DIRECTORS' REPORT TO THE MEMBERS

For the year ended June 30, 2026

Ali Asghar Textile Mills Limited

Dear Shareholders,

It is a privilege to report to you on the performance and progress of **Ali Asghar Textile Mills Limited** for the financial year ended June 30, 2026. This was a year of substance: our core warehousing and logistics business delivered strong revenue growth; our subsidiary Fazal Solar Energy completed its first full year of commercial operations, contributing meaningfully to consolidated revenue; our equity portfolio generated strong returns on the back of a 42% PSX rally; we diversified our banking relationships, reinforced governance, and grew the Company's net worth past the **PKR 3 billion mark** for the first time. The Board authorized these results on October 7, 2026.

A) Unconsolidated Financial Results — Year Ended June 30, 2026

Results of the holding company excluding Fazal Solar Energy. Amounts in PKR million; EPS in PKR per share.

Item	FY 2025 (PKR m)	FY 2026 (PKR m)	YoY Change
Revenue from contracts with customers	69.1	79.8	+15.4%
Cost of providing services	(37.4)	(43.5)	+16.4%
Gross profit	31.7	36.2	+14.2%
Administrative expenses	(34.4)	(26.2)	-23.9%
Other operating expenses (SWWF)	(5.1)	(11.4)	n/m
Operating loss	(7.8)	(1.3)	improved
Finance cost	(23.2)	(21.8)	-6.0%
Other income	245.1	274.5	+12.0%
Profit before levies & income tax	212.5	249.2	+17.3%
Levies	(74.0)	(84.8)	+14.6%
Profit before income tax	138.5	164.4	+18.7%
Taxation — net	(69.7)	8.0	n/m
Profit after income tax	68.7	172.4	+150.8%
EPS — unconsolidated (PKR / share)	1.55	3.88	+150.3%

B) Consolidated Financial Results — Year Ended June 30, 2026

Incorporating Fazal Solar Energy (Private) Limited for its first full twelve months. Revenue at the consolidated level is materially higher than unconsolidated, with the incremental amount representing Fazal Solar's electricity sales. Amounts in PKR million; EPS in PKR per share.

Item	FY 2025 (PKR m)	FY 2026 (PKR m)	YoY Change
Revenue from contracts with customers	69.1	111.6	+61.5%
of which: Holding company (warehousing)	69.1	79.8	+15.4%
of which: Fazal Solar (power sales)	—	31.8	first full year
Cost of providing services	(37.1)	(52.6)	+41.8%
Gross profit	32.0	59.0	+84.4%
Administrative expenses	(34.4)	(26.4)	-23.2%
Other operating expenses (SWWF)	(5.1)	(11.4)	n/m
Operating profit / (loss)	(7.6)	21.2	n/m
Finance cost	(27.1)	(26.6)	-2.0%
Other income	227.7	247.6	+8.7%
Profit before levies & income tax	191.4	240.0	+25.4%
Levies	(74.0)	(85.2)	+15.1%
Profit before income tax	117.4	154.8	+31.9%
Taxation — net	(69.7)	22.7	n/m
Profit after income tax	47.7	177.5	+272.4%
EPS — consolidated (PKR / share)	1.07	4.00	+273.8%

C) Shareholders' Equity (Net Worth) — June 30, 2025 to June 30, 2026

Amounts in PKR million. The Company's net worth grew by **PKR 545 million** during the year, crossing the PKR 3 billion mark for the first time. This growth was driven by: profit for the year of PKR 172.4 million (unconsolidated); FVOCI gains of approximately PKR 381 million on long-term equity holdings recognized directly in equity in accordance with IFRS 9; partially offset by incremental depreciation transfers from the revaluation surplus.

Shareholders' Equity Component	June 30, 2025 (PKR m)	June 30, 2026 (PKR m)
Issued, subscribed & paid-up capital	222.1	222.1
Surplus on revaluation of fixed assets	944.2	940.8
Unappropriated profit	1,219.3	1,698.5
Un-realised gain on investment securities (FVOCI)	101.2	184.6
Total Equity (Net Worth) — Holding Company	2,516.4	3,061.6

Non-controlling interest	(0.4)	(0.6)
Total Consolidated Equity	2,516.0	3,061.0

Logistics and Warehousing Operations

The holding company's core warehousing and logistics business delivered solid growth. Unconsolidated revenue rose to **PKR 79.8 million** (FY2025: PKR 69.1 million, +15.4%). Gross profit grew to PKR 36.2 million (+14.2%), while administrative expenses were reduced by 23.9% to PKR 26.2 million. At the consolidated level, inclusion of Fazal Solar's first full twelve months drove gross revenue to **PKR 111.6 million**, with consolidated gross profit of PKR 59.0 million and operating profit of PKR 21.2 million achieved for the first time.

Fazal Solar Energy — First Full Year of Commercial Operations

Our wholly owned subsidiary, **Fazal Solar Energy (Private) Limited**, successfully completed its first full year of commercial photovoltaic power generation commencing July 2025. The subsidiary generated **1.4 million kWh** of clean, renewable electricity, exceeding internal targets and supplying its off-taker without interruption. Fazal Solar's electricity sales contributed approximately **PKR 31.8 million** (28.5%) to consolidated revenue and are the primary driver of the step-up from PKR 69.1 million to PKR 111.6 million year-on-year. The solar generation displaced approximately **619 metric tonnes of CO₂** — equivalent to the annual absorption of approximately **29,000 trees**. The off-taker made all payments on schedule.

Investment Income

Other income at the unconsolidated level was PKR 274.5 million (FY2025: PKR 245.1 million, +12.0%). This comprises returns from our equity portfolio — realized gains, unrealised remeasurement gains, dividends, and interest on receivables — and reflects the benefit of an approximately 42% rise in the KSE-100 Index during FY2026, captured through active and disciplined portfolio management. In addition, approximately PKR 381 million in FVOCI gains were recognized directly in equity, which, combined with the year's profit, grew net worth to PKR 3.06 billion.

Banking Relationships

During the year, **Sindh Bank Limited** and **United Bank Limited (UBL)** were successfully onboarded as new banking partners alongside JS Bank Limited, diversifying the Company's financial pool and reducing concentration risk. The Board commends the management and finance team for this achievement.

Corporate Governance

A new Independent Director and a qualified Company Secretary were appointed during the year, both meeting the criteria under the Companies Act, 2017. RHZASR were appointed as statutory auditors. The Board is fully compliant with applicable regulatory requirements for listed companies. The auditor note about director training for 2 directors is noted and company is making compliance.

Corporate Social Responsibility and Environmental Stewardship

The Company is mindful of its responsibilities toward its employees, the communities in which it operates, and the broader environment. During FY2026, the Company continued to provide a safe and fair working environment for its employees, ensuring timely payment of all staff entitlements and gratuity obligations.

On the environmental front, the Company's commitment to sustainability is most tangibly demonstrated through its subsidiary, Fazal Solar Energy (Private) Limited. The office building Ellahi towers is run completely on renewable power. The Company is cognizant of the increasing regulatory and stakeholder focus on climate-related disclosures, including the requirements introduced under IFRS S1 and IFRS S2 applicable to listed companies, and will continue to develop its environmental reporting in line with evolving standards. The Board is committed to embedding environmental responsibility into the Company's long-term strategic decisions.

Directors' Response to Auditors' Qualified Opinion and Emphasis of Matter

The Board of Directors considers it important to place on record its considered response to two matters raised by the external auditors, RHZASR (Reanda Haroon Zakaria Aamir Salman Rizwan & Company), in their Independent Auditor's Report on the unconsolidated financial statements for the year ended June 30, 2026: (i) the Basis for Qualified Opinion relating to the Bank of Punjab ("BOP") balance confirmation; and (ii) the Emphasis of Matter relating to contingent liabilities, particularly the taxation matter. The Board respectfully but firmly disagrees with the qualified opinion and considers it unwarranted in the circumstances, as explained below.

1. Bank of Punjab — Basis for Qualified Opinion

The auditors qualified their opinion because the Bank of Punjab did not respond to their balance confirmation request in respect of long-term financing (Rs. 18.770 million) and accrued markup (Rs. 33.903 million). The Board considers this qualification **unwarranted**. The BOP has been in settlement talks with the Company since 2023, and its non-response to an audit confirmation is a direct and foreseeable consequence of those settlement talks — entirely outside the Company's control. The balances are not in dispute, are fully supported by underlying documentation, and are consistent with amounts placed before the Banking Court. All records were made available to the auditors. The Board is of the firm view that a qualification solely on the basis of a litigating counterparty's non-response — where the underlying balances are documented, undisputed, and correctly disclosed — is not appropriate.

2. Emphasis of Matter — Taxation Contingencies

The auditors have drawn attention to Notes 28.1 to 28.6 in their Emphasis of Matter paragraph, describing various contingent liabilities and assets arising from ongoing litigation, and stating that the ultimate outcome of these matters cannot be determined with sufficient certainty. The management wishes to provide shareholders with a clear and accurate account of the status of these matters, in particular the most significant tax proceeding.

Tax Year 2020 — ATIR Order (Note 28.3): This is the most material tax matter. The tax authorities had made additions of Rs. 119.265 million on account of capital gains on disposal of property and Rs. 21.362 million on account of disallowance of doubtful debts written off. The Company challenged these additions before the Appellate Tribunal Inland Revenue (ATIR), Karachi Bench-II.

The ATIR, vide its order dated **February 23, 2026** in ITA No. 377/KB/2023, **set aside the impugned additions in their entirety** and remanded the matter to the concerned tax authority for fresh adjudication, with directions to consider the documentary evidence and provide the

Company a proper opportunity of being heard. This is a materially favourable development. The ATIR's order substantially vindicates the Company's position. On the basis of the ATIR order and the advice of the Company's legal advisors, management and the Board are **firmly of the view that there is no realistic possibility of any adverse financial outcome** from this proceeding. No provision has been made in the financial statements, and the Board considers this treatment to be correct.

With respect to the other contingent matters (SRB proceedings under Notes 28.1 and 28.2, the EOBI matter under Note 28.4, and the BOP leasing facility matter under Note 28.5), the Company has obtained legal opinions in each case and management considers the likelihood of an outflow of economic benefits beyond amounts already recorded and disclosed to be not probable. The Board concurs with management's assessment.

The Board notes that an Emphasis of Matter paragraph, by its own terms, does not modify the auditors' opinion. These disclosures are fully set out in the Notes to the financial statements, and shareholders are encouraged to read them in conjunction with the legal and management assessments provided. The Board is confident in the adequacy of the Company's disclosures and the absence of any unrecorded material liability.

Key Developments During FY2026

- Warehousing revenue grew 15.4% to PKR 79.8 million unconsolidated; consolidated gross profit expanded 84.4% to PKR 59.0 million including Fazal Solar;
- Fazal Solar completed its first full year of operations, generating 1.4 million kWh and contributing PKR 31.8 million (28.5%) to consolidated revenue;
- 619 metric tonnes of CO₂ displaced — equivalent to ~29,000 trees annually;
- Sindh Bank and UBL onboarded alongside JS Bank, diversifying financial facilities;
- KSE-100 rose ~42%; equity portfolio generated strong other income and ~PKR 289 million FVOCI gains; net worth crossed PKR 3 billion;
- Unconsolidated PAT rose 150.8% to PKR 172.4 million (EPS: PKR 3.88); consolidated PAT PKR 177.5 million (EPS: PKR 4.00);
- ATIR set aside material tax additions in February 2026 — no adverse outcome expected from Tax Year 2020 proceedings;
- New Independent Director and Company Secretary appointed; RHZASR appointed as statutory auditors; Board authorization October 7, 2026.

Outlook

Pakistan's macroeconomic environment improved substantially during FY2026. Inflation declined sharply, the State Bank's policy rate easing supported equity valuations and private sector credit, and the IMF programme continued on track. The successful privatisation of PIA signalled the government's commitment to structural reform and bolstered long-term investor confidence. Ongoing privatization proposals for selling of loss making DISCO can also lead to a major reduction in fiscal burden for the government.

FY2027 has, however, started on a more challenging note. The State Bank of Pakistan raised its policy rate by **100 basis points** at its most recent Monetary Policy Committee meeting, reversing a part of the easing cycle that had underpinned equity market valuations through

FY2026. Rising interest rates tend to compress equity multiples and dampen market sentiment, and FY2027 is shaping up to be a more difficult year for the Pakistan Stock Exchange. The Board and management are fully cognizant of this shift in the operating environment.

Nevertheless, your Company's management is taking all necessary steps to navigate this environment and **outperform again in FY2027**. Our warehousing revenues are underpinned by real customer contracts and are not directly exposed to equity market movements. Fazal Solar continues to generate stable recurring income. On the portfolio side, the investment team is actively recalibrating asset allocation in response to the higher rate environment — rotating where appropriate toward higher-yielding fixed income instruments and maintaining discipline on equity positioning. Our three banking relationships give us the flexibility to act defensively or opportunistically as conditions evolve. We remain focused on capital preservation, income generation, and building the operational foundations that will deliver long-term shareholder value.

I thank you for your continued confidence. The results of FY2026 reflect the consistent effort of our entire management team, and I am grateful to all of them. I would also like to thank the financial institutions for their support.

ڈائریکٹرز کی رپورٹ ممبران کے لیے

مالی سال کے اختتام برائے 30 جون، 2026ء

علی اصغر ٹیکسٹائل ملز لمیٹڈ

محترم شیئر ہولڈرز،

علی اصغر ٹیکسٹائل ملز لمیٹڈ کی 30 جون، 2026ء کو ختم ہونے والے مالی سال کے دوران کارکردگی اور پیشرفت سے آپ کو آگاہ کرنا ایک اعزاز ہے۔ یہ سال غیر معمولی رہا ہے؛ ہمارے بنیادی ویئر ہاؤسنگ اور لاجسٹکس کے کاروبار نے نمایاں آمدنی میں اضافہ کیا؛ ہمارے ماتحت ادارے، فضل سولر انرجی نے تجارتی کام کے پہلے مکمل سال کا کامیاب آغاز کیا، جس سے مجموعی آمدنی میں قابل قدر اضافہ ہوا؛ ہمارے ایکویٹی پورٹ فولیو نے پی ایس ایکس (PSX) رالی کی بدولت 42 فیصد کی زبردست منافع حاصل کیا؛ ہم نے اپنے بینک تعلقات کو وسعت دی، گورننس کو مستحکم کیا، اور کمپنی کی خالص قدر پہلی بار 3 بلین روپے (PKR) سے تجاوز کر گئی۔ بورڈ نے ان نتائج کی منظوری 17 اکتوبر، 2026ء کو دی۔

میرز کوڈائریکٹرز کی رپورٹ

سال ختم شدہ 30 جون، 2026ء کے لئے

علی اصغر ٹیکسٹائل ملز لمیٹڈ

کمپنی اپنے ملازمین، ان کیونٹیز جن میں یہ کام کرتی ہے، اور وسیع تر ماحول کے بارے میں اپنی ذمہ داریوں کے بارے میں چوکس ہے۔ مالی سال 2026ء کے دوران، یہ کمپنی نے اپنے ملازمین کے لئے محفوظ اور منصفانہ کام کا ماحول فراہم کرنا جاری رکھا، جس میں رکھا، مانایا جس میں ملازمین کے تمام واجبات اور گریجویٹی کی ذمہ داریوں کی بروقت ادائیگی کو یقینی بنایا گیا۔

آڈیٹرز کی کوالیفائیڈ رائے (Qualified Opinion) اور ایمفیس آف میٹر (Emphasis of Matter) پر ڈائریکٹرز کا جواب

ڈائریکٹرز کا بورڈ بیرونی آڈیٹرز، RHZASR کی طرف سے 30 جون، 2026ء کو ختم ہونے والے سال کے لئے غیر مستحکم مالیاتی بیانات پر ان کی آزاد آڈیٹرز رپورٹ میں اٹھائے گئے دو معاملات پر اپنا باقاعدہ جواب ریکارڈ کرنے کو ضروری سمجھتا ہے: (i) بینک آف پنجاب ("BOP") بیلنس کی تصدیق سے متعلق کوالیفائیڈ رائے کی بنیاد: اور (ii) ہنگامی ذمہ داریوں، خاص طور پر ٹیکس کے معاملے سے متعلق ایمفیس آف میٹر (Emphasis of Matter)۔ بورڈ کوالیفائیڈ رائے سے مکمل احترام اور مضبوطی سے اختلاف کرتا ہے اور اسے حالات میں غیر ضروری سمجھتا ہے، جیسا کہ ذیل میں وضاحت کی گئی ہے۔

1. بینک آف پنجاب - کوالیفائیڈ رائے کی بنیاد

کمپنی اپنے ملازمین کا بورڈ 30 جون، آڈیٹرز ایوب رک طرف سے شکس زداں کو متعلق "ذاتی ذمہ داری" (کوالیفائیڈ آف پنجاب اسٹیمال (Rs. 7.90 million) (18.700 million) مقاصد، دہان برہائی کوالیفائیڈ رائے کی بنیاد) رک، بینک ذمہ دینا ہے، خاص کے ہٹانہ طور پر "ایگزٹا" اور، Company 2023 ماناس سے ٹیکس کے معاملے سے (ذمہ اپنے وارے، خاصہ کہ کوالیفائیڈ رائے سے الاحلات ہیابست میں سکھلا دیتا ہے غیر مقدامہ لکے حالات سے مراہیں، میں دینے اور ذمہ کی وضاحت کی گئی ہے اور یروائی نظر لہ اور واپوٹائی عسرام اسے الاخلل بہن وضاد کی رکئی ہے۔

2. ایمفیس آف میٹر - ٹیکس ہنگامی حالات

ٹیکس اپنے آف ٹیکس جی حالات 3-1-2023 TAIR Year T3 نے بران میں امٹا 19.1، میٹر دایا پر آمد حسروں میں منفاوینڈ سکی الیائی امیں سناں کے دبارے میں قییدہ تے ہد دینے دو تیان کو میورٹا کو خامند کی ٹیکس اور اور ناہ ذب، قہام اسلام کی باڑب کے حاناب کی عشدد کے وند ٹیکس ہنگامی میسے کے تو اس صرت یہ صے انظر۔

کمپنی اپنے ملازمین، ان کیونٹیز جن میں یہ کام کرتی ہے، اور وسیع تر ماحول کے بارے میں اپنی ذمہ داریوں کے بارے میں چوکس ہے۔ مالی سال 2026ء کے دوران، کمپنی نے اپنے ملازمین کے لئے محفوظ اور منصفانہ کام کا ماحول قفقاز کے ہلقام کا ماحول فراہم کرنا جاری رکھا، جس میں ملازمین کے تمام واجبات اور گریجویٹی کی ذمہ میں ملازمین کے تمام واجبات اور گریجویٹی کی ذمہ داریوں کی بروقت ادائیگی کو یقینی بنایا گیا۔

کمپنی میں اپنے 7/8 ملٹائن ATIR، 2020 in TTIF-N Nar، Cammesisy 21 کے لئے سال اور ملازمین کے لئے نمائین نیر سال 2026ء کے میسہ ہادنا، ہے، جس میں ملازمین کے تمام واجبات اور گریجویٹی کی ذمہ داریوں کی بروقت ادائیگی کو یقینی بنایا گیا۔

ALI ASGHAR TEXTILE MILLS LIMITED

CHAIRPERSON'S REVIEW

I am pleased to present to the shareholders the Chairperson's Review of the Company's performance for the year ended June 30, 2026. As Chairperson of the Board, it is my privilege to reflect on a year in which the Company made significant strides across its business operations, governance, and financial performance.

Board and Committee Oversight. As Chairperson, I oversaw the functioning of the Board of Directors and its committees throughout the year. All decisions were reported to the Pakistan Stock Exchange and the Securities and Exchange Commission of Pakistan in a timely manner, in full compliance with the Listed Companies (Code of Corporate Governance) Regulations and the Companies Act, 2017. All shareholder queries and investor relations matters were addressed promptly by management under the Board's supervision.

The Board's performance was evaluated as satisfactory. All provisions of the Code of Corporate Governance were applied during the year. The Board considered and approved a range of significant matters, including quarterly and annual financial statements, the appointment of RHZASR as statutory external auditors, investment transactions and portfolio mandates, the approval of new banking facilities, and other financial and operational matters as they arose.

Board Committees. The Audit Committee and the Human Resources and Remuneration Committee functioned effectively during the year, providing the Board with the oversight, assurance, and recommendations it requires to discharge its responsibilities.

The **Audit Committee** reviewed the quarterly and annual consolidated financial statements, oversaw the transition to RHZASR as external auditors, reviewed the Company's internal controls and internal audit reports, and assessed the adequacy of disclosures on related party transactions and contingent liabilities. The Committee satisfied itself that the financial statements present a true and fair view of the Company's affairs and that the external audit was conducted to an appropriate standard.

The **Human Resources and Remuneration Committee** reviewed the remuneration of the Chief Executive Officer and executives, recommended the appointment of a new Independent Director, and oversaw the appointment of a qualified Company Secretary. Both appointments meet the criteria prescribed under the Companies Act, 2017 and the Code of Corporate Governance, addressing observations from prior periods.

Company Performance. FY2026 was a good year for Ali Asghar Textile Mills Limited across all areas of the business. The Company's core logistics and warehousing operations performed well. The subsidiary, **Fazal Solar Energy (Private) Limited**, successfully completed its first full year of commercial photovoltaic power generation, generating 1.4 million kWh of clean, renewable electricity and exceeding its operational targets. The solar generation displaced approximately 619 metric tonnes of CO₂ — equivalent to the annual carbon absorption of approximately 29,000 trees — reflecting the Company's commitment to sustainable operations.

Governance. A new Independent Director was inducted onto the Board during the year, bringing additional independence, expertise, and diversity of perspective to the Board's deliberations. A qualified Company Secretary was also appointed, meeting the requirements of the Companies Act, 2017. These appointments complete our governance structure and the Board is now fully compliant with the applicable regulatory requirements for listed companies. I am satisfied with the governance standards maintained during FY2026 and the direction of improvement.

I wish to thank my fellow members of the Board for the valuable input, time, and commitment they gave throughout the year. I also commend the Chief Executive Officer, the management team, and all employees of the Company for their hard work and dedication in delivering the results presented to you. I also express gratitude to our shareholders for their continued trust and confidence in the Company.

CHAIRPERSON OF THE BOARD

MRS. GULNAR HUMAYUN

**INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF ALI ASGHAR TEXTILE MILLS LIMITED**

Review Report on the Statement of Compliance contained in the Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of **Ali Asghar Textile Mills Limited** (the Company) for the year ended June 30, 2026 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, except for the below mentioned instances of non-compliances, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2026.

Further, we highlight below instances of non-compliance with the requirement(s) of the Regulations during the year as reflected in the paragraph 19 where these are stated in the Statement of Compliance:

RH-ASR

S. No.	Regulation Reference	Paragraph(s) Reference	Description of non-compliance
1.	10A (1) (3) (4) & (5)	19	In accordance with Regulation 10A, the Board is responsible for the governance and oversight of sustainability-related risks and opportunities and is required/encouraged to undertake various measures in this regard, including implementation of policies to promote diversity, equity and inclusion (DE&I), proactively identifying and addressing principal and emerging sustainability risks and opportunities, and periodically reviewing and monitoring the Company's sustainability and DE&I-related strategies, priorities, targets and performance against such targets. The Regulation also provides for the establishment of a dedicated Sustainability Committee comprising at least one female director, or alternatively, the assignment of sustainability-related responsibilities to an existing Board committee. The Company has not constituted a separate Sustainability Committee. However, the Board has assigned the relevant sustainability-related responsibilities to its existing Risk Management Committee.
	19(1)(iii)	9 & 19	It is encouraged that by June 30, 2022 all the directors on their Boards have acquired the prescribed certification under any director training program offered by institutions, local or foreign, that meet the criteria specified by the Commission and approved by it. Two Directors of the Company have acquired the prescribed certification under the Directors' Training Program, while three Directors are exempt from the requirement based on their respective qualifications and experience. However, two Directors of the Company have not yet acquired the prescribed certification under the Directors' Training Program.
	19(3)	9 & 19	Companies are encouraged to arrange annual training sessions for at least one Head of Department under the Directors' Training Program, effective from July 2022. As at June 30, 2026, the Company did not arrange any such training session for its Heads of Departments.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
ALI ASGHAR TEXTILE MILLS LIMITED
REPORT ON THE AUDIT OF THE UNCONSOLIDATED FINANCIAL STATEMENTS**

Qualified Opinion

We have audited the annexed unconsolidated financial statements of **Ali Asghar Textile Mills Limited** (the Company), which comprise the unconsolidated statement of financial position as at June 30, 2026, and the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity, the unconsolidated statement of cash flows for the year then ended, and notes to the unconsolidated financial statements, including material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion, except for the possible effects of the matter discussed in *Basis for Qualified Opinion* section of our report, and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2026 and of the unconsolidated profit, the unconsolidated comprehensive income, the unconsolidated changes in equity and its unconsolidated cash flows for the year then ended.

Basis for Qualified Opinion

As part of our audit, we requested direct confirmation from The Bank of Punjab of the outstanding balances of long-term financing and accrued markup, as disclosed in Notes 16.1 and 22.1 to the accompanying unconsolidated financial statements, amounting to Rs. 18.770 million and Rs. 33.903 million, respectively, as at June 30, 2026. However, as at the date of this report, we had not received the requested confirmation from the bank. We performed alternative audit procedures; however, we were unable to obtain sufficient appropriate audit evidence regarding the existence, accuracy and completeness of these balances.

Consequently, we were unable to determine whether any adjustments to the carrying amounts of long-term financing and accrued markup, and the corresponding effects on the related elements of the unconsolidated financial statements, were necessary.

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Lahore and Islamabad

Emphasis of Matters

We draw attention to Notes 28.1 to 28.6 to the accompanying unconsolidated financial statements, which describe the contingent liabilities and contingent assets arising from various ongoing litigations, including matters pending before the relevant tax authorities and appellate forums. The ultimate outcome of these matters is presently uncertain and cannot be determined with sufficient certainty. Accordingly, no adjustments have been made to the unconsolidated financial statements in respect of these matters. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current year. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matters described in the "Basis for Qualified Opinion" section of our report, we have determined the matters described below to be the key audit matters to be communicated in our report:

Following are the key audit matters

S. No.	Key audit matters	How the matter was addressed in our audit
1.	Revenue From Logistic Services and Other Income: (Refer notes 3.13, 3.14, 29 and 34 to the accompanying unconsolidated financial statements) We identified revenue from logistic services amounting to Rs. 79.751 million and other income amounting to Rs. 274.536 million as a key audit matter because of the significance of these amounts to the unconsolidated financial statements and the nature and diversity of the underlying transactions. Other income principally comprises realized gains on investments, remeasurement gains on investments carried at fair value through profit or loss (FVTPL), dividend income, interest income on other receivables and relief on electricity consumption arising from net metering arrangements.	Our audit procedures to address the matter, amongst others, includes the following: • Obtained an understanding of the revenue recognition process and evaluated the relevant controls over revenue recognition. • Selected a sample of customer contracts and assessed the contractual terms, performance obligations and basis of revenue recognition. • Tested revenue transactions on a sample basis to supporting documentation, including customer contracts, invoices and service/warehouse records. • Performed cut-off testing around the reporting date to assess whether revenue was recognized in the appropriate accounting period • Performed substantive analytical procedures over revenue and investigated significant or unusual movements. • We obtained a breakdown of other income and agreed the individual components to the underlying accounting records and the general ledger. • For realized gains on investments, we examined supporting documentation for purchases and disposals of investments and agreed the proceeds and carrying amounts to relevant investment records and bank statements.

RH-ASN

S. No.	Key audit matters	How the matter was addressed in our audit
2.	Short Term Investment	
	The recognition and measurement of these income streams involved different accounting requirements and, in certain areas, management judgment, particularly in determining the appropriate timing and amount of revenue and income recognized. Given the magnitude of these amounts and the variety of underlying transactions, we considered this area to be of significant auditor attention in the audit. Refer notes 9.1 to 9.2 to the unconsolidated financial statements, the Company holds short-term investments comprising listed equity securities, units in collective investment schemes, and separately managed account arrangements, classified as fair value through profit or loss ("FVTPL") and fair value through other comprehensive income ("FVTOCI"), aggregating to Rs. 1,363 million (2025: Rs. 959.56 million) as at the reporting date.	• For remeasurement gains on investments carried at FVTPL, we assessed the appropriateness of the classification and measurement of the investments under IFRS 9 and evaluated the valuation methodology and key inputs used in determining fair values. Where applicable, we agreed quoted investments to independent market prices. • For dividend income, we tested selected transactions to supporting documentation, including dividend warrant, and agreed the receipt of dividends to bank statements, where applicable. • For interest income on other receivables with the related parties, we evaluated the underlying agreements and terms, recalculated interest income on a sample basis and agreed relevant receipts to bank statements, where applicable. • For relief on electricity consumption arising from net metering arrangements, we examined the underlying electricity bills, meter readings and relevant documentation supporting the amount recognized and assessed the accounting treatment adopted by management. • We also assessed the presentation and disclosure of revenue and other income in the unconsolidated financial statements against the requirements of the applicable financial reporting framework. Our audit procedures amongst others included the following: • Obtaining an understanding of management's process for classifying and measuring investments, and testing the design and operating effectiveness of relevant controls over purchases, disposals, and fair value recognition; • Independently verifying the classification of investments in collective investment schemes and separately managed accounts by reference to the contractual terms of the underlying instruments and the requirements of IFRS 9, including the exclusion of such instruments from the equity instrument FVOCI election where they are determined to be puttable in nature;

RUBAS

S. No.	Key audit matters	How the matter was addressed in our audit
	We have identified the valuation of investments as a key audit matter because of their significance to the unconsolidated financial statements, the volume and complexity of transactions during the year, and the degree of judgment involved in classification between FVTPL and FVTOCI, and in the computation of realized and unrealized gains on a lot-by-lot basis	• Obtaining fund manager statements and independently verifying units held and net asset values for investments in mutual funds, and agreeing closing market prices for listed equity securities to quotations published by the Pakistan Stock Exchange as at the year-end. • On a sample basis, vouching additions and disposals of investments during the year to broker contract notes, CDC account statements, and bank statements. • Recomputing, for a sample of securities selected on the basis of transaction volume and value, the realized and unrealized gain/(loss) for the year on a first-in-first-out basis, including testing of lot-matching sequences which were correctly computed and classified. • For investments designated at FVTOCI, testing the reconciliation of the opening and closing fair value reserve, including agreeing the current year's fair value gain and the transfer of the cumulative reserve relating to disposed investments to retained earnings, to the underlying computations, and confirming that no amount had been recycled through profit or loss. • Assessing the adequacy of the related disclosures in the unconsolidated financial statements against the requirements of applicable reporting framework.

Information Other than the unconsolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the unconsolidated financial statements and our auditor's report thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the Other Information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the unconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

R. H. ZAKIR

In preparing the unconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's unconsolidated financial reporting process.

Auditor's Responsibilities for the Audit of the unconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

RLT/ASH

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) except for the possible effects of the matter stated in the *Basis for Qualified Opinion* section of our report, proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) except for the possible effects of the matter stated in the *Basis for Qualified Opinion* section of our report, the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

Other matter

The unconsolidated financial statements of the Company for the year ended June 30, 2025 were audited by another firm of Chartered Accountants, who through their report dated October 07, 2025 expressed Qualified opinion.

The engagement partner on the audit resulting in this independent auditor's report is **Muhammad Iqbal**.

ALI ASGHAR TEXTILE MILLS LIMITED
NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2026

1 NATURE AND STATUS OF BUSINESS

- 1.1** Ali Asghar Textile Mills Limited (the Company) was incorporated in Pakistan on February 9, 1967 as a public limited company under the Companies Act, 1913 (now the Companies Act 2017) and is currently listed on Pakistan Stock Exchange Limited. The principal line of business is to provide the services of logistics, warehouse, construction, rental and allied business.
- 1.2** The business premises and Registered office of the company and its subsidiary are located at Plot 6, Sector 25, Korangi Industrial Area, Karachi, Sindh.
- 1.3** These unconsolidated financial statements are the separate unconsolidated financial statements of the company in which investment in subsidiary is stated at cost less accumulated impairment losses, if any. As of June 30, 2026, the company has investment in the "Fazal solar Energy (Pvt.) Ltd" at 98% of holding.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These unconsolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for financial reporting. The accounting and reporting standards applicable in Pakistan comprise of International Financial Reporting Standards (IFRSs), issued by International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 (the Act) and, provisions of and directives issued under the Act. Where the provisions of and directives issued under the Act differ from the IFRS standards, the provisions of and directives issued under the Act have been followed.

2.2 Basis of measurement

These unconsolidated financial statements have been prepared under the historical cost convention except otherwise stated. Further, accrual basis of accounting is followed in the preparation of these unconsolidated financial statements except for cash flow information.

2.3 Going concern Assessment

These unconsolidated financial statements have been prepared on a going concern basis. The Board has assessed the company's ability to continue as a going concern and concluded no material uncertainties exist that cast significant doubt over this assessment.

2.4 Functional and presentation currency

The unconsolidated financial statements are presented in Pakistan Rupees, which is also the Company's functional currency.

2.5 Critical accounting estimates and judgments

The preparation of unconsolidated financial statements in conformity with the accounting and reporting standards, as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

RCT-ASA

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The areas where assumptions and estimates are significant to the Company's unconsolidated financial statements or where judgment is exercised in application of accounting policies are as follows:

- a) Property, plant and equipment - note 3.1 & 5
- b) Valuation of short term investments - note 9 & 3.3
- c) Impairment of financial assets - note 3.2
- d) Accounting for retirement benefit obligation - note 3.9
- e) Revenue recognition - note 3.13 & 29
- f) Recognition of levies, current tax and deferred tax - note 3.8, 35 & 36
- g) Contingencies and commitments - note 3.20 & 28

2.6 *Standards, interpretations and amendments to accounting and reporting standards as applicable in Pakistan which are effective in current period*

The following standards, amendments to standards and interpretations are effective for the year ended June 30, 2026. However, except as disclosed otherwise, these standards, interpretations and amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's unconsolidated financial statements other than certain additional disclosures:

Effective for period beginning on or after

IFRS S1 - General Requirements for Disclosure of Sustainability-related Financial Information (applicable to listed companies and unlisted Public Interest Companies) (first time applicability)	July 1, 2025 As per SECP SRO dated December 31, 2024, IFRS S1 and IFRS S2 are only applicable to listed companies and unlisted companies in phase manner and subject to monetary thresholds outlined in that SRO.
--	--

IFRS S2 Climate-related Disclosures (applicable to listed companies and unlisted Public Interest Companies) (first time applicability)	July 1, 2025 Same as mentioned above.
--	--

Certain amendments updating a reference to the Conceptual Framework and annual improvements have also been made to a number of standards, which have not been enumerated here for brevity.

2.7 *Amendments to standards and IFRS interpretations that are not yet effective*

The following standards, amendments to standards and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, interpretations and amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's unconsolidated financial statements other than certain additional disclosures:

RH-AM

*Effective from accounting period
beginning on or after*

Amendments to IFRS 7 'Financial Instruments: Disclosures' and IFRS 9 'Financial Instruments' regarding the classification and measurement of financial instruments.	January 1, 2026
IFRS 18 'Presentation and Disclosure in Financial Statements'. (first time applicability)	January 1, 2027
Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates': Amendments regarding translations to a hyperinflationary presentation currency	January 1, 2027
Amendments to IFRS 10 'Consolidated Financial Statements' and IAS 28 'Investments in Associates and Joint Ventures': Sale or contribution of assets between an investor and its associate or joint venture.	Effective from accounting period beginning on or after a date to be determined. Earlier application is permitted.
Amendments to IFRS 17 'Insurance Contracts'. (first time applicability)	January 1, 2027
IFRS 19 'Subsidiaries without Public Accountability: Disclosures'. (first time applicability)	January 1, 2027

Certain amendments updating a reference to the Conceptual Framework and annual improvements have also been made to a number of standards, which have not been enumerated here for brevity.

Other than the aforesaid standards, interpretations and amendments, the International Accounting Standards Board (IASB) has also issued the following standards and interpretations which have not been notified locally or declared exempt by the Securities and Exchange Commission of Pakistan (SECP) as at June 30, 2026:

IFRS 1 - First Time Adoption of International Financial Reporting Standards

IFRS 20 – Regulatory Assets and Regulatory Liabilities (applicable for annual periods beginning on or after 1 January 2029).

IFRIC 12 – Service Concession Arrangements

3 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these unconsolidated financial statements are set out below. These have been consistently applied to all the years presented, unless otherwise stated.

3.1 Property, plant and equipment

3.1.1 Fixed Operating Assets

These are stated at cost less accumulated depreciation and impairment losses, if any except for leasehold land which are stated at revalued amount and buildings on leasehold land are stated at revalued amount less accumulated depreciation and impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss during the financial year in which they are incurred.

Ritish

Depreciation charge is based on the reducing balance method whereby the cost of an asset is written off to unconsolidated statement of profit or loss over its estimated useful life at the rates specified in the notes. Depreciation of an asset begins when it is available for use and ceases at the earlier of the date that the asset is classified as held for sale in accordance with IFRS 5 and the date that the asset is derecognized.

Assets' residual values and their useful lives are reviewed and adjusted for impairment at each reporting date, if significant and appropriate. An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Gain or loss on disposal of property, plant and equipment, if any, are recognized in profit or loss, as and when incurred.

Normal repair and maintenance is charged to unconsolidated statement of profit or loss as and when incurred. Major renewals and improvements, if any, are capitalized when it is probable that respective future economic benefits will flow to the Company.

3.1.2 Capital work in progress

These are stated at cost less impairment loss (if any) and represent expenditure incurred and advances made in respect of assets in the course of their acquisition, construction and installation. These are transferred to relevant category of assets as and when they are available for use.

3.1.3 Surplus on revaluation of fixed assets

The company revalue its leasehold land and buildings on leasehold land (revalued assets) on a regular basis to ensure that the carrying amount does not differ materially from fair value at the reporting date. The frequency of revaluations will depend on changes in market conditions that affect the value of the assets and as required by the IFRS.

Any revaluation increase in the carrying amount of revalued assets is recognized, net of tax, in other comprehensive income and presented as a separate component of equity as "surplus on revaluation of fixed assets", except to the extent that it reverses a revaluation decrease / deficit for the same asset previously recognized in the statement of profit or loss, in which case the increase is first recognized in the unconsolidated statement of profit or loss to the extent of the decrease previously charged.

Any decrease that reverses previous increase of the same asset are first recognized in other comprehensive income to the extent of the remaining surplus attributable to the asset, all other decrease are charged to the statement of profit or loss.

Each year, the difference between depreciation based on the revalued carrying amount of the assets charged to the statement of profit or loss and depreciation based on the asset's original cost, net of tax, is reclassified from revaluation surplus to retained earnings as incremental depreciation.

3.2 Impairment of non-financial assets

The Company assesses at each reporting date whether there is any indication that assets, other than deferred tax asset, may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in profit or loss. The recoverable amount is the higher of an asset's 'fair value less costs to sell' and 'value in use'.

When impairment loss is subsequently reversed, the carrying amount of the asset is increased to the revised recoverable amount but limited to the extent of the carrying amount that would have been determined (net of amortization or depreciation) had no impairment loss been recognized. Reversal of impairment loss is recognized as income.

R. H. Asm

3.3 Financial assets and liabilities

3.3.1 Initial Recognition

All financial assets and liabilities are initially measured at cost which is the fair value of the consideration given or received. These are subsequently measured at fair value or amortized cost as the case may be.

3.3.2 Classification of financial assets

The Company classifies its financial instruments in the following categories:

- at amortized cost.
- at fair value through other comprehensive income ("FVTOCI"), or
- at fair value through profit or loss ("FVTPL"),

The Company determines the classification of financial assets at initial recognition. The classification of instruments (other than equity instruments) is driven by the Company's business model for managing the financial assets and their contractual cash flow characteristics.

Financial assets at amortized cost

Financial assets that meet the following conditions are subsequently measured at amortized cost:

- a) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through OCI

Financial assets that meet the following conditions are subsequently measured at FVTOCI:

- a) the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

However, Company may make an irrevocable election at initial recognition for particular investments in equity instruments that would otherwise be measured at fair value through profit or loss to present subsequent changes in fair value in other comprehensive income provided that the investment is neither held for trading nor is a contingent consideration in a business combination.

Financial assets at fair value through P&L

A financial asset is measured at fair value through P&L unless it is measured at amortized cost or at fair value through OCI.

3.3.3 Financial liabilities

The Company classifies its financial liabilities in the following categories:

- at fair value through profit or loss ("FVTPL"), or
- at amortized cost.

Financial liabilities are measured at amortized cost, unless they are required to be measured at FVTPL (such as instruments held for trading or derivatives) or the Company has opted to measure them at FVTPL.

RH 2/25/20

3.3.4 Subsequent measurement

Financial assets at FVTOCI

Elected investments in equity instruments at FVTOCI are initially recognized at fair value plus transaction costs. Subsequently, they are measured at fair value, with gains or losses arising from changes in fair value recognized in OCI.

Financial assets and liabilities at amortized cost

Financial assets and liabilities at amortized cost are initially recognized at fair value plus or minus transaction costs, and subsequently carried at amortized cost, and in the case of financial assets, less any impairment.

Financial assets and liabilities at FVTPL

Financial assets and liabilities carried at FVTPL are initially recorded at fair value and transaction costs are expensed in the statement of profit or loss and other comprehensive income. Realized and unrealized gains and losses arising from changes in the fair value of the financial assets and liabilities held at FVTPL are included in the profit or loss in the period in which they arise. Where management has opted to recognize a financial liability at FVTPL, any changes associated with the Company's own credit risk will be recognized in other comprehensive income. Currently, there are no financial liabilities designated at FVTPL.

3.3.5 Impairment of financial assets at amortized cost

The Company recognizes a loss allowance for expected credit losses (ECLs) on financial assets that are measured at amortized cost. Loss allowances are measured on the basis of life time (ECLs) that result from all possible default events over the expected life of a financial instrument.

Lifetime ECL is only recognized if the credit risk at the reporting date has increased significantly relative to the credit risk at initial recognition. Credit risk on a financial asset is assumed to be increased significantly if it is more than past due for a reasonable period of time decided by the management of the Company. Further, the Company considers information based on Company's historical experience and the impact of forward looking information that is available without undue cost. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity and the cash flows that the Company expects to receive).

Financial assets that are subject to ECL model includes long term receivable, deposits and trade and other receivables.

The Company recognizes an impairment gain or loss in the unconsolidated statement of profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

3.3.6 Derecognition

Financial assets

The Company derecognizes financial assets only when the contractual rights to cash flows from the financial assets expire or when it transfers the financial assets and substantially all the associated risks and rewards of ownership to another entity.

On derecognition of a financial asset measured at amortized cost, the difference between the asset's carrying value and the sum of the consideration received and receivable is recognized in profit or loss.

In addition, on derecognition of an investment in a debt instrument classified as at FVTOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve is reclassified to profit or loss.

RAZAM

In contrast, on derecognition of an investment in equity instrument which the Company has elected on initial recognition to measure at FVTOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve is not reclassified to profit or loss, but is transferred to revenue reserve.

Financial liabilities

The Company derecognizes financial liabilities only when its obligations under the financial liabilities are discharged, cancelled or expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognized in the consolidated statement of profit or loss and consolidated other comprehensive income.

3.3.7 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated financial statements only when there is a legally enforceable right to set off the recognized amount and the Company intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously.

3.4 Long term investment

Investment in subsidiary is recognized initially at cost. The cost comprises the purchase consideration paid to acquire the investment. Subsequent to initial recognition, investment in subsidiary is carried at cost less accumulated impairment losses, if any. At each reporting date, the Company assesses the investment for impairment and recognizes any resulting impairment loss in the consolidated statement of profit or loss.

3.5 Deposits, advances and prepayments

Advances and prepayments are stated at cost less provision for doubtful balances, if any. Deposits are initially stated at fair value and subsequently measured at amortized cost after deducting allowance for uncollectable amount, if any. Deposits, advances and prepayments considered irrecoverable are written off.

3.6 Trade debts and other receivables

Trade debts and other receivables are recognized initially at fair value and subsequently measured at amortized cost after deducting allowance for uncollectable amounts, if any.

The Company applies the IFRS 9 simplified approach to measure the expected credit losses (ECL) which uses a lifetime expected loss allowance for trade and other receivables. The Company has established a provision matrix that is based on the Company's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. Trade debts and other receivables considered irrecoverable are written off.

3.7 Cash and cash equivalents

It comprises of cash in hand and cash at bank which are carried at amortized cost. For the purpose of consolidated cash flow statements, cash and cash equivalent include cash in hand and cash at bank.

3.8 Taxation

a) Current

Provision for current taxation is computed in accordance with the provisions of the Income Tax Ordinance, 2001.

RH-ASH

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and adjustment, if any, to tax payable in respect of previous years.

b) *Deferred*

Deferred tax is recognized using the balance sheet liability method for all temporary differences at the reporting date between tax base of assets and liabilities and their carrying amounts for financial reporting purposes. The amount of deferred tax provided is based on the expected manner of realization or the settlement of the carrying amounts of assets and liabilities, using the tax rates enacted or substantively enacted at the reporting date.

Deferred tax asset is recognized for all deductible temporary differences and carry forward of unused tax losses, if any, to the extent that it is probable that taxable profit for the foreseeable future will be available against which such assets can be utilized.

c) *Levy*

The tax charged under Income Tax Ordinance, 2001 which is not based on taxable income or any amount paid / payable in excess of the calculation based on taxable income is classified as levy in the unconsolidated statement of profit or loss and unconsolidated other comprehensive income as these levies fall under the scope of IFRIC 21.

3.9 *Staff retirement benefits - defined contribution plan*

The Company operates an unfunded gratuity scheme for all those permanent employees who have completed minimum qualifying period of service as defined under the respective scheme. Provision is made to cover the obligation under scheme on the basis of actuarial valuation and is charged to unconsolidated statement of profit or loss and unconsolidated statement of comprehensive income.

The most recent Actuarial Valuation was carried out at June 30, 2026 using "Projected Unit Credit Method". The amount recognized in the unconsolidated statement of financial position represents the present value of defined benefit obligation as adjusted for unrecognized actuarial gains and losses.

3.10 *Trade and other payables*

Liabilities for trade and other amounts payable including accrued liabilities are carried at cost which is the fair value of the consideration to be paid in future for goods and services received.

3.11 *Provisions*

Provisions are recognized when the Company has a present (legal or constructive) obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

3.12 *Contract liabilities*

A contract liability is the obligation of the Company to provide warehousing services to customers for which the Company has received consideration from the customer. If a customer pays consideration before the Company provides the warehousing services to the customer, a contract liability is recognized when the payment is made. Contract liabilities are recognized as revenue when the Company performs under the contract.

R H ZASH

3.13 Revenue recognition

Revenue is recognized in accordance with the requirements of IFRS 15 "Revenue from Contracts with Customers." Revenue represents the fair value of consideration received or receivable for services rendered in the ordinary course of business, net of sales tax and other applicable levies.

The Company provide warehousing services to various customers under contractual arrangements. Each contract with a customer is assessed to identify the distinct performance obligations. The Company's primary performance obligation is to provide warehousing space and related services for a specified period usually on monthly basis.

Revenue is recognized at a point in time when the performance obligation is satisfied, which occurs upon the completion of the contracted warehousing service and when control of the service is transferred to the customer - that is, when the customer has obtained substantially all of the benefits from the service and the Company has no further obligations under the contract.

The transaction price is determined based on the amount of consideration specified in the contract with the customer and reflects the Company's entitlement for the services provided. The transaction price does not include any variable consideration, significant financing component, non-cash consideration, or consideration payable to customers.

Revenue is measured at the amount of consideration the Company expects to receive in exchange for the services rendered.

3.14 Other income

- Unrealized gains / (losses) arising on revaluation of securities classified as financial assets at fair value through profit or loss are included in profit or loss in the period in which they arise.
- Dividend income is recognized in the unconsolidated statement of profit or loss on the date on which the Company's right to receive the dividend is established.
- Gains / (Loss) arising on disposal of fixed assets and investments are included in income currently and are recognized on the date when the transaction takes place.
- Gain on disposal of financial assets is recognized when control of the financial asset is transferred and the gain can be measured reliably.
- Net metering benefits are recognized when the Company's right to receive the related credit or benefit is established in accordance with the applicable net metering arrangement.

3.15 Finance Cost

Finance costs comprise markup on borrowing, unwinding of lease liabilities and bank charges. Mark up payable on delayed payment is recognized on accrual basis. Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognized in profit or loss using effective interest method.

3.16 Dividends and appropriation to reserve

Dividend and appropriation to reserve are recognized in the unconsolidated financial statements in which these are approved. Transfer between reserves made subsequent to the unconsolidated statement of financial position date is considered as a non-adjusting event and is recognized in the unconsolidated financial statements in the period in which such transfers are made.

RH 21/5/20

3.17 Share Capital

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

3.18 Earnings per share

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

3.19 Unclaimed dividend

The Company recognizes unclaimed dividend which was declared and remained unclaimed by the shareholder from the date it was due and payable.

3.20 Contingencies

Contingencies are disclosed when the Company has a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

4 DETAILS OF RELATED PARTIES

		<u>64,592,375</u>	<u>39,836,354</u>

9.1.3.1 The Company has entered into an Investment Advisory and Portfolio Management Agreement with UBL Fund Managers Limited (UBLFM) in November 2024 for managing its Separately Managed Account (SMA) on a discretionary basis. Under the agreement, UBLFM is entitled to charge a management fee of 1.0% p.a. on daily net assets of the discretionary equity SMA, with no separate management fee on investments in mutual funds.

A performance fee of 10% is chargeable on the excess return over the applicable hurdle rate, calculated on the basis of Net Asset Value (NAV) performance and average net assets. Brokerage, custodian charges, taxes, duties, levies and other applicable portfolio-related expenses are borne by the Company.

UBLFM provides monthly portfolio reports and annual performance review reports covering portfolio composition, performance, transactions and fees charged. The portfolio remains subject to market and other investment risks and returns are not guaranteed.

As at June 30, 2026, the cost of the Company's investment amounted to Rs. 34.75 million (2025: Rs. 23.30 million). The investment is classified as fair value through profit or loss.

9.1.3.2 The Company entered into a Portfolio Management Services Agreement with Alfalah Asset Management Limited (AAML) in February 2026. Under the agreement, AAML manages the Company's Separately Managed Account (SMA) on a discretionary basis in accordance with the agreed Investment Policy Statement. The SMA has a maximum investment limit of PKR 50 million, with an investment mandate of 100% in listed equity securities and the KSE-100 Index as the benchmark. The portfolio is classified as a high-risk portfolio with the objective of generating stable income and achieving long-term capital appreciation.

The portfolio is subject to market, credit, liquidity, equity, price and other risks inherent in investments in securities. AAML does not guarantee protection of the principal investment or any specific return on the portfolio. The agreement provides for quarterly performance review meetings. The Company is responsible for the risks and costs associated with investments made under the discretionary portfolio management arrangement.

AAML charges a management fee of 0.75% per annum of the net assets under management and a performance fee of 10% of the outperformance over the KSE-100 Index benchmark. In addition, a SECP fee of 0.025% per annum of average net assets is charged directly by the regulator. The fee structure is subject to applicable taxes and levies.

As at June 30, 2026, the cost of the Company's investment amounted to Rs. 10 million (2025: Nil). The investment is classified as fair value through profit or loss

28 CONTINGENCIES AND COMMITMENTS

28.1 Contingencies

The Assistant Commissioner, Sindh Revenue Board ("SRB"), passed Order-in-Original No. 2288 of 2025 dated January 10, 2025, arising from proceedings initiated vide SRB Letter Ref. No. SRB-COM-III/A-8/WH/2023-24/35769, whereby a liability of Rs. 20.838 million was created primarily in respect of input sales tax claimed by the Company, which was considered inadmissible by the SRB.

The Company has challenged the aforesaid Order-in-Original before the Commissioner (Appeals), Sindh Revenue Board, Karachi, and the appeal is presently pending adjudication. Accordingly, the liability remains disputed and is subject to the outcome of the appellate proceedings.

Based on the information presently available and the advice of the Company's tax consultant, the Company considers the matter to be a contingent liability and no provision has been recognised in these unconsolidated financial statements in respect thereof.

- 28.2 The Company has received a Show Cause Notice from the Sindh Revenue Board ("SRB") dated April 30, 2025, vide Letter No. SRB-COMM-V/AC-08/WH/2022-24/578216, in respect of an alleged short declaration of taxable services for the period from 2022 to 2024. The amount of Rs. 16.472 million has been alleged as chargeable/payable in respect of the said proceedings.

The matter is presently pending adjudication and no final order creating an enforceable demand has been passed by the SRB. Based on the information and records available, the Company's tax consultant has advised that the taxable services have been incorporated in the Company's records and returns and the corresponding tax liability has been discharged. The alleged short declaration is therefore being contested by the Company on factual and legal grounds, subject to verification and determination by the competent SRB authority.

Based on the information presently available and the advice of the Company's tax consultant, the Company considers the matter to be a contingent liability and no provision has been recognised in these unconsolidated financial statements in respect thereof.

- 28.3 The Company is contesting proceedings in respect of Tax Year 2020 involving an addition of tax amounting to Rs. 119.265 million on account of capital gain on disposal of property and Rs 2.256 Million on account of disallowance of doubtful debts written off.

The Company challenged the said additions before the Appellate Tribunal Inland Revenue (ATIR), Karachi Bench-II. Vide order dated 23 February 2026 in ITA No. 377/KB/2023, the ATIR set aside the impugned orders to the extent of the aforesaid additions and remanded the matter to the concerned tax authority for fresh adjudication, with directions to consider the relevant documentary evidence and provide the Company an opportunity of being heard. Accordingly, the matter remains pending before the tax authorities and has not attained finality.

Based on the information currently available and the advice of the Company's legal advisor, management believes that the likelihood of an outflow of economic benefits in respect of the matter is not probable. Accordingly, no provision has been recognised in these unconsolidated financial statements

28.4 The Company has challenged an EOBI demand amounting to approximately Rs. 73.98 million relating to the period from October 2008 to November 2010. The Company filed a complaint before the EOBI Adjudicating Authority under Section 33 of the Employees' Old-Age Benefits Act, 1976. The matter is also pending before the Honourable High Court of Sindh in C.P. No. D-1009 of 2012. The EOBI Adjudicating Authority, vide order dated 30 August 2017, disposed of the complaint until the decision of the High Court. As the matter remains under adjudication and its ultimate outcome and any resulting financial obligation cannot presently be determined with reasonable certainty, no provision has been recognised in these unconsolidated financial statements.

Based on the information currently available and the advice of the Company's legal advisor, management believes that the likelihood of an outflow of economic benefits in respect of the matter is not probable. Accordingly, no provision has been recognised in these unconsolidated financial statements

28.5 The Bank of Punjab has filed Suit 62 of 12 before Honourable Banking Court NO. V, Karachi against the company for recovery of Rs. 42.35 million (Principal of Rs. 17.1 million alongwith Markup of Rs. 25.241 million) as outstanding dues against the leasing facilities provided by the bank. The company has filed an application for leave to defend on February 07, 2013. The company has also provided liabilities amounting to Rs. 18.77 million in respect of principal and Rs. 33.9 million as contractual markup till year end. The company had paid security deposit of Rs. 1.45 Million as recorded in long term deposits. The management believes that there wont be any outflow of economic benefit more than what it has already recorded and disclosed. Based on the opinion of the Company's legal advisors, management believes that the amount claimed by the Bank of Punjab is overstated and is not supported by the statement of account filed by the Bank before the learned Banking Court. Accordingly, management believes that no future outflow of economic benefits is expected beyond the amounts already recognised and disclosed in these unconsolidated financial statements.

28.6 The Company has filed a suit against levy of Infrastructure Fee amounted to Rs 1.61 Million based on the decision of the Honourable Sindh High Court dated 17 September 2008 in which the imposition of levy of infrastructure cess before 28 December 2006 has been declared as void and invalid. However, the Excise and Taxation Department has filed an appeal before the Honourable Supreme Court of Pakistan against the order of the Honourable Sindh High Court. During the current year, the Honourable Supreme Court of Pakistan has disposed off the appeal with a joint statement of the parties that during the pendency of the appeal, another law i.e. fifth version came into existence which was not the subject matter of in the appeal hence the case was referred back to High Court of Sindh with right to appeal to Supreme Court. On May 31, 2011, the High Court of Sindh has granted an interim relief on an application of petitioners on certain terms including discharge and return of bank guarantees / security furnished on consignment released up to December 27, 2006 and any bank guarantee / security furnished on consignment released after December 27, 2006 shall be encashed to extent of 50% of the guaranteed or secured amount only with balance kept intact till the disposal of petition. Based on the opinion of its legal advisor, management is confident that, even if the High Court upholds the applicability of the fifth version of the law and its retrospective application, the authorities will be entitled to claim only the amounts due under the said law, subject to the petitioners' right of appeal.

28.7 Commitment

The Company has issued a guarantee of Rs. 38 million in favor of JS bank Limited via letter of guarantee on behalf of Fazal Solar Energy (Private) Limited, a subsidiary of the Company, to secure the subsidiary's obligation relating to the completion of its power project.

		254,123,934	292,906,927

38.2 Financial risk management

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk, market risk (including currency risk, interest rate risk and price risk) and operational risk. The Company's overall risk management focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance. The Company consistently manages its exposure to financial risks without any material change from previous period in the manner described in the notes below.

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. All treasury related transactions are carried out within the parameters of these policies.

38.3 Credit risk

Credit risk is the risk that arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The Company attempts to control credit risk by monitoring credit exposures by undertaking transactions with a large number of counter parties in various industries and by continually assessing the credit worthiness of counter parties.

Exposure to credit risk

Credit risk of the Company arises principally out of trade debts, deposits and cash at banks. To reduce the exposure to credit risk, the Company has developed its own risk management policies and guidelines relating mainly to customer credit risk assessment. The management continuously monitors the credit exposure towards the clients and makes allowance for expected credit losses against those balances considered uncollectable.

Concentration of credit risk arises when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. The Company has decent number of customers, both corporate and individual, that are not engaged in similar business activities, therefore, concentration of credit risk is assumed to be limited.

The carrying amounts of financial assets represent the maximum credit exposure, as specified below:

	<i>Note</i>	<i>2026</i> <i>--- Rupees in '000'---</i>	<i>2025</i> <i>--- Rupees in '000'---</i>
Long term deposits	38.3.1	1,743,548	2,587,478
Long term investment	38.3.2	98,000	98,000
Loans to employees including current portion	38.3.3	3,891,375	3,424,610
Trade deposits and short term	38.3.4	48,917,110	25,110,816
Other receivables	38.3.5	839,769,172	762,442,177
Bank balances	38.3.6	6,165,379	6,221,031
		<u>900,584,584</u>	<u>799,884,112</u>

38.3.1 The Company believes that no impairment allowance is necessary in respect of long term deposit because these are receivable from utility companies and leasing company. The outstanding balances are not past due.

38.3.2 The Company considers that no impairment allowance is required in respect of its long-term investment in a subsidiary, as the investment is not considered to be impaired as at the reporting date.

38.3.3 The Company considers that no impairment allowance is required in respect of loans to employees, including the current portion, as these loans are secured against employees' gratuity and are recoverable through deductions from employees' salaries.

38.3.4 The Company considers that no impairment allowance is required in respect of trade deposits and short-term prepayments, as these balances are neither past due nor considered to be impaired as at the reporting date.

38.3.5 The Company considers that no impairment allowance is required in respect of other receivables, as these balances are receivable from associated companies and are expected to be recovered by October 31, 2026.

38.3.6 The credit risk on liquid funds is limited because the counter parties are banks with reasonably high credit ratings. The names and credit ratings of major banks, where the Company maintains bank balances are as follows:

<i>Name of Bank</i>	<i>Rating agency</i>	<i>Credit rating</i>	
		<i>Short-term</i>	<i>Long-term</i>
Bank Al Habib Limited	PACRA	A1+	AAA
Habib Metropolitan Bank Limited	PACRA	A1+	AAA
Habib Bank Limited	VIS	A1+	AAA
JS Bank Limited	PACRA	A1+	AA
Meezan Bank Limited	VIS	A1+	AAA
MCB Bank Limited	PACRA	A1+	AAA
Soneri Bank Limited	PACRA	A1+	AA
United Bank Limited	VIS	A1+	AAA

38.4 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. Prudent liquidity risk management implies maintaining sufficient cash, timely collection from trade debtors, the availability of adequate funds through committed credit facilities and the ability to close out and meet business needs due to dynamic nature of the business. The Company finances its operations through equity, working capital management, short term borrowings from Bank and loan from directors with a view to maintaining an appropriate mix between various sources of finance to minimize risk.

The following are the contractual maturities of financial liabilities: -

2026					
	Carrying amount	Contractual cash flows	On demand	3 to 12 months	More than twelve months
----- Rupees -----					
Financial Liabilities					
Long term financing - On demand	18,770,615	18,770,615	18,770,615	-	-
Long term deposits	17,800,100	17,800,100	-	-	17,800,100

Short term running finance	116,300,291	116,300,291	-	116,300,291	-
	254,123,934	254,123,934	19,010,204	217,313,630	17,800,100

2025					
	Carrying amount	Contractual cash flows	On demand	3 to 12 months	More than twelve months
----- Rupees -----					
Financial Liabilities					
Long term financing - On demand	18,770,615	18,770,615	18,770,615	-	-
Long term deposits	17,800,100	17,800,100	-	-	17,800,100
Loan from directors and others	18,185,001	18,185,001	-	18,185,001	-
Trade and other payables	44,365,550	44,365,550	-	44,365,550	-
Unclaimed dividends	239,589	239,589	239,589	-	-
Accrued mark-up	46,116,573	46,116,573	-	46,116,573	-
Book overdraft	4,141,348	4,141,348	-	4,141,348	-
Short term running finance	143,288,151	143,288,151	-	143,288,151	143,288,151
	292,906,927	292,906,927	19,010,204	256,096,623	161,088,251

38.5 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rates, interest rates and equity prices. The objective is to manage and control market risk exposures within acceptable parameters, while optimizing the return. Market risk comprises of three types of risk: currency risk, interest rate risk and price risk. The market risks associated with the Company's business activities are discussed as under:

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company does have significant interest bearing financial instruments including Other receivable from associated companies, long term financing, short term borrowings from directors and short term borrowing. At reporting date, interest rate profile of the Company's interest bearing financial liabilities is:

	2026 Effective interest rate	2026 Carrying amount ---- (Rupees) ----	2025
Variable rate instruments			
Financial Assets			
- Other receivables from Associate Companies	14.22%	839,769,172	762,442,177
Financial liabilities			
- Loan from directors and others	15%	9,823,772	18,185,001
- Long term financing	13.5 - 14 %	18,770,615	18,770,615
- Short term borrowing	13.2% - 13-8%	116,300,291	143,288,151
		144,894,678	180,243,767
Net variable rate instruments		694,874,494	582,198,410

Cash flow sensitivity analysis for variable rate instruments

This analysis assumes that all other variables, in particular foreign currency rates, remain constant. A change of 100 basis points in interest rates at reporting date would have increased / (decreased) equity and profit or loss as follows:

	Increase / (Decrease) in basis points ---- (Rupees) ----	(Decrease) / Increase in profit before tax ---- (Rupees) ----
June 30, 2026	+100	6,948,745
	-100	(6,948,745)
June 30, 2025	+100	5,821,984
	-100	(5,821,984)

The sensitivity analysis prepared is not necessarily indicative of the effects on profit for the year and assets of the Company.

Price risk

Price risk is the risk that the fair value of future cash flows from a financial instrument will fluctuate due to changes in market prices (other than those arising from interest rate risk or currency risk), such as equity price risk. Equity price risk is the risk arising from uncertainties about future values of investments securities. At reporting date, the Company is exposed to price risk related to short term investments in listed equity securities and mutual funds.

Price risk sensitivity analysis

At reporting date, if the market price of securities and mutual fund held by the Company as long and short term investment had increased / decreased by Rupee 1 with all other variables remain constant, profit for the year would have been higher / lower by the amount shown below.

	Note	2026 ---- (Rupees) ----	2025 ---- (Rupees) ----
- Number of units / shares held under short term investments	9	<u>5,887,994</u>	<u>7,637,815</u>
		<i>Profit / loss</i>	
		<i>Increase</i>	<i>Decrease</i>
		---- (Rupees) ----	
As at June 30, 2026			
Effect on profit or loss		<u>5,887,994</u>	<u>(5,887,994)</u>
As at June 30, 2025			
Effect on profit or loss		<u>7,637,815</u>	<u>(7,637,815)</u>

The sensitivity analysis prepared is not necessarily indicative of the effects on profit for the year and assets of the Company.

38.6 Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with processes technology and infrastructure supporting the Company's operations either internally within the Company or externally at the Company's service providers, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of investment management behavior and is the risk arising from the Company's activities.

The Company's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its investment objective of generating returns for investors.

The primary responsibility for the development and implementation of controls over operational risk rests with the board of directors. The responsibility encompasses the controls in the following areas:

- i Requirements for appropriate segregation of duties between various functions, roles and responsibility;
- ii Requirements for the reconciliation and monitoring of transactions;
- iii Compliance with regulatory and other legal requirements;
- iv Documentation of control and procedures;
- v Requirements for the periodic assessment of operational risk faced, and the adequacy of controls and procedures to address the risk identified;
- vi Ethical and business standards;
- vii Risk mitigation, including insurance where this is effective.

38.7 Risk management policies

Risk management is carried out by the management under policies approved by the board of Directors. The board provides principles for overall risk management, as well as policies covering specific areas like credit risk, market price risk, interest rate risk and investing excessive liquidity.

38.8 Capital risk management

The Company's objective when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure the Company may adjust the amount of dividends paid to shareholders, issue new shares and take other measures commensurate with the circumstances.

Consistent with others in the industry, the Company monitors capital on the basis of its gearing ratio. This is calculated as net debt divided by total shareholders' equity plus net debt.

		2026	2025
		---- (Rupees) ----	
Long term financing - On Demand		18,771	18,771
Loan from director and sponsor		9,824	18,185
Accrued mark-up		53,452	46,117
Short term running finance		116,300	143,288
		198,347	226,360
Less: Cash and bank balances		(6,198)	(6,286)
Net debt	A	192,149	220,074
Total capital and reserves	B	3,061,598	2,507,727
Total capital including net debt	C = A+B	3,253,747	2,727,801
Gearing ratio	(D = A/C)	6%	8%

38.9 Fair Value of Financial Instruments

The carrying values of the financial assets and financial liabilities approximate their fair values. Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties at arm's length transaction.

Fair value hierarchy

In accordance with the requirements of IFRS 13 Fair value measurement, the Company classifies its property and investments in terms of the following fair value hierarchy:

- Level 1:** Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2:** Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3:** Inputs for the asset or liability that are not based on observable market data (unobservable).

Details of the Company's long term investment and free hold land in terms of fair value hierarchy, explained above, at reporting date is as follows:

		2026		
		Level 1	Level 2	Level 3
		----- (Rupees) -----		
		Note		
Assets measured at fair value				
Short term Investments - Equity Instruments	9.1 & 9.2	1,275,582,093	-	-
Short term Investments - Mutual Funds	9.1 & 9.2	-	87,852,169	-
Lease hold land	5.1	-	865,000,000	-
Buildings on leasehold land	5.1	-	213,800,818	-

		2025		
		Level 1	Level 2	Level 3
		----- (Rupees) -----		
<i>Assets measured at fair value</i>				
Short term Investments - Equity Instruments	9.1 & 9.2	918,189,575	-	-
Short term Investments - Mutual Funds	9.1 & 9.2	-	41,370,013	-
Lease hold land	5.1	-	865,000,000	-
Buildings on leasehold land	5.1	-	225,089,183	-

39 REMUNERATION TO CHIEF EXECUTIVE OFFICER, DIRECTORS

The aggregate amount charged in the unconsolidated financial statements for remuneration, including certain benefits, to the Chief Executive, Directors and Executive of the Company are as follows: -

	Chief Executive		Directors		Executive	
	2026	2025	2026	2025	2026	2025
----- (Rupees in 000) -----						
Managerial remuneration	1,440	1,440	-	-	2,617	2,423
Other Allowances	-	2,624	-	-	-	-
Meeting fee	-	-	252	-	-	-

44 DATE OF AUTHORIZATION FOR ISSUE

These unconsolidated financial statements were authorized for issue by the Board of Directors on

07-06-26

Chief Executive Officer

RECEIVED

Chief Financial Officer

Director

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
ALI ASGHAR TEXTILE MILLS LIMITED
REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS**

Qualified Opinion

We have audited the annexed Consolidated financial statements of Ali Asghar Textile Mills Limited and its subsidiary (the Group), which comprise the consolidated statement of financial position as at June 30, 2026, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity, the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion, except for the possible effects of the matter discussed in *Basis for Qualified Opinion* section, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at June 30, 2026, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Qualified Opinion

As part of our audit, we requested direct confirmation from The Bank of Punjab of the outstanding balances of long-term financing and accrued markup, as disclosed in Notes 17.1 and 23 to the accompanying consolidated financial statements, amounting to Rs. 18.770 million and Rs. 33.903 million, respectively, as at June 30, 2026. However, as at the date of this report, we had not received the requested confirmation from the bank. We performed alternative audit procedures; however, we were unable to obtain sufficient appropriate audit evidence regarding the existence, accuracy and completeness of these balances.

Consequently, we were unable to determine whether any adjustments to the carrying amounts of long-term financing and accrued markup, and the corresponding effects on the related elements of the consolidated financial statements, were necessary.

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of the consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Emphasis of Matters

We draw attention to Notes 28.1 to 28.6 to the annexed consolidated financial statements, which describe the contingent liabilities and contingent assets arising from various ongoing litigations, including matters pending before the relevant tax authorities and appellate forums. The ultimate outcome of these matters is presently uncertain and cannot be determined with sufficient certainty. Accordingly, no adjustments have been made to the consolidated financial statements in respect of these matters. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matters described in the "Basis for Qualified Opinion" section of our report, we have determined the matters described below to be the key audit matters to be communicated in our report:

S. No.	Key audit matters	How the matter was addressed in our audit
1.	Revenue From Contract with customers and Other Income: (Refer notes 3.13, 3.14, 29 and 34 to the accompanying consolidated financial statements). We identified revenue from contract with customers amounting to Rs. 111.56 million and other income amounting to Rs. 247.607 million as a key audit matter because of the significance of these amounts to the consolidated financial statements and the nature and diversity of the underlying transactions. Other income principally comprises realized gains on investments, remeasurement gains on investments carried at fair value through profit or loss (FVTPL), dividend income, interest income on other receivables and relief on electricity consumption arising from net metering arrangements.	Our audit procedures to address the matter, amongst others, includes the following: • Obtained an understanding of the revenue recognition process and evaluated the relevant controls over revenue recognition. • Selected a sample of customer contracts and assessed the contractual terms, performance obligations and basis of revenue recognition. • Tested revenue transactions on a sample basis to supporting documentation, including customer contracts, invoices and service /warehouse records. • Performed cut-off testing around the reporting date to assess whether revenue was recognized in the appropriate accounting period • Performed substantive analytical procedures over revenue and investigated significant or unusual movements. • We obtained a breakdown of other income and agreed the individual components to the underlying accounting records and the general ledger. • For realized gains on investments, we examined supporting documentation for purchases and disposals of investments and agreed the proceeds and carrying amounts to relevant investment records and bank statements.

RH 24/12/20

S. No.	Key audit matters	How the matter was addressed in our audit
	The recognition and measurement of these income streams involved different accounting requirements and, in certain areas, management judgment, particularly in determining the appropriate timing and amount of revenue and income recognized. Given the magnitude of these amounts and the variety of underlying transactions, we considered this area to be of significant auditor attention in the audit.	• For remeasurement gains on investments carried at FVTPL, we assessed the appropriateness of the classification and measurement of the investments under IFRS 9 and evaluated the valuation methodology and key inputs used in determining fair values. Where applicable, we agreed quoted investments to independent market prices. • For dividend income, we tested selected transactions to supporting documentation, including dividend advice, and agreed the receipt of dividends to bank statements, where applicable. • For interest income on other receivables, we evaluated the underlying agreements and terms, recalculated interest income on a sample basis and agreed relevant receipts to bank statements, where applicable. • For relief on electricity consumption arising from net metering arrangements, we examined the underlying electricity bills, meter readings and relevant documentation supporting the amount recognized and assessed the accounting treatment adopted by management. • We also assessed the presentation and disclosure of revenue and other income in the consolidated financial statements against the requirements of the applicable financial reporting framework.

2. Short Term Investment

Refer notes 8.1 to 8.2 to the consolidated financial statements, the group holds short-term investments comprising listed equity securities, units in collective investment schemes, and separately managed account arrangements, classified as fair value through profit or loss ("FVTPL") and fair value through other comprehensive income ("FVTOCI"), aggregating to Rs. 1,363 million (2025: Rs. 959.56 million) as at the reporting date.

Our audit procedures amongst others included the following:

- Obtaining an understanding of management's process for classifying and measuring investments, and testing the design and operating effectiveness of relevant controls over purchases, disposals, and fair value recognition;
- Independently verifying the classification of investments in collective investment schemes and separately managed accounts by reference to the contractual terms of the underlying instruments and the requirements of IFRS 9, including the exclusion of such instruments from the equity instrument FVOCI election where they are determined to be puttable in nature;

R H ASU

S. No.	Key audit matters	How the matter was addressed in our audit
	We have identified the valuation of investments as a key audit matter because of their significance to the consolidated financial statements, the volume and complexity of transactions during the year, and the degree of judgment involved in classification between FVTPL and FVTOCI, and in the computation of realized and unrealized gains on a lot-by-lot basis.	• Obtaining fund manager statements and independently verifying units held and net asset values for investments in mutual funds, and agreeing closing market prices for listed equity securities to quotations published by the Pakistan Stock Exchange as at the year-end. • On a sample basis, vouching additions and disposals of investments during the year to broker contract notes, CDC account statements, and bank statements. • Recomputing, for a sample of securities selected on the basis of transaction volume and value, the realized and unrealized gain/(loss) for the year on a first-in-first-out basis, including testing of lot-matching sequences which were correctly computed and classified. • For investments designated at FVTOCI, testing the reconciliation of the opening and closing fair value reserve, including agreeing the current year's fair value gain and the transfer of the cumulative reserve relating to disposed investments to retained earnings, to the underlying computations, and confirming that no amount had been recycled through profit or loss. • Assessing the adequacy of the related disclosures in the consolidated financial statements against the requirements of applicable reporting framework.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

R H - All

Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

214 2452

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other matters

The consolidated financial statements of the Group for the year ended June 30, 2025 were audited by another firm of Chartered Accountants, who through their report dated October 09, 2025 expressed Qualified opinion.

The engagement partner on the audit resulting in this independent auditor's report is **Mohammad Iqbal**.

ALI ASGHAR TEXTILE MILLS LIMITED
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2026

1 NATURE AND STATUS OF BUSINESS

The group companies comprise of Ali Asghar Textile Mills Limited and its subsidiary company i.e. Fazal Solar Energy (Pvt.) Ltd that have been consolidated in these consolidated financial statements.

1.1 Holding Company

The Ali Asghar Textile Mills Limited (the Company) was incorporated in Pakistan on February 9, 1967 as a public limited company under the Companies Act, 1913(Now Companies Act 2017). The principal line of business is to provide the services of logistics, warehouse, construction, rental and allied business and is currently listed on Pakistan Stock Exchange Limited. The business premises and Registered office of the company is located at Plot 6, Sector 25, Korangi Industrial Area, Karachi, Sindh

The company has ceased its textile business since financial year 2012 and the management has developed business diversification strategy to enter into "Logistic Business" for which necessary approval from shareholders and the regulator for change in "object clause" is obtained during the year ended June 30, 2011.

1.2 Subsidiary Company

Fazal Solar Energy (Pvt) Ltd (the Company) was incorporated in Pakistan under the repealed Companies Ordinance, 1984 (Repealed with the enactment of the Companies Act, 2017 on May 30, 2017) on March 03, 2016 as a private limited company having its registered office in plot # 6, 3rd floor, Ellahi Tower, Sector 25 Korangi Industrial area Karachi in the province of Sindh. The company is engaged in the business of power generation, as independent power producer of thermal, hydel, nuclear, solar, wind, steam, and/or any other alternative/renewable energy sources and bio-energy.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for financial reporting. The accounting and reporting standards as applicable in Pakistan comprise of International Financial Reporting Standards (IFRSs), issued by International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 (the Act) and, provisions of and directives issued under the Act. Where the provisions of and directives issued under the Act differ from the IFRS standards, the provisions of and directives issued under the Act have been followed.

2.2 Basis of measurement

These consolidated financial statements have been prepared under the historical cost convention except otherwise stated. Further, accrual basis of accounting is followed in the preparation of these financial statements except for cash flow information.

2.3 Going concern Assessment

These unconsolidated financial statements have been prepared on a going concern basis. The Board has assessed the company's ability to continue as a going concern and concluded no material uncertainties exist that cast significant doubt over this assessment.

2.4 Functional and presentation currency

These consolidated financial statements are presented in Pakistan Rupees, which is also the Group's functional currency.

2.5 Basis of consolidation

These consolidated financial statements include the financial statements of the Holding Company and its Subsidiary Companies.

Subsidiary is the entity over which the Group has control. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Specifically, the Group controls an investee if, and only if, the Group has:

- power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee);
- exposure, or rights, to variable returns from its involvement with the investee; and
- the ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- the contractual arrangement(s) with the other vote holders of the investee;
- rights arising from other contractual arrangements; and
- the Group's voting rights and potential voting rights.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

Subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date when such control ceases. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the profit or loss from the date the Group gains control until the date the Group ceases to control the subsidiary.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date, irrespective of the extent of any non-controlling interest. The excess of the cost of acquisition is recorded as goodwill. If the cost of acquisition is less than fair value of the net assets of the subsidiary acquired, the difference is recognized directly in the profit or loss.

After initial recognition, goodwill is measured at cost less accumulated impairment losses, if any. For the purposes of impairment testing, goodwill acquired in a business combination is, on the acquisition date, allocated to each of the Group's cash generating units that are expected to benefit from the combination. Goodwill is tested annually or whenever there is an indication of impairment exists. Impairment loss in respect of goodwill is recognized in profit or loss and is not reversed in future periods.

The assets, liabilities, income and expenses of subsidiary companies are consolidated on a line by line basis and the carrying value of investments held by the Holding Company is eliminated against the subsidiaries' shareholders' equity in the consolidated financial statements.

All intra-group balances, transactions and unrealized gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Where the ownership of a subsidiary is less than hundred percent and therefore, a non controlling interest (NCI) exists, the NCI is allocated its share of the total comprehensive income for the year, even if that results in a deficit balance.

A change in the ownership interest of subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over subsidiary, it derecognizes the assets (including goodwill) and liabilities of the subsidiary, carrying amount of any NCI, cumulative translation differences recognized in equity, and recognizes fair value of consideration received, any investment retained, surplus or deficit in the profit or loss, and reclassifies the Holding Company share of component previously recognized in other comprehensive income to profit or loss, or retained earnings, as appropriate.

The financial statements of the subsidiary company are prepared for the same reporting period as the Holding Company, using consistent accounting policies.

2.6 Transactions with non-controlling interest that do not result loss of control

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognized in a separate reserve within equity attributable to owners of the Company.

2.7 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards, as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The areas where assumptions and estimates are significant to the Group's financial statements or where judgment is exercised in application of accounting policies are as follows:

- a) Property, plant and equipment - note 3.1 & 5
- b) Valuation of short term investments - note 9 & 3.3
- c) Impairment of financial assets - note 3.2
- d) Accounting for retirement benefit obligation - note 3.9
- e) Revenue recognition - note 3.13 & 30
- f) Recognition of levies, current tax and deferred tax - note 3.8, 36 & 37
- g) Contingencies and commitments- note 3.2 & 29

2.8 Standards, interpretations and amendments to accounting and reporting standards as applicable in Pakistan which are effective in current period

The following standards, amendments to standards and interpretations are effective for the year ended June 30, 2026. However, except as disclosed otherwise, these standards, interpretations and amendments are either not relevant to the Group's operations or are not expected to have significant impact on the Group's financial statements other than certain additional disclosures:

	<i>Effective for period beginning on or after</i>
	July 1, 2025
IFRS S1 - General Requirements for Disclosure of Sustainability-related Financial Information (applicable to listed companies and unlisted Public Interest Companies) (first time applicability)	As per SECP SRO dated December 31, 2024, IFRS S1 and IFRS S2 are only applicable to listed companies and unlisted companies in phase manner and subject to monetary thresholds outlined in that SRO.
IFRS S2 Climate-related Disclosures (applicable to listed companies and unlisted Public Interest Companies) (first time applicability)	July 1, 2025 Same as mentioned above.

Certain amendments updating a reference to the Conceptual Framework and annual improvements have also been made to a number of standards, which have not been enumerated here for brevity.

2.9 Amendments to standards and IFRS interpretations that are not yet effective

The following standards, amendments to standards and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, interpretations and amendments are either not relevant to the Group's operations or are not expected to have significant impact on the Group's financial statements other than certain additional disclosures:

	<i>Effective from accounting period beginning on or after</i>
Amendments to IFRS 7 'Financial Instruments: Disclosures' and IFRS 9 'Financial Instruments' regarding the classification and measurement of financial instruments.	January 1, 2026
IFRS 18 'Presentation and Disclosure in Financial Statements'. (first time applicability)	January 1, 2027
Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates': Amendments regarding translations to a hyperinflationary presentation currency	January 1, 2027
Amendments to IFRS 10 'Consolidated Financial Statements' and IAS 28 'Investments in Associates and Joint Ventures': Sale or contribution of assets between an investor and its associate or joint venture.	Effective from accounting period beginning on or after a date to be determined. Earlier application is permitted.
Amendments to IFRS 17 'Insurance Contracts'. (first time applicability)	January 1, 2027
IFRS 19 'Subsidiaries without Public Accountability: Disclosures'. (first time applicability)	January 1, 2027

Certain amendments updating a reference to the Conceptual Framework and annual improvements have also been made to a number of standards, which have not been enumerated here for brevity.

Other than the aforesaid standards, interpretations and amendments, the International Accounting Standards Board (IASB) has also issued the following standards and interpretations which have not been notified locally or declared exempt by the Securities and Exchange Commission of Pakistan (SECP) as at June 30, 2026:

IFRS 1 - First Time Adoption of International Financial Reporting Standards

IFRS 20 – Regulatory Assets and Regulatory Liabilities (applicable for annual periods beginning on or after 1 January 2029).

IFRIC 12 – Service Concession Arrangements

3 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these financial statements are set out below. These have been consistently applied to all the years presented, unless otherwise stated.

3.1 Property, plant and equipment

3.1.1 Fixed Operating Assets

These are stated at cost less accumulated depreciation and impairment losses, if any except for leasehold land which are stated at revalued amount and buildings on leasehold land are stated at revalued amount less accumulated depreciation and impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss during the financial year in which they are incurred.

Depreciation charge is based on the reducing balance method whereby the cost of an asset is written off to statement of profit or loss over its estimated useful life at the rates specified in the notes. Depreciation of an asset begins when it is available for use and ceases at the earlier of the date that the asset is classified as held for sale in accordance with IFRS 5 and the date that the asset is derecognised.

Assets' residual values and their useful lives are reviewed and adjusted for impairment at each reporting date, if significant and appropriate. An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Gain or loss on disposal of property, plant and equipment, if any, are recognized in profit or loss, as and when incurred.

Normal repair and maintenance is charged to statement of profit or loss as and when incurred. Major renewals and improvements, if any, are capitalized when it is probable that respective future economic benefits will flow to the Group.

3.1.2 Capital work in progress

These are stated at cost less impairment loss (if any) and represent expenditure incurred and advances made in respect of assets in the course of their acquisition, construction and installation. These are transferred to relevant category of assets as and when they are available for use.

3.1.3 Surplus on revaluation of fixed assets

The Group revalue its leasehold land and building on leasehold land (revalued assets) on a regular basis to ensure that the carrying amount does not differ materially from fair value at the reporting date. The frequency of revaluations will depend on changes in market conditions that affect the value of the assets and as required by the IFRSs.

Any revaluation increase in the carrying amount of revalued assets is recognized, net of tax, in other comprehensive income and presented as a separate component of equity as "surplus on revaluation of fixed assets", except to the extent that it reverses a revaluation decrease / deficit for the same asset previously recognized in the statement of profit or loss, in which case the increase is first recognized in the statement of profit or loss to the extent of the decrease previously charged.

Any decrease that reverses previous increase of the same asset are first recognized in other comprehensive income to the extent of the remaining surplus attributable to the asset, all other decrease are charged to the statement of profit or loss.

Each year, the difference between depreciation based on the revalued carrying amount of the assets charged to the statement of profit or loss and depreciation based on the asset's original cost, net of tax, is reclassified from revaluation surplus to retained earnings as incremental depreciation.

3.2 Impairment of non-financial assets

The Group assesses at each reporting date whether there is any indication that assets, other than deferred tax asset, may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in profit or loss. The recoverable amount is the higher of an asset's 'fair value less costs to sell' and 'value in use'.

When impairment loss is subsequently reversed, the carrying amount of the asset is increased to the revised recoverable amount but limited to the extent of the carrying amount that would have been determined (net of amortization or depreciation) had no impairment loss been recognized. Reversal of impairment loss is recognized as income.

3.3 Financial assets and liabilities

3.3.1 Initial Recognition

All financial assets and liabilities are initially measured at cost which is the fair value of the consideration given or received. These are subsequently measured at fair value or amortized cost as the case may be.

3.3.2 Classification of financial assets

The Group classifies its financial instruments in the following categories:

- at amortized cost.
- at fair value through other comprehensive income ("FVTOCI"), or
- at fair value through profit or loss ("FVTPL"),

The Group determines the classification of financial assets at initial recognition. The classification of instruments (other than equity instruments) is driven by the Group's business model for managing the financial assets and their contractual cash flow characteristics.

Financial assets at amortized cost

Financial assets that meet the following conditions are subsequently measured at amortized cost:

- a) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through OCI

Financial assets that meet the following conditions are subsequently measured at FVTOCI:

- a) the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

However, Group may make an irrevocable election at initial recognition for particular investments in equity instruments that would otherwise be measured at fair value through profit or loss to present subsequent changes in fair value in other comprehensive income provided that the investment is neither held for trading nor is a contingent consideration in a business combination.

Financial assets at fair value through P&L

A financial asset is measured at fair value through P&L unless it is measured at amortized cost or at fair value through OCI.

3.3.3 Financial liabilities

The Group classifies its financial liabilities in the following categories:

- at fair value through profit or loss ("FVTPL"), or
- at amortized cost.

Financial liabilities are measured at amortized cost, unless they are required to be measured at FVTPL (such as instruments held for trading or derivatives) or the Group has opted to measure them at FVTPL.

3.3.4 Subsequent measurement

Financial assets at FVTOCI

Elected investments in equity instruments at FVTOCI are initially recognized at fair value plus transaction costs. Subsequently, they are measured at fair value, with gains or losses arising from changes in fair value recognized in OCI.

Financial assets and liabilities at amortized cost

Financial assets and liabilities at amortized cost are initially recognized at fair value plus or minus transaction costs, and subsequently carried at amortized cost, and in the case of financial assets, less any impairment.

Financial assets and liabilities at FVTPL

Financial assets and liabilities carried at FVTPL are initially recorded at fair value and transaction costs are expensed in the statement of profit or loss and other comprehensive income. Realized and unrealized gains and losses arising from changes in the fair value of the financial assets and liabilities held at FVTPL are included in the profit or loss in the period in which they arise. Where management has opted to recognize a financial liability at FVTPL, any changes associated with the Group's own credit risk will be recognized in other comprehensive income. Currently, there are no financial liabilities designated at FVTPL.

3.3.5 Impairment of financial assets at amortized cost

The Group recognizes a loss allowance for expected credit losses (ECLs) on financial assets that are measured at amortized cost. Loss allowances are measured on the basis of life time (ECLs) that result from all possible default events over the expected life of a financial instrument.

Lifetime ECL is only recognized if the credit risk at the reporting date has increased significantly relative to the credit risk at initial recognition. Credit risk on a financial asset is assumed to be increased significantly if it is more than past due for a reasonable period of time decided by the management of the Group. Further, the Group considers information based on Group's historical experience and the impact of forward looking information that is available without undue cost. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity and the cash flows that the Group expects to receive).

Financial assets that are subject to ECL model includes long term receivable, deposits and trade and other receivables.

The Group recognizes an impairment gain or loss in the statement of profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

3.3.6 Derecognition

Financial assets

The Group derecognizes financial assets only when the contractual rights to cash flows from the financial assets expire or when it transfers the financial assets and substantially all the associated risks and rewards of ownership to another entity.

On derecognition of a financial asset measured at amortized cost, the difference between the asset's carrying value and the sum of the consideration received and receivable is recognized in profit or loss.

In addition, on derecognition of an investment in a debt instrument classified as at FVTOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve is reclassified to profit or loss.

In contrast, on derecognition of an investment in equity instrument which the Group has elected on initial recognition to measure at FVTOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve is not reclassified to profit or loss, but is transferred to revenue reserve.

Financial liabilities

The Group derecognizes financial liabilities only when its obligations under the financial liabilities are discharged, cancelled or expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognized in the statement of profit or loss and other comprehensive income.

3.3.7 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when there is a legally enforceable right to set off the recognized amount and the Group intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously.

3.4 Long term investment

Investment in subsidiary is recognized initially at cost. The cost comprises the purchase consideration paid to acquire the investment. Subsequent to initial recognition, investment in subsidiary is carried at cost less accumulated impairment losses, if any. At each reporting date, the Group assesses the investment for impairment and recognizes any resulting impairment loss in the statement of profit or loss.

3.5 Deposits, advances and prepayments

Advances and prepayments are stated at cost less provision for doubtful balances, if any. Deposits are initially stated at fair value and subsequently measured at amortized cost after deducting allowance for uncollectable amount, if any. Deposits, advances and prepayments considered irrecoverable are written off.

3.6 Trade debts and other receivables

Trade debts and other receivables are recognized initially at fair value and subsequently measured at amortized cost after deducting allowance for uncollectable amounts, if any.

The Group applies the IFRS 9 simplified approach to measure the expected credit losses (ECL) which uses a lifetime expected loss allowance for trade and other receivables. The Group has established a provision matrix that is based on the Group's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. Trade debts and other receivables considered irrecoverable are written off.

3.7 Cash and cash equivalents

It comprises of cash in hand and cash at bank which are carried at amortized cost. For the purpose of cash flow statements, cash and cash equivalent include cash in hand and cash at bank

3.8 Taxation

a) Current

Provision for current taxation is computed in accordance with the provisions of the Income Tax Ordinance, 2001.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and adjustment, if any, to tax payable in respect of previous years.

b) Deferred

Deferred tax is recognized using the balance sheet liability method for all temporary differences at the reporting date between tax base of assets and liabilities and their carrying amounts for financial reporting purposes. The amount of deferred tax provided is based on the expected manner of realization or the settlement of the carrying amounts of assets and liabilities, using the tax rates enacted or substantively enacted at the reporting date.

Deferred tax asset is recognized for all deductible temporary differences and carry forward of unused tax losses, if any, to the extent that it is probable that taxable profit for the foreseeable future will be available against which such assets can be utilized.

c) Levy

The tax charged under Income Tax Ordinance, 2001 which is not based on taxable income or any amount paid / payable in excess of the calculation based on taxable income is classified as levy in the statement of profit or loss and other comprehensive income as these levies fall under the scope of IFRIC 21.

3.9 Staff retirement benefits - defined contribution plan

The Group operates an unfunded gratuity scheme for all those permanent employees who have completed minimum qualifying period of service as defined under the respective scheme. Provision is made to cover the obligation under scheme on the basis of actuarial valuation and is charged to statement of profit or loss and statement of comprehensive income.

The most recent Actuarial Valuation was carried out at June 30, 2026 using "Projected Unit Credit Method". The amount recognized in the statement of financial position represents the present value of defined benefit obligation as adjusted for unrecognized actuarial gains and losses.

3.10 Trade and other payables

Liabilities for trade and other amounts payable including accrued liabilities are carried at cost which is the fair value of the consideration to be paid in future for goods and services received.

3.11 Provisions

Provisions are recognized when the Group has a present (legal or constructive) obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

3.12 Contract liabilities

A contract liability is the obligation of the Group to provide warehousing services to customers for which the Group has received consideration from the customer. If a customer pays consideration before the Group provides the warehousing services to the customer, a contract liability is recognized when the payment is made. Contract liabilities are recognized as revenue when the Group performs under the contract.

3.13 Revenue recognition

Revenue is recognized in accordance with the requirements of IFRS 15 "Revenue from Contracts with Customers." Revenue represents the fair value of consideration received or receivable for services rendered in the ordinary course of business, net of sales tax and other applicable levies.

The Group provide warehousing services to various customers under contractual arrangements. Each contract with a customer is assessed to identify the distinct performance obligations. The Group's primary performance obligation is to provide warehousing space and related services for a specified period usually on monthly basis.

Revenue is recognized at a point in time when the performance obligation is satisfied, which occurs upon the completion of the contracted warehousing service and when control of the service is transferred to the customer - that is, when the customer has obtained substantially all of the benefits from the service and the Group has no further obligations under the contract.

The transaction price is determined based on the amount of consideration specified in the contract with the customer and reflects the Group's entitlement for the services provided. The transaction price does not include any variable consideration, significant financing component, non-cash consideration, or consideration payable to customers.

Revenue is measured at the amount of consideration the Group expects to receive in exchange for the services rendered.

3.14 Other income

- Unrealized gains / (losses) arising on revaluation of securities classified as 'financial assets at fair value through profit or loss' are included in profit or loss in the period in which they arise.
- Dividend income is recognized in the statement of profit or loss on the date on which the Group's right to receive the dividend is established.
- Gains / (Loss) arising on disposal of fixed assets and investments are included in income currently and are recognized on the date when the transaction takes place.
- Gain on disposal of financial assets is recognized when control of the financial asset is transferred and the gain can be measured reliably.
- Net metering benefits are recognized when the Group's right to receive the related credit or benefit is established in accordance with the applicable net metering arrangement.

3.15 Finance Cost

Finance costs comprise markup on borrowing, unwinding of lease liabilities and bank charges. Mark up payable on delayed payment is recognised on accrual basis. Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognized in profit or loss using effective interest method.

3.16 Dividends and appropriation to reserve

Dividend and appropriation to reserve are recognized in the financial statements in which these are approved. Transfer between reserves made subsequent to the statement of financial position date is considered as a non-adjusting event and is recognized in the financial statements in the period in which such transfers are made.

3.17 Share Capital

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

3.18 Earnings per share

The Group presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

3.19 Unclaimed dividend

The Group recognises unclaimed dividend which was declared and remained unclaimed by the shareholder from the date it was due and payable.

3.20 Contingencies

Contingencies are disclosed when the Group has a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

4 DETAILS OF RELATED PARTIES

Following are the names of those related parties with whom the Group has made transactions during the current financial year.

<i>Name of related parties</i>	<i>% of holding</i>	<i>Basis of relationship</i>

8.1.3.1 The Company has entered into an Investment Advisory and Portfolio Management Agreement with UBL Fund Managers Limited (UBLFM) in November 2024 for managing its Separately Managed Account (SMA) on a discretionary basis. Under the agreement, UBLFM is entitled to charge a management fee of 1.0% p.a. on daily net assets of the discretionary equity SMA, with no separate management fee on investments in mutual funds.

A performance fee of 10% is chargeable on the excess return over the applicable hurdle rate, calculated on the basis of NAV performance and average net assets. Brokerage, custodian charges, taxes, duties, levies and other applicable portfolio-related expenses are borne by the Company.

UBLFM provides monthly portfolio reports and annual performance review reports covering portfolio composition, performance, transactions and fees charged. The portfolio remains subject to market and other investment risks and returns are not guaranteed.

As at June 30, 2026, the cost of the Company's investment amounted to Rs. 34.75 million (2025: Rs. 23.30 million). The investment is classified as fair value through profit or loss.

8.1.3.2 The Company entered into a Portfolio Management Services Agreement with Alfalah Asset Management Limited (AAML) in February 2026. Under the agreement, AAML manages the Company's Separately Managed Account (SMA) on a discretionary basis in accordance with the agreed Investment Policy Statement. The SMA has a maximum investment limit of PKR 50 million, with an investment mandate of 100% in listed equity securities and the KSE-100 Index as the benchmark. The portfolio is classified as a high-risk portfolio with the objective of generating stable income and achieving long-term capital appreciation.

The portfolio is subject to market, credit, liquidity, equity, price and other risks inherent in investments in securities. AAML does not guarantee protection of the principal investment or any specific return on the portfolio. The agreement provides for quarterly performance review meetings. The Company is responsible for the risks and costs associated with investments made under the discretionary portfolio management arrangement.

AAML charges a management fee of 0.75% per annum of the net assets under management and a performance fee of 10% of the outperformance over the KSE-100 Index benchmark. In addition, a SECP fee of 0.025% per annum of average net assets is charged directly by the regulator. The fee structure is subject to applicable taxes and levies.

As at June 30, 2026, the cost of the Company's investment amounted to Rs. 10 million (2025: Nil). The investment is classified as fair value through profit or loss.

28 CONTINGENCIES AND COMMITMENTS

28.1 Contingencies

The Assistant Commissioner, Sindh Revenue Board ("SRB"), passed Order-in-Original No. 2288 of 2025 dated January 10, 2025, arising from proceedings initiated vide SRB Letter Ref. No. SRB-COM-III/A-8/WH/2023-24/35769, whereby a liability of Rs. 20.838 million was created primarily in respect of input sales tax claimed by the Company, which was considered inadmissible by the SRB.

The Company has challenged the aforesaid Order-in-Original before the Commissioner (Appeals), Sindh Revenue Board, Karachi, and the appeal is presently pending adjudication. Accordingly, the liability remains disputed and is subject to the outcome of the appellate proceedings.

Based on the information presently available and the advice of the Company's tax consultant, the Company considers the matter to be a contingent liability and no provision has been recognised in these financial statements in respect thereof.

- 28.2 The Company has received a Show Cause Notice from the Sindh Revenue Board ("SRB") dated April 30, 2025, vide Letter No. SRB-COMM-V/AC-08/WH/2022-24/578216, in respect of an alleged short declaration of taxable services for the period from 2022 to 2024. The amount of Rs. 16.472 million has been alleged as chargeable/payable in respect of the said proceedings.

The matter is presently pending adjudication and no final order creating an enforceable demand has been passed by the SRB. Based on the information and records available, the Company's tax consultant has advised that the taxable services have been incorporated in the Company's records and returns and the corresponding tax liability has been discharged. The alleged short declaration is therefore being contested by the Company on factual and legal grounds, subject to verification and determination by the competent SRB authority.

Based on the information presently available and the advice of the Company's tax consultant, the Company considers the matter to be a contingent liability and no provision has been recognised in these financial statements in respect thereof.

- 28.3 The Company is contesting proceedings in respect of Tax Year 2020 involving an addition of Rs. 119.265 million on account of capital gain on disposal of property and disallowance of Rs. 21.362 million relating to doubtful debts written off.

The Company challenged the said additions before the Appellate Tribunal Inland Revenue (ATIR), Karachi Bench-II. Vide order dated 23 February 2026 in ITA No. 377/KB/2023, the ATIR set aside the impugned orders to the extent of the aforesaid additions and remanded the matter to the concerned tax authority for fresh adjudication, with directions to consider the relevant documentary evidence and provide the Company an opportunity of being heard. Accordingly, the matter remains pending before the tax authorities and has not attained finality.

Based on the information currently available and the advice of the Company's legal advisor, management believes that the likelihood of an outflow of economic benefits in respect of the matter is not probable. Accordingly, no provision has been recognised in these financial statements.

28.4 The Company has challenged an EOBI demand amounting to approximately Rs. 73.98 million relating to the period from October 2008 to November 2010. The Company filed a complaint before the EOBI Adjudicating Authority under Section 33 of the Employees' Old-Age Benefits Act, 1976. The matter is also pending before the Honourable High Court of Sindh in C.P. No. D-1009 of 2012. The EOBI Adjudicating Authority, vide order dated 30 August 2017, disposed of the complaint until the decision of the High Court. As the matter remains under adjudication and its ultimate outcome and any resulting financial obligation cannot presently be determined with reasonable certainty, no provision has been recognised in these financial statements.

Based on the information currently available and the advice of the Company's legal advisor, management believes that the likelihood of an outflow of economic benefits in respect of the matter is not probable. Accordingly, no provision has been recognised in these financial statements.

28.5 The Bank of Punjab has filed Suit 62 of 12 before Honourable Banking Court NO. V, Karachi against the company for recovery of Rs. 42.35 million (Principal of Rs. 17.1 million along with Markup of Rs. 25.241 million) as outstanding dues against the leasing facilities provided by the bank. The company has filed an application for leave to defend on February 07, 2013. The company has also provided liabilities amounting to Rs. 18.77 million in respect of principal and Rs. 33.9 million as contractual markup till year end. The company had paid security deposit of Rs. 1.45 Million as recorded in long term deposits. The management believes that there wont be any outflow of economic benefit more than what it has already recorded and disclosed. In the opinion of Legal advisors of the company, the aforementioned amount of Rs. 42.35 million is exaggerated and is not supported by the statement of account filed by the Bank of Punjab before the learned banking court.

28.6 The Company has filed a suit against levy of Infrastructure Fee amounted to Rs 1.61 Million based on the decision of the Honourable Sindh High Court dated 17 September 2008 in which the imposition of levy of infrastructure cess before 28 December 2006 has been declared as void and invalid. However, the Excise and Taxation Department has filed an appeal before the Honourable Supreme Court of Pakistan against the order of the Honourable Sindh High Court. During the current year, the Honourable Supreme Court of Pakistan has disposed off the appeal with a joint statement of the parties that during the pendency of the appeal, another law i.e. fifth version came into existence which was not the subject matter of in the appeal hence the case was referred back to High Court of Sindh with right to appeal to Supreme Court. On May 31, 2011, the High Court of Sindh has granted an interim relief on an application of petitioners on certain terms including discharge and return of bank guarantees / security furnished on consignment released up to December 27, 2006 and any bank guarantee / security furnished on consignment released after December 27, 2006 shall be encashed to extent of 50% of the guaranteed or secured amount only with balance kept intact till the disposal of petition. Based on the opinion of its legal advisor, management is confident that, even if the High Court upholds the applicability of the fifth version of the law and its retrospective application, the authorities will be entitled to claim only the amounts due under the said law, subject to the petitioners' right of appeal.

28.7 Commitment

The Company has issued a guarantee of Rs. 38 million in Favor of JS bank Limited via letter of guarantee on behalf of Fazal Solar Energy (Private) Limited, a subsidiary of the Company, to secure the subsidiary's obligation relating to the completion of its power project.

38.2 Financial risk management

The Group's activities expose it to a variety of financial risks: credit risk, liquidity risk, market risk (including currency risk, interest rate risk and price risk) and operational risk. The Group's overall risk management focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance. The Group consistently manages its exposure to financial risks without any material change from previous period in the manner described in the notes below.

The Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. All treasury related transactions are carried out within the parameters of these policies.

38.3 Credit risk

Credit risk is the risk that arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The Group attempts to control credit risk by monitoring credit exposures by undertaking transactions with a large number of counter parties in various industries and by continually assessing the credit worthiness of counter parties.

Exposure to credit risk

Credit risk of the Group arises principally out of trade debts, deposits and cash at banks. To reduce the exposure to credit risk, the Group has developed its own risk management policies and guidelines relating mainly to customer credit risk assessment. The management continuously monitors the credit exposure towards the clients and makes allowance for expected credit losses against those balances considered uncollectable.

Concentration of credit risk arises when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. The Company has decent number of customers, both corporate and individual, that are not engaged in similar business activities, therefore, concentration of credit risk is assumed to be limited.

The carrying amounts of financial assets represent the maximum credit exposure, as specified below:

	Note	2026 ---- Rupees in '000'----	2025
Long term deposits	38.3.1	1,743,548	2,587,478
Loans to employees including current portion	38.3.2	3,891,375	3,424,610
Trade deposits and short term	38.3.3	48,917,110	25,110,816
Other receivables	38.3.4	827,684,133	767,711,936
Bank balances	38.3.5	6,455,441	6,714,883
		<u>888,691,607</u>	<u>805,549,723</u>

- 38.3.1 The Group believes that no impairment allowance is necessary in respect of long term deposit because these are receivable from utility companies and leasing company. The outstanding balances are not past due.
- 38.3.2 The Group considers that no impairment allowance is required in respect of loans to employees, including the current portion, as these loans are secured against employees' gratuity and are recoverable through deductions from employees' salaries.
- 38.3.3 The Group considers that no impairment allowance is required in respect of trade deposits and short-term prepayments, as these balances are neither past due nor considered to be impaired as at the reporting date.
- 38.3.4 The Group considers that no impairment allowance is required in respect of other receivables, as these balances are receivable from associated companies and are expected to be recovered by October 31, 2026.
- 38.3.5 The credit risk on liquid funds is limited because the counter parties are banks with reasonably high credit ratings. The names and credit ratings of major banks, where the Group maintains bank balances are as follows:

Name of Bank	Rating agency	Credit rating	
		Short-term	Long-term
Bank Al Habib Limited	PACRA	A1+	AAA
Habib Metropolitan Bank Limited	PACRA	A1+	AAA
Habib Bank Limited	VIS	A1+	AAA
JS Bank Limited	PACRA	A1+	AA
Meezan Bank Limited	VIS	A1+	AAA
MCB Bank Limited	PACRA	A1+	AAA
Soneri Bank Limited	PACRA	A1+	AA
United Bank Limited	VIS	A1+	AAA

38.4 Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. Prudent liquidity risk management implies maintaining sufficient cash, timely collection from trade debtors, the availability of adequate funds through committed credit facilities and the ability to close out and meet business needs due to dynamic nature of the business. The Group finances its operations through equity, working capital management, short term borrowings from Bank and loan from directors with a view to maintaining an appropriate mix between various sources of finance to minimize risk.

The following are the contractual maturities of financial liabilities: -

	2026				
	Carrying amount	Contractual cash flows	On demand	3 to 12 months	More than twelve months
	----- Rupees -----				
Financial Liabilities					
Long term financing - On demand	50,957,908	50,957,908	18,770,615	6,630,779	25,556,514
Long term deposits	17,800,100	17,800,100	-	-	17,800,100

Unclaimed dividends	239,589	239,589	239,589	-	-
Accrued mark-up	46,116,573	46,116,573	-	46,116,573	-
Book overdraft	4,141,348	4,141,348	-	4,141,348	-
Short term running finance	143,288,151	143,288,151	-	143,288,151	143,288,151
	342,758,926	342,758,926	57,062,204	267,896,622	161,088,251

38.5 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rates, interest rates and equity prices. The objective is to manage and control market risk exposures within acceptable parameters, while optimizing the return. Market risk comprises of three types of risk: currency risk, interest rate risk and price risk. The market risks associated with the Group's business activities are discussed as under:

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Group does have significant interest bearing financial instruments including Other receivable from associated companies, long term financing, short term borrowings from directors and short term borrowing. At reporting date, interest rate profile of the Company's interest bearing financial liabilities is:

Note	2026 Effective interest rate	2026 Carrying amount ---- (Rupees) ----	2025
Variable rate instruments			
Financial Assets			
- Other receivables from Associate Companies	14.22%	827,684,133	767,711,936
Financial liabilities			
- Loan from directors and others	15%	9,823,772	18,185,001
- Long term financing	13.5 - 14 %	50,957,908	56,822,615
- Short term borrowing	13.2% - 13-8%	141,856,805	175,475,445
		202,638,485	250,483,061
Net variable rate instruments		625,045,648	517,228,875

Cash flow sensitivity analysis for variable rate instruments

This analysis assumes that all other variables, in particular foreign currency rates, remain constant. A change of 100 basis points in interest rates at reporting date would have increased / (decreased) equity and profit or loss as follows:

	Increase / (Decrease) in basis points	(Decrease) / Increase in profit before tax ---- (Rupees) ----
June 30, 2026	+100	6,250,456
	-100	(6,250,456)
June 30, 2025	+100	5,172,289
	-100	(5,172,289)

The sensitivity analysis prepared is not necessarily indicative of the effects on profit for the year and assets of the Group.

Price risk

Price risk is the risk that the fair value of future cash flows from a financial instrument will fluctuate due to changes in market prices (other than those arising from interest rate risk or currency risk), such as equity price risk. Equity price risk is the risk arising from uncertainties about future values of investments securities. At reporting date, the Group is exposed to price risk related to short term investments in listed equity securities and mutual funds.

Price risk sensitivity analysis

At reporting date, if the market price of securities and mutual fund held by the Group as long and short term investment had increased / decreased by Rupee 1 with all other variables remain constant, profit for the year would have been higher / lower by the amount shown below.

	Note	2026 ---- (Rupees) ----	2025 ---- (Rupees) ----
- Number of units / shares held under short term investments	8	<u>5,887,994</u>	<u>7,637,815</u>
Profit / loss			
		Increase	Decrease
		---- (Rupees) ----	---- (Rupees) ----
<i>As at June 30, 2026</i>			
Effect on profit or loss		<u>5,887,994</u>	<u>(5,887,994)</u>
<i>As at June 30, 2025</i>			
Effect on profit or loss		<u>7,637,815</u>	<u>(7,637,815)</u>

The sensitivity analysis prepared is not necessarily indicative of the effects on profit for the year and assets of the Company.

38.6 Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with processes technology and infrastructure supporting the Group's operations either internally within the Company or externally at the Group's service providers, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of investment management behaviour and is the risk arising from the Group's activities.

The Group's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its investment objective of generating returns for investors.

The primary responsibility for the development and implementation of controls over operational risk rests with the board of directors. The responsibility encompasses the controls in the following areas:

- i* Requirements for appropriate segregation of duties between various functions, roles and responsibility;
- ii* Requirements for the reconciliation and monitoring of transactions;
- iii* Compliance with regulatory and other legal requirements;
- iv* Documentation of control and procedures;
- v* Requirements for the periodic assessment of operational risk faced, and the adequacy of controls and procedures to address the risk identified;
- vi* Ethical and business standards;
- vii* Risk mitigation, including insurance where this is effective.

38.7 Risk management policies

Risk management is carried out by the management under policies approved by the board of Directors. The board provides principles for overall risk management, as well as policies covering specific areas like credit risk, market price risk, interest rate risk and investing excessive liquidity.

38.8 Capital risk management

The Group's objective when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure the Group may adjust the amount of dividends paid to shareholders, issue new shares and take other measures commensurate with the circumstances.

Consistent with others in the industry, the Group monitors capital on the basis of its gearing ratio. This is calculated as net debt divided by total shareholders' equity plus net debt.

	2026	2025
	---- (Rupees) ----	
Long term financing including Current portion	50,957,908	56,822,615
Loan from directors and sponsors	9,823,772	18,185,001
Accrued mark-up	53,452,172	46,116,573
Short term running finance	116,300,291	143,288,151
	230,534,143	264,412,340
Less: Cash and bank balances	(6,490,077)	(6,782,261)
Net debt	A 224,044,066	257,630,079
Total capital and reserves	B 3,075,397,381	2,516,423,491
Total capital including net debt	C = A+B 3,299,441,447	2,774,053,570
Gearing ratio	(D = A/C) 7%	9%

38.9 Fair Value of Financial Instruments

The carrying values of the financial assets and financial liabilities approximate their fair values. Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties at arm's length transaction.

Fair value hierarchy

In accordance with the requirements of IFRS 13 Fair value measurement, the Company classifies its property and investments in terms of the following fair value hierarchy:

- Level 1:** Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2:** Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3:** Inputs for the asset or liability that are not based on observable market data (unobservable).

Details of the Group's long term investment and free hold land in terms of fair value hierarchy, explained above, at reporting date is as follows:

		2026		
		Level 1	Level 2	Level 3
		----- (Rupees) -----		
<i>Assets measured at fair value</i>				
Short term Investments - Equity Instruments	8.1 & 8.2	1,275,582,093	-	-
Short term Investments - Mutual Funds	8.1 & 8.2	-	87,852,169	-
Lease hold land	5.1	-	865,000,000	-
Buildings on leasehold land	5.1	-	213,800,818	-

		2025		
		Level 1	Level 2	Level 3
		----- (Rupees) -----		
Assets measured at fair value				
Short term Investments - Equity Instruments	8.1 & 8.2	918,189,575	-	-
Short term Investments - Mutual Funds	8.1 & 8.2	-	41,370,013	-
Lease hold land	5.1	-	865,000,000	-
Buildings on leasehold land	5.1	-	225,089,183	-

39 REMUNERATION TO CHIEF EXECUTIVE OFFICER, DIRECTORS

The aggregate amount charged in the consolidated financial statements for remuneration, including certain benefits, to the Chief Executive, Directors and Executive of the Company are as follows: -

	Chief Executive		Directors		Executive	
	2026	2025	2026	2025	2026	2025
	----- Rupees -----					
Managerial remuneration	1,440,000	1,440,000	-	-	2,617,272	2,423,400
Other Allowances	-	2,623,510	-	-	-	-
Meeting fee	-	-	251,500	97,500	-	-
	1,440,000	4,063,510	251,500	97,500	2,617,272	2,423,400
Number of persons	1	1	6	6	2	2

40 TRANSACTIONS WITH RELATED PARTIES

Related parties comprise of key management personnel. Amounts due to related parties are disclosed in relevant notes to these financial statements. The details of transactions with related parties during the year, other than those disclosed elsewhere in these financial statements, are as follows:

Name of Related Party	2026	2025
	---- (Rupees) ----	
<i>Loan from directors</i>		
<i>Nadeem Ellahi - Chief Executive</i>		
Loan Received during the year	5,147,809	25,697,410
Loan Repaid during the year	8,242,516	38,113,832
<i>Naveed Ellahi - Sponsor</i>		
Loan Received during the year	248,350	18,951,638
Loan Repaid during the year	5,514,871	20,000,000
<i>Loan to Associated Undertaking</i>		
<i>Ellahi Capital (Pvt.) Limited</i>		
Loan Provided during the year	297,405,568	329,322,649
Loan repaid during	220,300,000	328,172,649
Interest Income for the year	54,638,764	150,268,244

41 SHARIAH COMPLIANCE ACTIVITIES AND BALANCES

As per the requirements of the fourth schedule to the Companies Act, 2017, Companies engaged in the Shariah permissible business activities as their core business activities shall disclose the following:

	2026	2025
	---- Rupees in '000'----	
Statement of Financial Position - Asset Side		
Shariah compliant bank balances	10,000	10,000
Statement of profit or loss		
Revenue earned from Shariah compliant business segment	111,568,459	69,087,639
Interest paid on conventional bank	23,948,433	19,887,281
Breakup of Other income		
- Shariah Compliant		
Dividend income earned from Shariah compliant investments	31,571,081	40,313,666
Gain on disposal of fixed assets - net	13,692	14,172
Gain earned on Shariah compliant investments	220,654,928	195,177,692
- Non Shariah Compliant		
Gain earned on Non Shariah compliant investments	274,343,698	178,314,428
Interest income earned on conventional loan to related party	54,638,764	66,395,595

During the year, the Group maintained banking relationship(s) with Meezan Bank. The related Current Account bank balances have been disclosed above.

The Group has not obtained any loans or advances through Islamic modes of financing with a Shariah-compliant banks during the year. Accordingly, no profit has been earned from Shariah-compliant bank deposits or bank balances, and no mark-up has been paid on Islamic modes of financing.

The Group has earned revenue from its Shariah-compliant business segment and gain/(loss) during the year. The Group has also paid interest in respect of conventional loans or advances, as disclosed above.

The Group has not earned any exchange gain during the year. Further, the Group has no relationship with Shariah-compliant banks in respect of the matters specified under the applicable disclosure requirements.

42 NUMBER OF EMPLOYEES

	2026	2025
Total number of employees at the end of the year	28	28
Average number of employees during the year	28	28

43 GENERAL

43.1 Comparative figures have been reclassified and rearranged, where ever considered necessary, for better presentation and disclosures. The major reclassification made during the year are as follow:

<i>Reclassification from the caption component</i>	<i>Reclassification to the caption component</i>	<i>Note</i>	<i>Amount -----Rupees-----</i>
<i>Capital work in progress</i>	<i>Property, plant and equipment</i>	5	2,202,025
