price) is initially measured at fair value plus, for an item not at FVPL, transaction costs that are directly attributable to its acquisition.

7.22.1 **Classification and measurement**

Under IFRS 9 Financial assets are classified, at initial recognition, as subsequently measured at following:

- (a) at amortised cost
- (b) at fair value through other comprehensive income (FVOCI); and
- (c) at fair value through profit or loss (FVPL).

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the business model for managing them.

(a) At amortised cost

A financial asset is measured at amortised if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

(b) At fair value through other comprehensive income (OCI)

A debt instrument is measured at fair value through OCI if both of the following conditions are met:

- The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that are initially recognised at fair value through OCI are subsequently measured at fair value. Interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the consolidated statement of profit or loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is recycled to profit or loss.

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made

on an investment-by-investment basis. The Group has irrevocably elected to carry its quoted investments in equity instruments under this category.

Equity instruments that are initially recognised at fair value through OCI are subsequently measured at fair value. Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as other income in the consolidated statement of profit or loss when the right of payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

(c) At fair value through profit or loss

Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at fair value through OCI or at fair value through profit or loss if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

7.22.2 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Group's statement of financial position) when:

- The rights to receive cash flows from the asset have expired; or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
 - (a) the Group has transferred substantially all the risks and rewards of the asset, or
 - (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of its continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

7.23 Financial liabilities

7.23.1 Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

7.23.2 Subsequent measurement

Financial liabilities, other than those at fair value through profit or loss, are subsequently measured at amortised cost using the effective yield method.

7.23.3 Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gains or losses on liabilities held for trading are recognised in the consolidated statement of profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in IFRS 9 are satisfied. The Group has not designated any financial liability as at fair value through profit or loss.

7.23.4 Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognised in consolidated statement of profit or loss when the liabilities are derecognised as well as through EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. EIR amortisation is included as finance costs in the consolidated statement of profit or loss. This category generally applies to interest-bearing loans and borrowings.

7.23.5 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the consolidated statement of profit or loss.

7.23.6 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

7.24 Impairment of financial and non financial assets

7.24.1 Impairment of financial assets

The Group assesses on a forward-looking basis the expected credit losses (ECL) associated with its debt instrument assets carried at amortised cost and fair value through OCI. The Group recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions (including macroeconomic factors).

For trade debts, the Group applies a simplified approach, where applicable, in calculating ECL. The Group has established a provision matrix for portfolio of customers having similar risk characteristics and estimates default rates based on the Group's historical credit loss experience, adjusted for forward-looking factors (including gross domestic product and inflation rate). The Group considers that a financial asset is in default when the counterparty fails to make contractual payments within 90 days of when they fall due. Further, financial assets are written off by the Group, in whole or part, when it has exhausted all practical recovery efforts and has concluded that there is no reasonable expectation of recovery.

7.24.2 **Impairment of non-financial assets**

The carrying amounts of non-financial assets are assessed at each reporting date to ascertain whether there is any indication of impairment. If such an indication exists, the asset's recoverable amount is estimated to determine the extent of impairment loss, if any. An impairment loss is recognised, as an expense in the consolidated statement of profit or loss and other comprehensive income. The recoverable amount is the higher of an asset's fair value less cost to disposal and value in use. Value in use is ascertained through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risk specific to the assets for which the estimate of future cash flow have not been adjusted. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

An impairment loss is reversed if there is a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognised previously. Reversal of an impairment loss is recognised immediately in the consolidated statement of comprehensive income.

7.25 **Earnings per share**

The Group presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the consolidated profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the consolidated profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares (if any).

7.26 **Revenue recognition**

a) Revenue from goods and related services

The Group recognises revenue from sale of goods or services after the deduction of discounts, sales tax and returns, if any, when the goods are transferred or services are rendered to the customer and the performance obligations are fulfilled. Goods and services are considered to be transferred/rendered when the control belongs to the customer. Control is considered to be transferred at the point in time when the products/services have been delivered to the customer. The normal credit term is 30 to 90 days.

b) Revenue from other services

Service income arising from executing service contracts of internal audit services, information technology services, HR services, advisory services, business planning, merger and acquisition and etc. Revenue from contracts with customers is recognised monthly based on the "Service Agreements". The performance obligation in relation to these services are considered to be discharged over time as such services are consumed by the customers.

The Group considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price for the services, the Group considers the effects of variable consideration, the existence of significant financing components, non-cash consideration, and consideration payable to the customer (if any).

c) Revenue from rental income

Rental income arising from operating leases on investment property is accounted for on a straight line basis over the lease term and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are recognised as an expense over the lease term on the same basis as the lease income.

7.27 Other income

Other income is recognised to the extent it is probable that the economic benefits will flow to the Group and amount can be measured reliably. Other income is measured at the fair value of the consideration received or receivable and is recognised on the following basis:

- Dividend income is recognised when the right to receive the dividend is established;
- Interest on Term Deposit Receipts and Treasury Bills (T-Bills) are recognised on constant rate of return to maturity;
- Interest on deposit accounts is recognised on accrual basis;

- 29.3 This includes current portion of Sindh Infrastructure Development Cess (SIDC). SIDC was levied in the province of Sindh in 1994 vide Section 9 of the Sindh Finance Act on the goods entering or leaving the province from or for outside the country, ostensibly for services rendered in respect of development and maintenance of infrastructure. Levy is applicable on imported goods and it is charged at the time of custom clearance. Group of importers challenged the levy on the grounds that imposing levy on 'import and export' does not fall within legislative competence of the provincial legislature.

In 2011, Sindh High Court (SHC) through its order granted an interim relief to all the petitioners directing that the future imports of the petitioners will be cleared on payment of 50% of the disputed cess while for remaining 50% bank guarantee is to be submitted till the final decision by the Court. In May 2014, the Company filed a petition in SHC against Government of Sindh and Court granted same interim relief as was available to other petitioners, i.e., the Company to make payment for 50% cess and provide bank guarantee for 50% balance payable.

On June 4, 2021 SHC announced its decision in favour of Sindh Government and against 482 petitioners from the industry. The decision validated the SIDC levy and "The Sindh Development and Maintenance of Infrastructure Cess Act, 2017", retrospectively. The Company filed petition before the Supreme Court of Pakistan, challenging the order of SHC. The Supreme Court of Pakistan suspended the operation of the SHC's judgment on September 1, 2021 and instructed the petitioners to provide the bank guarantee equivalent to the amount of levy claimed by the respondents against release of all future imported consignments, which is being provided by the Company.

In February 2026, the Sindh Assembly enacted the Sindh Development and Maintenance of Infrastructure Cess (Amendment) Act, 2026, which reduced the cess rate from 1.85% to between 0.8% and 0.85%. The amendment also introduced a Settlement Agreement facility, allowing petitioners to enter into structured payment plans either to pay the cess in full or in instalments for outstanding cess obligations. The Company entered into a Settlement Agreement on April 21, 2026, and opted to pay the cess in instalments and issued post dated cheques in favour of the Government of Sindh.

32.1 In terms of the provisions of Section 59B of the Income Tax Ordinance, 2001 (the Ordinance), a subsidiary company may surrender its tax losses in favour of its Holding Company for set off against the income of its Holding Company subject to certain conditions as prescribed under the Ordinance.

Accordingly, the Holding Company adjusted its tax liabilities for the tax years 2008 to 2010 by acquiring the losses of its Subsidiary Company and consequently an aggregate sum of Rs. 593.466 million equivalent to the tax value of the losses acquired had been paid to the Subsidiary Company.

The original assessments of the Holding Company for the tax years 2008 to 2010 were amended under Section 122(5A) of the Ordinance by the tax authorities by disallowing Group Tax Relief claimed by the Holding Company under Section 59B of the Ordinance aggregating to Rs. 593.466 million. The Holding Company preferred appeals against the said amended assessments before the Commissioner Inland Revenue (Appeals) who vide his orders dated June 10, 2011 and July 11, 2011 has held that the Holding Company is entitled to Group Tax Relief under Section 59B of the Ordinance. However, the tax department filed an appeal before the Appellate Tribunal Inland Revenue (ATIR) against the Commissioner Inland Revenue (Appeal) Order. The ATIR has passed an order in favour of the Holding Company for the above tax years. In response, the tax department filed reference application/appeal against the order of ATIR before the High Court of Sindh and with the Chairman ATIR which are under the process of hearings.

The management is confident based on the opinion of legal advisor that the matter is expected to be decided in favor of the Holding Company and hence there will be no impact on the Holding Company. Accordingly no provision has been made in these consolidated financial statements.

33. CONTINGENCIES AND COMMITMENTS

33.1 Contingencies

The Holding Company

33.1.1 The contingency related to Group Tax Relief is disclosed in note 32.1 to these consolidated financial statements respectively.

Makro-Habib Pakistan Limited

- 33.1.2 The Officer Inland Revenue (OIR) initiated the proceedings for monitoring of withholding taxes of MHPL vide show cause notice on April 6, 2016. The exparte order under Section 161/205/182(1) of the Income Tax Ordinance, 2001 was passed on April 14, 2016 and tax of Rs. 1.81 billion for the tax years from 2011 to 2014, was determined inclusive of default surcharge and penalty. MHPL being aggrieved with the order of OIR, filed an appeal before the Commissioner Inland Revenue (CIR) (Appeals) through combined appellate order dated May 23, 2016 for the tax years 2011 to 2014 maintained the decision of OIR.

MHPL being aggrieved with order of the Commissioner Inland Revenue (Appeals), filed an appeal before the Appellate Tribunal Inland Revenue (ATIR), which by an order dated June 20, 2016 annulled the orders of OIR and CIR (Appeals) and also deleted the consequential default surcharge and penalty.

Further, during the year 2017, OIR challenged the order of the ATIR in the High Court of Sindh which has been decided in favour of MHPL on May 5, 2025, dismissing the referenced applications for non-prosecution. Subsequently, OIR filed applications seeking restoration of the applications which are pending adjudication.

- 33.1.3 In 2023, Karachi Water & Sewerage Board (KWSB) issued a warrant notice to the Subsidiary Company, demanding Rs. 10.838 million in arrears for land revenue, which KWSB claimed was due to non-payment of monthly water charges from April 2018 onward. On August 26, 2023, MHPL challenged this notice and the alleged arrears. A stay order in favor of MHPL has been granted by Civil Court on July 8, 2024.

During the year the ended June 30, 2025, the parties reached a settlement in which KWSB agreed to issue a revised challan of Rs. 4 million. Upon issuance of this revised challan, MHPL will receive a No Objection Certificate (NOC) from KWSB, and the case will be disposed of as settled between the parties.

During the year ended June 30, 2026, implementation of the settlement remained pending due to administrative delays in obtaining approval from KWSB. Management has been informed that the settlement is expected to be processed after KSWB Board approval, expected in August 2026, following which payment will be made. The matter also continues to be challenged before the Civil Court.

Habib METRO Pakistan (Private) Limited

- 33.1.4 In March 2009, the Pakistan Airports Authority (PAA) [previously part of the combined Civil Aviation Authority] issued a notice regarding the implementation of Non-Utilization Charges (NUC) as per Clause 4 of the lease agreement. PAA claimed that construction on the remaining half of the land, totaling 19,360 square yards, had not been completed, thereby violating the lease agreement. From 2009 to 2013, various correspondences and multiple meetings were held with PAA, including discussions with the Chief Commercial & Marketing Officer, to clarify the lease terms and argue that NUC were not applicable. HMPL contended that NUC did not apply since 4 acres had been reserved for future development with PAA's permission, as indicated in the initial 2006 plans marked "Reserved for Future Expansion".

On November 16, 2015, HMPL applied to PAA for permission to construct Phase II to Phase IV of the Makro Mall on the portion of land reserved for future expansion. PAA, in its letter dated April 19, 2016, reviewed and cleared the architectural drawings but requested additional detailed structural, mechanical, electrical, and plumbing drawings. HMPL submitted the detailed drawings on October 12, 2017, but no response was received.

On July 11, 2019, the HMPL initiated dispute resolution proceedings to address both the building plan approval and NUC issues, but PAA did not respond. With no effective alternative remedy, HMPL filed C.P. No. 5577/2019 with the High Court of Sindh, seeking a court order for PAA to process and approve the building plans within thirty days and grant construction permission. The issue of NUC was not addressed in this case. In a letter dated November 10, 2023, PAA referred to previous correspondence about NUC under Clause 4 of the lease agreement and invited HMPL to request arbitration by the Director General of PAA (DG PAA) under Clause 10 of the agreement to which HMPL responded vide letter dated June 24, 2024. On December 16, 2024 the meeting was held with PAA officials to discuss the resolution of the ongoing dispute which was adjourned without any conclusion due to the disagreement between the parties. Subsequently, vide letter dated December 30, 2024, PAA invited HMPL to submit a resolution proposal to

which HMPL has responded vide letter dated January 20, 2025. A hearing in this regard was held with DG PAA on March 19, 2025. Being abundant caution, the management has recorded a provision amounting to Rs. 253.220 million in these consolidated financial statements.

Subsequently, through its order dated July 30, 2026, the Pakistan Airports Authority (PAA) revised the charges previously imposed. Under the original proposed arrangement, a rate of Rs. 300 per square yard per month had been applied over an 11-year period. This has now been revised to Rs. 150 per square yard per month for an area of 4 acres and 19,360 square yards, resulting in a total liability of Rs. 580.706 million for the period from July 2, 2008 to March 18, 2025. The amount is payable in eight equal installments, with the first installment due within 45 days of the date of the order. Accordingly, this has resulted in the recognition of a liability of Rs. 336.728 million, as disclosed in these consolidated financial statements.

51 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's financial instruments expose it to a variety of financial risks namely operational risk, credit risk and market risk. The Board of Directors oversees policies for managing each of these risks which are summarised below.

51.1 Credit Risk

Credit risk represents the accounting loss that would be recognised at the reporting date if counter parties failed completely to perform as contracted.

The maximum credit risk is equal to the carrying amount of financial assets. For banks and financial institutions, only independently rated parties with reasonable credit rating are accepted. For trade receivables, internal risk assessment process considers the credit risk of the customer, taking into account its financial position, past experience and other factors.

The carrying values of financial assets which are not impaired are as under:

	2026	2025
	----- (Rupees in '000) -----	
Long-term investments	552,981	439,522
Long-term deposits	42,260	37,306
Trade debts	6,592,180	5,894,553
Trade deposits and short term prepayments	26,511	113,224
Interest accrued	47,316	32,162
Other receivables	1,050,052	1,027,510

Cash and bank balances	3,197,228	2,457,031
	<u>33,591,965</u>	<u>24,116,564</u>

Ageing analysis of trade debts is as follows:

The credit quality of financial assets other than bank balances and short term investments in TDRs and TFCs can be assessed with reference to their historical performance with no or some defaults in recent history, however, no losses.

The credit quality of the Group's bank balances and short term investments in TDRs and TFCs can be assessed with reference to external credit ratings as follows:

51.2 Market risk

Market risk is the risk that the value of the financial instruments may fluctuate as a result of changes in market currency rates, interest rates or the equity prices due to a change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market. There has been no change in the Group's exposure to market risk or the manner in which this risk is managed and measured.

Under market risk the Group is exposed to currency risk, price risk and liquidity risk.

51.2.1 Foreign currency risk

Foreign currency risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign currency risk arises mainly where receivables and payables exist due to transactions in foreign currencies.

51.2.2 Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Group's exposure to the risk of changes in market interest rates relates primarily to the cash and deposit and savings accounts, short term borrowings (export refinance scheme) and long-term borrowings.

Sensitivity analysis:

The following figures demonstrate the sensitivity to a reasonably possible change in interest rate, with all other variables held constant, of the Group's profit before tax:

2025		
KIBOR	+ 100	<u>(18,765)</u>
KIBOR	100	<u>18,765</u>

51.2.3 Price risk

Price risk is the risk that the fair value of future cashflows of financial instruments will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Group is exposed to price risk in respect of its investments in listed shares and mutual funds.

As at the reporting date, the exposure to listed equity securities at fair value was Rs.552.981 million. A decrease of 10% in the fair value of these securities would have a negative impact of approximately Rs. 55.298 million on equity. An increase of 10% in the prices of these securities would positively impact equity with the similar amount.

51.2.4 Liquidity risk

Liquidity risk is the risk that an enterprise will encounter difficulty in raising funds to meet commitments associated with the financial instruments.

Through its treasury function, the Group continually monitors its liquidity position and ensures availability of funds by maintaining flexibility in funding by keeping committed credit lines available.

The maturity profile of the Group's liabilities based on contractual maturities is disclosed in note 50 to these consolidated financial statements.

52. CAPITAL RISK MANAGEMENT

The Group's prime objective when managing capital is to safeguard its ability to continue as a going concern, maintain healthy capital ratios, strong credit rating and optimal capital structure in order to ensure ample availability of finance for its existing and potential investment projects, to maximize shareholder value and reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, issue new shares or sell assets.

Consistent with others in the industry, the Group monitors capital on the basis of the gearing ratio. This ratio is calculated as proportion of borrowings to equity at year end.

The proportion of borrowings to equity at year end was:

	2026	2025
	------(Rupees in '000)-----	
Total borrowings	<u>4,130,490</u>	<u>4,907,038</u>
Total equity	<u>68,609,029</u>	<u>59,559,731</u>
Gearing ratio	<u>6%</u>	<u>8%</u>

The Group finances its expansion projects through borrowings and management of its working capital with a view to maintain an appropriate mix between various sources of finance to minimize risk.

54. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair values.

Fair value hierarchy

The different levels of fair valuation methods have been defined as follows:

- Quoted prices in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2); and
- Inputs for the asset or liability that are not based on observable market data (level 3).

چیمبر مین کا جائزہ

جناب رفیق حبیب کے افسوسناک انتقال کے بعد، جن کی بصیرت، اقدار اور قیادت نے تھل لمیٹڈ کی بنیاد رکھنے اور گزشتہ سالوں کے دوران اس کے سفر کو تشکیل دینے میں کلیدی کردار ادا کیا، بورڈ نے مجھ پر اعتماد کرتے ہوئے مجھے چیمبر مین مقرر کیا۔ اگرچہ ان کے انتقال سے پیدا ہونے والا خلا ابھی حقیقی معنوں میں پُر نہیں کیا جاسکتا، تاہم میں یہ ذمہ داری نہایت عاجزی اور انکساری کے ساتھ قبول کرتا ہوں اور اس حقیقت سے بخوبی آگاہ ہوں کہ مجھے ایک بہت بڑی ذمہ داری اور ایک عظیم ورثہ کو آگے بڑھانا ہے۔ انہوں نے کمپنی کی قیادت، وقار، دانائی اور دیانت داری کے ساتھ کی اور نگہداشت، خدمت اور ذمہ دارانہ قیادت کی ایک پائیدار روایت چھوڑی۔ میں کمپنی اور اس کے تمام اسٹیک ہولڈرز کے بہترین مفاد میں ان کے اس ورثے کو بہترین انداز میں آگے بڑھانے کے لئے پُر عزم ہوں۔

بحیثیت چیمبر مین، میں نے تھل لمیٹڈ کے بورڈ آف ڈائریکٹرز کے ساتھ مل کر سال کے دوران کمپنی کے آپریشنز کیلئے موثر قیادت، حکمت عملی کی سمت اور مناسب نگرانی فراہم کرنے کے عزم کو برقرار رکھا۔ اپنی امانتی اور قانونی ذمہ داریوں کی ادائیگی کے دوران، ہم نے کاروباری کارکردگی کی قریبی نگرانی کی، اہم حکمت عملی کے اقدامات کا جائزہ لیا، اٹھرتے ہوئے خطرات کا جائزہ اور تجزیہ کیا اور اس امر کو یقینی بنایا کہ کمپنی کے کارپوریٹ گورننس، رسک مینجمنٹ اور اندرونی کنٹرول کے فریم ورک موثر انداز میں کام کر رہے ہیں۔

بورڈ آف ڈائریکٹرز اور اس کی کمیٹیوں کے اجلاس پورے سال باقاعدگی سے منعقد ہوتے رہے، جبکہ میں نے اپنے ساتھی ڈائریکٹرز اور انتظامیہ کے ساتھ تعمیری اور موثر رابطہ برقرار رکھا تا کہ کمپنی کی حکمت عملی اور آپریشنل مقاصد کے حصول میں معاونت فراہم کی جاسکے۔ سال کے دوران ہم نے بورڈ، بورڈ آڈٹ کمیٹی اور ہیومن ریسورس اینڈ ریلیشن کمیٹی کی سالانہ کارکردگی کا جائزہ بھی لیا۔ جائزے کے نتائج کا تفصیلی مطالعہ کیا گیا، جس کے دوران ڈائریکٹرز نے جائزے کے ہر سوال کے اوسط اسکور پر تبادلہ خیال کیا اور اس امر کا مشاہدہ کیا کہ مجموعی درجہ بندی تسلی بخش رہی، جبکہ بعض مجموعی درجہ بندیوں میں گزشتہ سال کے مقابلے میں بہتری بھی آئی۔ ہم نے اس امر کو بھی تسلیم کیا کہ حکمت عملی سے متعلق شعبوں میں مسلسل توجہ اور مزید پیش رفت کی ضرورت ہے۔ مجھے اطمینان ہے کہ کارکردگی کا یہ جائزہ لینے کا عمل مسلسل بہتری کے چکر کو فروغ دیتا ہے، کارپوریٹ گورننس کے طریقہ کار کو مزید مضبوط بناتا ہے اور کمپنی، اس کے شیئرز ہولڈرز اور دیگر تمام اسٹیک ہولڈرز کے طویل مدتی مفاد میں موثر نگرانی فراہم کرنے کیلئے بورڈ کے کردار کو تقویت دیتا ہے۔

مجھے یہ بتاتے ہوئے خوشی ہو رہی ہے کہ کمپنی نے سال کے دوران ایک مضبوط اور مستحکم کارکردگی کا مظاہرہ کیا، جیسے بہتر ہوتے ہوئے معاشی حالات، اہم کاروباری شعبوں میں بحالی اور کمپنی کے مختلف کاروباروں میں منظم اور موثر عملدرآمد سے تقویت ملی۔ فروخت سے حاصل ہونے والی آمدنی بڑھ کر 35.9 ملین روپے ہو گئی، جبکہ نیٹس اور لیویز کے بعد منافع بڑھ کر 8.4 ملین روپے رہا، جو آپریشنل کارکردگی میں بہتری اور حکمت عملی اور سرمایہ کاری سے حاصل ہونے والے منافع کی عکاسی کرتا ہے۔ انجینئرنگ کے شعبے نے آٹوموٹیو مصنوعات کی فروخت کے حجم میں اضافے، صارفین کے ساتھ مضبوط روابط، مقامی سطح پر پیداوار اور مقامی تیاری کے اقدامات اور آفٹر مارکیٹ چینلوں میں ترقی سے فائدہ اٹھایا۔ دوسری جانب، بلڈنگ میٹریلز اینڈ الائیڈ پروڈکٹس کے شعبے نے برآمدات کے فروغ، مصنوعات میں جدت، لاگت میں موثر کی اور محتاط مارجن مینجمنٹ کے ذریعے طلب سے متعلق دباؤ کا موثر انداز میں سامنا جاری رکھا۔ میں انتظامیہ کی جانب سے آپریشنل نظم و ضبط، سرمایہ کاری کے موثر اور دانشمندانہ استعمال اور طویل مدتی قدر میں اضافے پر توجہ کو سراہتا ہوں۔ ان اقدامات نے کمپنی کو اپنی کارکردگی برقرار رکھنے کے ساتھ ساتھ مستقبل کیلئے ضروری صلاحیتوں اور استعداد میں سرمایہ کاری جاری رکھنے کے قابل بنایا۔

بورڈ کے ساتھ مل کر، میں پوری کمپنی میں اندرونی کنٹرولز، رسک مینجمنٹ اور ضابطہ جاتی تقاضوں کی پابندی کے ایک مضبوط نظام کو برقرار رکھنے کو خاص اہمیت دیتا ہوں۔ موثر اندرونی کنٹرولز وضع کرنا اور ان پر عملدرآمد یقینی بنانا انتظامیہ کی ذمہ داری ہے، جبکہ بورڈ، بورڈ آڈٹ کمیٹی کے ذریعے، کنٹرول ماحول، مالیاتی رپورٹنگ کے عمل، اندرونی آڈٹ کے شعبے اور رسک مینجمنٹ فریم ورک کی نگرانی کرتا ہے۔ اپنے تفویض کردہ دائرہ کار کے مطابق، بورڈ آڈٹ کمیٹی اندرونی آڈٹ کے منصوبوں، خطرات کی بنیاد پر آڈٹ کو ترجیح، اہم آڈٹ مشاہدات، انتظامیہ کے جوابات اور اندرونی کنٹرولز کی کفایت کا باقاعدگی سے جائزہ لیتی ہے۔ یہ عمل جوابدہی کو مزید مضبوط بنانے کے ساتھ ساتھ بورڈ کو اپنی کارپوریٹ گورننس سے متعلق ذمہ داریاں موثر طور پر ادا کرنے میں معاونت فراہم کرتا ہے۔

کمپنی کا انٹرپرائز رسک مینجمنٹ فریم ورک اہم حکمت عملی، آپریشنل، مالیاتی، ضابطہ جاتی پابندیوں سے متعلق اور پائیداری سے وابستہ خطرات کی بروقت نشاندہی، ان کے جائزے اور نگرانی کو ممکن بناتا ہے، جبکہ انتظامیہ کو بروقت تدابیر کی اقدامات کرنے میں بھی معاونت فراہم کرتا ہے۔ سال کے دوران ہم نے اس فریم ورک کو مزید مضبوط کیا۔ اس مقصد کیلئے بورڈ آڈٹ کمیٹی کے ٹرمز آف ریلیف میں ترامیم کے ذریعے اس کے دائرہ کار کو باضابطہ طور پر وسیع کیا گیا تا کہ ESG سے متعلق خطرات اور مواقع کی نگرانی بھی اس کی ذمہ داریوں میں شامل ہو جائے۔ اس اضافے کا مقصد پائیداری سے متعلق امور کو کمپنی کی حکمت عملی، خطرات کے جائزے، سرمایہ کاری کے فیصلوں اور وسیع تر فیصلہ سازی کے عمل میں مربوط کرنے میں معاونت فراہم کرنا ہے۔ کمپنی IFRS سسٹیمز اینڈ ایسیٹس کی دس کلوڈز اسٹینڈرڈز کے تحت شفافیت اور انکشافات کے بہتر تقاضوں کو پورا کرنے کیلئے بھی خود کو تیار کر رہی ہے، جن میں پائیداری سے متعلق مالیاتی معلومات کیلئے IFRS S1 اور موسمیاتی تبدیلی سے متعلق انکشافات کیلئے IFRS S2 شامل ہیں۔ اس سلسلے میں ابتدائی طور پر موسمیاتی امور پر موزوں کلائمٹ فرسٹ حکمت عملی اپنایا جا رہی ہے۔ مجھے یقین ہے کہ یہ اقدامات بتدریج کمپنی کے کارپوریٹ گورننس کے نظام کو مزید مضبوط کریں گے، پائیداری سے متعلق معلومات اور ڈیٹا کی دستیابی و تیاری کو بہتر بنائیں گے، پائیداری سے متعلق معلومات پر اندرونی کنٹرولز کو تقویت دیں گے اور قابل اطلاق ضابطہ جاتی انکشافات کے تقاضوں سے ہم آہنگی کو مزید موثر بنائیں گے۔

مستقبل کے حوالے سے، میں کمپنی کے مستقبل کے امکانات کے بارے میں محتاط طور پر پُر امید ہوں، تاہم بیرونی غیر یقینی صورت حال، لاگت کے دباؤ، شرح مبادلہ میں اتار چڑھاؤ اور مارکیٹ کے بدلتے ہوئے حالات کو مد نظر رکھنا بھی ضروری ہے۔ ہم کمپنی کے بنیادی کاروبار کو مزید مضبوط بنانے، برآمدات میں وسعت، مقامی سطح پر تیاری اور ویلیو ایڈیشن کو فروغ دینے، نئی مصنوعات اور مارکیٹس کی ترقی اور آپریشنل کارکردگی میں بہتری پر اپنی توجہ برقرار رکھیں گے۔ اس کے ساتھ ساتھ میں بورڈ کے ساتھ مل کر انتظامیہ کی رہنمائی جاری رکھوں گا تا کہ حکمت عملی کی ترجیحات، پائیداری سے متعلق تیاری، رسک مینجمنٹ اور محتاط و دانشمندانہ سرمایہ کاری کے فیصلوں پر موثر توجہ برقرار رہے۔ متنوع کاروباری پورٹ فولیو، تجربہ کار انتظامی ٹیم اور مضبوطی، لچک اور جدت پر واضح توجہ کے باعث، میرا یقین ہے کہ کمپنی پائیدار ترقی کے حصول اور اپنے شیئرز ہولڈرز کیلئے طویل مدتی قدر پیدا کرنے کیلئے ایک مضبوط اور موزوں پوزیشن میں ہے۔

میں کمپنی کے معزز شیئرز ہولڈرز، صارفین، کاروباری شراکت داروں اور دیگر تمام اسٹیک ہولڈرز کا ان کے مسلسل اعتماد، تعاون اور حمایت پر دلی شکریہ ادا کرتا ہوں۔ میں انتظامیہ اور ملازمین کی محنت، پیشہ ورانہ صلاحیت، لگن اور بھرپور عزم کو کبھی قدر و تحسین کی نگاہ سے دیکھتا ہوں، جن کی مسلسل کاوشوں نے سال کے دوران کمپنی کی مضبوطی، آپریشنل پیش رفت اور مستحکم کارکردگی میں نمایاں کردار ادا کیا۔

آڈیٹرز

میسرز اے ایف فرگوسن اینڈ کمپنی چارٹرڈ اکاؤنٹنٹس نے 30 جون 2026 کے لئے اپنا کام اور فرائض مکمل کر لیے ہیں اور وہ سبکدوش ہونے کے ساتھ دوبارہ تقرری کے لئے اہل بھی

ساگرہ کی تقریبات میں بھرپور شرکت کی۔ یہ سرگرمیاں محض وقتی مراعات یا تفریحی مواقع نہیں بلکہ ایک سوچے سمجھے اقدام کا حصہ ہیں، جن کا مقصد مختلف شعبوں سے تعلق رکھنے والی کمیوں کے درمیان روابط کو مضبوط کرنا، روزمرہ کام کے دباؤ کو کم کرنا اور ملازمین کو اپنے معمول کے پیشہ ورانہ کرداروں سے ہٹ کر ایک دوسرے کے ساتھ وقت گزارنے کا موقع فراہم کرنا ہے۔ ان سرگرمیوں کے ذریعے ان باہمی تعلقات کو مزید مضبوط کیا گیا جو ایک متحد، پُر عزم اور متحرک افرادی قوت کی بنیاد فراہم کرتے ہیں۔

خواتین کے عالمی دن کے موقع پر ادارے کے مختلف شعبوں میں خدمات انجام دینے والی خواتین کی خدمات اور کردار کو سراہنے اور صنفی مساوات کے لئے تھل کے جاری عزم کا اعادہ کرنے کا موقع ملا۔ اس موقع پر ہونے والی گفتگو نے اس امر کو اجاگر کیا کہ شمولیت اور مساوات کے فروغ میں پیش رفت ایک مسلسل عمل ہے، نہ کہ ایسا ہدف جو ایک مرتبہ حاصل ہونے کے بعد مکمل سمجھا جائے۔ اس عزم کو عملی شکل دینے کے لئے زچگی اور والدین کی رخصت، ملازمین کے لئے سفری سہولیات اور کام کی جگہ پر ہراسانی کے خلاف موثر حفاظتی اقدامات جیسی پالیسیاں نافذ ہیں۔ ان تمام اقدامات کا مقصد ایسا کام کا ماحول فراہم کرنا ہے جہاں ملازمین غیر ضروری رکاوٹوں کے بغیر اپنی صلاحیتوں کے مطابق موثر کارکردگی کا مظاہرہ کر سکیں۔

کمپنی کی شمولیتی کوششوں کا دائرہ معذوری کے حامل افراد تک بھی پھیلا ہوا ہے، جو کمپنی کے مختلف کاروباری شعبوں میں بدستور ملازمت کر رہے ہیں۔ یہ عمل تمام ٹیم ممبران کے لئے رسائی، مساوی مواقع اور شمولیت کے حوالے سے کمپنی کے وسیع تر عزم کی عکاسی کرتا ہے۔

ہیومن ریسورسز (ایچ آر)

تھل کے ملازمین کمپنی کی اسٹرٹجک ترجیحات کو آگے بڑھانے میں بدستور بنیادی قوت کا کردار ادا کر رہے ہیں۔ کمپنی اپنے ملازمین کی صلاحیتوں، وابستگی اور فلاح و بہبود میں سوچ سمجھ کر سرمایہ کاری جاری رکھے ہوئے ہے۔ ملازمین کو ترجیح دینے پر مبنی یہ سوچ کمپنی کے وسیع تر کارکردگی کے اہداف کی بنیاد فراہم کرتی ہے اور ایسی تنظیمی ثقافت برقرار رکھنے کے عزم کی عکاسی کرتی ہے جہاں میرٹ، ترقی اور احتساب ایک دوسرے کے ساتھ مربوط ہوں۔

سیکھنے اور پیشہ ورانہ ترقی کا پروگرام اس عزم کا ایک اہم ستون رہا۔ سال کے دوران مجموعی طور پر 11,378 تربیتی گھنٹے فراہم کیے گئے۔ تربیتی اقدامات کی منصوبہ بندی منظم Training Needs Analysis کی بنیاد پر جاری رہی، جس کے ذریعے اس بات کو یقینی بنایا گیا کہ تربیت اور ترقی پر ہونے والے اخراجات عمومی نوعیت کے پروگراموں کے بجائے حقیقی صلاحیتوں کی کمی اور ابھرتی ہوئی مہارتوں کی ضروریات کو پورا کرنے کے لئے مختص کیے جائیں۔ سالانہ لرننگ فیئر ایک مرتبہ پھر کمپنی کی نمایاں سرگرمی کے طور پر منعقد ہوا، جس میں مختلف شعبوں کے ماہرین کو مدعو کیا گیا تاکہ وہ مخصوص اور موثر تربیتی سیشنز فراہم کریں۔ یہ اقدام ایک ایسے تیزی سے تبدیل ہوتے کاروباری ماحول کے ساتھ ہم آہنگ رہنے کے کمپنی کے عزم کی عکاسی کرتا ہے۔

سال کے دوران مستقبل کی قیادت کے لئے باصلاحیت افرادی قوت تیار کرنا بھی ایک اہم ترجیح رہی۔ مینجمنٹ ٹریننگ پروگرام کے ذریعے ملک کے ممتاز تعلیمی اداروں سے فارغ التحصیل نوجوانوں کے ایک نئے گروپ کو کمپنی کا حصہ بنایا گیا۔ اس اقدام کے ذریعے کمپنی نے نہ صرف اپنی مستقبل کی قیادت کے لئے جانشینی کے نظام کو مزید مضبوط کیا بلکہ تنظیم میں نئی توانائی، نئے خیالات اور جدید نقطہ نظر کو بھی شامل کیا۔

ہم نے ملازمین کی صحت کو کسی عارضی یا وقتاً فوقتاً منعقد ہونے والی سرگرمی کے بجائے تنظیمی ترجیح کے طور پر برقرار رکھا۔ سال کے دوران چھاتی کے کینسر کی آگاہی مہم کو تھل کے تمام ڈویژنز تک وسعت دی گئی، جبکہ انتظامی اور غیر انتظامی دونوں سطحوں کے ملازمین کے لئے صحت کے معائنے کی سہولت فراہم کی گئی۔ موقع پر طبی مشاورت اور تشخیصی معاونت کی فراہمی کمپنی کی جانب سے بیماری کی بروقت تشخیص اور احتیاطی طبی نگہداشت کو ملازمین کی فلاح و بہبود کے بنیادی عناصر کے طور پر اہمیت دینے کے مسلسل عزم کی عکاسی کرتی ہے۔

کام کی جگہ سے ہٹ کر بھی تھل نے ایسی غیر رسمی سرگرمیوں میں سرمایہ کاری جاری رکھی جو ملازمین کے درمیان باہمی روابط اور تعلق کو مضبوط بنانے میں معاون ہیں۔ سال کے دوران ملازمین نے سائیکلنگ ایونٹس، ٹیبل ٹینس اور پیڈل کورٹ پر دوستانہ مقابلوں، گوارنگ کی سرگرمیوں اور

لمینٹس ڈویژن

کاروباری ماحول میں ملکی طلب کی کمزوری اور جغرافیائی و سیاسی صورتحال کے باعث پیدا ہونے والی رکاوٹوں کی نمایاں خصوصیات رہیں، جنہوں نے علاقائی تجارت اور خلیجی منڈیوں کو ہونے والی برآمدات کو متاثر کیا۔ کمپنی نے مصنوعات کے مجموعے کو بہتر بنانے اور آپریشنل کارکردگی میں اضافے کے ذریعے نظم و ضبط پر مبنی کاروباری حکمت عملی برقرار رکھتے ہوئے فعال انداز میں ان حالات کا مقابلہ کیا۔ سال کے دوران، کمپنی نے جنوبی ایشیائی مارکیٹ میں اپنی موجودگی قائم کر کے اپنے برآمدی دائرہ کار کو بھی وسعت دی، جس سے خطے میں اس کی پوزیشن مزید مضبوط ہوئی۔ مجموعی طور پر، ان اقدامات کے نتیجے میں کاروباری سرگرمیاں منافع بخش رہیں۔

کاروبار آئندہ سال کے حوالے سے پُر امید ہے اور توقع رکھتا ہے کہ تعمیراتی سرگرمیوں میں اضافے کے ساتھ مارکیٹ کے رجحانات اور کاروباری اعتماد میں بتدریج بہتری آئے گی۔ اگرچہ خطے میں جغرافیائی و سیاسی صورتحال میں ہونے والی پیش رفت برآمدی منڈیوں کے لئے چیلنجز کا باعث بن سکتی ہے، تاہم مجموعی استحکام میں بہتری سے طلب اور سرحد پار تجارت میں بحالی کی توقع ہے۔ مستقبل میں کاروبار اپنی برآمدی منڈیوں میں مسلسل تنوع، آپریشنل عمدگی، محتاط اور دانشمندانہ لاگت کے انتظام اور منظم عملدرآمد کے ذریعے اپنی مارکیٹ پوزیشن کو مزید مستحکم کرنے پر توجہ مرکوز رکھے گا، تاکہ تمام اسٹیک ہولڈرز کے لئے طویل مدتی اور پائیدار قدر پیدا کی جاسکے۔

ذیلی ادارے

تھل بوشوکو پاکستان (پرائیویٹ) لمیٹڈ (ٹی بی پی ایل)

سال کے دوران ٹی بی پی ایل نے 3.9 بلین روپے کی فروخت ریکارڈ کی جبکہ گزشتہ سال کے دوران 3.2 بلین روپے کی فروخت ہوئی تھی۔ سیلز میں اضافہ بنیادی طور پر زیادہ حجم کے باعث ہوا۔ مصنوعات کا معیار اور صارفین کا اطمینان کاروبار کی نمایاں امتیازی خصوصیات بدستور ہیں، جو مارکیٹ میں ٹی بی پی ایل کو اپنے حریفوں سے ممتاز کرتی ہیں۔ انتظامیہ اس مثبت پیش رفت کو مزید آگے بڑھاتے ہوئے مارکیٹ میں کمپنی کی پوزیشن کو مزید مضبوط بنانے کے لئے پُر عزم ہے۔

ٹی بی پی ایل اپنے صارفین کے دائرہ کار کو وسعت دے کر، مصنوعات کے پورٹ فولیو میں تنوع پیدا کر کے اور پیداواری کارکردگی میں مسلسل بہتری کے ذریعے شیئر ہولڈرز کے لئے قدر میں اضافے پر بدستور توجہ مرکوز کیے ہوئے ہے۔ عالمی معاشی غیر یقینی صورتحال اور مارکیٹ میں اتار چڑھاؤ کے باعث درپیش چیلنجز کے باوجود کمپنی اپنی مضبوط مارکیٹ موجودگی اور آپریشنل صلاحیتوں سے فائدہ اٹھاتے ہوئے پائیدار ترقی کے حصول اور ابھرتے ہوئے کاروباری مواقع سے استفادے کے لئے ایک مضبوط پوزیشن میں ہے۔

حبیب میٹرو پاکستان (پرائیویٹ) لمیٹڈ (ایچ ایم پی ایل)

ایچ ایم پی ایل کا بنیادی کاروبار جائیدادوں کی ملکیت اور اس کا انتظام ہے۔ اپنے پراپرٹی پورٹ فولیو کو مزید مستحکم کرنے اور صارفین کے تجربے کو بہتر بنانے کے لئے کمپنی نے تین

مقامات پر تفریحی اور طرز زندگی سے متعلق سہولیات قائم کی ہیں۔ یہ خاندانی نوعیت کے مقامات خریداری، کھانے پینے اور تفریحی سرگرمیوں کو ایک مربوط انداز میں یکجا کرتے ہیں، جس سے نہ صرف ان اہم اور قیمتی مقامات کی افادیت اور قدر میں اضافہ ہوتا ہے بلکہ سرمایہ کاری پر منافع کو بہتر بنانے میں بھی مدد ملتی ہے۔

سال کے دوران ایچ ایم پی ایل نے لاہور میں واقع ماڈل ٹاؤن مال کی تزئین و آرائش اور جدید کاری کا کام کامیابی سے مکمل کیا اور پلے ڈین کے نام سے بچوں کے لئے ایک جدید ان ڈور تفریحی سہولت کا آغاز کیا۔ مزید برآں ایچ ایم پی ایل ماڈل ٹاؤن مال میں کھانے اور مختلف اقسام کے کھانوں کے مزید آپشنز متعارف کرانے کے عمل میں ہے، جس کا مقصد آنے والے صارفین کے تجربے کو مزید بہتر بنانا اور اسے ایک پُرکشش گروسری، تفریحی اور ڈائننگ مرکز کے طور پر فروغ دینا ہے۔

لاہور میں واقع اپنی راوی پراپرٹی پراجیکٹ ایم پی ایل نے جدید ترین سہولیات سے آراستہ پلے ڈین کے نام سے بچوں کیلئے ایک تفریحی مرکز بھی قائم کیا، جو اس علاقے میں اپنی نوعیت کی پہلی سہولت ہے۔

فیصل آباد میں ایچ ایم پی ایل نے پیڈل پولین کے نام سے شہر کا پہلا جدید ترین اسپورٹس کمپلیکس قائم کیا، جس کا مقصد تمام عمر کے افراد میں صحت، جسمانی فٹنس اور فعال طرز زندگی کے فروغ کے لئے ایک معیاری اور جدید سہولت فراہم کرنا ہے۔

یہ تمام ترقیاتی اقدامات کمپنی کے لئے اہم سنگ میل کی حیثیت رکھتے ہیں اور اس کے اس وژن کو مزید تقویت دیتے ہیں جس کے تحت کمپنی اپنی جائیدادوں کو مربوط اور کثیر المقاصد مقامات میں تبدیل کرنا چاہتی ہے۔ ان مقامات کا مقصد صارفین کو مزید بہتر اور جامع تجربہ فراہم کرنے کے ساتھ ساتھ تمام اسٹیک ہولڈرز کے لئے پائیدار قدر پیدا کرنا ہے۔

سال کے دوران مقامی پیداوار کے فروغ اور درآمدات کے متبادل کی تیاری اہم اسٹریٹجک ترجیحات میں شامل رہے۔ کاروبار نے اپنی مسابقتی صلاحیت کو مزید بہتر بنانے اور مصنوعات کے منافع کے مارجن کو برقرار رکھنے کے لئے اپنی مصنوعات کے پورٹ فولیو میں مسلسل توسیع جاری رکھی، تاکہ طویل مدتی منافع بخش کارکردگی کو مستحکم کیا جاسکے۔

کاروبار کو مختلف شعبوں میں وسعت دینے کی کوششوں کے نتیجے میں آمدنی کے ذرائع میں مسلسل توسیع ہوئی۔ ملک بھر میں آفٹر مارکیٹ ڈیلرز کے نیٹ ورک کو وسعت دینے، نئی مصنوعات متعارف کرانے اور برآمدی مواقع تلاش کرنے کی کوششوں نے آمدنی میں اضافے میں مثبت کردار ادا کیا۔ مزید برآں، کمپنی نے پاور اور انجینئرنگ سلوشنز کے شعبوں میں اسٹریٹجک شراکت داری اور کاروباری مواقع کا جائزہ لینا جاری رکھا، جبکہ مستقبل کی ترقی میں معاونت کیلئے مقامی سطح پر پیداوار اور اضافی قدر فراہم کرنے والی مصنوعات و خدمات پر توجہ مرکوز کی۔

کاروبار کی اہم ترجیحات میں عمل کاری کو بہتر بنانے اور لاگت کے موثر انتظام کے اقدامات کے ذریعے آپریشنل کارکردگی میں اضافہ، اہم خام مال کی بلا تعطل دستیابی کو یقینی بنانے کے لئے سپلائی چین کی مضبوطی اور لپک میں اضافہ اور درآمدات پر انحصار کم کرنے کے لئے مقامی پیداوار میں مزید اضافہ شامل ہیں۔ کاروبار اپنے صارفین کے دائرہ کار کو وسعت دینے، موجودہ صارفین کے ساتھ تعلقات کو مزید مستحکم کرنے، اپنی مصنوعات کے پورٹ فولیو میں تنوع پیدا کرنے اور نئے کاروباری مواقع تلاش کرنے کے لئے بھی فعال طور پر اقدامات کر رہا ہے۔ ان کوششوں کا مقصد پائیدار ترقی اور طویل مدتی بنیادوں پر قدر میں اضافے کے لئے نئے مواقع پیدا کرنا ہے۔

اگرچہ یہ اسٹریٹجک اقدامات انجینئرنگ سیکٹور میں مستقبل میں ترقی کے لئے ایک مضبوط اور سازگار پوزیشن میں رکھتے ہیں، تاہم قلیل مدتی کاروباری امکانات کا انحصار مجموعی معاشی استحکام میں بتدریج بہتری اور جغرافیائی و سیاسی غیر یقینی صورتحال میں کمی پر بدستور رہے گا۔

بلڈنگ میٹرلز اور منسلکہ مصنوعات کا شعبہ

کمپنی کا بلڈنگ میٹرلز اور منسلکہ مصنوعات کا شعبہ درج ذیل پر مشتمل ہے:

- جوٹ ڈویژن
- پیکیجنگ ڈویژن
- لمینیشن ڈویژن

سال کے دوران اس شعبے کا ٹرن اوور ایک فیصد سے کم ہو کر 13.9 بلین روپے رہا جو اس کے مقابلے میں گزشتہ سال 14.1 بلین روپے تھا۔

جوٹ ڈویژن

کاروبار کو مالی سال 2025-26 کے دوران بھی نمایاں چیلنجز کا سامنا رہا۔ مسلسل دوسرے سال پاسکویا صوبائی حکومتوں کی جانب سے گندم کی بوریوں کی خریداری نہ ہونے کے باعث مقامی طلب میں نمایاں کمی واقع ہوئی۔ مزید برآں، افغانستان کی سرحد کی بندش سے زرعی مصنوعات کی برآمدات متاثر ہوئیں، جس کے نتیجے میں ایک اور اہم مارکیٹ سیکٹور پر منفی اثر پڑا۔

برآمدی محاذ پر بنگلہ دیش اور بھارت کی جانب سے شدید قیمتوں کے مقابلے کے باعث فروخت پر دباؤ رہا۔ جنگ کے نتیجے میں پیدا ہونے والی شپنگ اور ترسیلی رکاوٹوں کے باعث مال برداری کے اخراجات میں بھی نمایاں اضافہ ہوا، جس نے کاروباری لاگت کو مزید متاثر کیا۔ فصل کی قلت کے باعث خام جوٹ کی دستیابی محدود رہی، جبکہ ستمبر 2025 سے بنگلہ دیش کی جانب سے خام جوٹ کی برآمد پر عائد پابندی نے رسد کی صورتحال کو مزید مشکل بنا دیا۔ خام مال کی محدود دستیابی کے باعث پیداوار میں کمی کرنا پڑی اور زیادہ قیمت والے درآمدی دھانگے پر انحصار بڑھ گیا، جس کے نتیجے میں منافع کے مارجن پر مزید دباؤ آیا۔

پیداواری تھقیات کے کم استعمال کے باوجود کاروبار نے لاگت کے نظم و نسق میں مضبوط مالیاتی نظم و ضبط برقرار رکھا۔ عمومی انتظامی اخراجات کو بہتر طریقے سے منظم کیا گیا، جبکہ کم انویسٹری، قابل وصول رقوم میں کمی، افرادی قوت میں کمی اور ای آر ایف کے موثر استعمال کے ذریعے مالیاتی اخراجات میں بھی کمی لائی گئی۔

آؤٹ لک

انتظامیہ ان اسٹریٹجک چیلنجز سے نمٹنے کے لئے مسلسل لاگت میں بہتری، آپریشنل استعداد میں اضافے اور منتخب برآمدی منڈیوں میں محتاط انداز سے رسائی بڑھانے پر توجہ مرکوز کیے ہوئے ہے۔ مالی سال 2026-27 کے دوران بنگلہ دیش اور بھارت میں جوٹ کی فصل بہتر رہنے کی توقع ہے۔ خام جوٹ کی برآمد پر عائد پابندی کے ممکنہ خاتمے میں اضافی پیداوار اور رسد کی صورتحال میں کمی بھی تبدیلی کا بغور جائزہ لیا جائے گا۔ کاروبار محتاط طور پر پرامید ہے کہ لاگت کے نظم و نسق میں مالیاتی نظم و ضبط اور اسٹریٹجک اقدامات آئندہ سال کاروبار کو بہتر کارکردگی کا مظاہرہ کرنے اور بدلے ہوئے مارکیٹ حالات سے موثر طور پر نمٹنے کے لئے مزید مضبوط پوزیشن میں لائیں گے۔

پیکیجنگ ڈویژن

کاروبار نے ایک مسابقتی ماحول میں اپنی سرگرمیاں جاری رکھیں، جہاں سپلائی چین کے استحکام میں بتدریج بہتری دیکھنے میں آئی۔ تاہم امریکا اور ایران کے درمیان تنازع کے بعد پیدا ہونے والی جغرافیائی و سیاسی کشیدگی اور روس و یوکرین کے درمیان جاری جنگ کے باعث پولي پروپیلین اور کاغذ کی قیمتوں میں اضافہ جاری رہا، جس کے نتیجے میں پیداواری خام مال کی لاگت میں اتار چڑھاؤ برقرار رہا۔ ریٹیل اور پیپر پیکیجنگ کے کاروبار نے اپنی مضبوطی برقرار رکھی، جبکہ خام مال کی دستیابی میں بہتری کے ساتھ صنعتی پیکیجنگ کے کاروبار میں بھی بتدریج بحالی دیکھنے میں آئی۔ کاروبار نے لاگت کے منظم انتظام، آڈیٹیشن، مصنوعات کے مکس کو بہتر بنانے اور برآمدی منڈیوں کی ترقی پر مسلسل توجہ کے ذریعے اپنی مسابقتی پوزیشن کو مزید مستحکم کیا۔

آؤٹ لک

کاروباری امور میں بہترین کارکردگی، جدت، برآمدات میں توسیع اور اخراجات کے منظم انتظام کے ذریعے کمپنی پائیدار ترقی کے لئے ایک مضبوط اور سازگار پوزیشن میں ہے۔ جبکہ کمپنی جغرافیائی و سیاسی پیش رفت، خام مال کی قیمتوں میں اتار چڑھاؤ اور عالمی مارکیٹ میں پائی جانے والی غیر یقینی صورتحال پر بھی مسلسل نظر رکھے ہوئے ہے۔

ڈائریکٹرز کی رپورٹ برائے شیئر ہولڈرز

تھل لمیٹڈ کے ڈائریکٹرز بمسرت 30 جون 2026 کو ختم ہونے والے سال کیلئے سالانہ رپورٹ بشمول آڈٹ شدہ مالیاتی حسابات پیش کر رہے ہیں۔

معاشی جائزہ

پاکستان کی معیشت نے مالی سال 2025-26 کے دوران قابل ذکر مضبوطی کا مظاہرہ کیا، جسے بہتر معاشی انتظام، شرح مبادلہ میں زیادہ استحکام، افراط زر میں کمی اور سرمایہ کاروں کے اعتماد میں بہتری سے تقویت حاصل ہوئی۔ حقیقی مجموعی ملکی پیداوار کی شرح نمونہ گزشتہ سال کے 3.2 فیصد کے مقابلے میں بڑھ کر 3.7 فیصد ہو گئی۔ صنعتی شعبے نے معاشی بحالی میں نمایاں کردار ادا کیا، جبکہ بڑے پیمانے کی صنعتی پیداوار میں 5.8 فیصد اضافہ ہوا، جو گزشتہ سال 1.1 فیصد کی کمی کے برعکس ایک نمایاں بہتری ہے۔ مالیاتی کارکردگی میں بھی نمایاں بہتری دیکھنے میں آئی، جس کا اظہار 4.1 ٹریلین روپے (جی ڈی پی کا 3.2 فیصد) کے بنیادی سرپلس اور مالیاتی خسارے میں کمی سے ظاہر ہوتا ہے۔ عالمی سطح پر درپیش مشکل معاشی حالات کے باوجود بیرونی شعبہ مستحکم رہا۔ اس استحکام میں بیرون ملک مقیم پاکستانیوں کی ترسیلات زر میں مضبوط اضافہ، زرمبادلہ کے ذخائر میں بہتری اور شرح مبادلہ میں استحکام نے اہم کردار ادا کیا۔ اگرچہ جاری کھاتے (کرنٹ اکاؤنٹ) میں معمولی خسارہ ریکارڈ کیا گیا، تاہم مجموعی بیرونی معاشی بنیادیں مضبوط رہیں، جس سے معاشی بحالی کا تسلسل اور کاروباری اعتماد برقرار رکھنے میں مدد ملی۔

مالیاتی نتائج

نی شیئر آمدنی، روپے میں	103.14	31.57	129.04	89.54

سال کے دوران کمپنی کے سیلز ریونیو میں 21 فیصد اضافہ ہوا اور یہ گزشتہ سال کے 29.6 بلین روپے کے مقابلے میں بڑھ کر 35.9 بلین روپے ہو گیا۔ ٹیکسز اور لیویز کی ادائیگی کے بعد منافع 8.4 بلین روپے ریکارڈ کیا گیا، جو گزشتہ سال کے 2.6 بلین روپے کے مقابلے میں سال بہ سال 227 فیصد اضافہ ظاہر کرتا ہے۔

آپریٹنگ شعبوں کا جائزہ

کمپنی دو نمایاں کاروباری شعبوں، انجینئرنگ کے شعبے اور بلڈنگ میٹریل و منسلکہ مصنوعات سے متعلق شعبے کی حامل ہے۔

انجینئرنگ کا شعبہ

کمپنی کا انجینئرنگ شعبہ درج ذیل پر مشتمل ہے:

- تھرمل اور انجن کیمپوٹینس ڈویژن
- الیکٹریک سسٹمز ڈویژن

یہ کاروباری سرگرمیاں بنیادی طور پر آٹوموٹیو صنعت کے لئے مختلف پرزہ جات کی تیاری سے وابستہ ہیں۔ 30 جون 2026 کو ختم ہونے والے سال کے دوران انجینئرنگ سیکمنٹ نے مضبوط کارکردگی کا مظاہرہ کیا۔ اس کارکردگی کی بنیادی وجوہات میں آٹوموٹیو پیداوار کے حجم میں اضافہ، موجودہ صارفین کی جانب سے طلب میں بہتری، مارکیٹ میں نئے شراکت داروں کے ساتھ کامیاب کاروباری روابط اور آفٹر مارکیٹ کاروبار میں مسلسل توسیع شامل ہیں۔ سیکمنٹ کی سیلز گزشتہ سال کے 15.5 بلین روپے کے مقابلے میں بڑھ کر 22 بلین روپے ہو گئی، جو سال بہ سال تقریباً 42 فیصد اضافے کی نمائندگی کرتی ہے۔

آٹوموٹیو صنعت نے سال کے دوران نمایاں ترقی کا مظاہرہ کیا۔ مارکیٹ میں بڑھتی ہوئی مسابقت اور مصنوعات کی زیادہ دستیابی نے مجموعی صنعتی حجم پر مثبت اثر ڈالا، جس کے نتیجے میں مقامی آٹوموٹیو پرزہ جات تیار کرنے والے اداروں کے لئے نئے مواقع پیدا ہوئے۔

سال کے دوران کاروبار کی بنیادی توجہ بلا تھقل رسد کو یقینی بنانے اور معیار اور صارفین کی خدمات کے اعلیٰ ترین معیارات برقرار رکھنے پر مرکوز رہی۔ جغرافیائی و سیاسی غیر یقینی صورتحال، سپلائی چین میں رکاوٹوں اور مال برداری کے اخراجات میں اتار چڑھاؤ جیسے چیلنجز کے باوجود موثر سپلائی مینجمنٹ، انوینٹری کنٹرول اور ورکنگ کیپٹل کے منظم انتظام کے ذریعے کاروباری سرگرمیاں مستحکم رہیں۔
